FEDERAL REGISTER

Vol. 81 Friday,

No. 161 August 19, 2016

Book 1 of 2 Books

Pages 55351–55790

OFFICE OF THE FEDERAL REGISTER

The **FEDERAL REGISTER** (ISSN 0097–6326) is published daily, Monday through Friday, except official holidays, by the Office of the Federal Register, National Archives and Records Administration, Washington, DC 20408, under the Federal Register Act (44 U.S.C. Ch. 15) and the regulations of the Administrative Committee of the Federal Register (1 CFR Ch. I). The Superintendent of Documents, U.S. Government Publishing Office, Washington, DC 20402 is the exclusive distributor of the official edition. Periodicals postage is paid at Washington, DC.

The **FEDERAL REGISTER** provides a uniform system for making available to the public regulations and legal notices issued by Federal agencies. These include Presidential proclamations and Executive Orders, Federal agency documents having general applicability and legal effect, documents required to be published by act of Congress, and other Federal agency documents of public interest.

Documents are on file for public inspection in the Office of the Federal Register the day before they are published, unless the issuing agency requests earlier filing. For a list of documents currently on file for public inspection, see *www.ofr.gov.*

The seal of the National Archives and Records Administration authenticates the Federal Register as the official serial publication established under the Federal Register Act. Under 44 U.S.C. 1507, the contents of the **Federal Register** shall be judicially noticed.

The **Federal Register** is published in paper and on 24x microfiche. It is also available online at no charge at *www.fdsys.gov*, a service of the U.S. Government Publishing Office.

The online edition of the **Federal Register** is issued under the authority of the Administrative Committee of the Federal Register as the official legal equivalent of the paper and microfiche editions (44 U.S.C. 4101 and 1 CFR 5.10). It is updated by 6:00 a.m. each day the **Federal Register** is published and includes both text and graphics from Volume 59, 1 (January 2, 1994) forward. For more information, contact the GPO Customer Contact Center, U.S. Government Publishing Office. Phone 202-512-1800 or 866-512-1800 (toll free). E-mail, *gpocusthelp.com.*

The annual subscription price for the **Federal Register** paper edition is $749 plus postage, or $808, plus postage, for a combined **Federal Register, Federal Register** Index and List of CFR Sections Affected (LSA) subscription; the microfiche edition of the **Federal Register** including the **Federal Register** Index and LSA is $165, plus postage. Six month subscriptions are available for one-half the annual rate. The prevailing postal rates will be applied to orders according to the delivery method requested. The price of a single copy of the daily **Federal Register,** including postage, is based on the number of pages: $11 for an issue containing less than 200 pages; $22 for an issue containing 200 to 400 pages; and $33 for an issue containing more than 400 pages. Single issues of the microfiche edition may be purchased for $3 per copy, including postage. Remit check or money order, made payable to the Superintendent of Documents, or charge to your GPO Deposit Account, VISA, MasterCard, American Express, or Discover. Mail to: U.S. Government Publishing Office—New Orders, P.O. Box 979050, St. Louis, MO 63197-9000; or call toll free 1-866-512-1800, DC area 202-512-1800; or go to the U.S. Government Online Bookstore site, see *bookstore.gpo.gov.*

There are no restrictions on the republication of material appearing in the **Federal Register.**

How To Cite This Publication: Use the volume number and the page number. Example: 81 FR 12345.

Postmaster: Send address changes to the Superintendent of Documents, Federal Register, U.S. Government Publishing Office, Washington, DC 20402, along with the entire mailing label from the last issue received.

Rules and Regulations

Federal Register
Vol. 81, No. 161
Friday, August 19, 2016

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 25

[Docket No. FAA–2015–5758; Special Conditions No. 25–632–SC]

Special Conditions: The Boeing Company, Boeing Model 737–8 Airplane; Non-Rechargeable Lithium Battery Installations

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final special conditions.

SUMMARY: These special conditions are issued for the Boeing Company (Boeing) Model 737–8 airplane. This airplane will have a novel or unusual design feature when compared to the state of technology envisioned in the airworthiness standards for transport-category airplanes. This design feature is associated with non-rechargeable lithium battery installations. The applicable airworthiness regulations do not contain adequate or appropriate safety standards for this design feature. These special conditions contain the additional safety standards that the Administrator considers necessary to establish a level of safety equivalent to that established by the existing airworthiness standards.

DATES: Effective April 22, 2017.

FOR FURTHER INFORMATION CONTACT: Nazih Khaouly, Airplane and Flight Crew Interface Branch, ANM–111, Transport Airplane Directorate, Aircraft Certification Service, 1601 Lind Avenue SW., Renton, Washington, 98057–3356; telephone 425–227–2432; facsimile 425–227–1149.

SUPPLEMENTARY INFORMATION:

Future Requests for Installation of Non-Rechargeable Lithium Batteries

The FAA anticipates that non-rechargeable lithium batteries will be installed in other makes and models of airplanes. We have determined to require special conditions for all applications requesting non-rechargeable lithium battery installations, except the installations excluded in the Applicability section, until the airworthiness requirements can be revised to address this issue. Applying special conditions to these installations across the range of all transport-airplane makes and models ensures regulatory consistency among applicants.

The FAA issued special conditions no. 25–612–SC to Gulfstream Aerospace Corporation for their GVI airplane. Those are the first special conditions the FAA issued for non-rechargeable lithium battery installations. We explained in that document our determination to make those special conditions effective one year after publication of those special conditions in the **Federal Register**, and our intention for other special conditions for other makes and models to be effective on this same date or 30 days after their publication, whichever is later.

Background

On January 27, 2012, Boeing applied for an amendment to type certificate no. A16WE to include a new Model 737–8 airplane. The Model 737–8 airplane is a twin-engine, transport-category airplane that is a derivative of the Model 737–800 airplane. The Model 737–8 has a maximum passenger capacity of 200 and a maximum takeoff weight of 181,200 lbs.

Type Certification Basis

Under the provisions of title 14, Code of Federal Regulations (14 CFR) 21.101, Boeing must show that the Model 737–8 airplane meets the applicable provisions of the regulations listed in type certificate no. A16WE or the applicable regulations in effect on the date of application for the change, except for earlier amendments as agreed upon by the FAA. The regulations listed in the type certificate are commonly referred to as the ''original type certification basis.'' The regulations listed in type certificate no. A16WE are 14 CFR part 25 effective February 1, 1965 including Amendments 25–1 through 25–77 with exceptions listed in the type certificate. In addition, the certification basis includes other regulations, special conditions, and exemptions that are not relevant to these special conditions. Type certificate no. A16WE will be updated to include a complete description of the certification basis for this airplane model.

If the Administrator finds that the applicable airworthiness regulations (*i.e.,* 14 CFR part 25) do not contain adequate or appropriate safety standards for the Model 737–8 airplane because of a novel or unusual design feature, special conditions are prescribed under the provisions of § 21.16.

Special conditions are initially applicable to the airplane model for which they are issued. Should the type certificate for that model be amended later to include any other model that incorporates the same novel or unusual design feature, or should any other model already included on the same type certificate be modified to incorporate the same novel or unusual design feature, these special conditions would also apply to the other model under § 21.101.

In addition to the applicable airworthiness regulations and special conditions, the Model 737–8 airplane must comply with the fuel-vent and exhaust-emission requirements of 14 CFR part 34, and the noise-certification requirements of 14 CFR part 36.

The FAA issues special conditions, as defined in 14 CFR 11.19, in accordance with § 11.38, and they become part of the type-certification basis under § 21.101.

Novel or Unusual Design Features

The Boeing Model 737–8 airplane will incorporate non-rechargeable lithium batteries.

A battery system consists of the battery and any protective, monitoring, and alerting circuitry or hardware inside or outside of the battery. It also includes vents (where necessary) and packaging. For the purpose of these special conditions, a ''battery'' and ''battery system'' are referred to as a battery.

Discussion

The FAA derived the current regulations governing installation of batteries in transport-category airplanes from Civil Air Regulations (CAR) 4b.625(d) as part of the re-codification of CAR 4b that established 14 CFR part 25 in February 1965. We basically reworded the battery requirements, which are currently in § 25.1353(b)(1) through (4), from the CAR requirements.

Non-rechargeable lithium batteries are novel and unusual with respect to the state of technology considered when these requirements were codified. These batteries introduce higher energy levels into airplane systems through new chemical compositions in various battery-cell sizes and construction. Interconnection of these cells in battery packs introduces failure modes that require unique design considerations, such as provisions for thermal management.

Recent events involving rechargeable and non-rechargeable lithium batteries prompted the FAA to initiate a broad evaluation of these energy-storage technologies. In January 2013, two independent events involving rechargeable lithium-ion batteries demonstrated unanticipated failure modes. A National Transportation Safety Board (NTSB) letter to the FAA, dated May 22, 2014, which is available at *http://www.ntsb.gov,* filename A–14–032–036.pdf, describes these events.

On July 12, 2013, an event involving a non-rechargeable lithium battery in an emergency-locator-transmitter installation demonstrated unanticipated failure modes. The United Kingdom's Air Accidents Investigation Branch Bulletin S5/2013 describes this event.

Some known uses of rechargeable and non-rechargeable lithium batteries on airplanes include:

• Flight deck and avionics systems such as displays, global positioning systems, cockpit voice recorders, flight data recorders, underwater locator beacons, navigation computers, integrated avionics computers, satellite network and communication systems, communication-management units, and remote-monitor electronic line-replaceable units;

• Cabin safety, entertainment, and communications equipment, including emergency-locator transmitters, life rafts, escape slides, seatbelt air bags, cabin management systems, Ethernet switches, routers and media servers, wireless systems, internet and in-flight entertainment systems, satellite televisions, remotes, and handsets;

• Systems in cargo areas including door controls, sensors, video surveillance equipment, and security systems.

Some known potential hazards and failure modes associated with non-rechargeable lithium batteries are:

• Internal failures: In general, these batteries are significantly more susceptible to internal failures that can result in self-sustaining increases in temperature and pressure (*i.e.,* thermal runaway) than their nickel-cadmium or lead-acid counterparts. The metallic lithium can ignite, resulting in a self-sustaining fire or explosion.

• Fast or imbalanced discharging: Fast discharging or an imbalanced discharge of one cell of a multi-cell battery may create an overheating condition that results in an uncontrollable venting condition, which in turn leads to a thermal event or an explosion.

• Flammability: Unlike nickel-cadmium and lead-acid batteries, lithium batteries use higher energy and current in an electrochemical system that can be configured to maximize energy storage of lithium. They also use liquid electrolytes that can be extremely flammable. The electrolyte, as well as the electrodes, can serve as a source of fuel for an external fire if the battery casing is breached.

Special condition 1 requires that each individual cell within a non-rechargeable lithium battery be designed to maintain safe temperatures and pressures. Special condition 2 addresses these same issues but for the entire battery. Special condition 2 requires that the battery be designed to prevent propagation of a thermal event, such as self-sustained, uncontrolled increases in temperature or pressure from one cell to adjacent cells.

Special conditions 1 and 2 are intended to ensure that the non-rechargeable lithium battery and its cells are designed to eliminate the potential for uncontrolled failures. However, a certain number of failures will occur due to various factors beyond the control of the designer. Therefore, other special conditions are intended to protect the airplane and its occupants if failure occurs.

Special conditions 3, 7, and 8 are self-explanatory, and the FAA does not provide further explanation for them at this time.

Special condition 4 makes it clear that the flammable-fluid fire-protection requirements of § 25.863 apply to non-rechargeable lithium battery installations. Section 25.863 is applicable to areas of the airplane that could be exposed to flammable fluid leakage from airplane systems. Non-rechargeable lithium batteries contain electrolyte that is a flammable fluid.

Special condition 5 requires each non-rechargeable lithium battery installation to not damage surrounding structure or adjacent systems, equipment, or electrical wiring from corrosive fluids or gases that may escape. Special condition 6 requires each non-rechargeable lithium battery installation to have provisions to prevent any hazardous effect on airplane structure or systems caused by the maximum amount of heat it can generate due to any failure of it or its individual cells. The means of meeting these special conditions may be the same, but they are independent requirements addressing different hazards. Special condition 5 addresses corrosive fluids and gases, whereas special condition 6 addresses heat.

These special conditions will apply to all non-rechargeable lithium battery installations in lieu of § 25.1353(b)(1) through (4) at Amendment 25–123. Sections 25.1353(b)(1) through (4) at Amendment 25–123 will remain in effect for other battery installations.

These special conditions contain the additional safety standards that the Administrator considers necessary to establish a level of safety equivalent to that established by the existing airworthiness standards.

Discussion of Comments

Notice of proposed special conditions no. 25–16–02–SC, for the Boeing 737–8 airplane, was published in the **Federal Register** on February 11, 2016 [81 FR 7249]. We received two substantive comments.

The Aerospace Industries Association (AIA) provided several comments that were identical to their comments for special conditions no. 25–612–SC (81 FR 23573), which we issued to Gulfstream Aerospace Corporation for non-rechargeable lithium battery installations on Gulfstream GVI airplanes. The FAA responded to each of these comments in that final special conditions document. We incorporated the same revisions into this Boeing 737–8 special conditions that we incorporated into the Gulfstream GVI special conditions as a result of AIA's comments.

Boeing commented that they fully support AIA's comments.

Boeing requested that the FAA provide adequate time before non-rechargeable lithium battery special conditions become effective to support validation activities by foreign civil airworthiness authorities (FCAA) and to not adversely impact future airplane deliveries by all applicants. The FAA considered this same comment from Boeing for special conditions no. 25–612–SC and provided a detailed response in that document. We determined the effective date for these Boeing 737–8 special conditions based on Boeing's comment and other factors stated in special conditions no. 25–612–SC.

Boeing commented that the FAA needs to clearly define the applicability of these special conditions. The FAA concurs. Boeing's comment is similar to

their comment on special conditions no. 25–612–SC. We provided a detailed response in special conditions no. 25–612–SC and have now clearly defined the applicability for these Boeing 737–8 special conditions. One aspect of Boeing's comment that we did not address in special conditions no. 25–612–SC is that some design changes may not change a lithium battery installation but affect it, which results in these special conditions being applicable. For example, adding a heat source next to a lithium battery can increase its possibility of entering into thermal runaway. Lithium battery installations affected by design changes must meet these special conditions. Some examples of changes that affect lithium battery installations are those that:

- Increase the temperatures or pressures in a battery,
- Increase the electrical load on a battery,
- Increase potential for imbalance between battery cells,
- Modify protective circuitry for a lithium battery,
- Increase the airplane level risk due to the location of an existing lithium battery. An example is installation of a new oxygen line next to an existing part that has a lithium battery. The airplane level risk may increase due to the potential hazard of a lithium battery fire in the proximity of oxygen.

The FAA has determined that ''uncontrolled'' in special condition 2 should be ''uncontrollable'' to more accurately describe the concern. This revision does not change the intended meaning of this special condition.

Except as discussed above, the special conditions are adopted as proposed.

Applicability

As discussed above, these special conditions are applicable to the Model 737–8 airplane. Should the applicant apply at a later date for a change to the type certificate to include another model incorporating the same novel or unusual design feature, or should any other model already included on the same type certificate be modified to incorporate the same novel or unusual design feature, these special conditions would apply to that model as well.

These special conditions are only applicable to design changes applied for after the effective date of the special conditions. The existing airplane fleet and follow-on deliveries of airplanes with previously certified non-rechargeable lithium battery installations are not affected.

These special conditions are not applicable to previously certified non-rechargeable lithium battery installations where the only change is either cosmetic or relocating the installation to improve the safety of the airplane and occupants. The FAA determined that this exclusion is in the public interest because the need to meet all of the special conditions might otherwise deter such design changes that involve relocating batteries. A cosmetic change is a change in appearance only, and does not change any function or safety characteristic of the battery installation.

Conclusion

This action affects only certain novel or unusual design features on one model of airplane. It is not a rule of general applicability.

List of Subjects in 14 CFR Part 25

Aircraft, Aviation safety, Reporting and recordkeeping requirements.

■ The authority citation for these special conditions is as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701, 44702, 44704.

The Special Conditions

Accordingly, the following special conditions are part of the type certification basis for the Boeing Model 737–8 airplane.

Non-Rechargeable Lithium Battery Installations

In lieu of § 25.1353(b)(1) through (b)(4) at Amendment 25–123, each non-rechargeable lithium battery installation must:

1. Maintain safe cell temperatures and pressures under all foreseeable operating conditions to prevent fire and explosion.
2. Prevent the occurrence of self-sustaining, uncontrollable increases in temperature or pressure.
3. Not emit explosive or toxic gases, either in normal operation or as a result of its failure, that may accumulate in hazardous quantities within the airplane.
4. Meet the requirements of § 25.863.
5. Not damage surrounding structure or adjacent systems, equipment, or electrical wiring from corrosive fluids or gases that may escape in such a way as to cause a major or more-severe failure condition.
6. Have provisions to prevent any hazardous effect on airplane structure or systems caused by the maximum amount of heat it can generate due to any failure of it or its individual cells.
7. Have a failure sensing and warning system to alert the flightcrew if its failure affects safe operation of the airplane.
8. Have a means for the flightcrew or maintenance personnel to determine the battery charge state if the battery's function is required for safe operation of the airplane.

Note: A battery system consists of the battery and any protective, monitoring, and alerting circuitry or hardware inside or outside of the battery. It also includes vents (where necessary) and packaging. For the purpose of these special conditions, a ''battery'' and ''battery system'' are referred to as a battery.

Issued in Renton, Washington, on August 12, 2016.

Michael Kaszycki,

Assistant Manager, Transport Airplane Directorate, Aircraft Certification Service.

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. FAA–2015–3986; Directorate Identifier 2015–NM–057–AD; Amendment 39–18613; AD 2016–16–15]

RIN 2120–AA64

Airworthiness Directives; Bombardier, Inc. Airplanes

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: We are adopting a new airworthiness directive (AD) for certain Bombardier, Inc. Model DHC–8–400, –401, and –402 airplanes. This AD was prompted by reports of chafing damage due to insufficient clearance on the main landing gear (MLG) stabilizer brace, the nacelle A-frame structure, and the adjacent electrical wiring harnesses. An insufficient fillet radius may also exist on certain airplanes. This AD requires, depending on airplane configuration, an inspection of the nacelle A-frame structure for insufficient fillet radius; an inspection for cracking of affected structure, and rework or repair if necessary, and rework of the nacelle A-frame structure; repetitive inspections of the nacelle A-frame structure and the MLG stabilizer brace for insufficient clearance and damage, and repair if necessary, and rework of the nacelle A-frame structure, which would terminate the repetitive inspections; installation of new stop brackets and a shim on each MLG stabilizer brace assembly; and rework of the electrical wiring harnesses in the nacelle area. We are issuing this AD to

detect and correct chafing damage and subsequent premature cracking and fracture of the nacelle A-frame structure, which could result in failure of the MLG stabilizer brace and loss of the MLG down-lock indication, which could adversely affect the safe landing of the airplane.

DATES: This AD is effective September 23, 2016.

The Director of the Federal Register approved the incorporation by reference of certain publications listed in this AD as of September 23, 2016.

ADDRESSES: For Bombardier service information identified in this final rule, contact Bombardier, Inc., Q-Series Technical Help Desk, 123 Garratt Boulevard, Toronto, Ontario M3K 1Y5, Canada; telephone 416–375–4000; fax 416–375–4539; email *thd.qseries@aero.bombardier.com;* Internet *http://www.bombardier.com.* For Goodrich service information identified in this AD, contact Goodrich Corporation, Landing Gear, 1400 South Service Road, West Oakville, ON, Canada L6L 5Y7; phone: 905–825–1568; email: *jean.breed@goodrich.com;* Internet: *http://www.goodrich.com/TechPubs.* You may view this referenced service information at the FAA, Transport Airplane Directorate, 1601 Lind Avenue SW., Renton, WA. For information on the availability of this material at the FAA, call 425–227–1221. It is also available on the Internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2015–3986.

Examining the AD Docket

You may examine the AD docket on the Internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2015–3986; or in person at the Docket Management Facility between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this AD, the regulatory evaluation, any comments received, and other information. The street address for the Docket Office (telephone 800–647–5527) is Docket Management Facility, U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590.

FOR FURTHER INFORMATION CONTACT: Aziz Ahmed, Aerospace Engineer, Airframe and Mechanical Systems Branch, ANE–171, FAA, New York Aircraft Certification Office, 1600 Stewart Avenue, Suite 410, Westbury, NY 11590; telephone 516–228–7329; fax 516–794–5531.

SUPPLEMENTARY INFORMATION:

Discussion

We issued a notice of proposed rulemaking (NPRM) to amend 14 CFR part 39 by adding an AD that would apply to certain Bombardier, Inc. Model DHC–8–400, –401, and –402 airplanes. The NPRM published in the **Federal Register** on October 19, 2015 (80 FR 63147) (''the NPRM''). The NPRM was prompted by reports of chafing damage due to insufficient clearance on the MLG stabilizer brace, the nacelle A-frame structure, and the adjacent electrical wiring harnesses. An insufficient fillet radius may also exist on certain airplanes. The NPRM proposed to require, depending on airplane configuration, an inspection of the nacelle A-frame structure for insufficient fillet radius; an inspection for cracking of affected structure, and rework or repair if necessary, and rework of the nacelle A-frame structure; repetitive inspections of the nacelle A-frame structure and the MLG stabilizer brace for insufficient clearance and damage, and repair if necessary, and rework of the nacelle A-frame structure, which would terminate the repetitive inspections; installation of new stop brackets and a shim on each MLG stabilizer brace assembly; and rework of the electrical wiring harnesses in the nacelle area. We are issuing this AD to detect and correct chafing damage and subsequent premature cracking and fracture of the nacelle A-frame structure, which could result in failure of the MLG stabilizer brace and loss of the MLG down-lock indication, which could adversely affect the safe landing of the airplane.

Transport Canada Civil Aviation (TCCA), which is the aviation authority for Canada, has issued Canadian Airworthiness Directive CF–2014–45, dated December 23, 2014 (referred to after this as the Mandatory Continuing Airworthiness Information, or ''the MCAI''), to correct an unsafe condition on certain Bombardier, Inc. Model DHC–8–400, –401, and –402 airplanes. The MCAI states:

> The aeroplane manufacturer has discovered that an insufficient fillet radius may exist on the flange of the nacelle A-frame structure on certain aeroplanes. There have also been several in-service reports of chafing damage on the main landing gear (MLG) stabilizer brace, the nacelle A-frame structure and its adjacent electrical wiring harnesses due to insufficient clearance.
>
> An insufficient fillet radius and chafing damage on the nacelle A-frame structure and MLG stabilizer brace could lead to premature cracking. Fracture of the nacelle A-frame structure or failure of the MLG stabilizer brace could adversely affect the safe landing of the aeroplane. The damage to the electrical wiring harnesses could result in the loss of the MLG downlock indication.
>
> This [Canadian] AD mandates the inspection and rework of the nacelle A-frame structure, and the rework of the forward MLG stabilizer brace assembly and the electrical harnesses in the nacelle area adjacent to the A-frame structure.

The following actions are required, depending on airplane configuration.

- A detailed inspection of the nacelle A-frame structure for insufficient fillet radius, an eddy current or fluorescent dye penetrant inspection for cracking of affected structure, and rework or repair if necessary.
- Rework of the left-hand (LH) side and right-hand (RH) side nacelle A-frame structure, including doing a measurement of the clearance between the fasteners/A-frame structure and MLG stabilizer brace assembly and making sure no fouling condition exists, and repair if necessary.
- Repetitive detailed inspections of the nacelle A-frame structure and the MLG stabilizer brace for insufficient clearance and damage, and repair if necessary.
- Rework of the nacelle A-frame structure, including a measurement of the clearance between the A-frame structure and MLG stabilizer brace assembly, and a fluorescent dye penetrant inspection or high frequency eddy current inspection for cracking and repair if necessary, which would terminate the repetitive inspections.
- Installation of new stop brackets and a shim on each MLG stabilizer brace assembly.
- Rework of the electrical wiring harnesses in the nacelle area. The rework includes a detailed inspection of the conduit assembly for certain conditions and repair if any condition is found, replacement of damaged conduit, a measurement of the clearance between the stabilizer brace and electrical harness on both LH and RH nacelles to make sure there is 0.100 inch (2.54 millimeters (mm)) minimum clearance between the MLG stabilizer brace, and a check for damage on the A-frame structure and MLG stabilizer brace and repair if necessary.

You may examine the MCAI in the AD docket on the Internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2015–3986.

Comments

We gave the public the opportunity to participate in developing this AD. The following presents the comments received on the NPRM and the FAA's response to each comment.

Request To Incorporate Revised Service Information and Provide Credit

Horizon Air asked that the following revised service information be included in the proposed AD for the applicable actions:

- Bombardier Service Bulletin 84–54–20, Revision C, dated March 5, 2015.
- Bombardier Service Bulletin 84–32–112, Revision C, dated April 2, 2015.
- Bombardier Service Bulletin 84–32–114, Revision B, dated February 3, 2015.
- Goodrich Service Bulletin 46400–32–102 R2, Revision 2, dated February 17, 2015.

Horizon Air pointed out that several of the service documents specified in the proposed AD have been updated, and asserted that the proposed AD should be revised to reference the updated service information. Horizon Air also asked that credit be given for actions done using the previous revisions of the revised service information.

We agree with the commenter's requests. No new work is specified by the revised service information; therefore, we have revised the ''Related Service Information under 1 CFR part 51'' section and the applicable requirements of this AD to refer to the updated service information. We have also revised paragraph (m) of this AD to provide credit for certain actions required by this AD, if those actions were performed before the effective date of this AD using earlier revisions of the service information identified previously.

Request To Omit Job Set-Up and Close Out Actions

Horizon Air asked that we not mandate the ''Job Set-up'' and ''Close Out'' sections of the Accomplishment Instructions of certain service information referenced in the NPRM. Horizon Air stated that these instructions do not directly correct the unsafe condition, but they do restrict an operator's ability to perform other maintenance in conjunction with the instructions that correct the unsafe condition. Horizon Air added that only the section in the Accomplishment Instructions that directly corrects the unsafe condition should be required.

We agree with the commenter's request to exclude the ''Job Set-up'' and ''Close Out'' sections of the Accomplishment Instructions of certain service information identified in this AD. Paragraphs (g), (h), (i), and (j) of this AD already identify the specific sections of the Accomplishment Instructions of the applicable service information for doing only the actions that directly address the unsafe condition; therefore, there are no changes necessary in those paragraphs in this regard. However, we have revised paragraph (k) of this AD to specify doing only the actions provided in ''Part B—Procedure,'' of the Accomplishment Instructions of Bombardier Service Bulletin 84–32–114, Revision B, dated February 3, 2015, for the required actions specified in that paragraph.

Request To Clarify a Certain Reference

Horizon Air asked that we revise the paragraph references in paragraph (l)(1) of the proposed AD for clarity. Horizon Air stated that paragraph (l)(1) of the proposed AD refers to Bombardier ModSum IS4Q5450002, Revision B, dated June 22, 2012, as acceptable for compliance with the actions specified in paragraph (g) of the proposed AD. Horizon Air noted that for greater clarity, the reference should be to paragraph (g)(2) of the proposed AD.

We agree with the commenter's request for the reasons provided. We have changed paragraph (l)(1) of this AD to specify that installing specified fasteners on the MLG A-frame, in both LH and RH nacelles, in accordance with Bombardier ModSum IS4Q5450002, Revision B, dated June 22, 2012, is acceptable for compliance with the actions specified in paragraph (g)(2) of this AD.

Conclusion

We reviewed the relevant data, considered the comments received, and determined that air safety and the public interest require adopting this AD with the changes described previously and minor editorial changes. We have determined that these minor changes:

- Are consistent with the intent that was proposed in the NPRM for correcting the unsafe condition; and
- Do not add any additional burden upon the public than was already proposed in the NPRM.

We also determined that these changes will not increase the economic burden on any operator or increase the scope of this AD.

Related Service Information Under 1 CFR Part 51

Bombardier has issued the following service information.

- ModSum IS4Q2400028, Revision B, dated December 11, 2012; and ModSum IS4Q2400029, Revision A, dated July 6, 2012. These modsums describe procedures for rerouting certain electrical harnesses and installing grommets.
- ModSum IS4Q5450002, Revision B, dated June 22, 2012. This modsum describes procedures for installing specified fasteners on the MLG A-frame, in both the LH and RH nacelles.
- ModSum IS4Q5450003, Revision C, dated November 29, 2012. This modsum describes procedures for trimming the horizontal and vertical stiffeners on the MLG A frame in both the LH and RH nacelles.
- Service Bulletin 84–32–112, Revision C, dated April 2, 2015. This service information describes procedures for incorporating Bombardier ModSum 4–902416 by installing new stop brackets and new stop shims for all MLG stabilizer brace assemblies.
- Service Bulletin 84–32–114, Revision B, dated February 3, 2015. This service information describes procedures for rework of the electrical wiring harnesses in the nacelle area. The rework includes a detailed inspection of the conduit assembly for certain conditions, and repair, replacement of damaged conduit, a measurement of the clearance to make sure there is 0.100 inch (2.54 mm) minimum clearance between the MLG stabilizer brace, and a check for damage on the A-frame structure and MLG stabilizer brace and repair.
- Service Bulletin 84–54–19, dated April 18, 2013. This service information describes procedures for detailed inspections of the nacelle A-frame structure for insufficient fillet radius, an eddy current or fluorescent dye penetrant inspection for cracking of affected structure, and rework or repair.
- Service Bulletin 84–54–20, Revision C, dated March 5, 2015. This service information describes procedures for detailed inspections of the nacelle A-frame structure and the MLG stabilizer brace for insufficient clearance and damage, and repair. This service information also describes procedures for rework of the nacelle A-frame structure, including a measurement of the clearance between the A-frame structure and MLG stabilizer brace assembly, and a fluorescent dye penetrant inspection or high frequency eddy current inspection for cracking and repair, which would end the inspections.
- Service Bulletin 84–54–21, dated May 9, 2013. This service information describes procedures for rework of the LH side and RH side nacelle A-frame structure, including a measurement of the clearance between the fasteners/A-frame structure and MLG stabilizer brace assembly and to make sure no fouling condition exists, and repair.

Goodrich has issued the following service information.

• Service Bulletin 46400–32–102 R2, Revision 2, dated February 17, 2015. This service information describes procedures for installing new stop brackets and new stop shims for all MLG stabilizer brace assemblies.

This service information is reasonably available because the interested parties have access to it through their normal course of business or by the means identified in the **ADDRESSES** section.

Costs of Compliance

We estimate that this AD affects 80 airplanes of U.S. registry.

We also estimate that it takes up to 50 work-hours per product to comply with the basic requirements of this AD. The average labor rate is $85 per work-hour. Required parts will cost $8,452 per product. Based on these figures, we estimate the cost of this AD on U.S. operators to be up to $1,016,160, or $12,702 per product.

We have received no definitive data that would enable us to provide cost estimates for the on-condition actions specified in this AD.

Authority for This Rulemaking

Title 49 of the United States Code specifies the FAA's authority to issue rules on aviation safety. Subtitle I, section 106, describes the authority of the FAA Administrator. ''Subtitle VII: Aviation Programs,'' describes in more detail the scope of the Agency's authority.

We are issuing this rulemaking under the authority described in ''Subtitle VII, Part A, Subpart III, Section 44701: General requirements.'' Under that section, Congress charges the FAA with promoting safe flight of civil aircraft in air commerce by prescribing regulations for practices, methods, and procedures the Administrator finds necessary for safety in air commerce. This regulation is within the scope of that authority because it addresses an unsafe condition that is likely to exist or develop on products identified in this rulemaking action.

Regulatory Findings

We determined that this AD will not have federalism implications under Executive Order 13132. This AD will not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.

For the reasons discussed above, I certify that this AD:

1. Is not a ''significant regulatory action'' under Executive Order 12866;

2. Is not a ''significant rule'' under the DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979);

3. Will not affect intrastate aviation in Alaska; and

4. Will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

Adoption of the Amendment

Accordingly, under the authority delegated to me by the Administrator, the FAA amends 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

■ 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

■ 2. The FAA amends § 39.13 by adding the following new airworthiness directive (AD):

2016–16–15 Bombardier, Inc.: Amendment 39–18613; Docket No. FAA–2015–3986; Directorate Identifier 2015–NM–057–AD.

(a) Effective Date

This AD is effective September 23, 2016.

(b) Affected ADs

None.

(c) Applicability

This AD applies to Bombardier, Inc. Model DHC–8–400, –401, and –402 airplanes, certificated in any category, serial numbers (S/Ns) 4001 through 4431 inclusive.

(d) Subject

Air Transport Association (ATA) of America Code 32, Landing Gear.

(e) Reason

This AD was prompted by reports of chafing damage due to insufficient clearance on the main landing gear (MLG) stabilizer brace, the nacelle A-frame structure, and the adjacent electrical wiring harnesses. An insufficient fillet radius might also exist on certain airplanes. We are issuing this AD to detect and correct chafing damage and subsequent premature cracking and fracture of the nacelle A-frame structure, which could result in failure of the MLG stabilizer brace and loss of the MLG down-lock indication, which could adversely affect the safe landing of the airplane.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Inspection, Corrective Actions, and Rework

For airplanes having S/Ns 4001 through 4055 inclusive: Do the actions required by paragraphs (g)(1) and (g)(2) of this AD.

(1) Within 600 flight hours or 100 days after the effective date of this AD, whichever occurs first: Do a detailed inspection of the left-hand (LH) side and right-hand (RH) side nacelle A-frame structure for insufficient fillet radius, in accordance with ''Part A—Inspection'' of the Accomplishment Instructions of Bombardier Service Bulletin 84–54–19, dated April 18, 2013. If an insufficient fillet radius exists, before further flight, do an eddy current or fluorescent dye penetrant inspection for cracking, in accordance with ''Part A—Inspection'' of the Accomplishment Instructions of Bombardier Service Bulletin 84–54–19, dated April 18, 2013.

(i) If any cracking is found: Before further flight, repair using a method approved by the Manager, New York Aircraft Certification Office (ACO), ANE–170, FAA; or Transport Canada Civil Aviation (TCCA); or Bombardier, Inc.'s TCCA Design Approval Organization (DAO).

(ii) If no cracking is found: Before further flight, rework the structure, in accordance with ''Part B—Rectification'' of the Accomplishment Instructions of Bombardier Service Bulletin 84–54–19, dated April 18, 2013.

(2) Within 6,000 flight hours or 36 months after the effective date of this AD, whichever occurs first: Rework the LH side and RH side nacelle A-frame structure, including doing a measurement of the clearance between the fasteners/A-frame structure and MLG stabilizer brace assembly and making sure no fouling condition exists, in accordance with paragraph 3.B., ''Procedure,'' of the Accomplishment Instructions of Bombardier Service Bulletin 84–54–21, dated May 9, 2013. If the clearance is found to be less than 0.100 inch (2.54 millimeters (mm)) between the fasteners/A-frame structure and MLG stabilizer brace assembly after the rework is done, or a fouling condition exists during the extension of the MLG after rework is done, before further flight, repair using a method approved by the Manager, New York ACO, ANE–170, FAA; or TCCA; or Bombardier, Inc.'s TCCA DAO.

(h) Repetitive Inspections and Corrective Actions

For airplanes having S/Ns 4056 through 4426 inclusive: Within 600 flight hours or 100 days after the effective date of this AD, whichever occurs first, do a detailed inspection of the LH side and RH side nacelle A-frame structure and upper surface of the MLG stabilizer brace for insufficient clearance and damage (*e.g.,* cracking), in accordance with ''Part A—Inspection'' of the Accomplishment Instructions of Bombardier Service Bulletin 84–54–20, Revision C, dated March 5, 2015. If no damage is found and clearance is sufficient: Repeat the inspection thereafter at intervals not to exceed 600 flight hours until the terminating action required by paragraph (i) of this AD has been done.

(1) If a clearance less than 0.100 inch (2.54 mm) exists between the A-frame structure

and the MLG stabilizer brace assembly in the retracted position, after the rework is done, before further flight, repair using a method approved by the Manager, New York ACO, ANE–170, FAA; or TCCA; or Bombardier, Inc.'s TCCA DAO.

(2) If any damage is found: Before further flight, repair using a method approved by the Manager, New York ACO, ANE–170, FAA; or TCCA; or Bombardier, Inc.'s TCCA DAO.

(i) Terminating Action for Certain Airplanes

For airplanes having S/Ns 4056 through 4426 inclusive: Within 6,000 flight hours or 36 months after the effective date of this AD, whichever occurs first, rework the LH side and RH side nacelle A-frame structure, including doing a measurement of the clearance between the A-frame structure and MLG stabilizer brace assembly and doing a fluorescent dye penetrant inspection or high frequency eddy current inspection for cracking, in accordance with ''Part B—Rework'' of the Accomplishment Instructions of Bombardier Service Bulletin 84–54–20, Revision C, dated March 5, 2015. Accomplishment of the actions required by this paragraph terminates the repetitive inspections required by paragraph (h) of this AD.

(1) If a clearance less than 0.100 inch (2.54 mm) exists between the A-frame structure and the MLG stabilizer brace assembly in the retracted position, after the rework is done, before further flight, repair using a method approved by the Manager, New York ACO, ANE–170, FAA; or TCCA; or Bombardier, Inc.'s TCCA DAO.

(2) If any cracking is found: Before further flight, repair using a method approved by the Manager, New York ACO, ANE–170, FAA; or TCCA; or Bombardier, Inc.'s TCCA DAO.

(j) Modification of MLG Stabilizer Brace Assembly

For airplanes having S/Ns 4001 through 4431 inclusive with a MLG stabilizer brace assembly having part number (P/N) 46400–27 installed: Within 6,000 flight hours or 36 months after the effective date of this AD, whichever occurs first, incorporate Bombardier ModSum 4–902416 by installing new stop brackets and a new shim on each MLG stabilizer brace assembly, in accordance with paragraph 3.B., ''Procedure,'' of the Accomplishment Instructions of Bombardier Service Bulletin 84–32–112, Revision C, dated April 2, 2015; and Goodrich Service Bulletin 46400–32–102 R2, Revision 2, dated February 17, 2015.

(k) Rework of the Electrical Wiring Harnesses

For airplanes having S/Ns 4001 through 4411 inclusive: Within 6,000 flight hours or 36 months after the effective date of this AD, whichever occurs first, rework the LH and RH sides of the electrical wiring harnesses in the nacelle area adjacent to the A-frame structure, including doing the actions specified in paragraphs (k)(1) through (k)(4) of this AD, in accordance with ''Part B—Procedure'' of the Accomplishment Instructions of Bombardier Service Bulletin 84–32–114, Revision B, dated February 3, 2015. If any damage is found on the A-frame structure or MLG stabilizer brace, before further flight, repair using a method approved by the Manager, New York ACO, ANE–170, FAA; or TCCA; or Bombardier, Inc.'s TCCA DAO.

(1) Doing a detailed inspection of the conduit assembly for the conditions specified in Bombardier Service Bulletin 84–32–114, Revision B, dated February 3, 2015, and, before further flight, repairing if any condition is found.

(2) Replacing damaged conduit.

(3) Measuring the clearance between the stabilizer brace and electrical harness on both LH and RH nacelles to make sure there is 0.100 inch (2.54 mm) minimum clearance between the MLG stabilizer brace.

(4) Checking for damage on the A-frame structure and MLG stabilizer brace.

(l) Optional Installations

(1) Installing specified fasteners on the MLG A-frame, in both LH and RH nacelles, in accordance with Bombardier ModSum IS4Q5450002, Revision B, dated June 22, 2012, is acceptable for compliance with the actions specified in paragraph (g)(2) of this AD, provided the actions specified in Bombardier ModSum IS4Q5450002 are done within the applicable compliance time specified in paragraph (g) of this AD, except where ModSum IS4Q5450002, Revision B, dated June 22, 2012, specifies to contact Bombardier for reduced clearances, before further flight, repair using a method approved by the Manager, New York ACO, ANE–170, FAA; or TCCA; or Bombardier, Inc.'s TCCA DAO.

(2) Trimming the horizontal and vertical stiffeners on the MLG A-frame in both LH and RH nacelles, in accordance with Bombardier ModSum IS4Q5450003, Revision C, dated November 29, 2012, is acceptable for compliance with the actions specified in paragraph (i) of this AD, provided the actions specified in Bombardier ModSum IS4Q5450003 are done within the compliance time specified in paragraph (i) of this AD, except where ModSum IS4Q5450003, Revision C, released November 29, 2012, specifies to contact Bombardier for reduced clearances, before further flight, repair using a method approved by the Manager, New York ACO, ANE–170, FAA; or TCCA; or Bombardier, Inc.'s TCCA DAO.

(3) Rerouting certain electrical harnesses and installing grommets, in accordance with Bombardier ModSum IS4Q2400028, Revision B, dated December 11, 2012 (for S/Ns 4001 through 4098 inclusive); or Bombardier ModSum IS4Q2400029, Revision A, dated July 6, 2012 (for S/Ns 4090 through 4411 inclusive); is acceptable for compliance with the actions specified in paragraph (k) of this AD, provided the actions specified in the applicable modsum are done within the compliance time specified in paragraph (k) of this AD, except where Bombardier ModSum IS4Q2400028, Revision B, dated December 11, 2012; and Bombardier ModSum IS4Q2400029, Revision A, dated July 6, 2012; specify to contact Bombardier to report stabilizer brace or structural damaged findings, before further flight, repair using a method approved by the Manager, New York ACO, ANE–170, FAA; or TCCA; or Bombardier, Inc.'s TCCA DAO.

(m) Credit for Previous Actions

(1) This paragraph provides credit for actions required by paragraph (i) of this AD, if those actions were performed before the effective date of this AD using the applicable service information specified in paragraph (m)(1)(i), (m)(1)(ii), or (m)(1)(iii) of this AD. This service information is not incorporated by reference in this AD.

(i) Bombardier Service Bulletin 84–54–20, dated April 25, 2013.

(ii) Bombardier Service Bulletin 84–54–20, Revision A, dated April 9, 2014.

