#### SUPPLEMENTARY INFORMATION:

#### I. Comments

FHFA seeks public comments on the revision to the system of records and will take all comments into consideration. See 5 U.S.C. 552a(e)(4) and (11). In addition to referencing "Comments/2016–N–13," please reference the "National Mortgage Database Project" (FHFA–21).

All comments received will be posted without change on the FHFA Web site at http://www.fhfa.gov, and will include any personal information provided, such as name, address (mailing and email), and telephone numbers. In addition, copies of all comments received will be available without change for public inspection on business days between the hours of 10 a.m. and 3 p.m., at the Federal Housing Finance Agency, 400 Seventh Street SW., Washington, DC 20219. To make an appointment to inspect comments, please call the Office of General Counsel at (202) 649-3804.

#### II. Introduction

This notice satisfies the Privacy Act requirement that an agency publish a system of records notice in the Federal **Register** when there is an addition or change to an agency's system of records. Congress has recognized that application of all requirements of the Privacy Act to certain categories of records may have an undesirable and often unacceptable effect upon agencies in the conduct of necessary public business. Consequently, Congress established general exemptions and specific exemptions that could be used to exempt records from provisions of the Privacy Act. Congress also required that exempting records from provisions of the Privacy Act would require the head of an agency to publish a determination to exempt a record from the Privacy Act as a rule in accordance with the Administrative Procedure Act. The Director of FHFA has determined that records and information in this system of records are not exempt from the requirements of the Privacy Act.

As required by the Privacy Act, 5
U.S.C. 552a(r), and pursuant to
paragraph 4c of Appendix I to OMB
Circular No. A–130, "Federal Agency
Responsibilities for Maintaining
Records About Individuals," dated
November 28, 2000, FHFA has
submitted a report describing the system
of records covered by this notice to the
Committee on Oversight and
Government Reform of the House of
Representatives, the Committee on
Homeland Security and Governmental
Affairs of the Senate, and the Office of
Management and Budget.

#### III. Revised System of Records

The "National Mortgage Database Project" (FHFA-21) system of records is being revised to add data fields related to language, specifically information related to Limited English Proficiency or a Preferred Language. The information is being collected to identify obstacles for borrowers with Limited English Proficiency (LEP) or a Preferred Language (PL) in accessing mortgage credit, analyze potential solutions, and develop measures to improve access to credit. This information will assist FHFA in ensuring that its regulated entities appropriately support meaningful access to the mortgage market for mortgage ready LEP/PL borrowers, as well as support the overall goal of assuring that borrowers are able to understand and participate fully in the mortgage life cycle, including origination, servicing, and loss mitigation, regardless of the language spoken.

Information about LEP or PL will be collected as part of the National Survey of Mortgage Originations and the American Survey of Mortgage Borrowers. Responses to the survey will be maintained in anonymized form as part of the National Mortgage Database Project. A separate opt-out list from the Surveys will be maintained which will contain name, address, and Zip Code of those individuals who have opted out of receiving communications about the Surveys. FHFA employees will not have access to this list. This list is maintained in order to ensure that these individuals do not receive any future communications about the Surveys after opting out.

The revision to the system of records notice is described in detail below. All other aspects of the system of records notice, other than the changes described below, remain unchanged.

#### FHFA-21

#### SYSTEM NAME:

National Mortgage Database Project.

#### CATEGORIES OF RECORDS IN THE SYSTEM:

Records include information related to an individual's language preference, including, but not limited to, information about the borrower's or coborrower's Limited English Proficiency and/or Preferred Language.

Dated: December 21, 2016.

BILLING CODE 8070–01–P

# FEDERAL HOUSING FINANCE AGENCY

[No. 2016-N-16]

# **Proposed Collection; Comment Request**

**AGENCY:** Federal Housing Finance Agency.

**ACTION:** 30-Day Notice of submission of information collection for approval from Office of Management and Budget.

SUMMARY: In accordance with the requirements of the Paperwork Reduction Act of 1995, the Federal Housing Finance Agency (FHFA or the Agency) is seeking public comments concerning the information collection known as the "National Survey of Mortgage Originations" (NSMO), which has been assigned control number 2590–0012 by the Office of Management and Budget (OMB) (the collection was previously known as the "National Survey of Mortgage Borrowers"). FHFA

intends to submit the information collection to OMB for review and approval of a three-year extension of the control number, which is due to expire on December 31, 2016.

