Consultation Requirements:

The socioeconomic environment of the physical, biological, cultural, and economic impacts to be discussed in the DEIS include the issues that should be addressed in the Draft IFR/EIS. In addition to this notice, the date, time, and place of the public meeting will be announced in the local newspapers and related public notices. The Corps and the New Haven Port Authority will host a public meeting on the study on January 24, 2017 (see DATES section). The public is invited to attend and further identify issues that should be addressed in the EIS. In addition to this notice, the date, time, and place of the public meeting will be announced in the local newspaper and on the USACE New England District Web page. Following the scoping process, a public informational meeting will be held in 2017 to present and discuss potential project alternatives. The Draft Integrated Feasibility Report and Environmental Impact Statement (IFR/EIS) is scheduled to be complete in April of 2018 and will be available for public review and comment.

SIGNIFICANT ISSUES: Significant issues to be discussed in the DEIS include the effects of dredging and disposal on the physical, biological, cultural, and socioeconomic environment of the project area.

Environmental Review and Consultation Requirements: The proposed project is subject to review pursuant (but not limited to) to the Coastal Zone Management Act, Clean Water Act, Clean Air Act, Endangered Species Act, Fish and Wildlife Coordination Act, Magnuson-Stevens Fishery Conservation and Management Act, Marine Protection, Research, and Sanctuaries Act, and the National Environmental Policy Act.

Estimated Date: It is estimated that the Draft IFR/EIS will be made available to the public in April of 2018.

Dated: December 20, 2016.

Colonel Christopher J. Barron,

BILLING CODE 3720–58–P

DEPARTMENT OF EDUCATION

[Docket No.: ED–2016–ICCD–0145]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Application for Grants Under the Credit Enhancement for Charter School Facilities Program (1894–0001)

AGENCY: Office of Innovation and Improvement (OII), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 3501 et seq.), ED is proposing an extension of an existing information collection.

DATES: Interested persons are invited to submit comments on or before January 26, 2017.

ADDRESS: To access and review all the documents related to the information collection listed in this notice, please use http://www.regulations.gov by searching the Docket ID number ED–2016–ICCD–0145. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at http://www.regulations.gov by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted. Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Room 226–62, Washington, DC 20202–4537.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Clifton Jones, 202–205–2204.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public’s reporting burden. It also helps the public understand the Department’s information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Application for Grants Under the Credit Enhancement for Charter School Facilities Program (1894–0001).

OMB Control Number: 1855–0007.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: Private Sector.

Total Estimated Number of Annual Responses: 15.

Total Estimated Number of Annual Burden Hours: 1,200.

Abstract: An application is required by statute to award the Credit Enhancement for Charter School Facilities Program (formerly known as the Charter School Facilities Financing Demonstration Program) grants. These grants are made to private, non-profits; public entities; and consortia of these organizations. The funds are to be deposited into a reserve account that will be used to leverage private funds on behalf of charter schools to acquire, construct, and renovate school facilities. The U.S. Department of Education is seeking an OMB extension approval for
DEPARTMENT OF ENERGY
Federal Energy Regulatory Commission

[Docket No. CP17–24–000]

Portland Natural Gas Transmission System; Notice of Application

Take notice that on December 12, 2016, Portland Natural Gas Transmission System (PNGTS), 700 Louisiana Street, Suite 700, Houston, TX 77002–2700, filed an application pursuant to section 7(c) of the Natural Gas Act (NGA) and the Federal Energy Regulatory Commission’s (Commission) regulations seeking authorization to increase the certificated capacity on PNGTS’s wholly-owned north system from Pittsburg, New Hampshire, to Westbrook, Maine, by 42,000 Mcf/d, all as more fully described in the application which is on file with the Commission and open to public inspection. The filing may also be viewed on the web at http://www.ferc.gov using the “eLibrary” link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC at FERCOnlineSupport@ferc.gov or call toll-free, (866) 208–3676 or TTY, (202) 502–8659.

Additionally, pursuant to and in accordance with Section 3 of the NGA, 15 U.S.C. Section 717b, Part 153 of the Commission’s regulations, 18 CFR part 153, Executive Order 10485, as amended by Executive Order 12038, and Secretary of Energy Delegation Order No. 0204–112, PNGTS requested authorization to increase its authorized import and export capacity from 178,000 Mcf/d to 210,000 Mcf/d and to amend the Presidential Permit issued to PNGTS on September 24, 1997, as amended on November 18, 2003, in Docket No. CP96–248, et, al. to reflect such an increase.1 PNGTS states that the authorizations requested will satisfy the requirements

Of the Continent to Coast Expansion Project, which will expand gas service delivery options for the New England market. PNGTS proposes no construction or modifications to its existing system or border crossing facilities in connection with this request and as such, there are no costs associated with the project.

Any questions regarding this application should be directed to Robert Jackson, Manager, Certificates and Regulatory Administration, Portland Natural Gas Transmission System, 700 Louisiana Street, Suite 700, Houston, Texas, or call (832) 320–5487, or by email robert.jackson@transcanada.com.

Pursuant to section 157.9 of the Commission’s rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission’s public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff’s issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission’s public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff’s FEIS or EA.

There are two ways to become involved in the Commission’s review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below file with the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission’s Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 7 copies of filings made in the proceeding with the Commission and must mail a copy to the applicant and to every other party. Only parties to the proceeding can ask for court review of Commission orders in the proceeding. However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission’s rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission.

Environmental commentors will be placed on the Commission’s environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission’s environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission’s final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the “eFiling” link at http://www.ferc.gov. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

Comment Date: 5:00 p.m. Eastern Time on January 10, 2017.

Dated: December 20, 2016.

Kimberly D. Bose,
Secretary.
