Privacy Act of 1974; System of Records

AGENCY: Office of the Secretary of Defense, DoD.

ACTION: Notice to alter a System of Records.

SUMMARY: Pursuant to the Privacy Act of 1974, and Office of Management and Budget (OMB) Circular No. A–130, notice is hereby given that the Department of Defense proposes to change a system of records, WUSU 07, “USUHS Grievance Records,” last published at 79 FR 40076 on July 11, 2014. This system of records is used to administer and process grievances filed by Uniformed Services University of the Health Sciences (USUHS) employees. Department of Defense (DoD) employees, including USUHS employees, are entitled to present disputes under the DoD Administrative Grievance System and have them considered expeditiously, fairly, and impartially, and have them be resolved as quickly as possible. The data is also used to produce statistical and management reports for USUHS leadership.

Changes to the system of record notice include rewording of the system name and categories of individuals. The notification, record access, and contesting record procedures have been updated to ensure the information is accurate and current. To provide clarity to the public, the applicable routine uses are now delineated, and the purpose has been revised to state that this system of records covers all USUHS employees, not just those covered by a collective bargaining agreement. In addition, minor administrative corrections were made to the system location and safeguards.

DATES: Comments will be accepted on or before January 23, 2017. This proposed action will be effective the date following the end of the comment period unless comments are received which result in a contrary determination.

ADDRESSES: You may submit comments, identified by docket number and title, by any of the following methods:

* *Federal Rulemaking Portal:* <http://www.regulations.gov>. Follow the instructions for submitting comments.

* *Mail:* Department of Defense, Office of the Deputy Chief Management Officer, Directorate of Oversight and Compliance, 4800 Mark Center Drive, Mailbox #24, Alexandria, VA 22350-1700.

Instructions: All submissions received must include the agency name and docket number for this **Federal Register** document. The general policy for comments and other submissions from members of the public is to make these submissions available for public viewing on the Internet at <http://www.regulations.gov> as they are received without change, including any personal identifiers or contact information.

FOR FURTHER INFORMATION CONTACT: Mrs. Luz D. Ortiz, Chief, Records, Privacy and Declassification Division (RPD2), 1155 Defense Pentagon, Washington, DC 20301-1155, or by phone at (571) 372-0478.

SUPPLEMENTARY INFORMATION: The Office of the Secretary of Defense notices for systems of records subject to the Privacy Act of 1974 (5 U.S.C. 552a), as amended, have been published in the **Federal Register** and are available from the address in **FOR FURTHER INFORMATION CONTACT** or at the Defense Privacy, Civil Liberties, and Transparency Division Web site at <http://dpcl.d.defense.gov/>.

The proposed system report, as required by U.S.C. 552a(r) of the Privacy Act of 1974, as amended, was submitted on December 7, 2016, to the House Committee on Oversight and Government Reform, the Senate Committee on Governmental Affairs, and the Office of Management and Budget (OMB) pursuant to paragraph 4 of Appendix I to OMB Circular No. A-130, "Federal Agency Responsibilities for Maintaining Records About Individuals," revised November 28, 2000 (December 12, 2000 65 FR 77677).

Public Scoping Meeting and Intent To Prepare an Environmental Impact Statement for Proposed Pascagoula River Drought Resiliency Project, George County and Jackson County, Mississippi

AGENCY: Department of the Army, U.S. Army Corps of Engineers, DoD.

ACTION: Notice of intent.

SUMMARY: The U.S. Army Corps of Engineers, Mobile District (USACE) has received an application (File Number SAM-2014-00653-MBM) for a Department of Army Permit from the Pat Harrison Waterway District and George County Board of Supervisors to construct two water supply lakes: A 1,715-acre upper lake on Little Cedar Creek and a 1,153-acre lower lake on Big Cedar Creek, in George and Jackson Counties, Mississippi. The applicant believes that the proposed water supply lakes are needed to supply water to the Pascagoula River during future extreme droughts resulting from the effects of climate change and to maintain flow regimes necessary to meet critical environmental, ecological, and economic needs. The applicant estimates that the proposed project would impact approximately 1,201.7 acres of wetlands, 41.6 miles of stream channels, and 24.8 acres of open water. Based on the potential impacts, both individually and cumulatively, the USACE intends to prepare an Environmental Impact Statement (EIS) in compliance with the National Environmental Policy Act to render a final decision on the permit application. The purpose of this Notice of Intent is to inform the public, agencies, and organizations of the time and location of the public scoping meeting and invite public participation in the