**DATES:** Interested persons may submit comments on or before January 27,

**ADDRESSES:** Submit comments to the Office of Information and Regulatory Affairs of the Office of Management and Budget, Attention: Desk Officer for the Federal Housing Finance Agency, Washington, DC 20503, Fax: (202) 395-3047, Email: OIRA submission@ omb.eop.gov. Please also submit comments to FHFA, identified by "Proposed Collection; Comment Request: 'National Survey of Mortgage Originations, (No. 2016–N–16)'" by any of the following methods:

 Agency Web site: www.fhfa.gov/ open-for-comment-or-input.

 Federal eRulemaking Portal: http:// www.regulations.gov. Follow the instructions for submitting comments. If you submit your comment to the Federal eRulemaking Portal, please also send it by email to FHFA at RegComments@fhfa.gov to ensure timely receipt by the agency.

 Mail/Hand Delivery: Federal Housing Finance Agency, Eighth Floor, 400 Seventh Street SW., Washington, DC 20219, ATTENTION: Proposed Collection; Comment Request: "National Survey of Mortgage Originations, (No.

2016-N-16)."

• U.S. Mail, United Parcel Service, Federal Express, or Other Mail Service: The mailing address for comments is: Alfred M. Pollard, General Counsel, Attention: Comments/2016–N–16, Federal Housing Finance Agency, 400 Seventh Street SW., Eighth Floor, Washington, DC 20219.

We will post all public comments we receive without change, including any personal information you provide, such as your name and address, email address, and telephone number, on the FHFA Web site at http://www.fhfa.gov. In addition, copies of all comments received will be available for examination by the public on business days between the hours of 10 a.m. and 3 p.m., at the Federal Housing Finance Agency, Eighth Floor, 400 Seventh Street SW., Washington, DC 20219. To make an appointment to inspect comments, please call the Office of General Counsel at (202) 649-3804.

## FOR FURTHER INFORMATION CONTACT:

Forrest Pafenberg, Supervisory Economist, Office of the Chief Operating Officer, by email at Forrest.Pafenberg@ fhfa.gov or by telephone at (202) 649-3129; or Eric Raudenbush, Associate

General Counsel, by email at Eric.Raudenbush@fhfa.gov or by telephone at (202) 649-3084, (these are not toll-free numbers), Federal Housing Finance Agency, 400 Seventh Street SW., Washington, DC 20219. The Telecommunications Device for the Hearing Impaired is (800) 877–8339.

#### SUPPLEMENTARY INFORMATION:

#### A. Background

The NSMO is a recurring quarterly survey of individuals who have recently obtained a loan secured by a first mortgage on single-family residential property. The survey questionnaire is sent to a representative sample of approximately 6,000 recent mortgage borrowers each calendar quarter and typically consists of between 90 and 95 multiple choice and short answer questions designed to obtain information about borrowers' experiences in choosing and in taking out a mortgage. 1 The questionnaire may be completed either on paper or electronically online, and is available in both English and Spanish. The NSMO is sponsored by FHFA and is one component of the National Mortgage Database Project, an ongoing joint effort of FHFA and the Consumer Financial Protection Bureau (CFPB).

Section 1324 of the Federal Housing Enterprises Financial Safety and Soundness Act of 1992 (Safety and Soundness Act) requires that FHFA prepare annually a detailed report on the residential mortgage market activities of two of its regulated entities—the Federal National Mortgage Association (Fannie Mae) and the Federal Home Loan Mortgage Corporation (Freddie Mac) (collectively, "the Enterprises")—and to submit that annual report to the Committee on Banking, Housing, and Urban Affairs of the Senate and the Committee on Financial Services of the House of Representatives.<sup>2</sup> At a minimum, the report must: (1) Address the extent to which the Enterprises are fulfilling their statutory duties with respect to the residential mortgage markets, including their duty to serve underserved markets; (2) aggregate and analyze relevant data on income to assess the compliance of each Enterprise with statutory housing goals established under section 1331 of

