

	2017	
	DPC	DPC w/adjustment
IFQ	\$2,021,490.55	N/A
MS	167,549.51	– \$261,060.01
CP	63,448.85	– 188,439.24

Based on total fees paid to date and estimated fees received in 2016, the adjusted DPCs for 2017 are:

Shorebased IFQ Program: \$2,021,490.55
 MS Coop Program: – \$261,060.01
 C/P Coop Program: – \$188,439.24

And the fee calculations using the adjusted 2017 DPCs are:

Shorebased IFQ Program: 3.0 percent = the lower of 3 percent or $(\$2,021,490.55 / \$41,605,012.42) \times 100$
 MS Coop Program: – 6.0 percent = the lower of 3 percent or $– \$261,060.01 / \$4,373,922.34 \times 100$
 C/P Coop Program: – 1.7 percent = the lower of 3 percent or $(– \$188,439.24 / \$11,120,803.07) \times 100$

As a fee cannot be set using a negative percentage, the 2017 fee percentages for the MS Coop Program and the C/P Coop Program will be set at 0.0 percent.

MS pricing is the average price per pound that the C/P Coop Program will use to determine their fee amount due (MS pricing multiplied by the value of the aggregate pounds of all groundfish species harvested by the vessel registered to a C/P-endorsed limited entry trawl permit, multiplied by the C/P fee percentage, equals the fee amount due). In past years, MS pricing was based on the average price per pound of Pacific whiting as reported in PacFIN from the Shorebased IFQ Program. In other words, data from the IFQ fishery was used as a proxy for the MS average price per pound to determine the “MS pricing” used in the calculation for the C/P sector’s fee amount due. For 2017 MS pricing, NMFS used values derived from those reported on the MS Coop Program cost recovery form from calendar year 2015 as this was determined to be the best information available. NMFS has calculated the 2017 MS pricing to be used as a proxy by the C/P Coop Program as: \$0.08/lb for Pacific whiting.

Cost recovery fees are submitted to NMFS by Fish buyers via *Pay.gov* (<https://www.pay.gov/paygov/>). Fish buyers registered with *Pay.gov* can login in the upper left-hand corner of the screen. Fish buyers not registered with *Pay.gov* can go to the cost recovery forms directly from the Web site below. Click on the link to Pacific Coast

As stated in the preamble to the cost recovery proposed and final rules, in the spring of each year, NMFS will release an annual report documenting the details and data used for the above calculations. The report will include information such as the fee percentage calculation, program costs, and ex-vessel value by sector. I. Background

Section 1013(b)(1) of the Consumer Financial Protection Act, 12 U.S.C.

The Bureau established the Academic Research Council (Council) as a technical advisory body comprised of scholars to provide the Office of Research with guidance as it performs its responsibilities.

The Bureau is charged with regulating "the offering and provision of consumer financial products or services under the Federal consumer financial laws," so as to ensure that "all consumers have access to markets for consumer financial products and services and that markets for consumer financial products and services are fair, transparent, and competitive." Pursuant to section 1021(c) of the Dodd-Frank Wall Street Reform and Consumer Protection Act, Public Law 111-203 (Dodd-Frank Act), the Bureau's primary functions are:

1. Conducting financial education programs;
2. Collecting, investigating, and responding to consumer complaints;
3. Collecting, researching, monitoring, and publishing information relevant to the function of markets for consumer financial products and services to identify risks to consumers and to the proper functioning of such markets;
4. Supervising persons covered under the Dodd-Frank Act for compliance with Federal consumer financial law, and taking appropriate enforcement action to address violations of Federal consumer financial law;
5. Issuing rules, orders, and guidance implementing Federal consumer financial law; and

II. Academic Research Council

Section 1013(b)(1) of the Consumer Financial Protection Act, 12 U.S.C. 5493(b)(1), establishes the Consumer Financial Protection Bureau's Office of Research and assigns to it the responsibility of researching, analyzing, and reporting on topics relating to the Bureau's mission, including developments in markets for consumer financial products and services, consumer awareness, and consumer behavior. The Bureau established the Council as a technical advisory body comprised of scholars to provide the Office of Research with methodological and technical advice and feedback on its

research work by framing research questions; suggesting new data collection strategies and methods of analysis; providing feedback, both backward and forward looking, on the Office of Research's research program; providing input into its research strategic planning process and research agenda; collaborating with the Bureau's research staff on high value research projects which will allow for transfer of specialized expertise; and supporting high quality recruitment.

III. Qualifications

In appointing members of the Council, the Office of Research seeks to recruit tenured academics with a world class research and publishing background, and a record of public or academic service. We are seeking prominent experts who are recognized for their professional achievements and objectivity in economics, statistics, psychology or behavioral science. In particular, academics with strong methodological and technical expertise in structural or reduced form econometrics, modeling of consumer decision-making, behavioral economics, experimental economics, program evaluation, psychology, and financial choice. The members of the Council will collectively provide a balance of expertise across these areas. You can learn more about current Academic Research Council members <http://www.consumerfinance.gov/about-us/advisory-groups/academic-research-council/>.

The Bureau has a special interest in ensuring that the perspectives of women and men, all racial and ethnic groups, and individuals with disabilities are adequately represented on the Council and therefore encourages applications from qualified candidates from these groups. The Bureau also has a special interest in establishing a Council that is represented by a diversity of viewpoints and constituencies, and therefore encourages nominations for qualified candidates who:

1. Represent the United States' geographic diversity; and
2. Understand the interests of special populations identified in the Dodd-Frank Act, including servicemembers, older Americans, students, and traditionally underserved consumers and communities.

To evaluate potential sources of conflicts of interest, the Bureau will ask potential candidates to provide information related to financial holdings and/or professional affiliations, and to allow the Bureau to perform a background check. The Bureau will not review nominations and will not answer questions from internal or external parties regarding applications until the application period has closed.

The Bureau will not entertain nominations of federally registered lobbyists and individuals who have been convicted of a felony for a position on the Council.
