SUPPLEMENTARY INFORMATION:

Background

On July 5, 2016, the Department published in the Federal Register a notice of “Opportunity to Request Administrative Review” of the antidumping duty order on solid urea from the Russian Federation for the period of July 1, 2015 through June 30, 2016.1 On July 29 2016, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.213(b), the Department received a timely request from the petitioners, the Ad Hoc Committee of Domestic Nitrogen Producers and its individual members, CF Industries, Inc. and PCS Nitrogen Fertilizer L.P., to conduct an administrative review of the antidumping duty order on solid urea from the Russian Federation for the review period July 1, 2015 through June 30, 2016.

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.222(c)(1)(i). The Department intends to issue appropriate assessment instructions directly to CBP 15 days after the date of publication of this notice in the Federal Register.

Notification to Importers

This notice serves as the only reminder to importers whose entries will be liquidated as a result of this rescission notice, of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties and/or countervailing duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement may result in the presumption that reimbursement of antidumping duties and/or countervailing duties occurred and the subsequent assessment of double antidumping duties.

Notification Regarding Administrative Protective Order

This notice serves as the only reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely written notification of return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is published in accordance with section 751 of the Act and 19 CFR 351.213(d)(4).

Solid Urea From the Russian Federation and Ukraine: Final Results of Sunset Reviews and Revocation of Antidumping Duty Orders

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On November 1, 2016, the Department of Commerce (Department) initiated the sunset reviews of the antidumping duty orders on solid urea from the Russian Federation and Ukraine. Because the domestic interested parties did not participate in these sunset reviews, the Department is revoking these antidumping duty orders.

DATES: Effective December 20, 2016.

SUPPLEMENTARY INFORMATION:

Background

On July 14, 1987, the Department issued an antidumping duty order on solid urea from the Union of Soviet Socialist Republics (USSR).1 In December 1991, the USSR divided into 15 republics. In response to the dissolution, the Department transferred the original order to all 15 republics and applied a uniform cash deposit rate.2

1 See Antidumping or Countervailing Duty Order, Finding, or Suspended Investigation; Opportunity to Request Administrative Review, 81 FR 43584 (July 5, 2016).
3 See Initiation of Antidumping and Countervailing Duty Administrative Reviews, 81 FR 62720 (September 12, 2016).
On March 1, 1999, the Department initiated sunset reviews on these orders and later published its notice of continuation of the antidumping duty orders for certain countries. On October 1, 2004, the Department initiated the second sunset reviews of these orders and later published its notice of continuation of the antidumping duty orders on solid urea from the Russian Federation and Ukraine. On December 1, 2010, the Department initiated the third sunset reviews of these orders and later published its notice of continuation of the antidumping duty orders. On November 1, 2016, the Department initiated the fourth sunset reviews of these orders.

We did not receive a notice of intent to participate from domestic interested parties in these fourth sunset reviews by the deadline date. As a result, the Department determined that no domestic interested party intends to participate in the sunset reviews, and on November 21, 2016, we notified the International Trade Commission, in writing, that we intended to issue a final determination revoking these antidumping duty orders. On December 1, 2016, the Department received a submission from the Ministry of Economic Development and Trade of Ukraine regarding its position on this matter.

**Scope of the Orders**

The merchandise subject to the orders is solid urea, a high-nitrogen content fertilizer which is produced by reacting ammonia with carbon dioxide. The product is currently classified under the Harmonized Tariff Schedule of the United States (HTSUS) item number 3102.10.00.00. Previously such merchandise was classified under item number 480.3000 of the Tariff Schedules of the United States.

The HTSUS subheading is provided for convenience and customs purposes, the written description of the merchandise subject to the orders is dispositive.

**Determination To Revoke**

Pursuant to section 751(c)(3)(A) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.218(d)(1)(i)(ii)(B)(3), if no domestic interested party files a notice of intent to participate, the Department shall, within 90 days after the initiation of the review, issue a final determination revoking the order.

Because the domestic interested parties did not file a notice of intent to participate in these sunset reviews, the Department finds that no domestic interested party is participating in these sunset reviews. Therefore, consistent with 19 CFR 351.222(i)(2)(i) we are revoking these antidumping duty orders effective December 20, 2016, the fifth anniversary of the date the Department published its most recent notice of continuation of the antidumping duty orders.

**Effective Date of Revocation**

Pursuant to section 751(c)(3)(A) of the Act and 19 CFR 351.222(f)(2)(i), the Department will instruct U.S. Customs and Border Protection to terminate the suspension of liquidation of the merchandise subject to these orders entered, or withdrawn from warehouse, on or after December 20, 2016. Entries of subject merchandise prior to the effective date of revocation will continue to be subject to suspension of liquidation and antidumping duty deposit requirements. The Department will complete any pending administrative reviews of these orders and will conduct administrative reviews of subject merchandise entered prior to the effective date of revocation in response to appropriately filed requests for review.

We are issuing and publishing the final determination in these five-year (sunset) reviews and notice in accordance with sections 751(c) and 777(i)(1) of the Act.

Dated: December 23, 2016,

Paul Piquado,
Assistant Secretary for Enforcement and Compliance.