the Safety and Soundness Act; 3 (3) aggregate and analyze data on income, race, and gender by census tract and other relevant classifications, and compare such data with larger demographic, housing, and economic trends; (4) identify the extent to which each Enterprise is involved in mortgage purchases and secondary market activities involving subprime and nontraditional loans; (5) compare the characteristics of subprime and nontraditional loans purchased and securitized by each Enterprise to other loans purchased and securitized by each Enterprise; and (6) compare the characteristics of high-cost loans purchased and securitized, but not held in portfolio, by each Enterprise to such securitized loans that are retained in portfolio or repurchased by the Enterprise, including such characteristics as the purchase price of the property securing the mortgage, the loan-to-value ratio of the mortgage, the terms of the mortgage, the creditworthiness of the borrower, and any other relevant data, as determined by the Director of FHFA.4

Section 1324 further requires that FHFA conduct a monthly survey to collect data needed to adequately analyze the matters that must be addressed in the annual report.<sup>5</sup> In particular, the survey must collect information on the characteristics of individual prime and subprime mortgages and the creditworthiness and other characteristics of the borrowers on those mortgages.6 It may also address such other matters as the Director of FHFA deems to be appropriate. 7 The statute requires that FHFA compile a database of timely and otherwise unavailable residential mortgage market information obtained from the monthly survey and to make that information

available to the public.8

As a means of fulfilling these and other statutory requirements, as well as to support policymaking and research regarding the residential mortgage markets, FHFA and CFPB jointly established the National Mortgage Database Project in 2012. The project is designed to provide comprehensive information about the U.S. mortgage market based on a five percent sample of residential mortgages. The project has three primary components: (1) The National Mortgage Database; (2) the quarterly NSMO; and (3) the annual

<sup>&</sup>lt;sup>1</sup> A copy of the most recent NSMO questionnaire appears at the end of this document. In addition, copies of the questionnaire in both English and Spanish can be accessed online at: http:// www.fhfa.gov/Homeownersbuyer/Pages/National-Survey-of-Mortgage-Originations.aspx

American Survey of Mortgage Borrowers (ASMB). When fully complete, the National Mortgage Database will be a de-identified loan-level database of closed-end first-lien residential mortgage loans that is representative of the market as a whole, contains detailed loan-level information on the terms and performance of the mortgages and the characteristics of the associated borrowers and properties, is continually updated, has an historical component dating back to 1998, and provides a sampling frame for surveys to collect additional information.

The core data in the National Mortgage Database are drawn from a random 1-in-20 sample of all closed-end first-lien mortgage loans outstanding at any time between January 1998 and the present from the files of Experian, one of the three nationwide credit reporting agencies. The National Mortgage Database currently contains data on approximately 11.6 million mortgage loans. Between 80,000 and 100,000 mortgages, drawn from a random 1-in-20 sample of loans newly reported to Experian, are added each quarter. Additional information on the mortgages in the datasets is drawn from other existing sources, including, but not limited to the Home Mortgage Disclosure Act (HMDA) data released by the Federal Financial Institutions Examination Council (FFIEC), property valuation models, transactional data maintained by local governments, and administrative data files maintained by the Enterprises and by federal agencies. Mortgages are followed in the National Mortgage Database until they terminate through prepayment (including refinancing), foreclosure, or maturity.

The NSMO was developed to complement the National Mortgage Database by providing critical and timely information—not available from existing sources—on the range of nontraditional and subprime mortgage products being offered, the methods by which these mortgages are being marketed, and the characteristics of borrowers for these types of loans. In particular, the survey questionnaire is designed to elicit directly from mortgage borrowers information on the characteristics of borrowers and on their experiences in finding and obtaining a mortgage loan, including: Their mortgage shopping behavior; their mortgage closing experiences; their

expectations regarding house price appreciation; and critical financial and other life events effecting their households, such as unemployment, large medical expenses, or divorce. The survey questions do not focus on the terms of the borrowers' mortgage loans because these fields are available in the Experian data. However, the NSMO collects a limited amount of information on each respondent's mortgage to verify that the Experian records and survey responses pertain to the same mortgage.

