A4A's Request for Documents and Data Related to DOT's RFI

On November 8, 2016, we also received a request from A4A to provide any documents or data related to the RFI that would enable airlines and other stakeholders to provide meaningful and comprehensive responses. See DOT-OST-2016-0204-0003. On November 30, 2016, Delta provided a letter to the Department in support of A4A's request for the Department to provide additional documents and data related to the RFI. See DOT-OST-0204-0249.

A4A and Delta request the following:

1. Formal and informal complaints (such as correspondence or memoranda) by online travel agents (OTAs) and metasearch sites (MSSs) regarding airline distribution practices for the period 2011 to present.
2. Documentation regarding the resolution of any such formal or informal complaint.
3. Research, data, and analysis provided to support any such complaints or to support the concerns claimed by OTAs and MSSs as described in the Notice.
4. Data provided by OTAs or MSSs indicating the number of OTAs or MSSs affected by air carrier distribution restrictions described in the Notice.
5. The Travel Technology Association/Charles River Associates paper dated May 19, 2015 and any supporting work papers, data or supplemental information.
6. Correspondence and records of communications between the Department and Travel Technology Association or Charles River Associates, or any of their representatives.
7. Correspondence between the Department and any other Federal, State or local agency regarding the topic of the Notice, including the issue of consumer rights and comparison shopping.
8. Data provided by OTAs/MSSs or other ticket agents regarding the volume of combined one-way tickets sold that are packaged to create a round-trip itinerary in order to provide a lower cost option than a single carrier round trip offering, and related savings data.

In response to A4A's request for documents and data, the Department notes that the Travel Technology Association/Charles River Associates paper dated May 19, 2015, is already publicly available as described in the RFI. Nevertheless, the Department has posted the document in the docket for this proceeding. The Department has also posted Executive Order 13725 in the docket. Regarding the remaining documents and data requested by A4A, the Department has identified this request as one for records under the Freedom of Information Act (FOIA) and

has forwarded it to the Office of the Secretary's FOIA Office for processing. The FOIA Office will provide any responsive and releasable information to A4A and Delta and the Department also will place this information in the docket. The Department does not view the outcome of the FOIA request to be material to stakeholders' ability to respond to the RFI. Accordingly, to the extent that the Department has not responded to the FOIA request by March 31, 2017, interested parties should not delay providing a response.

Issued this 16th day of December, 2016, in Washington, DC

Molly J. Moran,

Acting General Counsel.
