

date, time, and location of the hearing two days before the scheduled date.

All submissions, with limited exceptions, must be filed electronically using ACCESS. An electronically filed document must be received successfully in its entirety by 5 p.m. Eastern Time ("ET") on the due date. Documents excepted from the electronic submission requirements must be filed manually (*i.e.*, in paper form) with the APO/Dockets Unit in Room 1870 and stamped with the date and time of receipt by 5 p.m. ET on the due date.²⁶

Unless extended, the Department intends to issue the final results of this administrative review, which will include the results of its analysis of issues raised in any briefs, within 120 days of publication of these preliminary results, pursuant to section 751(a)(3)(A) of the Act.

Assessment Rates

Upon issuance of the final results, the Department will determine, and CBP shall assess, antidumping duties on all appropriate entries covered by this review.²⁷ The Department intends to issue assessment instructions to CBP 15 days after the publication date of the final results of this review. For any individually examined respondent whose weighted-average dumping margin is above *de minimis* (*i.e.*, 0.50 percent) in the final results of this review, the Department will calculate an importer- (or customer-) specific assessment rate on the basis of the ratio of the total amount of antidumping duties calculated for the importer's examined sales and the total entered value of sales, in accordance with 19 CFR 351.212(b)(1). In these preliminary results, the Department applied the assessment rate calculation method adopted in the *Final Modification for Reviews*.²⁸ Where either the respondent's weighted-average dumping margin is zero or *de minimis*, or an importer- (or customer-) specific assessment rate is zero or *de minimis*, we will instruct CBP to liquidate the appropriate entries without regard to antidumping duties.²⁹ We intend to instruct CBP to liquidate entries containing subject merchandise exported by the PRC-wide entity at the

current rate for the PRC-wide entity (which, as noted above, is not subject to change in this review).

Additionally, for the companies for which this review is rescinded, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions directly to CBP 15 days after publication of this notice.

In accordance with section 751(a)(2)(C) of the Act, the final results of this review shall be the basis for the assessment of antidumping duties on entries of merchandise covered by the final results of this review and for future deposits of estimated duties, where applicable.

Cash Deposit Requirements

The following cash deposit requirements will be effective upon publication of the final results of this administrative review for shipments of the subject merchandise from the PRC entered, or withdrawn from warehouse, for consumption on or after the publication date, as provided by section 751(a)(2)(C) of the Act: (1) For the companies listed above the cash deposit rate will be their respective rate established in the final results of this review, except if the rate is zero or *de minimis* (*i.e.*, less than 0.5 percent), then the cash deposit rate will be zero; (2) for previously investigated PRC and non-PRC exporters not listed above that have separate rates, the cash deposit rate will continue to be the exporter-specific rate published for the most recent period; (3) for all PRC exporters of subject merchandise which have not been found to be entitled to a separate rate, the cash deposit rate will be that for the PRC-wide entity; and (4) for all non-PRC exporters of subject merchandise which have not received their own rate, the cash deposit rate will be the rate applicable to the PRC exporter that supplied that non-PRC exporter. These deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers

This notice also serves as a preliminary reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the

Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of double antidumping duties.

Notification to Interested Parties

We are issuing and publishing these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213.

Dated: December 20, 2016.

Assistant Secretary for Enforcement and Compliance.

Type of Request: Regular (extension of a currently approved information collection).

Number of Respondents: 1,441.

Average Hours per Response: 3 hours.

Burden Hours: 4,323.

Needs and Uses: This request is for extension of a currently approved information collection.

The National Marine Fisheries Service (NMFS) manages the shrimp fishery in federal waters of the Gulf of Mexico (Gulf) under the Shrimp Fishery Management Plan (FMP). Regulations implementing the FMP require owners and operators (permit holders) of federally permitted shrimp vessels, if selected by NMFS, to carry an electronic logbook (ELB) on their vessel and participate in the NMFS-sponsored electronic logbook reporting program. ELBs provide a more precise means of estimating fishing effort than paper logbooks. Using ELBs to estimate fishing effort serves an important role to help estimate bycatch across the Gulf shrimp fleet.

Affected Public: Business or other for-profit organizations.

Frequency: On occasion.

Respondent's Obligation: Mandatory.

This information collection request may be viewed at reginfo.gov. Follow the instructions to view Department of Commerce collections currently under review by OMB.

Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to OIRA_Submission@omb.eop.gov or fax to (202) 395-5806.

SUPPLEMENTARY INFORMATION:

I. Abstract

This request is for extension of a currently approved information collection. Regulations at 50 CFR 648.84(a),(b), and (d), 648.123(b)(3), 648.144(b)(1), 648.264(a)(5), and 697.21(a) and (b) require that Federal Fisheries permit holders using certain types of fishing gear, mark the gear with specified information for the purposes of vessel and gear identification (*e.g.*, hull identification number, Federal fishing permit number, etc.). The regulations also specify how the gear is to be marked for the purposes of visibility (*e.g.*, buoys, radar reflectors, etc.).

The quantity of gear in this collection is distinguished by the number of attached end lines associated with each string of hooks, pots, or traps. As such, a single Federal permit holder may be responsible for marking several strings of a given gear type, or may use multiple different gear types that require marking. These gear marking requirements aid in fishery law enforcement, make the gear more visible to other vessels to aid in navigation, and provide other fisherman with information regarding the gear type being used to help prevent gear conflicts.

II. Method of Collection

No information is submitted to the National Marine Fisheries Service (NMFS) as a result of this collection. The vessel's hull identification number or other means of identification specified in the regulations must be affixed to the buoy or other part of the gear as specified in the regulations.

III. Data

OMB Control Number: 0648-0351.

Form Number(s): None.

Type of Review: Regular (extension of a current information collection).

Affected Public: Individuals and households; business or other for-profit organizations.

Estimated Number of Respondents: 5,339.

Estimated Time per Response: 1 minute per string of gear.

Estimated Total Annual Burden Hours: 17,848.

Estimated Total Annual Cost to Public: \$53,390 in recordkeeping/reporting costs.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.