(iii) Bombardier Service Bulletin 84–54–20, Revision B, dated October 2, 2014.

(2) This paragraph provides credit for actions required by paragraph (j) of this AD, if those actions were performed before the effective date of this AD using the applicable service information specified in paragraph (m)(2)(i), (m)(2)(ii), (m)(2)(iii), or (m)(2)(iv) of this AD. This service information is not incorporated by reference in this AD.

(i) Bombardier Service Bulletin 84–32–112, dated December 20, 2012.

(ii) Bombardier Service Bulletin 84–32–112, Revision A, dated April 16, 2014.

(iii) Bombardier Service Bulletin 84–32–112, Revision B, dated September 12, 2014.

(iv) Goodrich Service Bulletin 46400–32–102 R1, Revision 1, dated June 24, 2013.

(3) This paragraph provides credit for actions required by paragraph (k) of this AD, if those actions were performed before the effective date of this AD using the applicable service information specified in paragraph (m)(3)(i) or (m)(3)(ii) of this AD. This service information is not incorporated by reference in this AD.

(i) Bombardier Service Bulletin 84–32–114, dated June 6, 2013.

(ii) Bombardier Service Bulletin 84–32–114, Revision A, dated September 18, 2013.

(n) Other FAA AD Provisions

The following provisions also apply to this AD:

(1) *Alternative Methods of Compliance (AMOCs):* The Manager, New York ACO, ANE–170, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the ACO, send it to ATTN: Program Manager, Continuing Operational Safety, FAA, New York ACO, 1600 Stewart Avenue, Suite 410, Westbury, NY 11590; telephone 516–228–7300; fax 516–794–5531. Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

(2) *Contacting the Manufacturer:* For any requirement in this AD to obtain corrective actions from a manufacturer, the action must be accomplished using a method approved by the Manager, New York ACO, ANE–170, FAA; or TCCA; or Bombardier, Inc.'s TCCA DAO. If approved by the DAO, the approval must include the DAO-authorized signature.

(o) Related Information

(1) Refer to Mandatory Continuing Airworthiness Information (MCAI) Canadian Airworthiness Directive CF–2014–45, dated December 23, 2014, for related information. This MCAI may be found in the AD docket on the Internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2015–3986.

(2) Service information identified in this AD that is not incorporated by reference is available at the addresses specified in paragraphs (p)(3), (p)(4), and (p)(5) of this AD.

(p) Material Incorporated by Reference

(1) The Director of the Federal Register approved the incorporation by reference (IBR) of the service information listed in this paragraph under 5 U.S.C. 552(a) and 1 CFR part 51.

(2) You must use this service information as applicable to do the actions required by this AD, unless this AD specifies otherwise.

(i) Bombardier ModSum IS4Q2400028, Revision B, dated December 11, 2012. (This document has 33 pages; the first page of the modsum indicates that there are 32 pages.)

(ii) Bombardier ModSum IS4Q2400029, Revision A, dated July 6, 2012.

(iii) Bombardier ModSum IS4Q5450002, Revision B, dated June 22, 2012.

(iv) Bombardier ModSum IS4Q5450003, Revision C, dated November 29, 2012.

(v) Bombardier Service Bulletin 84–32–112, Revision C, dated April 2, 2015.

(vi) Bombardier Service Bulletin 84–32–114, Revision B, dated February 3, 2015.

(vii) Bombardier Service Bulletin 84–54–19, dated April 18, 2013.

(viii) Bombardier Service Bulletin 84–54–20, Revision C, dated March 5, 2015.

(ix) Bombardier Service Bulletin 84–54–21, dated May 9, 2013.

(x) Goodrich Service Bulletin 46400–32–102 R2, Revision 2, dated February 17, 2015.

(3) For Bombardier service information identified in this AD, contact Bombardier, Inc., Q-Series Technical Help Desk, 123 Garratt Boulevard, Toronto, Ontario M3K 1Y5, Canada; telephone 416–375–4000; fax 416–375–4539; email *thd.qseries@aero.bombardier.com;* Internet *http://www.bombardier.com.*

(4) For Goodrich service information identified in this AD, contact Goodrich Corporation, Landing Gear, 1400 South Service Road, West Oakville, ON, Canada L6L 5Y7; phone: 905–825–1568; email: *jean.breed@goodrich.com;* Internet: *http://www.goodrich.com/TechPubs.*

(5) You may view this service information at the FAA, Transport Airplane Directorate, 1601 Lind Avenue SW., Renton, WA. For information on the availability of this material at the FAA, call 425–227–1221.

(6) You may view this service information that is incorporated by reference at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202–741–6030, or go to: *http://www.archives.gov/federal-register/cfr/ibr-locations.html.*

Issued in Renton, Washington, on August 4, 2016.

Michael Kaszycki,

Acting Manager, Transport Airplane Directorate, Aircraft Certification Service.

[FR Doc. 2016–19480 Filed 8–18–16; 8:45 am]

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. FAA–2016–4226; Directorate Identifier 2015–NM–095–AD; Amendment 39–18616; AD 2016–17–03]

RIN 2120–AA64

Airworthiness Directives; Airbus Airplanes

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Final rule.

SUMMARY: We are superseding Airworthiness Directive (AD) 2003–25–07 for certain Airbus Model A319 and A320 series airplanes, and AD 2005–13–39 for certain Airbus Model A321 series airplanes. AD 2003–25–07 required a revision to the airplane flight manual (AFM) and replacement of both elevator aileron computers (ELACs) having L80 standards with new ELACs having L81 standards. AD 2005–13–39 required a revision to the AFM, replacement of existing ELACs with ELACs having L83 or L91 standards, as applicable; and a concurrent action. Since we issued AD 2003–25–07 and AD 2005–13–39, we have determined that new ELAC standards must be incorporated. The ELAC standards have been upgraded to version L97+, which implements enhanced angle-of-attack (AOA) monitoring to better detect AOA blockage, including multiple AOA blockages. This AD requires replacing existing ELACs with new ELACs having L97+ standards or revising the software in an existing ELAC to the L97+ standards, as applicable, which terminates the requirements of AD 2003–25–07 and AD 2005–13–39. This AD also expands the applicability to include all Airbus Model A318, A319, A320, and A321 series airplanes. We are issuing this AD to prevent inadvertent activation of the AOA protections. Inadvertent activation of the AOA protections could result in a continuous nose-down pitch rate that could result in reduced controllability of the airplane.

DATES: This AD is effective September 23, 2016.

The Director of the Federal Register approved the incorporation by reference of certain publications listed in this AD as of September 23, 2016.

The Director of the Federal Register approved the incorporation by reference of certain publications listed in this AD as of August 9, 2005 (70 FR 38580, July 5, 2005).

The Director of the Federal Register approved the incorporation by reference of a certain other publication listed in this AD as of January 22, 2004 (68 FR 70431, December 18, 2003).

ADDRESSES: For service information identified in this final rule, contact Airbus, Airworthiness Office—EIAS, 1 Rond Point Maurice Bellonte, 31707 Blagnac Cedex, France; telephone +33 5 61 93 36 96; fax +33 5 61 93 44 51; email *account.airworth-eas@airbus.com;* Internet *http://www.airbus.com.* You may view this referenced service information at the FAA, Transport Airplane Directorate, 1601 Lind Avenue SW., Renton, WA. For information on the availability of this material at the FAA, call 425–227–1221. It is also available on the Internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2016–4226.

Examining the AD Docket

You may examine the AD docket on the Internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2016–4226; or in person at the Docket Management Facility between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this AD, the regulatory evaluation, any comments received, and other information. The address for the Docket Office (telephone 800–647–5527) is Docket Management Facility, U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590.

FOR FURTHER INFORMATION CONTACT: Sanjay Ralhan, Aerospace Engineer, International Branch, ANM–116, Transport Airplane Directorate, FAA, 1601 Lind Avenue SW., Renton, WA 98057–3356; telephone 425–227–1405; fax 425–227–1149.

SUPPLEMENTARY INFORMATION:

Discussion

We issued a notice of proposed rulemaking (NPRM) to amend 14 CFR part 39 to supersede AD 2003–25–07, Amendment 39–13390 (68 FR 70431, December 18, 2003) (''AD 2003–25–07''); and AD 2005–13–39, Amendment

39–14176 (70 FR 38580, July 5, 2005) (''AD 2005–13–39'').

AD 2003–25–07 applied to certain Airbus Model A319 and A320 series airplanes, and AD 2005–13–39 applied to certain Airbus Model A321 series airplanes. The NPRM published in the **Federal Register** on March 17, 2016 (81 FR 14404). The NPRM was prompted by a determination that new ELAC standards must be incorporated. The ELAC standards have been upgraded to version L97+, which implements enhanced AOA monitoring to better detect AOA blockage, including multiple AOA blockages.

The NPRM proposed to require replacing existing ELACs with new ELACs having L97+ standards or revising the software in an existing ELAC to the L97+ standards, as applicable, which would terminate the requirements of AD 2003–25–07 and AD 2005–13–39. We are issuing this AD to prevent inadvertent activation of the AOA protections. Inadvertent activation of the AOA protections could result in a continuous nose-down pitch rate that could result in reduced controllability of the airplane.

The European Aviation Safety Agency (EASA), which is the Technical Agent for the Member States of the European Union, has issued EASA Airworthiness Directive 2015–0088R1, including Appendix 01, dated June 2, 2015 (referred to after this as the Mandatory Continuing Airworthiness Information, or ''the MCAI''), to correct an unsafe condition for all Airbus Model A318, A319, A320, and A321 series airplanes. The MCAI states:

> The latest elevator aileron computer (ELAC) standard, L97+, implements enhanced Angle of Attack (AOA) monitoring in order to better detect cases of AOA blockage, including multiple AOA blockage.
>
> Two ELAC L97+ versions are currently available, Part Number (P/N) 3945129109 with data loading capability, and P/N 3945128215 without the data loading capability. Three existing [EASA] ADs requiring installation of earlier ELAC (software) have been identified and taken into account for cancellation by this new [EASA] AD.
>
> For the reasons described above, EASA issued AD 2015–0088, cancelling DGAC [Direction Générale de l'Aviation Civile] France AD 95–203–072 (no requirements retained) [which corresponds to FAA AD 98–09–18, Amendment 39–10499 (63 FR 23374, April 29, 1998)], and partially retaining the requirements of DGAC France AD 2001–508 [which corresponds to FAA AD 2003–25–07], and [DGAC France] AD F–2004–147 (EASA approval ref. 2004–8601) [which corresponds to FAA AD 2005–13–39], which were superseded, and to require replacement of all ELAC with ELAC L97+ standard.
>
> Since that [EASA] AD was issued, some errors were detected in Appendix 1 of the [EASA] AD, and one P/N ELAC was inadvertently omitted. This [EASA] AD revises EASA AD 2015–0088 to correct these errors and to add clarification to paragraph (7) [of the EASA AD].

The required actions include either replacing existing ELACs with new ELACs having L97+ standards uploaded, or revising the software in the existing ELACs to L97+ standards. This AD also expands the applicability to include all Airbus Model A318, A319, A320, and A321 series airplanes. You may examine the MCAI in the AD docket on the Internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2016–4226.

Comments

We gave the public the opportunity to participate in developing this AD. We considered the comment received. The commenter supported the NPRM.

Conclusion

We reviewed the available data, including the comment received, and determined that air safety and the public interest require adopting this AD as proposed except for minor editorial changes. We have determined that these minor changes:

- Are consistent with the intent that was proposed in the NPRM for correcting the unsafe condition; and
- Do not add any additional burden upon the public than was already proposed in the NPRM.

Related Service Information Under 1 CFR Part 51

Airbus has issued Service Bulletin A320–27–1243, including Appendix 01, dated March 17, 2015. This service information describes procedures for replacing the existing ELACs with new ELACs having L97+ standards, and modifying existing ELACs into units with L97+ standards.

Airbus has also issued Service Bulletin A320–27–1244, dated March 5, 2015. This service information describes procedures for modification of an airplane by replacing any existing ELAC unit with an ELAC 97+ unit having P/N 3945128215.

This service information is reasonably available because the interested parties have access to it through their normal course of business or by the means identified in the **ADDRESSES** section.

Costs of Compliance

We estimate that this AD affects 940 airplanes of U.S. registry.

The actions required by AD 2003–25–07 and retained in this AD take about 1 work-hour per product, at an average labor rate of $85 per work-hour. Based on these figures, the estimated cost of the actions that were required by AD 2003–25–07 is $85 per product.

The actions required by AD 2005–13–39 and retained in this AD take about 1 work-hour per product, at an average labor rate of $85 per work-hour. Based on these figures, the estimated cost of the actions that were required by AD 2005–13–39 is $85 per product.

We also estimate that it will take about 3 work-hours per product to comply with the basic requirements of this AD. The average labor rate is $85 per work-hour. Required parts will cost about $7,230 per product. Based on these figures, we estimate the cost of this AD on U.S. operators to be $7,035,900, or $7,485 per product.

According to the parts manufacturer, some of the costs of this AD may be covered under warranty, thereby reducing the cost impact on affected individuals. We do not control warranty coverage for affected individuals. As a result, we have included all costs in our cost estimate.

Authority for This Rulemaking

Title 49 of the United States Code specifies the FAA's authority to issue rules on aviation safety. Subtitle I, section 106, describes the authority of the FAA Administrator. ''Subtitle VII: Aviation Programs,'' describes in more detail the scope of the Agency's authority.

We are issuing this rulemaking under the authority described in ''Subtitle VII, Part A, Subpart III, Section 44701: General requirements.'' Under that section, Congress charges the FAA with promoting safe flight of civil aircraft in air commerce by prescribing regulations for practices, methods, and procedures the Administrator finds necessary for safety in air commerce. This regulation is within the scope of that authority because it addresses an unsafe condition that is likely to exist or develop on products identified in this rulemaking action.

Regulatory Findings

We determined that this AD will not have federalism implications under Executive Order 13132. This AD will not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.

For the reasons discussed above, I certify that this AD:

1. Is not a ''significant regulatory action'' under Executive Order 12866;

2. Is not a ''significant rule'' under the DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979);

3. Will not affect intrastate aviation in Alaska; and

4. Will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

Adoption of the Amendment

Accordingly, under the authority delegated to me by the Administrator, the FAA amends 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

■ 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

■ 2. The FAA amends § 39.13 by:

■ a. Removing Airworthiness Directive (AD) 2003–25–07, Amendment 39–13390 (68 FR 70431, December 18, 2003); and AD 2005–13–39, Amendment 39–14176 (70 FR 38580, July 5, 2005); and

■ b. Adding the following new AD:

2016–17–03 Airbus: Docket No. FAA–2016–4226; Directorate Identifier 2015–NM–095–AD.

(a) Effective Date

This AD is effective September 23, 2016.

(b) Affected ADs

This AD replaces the ADs identified in paragraphs (b)(1) and (b)(2) of this AD.

(1) AD 2003–25–07, Amendment 39–13390 (68 FR 70431, December 18, 2003) (''AD 2003–25–07'').

(2) AD 2005–13–39, Amendment 39–14176 (70 FR 38580, July 5, 2005) (''AD 2005–13–39'').

(c) Applicability

This AD applies to the airplanes identified in paragraphs (c)(1) through (c)(4) of this AD, certificated in any category, all manufacturer serial numbers.

(1) Airbus Model A318–111, –112, –121, and –122 airplanes.

(2) Airbus Model A319–111, –112, –113, –114, –115, –131, –132, and –133 airplanes.

(3) Airbus Model A320–211, –212, –214, –231, –232, and –233 airplanes.

(4) Airbus Model A321–111, –112, –131, –211, –212, –213, –231, and –232 airplanes.

(d) Subject

Air Transport Association (ATA) of America Code 27, Flight Controls.

(e) Reason

This AD was prompted by a determination that new elevator aileron computer (ELAC) standards must be incorporated. The ELAC standards have been upgraded to version L97+, which implements enhanced angle-of-attack (AOA) monitoring to better detect AOA blockage, including multiple AOA blockages. We are issuing this AD to prevent inadvertent activation of the AOA protections. Inadvertent activation of the AOA protections could result in a continuous nose-down pitch rate that could result in reduced controllability of the airplane.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Retained Replacement of ELAC L80 Units With L81 Units, With No Changes

For Model A319 and A320 series airplanes, equipped with ELAC L80 standards having part numbers listed in Airbus Service Bulletin A320–27–1135, dated June 29, 2001: This paragraph restates the requirements of paragraph (b) of AD 2003–25–07, with no changes. Within 1 year after January 22, 2004 (the effective date of AD 2003–25–07): Replace both ELACs having L80 standards with new ELACs having L81 standards, by doing all the actions per paragraphs A., B., C., and D. of the Accomplishment Instructions of Airbus Service Bulletin A320–27–1135, dated June 29, 2001.

(h) Retained Installation of ELAC L83 or L91 Software, With No Changes

For Model A321–111, –112, –131, –211, and –231 airplanes, except those with Airbus Modification 34043 installed in production: This paragraph restates the requirements of paragraph (g) of AD 2005–13–39, with no changes. Within 16 months after August 9, 2005 (the effective date of AD 2005–13–39): Replace existing ELACs with ELACs having L83 standards, by accomplishing all of the actions specified in the Accomplishment Instructions of Airbus Service Bulletin A320–27–1151, dated March 9, 2004, including Appendix 01, dated March 9, 2004; or with ELACs having L91 standards, by accomplishing all of the actions specified in the Accomplishment Instructions of Airbus Service Bulletin A320–27–1152, dated June 4, 2004, including Appendix 01, dated June 4, 2004; as applicable.

(i) New Requirement of This AD: ELAC Replacement or Modification

At the applicable times specified in table 1 to paragraphs (i) and (m)(3)(ii) of this AD: Replace each ELAC unit with an ELAC L97+ unit having part number (P/N) 3945129100 and software having P/N 3945129109, or modify existing ELAC units into ELAC L97+ units having P/N 3945129100 with L97+ operational software P/N 3945129109 loaded, as applicable, in accordance with the Accomplishment Instructions of Airbus Service Bulletin A320–27–1243, including Appendix 01, dated March 17, 2015. Accomplishing this replacement terminates the actions required by paragraphs (g) and (h) of this AD.

TABLE 1 TO PARAGRAPHS (i) AND (m)(3)(ii) OF THIS AD—COMPLIANCE TIMES

Airbus airplane models	Compliance time (after the effective date of this AD)
Model A318 series airplanes with UTAS (formerly Goodrich) AOA P/N 0861ED or P/N 0861ED2 installed in all 3 positions (captain, first officer, and standby).	Within 5 months.
Model A319 series airplanes with UTAS (formerly Goodrich) AOA P/N 0861ED or P/N 0861ED2 installed in all 3 positions (captain, first officer, and standby).	Within 10 months.
Model A320 series airplanes with UTAS (formerly Goodrich) AOA P/N 0861ED or P/N 0861ED2 installed in all 3 positions (captain, first officer, and standby).	Within 10 months.
Model A321 series airplanes with UTAS (formerly Goodrich) AOA P/N 0861ED or P/N 0861ED2 installed in all 3 positions (captain, first officer, and standby).	Within 5 months.
Model A318, A319, A320, and A321 series airplanes that do not have UTAS (formerly Goodrich) AOA P/N 0861ED or P/N 0861ED2 installed in all 3 positions (captain, first officer, and standby).	Within 25 months.

(j) Optional Method of Compliance

Modification of an airplane by replacing any existing ELAC unit with an ELAC 97+ unit having P/N 3945128215, in accordance with the Accomplishment Instructions of Airbus Service Bulletin A320–27–1244, dated March 5, 2015, is an acceptable method of compliance for the requirements of paragraph (i) of this AD, for only that modified airplane. Accomplishing this modification terminates the actions required by paragraphs (g) and (h) of this AD for that modified airplane.

Note 1 to paragraph (j) of this AD: ELAC unit P/N 3945128215 is not data-loadable,

but it is fully interchangeable and mixable with data-loadable ELAC 97+ unit P/N 3945129100 with software P/N 3945129109 loaded.

(k) Airplanes Excluded From Requirements of Paragraphs (g), (h), and (i), and From the Actions in Paragraph (j) of This AD

Airplanes on which Airbus Modification 156546 (installation of ELAC L97+ with software P/N 3945129109) was installed in production are excluded from the requirements of paragraphs (g), (h), and (i) of this AD, and from the actions specified in paragraph (j) of this AD, provided it can be determined that no ELAC having a part number identified in table 2 to paragraphs (k) and (m) of this AD has been installed on that airplane since the date of issuance of the original airworthiness certificate or the date of issuance of the original export certificate of airworthiness.

TABLE 2 TO PARAGRAPHS (k) AND (m) OF THIS AD—PROHIBITED ELAC PART NUMBERS

Part No.	Designation	FIN

(l) Later-Approved Parts

Installation of an ELAC version (part number) approved after the effective date of this AD is an approved method of compliance with the requirements of paragraph (i) of this AD, and the actions specified in paragraph (j) of this AD, provided the requirements specified in paragraphs (l)(1) and (l)(2) of this AD are met.

(1) The version (part number) must be approved by the Manager, International Branch, ANM–116, Transport Airplane Directorate, FAA; or the European Aviation Safety Agency (EASA); or Airbus's EASA Design Organization Approval (DOA).

(2) The installation must be done using a method approved by the Manager, International Branch, ANM–116, Transport Airplane Directorate, FAA; or the EASA; or Airbus's EASA DOA.

(m) Parts Installation Limitation

As of the applicable time specified in paragraph (m)(1) or (m)(2) of this AD, do not install on any airplane an ELAC unit having a part number identified in table 2 to paragraphs (k) and (m) of this AD, except as specified in paragraph (m)(3) of this AD.

(1) For an airplane that, as of the effective date of this AD, has any ELAC unit installed having a part number identified in table 2 to paragraphs (k) and (m) of this AD: After modification of that airplane as required by paragraph (i) of this AD, or as specified in paragraph (j) of this AD.

(2) For an airplane that, as of the effective date of this AD, does not have any ELAC unit installed having a part number identified in table 2 to paragraphs (k) and (m) of this AD: As of the effective date of this AD.

(3) As of the effective date of this AD, a data-loadable ELAC B unit having a part number identified in table 2 to paragraphs (k) and (m) of this AD can be installed on an airplane provided that L97+ software P/N 3945129109 is uploaded at the applicable time specified in paragraph (m)(3)(i) or (m)(3)(ii) of this AD.

(i) For all airplanes except those identified in paragraph (m)(3)(ii) of this AD: Before further flight after the ELAC B unit installation.

(ii) For airplanes that have not been modified as required by paragraph (i) of this AD: Within the applicable compliance time

specified in table 1 to paragraphs (i) and (m)(3)(ii) of this AD.

(n) Other FAA AD Provisions

The following provisions also apply to this AD:

(1) *Alternative Methods of Compliance (AMOCs):* The Manager, International Branch, ANM–116, Transport Airplane Directorate FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the International Branch send it to ATTN: Sanjay Ralhan, Aerospace Engineer, International Branch, ANM–116, Transport Airplane Directorate, FAA, 1601 Lind Avenue SW., Renton, WA 98057–3356; telephone 425–227–1405; fax 425–227–1149. Information may be emailed to: *9-ANM-116-AMOC-REQUESTS@faa.gov.*

(i) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

(ii) AMOCs approved previously for AD 2003–25–07 are approved as AMOCs for the corresponding provisions of paragraph (g) of this AD.

(iii) AMOCs approved previously for AD 2005–13–39 are approved as AMOCs for the corresponding provisions of paragraph (h) of this AD.

(2) *Contacting the Manufacturer:* As of the effective date of this AD, for any requirement in this AD to obtain corrective actions from a manufacturer, the action must be accomplished using a method approved by the Manager, International Branch, ANM–116, Transport Airplane Directorate, FAA; or the EASA; or Airbus's EASA DOA. If approved by the DOA, the approval must include the DOA-authorized signature.

(3) *Required for Compliance (RC):* If any service information contains procedures or tests that are identified as RC, those procedures and tests must be done to comply with this AD; any procedures or tests that are not identified as RC are recommended. Those procedures and tests that are not identified as RC may be deviated from using accepted methods in accordance with the operator's maintenance or inspection program without obtaining approval of an AMOC, provided the procedures and tests identified as RC can be done and the airplane can be put back in an airworthy condition. Any substitutions or changes to procedures or tests identified as RC require approval of an AMOC.

(o) Related Information

Refer to Mandatory Continuing Airworthiness Information (MCAI) EASA Airworthiness Directive 2015–0088R1, including Appendix 01, dated June 2, 2015, for related information. This MCAI may be found in the AD docket on the Internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2016–4226.

(p) Material Incorporated by Reference

(1) The Director of the Federal Register approved the incorporation by reference (IBR) of the service information listed in this paragraph under 5 U.S.C. 552(a) and 1 CFR part 51.

(2) You must use this service information as applicable to do the actions required by this AD, unless this AD specifies otherwise.

(3) The following service information was approved for IBR on September 23, 2016.

(i) Airbus Service Bulletin A320–27–1243, including Appendix 01, dated March 17, 2015.

(ii) Airbus Service Bulletin A320–27–1244, dated March 5, 2015.

(4) The following service information was approved for IBR on August 9, 2005 (70 FR 38580, July 5, 2005).

(i) Airbus Service Bulletin A320–27–1151, including Appendix 01, dated March 9, 2004.

(ii) Airbus Service Bulletin A320–27–1152, including Appendix 01, dated June 4, 2004.

(5) The following service information was approved for IBR on January 22, 2004 (68 FR 70431, December 18, 2003).

(i) Airbus Service Bulletin A320–27–1135, dated June 29, 2001.

(ii) Reserved.

Issued in Renton, Washington, on August 8, 2016.

Michael Kaszycki,

Acting Manager, Transport Airplane Directorate, Aircraft Certification Service.

[FR Doc. 2016–19486 Filed 8–18–16; 8:45 am]

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. FAA–2015–8463; Directorate Identifier 2014–NM–226–AD; Amendment 39–18612; AD 2016–16–14]

RIN 2120–AA64

Airworthiness Directives; Airbus Airplanes

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Final rule.

SUMMARY: We are superseding Airworthiness Directive (AD) 2013–20–11, for all Airbus Model A318, A319, A320, and A321 series airplanes. AD 2013–20–11 required modifying the passenger emergency oxygen container assembly. This new AD expands the affected group of oxygen containers to include those labeled ''DAe Systems.'' This AD was prompted by a determination that the unsafe condition also affects oxygen containers labeled ''DAe Systems.'' We are issuing this AD to prevent a high temperature oxygen generator and mask from falling down and possibly resulting in an ignition source in the passenger compartment, injury to passengers, and reduced availability of supplemental oxygen.

DATES: This AD is effective September 23, 2016.

The Director of the Federal Register approved the incorporation by reference of certain publications listed in this AD as of December 2, 2013 (78 FR 64162, October 28, 2013).

ADDRESSES: For Airbus service information identified in this final rule, contact Airbus, Airworthiness Office—EIAS, 1 Rond Point Maurice Bellonte, 31707 Blagnac Cedex, France; telephone: +33 5 61 93 36 96; fax: +33 5 61 93 44 51; email: *account.airworth-eas@airbus.com;* Internet *http://www.airbus.com.*

You may view this referenced service information at the FAA, Transport Airplane Directorate, 1601 Lind Avenue SW., Renton, WA. For information on the availability of this material at the FAA, call 425–227–1221. It is also available on the Internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2015–8463.

Examining the AD Docket

You may examine the AD docket on the Internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2015–8463; or in person at the Docket Management Facility between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this AD, the regulatory evaluation, any comments received, and other information. The address for the Docket Office (telephone 800–647–5527) is Docket Management Facility, U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590.

FOR FURTHER INFORMATION CONTACT: Sanjay Ralhan, Aerospace Engineer, International Branch, ANM–116,

Transport Airplane Directorate, FAA, 1601 Lind Avenue SW., Renton, WA 98057–3356; telephone 425–227–1405; fax 425–227–1149.

SUPPLEMENTARY INFORMATION:

Discussion

We issued a notice of proposed rulemaking (NPRM) to amend 14 CFR part 39 to supersede AD 2013–20–11, Amendment 39–17617 (78 FR 64162, October 28, 2013) (''AD 2013–20–11''). AD 2013–20–11 applied to all Model A318, A319, A320, and A321 series airplanes. The NPRM published in the **Federal Register** on January 20, 2016 (81 FR 3061) (''the NPRM''). The NPRM was prompted by a determination that the unsafe condition also affects oxygen containers labeled ''DAe Systems.'' The NPRM proposed to continue to require modifying the passenger emergency oxygen container assembly. The NPRM also proposed to expand the affected group of oxygen containers to include those labeled ''DAe Systems.'' We are issuing this AD to prevent a high temperature oxygen generator and mask from falling down and possibly resulting in an ignition source in the passenger compartment, injury to passengers, and reduced availability of supplemental oxygen.

The European Aviation Safety Agency (EASA), which is the Technical Agent for the Member States of the European Union, has issued EASA AD 2014–0207, dated September 16, 2014 (referred to after this as the Mandatory Continuing Airworthiness Information, or ''the MCAI''), to correct an unsafe condition. The MCAI states:

> It was determined that oxygen generators, installed on a specific batch of Type 1 (22 min) passenger emergency oxygen container assemblies, may become detached by extreme pulling of the mask tube at the end of oxygen supply. Investigations revealed that such detachment can be caused by the increase in temperature towards the end of the generator operation, which may weaken the plastic housing in the attachment area of the bracket.
>
> This condition, if not corrected, could make the rivets slip through the plastic housing, causing a 'hot' oxygen generator and mask to fall down, possibly resulting in injury to passengers.
>
> To address this potential unsafe condition, EASA issued AD 2012–0055 (later revised) [which corresponds to FAA AD 2013–20–11, Amendment 39–17617 (78 FR 64162, October 28, 2013)] to require modification of the affected oxygen container assemblies. That [EASA] AD also prohibited installation of unmodified containers on any aeroplane as replacement parts.
>
> Since that [EASA] AD was issued, it was found that the affected containers have not only been marked with company name B/E Aerospace, as was specified, but also, for a brief period, with the former company name DAe Systems.
>
> For the reason described above, this [EASA] AD retains the requirements of EASA AD 2012–0055R1, which is superseded, and expands the affected group of containers to include those that have the name ''DAe Systems'' on the identification plate.
>
> This [EASA] AD also clearly separates the serial number (s/n) groups of containers into those manufactured by B/E Aerospace and those manufactured by DAe Systems, for which additional compliance time is provided.

You may examine the MCAI in the AD docket on the Internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2015–8463.

Comments

We gave the public the opportunity to participate in developing this AD. We received no comments on the NPRM or on the determination of the cost to the public.

Conclusion

We reviewed the available data and determined that air safety and the public interest require adopting this AD as proposed except for minor editorial changes. We have determined that these minor changes:

- Are consistent with the intent that was proposed in the NPRM for correcting the unsafe condition; and
- Do not add any additional burden upon the public than was already proposed in the NPRM.

Costs of Compliance

We estimate that this AD affects 4 airplanes of U.S. registry.

The actions required by AD 2013–20–11 and retained in this AD take about 2 work-hours per product, at an average labor rate of $85 per work-hour. Based on these figures, the estimated cost of the actions that are required by AD 2013–20–11 is $170 per product.

We also estimate that it would take about 2 work-hours per product to comply with the basic requirements of this AD. The average labor rate is $85 per work-hour. Based on these figures, we estimate the cost of this AD on U.S. operators to be $680, or $170 per product.

According to the manufacturer, some of the costs of this AD may be covered under warranty, thereby reducing the cost impact on affected individuals. We do not control warranty coverage for affected individuals. As a result, we have included all available costs in our cost estimate.

Authority for This Rulemaking

Title 49 of the United States Code specifies the FAA's authority to issue rules on aviation safety. Subtitle I, section 106, describes the authority of the FAA Administrator. ''Subtitle VII: Aviation Programs,'' describes in more detail the scope of the Agency's authority.

We are issuing this rulemaking under the authority described in ''Subtitle VII, Part A, Subpart III, Section 44701: General requirements.'' Under that section, Congress charges the FAA with promoting safe flight of civil aircraft in air commerce by prescribing regulations for practices, methods, and procedures the Administrator finds necessary for safety in air commerce. This regulation is within the scope of that authority because it addresses an unsafe condition that is likely to exist or develop on products identified in this rulemaking action.

Regulatory Findings

We determined that this AD will not have federalism implications under Executive Order 13132. This AD will not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.

For the reasons discussed above, I certify that this AD:

1. Is not a ''significant regulatory action'' under Executive Order 12866;

2. Is not a ''significant rule'' under the DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979);

3. Will not affect intrastate aviation in Alaska; and

4. Will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

Adoption of the Amendment

Accordingly, under the authority delegated to me by the Administrator, the FAA amends 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

■ 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

■ 2. The FAA amends § 39.13 by removing Airworthiness Directive (AD) 2013–20–11, Amendment 39–17617 (78

FR 64162, October 28, 2013), and adding the following new AD:

2016–16–14 Airbus: Amendment 39–18612; Docket No. FAA–2015–8463; Directorate Identifier 2014–NM–226–AD.

(a) Effective Date

This AD is effective September 23, 2016.

(b) Affected ADs

This AD replaces AD 2013–20–11, Amendment 39–17617 (78 FR 64162, October 28, 2013) (''AD 2013–20–11'').

(c) Applicability

This AD applies to the Airbus airplanes, certificated in any category, specified in paragraphs (c)(1) through (c)(4) of this AD, all manufacturer serial numbers.

(1) Airbus Model A318–111, –112, –121, and –122 airplanes.

(2) Airbus Model A319–111, –112, –113, –114, –115, –131, –132, and –133 airplanes.

(3) Airbus Model A320–211, –212, –214, –231, –232, and –233 airplanes.

(4) Airbus Model A321–111, –112, –131, –211, –212, –213, –231, and –232 airplanes.

(d) Subject

Air Transport Association (ATA) of America Code 35, Oxygen.

(e) Reason

This AD was prompted by a determination that oxygen generators installed on a certain batch of passenger emergency oxygen container assemblies might become detached by extreme pulling of the mask tube at the end of the oxygen supply causing a high temperature oxygen generator and mask to fall down. This AD was also prompted by a determination that the unsafe condition affects oxygen containers labeled ''DAe Systems.'' We are issuing this AD to prevent a high temperature oxygen generator and mask from falling down and possibly resulting in an ignition source in the passenger compartment, injury to passengers, and reduced availability of supplemental oxygen.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Retained Oxygen Container Assembly Modification, With Service Information Referenced in a New Paragraph

This paragraph restates the requirements of paragraph (g) of AD 2013–20–11 with service information referenced in a new paragraph. Except as specified in paragraphs (g)(1), (g)(2), and (g)(3) of this AD, within 5,000 flight cycles, or 7,500 flight hours, or 24 months, whichever occurs first, after December 2, 2013 (the effective date of AD 2013–20–11): Modify each type 1 (22 minute) passenger emergency oxygen container assembly installed on an airplane, having a part number (P/N) listed in paragraph (g)(1)(i) of this AD and a serial number (S/N) listed in paragraph (g)(1)(ii) of this AD, in accordance with the Accomplishment Instructions of the applicable Airbus service information specified in paragraphs (k)(1) through (k)(7) of this AD.

(1) An oxygen container that has a part number listed in paragraph (g)(1)(i) of this AD and a serial number as listed in paragraph (g)(1)(ii) of this AD, and that has been modified using the instructions of B/E Aerospace Service Bulletin 1XC22–0100–35–006, is compliant with the modification requirement of paragraph (g) of this AD.

(i) Oxygen container part numbers listed in paragraphs (g)(1)(i)(A) through (g)(1)(i)(D) of this AD, where xxxxx stands for an alphanumerical value.

(A) 13C22Lxxxxx0100.

(B) 13C22Rxxxxx0100.

(C) 14C22Lxxxxx0100.

(D) 14C22Rxxxxx0100.

(ii) Oxygen container serial numbers listed in paragraphs (g)(1)(ii)(A) through (g)(1)(ii)(H) of this AD.

(A) ARBC–0182 to ARBC–9999, inclusive.

(B) ARBD–0000 to ARBD–9999, inclusive.

(C) ARBE–0000 to ARBE–9999, inclusive.

(D) BEBF–0000 to BEBF–9999, inclusive.

(E) BEBH–0000 to BEBH–9999, inclusive.

(F) BEBK–0000 to BEBK–9999, inclusive.

(G) BEBL–0000 to BEBL–9999, inclusive.

(H) BEBM–0000 to BEBM–0454, inclusive.

(2) Airplanes on which Airbus Modification 150704 has not been embodied in production are excluded from the requirements of paragraph (g) of this AD, unless an oxygen container with a part number listed in paragraph (g)(1)(i) of this AD and a serial number listed in paragraph (g)(1)(ii) of this AD is installed.

(3) Airplanes on which Airbus Modification 150704 has been embodied in production and that are not listed by model and manufacturer serial number in the applicable Airbus service information specified in paragraphs (k)(1) through (k)(7) of this AD; are excluded from the requirements of paragraph (g) of this AD, unless an oxygen container with a part number listed in paragraph (g)(1)(i) of this AD and a serial number listed in paragraph (g)(1)(ii) of this AD is installed.

Note 1 to paragraph (g) of this AD: The oxygen container assemblies listed in paragraph (g)(1)(i) of this AD and paragraph (g)(1)(ii) of this AD are B/E Aerospace products with the mark ''B/E AEROSPACE'' on the identification plate.

(h) Retained Parts Installation Limitation, With Service Information Referenced in a New Paragraph

This paragraph restates the requirements of paragraph (h) of AD 2013–20–11 with service information referenced in a new paragraph. As of December 2, 2013 (the effective date of AD 2013–20–11), no person may install, on any airplane, an oxygen container with a part number listed in paragraph (g)(1)(i) of this AD, and serial number listed in paragraph (g)(1)(ii) of this AD, unless the oxygen container has been modified according to the applicable Airbus service information specified in paragraphs (k)(1) through (k)(7) of this AD.

(i) New Requirement of This AD: Modification of Additional Oxygen Containers

At the applicable times specified in paragraphs (i)(1) and (i)(2) of this AD: Modify each type 1 (22 minute) passenger emergency oxygen container assembly installed on an airplane, having a part number and a serial number listed in paragraph (j) of this AD, in accordance with the Accomplishment Instructions of the applicable Airbus service information specified in paragraphs (k)(1) through (k)(7) of this AD; except as specified in paragraph (l) of this AD.

(1) For units with ''B/E AEROSPACE'' on the identification plate and having a part number and a serial number listed in paragraph (j)(1) of this AD: Within 5,000 flight cycles, or 7,500 flight hours, or 24 months, whichever occurs first after the effective date of this AD.

(2) For units with ''DAe Systems'' on the identification plate and having a part number and a serial number listed in paragraph (j)(2) of this AD: Within 2,500 flight cycles, or 3,750 flight hours, or 12 months, whichever occurs first after the effective date of this AD.

(j) New Part Numbers and Serial Numbers for the Parts Affected by Paragraph (i) of This AD

Affected parts for the actions required by paragraph (i) of this AD are identified in paragraphs (j)(1) and (j)(2) of this AD.

(1) For oxygen containers with ''B/E AEROSPACE'' on the identification plate: Units having a part number identified in paragraphs (j)(1)(i) through (j)(1)(iv) of this AD, where part number ''xxxxx'' stands for any alphanumerical value, and a serial number of BEBM–0455 to BEBM–9999, inclusive.

(i) 13C22Lxxxxx0100.

(ii) 13C22Rxxxxx0100.

(iii) 14C22Lxxxxx0100.

(iv) 14C22Rxxxxx0100.

(2) For oxygen containers with ''DAe Systems'' on the identification plate: Units having a part number identified in paragraphs (j)(1)(i) through (j)(1)(iv) of this AD, where part number ''xxxxx'' stands for any alphanumerical value, and a serial number identified in paragraphs (j)(2)(i) through (j)(2)(iv) of this AD.

(i) ARBC–0000 to ARBC–9999 inclusive.

(ii) ARBD–0000 to ARBD–9999 inclusive.

(iii) ARBE–0000 to BEBE–9999 inclusive.

(iv) BEBE–0000 to BEBE–9999 inclusive.

(k) Service Information for the Requirements of Paragraphs (g), (h), (i), and (m) of This AD

Accomplish the requirements specified in paragraphs (g), (h), (i), and (m) of this AD in accordance with the Accomplishment Instructions of the applicable Airbus service information identified in paragraphs (k)(1) through (k)(7) of this AD.

(1) Airbus Service Bulletin A320–35–1049, dated June 15, 2011.

(2) Airbus Service Bulletin A320–35–1053, dated June 15, 2011.

(3) Airbus Service Bulletin A320–35–1054, dated June 15, 2011.

(4) Airbus Service Bulletin A320–35–1055, dated June 15, 2011.

(5) Airbus Service Bulletin A320–35–1056, dated June 15, 2011.

(6) Airbus Service Bulletin A320–35–1057, dated June 15, 2011.

(7) Airbus Service Bulletin A320–35–1058, dated June 15, 2011.

(l) New Exceptions to the Requirements of Paragraph (i) of This AD

(1) An oxygen container that has a part number and a serial number listed in paragraph (j) of this AD, and that has been modified as specified in B/E Aerospace Service Bulletin 1XC22–0100–35–006, is compliant with the modification requirement of paragraph (i) of this AD.

(2) Airplanes on which Airbus Modification 150704 has not been embodied in production are excluded from the requirements of paragraph (i) of this AD, unless an oxygen container with a part number and a serial number listed in paragraph (j) of this AD is installed.

