SUPPLEMENTARY INFORMATION:

I. Background

In a notice published in the **Federal Register** of November 24, 2015 (80 FR 73153), FDA announced that we had filed a food additive petition (animal use) (FAP 2293) submitted by BASF Corp., 100 Park Ave., Florham Park, NJ 07932. The petition proposed that the regulations for food additives permitted in feed and drinking water of animals be amended to provide for the safe use of feed grade sodium formate as a feed acidifying agent in complete poultry feeds.

II. Conclusion

FDA concludes that the data establish the safety and utility of feed grade sodium formate for use as a feed acidifying agent in complete poultry feeds and that the food additive regulations should be amended as set forth in this document.

III. Public Disclosure

In accordance with § 571.1(h) (21 CFR 571.1(h)), the petition and the documents that we considered and relied upon in reaching our decision to approve the petition will be made available for public disclosure (see **FOR FURTHER INFORMATION CONTACT**). As provided in § 571.1(h), we will delete from the documents any materials that are not available for public disclosure.

IV. Environmental Impact

The Agency has determined under 21 CFR 25.32(r) that this action is of a type that does not individually or cumulatively have a significant effect on the human environment. Therefore, neither an environmental assessment, nor an environmental impact statement is required.

V. Objections and Hearing Requests

Any person who will be adversely affected by this regulation may file with the Division of Dockets Management (see **ADDRESSES**) either electronic or written objections. Each objection shall be separately numbered, and each numbered objection shall specify with particularity the provision of the regulation to which objection is made and the grounds for the objection. Each numbered objection on which a hearing is requested shall specifically so state. Failure to request a hearing for any particular objection shall constitute a waiver of the right to a hearing on that objection. Each numbered objection for which a hearing is requested shall include a detailed description and analysis of the specific factual information intended to be presented in support of the objection in the event that a hearing is held. Failure to include such a description and analysis for any particular objection shall constitute a waiver of the right to a hearing on the objection.

Any objections received in response to the regulation may be seen in the Division of Dockets Management between 9 a.m. and 4 p.m., Monday through Friday, and will be posted to the docket at <https://www.regulations.gov>.

BILLING CODE 4164–01–P

AFRICAN DEVELOPMENT FOUNDATION

22 CFR Part 1506

RIN 3005–AA00

Collection of Claims

AGENCY: U.S. African Development Foundation.

ACTION: Final rule.

SUMMARY: The U.S. African Development Foundation (USADF) is revising its regulations on collection of claims in accordance with the Debt Collection Improvement Act of 1996 (DCIA), as implemented by the Department of Justice (Justice) and the Department of the Treasury (Treasury) in the revised Federal Claims Collection Standards (FCCS). The FCCS prescribes the standards that Federal agencies must use in the administrative collection, offset, compromise, and suspension or termination of collection activity for civil claims of money, funds, or property as defined by law.

DATES: This final rule is effective February 27, 2017.

FOR FURTHER INFORMATION CONTACT: June B. Brown, 202–233–8882.

SUPPLEMENTARY INFORMATION:

I. Background

In accordance with the requirements of the DCIA and the implementing regulations promulgated by Justice and Treasury at 31 CFR parts 900–904, USADF is revising its regulations to establish procedures for the administrative collection, offset, compromise, suspension and termination of collection activity for civil claims for money, funds, or property, as defined by 31 U.S.C. 3701(b), and the process by which USADF can refer civil claims to Treasury, Treasury-designated debt

collection centers, or Justice for collection by further administrative action or litigation, as applicable. The regulations do not apply to claims between federal agencies. The rules affect USADF's debtors. The regulations clarify and prescribe the steps USADF must take before initiating debt collection to ensure that individuals' rights are protected. These steps include notifying the debtor of the debt and the consequences of failing to resolve the debt.

II. Section-by-Section Analysis

Subpart A announces the purpose and scope of the regulations, defines terms used in Part 1506, and addresses whether USADF can impose sanctions or remedies other than those prescribed in Part 1506, whether USADF will subdivide a claim exceeding \$100,000, and how claims involving fraud are processed.

Subpart B describes the steps involved in a collection action, including the information USADF includes in a written demand for payment, a debtor's request for review of a claim, the determination of interest, penalty and administrative costs, and the reporting and consequences of delinquent debts.

Subpart C provides for salary offset collection procedures, notice and hearing requirements prior to offset, and USADF's use of offset for claims of another Federal agency.

Subpart D addresses the compromise of debts through reduction or negotiation of the claim amount, joint and several liability on a claim, and releasing the debtor after full payment of a compromised amount.

Subpart E prescribes the circumstances and criteria for USADF to suspend or terminate a collection action.

Subpart F describes the circumstances for USADF to discharge a delinquent debt and reporting a discharge of debt to the Internal Revenue Service.

Subpart G addresses when USADF refers claims to the Department of Justice for litigation.

Subpart H addresses when USADF is required to transfer debts to the Financial Management Service of the Department of the Treasury.