Each wave of the NSMO is sent to the primary borrowers on about 6,000 mortgage loans, which are drawn from a simple random sample of the 80,000 to 100,000 newly originated mortgage loans that are added to the National Mortgage Database from the Experian files each quarter (at present, this represents an approximately 1-in-15 sample of loans added to the National Mortgage Database and an approximately 1-in-300 sample of all mortgage loan originations). By contract with FHFA, the conduct of the NSMO is administered through Experian, which has subcontracted the survey administration through a competitive process to Westat, a nationallyrecognized survey vendor. 10 Westat also carries out the pre-testing of the survey materials. Wave 1 of the NSMO was mailed out in April 2014, and a new wave of the survey has been conducted each quarter since. To date, eleven quarterly waves of the survey have been completed.

# B. Need For and Use of the Information Collection

FHFA views the National Mortgage Database Project as a whole, including the NSMO, as the monthly "survey" that is required by section 1324 of the Safety and Soundness Act. Core inputs to the National Mortgage Database, such as a regular refresh of the Experian data, occur monthly, though NSMO itself does not. In combination with the other information in the National Mortgage Database, the information obtained through the NSMO is used to prepare the report to Congress on the mortgage market activities of Fannie Mae and Freddie Mac that FHFA is required to submit under section 1324, as well as for research and analysis by FHFA and CFPB in support of their regulatory and supervisory responsibilities related to the residential mortgage markets. The NSMO is especially critical in ensuring

that the National Mortgage Database contains uniquely comprehensive information on the range of nontraditional and subprime mortgage products being offered, the methods by which these mortgages are being marketed and the characteristics—and particularly the creditworthiness—of borrowers for these types of loans. In the future, the information may be used to provide a resource for research and analysis by other federal agencies and by academics and other interested parties outside of the government.

FHFA is also seeking OMB approval to conduct cognitive pre-testing of the survey materials. The Agency will use information collected through that process to assist in drafting and modifying the survey questions and instructions, as well as the related communications, to read in the way that will be most readily understood by the survey respondents and that will be most likely to elicit usable responses. Such information will also be used help the Agency decide on how best to organize and format the survey questionnaires.

The OMB control number for this information collection is 2590–0012. The current clearance for the information collection expires on December 31, 2016.

# C. Burden Estimate

FHFA has analyzed the hour burden on members of the public associated with conducting the survey (12,000 hours) and with pre-testing the survey materials (30 hours) and estimates the total annual hour burden imposed on the public by this information collection to be 12,030 hours. The estimate for each phase of the collection was calculated as follows:

## I. Conducting the Survey

FHFA estimates that the NSMO questionnaire will be sent to 24,000 recipients annually (6,000 recipients per quarterly survey  $\times$  4 calendar quarters). Although, based on historical experience, the Agency expects that only 30 to 35 percent of those surveys will be returned, it has assumed that all of the surveys will be returned for purposes of this burden calculation. Based on the reported experience of respondents to prior NSMO questionnaires, FHFA estimates that it will take each respondent 30 minutes (0.5 hours) to complete the survey, including the gathering of necessary materials to respond to the questions. This results in a total annual burden estimate of 12,000 hours for the survey phase of this collection (24,000

<sup>&</sup>lt;sup>9</sup> While the NSMO solicits information about the experiences of borrowers who have recently obtained a mortgage, the ASMB solicits information on borrowers' experience with maintaining their existing mortgages. OMB has cleared the ASMB under the PRA and assigned it control no. 2590–0015, which expires on July 31, 2019.

<sup>&</sup>lt;sup>10</sup> The Fair Credit Reporting Act, 15 U.S.C. 1681 et seq., requires that the survey process, because it utilizes borrower names and addresses drawn from credit reporting agency records, must be administered through Experian in order to maintain consumer privacy.

questions could be suitable for a survey

FHFA believes that, while such

respondents  $\times$  0.5 hours per respondent = 12,000 hours annually).

#### II. Pre-Testing the Materials

FHFA estimates that it will pre-test the survey materials with 30 cognitive testing participants annually. The estimated participation time for each participant is one hour, resulting in a total annual burden estimate of 30 hours for the pre-testing phase of the collection (30 participants  $\times$  1 hour per participant = 30 hours annually).