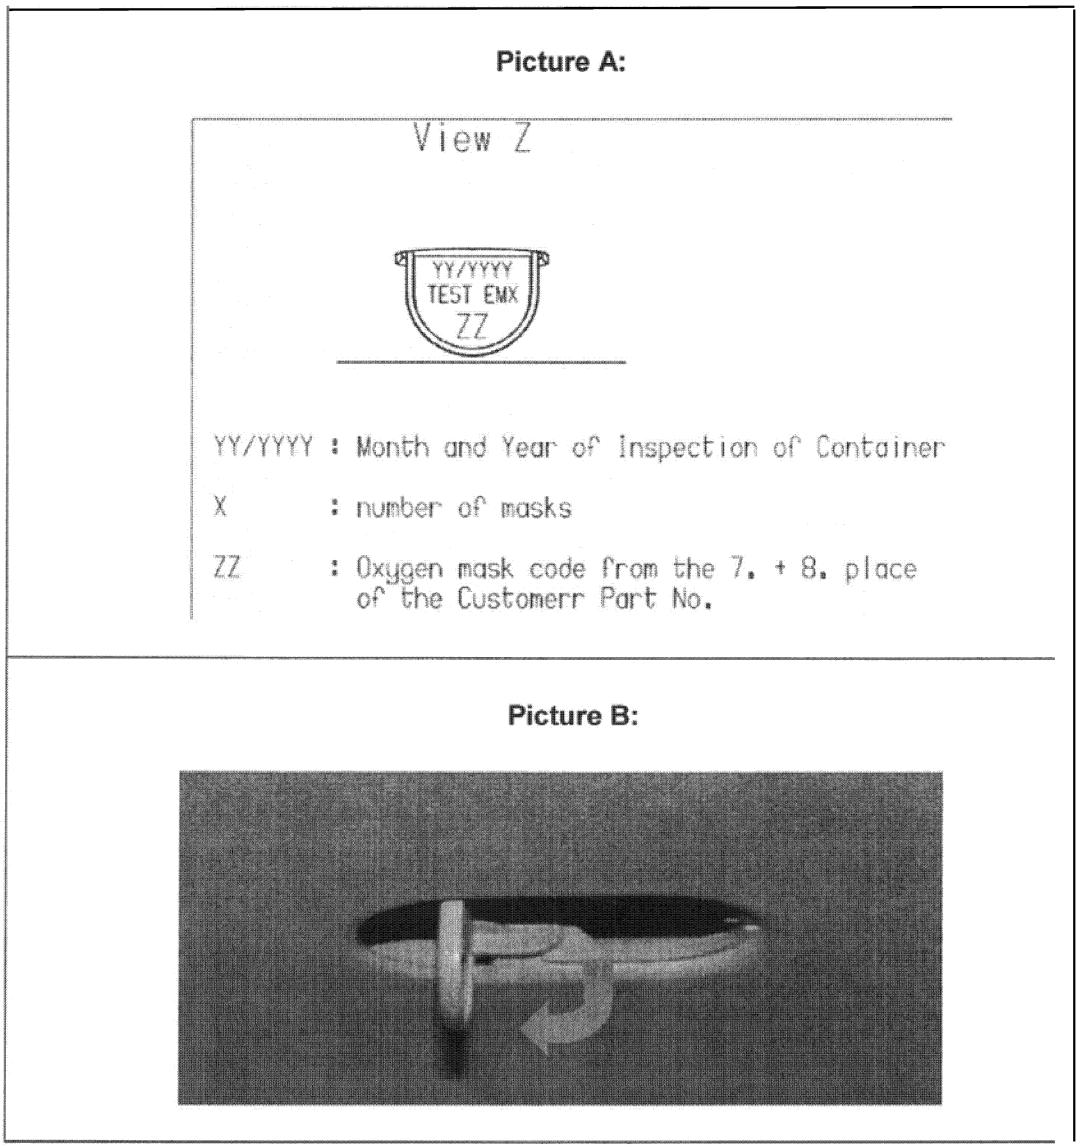
(3) Airplanes on which Airbus Modification 150704 has been embodied in production and that are not listed by model and manufacturer serial number in the Airbus service information specified in paragraphs (k)(1) through (k)(7) of this AD, as applicable, are excluded from the requirements of paragraph (i) of this AD, unless an oxygen container with a part and a serial number listed in paragraph (j) of this AD is installed.

(4) Airplanes on which the design of the passenger oxygen container is not Design A, as defined in figure 1 to paragraph (l)(4) of this AD, are excluded from the requirements of paragraph (i) of this AD for that passenger oxygen container.

Note 2 to paragraph (l)(4) of this AD: For ''Design A,'' the placard on the passenger oxygen container test button is as described in ''Picture A'' in figure 1 to paragraph (l)(4) of this AD. The mask configuration (''ZZ'' in ''Picture A'') is a number, and the test button is as shown in ''Picture B.''

BILLING CODE 4910–13–C

Figure 1 to Paragraph (l)(4) of this AD – Design A of the Passenger Oxygen Containers



BILLING CODE 4910–13–P

(m) New Requirement of This AD: Parts Installation Limitation

As of the effective date of this AD, no person may install, on any airplane, an oxygen container with a part number and a serial number listed in paragraph (j) of this AD, unless the oxygen container has been modified in accordance with the Accomplishment Instructions of the applicable Airbus service information specified in paragraphs (k)(1) through (k)(7) of this AD.

(n) Other FAA AD Provisions

The following provisions also apply to this AD:

(1) *Alternative Methods of Compliance (AMOCs):* The Manager, International Branch, ANM–116, Transport Airplane Directorate, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the International Branch, send it to ATTN: Sanjay Ralhan, Aerospace Engineer, International Branch, ANM–116, Transport Airplane Directorate, FAA, 1601 Lind Avenue SW., Renton, WA 98057–3356; telephone 425–227–1405; fax 425–227–1149. Information may be emailed to: *9-ANM-116-AMOC-REQUESTS@faa.gov.*

(i) Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

(ii) AMOCs approved previously for AD 2013–20–11 are approved as AMOCs for the corresponding provisions of paragraphs (g) and (h) of this AD.

(2) *Contacting the Manufacturer:* As of the effective date of this AD, for any requirement in this AD to obtain corrective actions from a manufacturer, the action must be accomplished using a method approved by the Manager, International Branch, ANM–116, Transport Airplane Directorate, FAA; or the European Aviation Safety Agency (EASA); or Airbus's EASA Design Organization Approval (DOA). If approved by the DOA, the approval must include the DOA-authorized signature.

(o) Related Information

Refer to Mandatory Continuing Airworthiness Information (MCAI) EASA AD 2014–0207, dated September 16, 2014, for related information. This MCAI may be found in the AD docket on the Internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2015–8463.

(p) Material Incorporated by Reference

(1) The Director of the Federal Register approved the incorporation by reference (IBR) of the service information listed in this paragraph under 5 U.S.C. 552(a) and 1 CFR part 51.

(2) You must use this service information as applicable to do the actions required by this AD, unless this AD specifies otherwise.

(3) The following service information was approved for IBR on December 2, 2013 (78 FR 64162, October 28, 2013).

(i) Airbus Service Bulletin A320–35–1049, dated June 15, 2011.

(ii) Airbus Service Bulletin A320–35–1053, dated June 15, 2011.

(iii) Airbus Service Bulletin A320–35–1054, dated June 15, 2011.

(iv) Airbus Service Bulletin A320–35–1055, dated June 15, 2011.

(v) Airbus Service Bulletin A320–35–1056, dated June 15, 2011.

(vi) Airbus Service Bulletin A320–35–1057, dated June 15, 2011.

(vii) Airbus Service Bulletin A320–35–1058, dated June 15, 2011.

(4) For service information identified in this AD, contact Airbus, Airworthiness Office—EIAS, 1 Rond Point Maurice Bellonte, 31707 Blagnac Cedex, France; telephone: +33 5 61 93 36 96; fax: +33 5 61 93 44 51; email: *account.airworth-eas@airbus.com;* Internet *http://www.airbus.com.*

(5) You may view this service information at the FAA, Transport Airplane Directorate, 1601 Lind Avenue SW., Renton, WA. For information on the availability of this material at the FAA, call 425–227–1221.

(6) You may view this service information that is incorporated by reference at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202–741–6030, or go to: *http://www.archives.gov/federal-register/cfr/ibr-locations.html.*

Issued in Renton, Washington, on August 3, 2016.

Michael Kaszycki,

Acting Manager, Transport Airplane Directorate, Aircraft Certification Service.

[FR Doc. 2016–19481 Filed 8–18–16; 8:45 am]

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 39

[Docket No. FAA–2016–8843; Directorate Identifier 2016–NM–113–AD; Amendment 39–18615; AD 2016–17–02]

RIN 2120–AA64

Airworthiness Directives; Dassault Aviation Airplanes

AGENCY: Federal Aviation Administration (FAA), Department of Transportation (DOT).

ACTION: Final rule; request for comments.

SUMMARY: We are adopting a new airworthiness directive (AD) for certain Dassault Aviation Model FALCON 900EX and FALCON 2000EX airplanes. This AD requires revising the airplane flight manual (AFM) to include procedures to follow when an airplane is operating in icing conditions. This AD also provides optional terminating action for the AFM revision. This AD was prompted by a design review of in-production airplanes that identified a deficiency in certain wing anti-ice system ducting. A deficiency in the wing anti-ice system ducting could lead to undetected, reduced performance of the wing anti-ice system, with potential ice accretion and ingestion, possibly resulting in degraded engine power and degraded handling characteristics of the airplane. We are issuing this AD to ensure the flight crew has procedures for operating an airplane in icing conditions.

DATES: This AD becomes effective September 6, 2016.

The Director of the Federal Register approved the incorporation by reference of certain publications listed in this AD as of September 6, 2016.

We must receive comments on this AD by October 3, 2016.

ADDRESSES: You may send comments, using the procedures found in 14 CFR 11.43 and 11.45, by any of the following methods:

- *Federal eRulemaking Portal:* Go to *http://www.regulations.gov.* Follow the instructions for submitting comments.
- *Fax:* 202–493–2251.
- *Mail:* U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590.
- *Hand Delivery:* U.S. Department of Transportation, Docket Operations, M–30, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

For service information identified in this final rule, contact Dassault Falcon Jet Corporation, Teterboro Airport, P.O. Box 2000, South Hackensack, NJ 07606; telephone 201–440–6700; Internet *http://www.dassaultfalcon.com.* You may view this referenced service information at the FAA, Transport Airplane Directorate, 1601 Lind Avenue SW., Renton, WA. For information on the availability of this material at the FAA, call 425–227–1221. It is also available on the Internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2016–8843.

Examining the AD Docket

You may examine the AD docket on the Internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2016–8843; or in person at the Docket Operations office between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The AD docket contains this AD, the regulatory evaluation, any comments received, and other information. The street address for the Docket Operations office (telephone 800–647–5527) is in the **ADDRESSES** section. Comments will be available in the AD docket shortly after receipt.

FOR FURTHER INFORMATION CONTACT: Tom Rodriguez, Aerospace Engineer, International Branch, ANM–116, Transport Airplane Directorate, FAA, 1601 Lind Avenue SW., Renton, WA 98057–3356; telephone 425–227–1137; fax 425–227–1149.

SUPPLEMENTARY INFORMATION:

Discussion

The European Aviation Safety Agency (EASA), which is the Technical Agent for the Member States of the European Union, has issued EASA Emergency Airworthiness Directive 2016–0130–E, dated July 5, 2016 (referred to after this as the Mandatory Continuing Airworthiness Information, or ''the MCAI''), to correct an unsafe condition for certain Dassault Aviation Model FALCON 900EX and FALCON 2000EX airplanes. The MCAI states:

> A design review of in production aeroplanes identified a manufacturing deficiency of some wing anti-ice system ducting.
>
> This condition, if not detected and corrected, could lead to an undetected reduced performance of the wing anti-ice system, with potential ice accretion and ingestion, possibly resulting in degraded engine power and degraded handling characteristics.
>
> The Falcon 900EX EASY and Falcon * * * [2000EX] Aircraft Flight Manuals (AFM) contain a normal procedure 4–200–05A, ''Operations in Icing Conditions'', addressing minimum fan speed rotation (N1) during combined operation of wing anti-ice and engine anti-ice systems. The subsequent investigation demonstrated that the wing anti-ice system performance for aeroplanes equipped with ducting affected by the manufacturing deficiency can be restored increasing N1 value. In addition, Dassault Aviation published Service Bulletin (SB) F900EX–464 (for Falcon 900EX aeroplanes) and SB F2000EX–393 (for Falcon 2000EX aeroplanes), providing instructions for wing anti-ice system ducting inspection.
>
> For the reasons described above, this [EASA] AD requires an AFM amendment and a one-time inspection of the wing anti-ice system ducting and, depending on findings, re-identification or replacement of the wing anti-ice system ducting.

You may examine the MCAI on the Internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2016–8843.

Interim Action

We consider this AD interim action. We are currently considering requiring a detailed inspection of the wing anti-icing system ducting for the presence of a diaphragm and, as applicable, re-identification or replacement of the wing anti-icing system ducting (these actions are required by the MCAI). That inspection and applicable corrective actions would terminate the AFM revision required by this AD action. However, the planned compliance time for the detailed inspection would allow enough time to provide notice and opportunity for prior public comment on the merits of the inspection.

Related Service Information Under 1 CFR Part 51

Dassault has issued Service Bulletin F900EX–464, dated June 20, 2016; and Service Bulletin F2000EX–393, dated June 20, 2016. The service information describes procedures for an inspection of the wing anti-ice system ducting and re-identification or replacement of the wing anti-ice system ducting. This service information is reasonably available because the interested parties have access to it through their normal course of business or by the means identified in the **ADDRESSES** section.

FAA's Determination and Requirements of This AD

This product has been approved by the aviation authority of another country, and is approved for operation in the United States. Pursuant to our bilateral agreement with the State of Design Authority, we have been notified of the unsafe condition described in the MCAI and service information referenced above. We are issuing this AD because we evaluated all pertinent information and determined the unsafe condition exists and is likely to exist or develop on other products of these same type designs.

FAA's Determination of the Effective Date

An unsafe condition exists that requires the immediate adoption of this AD. The FAA has found that the risk to the flying public justifies waiving notice and comment prior to adoption of this rule because a design review of in-production airplanes identified a deficiency in certain wing anti-ice system ducting that could lead to undetected, reduced performance of the wing anti-ice system, with potential ice accretion and ingestion, possibly resulting in degraded engine power and degraded handling characteristics of the airplane. Therefore, we determined that notice and opportunity for public comment before issuing this AD are impracticable and that good cause exists for making this amendment effective in fewer than 30 days.

Comments Invited

This AD is a final rule that involves requirements affecting flight safety, and we did not precede it by notice and opportunity for public comment. We invite you to send any written relevant data, views, or arguments about this AD. Send your comments to an address listed under the **ADDRESSES** section. Include ''Docket No. FAA–2016–8843; Directorate Identifier 2016–NM–113–AD'' at the beginning of your comments. We specifically invite comments on the overall regulatory, economic, environmental, and energy aspects of this AD. We will consider all comments received by the closing date and may amend this AD based on those comments.

We will post all comments we receive, without change, to *http://www.regulations.gov,* including any personal information you provide. We will also post a report summarizing each substantive verbal contact we receive about this AD.

Costs of Compliance

We estimate that this AD affects 52 airplanes of U.S. registry.

We also estimate that it will take about 1 work-hour per product to comply with the basic requirements of this AD. The average labor rate is $85 per work-hour. Based on these figures, we estimate the cost of this AD on U.S. operators to be $4,420, or $85 per product.

Authority for This Rulemaking

Title 49 of the United States Code specifies the FAA's authority to issue rules on aviation safety. Subtitle I, section 106, describes the authority of the FAA Administrator. ''Subtitle VII: Aviation Programs,'' describes in more detail the scope of the Agency's authority.

We are issuing this rulemaking under the authority described in ''Subtitle VII, Part A, Subpart III, Section 44701: General requirements.'' Under that section, Congress charges the FAA with promoting safe flight of civil aircraft in air commerce by prescribing regulations for practices, methods, and procedures the Administrator finds necessary for safety in air commerce. This regulation is within the scope of that authority because it addresses an unsafe condition that is likely to exist or develop on products identified in this rulemaking action.

Regulatory Findings

We determined that this AD will not have federalism implications under Executive Order 13132. This AD will not have a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government.

For the reasons discussed above, I certify that this AD:

1. Is not a ''significant regulatory action'' under Executive Order 12866;

2. Is not a ''significant rule'' under the DOT Regulatory Policies and Procedures (44 FR 11034, February 26, 1979);

3. Will not affect intrastate aviation in Alaska; and

4. Will not have a significant economic impact, positive or negative, on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

List of Subjects in 14 CFR Part 39

Air transportation, Aircraft, Aviation safety, Incorporation by reference, Safety.

Adoption of the Amendment

Accordingly, under the authority delegated to me by the Administrator, the FAA amends 14 CFR part 39 as follows:

PART 39—AIRWORTHINESS DIRECTIVES

■ 1. The authority citation for part 39 continues to read as follows:

Authority: 49 U.S.C. 106(g), 40113, 44701.

§ 39.13 [Amended]

■ 2. The FAA amends § 39.13 by adding the following new airworthiness directive (AD):

2016–17–02 Dassault Aviation: Amendment 39–18615; Docket No. FAA–2016–8843; Directorate Identifier 2016–NM–113–AD.

(a) Effective Date

This AD becomes effective September 6, 2016.

(b) Affected ADs

None.

(c) Applicability

This AD applies to the Dassault Aviation airplanes identified in paragraphs (c)(1) and (c)(2) of this AD, certificated in any category.

(1) Model FALCON 900EX airplanes, serial numbers (S/Ns) 270 through 291 inclusive and 294.

(2) Model FALCON 2000EX airplanes, S/Ns 263 through 305 inclusive, 307 through 313 inclusive, 315, 320, and 701 through 734 inclusive.

(d) Subject

Air Transport Association (ATA) of America Code 30, Ice and Rain Protection.

(e) Reason

This AD was prompted by a design review of in-production airplanes that identified a deficiency in certain wing anti-ice system ducting. A deficiency in the wing anti-ice system ducting could lead to undetected, reduced performance of the wing anti-ice system, with potential ice accretion and ingestion, possibly resulting in degraded engine power and degraded handling characteristics of the airplane. We are issuing this AD to ensure the flight crew has procedures for operating an airplane in icing conditions.

(f) Compliance

Comply with this AD within the compliance times specified, unless already done.

(g) Revision to Airplane Flight Manual (AFM)

(1) For Model FALCON 900EX airplanes on which the actions specified in Dassault Service Bulletin F900EX–464 have not been accomplished: Within 10 flight cycles after the effective date of this AD, revise Section 4–200–05A, ''OPERATION IN ICING CONDITIONS,'' of the Model FALCON 900EX AFM to include the information in figure 1 to paragraph (g)(1) of this AD, and thereafter operate the airplane accordingly. The AFM revision may be done by inserting a copy of this AD into the AFM.

Figure 1 to Paragraph (g)(1) of this AD – *Operation in Icing Conditions*

Wing Anti-Ice System Operation

During in flight operation of a wing anti-ice system (WING ANTI-ICE) maintain the N1 of all engines equal to or more than the values defined in Table 1, as applicable to atmospheric condition.

Table 1

New Minimum N1 values required during in flight operation of a wing anti-ice system

Three operative engines:

TAT	– 30 to – 20 °C	– 20 to – 10 °C	– 10 to 0 °C	0 to + 10 °C
Above 20,000 ft	79 %	75%	71%	66%
From 20,000 ft to 10,000 ft	76 %	73%	66%	59%
Below 10,000 ft	68 %	66%	61%	58%

These new values include 3% increase compared to former values (4-200-05A page 1/2).

Two operative engines:

TAT	– 30 to – 20 °C	– 20 to – 10 °C	– 10 to 0 °C	0 to + 10 °C
Above 20,000 ft	86 %	82%	78%	73%
From 20,000 ft to 10,000 ft	83 %	80%	73%	66%
Below 10,000 ft	75 %	73%	68%	65%

These new values include 3% increase compared to former values (4-200-05A page 1/2).

TAT – Total Air Temperature

Note 1: Maintaining the N1 above the minimum anti-ice N1 on all engines may lead to exceedance of approach speed. Early approach or landing configuration of an airplane and/or application of airbrakes may be used to control the airspeed. In approach and landing and for a limited duration up to three minutes, selection of N1 speeds below the minimum anti-ice N1 speed is authorized. In this case it is necessary to disengage the autothrottle.

Effectivity: F900EX (LX variant) S/Ns 270 through 291 inclusive and 294, without Dassault SB F900EX-464.

(2) For Model FALCON 2000EX airplanes on which the actions specified in Dassault Service Bulletin F2000EX–393 have not been accomplished: Within 10 flight cycles after the effective date of this AD, revise Section 4–200–05A, ''OPERATION IN ICING CONDITIONS,'' of the Model FALCON 2000EX AFM to include the information in figure 2 to paragraph (g)(2) of this AD, and thereafter operate the airplane accordingly. The AFM revision may be done by inserting a copy of this AD into the AFM.

Figure 2 to Paragraph (g)(2) of this AD – *Operation in Icing Conditions*

Wing Anti-Ice System Operation

During in flight operation of a wing anti-ice system (WING ANTI-ICE) maintain the N1 of both engines equal to or more than the values defined in Table 1, as applicable to atmospheric condition.

Table 1
New Minimum N1 values required during in flight operation of a wing anti-ice system

Two engines operative minimum N1:

TAT / Z	-30 °C	-15 °C	0 °C	+10 °C
31,000 ft	74.6	67.6	52.8	52.8
22,000 ft	72.4	63.7	52.8	52.1
3,000 ft	57.3	54.9	49.4	48.8
0 ft	54.9	54.9	49.4	48.8

These new values include 2% increase compared to former values (4-200-05A page 1/2).

One engine operative or one bleed inoperative minimum N1:

TAT / Z	-30 °C	-15 °C	0 °C	+10 °C
31,000 ft	82.4	77.0	64.0	58.0
22,000 ft	79.2	72.0	59.8	56.6
3,000 ft	71.2	66.4	59.8	49.3
0 ft	64.2	63.7	59.8	49.3

These new values include 2% increase compared to former values (4-200-05A page 1/2).

TAT – Total Air Temperature
Z - Altitude

Note 1: Maintaining the N1 above the minimum anti-ice N1 on all engines may lead to exceedance of approach speed. Early approach or landing configuration of an aeroplane and/or application of airbrakes may be used to control the airspeed. In approach and landing and for a limited duration up to three minutes, selection of N1 speeds below the minimum anti-ice N1 speed is authorized. In this case it is necessary to disengage the autothrottle.

Effectivity: F2000EX (LXS/S variants) S/Ns 263 through 305 inclusive, 307 through 313 inclusive, 315, 320, and 701 through 734 inclusive, without Dassault SB F2000EX-393.

(h) Optional Action(s)

A detailed inspection of the wing anti-ice system ducting for the presence of a diaphragm and, as applicable, a check of the part number, and re-identification of the wing anti-ice system ducting or replacement of the wing anti-ice system ducting, in accordance with the Accomplishment Instructions of Dassault Service Bulletin F900EX–464, dated June 20, 2016; or Service Bulletin F2000EX–393, dated June 20, 2016; as applicable; terminates the requirements of paragraph (g) of this AD for that airplane only. After the applicable actions in the service information have been completed, the AFM revision required by paragraph (g) of this AD may be removed from the AFM for that airplane.

(i) Other FAA AD Provisions

The following provisions also apply to this AD:

(1) Alternative Methods of Compliance (AMOCs): The Manager, International Branch, ANM–116, Transport Airplane Directorate, FAA, has the authority to approve AMOCs for this AD, if requested using the procedures found in 14 CFR 39.19. In accordance with 14 CFR 39.19, send your

request to your principal inspector or local Flight Standards District Office, as appropriate. If sending information directly to the International Branch, send it to ATTN: Tom Rodriguez, Aerospace Engineer, International Branch, ANM–116, Transport Airplane Directorate, FAA, 1601 Lind Avenue SW., Renton, WA 98057–3356; telephone 425–227–1137; fax 425–227–1149. Information may be emailed to: *9-ANM-116-AMOC-REQUESTS@faa.gov.* Before using any approved AMOC, notify your appropriate principal inspector, or lacking a principal inspector, the manager of the local flight standards district office/certificate holding district office.

(2) Contacting the Manufacturer: For any requirement in this AD to obtain corrective actions from a manufacturer, the action must be accomplished using a method approved by the Manager, International Branch, ANM–116, Transport Airplane Directorate, FAA; or the European Aviation Safety Agency (EASA); or Dassault Aviation's EASA Design Organization Approval (DOA). If approved by the DOA, the approval must include the DOA-authorized signature.

(j) Related Information

Refer to Mandatory Continuing Airworthiness Information (MCAI) Emergency Airworthiness Directive 2016–0130–E, dated July 5, 2016, for related information. You may examine the MCAI on the Internet at *http://www.regulations.gov* by searching for and locating Docket No. FAA–2016–8843.

(k) Material Incorporated by Reference

(1) The Director of the Federal Register approved the incorporation by reference (IBR) of the service information listed in this paragraph under 5 U.S.C. 552(a) and 1 CFR part 51.

(2) You must use this service information as applicable to do the actions required by this AD, unless this AD specifies otherwise.

(i) Dassault Service Bulletin F900EX–464, dated June 20, 2016.

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA–2016–8926; Amendment No. 71–48]

RIN 2120–AA66

Airspace Designations; Incorporation by Reference

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule.

SUMMARY: This action amends Title 14 Code of Federal Regulations (14 CFR) part 71 relating to airspace designations to reflect the approval by the Director of the Federal Register of the incorporation by reference of FAA Order 7400.11A, Airspace Designations and Reporting Points. This action also explains the procedures the FAA will use to amend the listings of Class A, B, C, D, and E airspace areas; air traffic service routes; and reporting points incorporated by reference.

DATES: These regulations are effective September 15, 2016, through September 15, 2017. The incorporation by reference of FAA Order 7400.11A is approved by the Director of the Federal Register as of September 15, 2016, through September 15, 2017.

ADDRESSES: FAA Order 7400.11A, Airspace Designations and Reporting Points, and subsequent amendments can be viewed on line at *http://www.faa.gov/air_traffic/publications/.* For further information, you can contact the Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591; telephone: (202) 267–8783. The Order is also available for inspection at the National Archives and Records Administration (NARA). For information on the availability of FAA Order 7400.11A at NARA, call (202) 741–6030, or go to *http://www.archives.gov/federal_register/code_of_federal-regulations/ibr_locations.html.*

FAA Order 7400.11, Airspace Designations and Reporting Points, is published yearly and effective on September 15.

FOR FURTHER INFORMATION CONTACT: Sarah A. Combs, Airspace Policy Group, Office of Airspace Services, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591; telephone: (202) 267–8783.

SUPPLEMENTARY INFORMATION:

History

FAA Order 7400.9Z, Airspace Designations and Reporting Points, effective September 15, 2015, listed Class A, B, C, D and E airspace areas; air traffic service routes; and reporting points. Due to the length of these descriptions, the FAA requested approval from the Office of the Federal Register to incorporate the material by reference in the Federal Aviation Regulations section 71.1, effective September 15, 2015, through September 15, 2016. During the incorporation by reference period, the FAA processed all proposed changes of the airspace listings in FAA Order 7400.9Z in full text as proposed rule documents in the **Federal Register**. Likewise, all amendments of these listings were published in full text as final rules in the **Federal Register**. This rule reflects the periodic integration of these final rule amendments into a revised edition of Order 7400.11A, Airspace Designations and Reporting Points. The Director of the Federal Register has approved the incorporation by reference of FAA Order 7400.11A in section 71.1, as of September 15, 2016, through September 15, 2017. This rule also explains the procedures the FAA will use to amend the airspace designations incorporated by reference in part 71. Sections 71.5, 71.15, 71.31, 71.33, 71.41, 71.51, 71.61, 71.71, and 71.901 are also updated to reflect the incorporation by reference of FAA Order 7400.11A.

Availability and Summary of Documents for Incorporation by Reference

This document incorporates by reference FAA Order 7400.11A, airspace Designations and Reporting Points, dated August 3, 2016, and effective September 15, 2016, in section 71.1. FAA Order 7400.11A is publicly available as listed in the **ADDRESSES** section of this final rule. FAA Order 7400.11A lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) part 71 to reflect the approval by the Director of the Federal Register of the incorporation by reference of FAA Order 7400.11A,

effective September 15, 2016, through September 15, 2017. During the incorporation by reference period, the FAA will continue to process all proposed changes of the airspace listings in FAA Order 7400.11A in full text as proposed rule documents in the **Federal Register**. Likewise, all amendments of these listings will be published in full text as final rules in the **Federal Register**. The FAA will periodically integrate all final rule amendments into a revised edition of the Order, and submit the revised edition to the Director of the Federal Register for approval for incorporation by reference in section 71.1.

Regulatory Notices and Analyses

The FAA has determined that this action: (1) Is not a ''significant regulatory action'' under Executive Order 12866; (2) is not a ''significant rule'' under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. This action neither places any new restrictions or requirements on the public, nor changes the dimensions or operation requirements of the airspace listings incorporated by reference in part 71.

List of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

■ 1. The authority citation for part 71 continues to read as follows:

Authority: 49 U.S.C. 106(f), 106(g); 40103, 40113, 40120; E.O. 10854, 24 FR 9565, 3 CFR, 1959–1963 Comp., p. 389.

■ 2. Section 71.1 is revised to read as follows:

§ 71.1 Applicability.

A listing for Class A, B, C, D, and E airspace areas; air traffic service routes; and reporting points can be found in FAA Order 7400.11A, Airspace Designations and Reporting Points, dated August 3, 2016. This incorporation by reference was approved by the Director of the Federal Register in accordance with 5 U.S.C. 552 (a) and 1 CFR part 51. The approval to incorporate by reference FAA Order 7400.11A is effective September 15, 2016, through September 15, 2017. During the incorporation by reference period, proposed changes to the listings of Class A, B, C, D, and E airspace areas; air traffic service routes; and reporting points will be published in full text as proposed rule documents in the **Federal Register**. Amendments to the listings of Class A, B, C, D, and E airspace areas; air traffic service routes; and reporting points will be published in full text as final rules in the **Federal Register**. Periodically, the final rule amendments will be integrated into a revised edition of the Order and submitted to the Director of the Federal Register for approval for incorporation by reference in this section. Copies of FAA Order 7400.11A may be obtained from Airspace Policy Group, Federal Aviation Administration, 800 Independence Avenue SW., Washington, DC 20591, (202) 267–8783. An electronic version of the Order is available on the FAA Web site at *http://www.faa.gov/air_traffic/publications.* Copies of FAA Order 7400.11A may be inspected in Docket No. FAA–2016–XXXX; Amendment No. 71–48 on *http://www.regulations.gov.* A copy of FAA Order 7400.11A may be inspected at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call (202) 741–6030, or go to: *http://www.archives.gov/federal-register/cfr/ibr-locations.html.*

§ 71.5 [Amended]

■ 3. Section 71.5 is amended by removing the words ''FAA Order 7400.9Z'' and adding, in their place, the words ''FAA Order 7400.11A.''

§ 71.15 [Amended]

■ 4. Section 71.15 is amended by removing the words ''FAA Order 7400.9Z'' and adding, in their place, the words ''FAA Order 7400.11A.''

§ 71.31 [Amended]

■ 5. Section 71.31 is amended by removing the words ''FAA Order 7400.9Z'' and adding, in their place, the words ''FAA Order 7400.11A.''

§ 71.33 [Amended]

■ 6. Paragraph (c) of section 71.33 is amended by removing the words ''FAA Order 7400.9Z'' and adding, in their place, the words ''FAA Order 7400.11A.''

§ 71.41 [Amended]

■ 7. Section 71.41 is amended by removing the words ''FAA Order 7400.9Z'' and adding, in their place, the words ''FAA Order 7400.11A.''

§ 71.51 [Amended]

■ 8. Section 71.51 is amended by removing the words ''FAA Order 7400.9Z'' and adding, in their place, the words ''FAA Order 7400.11A.''

§ 71.61 [Amended]

■ 9. Section 71.61 is amended by removing the words ''FAA Order 7400.9Z'' and adding, in their place, the words ''FAA Order 7400.11A.''

§ 71.71 [Amended]

■ 10. Paragraphs (b), (c), (d), (e), and (f) of section 71.71 are amended by removing the words ''FAA Order 7400.9Z'' and adding, in their place, the words ''FAA Order 7400.11A.''

§ 71.901 [Amended]

■ 11. Paragraph (a) of section 71.901 is amended by removing the words ''FAA Order 7400.9Z'' and adding, in their place, the words ''FAA Order 7400.11A.''.''

Issued in Washington, DC, on August 11, 2016.

M. Randy Willis,

Acting Manager, Airspace Policy Group.

Bureau of Industry and Security

15 CFR Part 744

[Docket No. 160106014–6728–04]

RIN 0694–AG82

Temporary General License: Extension of Validity

AGENCY: Bureau of Industry and Security, Commerce.

ACTION: Final rule.

SUMMARY: On March 24, 2016, the Bureau of Industry and Security (BIS) published a final rule, Temporary General License. The March 24 final rule created a temporary general license that restored, for a specified time period, the licensing requirements and policies under the Export Administration Regulations (EAR) for exports, reexports, and transfers (in-country) as of March 7, 2016, to two entities (ZTE Corporation and ZTE Kangxun) that were added to the Entity List on March 8, 2016. At this time, the U.S. Government has decided to extend the temporary general license until November 28, 2016. In order to implement this decision, this final rule revises the temporary general license to

remove the expiration date of August 30, 2016, and to substitute the date of November 28, 2016. This final rule makes no other changes to the EAR.

DATES: This rule is effective August 19, 2016 through November 28, 2016. The expiration date of the final rule published on March 24, 2016 (81 FR 15633) is extended until November 28, 2016.

FOR FURTHER INFORMATION CONTACT: Chair, End-User Review Committee, Office of the Assistant Secretary, Export Administration, Bureau of Industry and Security, Department of Commerce, Phone: (202) 482–5991, Email: *ERC@bis.doc.gov.*

SUPPLEMENTARY INFORMATION:

Background

On March 24, 2016, the Bureau of Industry and Security (BIS) published a final rule, Temporary General License (81 FR 15633). The March 24 final rule amended the EAR by adding Supplement No. 7 to part 744 to create a Temporary General License that returned, until June 30, 2016, the licensing and other policies of the EAR regarding exports, reexports, and transfers (in-country) to Zhongxing Telecommunications Equipment (ZTE) Corporation and ZTE Kangxun to that which were in effect prior to their addition to the Entity List on March 8, 2016. On June 28, 2016, BIS published a final rule, Temporary General License: Extension of Validity (81 FR 41799), which extended the validity of the Temporary General License until August 30, 2016. Details regarding the scope of the listing are at 81 FR 12004 (Mar. 8, 2016), (''Additions to the Entity List''). Details regarding the Temporary General License can be found in the March 24 final rule and in Supplement No. 7 to Part 744—Temporary General License.

BIS issued the March 24 final rule, and the June 28 final rule, in connection with a request to remove or modify the listing. The March 24 final rule, and the June 28 final rule, specified that the temporary general license was renewable if the U.S. Government determined, in its sole discretion, that ZTE Corporation and ZTE Kangxun were timely performing their undertakings to the U.S. Government and otherwise cooperating with the U.S. Government in resolving the matter which led to the two entities' listing.

At this time, the U.S. Government has decided to extend the temporary general license until November 28, 2016. In order to implement this U.S. Government decision, this final rule revises the temporary general license to remove the date of August 30, 2016, and substitute the date of November 28, 2016. This final rule makes no other changes to the EAR.

Export Administration Act

Although the Export Administration Act expired on August 20, 2001, the President, through Executive Order 13222 of August 17, 2001, 3 CFR, 2001 Comp., p. 783 (2002), as amended by Executive Order 13637 of March 8, 2013, 78 FR 16129 (March 13, 2013) and as extended by the Notice of August 4, 2016, 81 FR 52587 (August 8, 2016), has continued the Export Administration Regulations in effect under the International Emergency Economic Powers Act. BIS continues to carry out the provisions of the Export Administration Act, as appropriate and to the extent permitted by law, pursuant to Executive Order 13222, as amended by Executive Order 13637.

Rulemaking Requirements

1. Executive Orders 13563 and 12866 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has been determined to be not significant for purposes of Executive Order 12866.

2. Notwithstanding any other provision of law, no person is required to respond to nor be subject to a penalty for failure to comply with a collection of information, subject to the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*) (PRA), unless that collection of information displays a currently valid Office of Management and Budget (OMB) Control Number. This regulation involves collections previously approved by OMB under control number 0694–0088, Simplified Network Application Processing System, which includes, among other things, license applications and carries a burden estimate of 43.8 minutes for a manual or electronic submission. Total burden hours associated with the PRA and OMB control number 0694–0088 are not expected to increase as a result of this rule. You may send comments regarding the collection of information associated with this rule, including suggestions for reducing the burden, to Jasmeet K. Seehra, Office of Management and Budget (OMB), by email to *Jasmeet_K._Seehra@omb.eop.gov,* or by fax to (202) 395–7285.

3. This rule does not contain policies with Federalism implications as that term is defined in Executive Order 13132.

4. The provisions of the Administrative Procedure Act (5 U.S.C. 553) requiring notice of proposed rulemaking, the opportunity for public comment, and a delay in effective date are inapplicable because this regulation involves a military or foreign affairs function of the United States. (*See* 5 U.S.C. 553(a)(1)). If this rule were delayed to allow for notice and comment and a delay in effective date, then the national security and foreign policy objectives of this rule would be harmed. Because a notice of proposed rulemaking and an opportunity for public comment are not required to be given for this rule by 5 U.S.C. 553, or by any other law, the analytical requirements of the Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.,* are not applicable. Accordingly, no regulatory flexibility analysis is required and none has been prepared.

List of Subjects in 15 CFR Part 744

Exports, Reporting and recordkeeping requirements, Terrorism.

Accordingly, part 744 of the Export Administration Regulations (15 CFR parts 730 through 774) is amended as follows:

PART 744—[AMENDED]

■ 1. The authority citation for 15 CFR part 744 is revised to read as follows:

Authority: 50 U.S.C. 4601 *et seq.;* 50 U.S.C. 1701 *et seq.;* 22 U.S.C. 3201 *et seq.;* 42 U.S.C. 2139a; 22 U.S.C. 7201 *et seq.;* 22 U.S.C. 7210; E.O. 12058, 43 FR 20947, 3 CFR, 1978 Comp., p. 179; E.O. 12851, 58 FR 33181, 3 CFR, 1993 Comp., p. 608; E.O. 12938, 59 FR 59099, 3 CFR, 1994 Comp., p. 950; E.O. 12947, 60 FR 5079, 3 CFR, 1995 Comp., p. 356; E.O. 13026, 61 FR 58767, 3 CFR, 1996 Comp., p. 228; E.O. 13099, 63 FR 45167, 3 CFR, 1998 Comp., p. 208; E.O. 13222, 66 FR 44025, 3 CFR, 2001 Comp., p. 783; E.O. 13224, 66 FR 49079, 3 CFR, 2001 Comp., p. 786; Notice of September 18, 2015, 80 FR 57281 (September 22, 2015); Notice of November 12, 2015, 80 FR 70667 (November 13, 2015); Notice of January 20, 2016, 81 FR 3937 (January 22, 2016); Notice of August 4, 2016, 81 FR 52587 (August 8, 2016).

Supplement No. 7 to Part 744—[Amended]

■ 2. In Supplement No. 7 to part 744, remove ''August 30, 2016'' and add in its place ''November 28, 2016''.

Dated: August 16, 2016.

Kevin J. Wolf,

Assistant Secretary for Export Administration.

BILLING CODE 3510–33–P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 100

[Docket No. USCG–2016–0700]

Special Local Regulations; S.P.O.R.T. Boat Races, Sabine River, Orange, TX

AGENCY: Coast Guard, DHS.

ACTION: Notice of enforcement of regulation.

SUMMARY: The Coast Guard will enforce special local regulations for the Southern Professional Outboard Racing Tour (S.P.O.R.T.) boat races to be held on the Sabine River in Orange, TX, September 16–18, 2016, to provide for the safety of life on navigable waterways during high speed boat races. Our regulation for Recurring Marine Events in Sector Houston-Galveston identifies the regulated area for this regatta. During the enforcement periods, no vessel may transit this regulated area without approval from the Captain of the Port or a designated representative.

DATES: The regulations in 33 CFR 100.801, Table 3, Line no. 5, will be enforced from 3:00 p.m. to 6:00 p.m. on September 16, 2016; and from 9:00 a.m. to 6:00 p.m. on September 17 and 18, 2016.

FOR FURTHER INFORMATION CONTACT: If you have questions about this notice of enforcement, call or email Mr. Scott Whalen, U.S. Coast Guard Marine Safety Unit, Port Arthur, TX; telephone 409–719–5086, email *scott.k.whalen@uscg.mil.*

SUPPLEMENTARY INFORMATION: The Coast Guard will enforce special local regulations in 33 CFR 100.801, Table 3, Line no. 5 from 3:00 p.m. until 6:00 p.m. on September 16, 2016, and from 9:00 a.m. until 6:00 p.m. on September 17 and 18, 2016, for the Southern Professional Outboard Racing Tour (S.P.O.R.T.) boat races. This action is being taken to provide for the safety of life on navigable waterways during the high speed boat races. Our regulation for Recurring Marine Events in Sector Houston-Galveston, § 100.801, Table 3, Line no. 5, specifies the location of the regulated area for this event. As specified in § 100.801, during the enforcement period, no vessel may transit this regulated area without approval from the Captain of the Port (COTP), Port Arthur or a COTP designated representative.

This notice of enforcement is issued under authority of 33 CFR 100.801 and 5 U.S.C. 552(a). In addition to this notice of enforcement in the **Federal Register**, the Coast Guard plans to provide notification of this enforcement period via the Local Notice to Mariners, marine information broadcasts, Marine Safety Information Bulletins and Vessel Traffic Service (VTS) Advisories.

Dated: August 16, 2016.

R.S. Ogrydziak,

Captain, U.S. Coast Guard, Captain of the Port, Port Arthur.

