**BILLING CODE 4310-FB-P**

**DEPARTMENT OF THE INTERIOR**

**National Park Service**

**[NPS-WASO-DPOL-18874;  
PPWODIREPO][PPMPSPD1Y.YM0000]**

**National Park System Advisory Board;  
Charter Renewal**

**AGENCY:** National Park Service, Interior.

**ACTION:** Charter renewal.

**SUMMARY:** The Secretary of the Interior intends to renew the National Park System Advisory Board, in accordance with section 14(b) of the Federal Advisory Committee Act. This action is necessary and in the public interest in connection with the performance of statutory duties imposed upon the Department of the Interior and the National Park Service.

**FOR FURTHER INFORMATION CONTACT:** Shirley Sears, Office of Policy, National Park Service, 202-354-3955.

**SUPPLEMENTARY INFORMATION:** The Board is authorized by 54 U.S.C. 102303 (part of the 1935 Historic Sites, Buildings and Antiquities Act) and has been in existence almost continuously since 1935. Pursuant to 54 U.S.C. 102303, the legislative authorization for the Board expired January 1, 2010. However, due to the importance of the issues on which the Board advises, the Secretary of the Interior exercised the authority contained in 54 U.S.C. 100906 to re-establish and continue the Board as a discretionary committee from January 1, 2010, until such time as it may be legislatively reauthorized. If the Board is reauthorized legislatively within 2 years of the date of the renewal charter, the Board will revert to a legislative Board.

The advice and recommendations provided by the Board and its subcommittees fulfill an important need within the Department of the Interior and the National Park Service, and it is necessary to re-establish the Board to ensure its work is not disrupted. The Board's 12 members will be balanced to represent a cross-section of disciplines and expertise relevant to the National Park Service mission. The renewal of the Board comports with the requirements of the Federal Advisory Committee Act, as amended.

**CERTIFICATION:** I hereby certify that the renewal of the National Park System Advisory Board is necessary and in the public interest in connection with the performance of duties imposed on the Department of the Interior by the National Park Service Organic Act (54 U.S.C. 100101(a) *et seq.*), and other statutes relating to the administration of the National Park Service.

Dated: December 22, 2015.

**Sally Jewell,**

*Secretary of the Interior.*

**National Register of Historic Places;  
Notification of Pending Nominations  
and Related Actions**

**AGENCY:** National Park Service, Interior.

**ACTION:** Notice.

**SUMMARY:** The National Park Service is soliciting comments on the significance of properties nominated before December 12, 2015, for listing or related actions in the National Register of Historic Places.

**DATES:** Comments should be submitted by January 25, 2016.

**ADDRESSES:** Comments may be sent via U.S. Postal Service to the National Register of Historic Places, National Park Service, 1849 C St. NW., MS 2280, Washington, DC 20240; by all other carriers, National Register of Historic Places, National Park Service, 1201 Eye St. NW., 8th floor, Washington, DC 20005; or by fax, 202-371-6447.

**SUPPLEMENTARY INFORMATION:**

The properties listed in this notice are being considered for listing or related actions in the National Register of Historic Places. Nominations for their consideration were received by the National Park Service before December 12, 2015. Pursuant to section 60.13 of 36 CFR part 60, written comments are being accepted concerning the significance of the nominated properties under the National Register criteria for evaluation.

Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment

to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

**Notice of Availability and Notice of  
Public Meetings for the Draft  
Environmental Impact Statement for  
the Long-Term Experimental and  
Management Plan for the Operation of  
Glen Canyon Dam, Page, Arizona**

**AGENCY:** Bureau of Reclamation and  
National Park Service, Interior.

**ACTION:** Notice.

**SUMMARY:** The Department of the Interior, through the Bureau of Reclamation and National Park Service (NPS), has made available for public review and comment the Draft Environmental Impact Statement (DEIS) for the Long-Term Experimental and Management Plan for the Operation of Glen Canyon Dam (LTEMP). The LTEMP would determine specific options for dam operations (including hourly, daily, and monthly release patterns), non-flow actions, and

appropriate experimental and management actions that will meet the requirements of the Grand Canyon Protection Act, maintain or improve hydropower production, and minimize impacts on resources, including those of importance to American Indian Tribes.