# D. Comments Received in Response to Initial Notice

In accordance with the requirements of 5 CFR 1320.8(d), FHFA published an initial notice requesting comments regarding this information collection in the Federal Register on September 13, 2016.<sup>11</sup> The 60 day comment period closed on November 14, 2016. FHFA received two comment letters, one of which recommended revisions to the content of the survey questionnaire and the other of which recommended measures to increase survey response rates. FHFA has carefully considered each of the suggested revisions, but, as explained below, has decided not to implement any of those suggestions at this time.

The first comment letter was from an individual who has served in various capacities with a community association trade group and who is the president of a company that provides online technology in support of the sale, resale, finance, and refinance of homes in community associations. 12 The letter asserts that certain questions in the NSMO questionnaire "fail to adequately and effectively recognize" the role of community associations in U.S. home ownership and that, as a result, data from the NSMO regarding community associations "has nominal heuristic and statistical value at best." It suggests adding several questions to the NSMO questionnaire, and revising several existing questions, to elicit more information relevant to community associations.

Specifically, the letter first suggests revising Question 60 to elicit more specific information on the type of property that is associated with the respondent's mortgage and adding two questions as to whether the respondent's property is in a community association and, if so, the specific type of community association.

answer choices for Questions 7, 39, and 50 to allow respondents to indicate, respectively: Whether they used any of the proceeds from a refinance to pay community association fees; whether and to what extent community association documents or officials may have provided them with information about mortgages or mortgage lenders; and whether and to what extent they sought input about their mortgage loan closing documents from officials of a community association. FHFA notes that each of those questions permits a respondent to choose "other" and to write in a specific answer if none of the other answer choices are applicable. To date, none of the questions have elicited an "other" response in the vein of any of the answer choices that the commenter suggests adding. Accordingly, FHFA does not see a need to revise any of the questions in the manner suggested.

The second comment letter, from a law school professor, states that the NSMO is very important to understanding the health of the mortgage market and agrees that the collection is necessary for the proper performance of FHFA functions. However, it also expresses a concern that, given the length of the survey questionnaire, those recipients who ultimately decide to respond will not be representative of the typical borrower. It suggests two ways of encouraging a response from recipients who might otherwise be reluctant to take the time to complete the survey: (1) Providing a greater incentive; and (2) allowing recipients the option of completing a shorter version of the questionnaire.

FHFA agrees that non-response bias (the bias that results when respondents

With respect to the mitigation of nonresponse bias when analyzing survey responses, FHFA has followed best practices of survey sampling analysis. The availability in the National Mortgage Database of extensive credit and administrative data on both responding and non-responding borrowers gives FHFA the ability to construct non-response weights with more accuracy than is possible for most surveys.

#### E. Comment Request

In accordance with the requirements of 5 CFR 1320.10(a), FHFA is publishing this second notice to request comments regarding the following: (1) Whether the collection of information is necessary for the proper performance of FHFA functions, including whether the information has practical utility; (2) the accuracy of FHFA's estimates of the burdens of the collection of information; (3) ways to enhance the quality, utility and clarity of the information collected; and (4) ways to minimize the burden of the collection of information on members and project sponsors, including through the use of automated collection techniques or other forms of information technology. Comments should be submitted in writing to both OMB and FHFA as instructed above in the Comments section.

Dated: December 22, 2016.

#### Kevin Winkler,

Chief Information Officer, Federal Housing Finance Agency.

that focuses on housing structure, they would not be appropriate for the NSMO, which focuses on consumers' experience in seeking and obtaining a residential mortgage loan.<sup>13</sup> The commenter also suggests adding a question to elicit information on the respondent's level of familiarity with various types of community association fees. Again, such a question would be beyond the scope of the NSMO, which does not attempt to capture information on the cost of a mortgage or on fees paid at origination or over the life of the mortgage. Finally the letter suggests revising the

differ systematically from nonrespondents) is an important concern and the Agency has spent, and continues to spend, significant time considering ways to increase response rates and to mitigate the effects of nonresponse bias. In developing the NSMO, the Agency consulted with top experts on conducting consumer surveys, who recommended an up-front payment of five dollars as the most effective way of incentivizing survey recipients to respond. FHFA adopted this recommendation. In addition, based on the results of the first seven waves of the NSMO, these experts also evaluated the expected effect on the response rate of increasing or decreasing the number of questions and the length of the questionnaire. Both experts opined that shortening the questionnaire would not significantly increase the response rate.