[Docket No. USCG–2016–0751]

RIN 1625–AA00

Safety Zone; Port Huron Float-Down, St. Clair River, Port Huron, MI

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing a temporary safety zone for certain waters of the St. Clair River in the vicinity of Port Huron, Michigan. Though this is an unsanctioned, non-permitted marine event, this action is necessary to provide for the safety of life on these navigable waters near Port Huron, MI, during a float down event on August 21, 2016. This regulation prohibits persons and vessels from being in the safety zone unless authorized by the Captain of the Port Detroit or a designated representative.

DATES: This rule is effective from 12 p.m. through 8 p.m. on August 21, 2016.

ADDRESSES: To view documents mentioned in this preamble as being available in the docket, go to *http://www.regulations.gov,* type USCG–2016–0751 in the ''SEARCH'' box and click ''SEARCH.'' Click on Open Docket Folder on the line associated with this rule.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary final rule, call or email Lieutenant Selena Warnke, Prevention Department, Sector Detroit, Coast Guard; telephone 313–568–9508, email *Selena.M.Warnke@uscg.mil.* If you have questions on viewing the docket, call Cheryl Collins, Program Manager, Docket Operations, telephone 202–366–9826.

SUPPLEMENTARY INFORMATION:

I. Table of Abbreviations

DHS Department of Homeland Security
COTP Captain of the Port
NAD 83 North American Datum of 1983
NPRM Notice of Proposed Rulemaking

II. Background Information and Regulatory History

The Coast Guard is issuing this temporary rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are ''impracticable, unnecessary, or contrary to the public interest.'' Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because doing so would be impracticable. The final details of this event were not known to the Coast Guard until there was insufficient time remaining before the event to publish an NPRM. Thus, delaying the effective date of this rule to wait for a comment period to run would be impracticable because it would inhibit the Coast Guard's ability to protect participants, mariners, and vessels from the hazards associated with this event. Furthermore, under 5 U.S.C. 553(d)(3), the Coast Guard finds that good cause exists for making this temporary rule effective less than 30 days after publication in the **Federal Register** for the same reasons noted above.

During the afternoon of August 21, 2016, a non-sanctioned public event, advertised over various social-media sites, in which a large number of persons float down a segment of the St. Clair River, using inner tubes and other similar floatation devices is scheduled to take place. The 2016 Float-Down event will occur between approximately 12 p.m. and 8 p.m. on August 21, 2016. This event has taken place in the month of August yearly from 2009 through 2015.

While no private or municipal entity has requested a marine event permit from the Coast Guard for this event, and although it has not received state or federal permits over these past years, the event has drawn over 3,000

participants of various ages annually. Despite plans put together by federal, state and local officials, emergency responders and law enforcement officials have been overburdened pursuing safety during this event. Medical emergencies, people drifting across the international border, and people trespassing on residential property when trying to get out of the water before the designated finish line are some of the numerous difficulties encountered during the Float-Down event.

During the 2014 Float-Down event, a 19-year-old participating in the event died. Despite this, promotional information for the event continues to be published, and more than 3,000 people are again anticipated to float down the river this year. However, since no public or private organization holds themselves responsible as the event sponsor, the Coast Guard does not receive full and final details regarding the event or the number of participants until the time of the event.

III. Legal Authority and Need for Rule

The Coast Guard is issuing this rule under authority in 33 U.S.C. 1231, 33 CFR 1.05–1 and 160.5; and Department of Homeland Security Delegation No. 0170.1. The Captain of the Port Detroit (COTP) has determined that the 2016 Float-Down poses significant risks to public safety and property. The likely combination of large numbers of participants, strong river currents, limited rescue resources, and difficult emergency response scenarios could easily result in serious injuries or fatalities to Float-Down participants and spectators.

IV. Discussion of the Rule

This rule establishes a safety zone from 12 p.m. through 8 p.m. on August 21, 2016. The safety zone will begin at Lighthouse Beach and encompass all U.S. waters of the St. Clair River bound by a line starting at a point on land north of Coast Guard Station Port Huron at position 43°00′25″ N.; 082°25′20″ W., extending east to the international boundary to a point at position 43°00′25″ N.; 082°25′02″ W., following south along the international boundary to a point at position 42°54′30″ N.; 082°27′41″ W., extending west to a point on land just north of Stag Island at position 42°54′30″ N.; 082°27′58″ W., and following north along the U.S. shoreline to the point of origin (NAD 83).

Entry into, transiting, or anchoring within the safety zone is prohibited unless authorized by the COTP or a designated representative. Vessel operators must contact the COTP or his on-scene representative to obtain permission to transit through this safety zone. Additionally, no one under the age of 18 will be permitted to enter the safety zone if they are not wearing a Coast Guard-approved Personal Floatation Device (PFD). The COTP or his on-scene representative may be contacted via VHF Channel 16.

V. Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on these statutes or executive orders.

A. Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory Planning and Review, as supplemented by Executive Order 13563, Improving Regulation and Regulatory Review, and does not require an assessment of potential costs and benefits under section 6(a)(3) of Executive Order 12866 or under section 1 of Executive Order 13563. The Office of Management and Budget has not reviewed it under those Orders.

We conclude that this rule is not a significant regulatory action because we anticipate that it will have minimal impact on the economy, will not interfere with other agencies, will not adversely alter the budget of any grant or loan recipients, and will not raise any novel legal or policy issues. The safety zone created by this rule will be relatively small and enforced for relatively short duration, and it is designed to minimize the impact on navigation. Moreover, under certain conditions, vessels may still transit through the safety zone when permitted by the Captain of the Port.

B. Impact on Small Entities

As per the Regulatory Flexibility Act of 1980 (RFA), 5 U.S.C. 601–612, as amended, we have considered the potential impact of regulations on small entities during rulemaking. The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities.

This rule will affect the following entities, some of which might be small entities: The owners or operators of vessels intending to transit or anchor in this portion of southern Lake Huron and the St. Clair River near Port Huron, MI on August 21, 2016, between the hours of 12 p.m. and 8 p.m.

This safety zone will not have a significant economic impact on a substantial number of small entities for the reasons cited in the *Regulatory Planning and Review* section. Additionally, before the enforcement of the zone, Coast Guard Sector Detroit will issue a local Broadcast Notice to Mariners so vessel owners and operators can plan accordingly.

C. Assistance for Small Entities

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we want to assist small entities in understanding this rule so that they can better evaluate its effects on them. If this rule would affect your small business, organization, or governmental jurisdiction and you have questions concerning its provisions or options for compliance, please contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section above.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency's responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against entities that question or complain about this rule or any policy or action of the Coast Guard.

D. Collection of Information

This rule will not call for a new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

E. Federalism

A rule has implications for federalism under Executive Order 13132, Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

F. Protest Activities

The Coast Guard respects the First Amendment rights of protesters. Protesters are asked to contact the person listed in the **FOR FURTHER INFORMATION CONTACT** section to

coordinate protest activities so that your message can be received without jeopardizing the safety or security of people, places, or vessels.

G. Unfunded Mandates Reform Act

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1538) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or tribal government, in the aggregate, or by the private sector of $100,000,000 (adjusted for inflation) or more in any one year. Though this rule will not result in such expenditure, we do discuss the effects of this rule elsewhere in this preamble.

H. Taking of Private Property

This rule will not cause a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

I. Civil Justice Reform

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

J. Protection of Children

We have analyzed this rule under Executive Order 13045, Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

K. Indian Tribal Governments

This rule does not have tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian tribes, on the relationship between the Federal Government and Indian tribes, or on the distribution of power and responsibilities between the Federal Government and Indian tribes.

L. Energy Effects

This action is not a ''significant energy action'' under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use.

M. Technical Standards

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

N. Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.lD, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA)(42 U.S.C. 4321–4370f), and have concluded this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This rule involves the establishment of a safety zone and is therefore categorically excluded from further review under paragraph 34(g) of Figure 2–1 of the Commandant Instruction. An environmental analysis checklist supporting this determination and a Categorical Exclusion Determination are available in the docket where indicated under **ADDRESSES**. We seek any comments or information that may lead to the discovery of a significant environmental impact from this rule.

List of Subjects in 33 CFR Part 165

Harbors, Marine safety, Navigation (water), Reporting and recordkeeping requirements, Security measures, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 165 as follows:

PART 165—REGULATED NAVIGATION AREAS AND LIMITED ACCESS AREAS

■ 1. The authority citation for part 165 continues to read as follows:

Authority: 33 U.S.C 1231; 50 U.S.C. 191; 33 CFR 1.05–1, 6.04–1, 6.04–6, and 160.5; Department of Homeland Security Delegation No. 0170.1.

■ 2. Add § 165.T09–0751 to read as follows:

§ 165.T09–0751 Safety Zone; Port Huron Float-Down, St. Clair River, Port Huron, MI.

(a) *Location.* The following area is a temporary safety zone: All U.S. navigable waters of southern Lake Huron and the St. Clair River adjacent to Port Huron, MI, beginning at Lighthouse Beach and encompassing all U.S. waters of the St. Clair River bound by a line starting at a point on land north of Coast Guard Station Port Huron at position 43°00′25″ N.; 082°25′20″ W., extending east to the international boundary to a point at position 43°00′25″ N.; 082°25′02″ W., following south along the international boundary to a point at position 42°54′30″ N.; 082°27′41″ W., extending west to a point on land just north of Stag Island at position 42°54′30″ N.; 082°27′58″ W., and following north along the U.S. shoreline to the point of origin (NAD 83).

(b) *Enforcement period.* The safety zone described in paragraph (a) of this section will be enforced from 12:00 p.m. to 8:00 p.m. on August 21, 2016.

(c) *Regulations.* (1) In accordance with the general regulations in § 165.23, entry into, transiting or anchoring within this safety zone is prohibited unless authorized by the Captain of the Port Detroit (COTP) or his on-scene representative.

(2) The safety zone is closed to all vessel traffic, except as may be permitted on a case-by-case basis by the COTP or his on-scene representative.

(3) Additionally, no one under the age of 18 will be permitted to enter the safety zone if they are not wearing a Coast Guard-approved Personal Floatation Device (PFD).

(4) The ''on-scene representative'' of the COTP is any Coast Guard commissioned, warrant or petty officer or a Federal, State, or local law enforcement officer designated by or assisting the COTP to act on his behalf.

(5) Vessel operators desiring to enter or operate within the safety zone shall contact the COTP or his on-scene representative to request permission to do so. The COTP or a designated representative may be contacted via VHF Channel 16 or at 313–568–9464. Vessel operators given permission to enter or operate in the safety zone must comply with all directions given to them by the COTP or his on-scene representative.

Dated: August 16, 2016.

Scott B. Lemasters,

Captain, U.S. Coast Guard, Captain of the Port Detroit.

National Oceanic and Atmospheric Administration

50 CFR Part 635

[Docket No. 150817722–6703–02]

RIN 0648–BF10

Atlantic Highly Migratory Species; Archival Tag Management Measures

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule.

SUMMARY: This final rule revises the regulations that currently require persons surgically implanting or externally affixing archival tags on Atlantic highly migratory species (HMS) to obtain written authorization from NMFS, and that require fishermen to report their catches of Atlantic HMS with such tags to NMFS. Archival tags are tags that record scientific information about the movement and behavior of a fish and include tags that are surgically implanted in a fish, as well as tags that are externally affixed, such as pop-up satellite archival tags (PSAT) and smart position and temperature tags (SPOT). Specifically, this final rule removes the requirement for researchers to obtain written authorization from NMFS to implant or affix an archival tag but would continue to allow persons who catch a fish with a surgically implanted archival tag to retain the fish only if they return the tag to the person indicated on the tag or to NMFS. Persons retaining such fish would no longer be required to submit to NMFS an archival tag landing report or make the fish available for inspection and tag recovery by a NMFS scientist, enforcement agent, or other person designated in writing by NMFS. Any persons who land an Atlantic HMS with an externally-affixed archival tag would be encouraged, but not required, to follow the instructions on the tag to return the tag to the appropriate research entity or to NMFS. This action will affect any researchers wishing to place archival tags on Atlantic HMS and any fishermen who might catch such a tagged fish.

DATES: Effective on September 19, 2016.

ADDRESSES: NMFS Highly Migratory Species Management Division, 1315 East-West Highway, Silver Spring, MD 20910.

FOR FURTHER INFORMATION CONTACT: Larry Redd, Craig Cockrell, Tobey Curtis or Karyl Brewster-Geisz by phone at 301–427–8503.

SUPPLEMENTARY INFORMATION:

Background

Atlantic HMS are managed under the 2006 Consolidated HMS Fishery Management Plan (FMP) and its amendments. Implementing regulations at 50 CFR part 635 are issued under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act), 16 U.S.C. 1801 *et seq.,* and Atlantic Tunas Convention Act (ATCA), 16 U.S.C. 971 *et seq.* ATCA authorizes the Secretary of Commerce (Secretary) to promulgate regulations as necessary and appropriate to implement ICCAT recommendations.

On April 14, 2016 (81 FR 22044), NMFS published a proposed rule regarding the regulatory requirements for the placement of ''archival tags.'' An ''archival tag'' is defined at § 635.2 as ''a device that is implanted or affixed to a fish to electronically record scientific information about the migratory behavior of that fish.'' The comment period on the proposed rule ended on May 16, 2016.

Researchers use archival tags because they are a powerful tool for tracking the movements, geolocation, and behavior of individual tunas, sharks, swordfish, and billfishes. Data recovery from some archival tags, particularly those that are surgically implanted into the fish, requires that fish be re-caught. Other archival tags, such as PSAT and SPOT, which are externally affixed to the fish, are able to transmit the information remotely and do not require the fish to be re-caught nor do researchers expect the tags to be returned, as generally no additional data are gained from their return. Data from archival tags are used to ascertain HMS life-history information, such as migratory patterns and spawning site fidelity.

In addition to archival tags, researchers may place conventional tags, such as spaghetti or roto tags, acoustic tags, or passive integrated transponder (PIT) tags on HMS. These types of tags do not record or store any information, and thus are not ''archival'' tags. Furthermore, there are some tags, such as some SPOTs, that may be archival or may be more acoustic in nature, depending on the needs of the researcher. For Atlantic HMS, NMFS does not regulate the placement or the collection of these non-archival tags, and this final rule does not affect any tags other than archival tags.

This final rule removes the requirement for researchers to obtain written authorization from NMFS to implant or affix an archival tag. Additionally, this final rule maintains the regulatory requirement that Atlantic HMS caught with a surgically implanted archival tag may be retained only on the condition that the surgically implanted tag is returned to either the originating researcher or to NMFS. Maintaining this regulatory provision creates an incentive to return the surgical tags, which need to be physically retrieved to retrieve the data. This would afford some assurance to researchers that they would be able to retrieve the surgically implanted tags and would not lose their investment due to discarded tags, and that the tags would continue to contribute to the collection of Atlantic HMS life history and biological data. In all other cases (*i.e.,* the fisherman catches an HMS with an externally placed archival tag, a conventional tag, an acoustic tag, or a PIT tag), NMFS encourages, but does not require, the fisherman to return the tag and any information requested directly to the researcher or entity noted on the tag itself. All other reporting requirements for HMS would still apply. Finally, under this final rule, the person retaining an HMS with either an externally affixed or surgically implanted archival tag would no longer be required to submit an archival tag landing report to NMFS or make the fish available for inspection and tag recovery by a NMFS scientist, enforcement agent, or other person designated in writing by NMFS.

This final rule maintains appropriate management and conservation requirements, such as requiring the return of the surgically implanted archival tag if the fish is retained, for HMS while making the archival tagging process more efficient by reducing any time and delay cost to researchers associated with the applying for a permit to place archival tags on Atlantic HMS. This final rule would reduce the regulatory burden for researchers, and allow researchers the opportunity to place archival tags on Atlantic HMS during periods of time in which they usually would be waiting for NMFS to process their annual permits, typically in January or February. NMFS does not expect this action to result in increased fishing mortality or increased interactions with listed species.

Response to Comments

During the proposed rule stage, NMFS received 31 written comments. The comments received on the proposed rule during the public comment period can be found at *http://www.regulations.gov/* by searching for NOAA–NMFS–2016–0017. A summary of the relevant comments on the proposed rule are shown below with NMFS' response.

Comment 1: NMFS received some comments in support of removing the requirement for researchers to obtain written authorization from NMFS to implant or affix archival tags. Commenters supporting the removal of the written authorization requirement stated that the authorization was unnecessary for the application of archival tags on HMS because advancements in tagging techniques have resulted in low mortality rates and that removing the requirement would maximize opportunities to deploy archival tags.

Response: NMFS agrees that researchers no longer need written

authorization to implant or affix archival tags. The requirement to receive written authorization for placement of archival tags was implemented in the 1990s to monitor fish mortality, at a time when archival tag technology was fairly new, and most of the archival tags had to be surgically implanted into the fish. The mortality rates associated with surgically implanting such tags into fish was unknown at that time. Currently, researchers primarily use externally affixed archival tags because the data collected from those tags are received via satellite (in other words, you do not need to re-catch the fish in order to collect the data). Furthermore, research has shown negligible mortality rates as a result of implanting or affixing archival tags. Additionally, NMFS believes that allowing researchers the opportunity to place archival tags without written authorization should maximize tagging opportunities for researchers, allowing them to fish at times of the year when NMFS is processing permit applications the months of January and February, and minimize any administrative burden associated with applying for such authorization.

Comment 2: Some commenters opposed removal of the written authorization requirement, stating that the change would increase fishing pressure on HMS, protected, and endangered species. Those individuals felt that the proposed rule would remove the current fishing regulations for protected and endangered species, allowing fishermen the opportunity to target these species. Some commenters expressed concern that removing the requirement for written authorization would remove accountability for researchers, fishermen, and both state and Federal officials to follow standard scientific and regulatory practices. Commenters also expressed a belief that reducing the administrative burden on NMFS staff was not an appropriate reason to remove the requirement. Commenters further noted that requiring written authorization ensures that the party taking part in the research is qualified or could be given instructional education on handling and tagging techniques.

Response: As described in the proposed rule, after 20 years of use, the mortality rate as a result of placement of archival tags is negligible and most research projects are of relatively limited scope both in terms of the number of individual fish affected and the number of species involved. As such, given the low mortality from placing archival or other tags, the large number of alternative tags available for use by researchers, and the high cost of obtaining an archival tag (approximately $5,000 per tag), NMFS does not agree that removal of the requirement to obtain written authorization for archival tags would increase fishing pressure on HMS or cause additional mortality. The removal of the requirement to obtain written authorization to place a tag on HMS in itself is not expected to have any impact on protected resources. If researchers are interacting with listed species, they are responsible for obtaining appropriate permit coverage under the Endangered Species Act (ESA) to ensure that any incidental take during research operations is authorized. Additionally, while removal of the requirement to obtain written authorization to place archival tags on HMS would reduce some administrative burden on NMFS staff, the main reduction of administrative burden will be with researchers who would no longer need to apply and wait for written authorization before tagging fish with archival tags. This is a desirable outcome because researchers would have more flexibility to tag in different areas and on a greater variety of species during the times they otherwise would be waiting for NMFS to issue a permit.

In regard to continuing to ensure accountability of scientists and other researchers, most HMS research activities would likely still require authorization under an exempted fishing permit (EFP) or scientific research permit (SRP) because other research activities, such as sampling gear or possession of HMS, continue to require authorization (see 50 CFR 635.32). While researchers could place archival tags without written authorization, other research activities would likely still need written authorization. Furthermore, there is no evidence or apparent incentive for researchers or fishermen to circumvent established scientific or regulatory practices when tagging HMS or reporting recaptures.

Comment 3: Several commenters expressed concern that the proposed rule could potentially be abused by any fisherman who wishes to apply tags, and that the level of enforcement on the responsible application of tags would be reduced.

Response: This final rule is designed to reduce regulatory burdens on researchers and is not expected to have impacts on fishermen beyond the requirement to return the archival tag. To our knowledge, no Atlantic HMS fishermen have ever applied archival tags without collaboration with researchers, nor are they likely to do so because archival tags are costly and the data they provide require scientific expertise and infrastructure to analyze and interpret. Neither commercial fishermen nor recreational fishermen are likely to realize benefits from buying and then applying archival tags and releasing HMS. Both recreational and commercial fishermen have been assisting scientists for years by placing conventional tags on HMS that are released, and returning tags and providing information on tagged HMS that are landed.

Comment 4: Commenters stated that NMFS should continue to encourage but not require the return of archival tags to researchers or NMFS and that the regulations requiring tag returns are not needed since the fishermen understand the importance and value of archival tags.

Response: NMFS will continue to encourage the return of any archival or other tags to researchers or NMFS by noting the importance of tag return in the compliance guides and other outreach materials. Furthermore, researchers note in their comments that many fishermen already voluntarily return archival tags to researchers. Monetary rewards are often offered by researchers for the return of their tags, but many fishermen also acknowledge the scientific value of the data provided by archival tags, and are generally supportive of fish-tagging research. While NMFS is removing the non-surgically implanted archival tag landing report requirement under this final rule, the regulations will still require fishermen to return surgically implanted archival tags from recaptured HMS to the appropriate research entity or NMFS.

Comment 5: NMFS should not remove the archival tag landing report requirement, as it would reduce fishermen accountability allowing them to capture HMS without documentation and could have a negative impact on scientific data. Removing the landing report could potentially result in illegal fishing practices under the blanket of ''scientific research.''

Response: Removing the requirement to report landing a tagged HMS to NMFS is not expected to impact reporting rates of these tags between fishermen and scientists. Fishermen often voluntarily return tags and related information about the recaptured HMS directly to the researchers identified on a tag, and researchers have not raised any concerns that they may be losing scientific data due to non-reporting by fishermen. While NMFS will continue to encourage reporting and returns of archival tags from fishermen to

researchers by noting the importance of tag return in the compliance guides and other outreach materials, there is no need to maintain a separate archival tag landing report requirement.

Comment 6: NMFS requested and received various comments regarding whether fishermen who catch an HMS with an externally affixed archival tag should be required to release the fish if it is otherwise legal to land. Some scientists noted that the return of archival tags from recaptured HMS can be very valuable to researchers because the physical recovery of such tags can provide much more data than non-returned tags, and these tags can often be redeployed on other fish. Other commenters stated that fish that are tagged with an archival tag should be allowed to be landed regardless of the regulations; fish should be allowed to be landed if they are legal species within retention sizes; fish that have an internally implanted archival tag should be allowed to be landed as long as the tag is returned to the researcher or NMFS; sharks with externally affixed tags should be released; and all tagged fish which are caught should be released.

Response: After reviewing these comments, NMFS has determined that a requirement for fishermen to release any HMS with an externally affixed archival tag is not warranted at this time. Under this final rule, fishermen may continue to retain any otherwise legal HMS, including those with externally affixed archival tags. Fishermen may also continue to retain HMS with an internally implanted archival tag regardless of any regulatory prohibition, as long as the tag is returned to the appropriate research entity or NMFS. If fishermen were prohibited from retaining an HMS because it had an externally affixed archival tag, it could negatively affect tag return rates and cooperation with researchers. In most cases, researchers state that they attach greater value to the potential for returned tags than to the mandatory release of tagged fish and the continued collection of information from having the tagged fish in the water. This is particularly true since many externally affixed archival tags only collect data for a limited period of time (*e.g.,* 1 week, 1 month, 6 months, etc.), which is set by the researcher before placing the tag.

Comment 7: Several commenters requested a public hearing for clarification of the proposed rule and to allow the scientific and environmental community the chance to provide information and suggest alternatives to the proposed rule.

Response: The purpose and scope of this final rule, which is largely administrative in nature, was fully described in the proposed rule. NMFS announced the proposed rule via email notification and posting on the Atlantic HMS Web site when it published in the **Federal Register**, and provided a 30-day public comment period. The majority of the commenters who requested a public hearing were concerned about the impact of the removal of a written authorization on the tagging of protected or endangered species. As described above, however, this final rule does not address the tagging of protected or endangered species nor would it affect associated regulations and requirements applicable to listed species or increase interactions with such species. As such, because their concerns were so far outside the scope of the rulemaking, we determined that a public hearing was not necessary and that a written response to comments would be adequate and appropriate.

Comment 8: NMFS received a public comment regarding the effects of tagging on HMS (specifically sharks). The commenter highlighted issues surrounding infection and tag biofouling, and argued that NMFS should not implement the proposed measures because they would result in more harmful tagging of HMS.

Response: While available research indicates that any kind of fish tagging, including the application of archival tags, could result in physiological stress, injury, infection, and other sublethal impacts, the majority of scientific evidence indicates that tag-induced mortality of HMS is negligible and is not a threat to HMS populations. An archival tag is one type of tag placed on HMS, and is a scientific tool that has been used to vastly improve understanding of HMS movements, habitat use, exposure to anthropogenic impacts, post-release mortality rates, and other aspects of biology. Archival tagging studies have improved NMFS' ability to conserve and sustainably manage HMS populations, and NMFS encourages the responsible continued use of all tags, including archival tags.

Classification

The NMFS Assistant Administrator has determined that the final rule is consistent with the 2006 Consolidated HMS FMP and its amendments, the Magnuson-Stevens Act, and other applicable laws.

This final action is not significant for the purposes of Executive Order 12866.

The Chief Counsel for Regulation of the Department of Commerce certified to the Chief Counsel for Advocacy of the Small Business Administration during the proposed rule stage that this action would not have a significant economic impact on a substantial number of small entities. The factual basis for the certification was published in the proposed rule and is not repeated here. No comments were received regarding this certification. As a result, a regulatory flexibility analysis was not required and none was prepared.

List of Subjects in 50 CFR Part 635

Fisheries, Fishing, Fishing vessels, Foreign relations, Imports, Penalties, Reporting and recordkeeping requirements, Treaties.

Dated: August 15, 2016.

Samuel D. Rauch III,

Deputy Assistant Administrator for Regulatory Programs, National Marine Fisheries Service.

For the reasons set out in the preamble, NMFS amends 50 CFR part 635 as follows:

PART 635—ATLANTIC HIGHLY MIGRATORY SPECIES

■ 1. The authority citation for part 635 continues to read as follows:

Authority: 16 U.S.C. 971 *et seq.;* 16 U.S.C. 1801 *et seq.*

■ 2. Revise § 635.33 to read as follows:

§ 635.33 Archival tags.

(a) *Landing an HMS with a surgically implanted archival tag.* Notwithstanding other provisions of this part, persons may catch, possess, retain, and land an Atlantic HMS in which an archival tag has been surgically implanted, provided such persons return the tag to the research entity indicated on the tag or to NMFS at an address designated by NMFS and report the fish as required in § 635.5.

(b) *Quota monitoring.* If an Atlantic HMS landed under the authority of paragraph (a) of this section is subject to a quota, the fish will be counted against the applicable quota for the species consistent with the fishing gear and activity which resulted in the catch. In the event such fishing gear or activity is otherwise prohibited under applicable provisions of this part, the fish shall be counted against the reserve or research quota established for that species, as appropriate.

■ 3. In § 635.71, revise paragraph (a)(20) to read as follows:

§ 635.71 Prohibitions.

* * * * *

(a) * * *

(20) Fail to return a surgically implanted archival tag of a retained

Atlantic HMS to NMFS or the research entity, as specified in § 635.33, or fail to report the fish, as specified in § 635.5.

* * * * *

[Docket ID OCC–2016–0009]

RIN 1557–AE05

Mandatory Contractual Stay Requirements for Qualified Financial Contracts

AGENCY: Office of the Comptroller of the Currency, Treasury (OCC).

ACTION: Notice of proposed rulemaking.

SUMMARY: The OCC is proposing to add a new part to its rules to enhance the resilience and the safety and soundness of federally chartered and licensed financial institutions by addressing concerns relating to the exercise of default rights of certain financial contracts that could interfere with the orderly resolution of certain systemically important financial firms. Under this proposed rule, a covered bank would be required to ensure that a covered qualified financial contract (1) contains a contractual stay-and-transfer provision analogous to the statutory stay-and-transfer provision imposed under Title II of the Dodd-Frank Act and in the Federal Deposit Insurance Act, and (2) limits the exercise of default rights based on the insolvency of an affiliate of the covered bank. In addition, this proposed rule would make conforming amendments to the OCC's Capital Adequacy Standards and the Liquidity Risk Measurement Standards in its regulations. The requirements of this proposed rule are substantively identical to those contained in a notice of proposed rulemaking issued by the Board of Governors of the Federal Reserve System on May 3, 2016.

DATES: Comments must be received by October 18, 2016.

ADDRESSES: Because paper mail in the Washington, DC area and at the OCC is subject to delay, commenters are encouraged to submit comments through the Federal eRulemaking Portal or email, if possible. Please use the title ''Mandatory Contractual Stay Requirements for Qualified Financial Contracts'' to facilitate the organization and distribution of the comments. You may submit comments by any of the following methods:

- *Federal eRulemaking Portal—''Regulations.gov'':* Go to *www.regulations.gov.* Enter ''Docket ID OCC–2016–0009'' in the Search Box and click ''Search.'' Click on ''Comment Now'' to submit public comments.
- Click on the ''Help'' tab on the *Regulations.gov* home page to get information on using *Regulations.gov*, including instructions for submitting public comments.
- *Email: regs.comments@occ.treas.gov.*
- *Mail:* Legislative and Regulatory Activities Division, Office of the Comptroller of the Currency, 400 7th Street SW., Suite 3E–218, Mail Stop 9W–11, Washington, DC 20219.
- *Hand Delivery/Courier:* 400 7th Street SW., Suite 3E–218, Mail Stop 9W–11, Washington, DC 20219.
- *Fax:* (571) 465–4326.

Instructions: You must include ''OCC'' as the agency name and ''Docket ID OCC–2016–0009'' in your comment. In general, OCC will enter all comments received into the docket and publish them on the *Regulations.gov* Web site without change, including any business or personal information that you provide such as name and address information, email addresses, or phone numbers. Comments received, including attachments and other supporting materials, are part of the public record and subject to public disclosure. Do not include any information in your comment or supporting materials that you consider confidential or inappropriate for public disclosure.

You may review comments and other related materials that pertain to this rulemaking action by any of the following methods:

- *Viewing Comments Electronically:* Go to *www.regulations.gov.* Enter ''Docket ID OCC–2016–0009'' in the Search box and click ''Search.'' Click on ''Open Docket Folder'' on the right side of the screen and then ''Comments.'' Comments can be filtered by clicking on ''View All'' and then using the filtering tools on the left side of the screen.
- Click on the ''Help'' tab on the *Regulations.gov* home page to get information on using *Regulations.gov*. Supporting materials may be viewed by clicking on ''Open Docket Folder'' and then clicking on ''Supporting Documents.'' The docket may be viewed after the close of the comment period in the same manner as during the comment period.
- *Viewing Comments Personally:* You may personally inspect and photocopy comments at the OCC, 400 7th Street SW., Washington, DC. For security reasons, the OCC requires that visitors make an appointment to inspect comments. You may do so by calling (202) 649–6700 or, for persons who are deaf or hard of hearing, TTY, (202) 649–5597. Upon arrival, visitors will be required to present valid government-issued photo identification and submit to security screening in order to inspect and photocopy comments.

FOR FURTHER INFORMATION CONTACT: Valerie Song, Assistant Director, or Scott Burnett, Attorney, Bank Activities and Structure Division, (202) 649–5500; Rima Kundnani, Attorney, or Ron Shimabukuro, Senior Counsel, Legislative and Regulatory Activities Division, (202) 649–6282, 400 7th Street SW., Washington, DC 20219.

I. Introduction

In the wake of the financial crisis of 2007–08, U.S. and international financial regulators have placed increased focus on improving the resolvability of large, complex financial institutions that operate in multiple jurisdictions, often called global systemically important banking organizations (GSIBs).

In connection with these ongoing efforts, on May 3, 2016, the Board of Governors of the Federal Reserve System (FRB or Board) issued a notice of proposed rulemaking (NPRM) pursuant to section 165 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank Act) as part of its ongoing efforts to improve the resolvability of U.S. GSIBs and foreign GSIBs that operate in the United States (collectively, ''covered entities'' [1]).[2] The OCC is issuing this parallel proposed rule applicable to OCC-regulated institutions that are part of a covered entity under the FRB NPRM. The OCC intends this proposed rule to complement and work in tandem with the FRB NPRM.

The purpose of the Board's NPRM is to improve the resolvability of covered entities by ''limiting disruptions to a failed GSIB through its financial contracts with other companies.'' [3] Specifically, the Board's NPRM addresses a threat to financial stability posed by the potential disorderly exercise of default rights contained in several important categories of financial contracts collectively known as ''qualified financial contracts'' (QFCs).[4]

As described more fully in the Board's NPRM and in the Background section of this preamble, this threat to financial stability arises because GSIBs are interconnected with other financial firms, including other GSIBs, through large volumes of QFCs. The failure of one entity within a GSIB can trigger disruptive terminations of these contracts if the counterparties of both the failed entity and its affiliates exercise their contractual rights to terminate the contracts and liquidate collateral.[5] These terminations, especially if counterparties lose confidence in the GSIB quickly, and in large numbers, can destabilize the financial system and potentially spark a financial crisis through several channels. For example, they can destabilize the failed entity's otherwise solvent affiliates, causing them to weaken or fail with adverse consequences to their counterparties that can result in a chain reaction that ripples through the financial system. They also may result in ''fire sales'' of large volumes of financial assets, in particular, the collateral that secures the contracts, which can in turn weaken and cause stress for other firms by depressing the value of similar assets that they hold.

As discussed in detail in the Section I.B., the OCC, as the primary regulator for national banks, Federal savings associations (FSAs), and Federal branches and agencies, has a strong safety and soundness interest in preventing such a disorderly termination of QFCs upon a GSIB's entry into resolution proceedings. QFCs are typically entered into by various operating entities in the GSIB group, which will often include a large depository institution that is subject to the OCC's supervision. These OCC-supervised entities are some of the largest entities by asset size in the GSIB group, and often a party to large volumes of QFCs, making these entities highly interconnected with other large financial firms.[6] The exercise of default rights against an otherwise healthy national bank, FSA, or Federal branch or agency resulting from the failure of its affiliate, for example its top-tier U.S. holding company, may cause it to weaken or fail, and in turn spread contagion throughout the financial system, including among the system of federally chartered and licensed institutions that the OCC supervises, by causing a chain of failures by other financial institutions—including other national banks, FSAs, or Federal branches or agencies—that are its QFC counterparties. Furthermore, if an OCC-supervised entity itself were to fail, it is imperative that the default rights triggered by such an event are exercised in an orderly manner, both by domestic and foreign counterparties, to ensure that contagion does not spread to other federally chartered and licensed institutions and beyond throughout the Federal banking system.[7]

Accordingly, OCC-supervised affiliates or branches of U.S. or foreign GSIBs are exposed, through the interconnectedness of their QFCs and their affiliates' QFCs, to destabilizing effects if their counterparties or the counterparties of their affiliates exercise default rights upon the entry into resolution of the covered bank itself or its GSIB affiliate. These potential destabilizing effects are best addressed by requiring all GSIB entities to amend their QFCs to include contractual provisions aimed at avoiding such destabilization. As the primary supervisor of covered banks, the OCC has a significant interest in preventing or mitigating these destabilizing effects; otherwise, the result will be adverse to safety and soundness of covered banks individually and collectively, with the potential for spill-over beyond GSIB-affiliated banks and Federal branches and agencies to the Federal banking system.

As described in the Board's NPRM, measures aimed at improving financial stability and the probability of a successful resolution of GSIBs likely will affect the operations of GSIB subsidiaries. In most cases, the largest GSIB subsidiary by asset size is a national bank supervised by the OCC. While the ultimate aim of the Board's NPRM and this proposed rule is focused on the resolution of a GSIB, the proposed preventative measures would be required to be implemented by GSIBs while they are going concerns. The OCC has an inherent supervisory interest in ensuring that measures aimed at improving resolvability in the event of a GSIB's failure are also consistent with

[1] The FRB NPRM applies to ''covered entities.'' The term ''covered entity'' includes: any U.S. top-tier bank holding company identified as a GSIB under the Board's NPRM establishing risk-based capital surcharges for GSIBs, set forth at 12 CFR 217.402; any subsidiary of such bank holding company (other than a ''covered bank''); and any U.S. subsidiary, U.S. branch, or U.S. agency of a foreign GSIB (other than a ''covered bank''). *See* FRB NPRM § 252.82. The term ''covered entity'' does not include ''covered banks,'' which are instead covered by the provisions of this proposed rule.

[2] ''Restrictions on Qualified Financial Contracts of Systemically Important U.S. Banking Organizations and the U.S. Operations of Systemically Important Foreign Banking Organizations; Revisions to the Definition of Qualifying Master Netting Agreement and Related Definitions,'' 81 FR 29691, 29170 (May 11, 2016) (FRB Proposal, FRB NPRM, Board's Proposal, or Board's NPRM).

[3] *Id.* at 29170.

[4] *Id.* The Board's Proposal adopts the definition of ''qualified financial contract'' set out in section 210(c)(8)(D) of the Dodd-Frank Act, 12 U.S.C. 5390(c)(8)(D). *See* Board's Proposal § 252.81. This definition includes, among other things, derivatives, repurchase agreements (also known as ''repos'') and reverse repos, and securities lending and borrowing agreements.

[5] As used in this proposed rule, the term ''GSIB'' can refer to any entity in the GSIB group, including the top-tier parent entity or any subsidiary thereof. The term ''GSIB entity'' is sometimes used to refer to an individual component of the GSIB group.

[6] 81 FR 29619, 29172 (''From the standpoint of financial stability, the most important of these operating subsidiaries are generally a U.S. insured depository institution, a U.S. broker-dealer, and similar entities organized in other countries.'').

[7] As used in this proposed rule, the term ''Federal banking system'' refers to all OCC-supervised entities, including national banks, Federal savings associations, and Federal branches and agencies. Accordingly, references to impacts on the Federal banking system refer to how destabilization can adversely affect all such entities, not just covered banks.

the safe and sound operation of the OCC-supervised subsidiary as a going concern. Accordingly, to ensure that the QFCs entered into by such entities do not threaten the stability or safety and soundness of covered banks individually or collectively, the OCC is issuing this proposed rule, which imposes substantively identical requirements contained in the FRB NPRM on national banks, FSAs, and Federal branches and agencies (covered banks). The OCC worked closely with the FRB to develop this proposed rule.[8] In addition, the OCC plans to work with the FRB to coordinate the development of the final rule and may share comments received in response to the proposed rule, as appropriate.

II. Background

The following background discussion describes in detail the financial contracts that are the subject of this proposed rule, the default rights often contained in such contracts, and impacts on financial stability resulting from the exercise of such default rights. This section also provides background information on the resolution strategies for GSIBs and how they fit within the resolution frameworks in the United States.[9]

A. Qualified Financial Contracts, Default Rights, and Financial Stability

The proposed rule covers QFCs, which include swaps, other derivative contracts, repurchase agreements (repos) and reverse repos, and securities lending and borrowing agreements. GSIB entities enter into QFCs to borrow money to finance their investments, to lend money, to manage risk, to attempt to profit from market movements, and to enable their clients and counterparties to perform these financial activities.

QFCs play a role in economically valuable financial intermediation when markets are functioning normally. But they are also a major source of financial interconnectedness, which may pose a threat to financial stability in times of stress. This proposed rule, along with the FRB NPRM, focuses on one of the most serious threats to both a global systemically important bank holding company (BHC) and its covered banks subsidiaries—the failure of a GSIB that is party to large volumes of QFCs, which are likely to involve QFCs with counterparties that are themselves systemically important.

By contract, a party to a QFC generally has the right to take certain actions if its counterparty defaults on the QFC (that is, if it fails to meet certain contractual obligations). Common default rights include the right to suspend performance of the non-defaulting party's obligations, the right to terminate or accelerate the contract, the right to set off amounts owed between the parties, the right to seize and liquidate the defaulting party's collateral. In general, default rights allow a party to a QFC to reduce the credit risk associated with the QFC by granting it the right to exit the QFC and thereby reduce its exposure to its counterparty upon the occurrence of a specified condition, such as its counterparty's entry into resolution proceedings.

This proposed rule focuses on two distinct scenarios in which a non-defaulting party to a QFC is commonly able to exercise default rights. These two scenarios involve a default that occurs when either the defaulting party to the QFC or an affiliate of that party enters a resolution proceeding.[10]

The first scenario occurs when a legal entity that is itself a party to the QFC enters a resolution proceeding. This proposed rule refers to such a scenario as a ''direct default'' and refers to the contractual default rights that arise from a direct default as ''direct default rights.'' [11]

The second scenario occurs when an affiliate of the legal entity that is a direct party to the QFC (such as the direct party's parent holding company) enters a resolution proceeding. This proposed rule refers to such a scenario as a ''cross-default'' and refers to contractual default rights that arise from a cross-default as ''cross-default rights.'' For example, a GSIB parent entity might guarantee the derivatives transactions of its subsidiaries and those derivatives contracts could contain cross-default rights against a subsidiary of the GSIB that would be triggered by the bankruptcy filing of the GSIB parent entity even though the subsidiary continues to meet all of its financial obligations.

Direct default rights and cross-default rights are referred to collectively in this proposed rule as ''default rights.''

As noted in the FRB NPRM, if a significant number of QFC counterparties exercise their default rights precipitously and in a manner that would impede an orderly resolution of a GSIB, all QFC counterparties and the broader financial system, including institutions supervised by the OCC, may potentially be worse off and less stable.

The destabilization can occur in several ways. First, counterparties' exercise of default rights may drain liquidity from the troubled GSIB, forcing it to sell off assets at depressed prices, both because the sales must be done on a short timeframe and because the elevated supply will push prices down. These asset ''fire sales'' may cause or deepen balance-sheet insolvency at the GSIB, reducing the amount that its other creditors can recover and thereby imposing losses on those creditors and threatening their solvency (and, indirectly, the solvency of their own creditors, and so on). The GSIB may also respond by withdrawing liquidity that it had offered to other firms, forcing them to engage in asset fire sales. Alternatively, if the GSIB's QFC counterparty itself liquidates the QFC collateral at fire sale prices, the effect will again be to weaken the GSIB's balance sheet, because the debt satisfied by the liquidation would be less than what the value of the collateral would have been outside the fire sale context. The counterparty's setoff rights may allow it to further drain the GSIB's capital and liquidity by withholding payments owed to the GSIB. The GSIB may also have rehypothecated collateral that it received from QFC counterparties, for instance in back-to-back repo or securities lending transactions, in which case demands from those counterparties for the early return of their rehypothecated collateral could be especially disruptive.