**DATES:** Written comments on the DEIS should be submitted by April 7, 2016.

Public meetings and webinars to provide information and receive written comments will be held on:

- Webinar—Tuesday, February 16, 2016, at 6:30 p.m. MST;
- Meeting—Monday, February 22, 2016, at 6:00 p.m. MST, Flagstaff, Arizona;
- Meeting—Thursday, February 25, 2016, at 6:00 p.m. MST, Phoenix, Arizona; and
- Webinar—Tuesday, March 1, 2016, at 1:00 p.m. MST.

Staff will be available to take comments and answer questions during this time.

**ADDRESSES:** You may submit written comments by the following methods:

- Web site: <http://parkplanning.nps.gov/LTEMPEIS>.
- Mail: Glen Canyon Dam LTEMP Draft EIS, Argonne National Laboratory, 9700 South Cass Avenue—EVS/240, Argonne, Illinois 60439.

Comments will not be accepted by facsimile, email, or in any other way than those specified above. Bulk comments in any format (hard copy or electronic) submitted on behalf of others will not be accepted.

Public meetings will be held at the following locations:

- Flagstaff—USGS Grand Canyon Monitoring and Research Center, 2255 N. Gemini Road, Flagstaff, Arizona 86001.
- Phoenix—Embassy Suites Phoenix-Tempe, 4400 S. Rural Road, Tempe, Arizona 85282.

For specific information about the web-based meetings, please refer to the LTEMP EIS Web site at: <http://ltempeis.anl.gov/>.

The DEIS may be viewed at the LTEMP EIS Web site at: <http://ltempeis.anl.gov/>. Compact disc copies of the DEIS are available for public inspection at several libraries and government offices. To request a compact disc of the DEIS, please contact Argonne at the address cited above or call 630–252–3169.

See the **SUPPLEMENTARY INFORMATION** section for specific locations where the DEIS is available for public inspection.

**FOR FURTHER INFORMATION CONTACT:** Ms. Beverley Heffernan, EIS Project Manager, Bureau of Reclamation, [bheffernan@usbr.gov](mailto:bheffernan@usbr.gov), 801–524–3712; or

Mr. Rob Billerbeck, National Park Service, [Rob\\_P\\_Billerbeck@nps.gov](mailto:Rob_P_Billerbeck@nps.gov), 303–987–6789.

**SUPPLEMENTARY INFORMATION:** The purpose of the proposed action is to provide a comprehensive framework for adaptively managing Glen Canyon Dam over the next 20 years consistent with the Grand Canyon Protection Act and other provisions of applicable Federal law. The proposed action will help determine specific dam operations and actions that could be implemented to improve conditions and continue to meet the Grand Canyon Protection Act's requirements and to minimize—consistent with law—adverse impacts on the downstream natural, recreational, and cultural resources in Glen Canyon National Recreation Area and Grand Canyon National Park, including resources of importance to American Indian Tribes.

The need for the proposed action stems from the need to use scientific information developed since the 1996 Record of Decision (ROD) to better inform the public of Department of the Interior decisions on dam operations and other management and experimental actions so that the Secretary of the Interior may continue to meet statutory responsibilities for protecting downstream resources for future generations, conserving Endangered Species Act-listed species, avoiding or mitigating impacts on National Register of Historic Properties-eligible properties, and protecting the interests of American Indian Tribes, while meeting obligations for water delivery and the generation of hydroelectric power.

**The DEIS Analyzes Seven Alternatives**

The DEIS assesses the potential environmental effects of seven alternatives being considered: The No-Action Alternative (Alternative A) and six Action Alternatives (Alternatives B, C, D, E, F, and G), which are described below. There are a number of experimental and management actions that would be incorporated into all of the LTEMP Action Alternatives, except where noted:

- High-flow experimental releases for sediment conservation—Implementation of high-flow experiments (HFEs) under all alternatives are patterned after the current HFE protocol (adopted in 2012), but each alternative includes specific modifications related to the frequency of spring and fall HFEs, the triggers for HFEs, and the overall process for implementation of HFEs, including implementation considerations and