 $<sup>^{11}\,</sup>See$  81 FR 62889 (Sept. 13, 2016).

<sup>12</sup> The letter explains that community associations are "housing management organizations that are an out-growth of traditional subdivision and zoning controls" and include

condominiums, cooperatives, and planned communities.

<sup>&</sup>lt;sup>13</sup> Both the American Housing Survey (sponsored jointly by the Department of Housing and Urban Development and the Census Bureau) and the

American Community Survey (sponsored by the Census Bureau) would be more appropriate vehicles for eliciting such information.

# Tell us about your recent mortgage experience

# A nationwide survey of mortgage borrowers throughout the United States

Learning directly from borrowers, like you, about your experiences will help us improve lending practices and the mortgage process for future borrowers.

Two Federal agencies, The Federal Housing Finance Agency and the Consumer Financial Protection Bureau are working together on your behalf to improve the safety of the U.S. housing finance system and ensure all consumers have access to financial products and services.

We want to make it as easy as possible for you to complete this survey. You can mail back the paper survey in the enclosed business reply envelope OR complete the survey online.

The online version of the questionnaire may be easier, and faster, to complete, because it automatically skips any questions that don't apply to you.

- 1 GO TO www.NSMOsurvey.com
- 2 LOG IN with your unique survey PIN # found in the accompanying letter

Esta encuesta está disponible en español en linea

- 1 Visite al sitio web <u>www.NSMOsurvey.com</u>
- 2 Inicie la sesión con su número PIN único de la encuesta que se encuentra en la carta adjunta.

Thanks so much for your help with this important national effort to improve people's experiences in financing home ownership.

We are interested in learning about your experience purchasing or refinancing either a personal home or a home for someone else, including rental property.

We look forward to hearing from you.

**Privacy Act Notice:** In accordance with the Privacy Act, as amended (5 U.S.C. § 552a), the following notice is provided. The information requested on this Survey is collected pursuant to 12 U.S.C. 4544 for the purposes of gathering information for the National Mortgage Database. Routine uses which may be made of the collected information can be found in the Federal Housing Finance Agency's System of Records Notice (SORN) FHFA-21 National Mortgage Database. Providing the requested information is voluntary. Submission of the survey authorizes FHFA to collect the information provided and to disclose it as set forth in the referenced SORN.

**Paperwork Reduction Act Statement:** Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the Paperwork Reduction Act, unless that collection of information displays a currently valid OMB Control Number.

# FEDERAL MARITIME COMMISSION

[Petition No. P4-16]

#### Petition of the Coalition for Fair Port Practices for Rulemaking; Notice of Filing and Request for Comments

Notice is hereby given that the Coalition for Fair Port Practices (hereinafter Petitioner), has petitioned the Commission pursuant to 46 CFR 502.51 of the Commission's Rules of Practice and Procedure, to initiate a rulemaking "to clarify what constitutes just and reasonable rules and practices" with respect to the assessment of demurrage, detention, and per diem charges by ocean common carriers and marine terminal operators when ports are congested or otherwise inaccessible."

Petitioner proposes and provides the text of a proposed rule and submits fifteen verified statements or supporting letters from its members which include "a broad cross-section of industry stakeholders, including shippers, receivers, motor carriers, port draymen, freight forwarders, 3PLs, and customs brokers."

In order for the Commission to make a thorough evaluation of the Petition, interested persons are requested to submit views or arguments in reply to the Petition no later than February 28, 2017. Replies shall consist of an original and 5 copies, be directed to the Assistant Secretary, Federal Maritime Commission, 800 North Capitol Street NW., Washington, DC 20573-0001, and be served on Petitioner's counsel, Karyn A. Booth, Thompson Hine LLP, 1919 M Street NW., Suite 700, Washington, DC 20036. A PDF copy of the reply must also be sent to secretary@fmc.gov. Include in the email subject line "Petition No. P4-16."

Replies containing confidential information should not be submitted by email. The Commission will provide confidential treatment for identified confidential information to the extent allowed by law. A reply containing confidential information must include:

- A transmittal letter requesting confidential treatment that identifies the specific information in the reply for which protection is sought and demonstrates that the information is a trade secret or other confidential research, development, or commercial information.
- A confidential copy of the reply, clearly marked "Confidential-

Restricted", with the confidential material clearly marked on each page.