The asset fire sales can also spread contagion throughout the financial system by increasing volatility and by lowering the value of similar assets held by other financial institutions, potentially causing them to suffer

[8] 12 U.S.C. 5365(b)(4) (requiring the Board to consult with each Financial Stability Oversight Council (FSOC) member that primarily supervises any subsidiary when any prudential standard is likely to have a ''significant impact'' on such subsidiary).

[9] See 81 FR 29169, 29170–73 (May 11, 2016), from which this discussion is adapted.

[10] This preamble uses phrases such as ''entering a resolution proceeding'' and ''going into resolution'' to refer to the concept of ''becoming subject to a receivership, insolvency, liquidation, resolution, or similar proceeding.'' These phrases refer to proceedings established by law to deal with a failed legal entity. In the context of the failure of a global systemically important bank holding company, the most relevant types of resolution proceeding include: (1) For most U.S.-based legal entities, the bankruptcy process established by the U.S. Bankruptcy Code (Title 11, United States Code); (2) for U.S. insured depository institutions, a receivership administered by the Federal Deposit Insurance Corporation (FDIC) under the Federal Deposit Insurance Act (12 U.S.C. 1821); (3) for companies whose ''resolution under otherwise applicable Federal or State law would have serious adverse effects on the financial stability of the United States,'' the Dodd-Frank Act's Orderly Liquidation Authority (12 U.S.C. 5383(b)(2)); and, (4) for entities based outside the United States, resolution proceedings created by foreign law.

[11] For convenience, this preamble uses the general term ''default'' to refer specifically to a default that occurs when a QFC party or its affiliate enters a resolution proceeding.

diminished market confidence in their own solvency, mark-to-market losses, margin calls, and creditor runs (which could lead to further fire sales, worsening the contagion). Finally, the early terminations of derivatives that the defaulting GSIB relied on to hedge its risks could leave major risks unhedged, increasing the GSIB's probable losses going forward.

Where there are significant simultaneous terminations and these effects occur contemporaneously, such as upon the failure of a GSIB that is party to a large volume of QFCs, they may pose a substantial risk to financial stability. In short, QFC continuity is important for the orderly resolution of a GSIB so that the instability caused by asset fire sales can be avoided.[12]

As will be discussed further, the proposed rule is primarily concerned only with default rights that run *against* a GSIB—that is, direct default rights and cross-default rights that arise from the entry into resolution of a GSIB. The proposed rule would not affect contractual default rights that a GSIB (or any other entity) may have against a counterparty that is not a GSIB. The OCC believes that this limited scope is appropriate because the risk posed to financial stability by the exercise of QFC default rights is greatest when the defaulting counterparty is a GSIB.

B. QFC Default Rights and GSIB Resolution Strategies

Under the Dodd-Frank Act, many complex GSIBs are required to submit resolution plans to the Board and the Federal Deposit Insurance Corporation (FDIC), detailing how the company can be resolved in a rapid and orderly manner in the event of material financial distress or failure of the company. In response to these requirements, these firms have developed resolution strategies that, broadly speaking, fall into two categories: The single-point-of-entry (SPOE) strategy and the multiple-point-of-entry (MPOE) strategy. As noted in the Board's Proposal, cross-default rights in QFCs pose a potential obstacle to the implementation of either of these strategies.

In an SPOE resolution, only a single legal entity—the GSIB's top-tier BHC—would enter a resolution proceeding. The losses that led to the GSIB's failure would be passed up from the operating subsidiaries that incurred the losses to the holding company and would then be imposed on the equity holders and unsecured creditors of the holding company through the resolution process. This strategy is designed to help ensure that the GSIB's subsidiaries remain adequately capitalized. An SPOE resolution could thereby prevent those operating subsidiaries from failing or entering resolution themselves and allow them to instead continue normal operations. The expectation that the holding company's equity holders and unsecured creditors would absorb the GSIB's losses in the event of failure would help to maintain the confidence of the operating subsidiaries' creditors and counterparties (including QFC counterparties), reducing their incentive to engage in potentially destabilizing funding runs or margin calls and thus lowering the risk of asset fire sales.

An SPOE proceeding can avoid the need for covered banks to be placed into receivership or similar proceedings, as they would continue to operate as going concerns, only if the parent's entry into resolution proceedings does not trigger the exercise of cross-default rights. Accordingly, this proposed rule, by limiting such cross-default rights based on an affiliate's entry into resolution proceedings, enables the SPOE strategy, and in turn, would assist in stabilizing both the covered bank and the Federal banking system.

This proposed rule would also yield benefits for resolution under the MPOE strategy. Unlike the SPOE strategy, an MPOE strategy involves several entities in the GSIB group entering proceedings. For example, an MPOE strategy might involve a foreign GSIB's U.S. intermediate holding company going into resolution or a GSIB's U.S. insured depository institution entering resolution under the Federal Deposit Insurance Act. Similar to the benefits associated with the SPOE strategy, this proposed rule would help support the continued operation of affiliates of an entity experiencing resolution to the extent the affiliate continues to perform on its QFCs.

C. Default Rights and Relevant Resolution Laws

In order to understand the connection between direct defaults, cross-defaults, the SPOE and MPOE resolution strategies, and the threats to financial stability discussed previously, it is necessary to understand how QFCs, and the default rights contained therein, are treated when an entity enters resolution. The following sections discuss the treatment of QFCs in greater detail under three U.S. resolution laws: the Bankruptcy Code, the Orderly Liquidation Authority, and the Federal Deposit Insurance Act. As discussed in these sections, each of these resolution laws has special provisions detailing the treatment of QFCs upon an entity's entry into such proceedings.

U.S. Bankruptcy Code. While covered banks themselves are not subject to resolution under the Bankruptcy Code, in general, if a BHC were to fail, it would be resolved under the Bankruptcy Code. When an entity goes into resolution under the Bankruptcy Code, attempts by the creditors of the debtor to enforce their debts through any means other than participation in the bankruptcy proceeding (for instance, by suing in another court, seeking enforcement of a preexisting judgment, or seizing and liquidating collateral) are generally blocked by the imposition of an automatic stay, which generally persists throughout the bankruptcy proceeding.[13] A key purpose of the automatic stay, and of bankruptcy law in general, is to maximize the value of the bankruptcy estate and the creditors' ultimate recoveries by facilitating an orderly liquidation or restructuring of the debtor. As a result, the automatic stay addresses the collective action problem, in which the creditors' individual incentives to race to recover as much from the debtor as possible, before other creditors can do so, collectively cause a value-destroying disorderly liquidation of the debtor.[14]

The Bankruptcy Code, however, largely exempts QFC counterparties from the automatic stay through special ''safe harbor'' provisions.[15] Under these provisions, any contractual rights that a QFC counterparty has to terminate the contract, set off obligations, and liquidate collateral in response to a direct default or cross-default are not

[12] The Board and the FDIC identified the exercise of default rights in financial contracts as a potential obstacle to orderly resolution in the context of resolution plans filed pursuant to section 165(d) of the Dodd-Frank Act and, accordingly, instructed the most systemically important firms to demonstrate that they are ''amending, on an industry-wide and firm-specific basis, financial contracts to provide for a stay of certain early termination rights of external counterparties triggered by insolvency proceedings.'' FRB and FDIC, ''Agencies Provide Feedback on Second Round Resolution Plans of 'First-Wave' Filers'' (August 5, 2014), available at *http://www.federalreserve.gov/newsevents/press/bcreg/20140805a.htm. See also* FRB and FDIC, ''Agencies Provide Feedback on Resolution Plans of Three Foreign Banking Organizations'' (March 23, 2015), available at *http://www.federalreserve.gov/newsevents/press/bcreg/20150323a.htm;* FRB and FDIC, ''Guidance for 2013 165(d) Annual Resolution Plan Submissions by Domestic Covered Companies that Submitted Initial Resolution Plans in 2012'' 5–6 (April 15, 2013), available at *http://www.federalreserve.gov/newsevents/press/bcreg/bcreg20130415c2.pdf.*

[13] *See* 11 U.S.C. 362.

[14] *See, e.g., Aiello* v. *Providian Financial Corp.,* 239 F.3d 876, 879 (7th Cir. 2001).

[15] 11 U.S.C. 362(b)(6), (7), (17), (27), 362(o), 555, 556, 559, 560, 561.

subject to the stay and may be exercised at any time.[16]

Where the failed firm is a GSIB's holding company with covered banks that are going concerns and are party to large volumes of QFCs, the mass exercise of default rights under the QFCs based on the affiliate default represents a significant impediment to the SPOE resolution strategy.[17] This is because the failure of a covered bank's affiliate will trigger the mass exercise of cross-default rights against the covered bank, which will not be stayed by the affiliate's entry into bankruptcy proceedings. This will in turn lead to fire sales that will threaten the ongoing viability of the covered bank and the successful resolution of the particular GSIB—and thus will also pose a threat to the federal banking system and broader financial system.

Special Resolution Regimes Under U.S. Law. For purposes of this proposed rule, there are two special resolution regimes under U.S. law: Title II of the Dodd-Frank Act and the Orderly Liquidation Authority (OLA); and the Federal Deposit Insurance Act (FDIA). While these regimes both impose certain limitations on the ability of counterparties to exercise default rights—thus mitigating the potential for disorderly resolution due to the exercise by counterparties of such default rights—these limitations may not be applicable or clearly enforceable in certain contexts.

Title II of the Dodd-Frank Act and the Orderly Resolution Authority. Title II of the Dodd-Frank Act establishes an alternative resolution framework intended ''to provide the necessary authority to liquidate failing financial companies that pose a significant risk to the financial stability of the United States in a manner that mitigates such risk and minimizes moral hazard.'' [18]

As noted, although a failed BHC would generally be resolved under the Bankruptcy Code, Congress recognized that a U.S. financial company might fail under extraordinary circumstances, in which an attempt to resolve it through the bankruptcy process would have serious adverse effects on financial stability in the United States. Title II therefore authorizes the Secretary of the Treasury, upon the recommendation of other government agencies and a determination that several preconditions are met, to place a U.S. financial company into a receivership conducted by the FDIC as an alternative to bankruptcy.

Title II empowers the FDIC, when it acts as receiver in an OLA resolution, to protect financial stability against the QFC-related threats discussed previously. Title II addresses direct default rights in a number of ways. First, Title II empowers the FDIC to transfer the QFCs to some other financial company that is not in a resolution proceeding.[19] To give the FDIC time to effect this transfer, Title II temporarily stays QFC counterparties of the failed entity from exercising termination, netting, and collateral liquidation rights ''solely by reason of or incidental to'' the failed entity's entry into OLA resolution, its insolvency, or its financial condition.[20] Second, once the QFCs are transferred in accord with the statute, Title II permanently stays the exercise of those direct default rights based on the prior event of default and receivership.[21]

Title II addresses cross-default rights through a similar procedure. It empowers the FDIC ''to enforce contracts of subsidiaries or affiliates'' of the failed company that are guaranteed or otherwise supported by or linked to the covered financial company, notwithstanding any contractual right to cause the termination, liquidation, or acceleration of such contracts based solely on the insolvency, financial condition, or receivership of the failed company, so long as the FDIC takes certain steps to protect the QFC counterparty's interests by the end of the business day following the company's entry into OLA resolution.[22]

These stay-and-transfer provisions of the Dodd-Frank Act go far to mitigate the threat posed by QFC default rights by preventing mass closeouts against the entity that has entered into OLA proceedings or its going concern affiliates. At the same time, they allow for appropriate protections for QFC counterparties of the failed financial company. They only stay the exercise of default rights based on the failed company's entry into resolution, the fact of its insolvency, or its financial condition. And the stay period is brief, unless the FDIC transfers the QFCs to another financial company that is not in resolution and should therefore be capable of performing under the QFCs.

Federal Deposit Insurance Act. Under the FDIA, a failing insured depository institution would generally enter a receivership administered by the FDIC.[23] The FDIA addresses direct default rights in the failed bank's QFCs with stay-and-transfer provisions that are substantially similar to the provisions of Title II of the Dodd-Frank Act as discussed.[24] However, the FDIA does not address cross-default rights, leaving the QFC counterparties of the failed depository institution's affiliates free to exercise any contractual rights they may have to terminate, net, and liquidate collateral based on the depository institution's entry into resolution.

III. Description of the Proposal

A. Overview, Purpose, and Authority

As discussed previously, and in the Board's Proposal, the exercise of default rights by counterparties of a failed GSIB can have a significant impact on financial stability. This financial stability concern is necessarily intertwined with the safety and soundness of covered banks and the federal banking system—the disorderly exercise of default rights can produce a sudden, contemporaneous threat to the safety and soundness of individual institutions throughout the system, which in turn threatens the system as a whole.A Accordingly, national banks, FSAs, and Federal branches and agencies are affected by financial instability—even if such instability is precipitated outside the Federal banking system—and can themselves also be sources of financial destabilization due to the interconnectedness of these institutions to each other and to other entities within the financial system. Thus, safety and soundness of individual national banks, FSAs, and Federal branches and agencies, the federal banking system, and financial stability of the system as a whole are interconnected.

[16] The Bankruptcy Code does not itself confer any default rights upon QFC counterparties; it merely permits QFC counterparties to exercise certain contractual rights that they have under the terms of the QFC. This proposed rule does not propose to restrict the exercise of any default rights that fall within the Bankruptcy Code's safe harbor provisions, which are described here to provide context.

[17] As noted previously, the MPOE strategy will similarly benefit from the override of cross-defaults. The SPOE strategy is used here for illustrative purposes only.

[18] 12 U.S.C. 5384(a) (Section 204(a) of the Dodd-Frank Act).

[19] 12 U.S.C. 5390(c)(9).

[20] 12 U.S.C. 5390(c)(10)(B)(i)(I). This temporary stay generally lasts until 5:00 p.m. eastern time on the business day following the appointment of the FDIC as receiver.

[21] If the QFCs are transferred to a solvent third party before the stay expires, the counterparty is permanently enjoined from exercising such rights based upon the appointment of the FDIC as receiver of the financial company (or the insolvency or financial condition of the financial company), but is not stayed from exercising such rights based upon other events of default. 12 U.S.C. 5390(c)(10)(B)(i)(II).

[22] 12 U.S.C. 5390(c)(16); 12 CFR 380.12.

[23] 12 U.S.C. 1821(c).

[24] *See* 12 U.S.C. 1821(e)(8)–(10).

The purpose of this proposed rule is to enhance the safety and soundness of covered banks and the federal banking system, thereby also bolstering financial stability generally, by addressing the two main issues raised by covered QFCs with the orderly resolution of these covered banks as generally described in the Board's Proposal.

While Title II and the FDIA empower the use of the QFC stay-and-transfer provisions, a court in a foreign jurisdiction may decline to enforce these important provisions. The proposed rule directly improves the safety and soundness of covered banks by clarifying the applicability of U.S. special resolution regimes to all counterparties, whether they are foreign or domestic. Although domestic entities are clearly subject to the temporary stay provisions of OLA and the FDIA, these stays may be difficult to enforce in a cross-border context. As a result, domestic counterparties of a failed U.S. financial institution may be disadvantaged relative to foreign counterparties, as the domestic counterparties would be subject to the stay, and accompanying potential market volatility, while if the stay was not enforced by foreign authorities, foreign counterparties could close out immediately. Furthermore, a mass close out by such foreign counterparties would likely exacerbate market volatility, which in turn would likely magnify harm to the stayed U.S. counterparties' positions, which are likely to include other national banks and FSAs. This proposed rule would eliminate the potential for these adverse consequences by requiring covered banks to condition the exercise of default rights in covered contracts on the stay provisions of OLA and the FDIA.

In spite of the QFC stay-and-transfer provisions in Title II and the FDIA, the affiliates of a global systemically important BHC that goes into resolution under the Bankruptcy Code may face disruptions to their QFCs as their counterparties exercise cross-default rights. Thus, a healthy covered bank whose parent BHC entered resolution proceedings could fail due to its counterparties exercising cross-default rights. This is clearly both a safety and soundness concern for the otherwise healthy covered bank, but it also has the additional negative effect of defeating the orderly resolution of the GSIB, since a key element of SPOE resolution in the United States is ensuring that critical operating subsidiaries—such as covered banks—continue to operate on a going concern basis. This proposed rule would address this issue by generally restricting the exercise of cross-default rights by counterparties against a covered bank.

Moreover, a disorderly resolution like that described previously could jeopardize not just the covered bank and the orderly resolution of its failed parent BHC, but all surviving counterparties, many of which are likely to be other national banks and other FSAs, regardless of size or interconnectedness, by harming the overall condition of the Federal banking system and the financial system as a whole. A disorderly resolution could result in additional defaults, fire sales of collateral, and other consequences likely to amplify the systemic fallout of the resolution of a covered bank.

The proposed rule is designed to minimize such disorder, and therefore enhance the safety and soundness of all individual national banks, FSAs, and Federal branches and agencies, the Federal banking system, and the broader financial system. This is particularly important because financial institutions are more sensitive than other firms to the overall health of the financial system.[25]

The proposed rule covers the OCC-supervised operations of foreign banking organizations (FBOs) designated as systemically important, including national bank and FSA subsidiaries, as well as Federal branches and agencies, of these FBOs. As with a national bank or FSA subsidiary of a U.S. global systemically important BHC, the OCC believes that this proposed rule should apply to a national bank or FSA subsidiary of a global systematically important FBO for essentially the same reasons. While the national bank or FSA may not be considered systemically important itself, as part of a GSIB, the disorderly resolution of the covered national banks and FSAs could have a significant negative impact on the Federal banking system and on the U.S. financial system, in general.

Specifically, the proposed rule is designed to prevent the failure of a global systemically important FBO from disrupting the ongoing operations or orderly resolution of the covered bank by protecting the healthy national bank or FSA from the mass triggering of default rights by the QFC counterparties. Additionally, the application of this proposed rule to the QFCs of these national bank and FSA subsidiaries should avoid creating what may otherwise be an incentive for counterparties to concentrate QFCs in these firms because they are subject to fewer counterparty restrictions.

Similarly, it is important to cover any Federal branch or agency of a global systemically important FBO in order to ensure the orderly resolution of these entities if the parent FBO were to be placed into resolution in its home jurisdiction. However, to avoid unduly broad application of the proposed rule and imposing unnecessary restrictions on the QFCs of global systemically important FBOs, the proposed rule would exclude certain QFCs that do not have a clear nexus to its U.S. operations. Specifically, the proposed rule would exclude covered QFCs under multi-branch arrangements that either are not booked at the Federal branch or agency or do not provide for payment or delivery at the Federal branch or agency. The OCC believes that this provides a reasonable limitation on the scope of the proposed rule to those QFCs of covered Federal branches and agencies that have a direct effect on the Federal banking system and the general financial stability of the United States.

The OCC is issuing this proposed rule under its authorities under the National Bank Act (12 U.S.C. 1 *et seq.*), the Home Owners' Loan Act (12 U.S.C. 1461 *et seq.*), and the International Banking Act of 1978 (12 U.S.C. 3101 *et seq.*), including its general rulemaking authorities.[26] As discussed in detail in Section I. B., the OCC views the proposed rule as consistent with its overall statutory mandate of assuring the safety and soundness of entities subject to its supervision, including national banks, FSAs, and Federal branches and agencies.[27]

B. Covered Banks (Section 47.3(a), (b), (c))

The proposed rule would apply to all ''covered banks.'' The term ''covered bank'' would be defined to include (i) any national bank or FSA that is a subsidiary of a global systemically important BHC that has been designated pursuant to subpart I of 12 CFR part 252 of this title (FRB Regulation YY); or (ii) is a national bank or FSA subsidiary, or Federal branch or agency of a global systemically important FBO that has

[25] The OCC, along with the FDIC and FRB, recently made this point in the swap margin NPRM. 79 FR 57348, 57361 (September 24, 2014) (''Financial firms present a higher level of risk than other types of counterparties because the profitability and viability of financial firms is more tightly linked to the health of the financial system than other types of counterparties. Because financial counterparties are more likely to default during a period of financial stress, they pose greater systemic risk and risk to the safety and soundness of the covered swap entity.'').

[26] *See* 12 U.S.C. 93a, 1463(a)(2), and 3108(a).

[27] *See* 12 U.S.C. 1. This primary responsibility is also defined in various provisions throughout the OCC's express statutory authorities with respect to each institution type under their respective statutes.

been designated pursuant to FRB Regulation YY.

The proposed rule defines global systemically important BHC and global systemically important FBO by cross-reference to newly added subpart I of 12 CFR part 252 of the Board's Proposal. The list of banking organizations that meet the methodology proposed in the FRB NPRM is currently the same set of banking organizations that meet the Basel Committee on Banking Supervision (BCBS) definition of a GSIB.[28]

This proposed rule covers national bank and FSA subsidiaries of global systemically important BHCs and FBOs, and Federal branches and agencies of global systemically important FBOs. In the United States, covered QFCs typically are entered into at the subsidiary level, which would include through the national bank, FSA or Federal branch or agency, rather than through the U.S. intermediate holding company.[29]

The OCC believes if the orderly resolution of a covered entity as defined under the FRB's Proposal is to be successful, then it is necessary that all national banks, FSAs, and Federal branches and agencies of systemically important global systemically important BHCs and FBOs be subject to the mandatory contractual requirements in this proposed rule. Moreover, this proposed rule would make clear that the mandatory contractual stay requirements apply to the subsidiaries of any national bank, FSA, or Federal branch or agency that is a covered bank. Under the proposed rule, the term covered bank also includes any subsidiary of a national bank, FSA, or Federal branch or agency. The definition of ''subsidiary of covered bank'' in the proposed rule mirrors the definition of subsidiary in the FRB's Regulation YY (12 CFR 252.2), and it is intended to be substantially the same as the FRB's definition with respect to a subsidiary of a covered bank. Essentially, for the same reasons that it is necessary to cover all national banks, FSAs, and Federal branches and agencies of global systemically important BHCs and FBOs under the proposed rule, the OCC believes that it is necessary that all subsidiaries of those covered banks also be subject to the mandatory contractual stay requirements. As mentioned, unless all entities that are part of a GSIB are covered, counterparties might have incentives to migrate their covered QFCs to uncovered entities.

Question 1: While the exercise of mass closeout rights against any individual national bank, FSA or Federal branch or agency would raise concerns, the OCC is especially concerned about the potential spill-over effect such mass closeouts would have, either individually or collectively, on the Federal banking system if the entity itself is systemically important or part of a larger banking group that is systemically important. Are there alternative approaches for determining which national banks, FSAs and Federal branches and agencies should be considered systemically important?

Question 2: While the primary focus of this rule is on, covered banks—*i.e.,* those that are subsidiaries or branches of U.S. or foreign GSIBS—there is some concern that given the interconnected nature of QFCs, a market disruption could significantly impact all national banks, FSAs and Federal branches and agencies. Should this proposed rule be expanded to cover more OCC-regulated entities, for example, those national banks, FSAs or Federal branches and agencies with material levels of QFC activities? How could material levels of QFC activities be defined and measured?

Question 3: Conversely, is the scope of this proposed rule too broad? The proposed rule would apply to all covered QFCs of covered banks as well as all of their subsidiaries, regardless of size or volume of transactions. A key policy concern is that unless all subsidiaries of a covered bank are subject to the direct and cross-default restrictions of the proposed rule, covered banks and their counterparties would have the incentive to transfer their QFCs to unprotected subsidiaries of the covered bank. Could the scope of entities covered by the proposed rule be narrowed while still achieving its policy objectives? If so, what criteria could be used? For example, should a subsidiary of covered banks that only engages in some de minimis level of covered QFCs be safely excluded from the scope of this proposed rule? Are there alternative ways to define what will be considered subsidiaries for purposes of this rule?

Question 4: Some of the subsidiaries of covered banks under the proposed rule could be subject to additional supervision by another U.S. agency, such as the case of a broker-dealer subsidiary of a national bank. Does the issue of potentially conflicting jurisdiction need to be addressed? If so, how? For example, should the rule provide a carve out for a subsidiary of a covered bank that is subject to comparable requirements under the regulations of another agency?

Question 5: The scope of this proposed rule is designed to cover any national bank or FSA that is a subsidiary of a global systemically important BHC or FBO under the FRB NPRM. While this scope of coverage ensures that all national banks or FSAs under a global systemically important BHC or FBO would be subject to the same substantive contractual mandatory stay under the FRB NPRM, the proposed rule does not take into account the potential situation of a standalone national bank or FSA, not under a BHC, that might itself be considered systemically important. Although no such entity exists currently, the OCC is considering whether to amend the definition of covered bank to include any national bank or FSB that meets a certain asset threshold test. In this case, the OCC is considering using the $700 billion in total consolidated assets that is used in the Enhanced Supplementary Leverage Ratio.[30] Should the OCC decide to address standalone national banks and FSBs, what methodology and factors should the OCC consider in deciding which institutions to include?

C. Covered QFCs (Sections 47.4(a), 47.5(a), 47.7, 47.8)

General requirement. The proposed rule would require covered banks to ensure that each ''covered QFC'' conforms to the requirements of sections 47.4 and 47.5. These sections require that a covered QFC (1) contain contractual stay-and-transfer provisions similar to those imposed under Title II of the Dodd-Frank Act and the FDIA, and (2) limit the exercise of default rights based on the insolvency of an affiliate of the covered bank. A ''covered QFC'' is generally defined as any QFC that a covered bank enters, executes, or otherwise becomes party to. A party to a QFC includes a party acting as agent under the QFC. ''Qualified financial contract'' or ''QFC'' would be defined to have the same meaning as in section 210(c)(8)(D) of Title II of the Dodd-Frank

[28] In November 2015, the Financial Stability Board and BCBS published a list of banks that meet the BCBS definition of a global systemically important bank (BCBS G–SIB) based on year-end 2014 data. A list based on year-end 2014 data was published November 3, 2015 (available at *http://www.fsb.org/wp-content/uploads/2015-update-of-list-of-global-systemically-important-banks-G-SIBs.pdf*). The U.S. top-tier BHCs that are currently identified as a BCBS G–SIBs are Bank of America Corporation, Bank of New York Mellon Corporation, Citigroup Inc., Goldman Sachs Group, Inc., JP Morgan Chase & Co., Morgan Stanley, State Street Corporation, and Wells Fargo & Company.

[29] Under the clean holding company component of the FRB's recent Total Loss-Absorbing Capacity (TLAC) proposal, the U.S. intermediate holding companies of foreign GSIB entities would be prohibited from entering into QFCs with third parties. *See* 80 FR 74926 (November 30, 2015).

[30] See 79 FR 24528 (May 1, 2014).

Act and would include derivatives, swaps, repurchase, reverse repurchase, and securities lending and borrowing transactions.

Except for certain QFCs under multi-branch master agreements, the definition of QFC would include a single QFC, but also all QFCs under a master agreement. Master agreements are contracts that contain general terms that the parties wish to apply to multiple transactions between them; having executed the master agreement, the parties can then include those terms in future contracts through reference to the master agreement. The proposed rule defines master agreement as defined by Title II of the Dodd-Frank Act or any master agreement designated by regulation by the FDIC. Under the definition, master agreements for QFCs, together with all supplements to the master agreement (including underlying transactions), would be treated as a single QFC.[31]

The proposed definition of ''QFC'' is intended to cover those financial transactions whose disorderly unwind has substantial potential to frustrate, directly or indirectly, the orderly resolution of the covered bank or any affiliate of such covered bank. The Dodd-Frank Act uses its definition of ''qualified financial contract'' to determine the scope of the stay-and-transfer provisions that it applies to direct default and cross-default rights in an OLA resolution. By adopting the Dodd-Frank Act's definition, the proposed rule would track Congress's judgment as to which financial transactions could, if not subject to appropriate restrictions, pose an obstacle to the orderly resolution of a systemically important financial company.

Question 6: With regard to the proposed definitions of ''QFC'' and ''covered QFC'' are there other types of financial contracts or transactions that should be included in the definition of a ''covered QFC'' in the proposed rule because they could pose a similar risk to the safety and soundness of the covered national banks, FSAs, and Federal branches and agencies and to the Federal banking system? Conversely, is the definition of covered QFC too broad? Are there types of financial contracts that fall within the definition of covered QFC that could be excluded without compromising the policy objectives of the proposed rule?

Question 7: Should this proposed rule include a reservation of authority provision that would maintain OCC's supervisory flexibility, on a case-by-case basis, to include or exclude from the proposed rule (1) specific OCC-supervised entities (and their subsidiaries) and (2) financial contracts or transactions, if consistent with the purposes of the proposed rule?

Exclusion of cleared QFCs. The proposed rule would exclude from the definition of ''covered QFC'' all QFCs that are cleared through a central counterparty (CCP). The OCC continues to consider the appropriate treatment of centrally cleared QFCs, in light of differences between cleared and uncleared QFCs with respect to contractual arrangements, counterparty credit risk, default management, and supervision.

Question 8: Should the QFCs between a CCP (or other financial market utility) and a member covered bank be subject to the requirements of this proposed rule? What additional risks do such cleared QFCs pose to the orderly resolution of covered banks and the Federal banking system? What other factors should be considered?

Exclusion of certain QFCs under foreign bank multi-branch master agreements. Under the proposed rule, the definition of a ''QFC'' would include a master agreement that covers other QFCs. In addition, under this definition those QFCs covered by the master agreement would be treated as a single QFC. By design, this definition of QFC is intended to ensure that the proposed rule would apply to all of the relevant QFCs entered into by a covered bank. However, as applied to the QFCs of Federal branches and agencies under a multi-branch master agreement, this definition may be too broad in its scope.

Foreign banks have multi-branch master agreements that permit transactions to be entered into both at a U.S. branch or agency of the foreign bank and at a foreign branch (located outside of the United States) of the foreign bank. Under this proposed rule, a QFC of a Federal branch or agency, as well as all of the QFCs entered into by foreign branches under the same multi-branch master agreement would be treated as a single QFC of the Federal branch or agency, and would therefore be subject to the requirements of this proposed rule. Where the QFC of the foreign branch has some U.S. nexus, such as permitting payment or delivery in the United States, the OCC believes that subjecting those QFCs to this proposed rule is reasonable and consistent with protecting the safety and soundness of the Federal banking system. However, where the QFC of the foreign branch does not permit any payment or delivery in the United States, the OCC believes that applying this proposed rule to such QFCs lacks a sufficient connection to the U.S. operations of the Federal branch or agency and may be unduly broad.

Absent the possibility under the QFC of payment or delivery in the United States, the OCC believes that the impact of such QFCs on the Federal branch or agency covered by this proposed rule, or on the Federal banking system and the United States as a whole, is indirect and relatively immaterial. For this reason, the proposed rule would exclude QFCs under such a ''multi-branch master agreement'' that are not booked at a Federal branch or agency covered by this proposed rule, and for which no payment or delivery may be made at the Federal branch or agency. Conversely, the multi-branch master agreement would be a covered QFC with respect to QFC transactions that are booked and permits payment and delivery at a Federal branch or agency covered by this proposed rule.

Question 9: Should the scope of the proposed rule be limited to only those transactions that are booked, or provide for payment and delivery, at the Federal branch or agency?

D. Definition of ''Default Right''

As discussed previously, a party to a QFC generally has a number of rights that it can exercise if its counterparty defaults on the QFC by failing to meet certain contractual obligations. These rights are generally, but not always, contractual in nature. One common default right is a setoff right which is the right to reduce the total amount that the non-defaulting party must pay by the amount that its defaulting counterparty owes. A second common default right is the right to liquidate pledged collateral and use the proceeds to pay the defaulting party's net obligation to the non-defaulting party. Other common rights include the ability to suspend or delay the non-defaulting party's performance under the contract or to accelerate the obligations of the defaulting party.

Finally, the non-defaulting party typically has the right to terminate the QFC, meaning that the parties would not make payments that would have been required under the QFC in the future. The phrase ''default right'' in the proposed rule text at § 47.2 is broadly defined to include these common rights as well as ''any similar rights.'' Additionally, the definition includes all

[31] 12 U.S.C. 5390(c)(8)(D)(viii); *see also* 12 U.S.C. 1821(e)(8)(D)(vii); 109 H. Rpt. 31, Part 1 (April 8, 2005) (explaining that a ''master agreement for one or more securities contracts, commodity contracts, forward contracts, repurchase agreements or swap agreements will be treated as a single QFC under the FDIA or the FCUA (but only with respect to the underlying agreements are themselves QFCs)'').

such rights regardless of source, including rights existing under contract, statute, or common law.

However, the proposed definition excludes two rights that are typically associated with the business-as-usual functioning of a QFC. First, same-day netting that occurs during the life of the QFC in order to reduce the number and amount of payments each party owes the other is excluded from the definition of ''default right.'' [32] Second, contractual margin requirements that arise solely from the change in the value of the collateral or the amount of an economic exposure are also excluded from the definition.[33] The effect of these exclusions is to leave such rights unaffected by the proposed rule. The exclusions are appropriate because the proposed rule is intended to improve resolvability by addressing default rights that could disrupt an orderly resolution, and not to interrupt the parties' business-as-usual dealings under a QFC.

However, certain QFCs are also commonly subject to rights that would increase the amount of collateral or margin that the defaulting party (or a guarantor) must provide upon an event of default. The financial impact of such default rights on a covered bank could be similar to the impact of the liquidation and acceleration rights discussed previously. Therefore, the proposed definition of ''default right'' includes such rights (with the exception discussed in the previous paragraph for margin requirements that depend solely on the value of collateral or the amount of an economic exposure).[34]

Finally, contractual rights to terminate without the need to show cause, including rights to terminate on demand and rights to terminate at contractually specified intervals, are excluded from the definition of ''default right'' for purposes the proposed rule's restrictions on cross-default rights (section 47.5 of the proposed rule).[35] This is consistent with the proposed rule's objective of restricting only default rights that are related, directly or indirectly, to the entry into resolution of an affiliate of the covered bank, while leaving other default rights unrestricted.

Question 10: The OCC invites comment on all aspects of the proposed definition of ''default right'' In particular, are the proposed exclusions appropriate in light of the objectives of the proposal? To what extent does the exclusion of rights that allow a party to terminate the contract ''on demand or at its option at a specified time, or from time to time, without the need to show cause'' create an incentive for firms to include these rights in future contracts to evade the proposed restrictions? To what extent should other regulatory requirements (e.g., liquidity coverage ratio or the short-term wholesale funding components of the GSIB surcharge rule) be revised to create a counterincentive? Would additional exclusions be appropriate? To what extent should it be clarified that the ''need to show cause'' includes the need to negotiate alternative terms with the other party prior to termination or similar requirements (e.g., Master Securities Loan Agreement, Annex III—Term Loans)?

E. Required Contractual Provisions Related to U.S. Special Resolution Regimes (Section 47.4)

Under the proposed rule, a covered QFC would be required to explicitly provide both (a) that the transfer of the QFC (and any interest or obligation in or under it and any property collateralizing it) from the covered bank to a transferee would be effective to the same extent as it would be under the U.S. special resolution regimes if the covered QFC were governed by the laws of the United States or of a state of the United States and (b) that default rights with respect to the covered QFC that could be exercised against a covered bank could be exercised to no greater extent than they could be exercised under the U.S. special resolution regimes if the covered QFC were governed by the laws of the United States or of a state of the United States.[36] The proposed rule would define the term ''U.S. Special Resolution Regimes'' to mean the FDIA [37] and Title II of the Dodd-Frank Act,[38] along with regulations issued under those statutes.[39]

The proposed requirements are not intended to imply that a given covered QFC is not governed by the laws of the United States or of a state of the United States, or that the statutory stay-and-transfer provisions would not in fact apply to a given covered QFC. This section of the proposed rule would not have any substantive impact on those covered QFCs that are already subject to the U.S. special resolution regimes. Rather, the requirements are intended to provide certainty that all covered QFCs would be treated the same way in the context of a receivership of a covered bank under the Dodd-Frank Act or the FDIA. Thus, the purpose of this provision is to ensure that if a national bank or FSA covered by this proposed rule is placed into receivership under any U.S. special resolution regime, the stay-and-transfer provisions would extend to all foreign counterparties as a matter of contract law.

The stay-and-transfer provisions of the U.S. special resolution regimes should be enforced with respect to all contracts of any U.S. GSIB entity that enters resolution under a U.S. special resolution regime as well as all transactions of the subsidiaries of such an entity. Nonetheless, it is possible that a court in a foreign jurisdiction would decline to enforce those provisions in cases brought before it (such as a case regarding a covered QFC between a covered bank and a non-U.S. entity that is governed by non-U.S. law and secured by collateral located outside the United States). By requiring that the effect of the statutory stay-and-transfer provisions be incorporated directly into the QFC contractually, the proposed requirement would help ensure that a court in a foreign jurisdiction would enforce the effect of those provisions, regardless of whether the court would otherwise have decided to enforce the U.S. statutory provisions themselves.[40] For example, the proposed provisions should prevent a U.K. counterparty of a U.S. GSIB from persuading a U.K. court that it should be permitted to seize and liquidate collateral located in the United Kingdom in response to the U.S. GSIB's entry into OLA resolution. And the knowledge that a court in a foreign jurisdiction would reject the purported exercise of default rights in violation of the required provisions would deter covered banks' counterparties from attempting to exercise such rights.

The OCC believes that this proposed rule directly addresses a major QFC-related obstacle to the orderly resolution of covered banks. As discussed previously, restrictions on the exercise of QFC default rights are an important prerequisite for an orderly GSIB resolution. Congress recognized the importance of such restrictions when it enacted the stay-and-transfer provisions of the U.S. special resolution regimes. As demonstrated by the 2007–2009 financial crisis, the modern financial system is global in scope, and covered banks are party to large volumes of

[40] *See generally* Financial Stability Board, ''Principles for Cross-border Effectiveness of Resolution Actions'' (November 3, 2015), available at *http://www.fsb.org/wp-content/uploads/Principles-for-Cross-border-Effectiveness-of-Resolution-Actions.pdf.*

QFCs with connections to foreign jurisdictions. The stay-and-transfer provisions of the U.S. special resolution regimes would not achieve their purpose of facilitating orderly resolution in the context of the failure of a GSIB with large volumes of such QFCs if QFCs could escape the effect of those provisions. As discussed in detail in Section I of this proposed rule, the OCC has a supervisory interest in preventing or mitigating the destabilizing effects of a disorderly GSIB resolution; otherwise, the result will be adverse to safety and soundness of covered banks individually and collectively, as well as the broader Federal banking system. To remove any doubt about the scope of coverage of these provisions, the proposed requirement would ensure that the stay-and-transfer provisions apply as a matter of contract to all covered QFCs, wherever the transaction. This will advance the resolvability goals of the Dodd-Frank Act and the FDIA.[41]

Question 11: While the direct default requirements are proposed to apply broadly to all covered QFCs of covered banks, the primary focus of this requirements is with QFCs with foreign counterparties not directly subject to the U.S. special resolution regimes. U.S. counterparties are less of a concern because these counterparties would already be subject to the stay-and-transfer requirements under statutory requirements of the U.S. special resolution regimes. With respect to the direct default requirements, the proposed rule does not distinguish between U.S. and foreign counterparties because the OCC believes that the broad application of this proposed rule would be simpler to implement and less burdensome given the standardized nature of QFCs and their associated master netting agreements. Should the direct default requirements of the proposed rule apply only to covered QFCs with foreign counterparties not subject to U.S. special resolution regimes? What would be the costs and regulatory burden associated with identifying and maintaining separate versions of covered QFCs for U.S. and foreign counterparties?

F. Prohibited Cross-Default Rights (Section 47.5)

Definitions. Section 47.5 of the proposed rule pertains to cross-default rights in QFCs between covered banks and their counterparties, many of which are subject to credit enhancements (such as guarantees) provided by an affiliate of the covered bank. Because credit enhancements on QFCs are themselves ''qualified financial contracts'' under the Dodd-Frank Act's definition of that term (which this proposed rule would adopt), the proposed rule includes the following additional definitions in order to precisely describe the relationships to which this section applies.

First, the proposed rule distinguishes between a credit enhancement and a ''direct QFC,'' which is defined as any QFC that is not a credit enhancement. The proposed rule also defines ''direct party'' to mean a covered bank that itself is a party to the direct QFC, as distinct from an entity that provide a credit enhancement. In addition, the proposed rule defines ''affiliate credit enhancement'' to mean ''a credit enhancement that is provided by an affiliate of the party to the direct QFC that the credit enhancement supports,'' as distinct from a credit enhancement provided by either the direct party itself or by an unaffiliated party. Moreover, the proposed rule defines ''covered affiliate credit enhancement'' to mean an affiliate credit enhancement provided by a covered bank, or a covered entity under the Board's proposal, and defines ''covered affiliate support provider to mean the covered bank that provides the covered affiliate credit enhancement. Finally, the proposed rule defines the term ''supported party'' to mean any party that is the beneficiary of a covered affiliate credit enhancement (that is, the QFC counterparty of a direct party, assuming that the direct QFC is subject to a covered affiliate credit enhancement).

