The Commission does not anticipate that these broadcast-specific provisions will impact the time per response for broadcast companies filing a Section 310(b)(4) petition. Thus, we estimate the same time per response for broadcast as for common carrier petitions. The Commission also finds that adopting a standardized filing and review process for broadcast licensees’ requests to exceed the 25 percent foreign ownership benchmark in Section 310(b)(4), as the Commission does for common carrier licensees, will provide the broadcast sector with greater transparency, more predictability, and reduce regulatory burdens and costs.

In addition to these tailored changes to incorporate broadcast licensees into the existing foreign ownership rules applicable to common carrier licensees under Section 310(b)(4), the 2016 Foreign Ownership Report and Order clarifies the Commission’s foreign ownership compliance procedures (to be codified in Section 1.5004(f)(3)–(4)) specifically to allow a broadcast or common carrier licensee to file a petition for declaratory ruling to remedy the licensee’s inadvertent non-compliance with the statutory foreign ownership limits or the terms and conditions of the licensee’s existing foreign ownership ruling with reasonable assurance that the Commission will not take enforcement action.

The Commission is also making non-substantial changes to this information collection to renumber the foreign ownership rules, which currently are codified in Part 1, Subpart F, Sections 1.990 through 1.994 of the Commission’s rules. The new rules, as adopted in the 2016 Foreign Ownership Report and Order, will be codified in Part 1, Subpart T, Section 1.5000 through 1.5004 of the Commission’s rules. There is for the most part a one-to-one correlation between the existing rules (1.990–1.994) and the new rules (1.5000–1.5004).