• A public version of your reply with the confidential information excluded or redacted, marked "Public Version confidential materials excluded."

The Petition will be posted on the Commission's Web site at http://www.fmc.gov/P4-16. Replies filed in response to this Petition also will be posted on the Commission's Web site at this location.

Parties participating in this proceeding may elect to receive service of the Commission's issuances in this proceeding through email in lieu of service by U.S. mail. A party opting for electronic service shall advise the Office of the Secretary in writing and provide an email address where service can be made.

#### Rachel E. Dickon,

Assistant Secretary.

## **FEDERAL RESERVE SYSTEM**

## Change in Bank Control Notices; Acquisitions of Shares of a Bank or Bank Holding Company

The notificants listed below have applied under the Change in Bank Control Act (12 U.S.C. 1817(j)) and § 225.41 of the Board's Regulation Y (12 CFR 225.41) to acquire shares of a bank or bank holding company. The factors that are considered in acting on the notices are set forth in paragraph 7 of the Act (12 U.S.C. 1817(j)(7)).

The notices are available for immediate inspection at the Federal Reserve Bank indicated. The notices also will be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing to the Reserve Bank indicated for that notice or to the offices of the Board of Governors. Comments must be received not later than January 11, 2017.

A. Federal Reserve Bank of Chicago (Colette A. Fried, Assistant Vice President) 230 South LaSalle Street, Chicago, Illinois 60690–1414:

1. James W. Mease, Winterset, Iowa; James W. Mease Profit Sharing & 401(k), Winterset, Iowa; Justin Mease, Ankeny, Iowa; Sue A. Mease, Winterset, Iowa; Jane M. Reed Revocable Trust, Jane M. Reed Trustee, Winterset, Iowa; John B. Reed Revocable Trust, John B. Reed Trustee, Winterset, Iowa; April Schaefer, Cedar Rapids, Iowa; David Trask, Winterset, Iowa; Judith Trask, Winterset, Iowa; Mary Reed Alles,

Chillicothe, Missouri; Fred H. Reed, Johnston, Iowa; Honor Joel Sears, Spokane, Washington; as a group acting in concert, to acquire more than 10 percent of the voting shares of Farmers and Merchants Bancorp, and thereby indirectly control Farmers & Merchants State Bank, both in Winterset, Iowa.

Board of Governors of the Federal Reserve System, December 22, 2016.

#### Yao-Chin Chao,

Assistant Secretary of the Board.

# FEDERAL RESERVE SYSTEM

[Docket No. 1530; RIN 7100 AE 44]

## Regulation Q; Regulatory Capital Rules: Risk-Based Capital Surcharges for Global Systemically Important Bank Holding Companies

**AGENCY:** Board of Governors of the Federal Reserve System (Board).

**ACTION:** Notice.

**SUMMARY:** Under the rule of the Board regarding risk-based capital surcharges for global systemically important bank holding companies (GSIB surcharge rule), the Board is providing notice of the aggregate global indicator amounts for purposes of a calculation that is required under the GSIB surcharge rule for 2016.

DATES: Effective: December 28, 2016.
FOR FURTHER INFORMATION CONTACT: Juan C. Climent, Manager, (202) 872–7526, or Holly Kirkpatrick, Supervisory Financial Analyst, (202) 452–2796, Division of Supervision and Regulation; or Mark Buresh, Senior Attorney, (202) 452–5270, or Mary Watkins, Attorney, (202) 452–3722, Legal Division. Board of Governors of the Federal Reserve System, 20th and C Streets NW., Washington, DC 20551. For the hearing impaired only, Telecommunications Device for the Deaf (TDD) users may contact (202) 263–4869.

SUPPLEMENTARY INFORMATION: The Board's GSIB surcharge rule establishes a methodology to identify global systemically important bank holding companies in the United States (GSIBs) based on indicators that are correlated with systemic importance.¹ Under the GSIB surcharge rule, a firm must calculate its GSIB score using a specific formula (Method 1). Method 1 uses five equally weighted categories that are correlated with systemic importance—size, interconnectedness, crossjurisdictional activity, substitutability,