General Prohibition. Subject to the substantial exceptions to be discussed, the proposed rule would prohibit a covered bank from being a party to a covered QFC that allows for the exercise of any default right that is related, directly or indirectly, to the entry into resolution of an affiliate of the covered bank. The proposed rule also would generally prohibit a covered bank from being party to a covered QFC that would prohibit the transfer of any credit enhancement applicable to the QFC (such as another entity's guarantee of the covered bank's obligations under the QFC), along with associated obligations or collateral, upon the entry into resolution of an affiliate of the covered bank.[42]

A primary purpose of the proposed restrictions is to facilitate the resolution of a GSIB outside of Title II, including under the Bankruptcy Code. As discussed in the background section, the potential for the mass exercise of QFC default rights is a major reason why the failure of a global systemically important BHC could have a severe negative impact on financial stability and on the Federal banking system. In the context of an SPOE resolution, if the global systemically important BHC's entry into resolution triggers the mass exercise of cross-default rights by the subsidiaries' QFC counterparties of the covered QFCs against the national bank or FSA subsidiary, then the national bank or FSA could themselves experience financial distress or failure. Moreover, the mass exercise of covered QFC default rights would entail asset fire sales, which could affect other U.S. financial companies and undermine financial stability of the U.S. financial system. Similar disruptive results can occur with an MPOE resolution of an affiliate of an otherwise performing entity triggers default rights on QFCs involving the performing covered bank.

In an SPOE resolution, this damage can be avoided if actions of the following two types are prevented: The exercise of direct default rights against the top-tier holding company that has entered resolution, and the exercise of cross-default rights against the national bank and FSA subsidiaries and other operating subsidiaries based on their parent's entry into resolution. Direct default rights against the national bank or FSA subsidiary would not be exercisable, because that subsidiary would continue normal operations and would not enter resolution. In an MPOE resolution, this damage occurs from the exercise of default rights against a performing entity based on the failure of an affiliate.

Under the OLA, the Dodd-Frank Act's stay-and-transfer provisions would address both direct default rights and cross-default rights. But, as explained in the Background section, no similar

[41] As noted in the Board's Proposal, this proposed rule is consistent with efforts by regulators in other jurisdictions to address similar risks by requiring that financial firms within their jurisdictions ensure that the effect of the similar provisions under these foreign jurisdictions' respective special resolution regimes would be enforced by courts in other jurisdictions, including the United States. *See e.g.,* PRA Rulebook: CRR Firms and Non-Authorised Persons: Stay in Resolution Instrument 2015, available at *http://www.bankofengland.co.uk/pra/Documents/publications/ps/2015/ps2515app1.pdf; see also* Bank of England, Prudential Regulation Authority, ''Contractual stays in financial contracts governed by third-country law'' (PS25/15).

[42] This prohibition would be subject to an exception that would allow supported parties to exercise default rights with respect to a QFC if the supported party would be prohibited from being the beneficiary of a credit enhancement provided by the transferee under any applicable law, including the Employee Retirement Income Security Act of 1974 and the Investment Company Act of 1940. This exception is substantially similar to an exception to the transfer restrictions in section 2(f) of the ISDA 2014 Resolution Stay Protocol (2014 Protocol) and the ISDA 2015 Universal Resolution Stay Protocol, which was added to address the concerns expressed by asset managers during the drafting of the 2014 Protocol.

statutory provisions would apply to a resolution under the Bankruptcy Code. This proposed rule attempts to address these obstacles to orderly resolution under the Bankruptcy Code by extending the stay-and transfer-provisions to any type of resolution. Similarly, the proposed rule would facilitate a transfer of the GSIB parent's interests in its subsidiaries, along with any credit enhancements it provides for those subsidiaries, to a solvent financial company by prohibiting covered banks from having QFCs that would allow the QFC counterparty to prevent such a transfer or to use it as a ground for exercising default rights. Accordingly, the proposed rule would broadly prevent the unanticipated failure of any one GSIB entity from bringing about the disorderly failures of its affiliates by preventing the affiliates' QFC counterparties from using the first entity's failure as a ground for exercising default rights against those affiliates that continue meet to their obligations.[43]

The proposed rule is intended to enhance the potential for orderly resolution of a GSIB under the Bankruptcy Code, the FDIA, or similar resolution proceedings. In doing so, the proposed rule would advance the Dodd-Frank Act's goal of making orderly resolution of a workable covered bank under the Bankruptcy Code.[44]

The proposed rule could also prevent the disorderly failure of the national bank or FSA subsidiary and allow it to continue normal operations. In addition, while it may be in the individual interest of any given counterparty to exercise any available contractual rights to run on the national bank or FSA subsidiary, the mass exercise of such rights could harm the collective interest of all the counterparties by causing the subsidiary to fail. Therefore, like the automatic stay in bankruptcy, which also serves to maximize creditors' ultimate recoveries by preventing a disorderly liquidation of the debtor, the proposed rule would mitigate this collective action problem to the benefit of the creditors and counterparties of covered banks by preventing a disorderly resolution. And because many of these counterparties and creditors are themselves covered banks, or other systemically important financial firms, improving outcomes for these creditors and counterparties would further protect the safety and soundness of the Federal banking system and financial stability of the United States.

General creditor protections. While the proposed restrictions would facilitate orderly resolution, they would also have the effect of diminishing the ability of the counterparties of the covered banks to include protections for themselves in covered QFCs. In order to reduce this effect, the proposed rule includes several significant exceptions to the proposed restrictions. These permitted creditor protections are intended to allow creditors to exercise cross-default rights outside of an orderly resolution of a GSIB (as described previously and in the Board's Proposal) and therefore would not be expected to undermine such a resolution.

First, to ensure that the proposed prohibitions would apply only to cross-default rights (and not direct default rights), the proposed rule would provide that a covered QFC may permit the exercise of default rights based on the direct party's entry into a resolution proceeding, other than a proceeding under a U.S. or foreign special resolution regime.[45] This provision would help ensure that, if the direct party to a QFC were to enter bankruptcy, its QFC counterparties could exercise any relevant direct default rights. Thus, a covered bank's direct QFC counterparties would not risk the delay and expense associated with becoming involved in a bankruptcy proceeding, and would be able to take advantage of default rights that would fall within the Bankruptcy Code's safe harbor provisions.

The proposed rule would also allow covered QFCs to permit the exercise of default rights based on the failure of (1) the direct party, (2) a covered affiliate support provider, or (3) a transferee that assumes a credit enhancement to satisfy its payment or delivery obligations under the direct QFC or credit enhancement. Moreover, the proposed rule would allow covered QFCs to permit the exercise of a default right in one QFC that is triggered by the direct party's failure to satisfy its payment or delivery obligations under another contract between the same parties. This exception takes appropriate account of the interdependence that exists among the contracts in effect between the same counterparties.

The proposed exceptions for the creditor protections described are intended to help ensure that the proposed rule permits a covered bank's QFC counterparties to protect themselves from imminent financial loss and does not create a risk of delivery gridlocks or daisy-chain effects, in which a covered bank's failure to make a payment or delivery when due leaves its counterparty unable to meet its own payment and delivery obligations (the daisy-chain effect would be prevented because the covered bank's counterparty would be permitted to exercise its default rights, such as by liquidating collateral). These exceptions are generally consistent with the treatment of payment and delivery obligations under the U.S. special resolution regimes.[46]

These exceptions also help to ensure that a covered entity's QFC counterparty would not risk the delay and expense associated with becoming involved in a bankruptcy proceeding, since, unlike a typical creditor of an entity that enters bankruptcy, the QFC counterparty would retain its ability under the Bankruptcy Code's safe harbors to exercise direct default rights. This should further reduce the counterparty's incentive to run. Reducing incentives to run in the lead up to resolution promotes orderly resolution because a QFC creditor run (such as a mass withdrawal of repo funding) could lead to a disorderly resolution and pose a threat to financial stability.

Additional creditor protections for supported QFCs. The proposed rule would allow additional creditor protections for a non-defaulting counterparty that is the beneficiary of a credit enhancement from an affiliate of the covered bank that is also a covered bank under the proposed rule. The proposed rule would allow these creditor protections in recognition of the supported party's interest in receiving the benefit of its credit enhancement. The Board has concluded that these creditor protections would not undermine an SPOE resolution of a GSIB.[47]

Where a covered QFC is supported by a covered affiliate credit enhancement,[48] the covered QFC and

[43] As noted in the Board's Proposal, this proposed rule will also facilitate many approaches to GSIB resolution, including where the U.S. intermediate holding company of a foreign GSIB enters proceedings as part of a broader MPOE resolution.

[44] *See* 12 U.S.C. 5365(d).

[45] Special resolution regimes typically stay direct default rights, but may not stay cross-default rights. For example, as discussed previously, the FDIA stays direct default rights, see 12 U.S.C. 1821(e)(10)(B), but does not stay cross-default rights, whereas the Dodd-Frank Act's OLA stays direct default rights and cross-defaults arising from a parent's receivership, see 12 U.S.C. 5390(c)(10)(B), 5390(c)(16).

[46] *See* 12 U.S.C. 1821(e)(8)(G)(ii), 5390(c)(8)(F)(ii) (suspending payment and delivery obligations for one business day or less).

[47] See 81 FR 29169 (May 11, 2016).

[48] Note that the proposed rule would not apply with respect to credit enhancements that are not covered affiliate credit enhancements. In particular, it would not apply with respect to a credit

Continued

the credit enhancement would be permitted to allow the exercise of default rights under the circumstances after the expiration of a stay period. Under the proposed rule, the applicable stay period would begin when the credit support provider enters resolution and would end at the later of 5:00 p.m. (eastern time) on the next business day and 48 hours after the entry into resolution. This portion of the proposed rule is similar to the stay treatment provided in a resolution under the OLA or the FDIA.[49]

Under the proposed rule, default rights could be exercised at the end of the stay period if the covered affiliate credit enhancement has not been transferred away from the covered affiliate support provider and that support provider becomes subject to a resolution proceeding other than a proceeding under Chapter 11 of the Bankruptcy Code.[50] Default rights could also be exercised at the end of the stay period if the transferee (if any) of the credit enhancement enters a resolution proceeding, protecting the supported party from a transfer of the credit enhancement to a transferee that is unable to meet its financial obligations.

Default rights could also be exercised at the end of the stay period if the original credit support provider does not remain, and no transferee becomes, obligated to the same (or substantially similar) extent as the original credit support provider was obligated immediately prior to entering a resolution proceeding (including a Chapter 11 proceeding) with respect to (a) the credit enhancement applicable to the covered QFC, (b) all other credit enhancements provided by the credit support provider on any other QFCs between the same parties, and (c) all credit enhancements provided by the credit support provider between the direct party and affiliates of the direct party's QFC counterparty. Such creditor protections would be permitted to prevent the support provider or the transferee from ''cherry picking'' by assuming only those QFCs of a given counterparty that are favorable to the support provider or transferee. Title II of the Dodd-Frank Act and the FDIA contain similar provisions to prevent cherry picking.

Finally, if the covered affiliate credit enhancement is transferred to a transferee, then the non-defaulting counterparty could exercise default rights at the end of the stay period unless either (a) all of the support provider's ownership interests in the direct party are also transferred to the transferee or (b) reasonable assurance is provided that substantially all of the support provider's assets (or the net proceeds from the sale of those assets) will be transferred to the transferee in a timely manner. These conditions would help to assure the supported party that the transferee would be at least roughly as financially capable of providing the credit enhancement as the covered affiliate support provider.

Creditor protections related to FDIA proceedings. Moreover, in the case of a covered QFC that is supported by a covered affiliate credit enhancement, both the covered QFC and the credit enhancement would be permitted to allow the exercise of default rights related to the credit support provider's entry into resolution proceedings under the FDIA [51] under the following circumstances: (a) After the FDIA stay period,[52] if the credit enhancement is not transferred under the relevant provisions of the FDIA [53] and associated regulations, and (b) during the FDIA stay period, to the extent that the default right permits the supported party to suspend performance under the covered QFC to the same extent as that party would be entitled to do if the covered QFC were with the credit support provider itself and were treated in the same manner as the credit enhancement. This provision is intended to ensure that a QFC counterparty of a subsidiary of a covered bank that goes into FDIA receivership can receive the same level of protection that the FDIA provides to QFC counterparties of the covered bank itself.

Prohibited terminations. In case of a legal dispute as to a party's right to exercise a default right under a covered QFC, the proposed rule would require that a covered QFC must provide that, after an affiliate of the direct party has entered a resolution proceeding, (a) the party seeking to exercise the default right shall bear the burden of proof that the exercise of that right is indeed permitted by the covered QFC and (b) the party seeking to exercise the default right must meet a ''clear and convincing evidence'' standard,[54] a similar standard, or a more demanding standard.

The purpose of this proposed requirement is to prevent QFC counterparties from circumventing the limitations on resolution-related default rights in this proposal by exercising other contractual default rights in instances where such QFC counterparty cannot demonstrate that the exercise of such other contractual default rights is unrelated to the affiliate's entry into resolution.

Agency transactions. In addition to entering into QFCs as principal, GSIBs may engage in QFCs as agent for other principals. For example, a GSIB subsidiary may enter into a master securities lending arrangement with a foreign bank as agent for a U.S.-based pension fund. The GSIB would document its role as agent for the pension fund, often through an annex to the master agreement, and would generally provide to its customer (the principal party) a securities replacement guarantee or indemnification for any shortfall in collateral in the event of the default of the foreign bank.[55] A covered bank may also enter into a QFC as principal where there is an agent acting on its behalf or on behalf of its counterparty.

This proposed rule would apply to a covered QFC regardless of whether the covered bank or the covered bank's direct counterparty is acting as a principal or as an agent. This proposed rule does not distinguish between agents and principals with respect to default rights or transfer restrictions applicable to covered QFCs. The proposed rule would limit default rights and transfer restrictions that the principal and its agent may have against a covered bank consistent with the U.S. special resolution regimes. This proposed rule would ensure that, subject to the enumerated creditor protections, neither the agent nor the

enhancement provided by a non-U.S. entity of a foreign GSIB, which would not be a covered bank under the proposed rule.

[49] *See* U.S.C. 1821(e)(10)(B)(I), 5390(c)(10)(B)(i), 5390(c)(16)(A). While the proposed stay period is similar to the stay periods that would be imposed by the U.S. special resolution regimes, it could run longer than those stay periods under some circumstances.

[50] Chapter 11 (11 U.S.C. 1101–1174) is the portion of the Bankruptcy Code that provides for the reorganization of the failed company, as opposed to its liquidation, and, relative to special resolution regimes, is generally well-understood by market participants.

[51] As discussed, the FDIA stays direct default rights against the failed depository institution but does not stay the exercise of cross-default rights against its affiliates.

[52] Under the FDIA, the relevant stay period runs until 5:00 p.m. (eastern time) on the business day following the appointment of the FDIC as receiver. 12 U.S.C. 1821(e)(10)(B)(I).

[53] 12 U.S.C. 1821(e)(9)–(10).

[54] The reference to a ''similar'' burden of proof is intended to allow covered QFCs to provide for the application of a standard that is analogous to clear and convincing evidence in jurisdictions that do not recognize that particular standard. A covered QFC would not be permitted to provide for a lower standard.

[55] The definition of QFC under Title II of the Dodd-Frank Act includes security agreements and other credit enhancements as well as master agreements (including supplements). 12 U.S.C. 5390(c)(8)(D).

principal could exercise cross-default rights under the covered QFC against the covered bank based on the resolution of an affiliate of the covered bank.[56]

Question 12: With respect to the proposed restrictions on cross-default rights in covered banks' QFCs, is the proposed rule sufficiently clear, such that parties to a conforming QFC will understand what default rights are, and are not exercisable, in the context of a GSIB resolution? How could the proposed restrictions be further clarified?

Question 13: Section 47.5(e)(2) of the proposed rule, addressing general creditor protections, would permit the exercise of default rights based on the failure of the direct party to satisfy its payment or delivery obligations under the covered QFC or ''another contract between the same parties'' that give rise to a default right in the covered QFC. This exception is not limited to covered QFCs but is intended to reflect the interdependence among all contracts between the same counterparties. Does the scope of the terms ''contract'' and ''same parties'' need to be clarified? Should the term ''same parties'' be clarified to include affiliate credit support providers as well as counterparties?

Question 14: Are the proposed restrictions on cross-default rights under-inclusive, such that the proposed terms would permit default rights that would have the same or similar potential to undermine an orderly SPOE resolution and should therefore be subjected to similar restrictions?

Question 15: Would it be appropriate for the prohibition to explicitly cover default rights that are based on or related to the ''financial condition'' of an affiliate of the direct party (for example, rights based on an affiliate's credit rating, stock price, or regulatory capital levels)?

Question 16: Should the proposed restrictions be expanded to cover contractual rights that a QFC counterparty may have to exit the termination at will or without cause, including rights that arise on a periodic basis? Could such rights be used to circumvent the proposed restrictions on cross-default rights? If so, how, if at all, should the proposed rule regulate such contractual rights?

Question 17: With respect to the proposed provisions permitting specific creditor protections in a covered QFC, does the proposed rule draw an appropriate balance between protecting financial stability from risks associated with QFC unwinds and maintaining important creditor protections? Should the proposed set of permitted creditor protections be expanded to allow for other creditor protections that would fall within the proposed restrictions? Is the proposed set of permitted creditor protections sufficiently clear?

Question 18: With respect to the proposed requirement for burden-of-proof provisions in a covered QFC, is the standard clear? Would the proposed requirement advance the goals of this proposed rule? Would those goals be better advanced by alternative or complementary provisions?

Question 19: Should the proposed rule require periodic legal review of the legal enforceability of the required provisions in relevant jurisdictions? If periodic legal review is not required, should covered banks be required to monitor the applicable law in the relevant jurisdiction for material changes in law?

Question 20: The OCC invites comment on all aspects of the proposed treatment of agency transactions, including whether credit protections should apply to QFCs where the direct party is acting as agent under the QFC.

G. Process for Approval of Enhanced Creditor Protections (Section 47.6)

As discussed previously, the proposed restrictions would leave many creditor protections that are commonly included in QFCs unaffected. The proposed rule would also allow any covered bank to submit to the OCC a request to approve as compliant with the proposed rule one or more QFCs that contain additional creditor protections—that is, creditor protections that would be impermissible under the proposed restrictions set forth previously. A covered bank making such a request would be required to explain how its request is consistent with the purposes of this proposed rule, including an analysis of the contractual terms for which approval is requested in light of a range of factors that are laid out by the proposed rule and intended to facilitate the OCC's consideration of whether permitting the contractual terms would be consistent with the proposed restrictions. The OCC expects to consult with the FDIC and Board during its consideration of a request under this section.

The first two factors concern the potential impact of the requested creditor protections on GSIB resilience and resolvability. The next four concern the potential scope of the covered bank's request: Adoption on an industry-wide basis, coverage of existing and future transactions, coverage of one or multiple QFCs, and coverage of some or all covered banks. Creditor protections that may be applied on an industry-wide basis may help to ensure that impediments to resolution are addressed on a uniform basis, which could increase market certainty, transparency, and equitable treatment. Creditor protections that apply broadly to a range of QFCs and covered banks would increase the chance that all of a GSIB's QFC counterparties would be treated the same way during a resolution of that GSIB and may improve the prospects for an orderly resolution of that GSIB. By contrast, covered bank requests that would expand counterparties' rights beyond those afforded under existing QFCs would conflict with the proposed rule's goal of reducing the risk of mass unwinds of GSIB QFCs. The proposed rule also includes three factors that focus on the creditor protections specific to supported parties. The OCC may weigh the appropriateness of additional protections for supported QFCs against the potential impact of such provisions on the orderly resolution of a GSIB.

In addition to analyzing the request under the enumerated factors, a covered bank requesting that the OCC approve enhanced creditor protections would be required to submit a legal opinion stating that the requested terms would be valid and enforceable under the applicable law of the relevant jurisdictions, along with any additional relevant information requested by the OCC.

Under the proposed rule, the OCC could approve a request for an alternative set of creditor protections if the terms of that QFC, as compared to a covered QFC containing only the limited exceptions discussed previously, would promote the orderly resolution of federally chartered or licensed institutions or their affiliates, prevent or mitigate risks to the financial stability of the United States or the Federal banking system that could arise from the failure of a global systemically important BHC or global systemically important FBO, and protect the safety and soundness of covered banks to at least the same extent. The proposed request-and-approval process would improve flexibility by allowing for an industry-proposed alternative to the set of creditor protections permitted by the proposed rule while ensuring that any

[56] If a covered bank (acting as agent) is a direct party to a covered QFC, then the general prohibitions of section 47.5(d) would only affect the substantive rights of the agent's principal(s) to the extent that the covered QFC provides default rights based directly or indirectly on the entry into resolution of an affiliate of the covered bank (acting as agent).

approved alternative would serve the proposed rule's policy goals to at least the same extent.

Compliance with the International Swaps and Derivatives Association (ISDA) 2015 Universal Resolution Stay Protocol. In lieu of the process for the approval of enhanced creditor protections that are described previously, a covered bank would be permitted to comply with the proposed rule by amending a covered QFC through adherence to the ISDA 2015 Universal Resolution Stay Protocol (including immaterial amendments to the Protocol).[57] The Protocol ''enables parties to amend the terms of their financial contracts to contractually recognize the cross-border application of special resolution regimes applicable to certain financial companies and support the resolution of certain financial companies under the U.S. Bankruptcy Code.'' [58] The Protocol amends ISDA Master Agreements, which are used for derivatives transactions. Market participants also may amend their master agreements for securities financing transactions by adhering to the Securities Financing Transaction Annex [59] to the Protocol and may amend all other QFCs by adhering to the Other Agreements Annex. Thus, a covered bank would be able to comply with the proposed rule with respect to all of its covered QFCs through adherence to the Protocol and the annexes.

The Protocol has the same general objective as the proposed rule, which is to make GSIB entities more resolvable by amending their contracts to, in effect, contractually recognize the applicability of special resolution regimes (including the OLA and the FDIA) and to restrict cross-default provisions to facilitate orderly resolution under the U.S. Bankruptcy Code. The provisions of the Protocol largely track the requirements of the proposed rule.[60] However, the Protocol does have a narrower scope than the proposed rule,[61] and it allows for somewhat stronger creditor protections than would otherwise be permitted under the proposed rule.[62]

The Protocol also includes a feature, not included in the proposed rule, that compensates for the Protocol's narrower scope and allowance for stronger creditor protections: When an entity (whether or not it is a covered bank) adheres to the Protocol, it necessarily adheres to the Protocol with respect to all covered entities that have also adhered to the Protocol.[63] Thus, if all covered banks adhere to the Protocol, any other entity that chooses to adhere will simultaneously adhere with respect to all covered entities and covered banks. By allowing for all covered QFCs to be modified by the same contractual terms, this ''all-or-none'' feature would promote transparency, predictability, and equal treatment with respect to counterparties' default rights during the resolution of a GSIB entity and thereby advance the proposed rule's objective of increasing the likelihood that such a resolution could be carried out in an orderly manner.

Like section 47.5 of the proposed rule, section 2 of the Protocol was developed to increase GSIB resolvability under the Bankruptcy Code and other U.S. insolvency regimes. The Protocol does allow for somewhat broader creditor protections than would otherwise be permitted under the proposed rule, but, consistent with the Protocol's purpose, those additional creditor protections would not materially diminish the prospects for the orderly resolution of a GSIB. And the Protocol carries the desirable all-or-none feature, which would further increase a GSIB entity's resolvability and which the proposed rule otherwise lacks. For these reasons, and consistent with the broad policy objective of enhancing the stability of the U.S. financial system by increasing the resolvability of systemically important financial companies in the United States, the proposed rule would allow a covered bank to bring its covered QFCs into compliance by amending them through adherence to the Protocol (and, as relevant, the annexes to the Protocol).

Question 21: Are the proposed considerations for the approval of enhanced credit protections the appropriate factors for the OCC to take into account in deciding whether to grant a request for approval? What other considerations are potentially relevant to such a decision?

Question 22: Should the OCC provide greater specificity for the process and procedures for the submission and approval of requests for alternative enhanced credit protections? If so, what processes and procedures could be adopted without imposing undue regulatory burden?

Question 23: The OCC invites comment on its proposal to treat as compliant with section 47.6 of the proposal any covered QFC that has been amended by the Protocol. Does adherence to the Protocol suffice to meet the goals of this proposed rule, appropriately protect the Federal banking system and safeguard U.S. financial stability? Should additional

[57] International Swaps and Derivatives Association, Inc., ''ISDA 2015 Universal Resolution Stay Protocol'' (November 4, 2015), available at *http://assets.isda.org/media/ac6b533f-3/5a7c32f8-pdf/*. The Protocol was developed by a working group of member institutions of the ISDA, in coordination with the FRB, the FDIC, the OCC, and foreign financial supervisory agencies. ISDA is expected to supplement the Protocol with ISDA Resolution Stay Jurisdictional Modular Protocols for the United States and other jurisdictions. A U.S. module that is the same in all respects to the Protocol aside from exempting QFCs between adherents that are not covered banks would be consistent with the current proposed rule.

[58] Protocol Press Release at *http://www2.isda.org/functional-areas/protocol-management/protocol/22.*

[59] The Securities Financing Transaction Annex was developed by the International Capital Markets Association, the International Securities Lending Association, and the Securities Industry and Financial Markets Association, in coordination with the ISDA.

[60] For example, sections 2(a) and 2(b) of the Protocol impose general prohibitions on cross-default rights based on the entry of an affiliate of the direct party into the most common U.S. resolution proceedings, including resolution under the Bankruptcy Code. By allowing the exercise of ''Performance Default Rights'' and ''Unrelated Default Rights,'' as those terms are defined in section 6 of the Protocol, sections 2(a) and 2(b) also generally permit the creditor protections that would be allowed under the proposed rule. Section 2(f) of the Protocol overrides certain contractual provisions that would block the transfer of a credit enhancement to a transferee entity. Section 2(i), complemented by the Protocol's definition of the term ''Unrelated Default Rights,'' provides that a party seeking to exercise permitted default rights must bear the burden of establishing by clear and convincing evidence that those rights may indeed be exercised.

[61] The restrictions on default rights imposed by section 2 of the Protocol apply only when an affiliate of the direct party enters ''U.S. Insolvency Proceedings,'' which is defined to include proceedings under Chapters 7 and 11 of the Bankruptcy Code, the FDIA, and the Securities Investor Protection Act. By contrast, section 47.4 of the proposed rule would apply broadly to default rights related to affiliates of the direct party ''becoming subject to a receivership, insolvency, liquidation, resolution, or similar proceeding,'' which encompasses proceedings under State and foreign law.

[62] For example, the Protocol allows a non-defaulting party to exercise cross-default rights based on the entry of an affiliate of the direct party into certain resolution proceedings if the direct party's U.S. parent has not gone into resolution. *See* paragraph (b) of the Protocol's definition of ''Unrelated Default Rights''; *see also* sections 1 and 3(b) of the Protocol. As another example, if the affiliate credit support provider that has entered bankruptcy remains obligated under the credit enhancement, rather than transferring it to a transferee, then the Protocol's restrictions on the exercise of default rights continue to apply beyond the stay period only if the Bankruptcy Court issues a ''Creditor Protection Order.'' Such an order would, among other things, grant administrative expense status to the non-defaulting party's claims under the credit enhancement. *See* sections 2(b)(i)(B) and 2(b)(iii)(B) of the Protocol and the Protocol's definitions of ''Creditor Protection Order'' and ''DIP Stay Conditions.''

[63] Under section 4(a) of the Protocol, the Protocol is generally effective as between any two adhering parties, once the relevant effective date has arrived. Under section 4(b)(ii), an adhering party that is not a covered bank may choose to opt out of section 2 of the Protocol with respect to its contracts with any other adhering party that is also not a covered bank. However, the Protocol will apply to relationships between any covered bank that adheres and any other adhering party.

guidance be provided that would clarify the consultation process with the FRB or any other relevant supervisory agency?

H. Transition Periods (Sections 47.4 and 47.5)

Under this proposed rule, the final rule would take effect on the first day of the first calendar quarter that begins at least one year after the issuance of the final rule (effective date).[64] National banks, FSAs, and Federal branches and agencies that are covered banks when the final rule is issued would be required to comply with the proposed requirements beginning on the effective date. Thus, a covered bank would be required to ensure that covered QFCs entered into on or after the effective date comply with the rule's requirements. Moreover, a covered bank would be required to bring preexisting covered QFCs entered into prior to the effective date into compliance with the rule no later than the first date on or after the effective date on which the covered bank enters into a new covered QFC with the counterparty to the preexisting covered QFC or with an affiliate of that counterparty. Thus, a covered bank would not be required to conform a preexisting QFC if that covered bank does not enter into any new QFCs with the same counterparty or an affiliate of that counterparty on or after the effective date. Finally, a national bank, FSA, or Federal branch or agency that becomes a covered bank after the final rule is issued would be required to comply by the first day of the first calendar quarter that begins at least one year after it becomes a covered bank.

By permitting a covered bank to remain party to nonconforming QFCs entered into before the effective date unless the covered bank enters into new QFCs with the same counterparty or its affiliate, the proposed rule draws a balance between ensuring QFC continuity if a global systemically important BHC or FBO were to fail and ensuring that covered banks and their existing counterparties can avoid any compliance costs associated with conforming existing QFCs by refraining from entering into new QFCs and avoiding unnecessary disruption to existing QFCs. The requirement that a covered bank ensure that all existing QFCs are compliant before entering into a new QFC with the same counterparty or its affiliate will provide covered banks with an incentive to seek the modifications necessary to ensure that their QFCs with the most significant counterparties are compliant.

A covered bank would be required to bring a preexisting covered QFC entered into prior to the effective date into compliance with the rule no later than the first date on or after the effective date on which the covered bank or an affiliate (that is also a covered entity or covered bank) enters into a new covered QFC with the counterparty to the preexisting covered QFC or an affiliate of the counterparty. The OCC believes such an approach is warranted to ensure that adoption of the contractual provisions required by the proposed rule are consistent between a given counterparty, any affiliate of the counterparty, and the covered bank and all of the affiliates of the covered bank (which would essentially be all of the entities under a global systemically important BHC or FBO). The OCC is concerned that to allow counterparties to adopt the required contractual provisions with affiliated covered entities, but not the covered bank, poses a risk to the safety and soundness of the covered bank and would frustrate the goal of facilitating the orderly resolution of the covered bank (and its affiliate covered entities). Furthermore, the OCC expects that, as a practical matter, the decision of how to comply with this proposed rule and the FRB Proposal with respect to a given counterparty, and its affiliates, will be made in close coordination between the covered bank and its affiliated covered entities.

The OCC believes that adoption of the modifications required by the proposed rule should be consistent between a given counterparty and all entities under a global systemically important BHC or FBO, which necessitates allowing a trade by either a covered bank or a covered entity to trigger adoption of the required provisions. Moreover, the volume of nonconforming covered QFCs outstanding can be expected to decrease over time and eventually to reach zero. In light of these considerations, and to avoid creating potentially inappropriate compliance costs with respect to existing QFCs (which a covered bank would generally be unable to modify without its counterparty's consent), it may be appropriate to permit a limited number of nonconforming QFCs to remain outstanding, in keeping with the terms described previously. The OCC will monitor covered banks' levels of nonconforming QFCs and evaluate the risk, if any, that they pose to the safety and soundness of the covered banks or to the Federal banking system and to U.S. financial stability.

Question 24: With respect to the proposed transaction periods, would there be a reasonable basis for adopting different compliance deadlines with respect to different classes of QFCs? If so, how should those classes be distinguished, and what would be a reasonable time frame for compliance?

Question 25: Is it necessary for a covered bank to bring preexisting covered QFCs entered into prior to the effective date into compliance with the rule based on a covered bank's affiliate's (that is also a covered entity or covered bank) transaction with a counterparty or its affiliates? Is it appropriate to ensure consistent treatment across all affiliated covered banks, covered entities, and affiliated counterparties?

I. Amendments to Capital Rules

The Basel III Capital Framework, as implemented by the OCC and the other banking agencies, permits a bank to measure exposure from certain types of financial contracts on a net basis and recognize the risk-mitigating effect of financial collateral for other types of exposures, provided that the contracts are subject to a ''qualifying master netting agreement,'' a collateral agreement, eligible margin loan, or repo-style transaction (collectively referred to as netting agreements) that provides for certain rights upon a counterparty default. With limited exception, to qualify for netting treatment, a qualifying netting agreement must permit a bank to terminate, apply close-out netting, and promptly liquidate or set-off collateral upon an event of default of the counterparty (default rights), thereby reducing its counterparty exposure and market risks.[65] Measuring the amount of exposure of these contracts on a net basis, rather than a gross basis, results in a lower measure of exposure, and thus, a lower capital requirement.

An exception to the immediate close-out requirement is made for the stay of default rights if the financial company is in receivership, conservatorship, or resolution under Title II of the Dodd-Frank Act,[66] or the FDIA.[67] Accordingly, transactions conducted under netting agreements where default rights may be stayed under Title II of the

[64] Under section 302(b) of the Riegle Community Development and Regulatory Improvement Act of 1994, new regulations that impose requirements on insured depository institutions generally must ''take effect on the first day of a calendar quarter which begins on or after the date on which the regulations are published in final form.'' 12 U.S.C. 4802(b).

[65] *See* 12 CFR 3.2 definition of collateral agreement, eligible margin loan, repo-style transaction, and qualifying master netting agreement.

[66] *See* 12 U.S.C. 5390(c)(8)–(16).

[67] *See* 12 U.S.C. 1821(e)(8)–(13).

Dodd-Frank Act or the FDIA would not be disqualified from netting treatment.

On December 30, 2014, the OCC and the FRB issued an interim final rule (effective January 1, 2015) that amended the definitions of ''qualifying master netting agreement,'' ''collateral agreement,'' ''eligible margin loan,'' and ''repo-style transaction,'' in the OCC and FRB regulatory capital rules, and ''qualifying master netting agreement'' in the OCC and FRB liquidity coverage ratio (LCR) rules to expand the exception to the immediate close-out requirement to ensure that the current netting treatment under the regulatory capital, liquidity, and lending limits rules for over-the-counter (OTC) derivatives, repo-style transactions, eligible margin loans, and other collateralized transactions would be unaffected by the adoption of various foreign special resolution regimes through the ISDA Protocol.[68] In particular, the interim final rule amended these definitions to provide that a relevant netting agreement or collateral agreement may provide for a limited stay or avoidance of rights where the agreement is subject by its terms to, or incorporates, certain resolution regimes applicable to financial companies, including Title II of the Dodd-Frank Act, the FDIA, or any similar foreign resolution regime that provides for limited stays substantially similar to the stay for qualified financial contracts provided in Title II of the Dodd-Frank Act or the FDIA.

Section 47.4 of the proposed rule essentially limits the default rights exercisable against a covered bank to the same stay and transfer restrictions imposed under the U.S. special resolution regime against a direct counterparty. Section 47.4 of the proposed rule mirrors the contractual stay and transfer restrictions reflected in the ISDA Protocol with one notable difference. While adoption of the ISDA Protocol is voluntary, covered banks subject to the proposed rule must conform their covered QFCs to the stay and transfer restrictions in section 47.4.

With respect to limitations on cross-default rights in proposed section 47.5, the OCC is proposing amendments in order to maintain the existing netting treatment for covered QFCs for purposes of the regulatory capital, liquidity, and lending limits rules. Specifically, the OCC is proposing to amend the definition of ''qualifying master netting agreement,'' as well as to make conforming amendments to ''collateral agreement, ''eligible margin loan,'' and ''repo-style transaction,'' in the regulatory capital rules in part 3, and ''qualifying master netting agreement'' in the LCR rules in part 50 to ensure that the regulatory capital, liquidity, and lending limits treatment of OTC derivatives, repo-style transactions, eligible margin loans, and other collateralized transactions would be unaffected by the adoption of proposed section 47.5. Without these proposed amendments, covered banks that amend their covered QFCs to comply with this proposed rule would no longer be permitted to recognize covered QFCs as subject to a qualifying master netting agreement or satisfying the criteria necessary for the current regulatory capital, liquidity, and lending limits treatment, and would be required to measure exposure from these contracts on a gross, rather than net, basis. This result would undermine the proposed requirements in section 47.5. The OCC does not believe that the disqualification of covered QFCs from master netting agreements would accurately reflect the risk posed by these OTC derivative transactions.

Although the proposed rule reformats some of the definitions in parts 3 and 50 to include the text from the interim final rule, the proposed amendments do not alter the substance or effect of the prior amendment adopted by the interim final rule.

The rule establishing margin and capital requirements for covered swap entities (swap margin rule) defines the term ''eligible master netting agreement'' in a manner similar to the definition of ''qualifying master netting agreement.'' [69] Thus, it may also be appropriate to amend the definition of ''eligible master netting agreement'' to account for the proposed restrictions on covered entities' QFCs.

Question 26: As noted, the requirements of this proposed rule are mandatory for all covered banks with respect to their covered QFCs. Under the proposed rule failure by a covered bank to conform its covered QFCs to the mandatory requirements would be a violation of the rule. In light of the important policy objectives of this proposed rule, should the regulatory capital and LCR rules require that nonconforming covered QFCs that violate the requirements of the proposed rule be disqualified from netting treatment?

Question 27. In order to qualify for netting treatment under the regulatory capital rules, eligible margin loans, qualifying master netting agreements, and repo-style transactions require national banks and FSAs to conduct sufficient legal review to ensure that the provisions of these financial contracts would be enforceable in all relevant jurisdictions. Should the scope of the legal review requirement be expanded to explicitly include the enforceability of the direct default and cross-default provisions required by the proposed rule?

IV. Request for Comments

In addition to the specifically enumerated questions in the preamble, the OCC requests comment on all aspects of this proposed rule. The OCC requests that, for the specifically enumerated questions, commenters include the number of the question in their response to make review of the comments more efficient.

V. Regulatory Analysis

A. Paperwork Reduction Act

In accordance with section 3512 of the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501–3521) (as amended), the OCC may not conduct or sponsor, and a respondent is not required to respond to, an information collection unless it displays a currently valid Office of Management and Budget (OMB) control number.

Certain provisions of the proposed rule contain ''collection of information'' requirements within the meaning of the PRA. In accordance with the requirements of the PRA, the OCC may not conduct or sponsor, and the respondent is not required to respond to, an information collection unless it displays a currently-valid OMB control number. The information collection requirements contained in this proposed rulemaking have been submitted to OMB for review and approval under section 3507(d) of the PRA (44 U.S.C. 3507(d)) and section 1320.11 of the OMB's implementing regulations (5 CFR 1320).

Comments are invited on:

(a) Whether the collections of information are necessary for the proper performance of the OCC's functions, including whether the information has practical utility;

(b) The accuracy of the estimates of the burden of the information collections, including the validity of the methodology and assumptions used;

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of the information collections on respondents, including through the use

[68] The FDIC issued a NPRM on January 30, 2015 to propose these conforming amendments. *See* 80 FR 5063 (January 30, 2015).

[69] 80 FR 74840, 74861–74862 (November 30, 2015).

of automated collection techniques or other forms of information technology; and

(e) Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

All comments will become a matter of public record. Comments on aspects of this notice that may affect reporting, recordkeeping, or disclosure requirements and burden estimates should be sent to the addresses listed in the **ADDRESSES** section of this document. A copy of the comments may also be submitted to the OMB desk officer for the agencies: by mail to U.S. Office of Management and Budget, 725 17th Street NW., #10235, Washington, DC 20503; by facsimile to (202) 395–5806; or by email to: *oira_submission@omb.eop.gov,* Attention, Federal Banking Agency Desk Officer.

Title of Information Collection: Mandatory Contractual Stay Requirements for Qualified Financial Contracts.

Affected Public: Businesses or other for-profit.

Respondents: Banks or FSAs (including any subsidiary of a bank or FSA) that are subsidiaries of a global systemically important BHC that has been designated pursuant to 252.82(a)(1) of the Federal Reserve Board's Regulation YY; Banks or FSAs (including any subsidiary of a bank or FSA) that are subsidiaries of a global systemically important FBO designated pursuant to section 252.87 of the Federal Reserve Board's Regulation YY; and Federal branches and agencies (including any U.S. subsidiary of a Federal branch or agency), of a global systemically important FBO that has been designated pursuant to section 252.87 of the Federal Reserve Board's Regulation YY.

Abstract: Section 47.6 provides that a covered bank may request that the OCC approve as compliant with the requirements of section 47.5, regarding insolvency proceedings, provisions of one or more forms of covered QFCs, or amendments to one or more forms of covered QFCs, with enhanced creditor protection conditions. The request must include: (1) an analysis of the proposal under each consideration of the relevance of creditor protection provisions; (2) a written legal opinion verifying that proposed provisions or amendments would be valid and enforceable under applicable law of the relevant jurisdictions, including, in the case of proposed amendments, the validity and enforceability of the proposal to amend the covered QFCs; and (3) any additional information relevant to its approval that the OCC requests.

Burden Estimates:

Estimated Number of Respondents: 42.

Estimated Burden per Respondent: Reporting (§ 47.7): 40 hours.

Total Estimated Burden: 1,680 hours.

B. Regulatory Flexibility Act Analysis

The Regulatory Flexibility Act, 5 U.S.C. 601 *et seq.* (''RFA''), generally requires that, in connection with a NPRM, an agency prepare and make available for public comment an initial regulatory flexibility analysis that describes the impact of a proposed rule on small entities.[70] The Small Business Administration has defined ''small entities'' for banking purposes to include a bank or savings association with $175 million or less in assets.[71]

The OCC currently supervises approximately 1,032 small entities. The scope of the proposal is limited to large banks and their affiliates. Therefore, the proposed rule will not impact any OCC-supervised small entities. Accordingly, the proposal will not have a significant economic impact on a substantial number of small entities.

C. Unfunded Mandates Reform Act of 1995

The OCC has analyzed the proposed rule under the factors in the Unfunded Mandates Reform Act of 1995 (UMRA).[72] Under this analysis, the OCC considered whether the proposed rule includes a Federal mandate that may result in the expenditure by State, local, and tribal governments, in the aggregate, or by the private sector, of $100 million or more in any one year (adjusted annually for inflation). The UMRA does not apply to regulations that incorporate requirements specifically set forth in law.

The OCC's estimated UMRA cost is less than $2 million. Therefore, the OCC finds that the proposed rule does not trigger the UMRA cost threshold. Accordingly, the OCC has not prepared the written statement described in section 202 of the UMRA.

D. Riegle Community Development and Regulatory Improvement Act of 1994

Pursuant to section 302(a) of the Riegle Community Development and Regulatory Improvement Act of 1994 (RCDRI Act),[73] in determining the effective date and administrative compliance requirements for new regulations that impose additional reporting, disclosure, or other requirements on insured depository institutions, the OCC will consider, consistent with the principles of safety and soundness and the public interest: (1) Any administrative burdens that the proposed rule would place on depository institutions, including small depository institutions and customers of depository institutions, and (2) the benefits of the proposed rule. The OCC requests comment on any administrative burdens that the proposed rule would place on depository institutions, including small depository institutions, and their customers, and the benefits of the proposed rule that the OCC should consider in determining the effective date and administrative compliance requirements for a final rule.

List of Subjects

12 CFR Part 3

Administrative practice and procedure; Capital; Federal savings associations; National banks; Reporting and recordkeeping requirements; Risk.

12 CFR Part 47

Authority and Issuance

For the reasons stated in the Supplementary Information, the Office of the Comptroller of the Currency proposes to amend part 3, add a new part 47, and amend part 50 as follows:

PART 3—CAPITAL ADEQUACY STANDARDS

■ 1. The authority citation for part 3 continues to read as follows:

Authority: 12 U.S.C. 93a, 161, 1462, 1462a, 1463, 1464, 1818, 1828(n), 1828 note, 1831n note, 1835, 3907, 3909, and 5412(b)(2)(B).

■ 2. Section 3.2 is amended by:

■ a. Revising the definition of ''collateral agreement'' by:

■ i. Removing the word ''or'' at the end of paragraph (1);

■ ii. Removing the period at the end of paragraph (2) and adding in its place ''; or''; and

■ iii. Adding a new paragraph (3).

[70] *See* 5 U.S.C. 603(a).

[71] *See* 13 CFR 121.201.

[72] 2 U.S.C. 1531 *et seq.*

[73] 12 U.S.C. 4802(a).

■ b. Revising paragraph (1)(iii) of the definition of ''eligible margin loan''; and
■ c. Revising the definition of ''qualifying master netting agreement'' by:
■ i. Removing the word ''or'' at the end of paragraph (2)(i);
■ ii. Removing the '';'' at the end of paragraph (2)(ii) and adding in its place ''; or''; and
■ iii. Adding a new paragraph (2)(iii).
■ d. Revising paragraph (3)(ii)(A) of the definition of ''repo-style transaction''.

The revisions are set forth below:

§ 3.2 Definitions.

* * * * *

Collateral agreement means * * *

* * * * *

(3) Where the right to accelerate, terminate, and close-out on a net basis all transactions under the agreement and to liquidate or set-off collateral promptly upon an event of default of the counterparty is limited only to the extent necessary to comply with the requirements of part 47 of this title 12 or any similar requirements of another U.S. Federal banking agency, as applicable.

* * * * *

Eligible margin loan means: (1) * * *

* * * * *

(iii) The extension of credit is conducted under an agreement that provides the national bank or Federal savings association the right to accelerate and terminate the extension of credit and to liquidate or set-off collateral promptly upon an event of default, including upon an event of receivership, insolvency, liquidation, conservatorship, or similar proceeding, of the counterparty, provided that, in any such case, any exercise of rights under the agreement will not be stayed or avoided under applicable law in the relevant jurisdictions, other than:

(A) In receivership, conservatorship, or resolution under the Federal Deposit Insurance Act, Title II of the Dodd-Frank Act, or under any similar insolvency law applicable to GSEs,[5] or laws of foreign jurisdictions that are substantially similar[6] to the U.S. laws referenced in this paragraph in order to facilitate the orderly resolution of the defaulting counterparty; or

(B) Where the right to accelerate, terminate, and close-out on a net basis all transactions under the agreement and to liquidate or set-off collateral promptly upon an event of default of the counterparty is limited only to the extent necessary to comply with the requirements of part 47 of this title 12 or any similar requirements of another U.S. Federal banking agency, as applicable;

or

* * * * *

Qualifying master netting agreement means a written, legally enforceable agreement provided that:

* * * * *

(2) * * *

* * * * *

(iii) Where the right to accelerate, terminate, and close-out on a net basis all transactions under the agreement and to liquidate or set-off collateral promptly upon an event of default of the counterparty is limited only to the extent necessary to comply with the requirements of part 47 of this title 12 or any similar requirements of another U.S. Federal banking agency, as applicable.

* * * * *

Repo-style transaction means a repurchase or reverse repurchase transaction, or a securities borrowing or securities lending transaction, including a transaction in which the national bank or Federal savings association acts as agent for a customer and indemnifies the customer against loss, provided that:

* * * * *

(3) * * *

(ii) * * *

(A) The transaction is executed under an agreement that provides the national bank or Federal savings association the right to accelerate, terminate, and close-out the transaction on a net basis and to liquidate or set-off collateral promptly upon an event of default, including upon an event of receivership, insolvency, liquidation, or similar proceeding, of the counterparty, provided that, in any such case, any exercise of rights under the agreement will not be stayed or avoided under applicable law in the relevant jurisdictions, other than:

(*1*) In receivership, conservatorship, or resolution under the Federal Deposit Insurance Act, Title II of the Dodd-Frank Act, or under any similar insolvency law applicable to GSEs, or laws of foreign jurisdictions that are substantially similar[8] to the U.S. laws referenced in this paragraph (3)(ii)(a) in order to facilitate the orderly resolution of the defaulting counterparty; or

(*2*) Where the right to accelerate, terminate, and close-out on a net basis all transactions under the agreement and to liquidate or set-off collateral promptly upon an event of default of the counterparty is limited only to the extent necessary to comply with the requirements of part 47 of this title 12 or any similar requirements of another U.S. Federal banking agency, as applicable; or

* * * * *

PART 47—MANDATORY CONTRACTUAL STAY REQUIREMENTS FOR QUALIFIED FINANCIAL CONTRACTS

■ 3. The authority citation for Part 47 shall read as follows:

Authority: 12 U.S.C. 1, 93a, 481, 1462a, 1463, 1464, 1467a, 1818, 1828, 1831n, 1831o, 1831p–1, 1831w, 1835, 3102(b), 3108(a), 5412(b)(2)(B), (D)–(F).

■ 4. Add new Part 47 to read as follows:

PART 47—MANDATORY CONTRACTUAL STAY REQUIREMENTS FOR QUALIFIED FINANCIAL CONTRACTS

Sec.

47.1 Authority and Purpose.
47.2 Definitions.
47.3 Applicability.
47.4 U.S. Special Resolution Regimes.
47.5 Insolvency Proceedings.
47.6 Approval of Enhanced Creditor Protection Conditions.
47.7 Exclusion of Certain QFCs.
47.8 Foreign Bank Multi-Branch Master Agreements.

PART 47—MANDATORY CONTRACTUAL STAY REQUIREMENTS FOR QUALIFIED FINANCIAL CONTRACTS

§ 47.1 Authority and Purpose.

(a) *Authority.* 12 U.S.C. 1, 93a, 1462a, 1463, 1464, 1467a, 1818, 1828, 1831n, 1831p-1, 1831w, 1835, 3102(b), 3108(a), 5412(b)(2)(B), (D)–(F).

(b) *Purpose.* The purpose of this part is to promote the safety and soundness of federally chartered or licensed institutions by mitigating the potential destabilizing effects of the resolution of a global significantly important banking entity on an affiliate that is a covered bank (as defined by this part) by requiring covered banks to include in financial contracts covered by this part certain mandatory contractual

[5] This requirement is met where all transactions under the agreement are (i) executed under U.S. law and (ii) constitute ''securities contracts'' under section 555 of the Bankruptcy Code (11 U.S.C. 555), qualified financial contracts under section 11(e)(8) of the Federal Deposit Insurance Act, or netting contracts between or among financial institutions under sections 401–407 of the Federal Deposit Insurance Corporation Improvement Act or the FRB's Regulation EE (12 CFR part 231).

[6] The OCC expects to evaluate jointly with the FRB and FDIC whether foreign special resolution regimes meet the requirements of this paragraph.

[8] The OCC expects to evaluate jointly with the FRB and FDIC whether foreign special resolution regimes meet the requirements of this paragraph.

provisions relating to stays on acceleration and close out rights and transfer rights.

§ 47.2 Definitions.

Central counterparty or CCP has the same meaning as in section 252.81 of the Federal Reserve Board's Regulation YY (12 CFR 252.81).

Chapter 11 proceeding means a proceeding under the provisions of Chapter 11 of the bankruptcy laws of the United States at 11 U.S.C. 1101–74 (Chapter 11 of Title 11, United States Code).

Covered entity has the same meaning as in section 252.82(a) of the Federal Reserve Board's Regulation YY (12 CFR 252.82).

Covered QFC means a QFC as defined in sections 47.4(a) and 47.5(a) of this part.

Credit enhancement means a QFC of the type set forth in Title II of the Dodd-Frank Act at section 210(c)(8)(D)(ii)(XII), (iii)(X), (iv)(V), (v)(VI), or (vi)(VI), 12 U.S.C. 5390(c)(8)(D)(ii)(XII), (iii)(X), (iv)(V), (v)(VI), or (vi)(VI); or a credit enhancement that the Federal Deposit Insurance Corporation determines by regulation is a QFC pursuant to section 210(c)(8)(D)(i), 12 U.S.C. 5390(c)(8)(D)(i), of the Dodd-Frank Act.

Default right (1) Means, with respect to a QFC, any:

(i) Right of a party, whether contractual or otherwise (including, without limitation, rights incorporated by reference to any other contract, agreement, or document, and rights afforded by statute, civil code, regulation, and common law), to liquidate, terminate, cancel, rescind, or accelerate such agreement or transactions thereunder, set off or net amounts owing in respect thereto (except rights related to same-day payment netting), exercise remedies in respect of collateral or other credit support or property related thereto (including the purchase and sale of property), demand payment or delivery thereunder or in respect thereof (other than a right or operation of a contractual provision arising solely from a change in the value of collateral or margin or a change in the amount of an economic exposure), suspend, delay, or defer payment or performance thereunder, or modify the obligations of a party thereunder, or any similar rights; and

(ii) Right or contractual provision that alters the amount of collateral or margin that must be provided with respect to an exposure thereunder, including by altering any initial amount, threshold amount, variation margin, minimum transfer amount, the margin value of collateral, or any similar amount, that entitles a party to demand the return of any collateral or margin transferred by it to the other party or a custodian or that modifies a transferee's right to reuse collateral or margin (if such right previously existed), or any similar rights, in each case, other than a right or operation of a contractual provision arising solely from a change in the value of collateral or margin or a change in the amount of an economic exposure;

(2) With respect to section 47.5 of this part, does not include any right under a contract that allows a party to terminate the contract on demand, or at its option at a specified time, or from time to time, without the need to show cause.

Dodd-Frank Act means the Dodd-Frank Wall Street Reform and Consumer Protection Act, Pub. L. 111–203, 124 Stat. 1376 (July 21, 2010).

FDIA proceeding means a proceeding in which the Federal Deposit Insurance Corporation is appointed as conservator or receiver under section 11 of the Federal Deposit Insurance Act, 12 U.S.C. 1821.

FDIA stay period means, in connection with an FDIA proceeding, the period of time during which a party to a QFC whose counterparty is subject to an FDIA proceeding may not exercise any right that the counterparty has to terminate, liquidate, or net such QFC, in accordance with section 11(e) of the Federal Deposit Insurance Act, 12 U.S.C. 1821(e), and any implementing regulations.

Master agreement means a QFC of the type set forth in Title II of the Dodd-Frank Act at section 210(c)(8)(D)(ii)(XI), (iii)(IX), (iv)(IV), (v)(V), or (vi)(V), 12 U.S.C. 5390(c)(8)(D)(ii)(XI), (iii)(IX), (iv)(IV), (v)(V), or (vi)(V); or a master agreement that the Federal Deposit Insurance Corporation determines by regulation is a QFC pursuant to section 210(c)(8)(D)(i) of the Dodd-Frank Act, 12 U.S.C. 5390(c)(8)(D)(i).

QFC or qualified financial contract has the same meaning as in section 210(c)(8)(D) of Title II of the Dodd-Frank Act, 12 U.S.C. 5390(c)(8)(D).

Subsidiary of covered bank means any operating subsidiary of a national bank, Federal savings association, or Federal branch or agency as defined in 12 CFR 5.34 (national banks) or 12 CFR 5.38 (FSAs), or any other subsidiary of a covered bank as defined in section 252.82(a)(2) and (3) of the Federal Reserve Board's Regulation YY (12 CFR 252.82(a)(2) and (3)).

U.S. special resolution regimes means the Federal Deposit Insurance Act at 12 U.S.C. 1811–1835a and regulations promulgated thereunder and Title II of the Dodd-Frank Act, 12 U.S.C. 5381–5394, and regulations promulgated thereunder.

§ 47.3 Applicability.

(a) *Scope of applicability.* This part applies to a ''covered bank,'' which includes:

(i) A national bank or Federal savings association (including any subsidiary of a national bank or a Federal savings association) that is a subsidiary of a global systemically important bank holding company that has been designated pursuant to section 252.82(a)(1) of the Federal Reserve Board's Regulation YY (12 CFR 252.82(a)(1)); or

(ii) A national bank or Federal savings association (including any subsidiary of a national bank or a Federal savings association) that is a subsidiary of a global systemically important foreign banking organization that has been designated pursuant to section 252.87 of the Federal Reserve Board's Regulation YY (12 CFR 252.87); or

(iii) A Federal branch or agency, as defined in the Subpart B of Part 28 of this Chapter (governing Federal branches and agencies), and any U.S. subsidiary of the Federal branch or agency, of a global systemically important foreign banking organization that has been designated pursuant to section 252.87 of the Federal Reserve Board's Regulation YY (12 CFR 252.87).

(b) *Subsidiary of a covered bank.* This part generally applies to the subsidiary of any national bank, Federal savings association, or Federal branch or agency that is a covered bank under paragraph (a)(1) of this section. Specifically, the covered bank is required to ensure that a covered QFC to which the subsidiary is a party (as a direct counterparty or a support provider) satisfies the requirements of sections 47.4 and 47.5 of this part in the same manner and to the same extent applicable to the covered bank.

(c) *Initial applicability of requirements for covered QFCs.* A covered bank must comply with the requirements of sections 47.4 and 47.5 beginning on the later of

(1) The first day of the calendar quarter immediately following 365 days (1 year) after becoming a covered bank; or

(2) The date this subpart first becomes effective.

(d) *Rule of construction.* For purposes of this subpart, the exercise of a default right with respect to a covered QFC includes the automatic or deemed exercise of the default right pursuant to the terms of the QFC or other arrangement.

§ 47.4 U.S. Special Resolution Regimes.

(a) *QFCs required to be conformed.* (1) A covered bank must ensure that each of its covered QFCs conforms to the requirements of this section 47.4.

(2) For purposes of this section 47.4, a covered QFC means a QFC that the covered bank:

(i) Enters, executes, or otherwise becomes a party to; or

(ii) Entered, executed, or otherwise became a party to before the date this subpart first becomes effective, if the covered bank or any affiliate that is a covered bank or covered entity also enters, executes, or otherwise becomes a party to a QFC with the same person or affiliate of the same person on or after the date this subpart first becomes effective.

(3) To the extent that the covered bank is acting as agent with respect to a QFC, the requirements of this section apply to the extent the transfer of the QFC relates to the covered bank or the default rights relate to the covered bank or an affiliate of the covered bank.

(b) *Provisions required.* A covered QFC must explicitly provide that:

(1) The transfer of the covered QFC (and any interest and obligation in or under, and any property securing, the covered QFC) from the covered bank will be effective to the same extent as the transfer would be effective under the U.S. special resolution regimes if the covered QFC (and any interest and obligation in or under, and any property securing, the covered QFC) were governed by the laws of the United States or a state of the United States and the covered bank were under the U.S. special resolution regime; and

(2) Default rights with respect to the covered QFC that may be exercised against the covered bank are permitted to be exercised to no greater extent than the default rights could be exercised under the U.S. special resolution regimes if the covered QFC was governed by the laws of the United States or a state of the United States and the covered bank were under the U.S. special resolution regime.

(c) *Relevance of creditor protection provisions.* The requirements of this section apply notwithstanding paragraphs (e), (g), and (i) of section 47.5.

§ 47.5 Insolvency Proceedings.

(a) *QFCs required to be conformed.* (1) A covered bank must ensure that each covered QFC conforms to the requirements of this section 47.5.

(2) For purposes of this section 47.5, a covered QFC has the same definition as in paragraph (a)(2) of section 47.4.

(3) To the extent that the covered bank is acting as agent with respect to a QFC, the requirements of this section apply to the extent the transfer of the QFC relates to the covered bank or the default rights relate to an affiliate of the covered bank.

(b) *General Prohibitions.* (1) A covered QFC may not permit the exercise of any default right with respect to the covered QFC that is related, directly or indirectly, to an affiliate of the direct party becoming subject to a receivership, insolvency, liquidation, resolution, or similar proceeding.

(2) A covered QFC may not prohibit the transfer of a covered affiliate credit enhancement, any interest or obligation in or under the covered affiliate credit enhancement, or any property securing the covered affiliate credit enhancement to a transferee upon an affiliate of the direct party becoming subject to a receivership, insolvency, liquidation, resolution, or similar proceeding unless the transfer would result in the supported party being the beneficiary of the credit enhancement in violation of any law applicable to the supported party.

(c) *Definitions relevant to the general prohibitions and this part.* (1) *Direct party.* Direct party means covered bank, or covered entity referenced in section 47.2, that is a party to the direct QFC.

(2) *Direct QFC.* Direct QFC means a QFC that is not a credit enhancement, *provided that,* for a QFC that is a master agreement that includes an affiliate credit enhancement as a supplement to the master agreement, the direct QFC does not include the affiliate credit enhancement.

(3) *Affiliate credit enhancement.* Affiliate credit enhancement means a credit enhancement that is provided by an affiliate of a party to the direct QFC that the credit enhancement supports.

(d) *Treatment of agent transactions.* With respect to a QFC that is a covered QFC for a covered bank solely because the covered bank is acting as agent under the QFC, the covered bank is the direct party.

(e) *General creditor protections.* Notwithstanding paragraph (b) of this section, a covered direct QFC and covered affiliate credit enhancement that supports the covered direct QFC may permit the exercise of a default right with respect to the covered QFC that arises as a result of:

(1) The direct party becoming subject to a receivership, insolvency, liquidation, resolution, or similar proceeding other than a receivership, conservatorship, or resolution under the Federal Deposit Insurance Act, Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act, or laws of foreign jurisdictions that are substantially similar to the U.S. laws referenced in this paragraph (e)(1) in order to facilitate the orderly resolution of the direct party;

(2) The direct party not satisfying a payment or delivery obligation pursuant to the covered QFC or another contract between the same parties that gives rise to a default right in the covered QFC; or

(3) The covered affiliate support provider or transferee not satisfying a payment or delivery obligation pursuant to a covered affiliate credit enhancement that supports the covered direct QFC.

(f) *Definitions relevant to the general creditor protections and this part.* (1) *Covered direct QFC.* Covered direct QFC means a direct QFC to which a covered bank, or a covered entity referenced in section 47.2, is a party.

(2) *Covered affiliate credit enhancement.* Covered affiliate credit enhancement means an affiliate credit enhancement in which a covered bank, or a covered entity referenced in section 47.2, is the obligor of the credit enhancement.

(3) *Covered affiliate support provider.* Covered affiliate support provider means, with respect to a covered affiliate credit enhancement, the affiliate of the direct party that is obligated under the covered affiliate credit enhancement and is not a transferee.

(4) *Supported party.* Supported party means, with respect to a covered affiliate credit enhancement and the direct QFC that the covered affiliate credit enhancement supports, a party that is a beneficiary of the covered affiliate support provider's obligation under the covered affiliate credit enhancement.

(g) *Additional creditor protections for supported QFCs.* Notwithstanding paragraph (b) of this section, with respect to a covered direct QFC that is supported by a covered affiliate credit enhancement, the covered direct QFC and the covered affiliate credit enhancement may permit the exercise of a default right that is related, directly or indirectly, to the covered affiliate support provider after the stay period if:

(1) The covered affiliate support provider that remains obligated under the covered affiliate credit enhancement becomes subject to a receivership, insolvency, liquidation, resolution, or similar proceeding other than a Chapter 11 proceeding;

(2) Subject to paragraph (i) of this section, the transferee, if any, becomes subject to a receivership, insolvency,

liquidation, resolution, or similar proceeding;

(3) The covered affiliate support provider does not remain, and a transferee does not become, obligated to the same, or substantially similar, extent as the covered affiliate support provider was obligated immediately prior to entering the receivership, insolvency, liquidation, resolution, or similar proceeding with respect to:

(i) The covered affiliate credit enhancement,

(ii) All other covered affiliate credit enhancements provided by the covered affiliate support provider in support of other covered direct QFCs between the direct party and the supported party under the covered affiliate credit enhancement referenced in paragraph 47(g)(3)(i), and

(iii) All covered affiliate credit enhancements provided by the covered affiliate support provider in support of covered direct QFCs between the direct party and affiliates of the supported party referenced in paragraph 47.5(g)(3)(ii); or

(4) In the case of a transfer of the covered affiliate credit enhancement to a transferee:

(i) All of the ownership interests of the direct party directly or indirectly held by the covered affiliate support provider are not transferred to the transferee; or

(ii) Reasonable assurance has not been provided that all or substantially all of the assets of the covered affiliate support provider (or net proceeds therefrom), excluding any assets reserved for the payment of costs and expenses of administration in the receivership, insolvency, liquidation, resolution, or similar proceeding, will be transferred or sold to the transferee in a timely manner.

(h) *Definitions relevant to the additional creditor protections for supported QFCs and this part.* (1) *Stay period.* Stay period means, with respect to a receivership, insolvency, liquidation, resolution, or similar proceeding, the period of time beginning on the commencement of the proceeding and ending at the later of 5:00 p.m. (eastern time) on the business day following the date of the commencement of the proceeding and 48 hours after the commencement of the proceeding.

(2) *Business day.* Business day means a day on which commercial banks in the jurisdiction the proceeding is commenced are open for general business (including dealings in foreign exchange and foreign currency deposits).

(3) *Transferee.* Transferee means a person to whom a covered affiliate credit enhancement is transferred upon the covered affiliate support provider entering a receivership, insolvency, liquidation, resolution, or similar proceeding or thereafter as part of the restructuring or reorganization involving the covered affiliate support provider.

(i) *Creditor protections related to FDIA proceedings.* Notwithstanding paragraph (b) of this section, with respect to a covered direct QFC that is supported by a covered affiliate credit enhancement, the covered direct QFC and the covered affiliate credit enhancement may permit the exercise of a default right that is related, directly or indirectly, to the covered affiliate support provider becoming subject to FDIA proceedings:

(1) After the FDIA stay period, if the covered affiliate credit enhancement is not transferred pursuant to 12 U.S.C. 1821(e)(9)–(e)(10) and any regulations promulgated thereunder; or

(2) During the FDIA stay period, if the default right may only be exercised so as to permit the supported party under the covered affiliate credit enhancement to suspend performance with respect to the supported party's obligations under the covered direct QFC to the same extent as the supported party would be entitled to do if the covered direct QFC were with the covered affiliate support provider and were treated in the same manner as the covered affiliate credit enhancement.

(j) *Prohibited terminations.* A covered QFC must require, after an affiliate of the direct party has become subject to a receivership, insolvency, liquidation, resolution, or similar proceeding:

(1) The party seeking to exercise a default right to bear the burden of proof that the exercise is permitted under the covered QFC; and

(2) Clear and convincing evidence or a similar or higher burden of proof to exercise a default right.

§ 47.6 Approval of Enhanced Creditor Protection Conditions.

(a) *Protocol compliance.* A covered QFC may permit the exercise of a default right with respect to the covered QFC if the covered QFC has been amended by the ISDA 2015 Universal Resolution Stay Protocol, including the Securities Financing Transaction Annex and Other Agreements Annex published by the International Swaps and Derivatives Association, Inc., as of May 3, 2016, and minor or technical amendments thereto.

(b) *Proposal of enhanced creditor protection conditions.* (1) A covered bank may request that the OCC approve as compliant with the requirements of section 47.5 of this part provisions of one or more forms of covered QFCs, or amendments to one or more forms of covered QFCs, with enhanced creditor protection conditions.

(2) Enhanced creditor protection conditions means a set of limited exemptions to the requirements of section 47.5(b) of this part that are different than that of paragraphs (e), (g), and (i) of section 46.5 of this part.

(3) A covered bank making a request under paragraph (b)(1) of this section must provide:

(i) An analysis of the proposal that addresses each consideration in paragraph (d) of this section;

(ii) A written legal opinion verifying that proposed provisions or amendments would be valid and enforceable under applicable law of the relevant jurisdictions, including, in the case of proposed amendments, the validity and enforceability of the proposal to amend the covered QFCs; and

(iii) Any other relevant information that the OCC requests.

(c) *OCC approval.* The OCC may approve, subject to any conditions or commitments the OCC may impose, a proposal by a covered bank under paragraph (b) of this section if the proposal, as compared to a covered QFC that contains only the limited exemptions in paragraphs of (e), (g), and (i) of section 47.5 of this part, would promote the safety and soundness of federally chartered or licensed institutions by mitigating the potential destabilizing effects of the resolution of a global significantly important banking entity that is an affiliate of the covered bank, at least to the same extent.

(d) *Considerations.* In reviewing a proposal under this section, the OCC may consider all facts and circumstances related to the proposal, including:

(1) Whether, and the extent to which, the proposal would reduce the resiliency of such covered banks during distress or increase the impact of the failure of one or more of the covered banks;

(2) Whether, and the extent to which, the proposal would materially decrease the ability of a covered bank, or an affiliate of a covered bank, to be resolved in a rapid and orderly manner in the event of the financial distress or failure of the entity that is required to submit a resolution plan pursuant to Section 165(d) of the Dodd-Frank Act, 12 U.S.C. 5635(d), and the implementing regulations in 12 CFR

part 243 (FRB) and 12 CFR part 381 (FDIC);

(3) Whether, and the extent to which, the set of conditions or the mechanism in which they are applied facilitates, on an industry-wide basis, contractual modifications to remove impediments to resolution and increase market certainty, transparency, and equitable treatment with respect to the default rights of non-defaulting parties to a covered QFC;

(4) Whether, and the extent to which, the proposal applies to existing and future transactions;

(5) Whether, and the extent to which, the proposal would apply to multiple forms of QFCs or multiple covered banks;

(6) Whether the proposal would permit a party to a covered QFC that is within the scope of the proposal to adhere to the proposal with respect to only one or a subset of covered banks;

(7) With respect to a supported party, the degree of assurance the proposal provides to the supported party that the material payment and delivery obligations of the covered affiliate credit enhancement and the covered direct QFC it supports will continue to be performed after the covered affiliate support provider enters a receivership, insolvency, liquidation, resolution, or similar proceeding;

(8) The presence, nature, and extent of any provisions that require a covered affiliate support provider or transferee to meet conditions other than material payment or delivery obligations to its creditors;

(9) The extent to which the supported party's overall credit risk to the direct party may increase if the enhanced creditor protection conditions are not met and the likelihood that the supported party's credit risk to the direct party would decrease or remain the same if the enhanced creditor protection conditions are met; and

(10) Whether the proposal provides the counterparty with additional default rights or other rights.

§ 47.7 Exclusion of Certain QFCs.

(a) Exclusion of CCP-cleared QFCs. A covered bank is not required to conform a covered QFC to which a CCP is a party to the requirements of sections 47.4 and 47.5.

(b) Exclusion of covered entity QFCs. A covered bank is not required to conform a covered QFC to the requirements of sections 47.4 and 47.5 to the extent that a covered entity is required to conform the covered QFC to similar requirements of the Federal Reserve Board if the QFC is either a direct QFC to which a covered entity is a direct party or an affiliate credit enhancement to which a covered entity is the obligor.

§ 47.8 Foreign Bank Multi-branch Master Agreements.

(a) *Treatment of foreign bank multi-branch master agreements.* With respect to a Federal branch or agency of a globally significant foreign banking organization, a foreign bank multi-branch master agreement that is a covered QFC solely because the master agreement permits agreements or transactions that are QFCs to be entered into at one or more Federal branches or agencies of the globally significant foreign banking organization will be considered a covered QFC for purposes of this subpart only with respect to such agreements or transactions booked at such Federal branches or agencies or for which a payment or delivery may be made at such Federal branches or agencies.

(b) *Definition of foreign bank multi-branch master agreements.* A foreign bank multi-branch master agreement means a master agreement that permits a Federal branch or agency and another place of business of a foreign bank that is outside the United States to enter transactions under the agreement.

PART 50—LIQUIDITY RISK MEASUREMENT STANDARDS

■ 5. The authority citation for part 50 continues to read as follows:

Authority: 12 U.S.C. 1 *et seq.,* 93a, 481, 1818, and 1462 *et seq.*

■ 6. Section 50.3 is amended by revising the definition of ''qualifying master netting agreement'' by:

■ i. Removing the word ''or'' at the end of paragraph (2)(i);

■ ii. Removing the '';'' at the end of paragraph (2)(ii) and adding in its place ''; or''; and

■ iii. Adding a new paragraph (2)(iii).

The revisions are set forth below:

§ 50.3 Definitions.

* * * * *

Qualifying master netting agreement means a written, legally enforceable agreement provided that:

* * * * *

(2) * * *

* * * * *

(iii) Where the right to accelerate, terminate, and close-out on a net basis all transactions under the agreement and to liquidate or set-off collateral promptly upon an event of default of the counterparty is limited only to the extent necessary to comply with the requirements of part 47 of this title 12 or any similar requirements of another U.S. Federal banking agency, as applicable.

BILLING CODE 4810–33–P

ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 52

[EPA–R09–OAR–2016–0322; FRL–9950–95–Region 9]

Approval and Limited Approval and Limited Disapproval of California State Implementation Plan Revisions; Butte County Air Quality Management District; Stationary Source Permits

AGENCY: Environmental Protection Agency (EPA).

ACTION: Proposed rule.

SUMMARY: The Environmental Protection Agency (EPA) is proposing a limited approval and limited disapproval of revisions to the Butte County Air Quality Management District (BCAQMD) portion of the California State Implementation Plan (SIP). These revisions concern the District's New Source Review (NSR) permitting program for new and modified sources of air pollution. We are proposing action on these local rules under the Clean Air Act as amended in 1990 (CAA or the Act). We are taking comments on this proposal and plan to follow with a final action.

DATES: Any comments must arrive by September 19, 2016.

ADDRESSES: Submit your comments, identified by Docket ID No. [EPA–R09–OAR–2016–0332] at *http://www.regulations.gov,* or via email to *R9AirPermits@epa.gov.* For comments submitted at *Regulations.gov*, follow the online instructions for submitting comments. Once submitted, comments cannot be removed or edited from *Regulations.gov*. For either manner of submission, the EPA may publish any comment received to its public docket. Do not submit electronically any information you consider to be Confidential Business Information (CBI) or other information whose disclosure is restricted by statute. Multimedia submissions (audio, video, etc.) must be accompanied by a written comment. The written comment is considered the official comment and should include discussion of all points you wish to make. The EPA will generally not

consider comments or comment contents located outside of the primary submission (*i.e.* on the web, cloud, or other file sharing system). For additional submission methods, please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section. For the full EPA public comment policy, information about CBI or multimedia submissions, and general guidance on making effective comments, please visit *http://www2.epa.gov/dockets/commenting-epa-dockets.*

FOR FURTHER INFORMATION CONTACT: Laura Yannayon, EPA Region IX, (415) 972–3534, *yannayon.laura@epa.gov.*

SUPPLEMENTARY INFORMATION: Throughout this document, ''we,'' ''us'' and ''our'' refer to the EPA.

Definitions

For the purpose of this document, we are giving meaning to certain words or initials as follows:

(i) The word or initials *Act* or *CAA* mean or refer to the Clean Air Act, unless the context indicates otherwise.

(ii) The initials *CARB* mean or refer to the California Air Resources Board.

(iii) The initials *CFR* mean or refer to Code of Federal Regulations.

(iv) The initials or words *EPA, we, us* or *our* mean or refer to the United States Environmental Protection Agency.

(v) The initials *FR* mean or refer to **Federal Register**.

(vi) The word or initials BCAQMD or *District* mean or refer to the Butte County Air Quality Management District.

(vii) The initials *NAAQS* mean or refer to National Ambient Air Quality Standards.

(viii) The initials *NSR* mean or refer to New Source Review.

(ix) The initials PM_{10} mean or refer to particulate matter with an aerodynamic diameter of less than or equal to 10 micrometers (coarse particulate matter).

(x) The initials $PM_{2.5}$ mean or refer to particulate matter with an aerodynamic diameter of less than or equal to 2.5 micrometers (fine particulate matter).

(xi) The initials *SIP* mean or refer to State Implementation Plan.

(xii) The initials *TSD* mean or refer to the technical support document for this action.

I. The State's Submittal

A. What rules did the State submit?

Table 1 lists the rules addressed by this proposal, including the dates they were adopted by BCAQMD and submitted by CARB, which is the governor's designee for California SIP submittals.

TABLE 1—SUBMITTED RULES

Rule No.	Rule title	Adopted date	Submitted date
400	Permit Requirements	04/24/14	11/06/14
401	Permit Exemptions	04/24/14	11/06/14
432	Federal New Source Review	04/24/14	11/06/14

On December 18, 2014, EPA determined that the submittal of these rules met the completeness criteria in 40 CFR part 51 Appendix V, which must be met before formal EPA review.

B. Are there other versions of these rules?

There is no previous version of Rule 432 in the SIP; EPA approved previous versions of the rules to be replaced by Rules 400 and 401 into the SIP as indicated in Table 2.

TABLE 2—SIP APPROVED RULES

Rule No.	Rule title	SIP approval date	Federal Register Citation
4–4	Exemptions from Permit Requirement	05/31/72	37 FR 10856
401	General Requirements	02/03/87	52 FR 3226
402	Authority to Construct	02/03/87	52 FR 3226
403	Permit to Operate	5/2/01	66 FR 21875
405	Permit Conditions	05/31/72	37 FR 10856
406	Emission Calculations	02/03/87	52 FR 3226
407	Anniversary Date	02/03/87	52 FR 3226
420	Standards for Granting Applications	02/03/87	52 FR 3226
421	Conditional Approval	02/03/87	52 FR 3226
424	State Implementation Plan	5/2/01	66 FR 21875

EPA's approval of Rule 401 would have the effect of entirely superseding our prior approval of Rule 4–4 in the SIP. Likewise, approval of Rules 400 and 432 will have the effect of entirely superseding our prior SIP approval of Rules 401, 402, 403, 405, 406, 407, 420, 421 and 424.

C. What is the purpose of the submitted rules?

Section 110(a) of the CAA requires states to submit regulations that include a pre-construction permit program for certain new or modified stationary sources of pollutants, including a permit program as required by Part D of Title I of the CAA.

The purpose of District Rule 400 (Permit Requirements), Rule 401 (Permit Exemptions) and Rule 432 (Federal New Source Review) is to implement a federal preconstruction permit program for all new and modified minor sources,

and new and modified major sources of NAAQS pollutants for which the area is designated nonattainment. BCAQMD is currently designated as a nonattainment area for the 2008 8-hr ozone and 2006 24-hr $PM_{2.5}$ NAAQS. We present our evaluation under the CAA and EPA's regulations of the amended NSR rules submitted by CARB, as identified in Table 1, and provide our reasoning in general terms below and in more detail in our TSD, which is available in the docket for this proposed rulemaking.

II. EPA's Evaluation and Action

A. How is EPA evaluating the rules?

The submitted rules must meet the CAA's general requirements for SIPs and SIP revisions in CAA sections 110(a)(2), 110(l), and 193, as well as the applicable requirements contained in part D of title I of the Act (sections 172, 173, 182(a) and 189(e)) for a nonattainment NSR permit program. In addition, the submitted rules must contain the applicable regulatory provisions required by 40 CFR 51.160–51.165 and 40 CFR 51.307.

Among other things, section 110 of the Act requires that SIP rules be enforceable and provides that EPA may not approve a SIP revision if it would interfere with any applicable requirements concerning attainment and reasonable further progress or any other requirement of the CAA. In addition, section 110(a)(2) and section 110(l) of the Act require that each SIP or revision to a SIP submitted by a State must be adopted after reasonable notice and public hearing.

Section 110(a)(2)(C) of the Act requires each SIP to include a permit program to regulate the modification and construction of any stationary source within the areas covered by the SIP as necessary to assure attainment and maintenance of the NAAQS. EPA's regulations at 40 CFR 51.160–51.164 provide general programmatic requirements to implement this statutory mandate commonly referred to as the ''minor NSR'' or ''general NSR'' permit program. These NSR program regulations impose requirements for SIP approval of State and local programs that are more general in nature as compared to the specific statutory and regulatory requirements for nonattainment NSR permitting programs under Part D of title I of the Act.

Part D of title I of the Act contains the general requirements for areas designated nonattainment for a NAAQS (section 172), including preconstruction permit requirements for new major sources and major modifications proposing to construct in nonattainment areas (section 173). Part D of title I of the Act also includes section 182(a), which contains the additional requirements for areas designated as a marginal ozone nonattainment area, and section 189(e), which requires the control of major stationary source of PM_{10} precursors (and hence $PM_{2.5}$ precursors) ''except where the Administrator determines that such sources do not contribute significantly to PM_{10} [and $PM_{2.5}$] levels which exceed the standard in the area.'' Additionally, 40 CFR 51.165 sets forth EPA's regulatory requirements for SIP-approval of a nonattainment NSR permit program and 40 CFR 51.165(a)(13) contains specific requirements for regulating sources emitting $PM_{2.5}$.

The protection of visibility requirements that apply to NSR programs are contained in 40 CFR 51.307. This provision requires that certain actions be taken in consultation with the local Federal Land Manager if a new major source or major modification may have an impact on visibility in any mandatory Class I Federal Area.

Section 110(l) of the Act prohibits EPA from approving any SIP revisions that would interfere with any applicable requirement concerning attainment and reasonable further progress (RFP) or any other applicable requirement of the CAA. Section 193 of the Act, which only applies in nonattainment areas, prohibits the modification of a SIP-approved control requirement in effect before November 15, 1990, in any manner unless the modification insures equivalent or greater emission reductions of such air pollutant.

Our TSD, which can be found in the docket for this rule, contains a more detailed discussion of the approval criteria.

B. Do the rules meet the evaluation criteria?

EPA has reviewed the submitted rules in accordance with the rule evaluation criteria described above. With respect to procedures, based on our review of the public process documentation included in the November 6, 2014 submittal, we are proposing to approve the submitted rules in part because we have determined that BCAQMD has provided sufficient evidence of public notice and opportunity for comment and public hearings prior to adoption and submittal of these rules, in accordance with the requirements of CAA sections 110(a)(2) and 110(l).

With respect to substantive requirements, we have reviewed the submitted rules in accordance with the evaluation criteria discussed above. We are proposing to approve Rules 400 and 401 as part of BCAQMD's general NSR permitting program because we have determined that these rules satisfy the substantive statutory and regulatory requirements for a general NSR permit program as contained in CAA section 110(a)(2)(C) and 40 CFR 51.160–51.164.

In addition, we are proposing a limited approval of Rule 432 because we have determined that Rule 432 satisfies all of the statutory and regulatory requirements for a nonattainment NSR permit program as set forth in the applicable provisions of part D of title I of the Act (sections 172, 173 and 182(a)) and in 40 CFR 51.165 and 40 CFR 51.307.

We are also proposing a limited disapproval of Rule 432 because we have determined that the rule does not fully satisfy CAA section 189(e) requirements for regulation of $PM_{2.5}$ precursors. The rule does not specify ammonia as a $PM_{2.5}$ precursor and the demonstration provided by Butte County as part of their NSR program submittal is not adequate to allow the Administrator to determine whether potential new major sources and major modifications of ammonia emissions will not contribute significantly to $PM_{2.5}$ levels that exceed the standard in the area. Our TSD for this action contains additional information regarding our proposed limited disapproval.

EPA is also proposing to find that it is acceptable for BCAQMD to not incorporate the NSR Reform provisions of 40 CFR 51.165 into its NSR permit program because BCAQMD's permitting program will not be any less stringent than the federal permitting program. In addition, EPA is proposing to find that Rules 400, 401 and 432 meet the statutory requirements for SIP revisions as specified in sections 110(l) and 193 of the CAA.

Please see our TSD for more information regarding our evaluation of Rules 400, 401 and 432.

C. Proposed Action and Public Comment

As authorized by CAA section 110(k)(3) and 301(a), we are proposing approval of Rule 400 (Permit Requirements) and Rule 401 (Permit Exemptions), and we are proposing limited approval and limited disapproval of Rule 432 (Federal New Source Review) into the BCAQMD portion of the California SIP. If finalized, this action will incorporate the submitted rules into the SIP, including those provisions identified as

deficient.[1] The approval of Rule 432 is limited because EPA is simultaneously proposing a limited disapproval of Rule 432 under section 110(k)(3). If this limited disapproval is finalized, it will trigger sanctions under CAA section 179 and 40 CFR 52.31 unless the EPA approves subsequent SIP revisions that correct the rule deficiencies within 18 months of the effective date of the final action.

Note that Rule 432 has been adopted by the BCAQMD, and the EPA's final limited disapproval would not prevent the local agency from enforcing it. The limited disapproval also would not prevent any portion of the rule from being incorporated by reference into the federally enforceable SIP as discussed in a July 9, 1992 EPA memo found at: *http://www.epa.gov/nsr/ttnnsr01/gen/pdf/memo-s.pdf.*

We will accept comments from the public on the proposed limited approval and limited disapproval for the next 30 days.

III. Incorporation by Reference

In this rule, the EPA is proposing to include in a final EPA rule regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is proposing to finalize the incorporation by reference the BCAQMD rules described in Table 1 of this preamble. The EPA has made, and will continue to make, these materials available electronically through *www.regulations.gov* and at the EPA Region IX Office (please contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section of this preamble for more information).

IV. Statutory and Executive Order Reviews

Additional information about these statutes and Executive Orders can be found at *http://www2.epa.gov/laws-regulations/laws-and-executive-orders.*

A. Executive Order 12866: Regulatory Planning and Review and Executive Order 13563: Improving Regulation and Regulatory Review

This action is not a significant regulatory action and was therefore not submitted to the Office of Management and Budget (OMB) for review.

B. Paperwork Reduction Act (PRA)

This action does not impose an information collection burden under the PRA because this action does not impose additional requirements beyond those imposed by state law.

C. Regulatory Flexibility Act (RFA)

I certify that this action will not have a significant economic impact on a substantial number of small entities under the RFA. This action will not impose any requirements on small entities beyond those imposed by state law.

D. Unfunded Mandates Reform Act (UMRA)

This action does not contain any unfunded mandate as described in UMRA, 2 U.S.C. 1531–1538, and does not significantly or uniquely affect small governments. This action does not impose additional requirements beyond those imposed by state law. Accordingly, no additional costs to State, local, or tribal governments, or to the private sector, will result from this action.

E. Executive Order 13132: Federalism

This action does not have federalism implications. It will not have substantial direct effects on the states, on the relationship between the national government and the states, or on the distribution of power and responsibilities among the various levels of government.

F. Executive Order 13175: Coordination With Indian Tribal Governments

This action does not have tribal implications, as specified in Executive Order 13175, because the SIP is not approved to apply on any Indian reservation land or in any other area where the EPA or an Indian tribe has demonstrated that a tribe has jurisdiction, and will not impose substantial direct costs on tribal governments or preempt tribal law. Thus, Executive Order 13175 does not apply to this action.

G. Executive Order 13045: Protection of Children From Environmental Health Risks and Safety Risks

The EPA interprets Executive Order 13045 as applying only to those regulatory actions that concern environmental health or safety risks that the EPA has reason to believe may disproportionately affect children, per the definition of ''covered regulatory action'' in section 2–202 of the Executive Order. This action is not subject to Executive Order 13045 because it does not impose additional requirements beyond those imposed by state law.

H. Executive Order 13211: Actions That Significantly Affect Energy Supply, Distribution, or Use

This action is not subject to Executive Order 13211, because it is not a significant regulatory action under Executive Order 12866.

I. National Technology Transfer and Advancement Act (NTTAA)

Section 12(d) of the NTTAA directs the EPA to use voluntary consensus standards in its regulatory activities unless to do so would be inconsistent with applicable law or otherwise impractical. The EPA believes that this action is not subject to the requirements of section 12(d) of the NTTAA because application of those requirements would be inconsistent with the CAA.

J. Executive Order 12898: Federal Actions To Address Environmental Justice in Minority Populations and Low-Income Population

The EPA lacks the discretionary authority to address environmental justice in this rulemaking.

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Incorporation by reference, Intergovernmental relations, New Source Review, Ozone, Particulate matter, Reporting and recordkeeping requirements, Volatile organic compounds.

Authority: 42 U.S.C. 7401 *et seq.*

Dated: August 9, 2016.

Alexis Strauss,

Acting Regional Administrator, Region IX.

[1] If this proposed rule is finalized, Butte County Rules 400, 401 and 432, will supersede the existing SIP approved rules listed in Table 2.

AGENCY FOR INTERNATIONAL DEVELOPMENT

48 CFR Parts 701, 722 and Appendix J

RIN 0412–AA80

Agency for International Development Acquisition Regulation (AIDAR): Agency Warrant Program for Individual Cooperating Country National Personal Services Contractors (CCNPSCs)

AGENCY: U.S. Agency for International Development.

ACTION: Proposed rule.

SUMMARY: The U.S. Agency for International Development (USAID) proposes to amend the Agency for International Development Acquisition Regulation (AIDAR) to incorporate a warrant program for cooperating

country national personal service contractors (CCN PSCs) into the regulation. The purpose of the CCN PSC warrant program is not only to address a shortage of U.S. direct-hire contracting officers by delegating limited contracting officer authorities to a select number of Cooperating Country National personal services contractors, but also to bolster the Agency to succeed in terms of building long-term, host country technical capacity to materially assist the Missions with procurement responsibility. In addition, USAID is proposing to clarify that third country nationals (TCNs) and cooperating country nationals (CCNs) employment requirements, contained in section 722.170, do not apply to consultants.

DATES: Comments must be received no later than October 18, 2016.

ADDRESSES: Address all comments concerning this notice to Lyudmila Bond, Bureau for Management, Office of Acquisition and Assistance, Policy Division (M/OAA/P), Room 867, SA–44, Washington, DC 20523–2052. Submit comments, identified by title of the action and Regulatory Information Number (RIN) by any of the following methods:

1. Through the Federal eRulemaking Portal at *http://www.regulations.gov* by following the instructions for submitting comments.

2. *By Mail addressed to:* USAID, Bureau for Management, Office of Acquisition & Assistance, Policy Division, Room 867J, SA–44, 1300 Pennsylvania Ave. NW., Washington, DC 20523–2052.

FOR FURTHER INFORMATION CONTACT: Lyudmila Bond, Telephone: 202–567–4753 or Email: *lbond@usaid.gov*.

SUPPLEMENTARY INFORMATION:

A. Instructions

All comments must be in writing and submitted through one of the methods specified in the Addresses section above. All submissions must include the title of the action and RIN for this rulemaking. Please include your name, title, organization, postal address, telephone number, and email address in the text of the message.

Please note that USAID recommends sending all comments to the Federal eRulemaking Portal because security screening precautions have slowed the delivery and dependability of surface mail to USAID/Washington.

After receipt of a comment and until finalization of the action, all comments will be made available at *http://www.regulations.gov* for public review without change, including any personal information provided. We recommend you do not submit information that you consider Confidential Business Information (CBI) or any information that is otherwise protected from disclosure by statute. USAID will only address substantive comments on the rule. Comments that are insubstantial or outside the scope of the rule may not be considered.

B. Background

USAID is seeking comments on the proposed rule as described below:

(1) 722.170 Employment of Third Country Nationals (TCN's) and Cooperating Country Nationals (CCN's)

In response to numerous inquiries, USAID is proposing a revision of this section of the AIDAR to clarify that employment requirements for TCN and CCN employees of a contractor do not apply to consultants. It is the responsibility of a contractor to determine whether an individual being hired is an employee or a consultant.

(2) Cooperating Country National (CCN) Warrant Program

Background

In 2011, the U.S. Agency for International Development (USAID) approved a two-year Worldwide CCN Administrative Contracting and Agreement Officer (ACO/AAO) Pilot Warrant Program. The purpose of this program was to address the shortage of USAID contracting officers and build long-term, host country technical capacity to materially assist the Missions with procurement responsibility.

USAID is located in offices in over 80 countries with programs in over 100 nations. USAID operates in a fluid environment responding to a myriad of crises such as war, natural disasters, epidemics, as well as its long term mission of ending extreme poverty, promoting resilient, democratic societies while advancing our security and prosperity. The warranted contracting force to manage this effort consists of 150 US direct hire foreign service contracting officers overseas, 105 direct hire civil service contract officers, 83 warranted foreign service executive officers, 3 warranted US personal service contractors managing mission's acquisition portfolio, and 4 warranted US personal service contractors serving as executive officers. In addition to, and perhaps partially because of having such a relatively small warranted work force to manage a portfolio that is large and varied with a global footprint, the foreign service contracting staff has one of the highest attrition rates in USAID's work force.

USAID made a strategic decision to create a cadre of highly qualified Cooperating Country Nationals, who have demonstrated high potential for assuming responsibilities to serve as administrative contracting officers within designated Missions. The purpose was to alleviate some of the workload of our contracting officer staff. During the two phases of the program, USAID added 6 warranted CCN administrative contracting officers. Currently, by the end of fiscal year 2016, we anticipate that there will be approximately 12 warranted CCN contracting officers. While a seemingly small number, that would represent an 8 percent increase of our overseas US direct hire warranted contracting officer staff.

When designing the CCN Pilot Warrant Program, USAID consulted with the Senior Procurement Executive at the State Department and the unions. The State Department's SPE advised that State conducted a similar pilot several years ago, to great success. They now have a permanent program that extends limited authority to their locally-employed staff in selected countries. The vice president of the American Foreign Service Association concurred with the Pilot, and was pleased by several of its protections.

Based on that two-year pilot program, revisions were made to the program structure to better suit the Agency's needs before the permanent program was launched in September 2014. USAID eliminated the portion of the program that allowed for third country nationals to receive warrants. A comprehensive review of the CCN Pilot Warrant Program underscored a need to broaden participation through among other things, revision of qualifications and inclusion of full obligation warrant authority up to $150,000 per transaction and an annual cumulative amount of $1 million at the CCN Grade 13 Level to assist the Missions' procurement function. A better understanding of CCN grades and the grading process allowed for better clarity of expectations for Missions and warrant applicants. To help mitigate CCN inexperience from leading to mistakes or malfeasance, the revised CCN Warrant Program includes several levels of obligation authority and non-monetary administrative responsibility correlating to CCN grade/experience within the acquisition backstop. Increasing degrees of responsibility and/or obligation authority, as applicable, are granted.

The permanent CCN Warrant Program currently establishes three levels of

contracting officer responsibilities that can be designated to a CCN personal services contractor depending on the needs of each mission, complexity and dollar value of the acquisitions, and the individual's experience, training, education, business acumen, judgment, reputation and grade level.

At the first level, a CCN PSC may be delegated authority for select contract administration functions listed in (48 CFR) FAR 42.302(a), including, for example, conducting post-award orientation conferences, approving contractors' requests for payments under the progress payments or performance-based payments clauses.

At the second level, in addition to performing the administrative functions discussed above, a CCN PSC contracting officer may be delegated authority to obligate incremental funding of any amount within the scope and total estimated cost of a contract (to include task orders and purchase orders).

At the third and highest participating grade level, in addition to the incremental funding obligation authority and post-award administration duties described in levels one and two above, a CCN PSC contracting officer may be delegated authority to execute new awards for a total award amount not to exceed one hundred fifty thousand dollars ($150,000). This authority is further subject to a new award cumulative obligation limit of one million dollars ($1 million) per Fiscal Year. No deviation from these limitations is authorized.

Regulatory Authorities and Limitations

(48 CFR) FAR part 1 establishes the authority for Agency heads to select and appoint contracting officers and it does not specify that contracting officers must be U.S. citizen direct-hire employees of the Federal government. (48 CFR) FAR part 7.5 includes contracting officer duties in the list of inherently governmental functions or functions that must be treated as such, but does not exclude personal services contractors hired under a statutory authority from performing such functions.

(48 CFR) AIDAR 701.603–70 currently limits delegations of contracting officer authorities to U.S. citizen direct-hire employees of the U.S. Government as a matter of Agency policy. However, section 4(b)(3) of (48 CFR) AIDAR Appendix D and the corresponding section of Appendix J contain an exception for PSCs to be delegated contracting officer authority with approval from the Assistant Administrator for the Bureau of Management.

In September 2014, USAID issued a two-year class deviation from 48 CFR) AIDAR 701.603–70 to establish the permanent CCN PSC warrant program to allow a limited number of selected and qualified CCN PSCs to be delegated contracting officer authorities. In conjunction with the approval of the class deviation described above, the Assistant Administrator for the Bureau for Management approved a class exception to the limitations in (48 CFR) AIDAR Appendix J 4(b)(3). By this rule USAID is proposing to revise (48 CFR) AIDAR to permanently authorize delegation of contracting officer authorities to a limited number of selected and qualified CCN PSCs.

Discussion

Prior to establishing the permanent CCN warrant program, the Agency reviewed the risks associated with issuing CO warrants to Non-U.S. citizens who are not direct-hire employees of USAID. In particular, such factors as proper accountability, adequate security considerations, conflicts of interest, and appropriate legal jurisdiction over the employee were considered. Adequate management controls and warrant limitations established under the CCN PSC warrant program, as discussed below, were established to mitigate such risks.

To address the risks associated with adequate accountability and conflict of interest, the warrant program requires candidates for the CCN PSC warrant program to show commitment to the profession by meeting stringent acquisition competencies, education and training requirements. In addition to meeting these requirements, potential candidates must have extensive experience in Direct U.S. Federal Government Contracting and clearly demonstrate professional and ethical behavior. When reviewing applications for a CCN PSC warrant, the agency contacts past performance references (typically, the candidate's last three Supervisory Contracting Officers) and any other sources deemed appropriate for signs of potential risks or cautions that may be detrimental to the responsibilities inherent in this Program. The candidate's supervisor must also attest to the candidate's education, training, experience, business acumen, judgment, character, reputation and ethical behavior.

Additionally, the Program requires the CCN contracting officer's supervisor to closely and frequently monitor the CCN PSC's work and review performance and progress every six months. This review is followed by periodic reviews conducted by the Bureau for Management, Office of Acquisition and Assistance, Evaluation Division, which is responsible for the program implementation.

CCN PSC contracting officers will support the functions of the overseas Mission's Office of Acquisition & Assistance (A&A), which typically include acquisition and assistance awards implementing the Agency's foreign assistance programs and activities. CCN PSC contracting officers are currently not delegated authority to award any personal services contracts. The program also limits delegated authority for select contract administration functions listed in (48 CFR) FAR 42.302(a), specifically, the contracting officer functions in which disputes or possible legal challenges may arise due to decisions of the contracting officer, functions related to novation and contractor name changes, which may be a result of changes in a contractor's business structure as governed under applicable U.S. state law and other functions based on U.S. state laws, functions related to small business contracting matters and those requiring extensive knowledge of specific U.S. laws and government-wide policies not specifically related to contracting. Accordingly, the functions specified in items 5–7, 9–12, 18, 21–26, 29, 32,50, 52–55, 62–63, 66 and 68–71 of (48 CFR) FAR 42.302(a) will not be redelegated to CCN PSC contracting officers.

To address conflict of interest concerns, the program relies on the standard clause entitled ''Compliance with Laws and Regulations Applicable Abroad'', included in all personal services contracts with CCNs, that mandates compliance with the Standards of Conduct for Executive Branch Employees. These standards, available at *https://www2.oge.gov/web/oge.nsf/All%20Documents/5D633072D0B2DB5085257E96006A90E7?opendocument,* contain two provisions addressing financial interests that conflict with an individual's official duties. The first provision, entitled ''Disqualifying financial interests,'' prohibits an employee from participating in an official government capacity in a matter in which he has a financial interest or in which his spouse, minor child, employer, or any one of several other specified persons has a financial interest. The second provision, entitled ''Prohibited financial interests,'' contains authority by which agencies may prohibit employee from acquiring or retaining certain financial interests. To address the security concerns, the Program uses the current process, in which the USAID Office of

Security and Department of State, Office of Security conduct background checks on potential personal service contractors. Recognizing the fact that some countries may not have adequate legal systems or may be unwilling to provide assistance in prosecuting their citizens for U.S. procurement infractions, the CCN PSC Warrant Program established the following management controls designed to minimize the risk that such legal actions might be necessary:

—Stringent eligibility criteria,
—Reasonable single purchase and cumulative annual limits for new awards.
—CCN participation in this program is limited to one candidate per contracting officer warrant level per overseas mission. This limitation may be expanded only if it is deemed by the Senior Procurement Executive to be in the best interest of the Agency.
—Ongoing risk assessments are performed throughout the Program implementation to assure compliance with the program requirements.

USAID is seeking public comments on the proposed changes to the AIDAR to implement the agency CCN PSC Warrant Program.

C. Impact Assessment

(1) Regulatory Planning and Review. Under E.O. 12866, USAID must determine whether a regulatory action is ''significant'' and therefore subject to the requirements of the E.O. and subject to review by the Office of Management and Budget (OMB). USAID has determined that this Rule is not an ''economically significant regulatory action'' under Section 3(f)(1) of E.O. 12866. This proposed rule is not a major rule under 5 U.S.C. 804.

(2) Regulatory Flexibility Act. The rule will not have an impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.* Therefore, an Initial Regulatory Flexibility Analysis has not been performed.

(3) Paperwork Reduction Act. The proposed rule does not establish a new collection of information that requires the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).

List of Subjects in 48 CFR Chapter 7 Parts 701, 722 and Appendix J

Government procurement.

For the reasons discussed in the preamble, USAID amends 48 CFR Chapter 7 as set forth below:

■ 1. The authority citation for 48 CFR Chapter 7 parts 701, 722 and Appendix J continues to read as follows:

Authority: Sec. 621, Pub. L. 87–195, 75 Stat. 445, (22 U.S.C. 2381) as amended; E.O. 12163, Sept. 29, 1979, 44 FR 56673; and 3 CFR 1979 Comp., p. 435.

PART 701—FEDERAL ACQUISITION REGULATION SYSTEM

Subpart 701.6—Career Development, Contracting Authority, And Responsibilities

■ 2. Amend 701.603–70 by adding two sentences to the end to read as follows:

701.603–70 Designation of contracting officers.

* * * However, upon approval of an exception by the Assistant Administrator for the Bureau for Management (AA/M), in accordance with the limitations in AIDAR Appendix D, the Senior Procurement Executive may designate a USPSC as a Contracting Officer or delegate the USPSC authority to sign obligating and subobligating documents. The Senior Procurement Executive may also delegate limited contracting officer authority to Cooperating Country National personal service contractors (CCN PSCs) who meet the requirements in the Agency's warrant program for CCN PSCs, as specified in Appendix J.

PART 722—APPLICATION OF LABOR LAWS TO GOVERNMENT ACQUISITION

Subpart 722.1—Basic Labor Policies

■ 3. Amend 722.170 by adding two sentences at the end of paragraph(a) to read as follows:

722.170 Employment of third country nationals (TCN's) and cooperating country nationals (CCN's).

(a) * * * This policy does not apply to consultants, as defined in AIDAR Clause 752.202–1(e), who are engaged to advise the contractor on a temporary or intermittent basis and do not receive standard benefits available to the contractor's employees. It is the contractor's responsibility to identify if the individual being hired is an employee or a consultant.

* * * * *

■ 4. Revise paragraphs (b)(3)b. and (b)(4) to read as follows:

Appendix J to Chapter 7—Direct USAID Contracts With a Cooperating Country National and With a Third Country National for Personal Services Abroad

4—Policy

* * * * *

(b) Limitations on Personal Services Contracts.

(3) * * *

b. They may not be designated as Contracting Officers or delegated authority to sign obligating or subobligating documents, unless specifically delegated limited contracting officer authority by the Senior Procurement Executive. In order to be delegated limited contracting officer authority, Cooperating Country National PSCs (CCN PSCs) must meet the requirements in the Agency's warrant program for CCN PSCs.

* * * * *

(4) Exceptions. Exceptions to the limitations in (b)(3)(a), (c), (d) and (e) must be approved by the Assistant Administrator for Management (AA/M).

* * * * *

Dated: July 27, 2016.

Roy Plucknett,

Chief Acquisition Officer.

BILLING CODE 6116–01–P

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Parts 300 and 679

[Docket No. 151001910–6690–01]

RIN 0648–BF42

Fisheries of the Exclusive Economic Zone Off Alaska; Allow the Use of Longline Pot Gear in the Gulf of Alaska Sablefish Individual Fishing Quota Fishery; Amendment 101

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Proposed rule; request for comments.

SUMMARY: NMFS issues a proposed rule to implement Amendment 101 to the Fishery Management Plan for Groundfish of the Gulf of Alaska (GOA FMP) for the sablefish individual fishing quota (IFQ) fisheries in the Gulf of Alaska (GOA). This proposed rule would authorize the use of longline pot gear in the GOA sablefish IFQ fishery. This proposed rule would establish management measures to minimize potential conflicts between hook-and-line and longline pot gear used in the sablefish IFQ fisheries in the GOA. This proposed rule also includes proposed regulations developed under the Northern Pacific Halibut Act of 1982 (Halibut Act) to authorize harvest of halibut IFQ caught incidentally in longline pot gear used in the GOA

sablefish IFQ fishery. This proposed rule is necessary to improve efficiency and provide economic benefits for the sablefish IFQ fleet and minimize potential fishery interactions with whales and seabirds. This action is intended to promote the goals and objectives of the Magnuson-Stevens Fishery Conservation and Management Act, the Halibut Act, the GOA FMP, and other applicable laws.

DATES: Submit comments on or before September 19, 2016.

ADDRESSES: You may submit comments on this document, identified by NOAA-NMFS-2015-0126, by any of the following methods:

- *Electronic Submission:* Submit all electronic public comments via the Federal e-Rulemaking Portal. Go to *www.regulations.gov/#!docketDetail;D=NOAA-NMFS-2015-0126,* click the ''Comment Now!'' icon, complete the required fields, and enter or attach your comments.
- *Mail:* Submit written comments to Glenn Merrill, Assistant Regional Administrator, Sustainable Fisheries Division, Alaska Region NMFS, Attn: Ellen Sebastian. Mail comments to P.O. Box 21668, Juneau, AK 99802–1668.

Instructions: Comments sent by any other method, to any other address or individual, or received after the end of the comment period, may not be considered by NMFS. All comments received are a part of the public record and will generally be posted for public viewing on *www.regulations.gov* without change. All personal identifying information (*e.g.,* name, address), confidential business information, or otherwise sensitive information submitted voluntarily by the sender will be publicly accessible. NMFS will accept anonymous comments (enter ''N/A'' in the required fields if you wish to remain anonymous).

Electronic copies of Amendment 101 to the GOA FMP, the Environmental Assessment, Regulatory Impact Review (RIR), and the Initial Regulatory Flexibility Analysis (IRFA) (collectively, Analysis) prepared for this action are available from *www.regulations.gov* or from the NMFS Alaska Region Web site at *alaskafisheries.noaa.gov*.

Written comments regarding the burden-hour estimates or other aspects of the collection-of-information requirements contained in this rule may be submitted by mail to NMFS at the above address; by email to *OIRA_Submission@omb.eop.gov;* or by fax to 202–395–5806.

FOR FURTHER INFORMATION CONTACT: Rachel Baker, 907–586–7228.

SUPPLEMENTARY INFORMATION:

Authority for Action

NMFS manages U.S. groundfish fisheries of the GOA under the GOA FMP. The North Pacific Fishery Management Council (Council) prepared, and the Secretary of Commerce (Secretary) approved, the GOA FMP under the authority of the Magnuson-Stevens Fishery Conservation and Management Act (Magnuson-Stevens Act), 16 U.S.C. 1801 *et seq*. Regulations governing U.S. fisheries and implementing the GOA FMP appear at 50 CFR parts 600 and 679. Sablefish (*Anoplopoma fimbria*) is managed as a groundfish species under the GOA FMP. The Council is authorized to prepare an FMP amendment for conservation and management of a fishery managed under the FMP. NMFS conducts rulemaking to implement FMP and regulatory amendments.

The International Pacific Halibut Commission (IPHC) and NMFS manage fishing for Pacific halibut (*Hippoglossus stenolepis*) through regulations at 50 CFR part 300, subpart E, established under authority of the Northern Pacific Halibut Act of 1982 (Halibut Act), 16 U.S.C. 773–773k. The IPHC adopts annual management measures governing fishing for halibut under the Convention between the United States and Canada for the Preservation of the Halibut Fishery of the North Pacific Ocean and Bering Sea (Convention), signed at Ottawa, Ontario, on March 2, 1953, as amended by a Protocol Amending the Convention (signed at Washington, DC, on March 29, 1979). The IPHC regulations are subject to acceptance by the Secretary of State with concurrence from the Secretary. After acceptance by the Secretary of State and the Secretary, NMFS publishes the annual management measures in the **Federal Register** pursuant to 50 CFR 300.62. The final rule implementing the 2016 annual management measures published March 16, 2016 (81 FR 14000). The Halibut Act, at section 773c(c), also authorizes the Council to develop halibut fishery regulations, including limited access regulations, that are in addition to, and not in conflict with, approved IPHC regulations.

Under the authority of the GOA FMP and the Halibut Act, the Council has recommended and NMFS has established regulations that implement the IFQ Program. The IFQ Program allocates sablefish and halibut harvesting privileges among U.S. fishermen. NMFS manages the IFQ Program pursuant to regulations at 50 CFR part 679 and 50 CFR part 300 under the authority of section 773c of the Halibut Act and section 303(b) of the Magnuson-Stevens Act. The Council has recommended Amendment 101 to the GOA FMP (Amendment 101) to amend provisions of the GOA FMP applicable to the sablefish IFQ fishery and implementing regulations applicable to the sablefish IFQ fisheries. FMP amendments and regulations developed by the Council may be implemented by NMFS only after approval by the Secretary. This proposed rule also includes regulations developed by the Council under the Halibut Act to authorize harvest of halibut IFQ caught incidentally in longline pot gear used in the GOA sablefish IFQ fishery. Halibut fishery regulations developed by the Council may by implemented by NMFS only after approval of the Secretary in consultation with the United States Coast Guard.

A notice of availability for Amendment 101 was published in the **Federal Register** on August 8, 2016 (81 FR 52394). Comment on Amendment 101 is invited through October 7, 2016. Written comments may address Amendment 101, this proposed rule, or both, but must be received by October 7, 2016, to be considered in the decision to approve or disapprove Amendment 101.

Background

NMFS proposes regulations to implement Amendment 101 for the sablefish IFQ fisheries in the GOA and regulations to authorize harvest of halibut IFQ caught incidentally in longline pot gear used in the GOA sablefish IFQ fishery. This proposed rule would make three types of changes to the sablefish and halibut IFQ Program. First, this proposed rule would authorize longline pot gear to harvest sablefish IFQ in the GOA. Under current regulations, only longline gear is authorized for the GOA sablefish IFQ fishery. Longline gear includes hook-and-line, jig, troll, and handline gear. Participants have used longline hook-and-line gear (hook-and-line gear) to harvest sablefish IFQ in the GOA because it is more efficient than jig, troll, or handline gear. However, various species of whales can remove or damage sablefish caught on hook-and-line gear (depredation). Depredation occurs with hook-and-line gear because sablefish are captured on hooks that lie on the ocean floor. Whales can completely remove or damage sablefish captured on these hooks before the gear is retrieved. Longline pot is an efficient gear and prevents depredation because whales cannot remove or damage sablefish enclosed in a pot. This proposed rule would authorize, but not require, vessel

operators to use longline pot gear in the GOA sablefish IFQ fishery.

Second, this proposed rule would implement several regulations to minimize potential interactions between hook-and-line gear and longline pot gear. These provisions include a pot limit, requirements for vessel operators to use pot tags issued by NMFS, requirements that longline pot gear be redeployed within a certain amount of time after being deployed, requirements that longline pot gear be removed from the fishing grounds when making a sablefish landing, and requirements to mark longline pot gear deployed on the fishing grounds.

Third, to minimize halibut discards in the GOA sablefish IFQ fishery, this proposed rule would implement a requirement for halibut IFQ harvesters to retain halibut IFQ caught incidentally in longline pots.

This proposed rule would improve efficiency in harvesting sablefish IFQ and reduce adverse economic impacts on harvesters that occur from depredation. This proposed rule would mitigate impacts on sablefish IFQ harvesters using hook-and-line gear by minimizing the potential for interactions between hook-and-line gear and longline pot gear. Finally, this proposed rule would reduce whale and seabird interactions with fishing gear in the GOA sablefish IFQ fishery.

The following sections of this preamble describe 1) the sablefish fishery in the GOA, 2), the need for Amendment 101 and this proposed rule, 3) the impacts of Amendment 101 and this proposed rule, and 4) the specific provisions that would be implemented by this proposed rule.

Sablefish Fishery in the GOA

IFQ Program

The commercial sablefish fisheries in the GOA and the Bering Sea and Aleutian Islands management area (BSAI) are managed primarily under the IFQ Program. The Council and NMFS designed the IFQ Program to allocate harvest privileges among participants in the hook-and-line fishery to reduce fishing capacity that had led to an unsafe ''race for fish'' as vessels raced to harvest their allocation of the annual total allowable catch (TAC) of sablefish as quickly as possible before the TAC was reached. The IFQ Program design and subsequent amendments were intended to support the social and economic character of the fisheries and the coastal fishing communities where many of these fisheries are based. NMFS also allocates a small portion of the annual sablefish TAC to vessels using trawl gear. The trawl sablefish fishery is not managed under the IFQ Program, and this proposed rule does not modify regulations applicable to the trawl sablefish fishery.

The commercial halibut fisheries in the GOA and the BSAI are also managed under the IFQ Program. The halibut fisheries experienced overcapacity and short fishing seasons similar to the sablefish fisheries. In addition, many fishermen participate in both fisheries because the species overlap in some fishing areas and are harvested with the same type of fishing gear.

The IFQ Program was implemented in 1995 (58 FR 59375, November 9, 1993). Under the IFQ Program, access to the non-trawl sablefish and halibut fisheries is limited to those persons holding quota share. NMFS issued separate quota share for sablefish and halibut to qualified applicants based on their historical participation during a set of qualifying years in the sablefish and halibut fisheries. Quota share is an exclusive, revocable privilege that allows the holder to harvest a specific percentage of either the TAC in the sablefish fishery or the annual commercial catch limit in the halibut fishery. In addition to being specific to sablefish or halibut, quota share are designated for specific geographic areas of harvest, a specific vessel operation type (catcher vessel or catcher/processor), and for a specific range of vessel sizes that may be used to harvest the sablefish or halibut (vessel category).

Quota share allocation is given effect on an annual basis through the issuance of an IFQ permit. An annual IFQ permit authorizes the permit holder to harvest a specified amount of the IFQ species in a regulatory area from a specific operation type and vessel category. IFQ is expressed in pounds and is based on the amount of quota share held in relation to the total quota share pool for each regulatory area with an assigned catch limit.

Implementation of the IFQ Program ended the race for fish by providing IFQ permit holders with an exclusive portion of the sablefish TAC or annual commercial catch limit in the halibut fishery. This provided fishermen with flexibility to determine when and where they would fish sablefish and halibut IFQ. The fishing season for sablefish and halibut was expanded from a few days to nine months following implementation of the IFQ Program. Sections 3.1 and 4.5 of the Analysis (see **ADDRESSES**) provide additional information on the IFQ Program and the GOA sablefish IFQ fishery.

IFQ Regulatory Areas

The IFQ fisheries are prosecuted in accordance with catch limits established by regulatory area. The sablefish IFQ regulatory areas defined for sablefish in the GOA are the Southeast Outside District of the GOA (SEO), West Yakutat District of the GOA (WY), Central GOA (CGOA), and Western GOA (WGOA). The sablefish regulatory areas are defined and shown in Figure 14 to part 679. This proposed rule preamble refers to these areas collectively as sablefish areas.

This proposed rule would implement provisions that affect halibut IFQ fisheries in the GOA. The halibut regulatory areas (halibut areas) are defined by the IPHC, described in Section 6 of the annual management measures (81 FR 14000, March 16, 2016), and shown in Figure 15 to part 679. The halibut areas are not separated into GOA or BSAI management areas like sablefish areas. The halibut areas encompass different geographic areas than the sablefish areas, and the boundary lines do not coincide except at the border between the United States and Canada.

The halibut areas in the GOA include Areas 2C, 3A, 3B, and part of Area 4A. All of these areas except Area 4A are completely contained in the GOA. The portion of Area 4A in waters south of the Aleutian Islands, west of Area 3B and east of 170° W. longitude, is included in the WGOA sablefish area. This affected area includes the western part of the WGOA sablefish area and a small strip along the eastern border (east of 170° W. longitude) of the Aleutian Islands sablefish area in the BSAI. Figure 1 and Figure 11 in the Analysis show the boundaries of the sablefish and halibut areas.

Retention of Halibut

Sablefish IFQ fishermen who also hold halibut IFQ are required to retain halibut that are 32 inches or greater in length (legal size) harvested in the sablefish IFQ fishery, provided they have remaining halibut IFQ. This regulation was implemented with the IFQ Program in 1995 and is intended to promote full utilization of halibut by reducing discards of halibut caught incidentally in the sablefish IFQ fishery. Section 4.5 of the Analysis states that many IFQ fishermen hold sablefish and halibut IFQ, and the species can overlap in some fishing areas (58 FR 59375, November 9, 1993).

Authorized Gear

This proposed rule would revise regulations to add a new authorized gear

for catcher vessels and catcher/processors participating in the GOA sablefish IFQ fishery. Under § 679.2, vessels in the GOA sablefish IFQ fishery are authorized to use only longline gear (*e.g.,* hook-and-line gear). Catcher vessels and catcher/processors in the BSAI sablefish IFQ fishery are authorized to use longline gear and pot gear. Pot gear includes pot-and-line gear and longline pot gear. Pot-and-line gear is pot gear with a stationary, buoyed line with a single pot attached. Longline pot gear is pot gear with a stationary, buoyed, and anchored line with two or more pots attached. Longline pot gear is often deployed as a series of many pots attached together in a ''string'' of gear. For additional information on longline gear, pot-and-line, and longline pot gear see the definition of Authorized Fishing Gear in § 679.2.

Longline pot gear was historically used to harvest sablefish in the GOA. However, under the open access management program that existed prior to the implementation of the IFQ Program, vessel operators sometimes deployed hook-and-line and pot gear in the same fishing areas. This resulted in gear conflicts and the loss of gear on the fishing grounds. The longline pot groundline (*i.e.,* the line attaching the pots together) is heavier and stronger than the groundline used to attach the series of hooks on hook-and-line gear. If longline pot gear is set over previously deployed hook-and-line gear, the weaker hook-and-line gear can be damaged or lost as it is being retrieved. The Council and NMFS have not received reports of gear conflicts between hook-and-line gear.

Deployment of hook-and-line and pot gear in the same fishing areas also resulted in grounds preemption under the race for fish. Fishing grounds preemption occurs when a fisherman sets marked gear in an area and prevents other fishery participants from setting gear in the same area. Pot gear is generally soaked for multiple days so that smaller, less valuable fish are able to swim out of the pots. This optimizes fishing effort by allowing fishermen to use their knowledge of catch rates and fish size in a particular area to choose the amount of soak time that selects for larger fish, but allows them to keep rotating and re-baiting their pot longline gear. Fishing grounds can be preempted for an extended period of time by pot gear, for example, when a vessel hauls, re-baits, and redeploys the gear in the same area while they return to port to make a landing. Fishing grounds preemption has not occurred between hook-and-line gear because the gear is deployed for less than 24 hours before hauling. Section 2.1.1 of the Analysis provides additional information on interactions between hook-and-line and pot gear prior to implementation of the IFQ Program, and a brief summary follows.

In 1986, NMFS implemented a phased-in prohibition of pot gear in the GOA sablefish fishery (50 FR 43193, October 24, 1985) to eliminate gear conflicts between hook-and-line and pot gear. In 1992, the Council recommended, and NMFS approved, a prohibition on the use of longline pot gear in the sablefish fishery in the Bering Sea subarea (57 FR 37906, August 21, 1992). The Council recommended a prohibition against longline pot gear in the Bering Sea subarea to prevent longline pot gear from preempting access to fishing grounds by hook-and-line gear. The Council did not recommend a prohibition on longline pot gear in the Aleutian Islands subarea because the Council did not receive reports of gear conflicts in that sablefish area.

During the same period in the early 1990s, the Council developed and recommended the IFQ Program for a hook-and-line gear fishery for sablefish and halibut in the GOA and BSAI. Fishing under the IFQ Program began in 1995 (58 FR 59375, November 9, 1993). The IFQ Program extended the fishing season and allowed the sablefish and halibut fleets to spread out fishing operations over time. The IFQ Program reduced the possibility of gear conflicts and preemption of common fishing grounds that had previously affected the fisheries (73 FR 28733, May 19, 2008).

During the first IFQ season in 1995, fishing industry representatives reported to the Council that the Bering Sea sablefish TAC had not been fully harvested due, in part, to depredation on hook-and-line gear. Depredation negatively impacts the sablefish IFQ fleet through reduced catch rates and increased operating costs. Depredation also has negative consequences for whales through increased risk of vessel strike, gear entanglement, and altered foraging strategies. Based on this information, the Council determined that authorizing longline pot gear in the Bering Sea sablefish IFQ fishery could reduce depredation. The Council also determined that implementation of the IFQ Program had substantially reduced the possibility of gear conflicts and a complete prohibition on longline pot gear was not necessary. The Council and NMFS recognized that the reintroduction of longline pot gear into the Bering Sea sablefish IFQ fishery posed less of a concern for fishing grounds preemption in 1996 than in 1992, when longline pot gear originally was prohibited. Authorizing the use of longline pot gear in the Bering Sea sablefish IFQ fishery allowed fishermen to use fishing gear that would reduce interactions with whales.

On September 18, 1996, NMFS published a final rule to replace the year-round longline pot gear prohibition with a regulation that allowed the use of longline pot gear except during the month of June (61 FR 49076). The Council and NMFS decided to retain the prohibition on longline pot gear in June because it generally has fair weather, and small vessels using hook-and-line gear that would otherwise be subject to pre-emption tend to operate primarily during June.

In October 2004, a representative for longline pot fishermen in the Bering Sea proposed that gear competition between the sablefish longline pot fleet and the hook-and-line fleet had not occurred in June, and asserted that the regulatory prohibition on the use of longline pot gear during June was unnecessary and burdensome. After review of an analysis and public testimony, the Council recommended, and NMFS implemented, a regulation to remove the prohibition on the use of longline pot gear during June in the Bering Sea sablefish IFQ fishery (73 FR 28733, May 19, 2008). Currently, both longline pot and hook-and-line gear is authorized during the entire year in both the Bering Sea and Aleutian Islands sablefish fisheries.

Need for Amendment 101 and This Proposed Rule

Beginning in 2009, the Council and NMFS received reports from fishermen in the GOA that there have been numerous sperm whale and killer whale interactions with the sablefish fleet in the GOA. Sperm whale depredation is most common in the CGOA, WY, and SEO sablefish areas and killer whale depredation is most common in the WGOA and BSAI. Section 3.4.1.1 of the Analysis provides the most recent information on depredation in the sablefish IFQ fishery, and Figure 17 in the Analysis shows a map of observed depredation on sablefish longline surveys. While depredation events are difficult to observe because depredation occurs on the ocean floor in deep water, fishery participants have testified to the Council that depredation continues to be a major cost to the sablefish IFQ fishery, and appears to be occurring more frequently.

Depredation can result in lost catch, additional time waiting for whales to leave fishing grounds before hauling gear, and additional time and fuel spent

relocating to avoid whales. Depredation can reduce fishing efficiency by increasing operating costs (*e.g.,* fuel, labor) and the opportunity cost of time lost that would have been available for additional fishing effort or dedicated to other fishing and non-fishing activities. Section 3.4.1.1 of the Analysis notes that depredation can reduce harvesting efficiency and impose substantial costs on fishermen using hook-and-line gear, thereby reducing revenue in the sablefish IFQ fishery.

Industry groups have tested a variety of methods to deter whales from preying on fish caught on hook-and-line gear, such as gear modifications and acoustic decoys, but these methods have not substantially reduced the problem of depredation in the GOA sablefish IFQ fishery. A summary of efforts to mitigate whale depredation in Alaska and elsewhere is provided in Section 4.7 of the Analysis.

Participants in the GOA sablefish IFQ fishery indicated to the Council and NMFS that authorizing longline pot gear in the GOA sablefish IFQ fishery would reduce the adverse impacts of depredation for those vessel operators who choose to switch from hook-and-line gear. The Council and NMFS agree that interactions with whales throughout the GOA could affect the ability of sablefish IFQ permit holders to harvest sablefish by reducing catch per unit of effort and decreasing fishing costs. Section 1.2 of the Analysis provides additional information on the Council's development and recommendation of Amendment 101 and this proposed rule.

The following section describes the impacts of Amendment 101 and this proposed rule on affected fishery participants and on the environment.

Impacts of Amendment 101 and This Proposed Rule

Impacts on the Sablefish IFQ Fishery

Section 4.9.2 of the Analysis notes that vessel operators using longline pot gear would benefit from this proposed rule from reduced operating costs and reduced fishing time needed to harvest sablefish IFQ. This proposed rule would provide vessel operators with the option to use longline pot gear if they determine it is appropriate for their fishing operation.

The Analysis states that it is not possible to estimate how many vessel operators would switch to longline pot gear from hook-and-line gear under this proposed rule. The total number of vessels using longline pot gear likely would be limited by the costs of longline pot gear and vessel reconfiguration. The Analysis estimates that the cost to purchase longline pot gear and reconfigure a vessel could be $100,000 or more depending on the configuration of the vessel. For some vessel operators, the costs of reconfiguration likely would be prohibitive. The Analysis suggests that vessel operators who already use pot gear in other fisheries (*e.g.,* Pacific cod) could be the most likely operators to use longline pot gear in the GOA sablefish IFQ fishery because their conversion costs likely would be lower relative to participants who use only hook-and-line gear. Of the 404 catcher vessels harvesting sablefish IFQ in the GOA between 2009 and 2013, 40 vessels deployed pot gear in another fishery.

As described in Section 3.4.1.2 of the Analysis, no temporal or seasonal shift in sablefish IFQ fishing is expected to occur under this proposed rule. Harvest of sablefish IFQ would be authorized only during the sablefish fishing period specified at § 679.23(g)(1) and established by the Council and NMFS through the annual harvest specifications (81 FR 14740, March 18, 2016). Harvest of sablefish IFQ would be limited to the TAC for the GOA sablefish IFQ fishery established by the Council and NMFS through the annual harvest specifications (81 FR 14740, March 18, 2016).

If some portion of the sablefish IFQ fleet switches to longline pot gear, there would likely be decreased interactions between killer whales and sperm whales and the sablefish fishery. Unaccounted sablefish mortality due to depredation would be expected to decline as sablefish IFQ fishermen voluntarily switch from hook-and-line gear to longline pot gear. Because the amount of depredation is not known with certainty, the potential effects of reduced depredation from this proposed rule cannot be quantified. Section 3.1.1 of the Analysis notes that although hook-and-line and longline pot gear may catch slightly different sizes of sablefish, the best available information indicates that the use of pot longline gear would not have a significant impact on the sablefish resource.

During the development of this proposed rule, the Council and NMFS received public testimony from IFQ fishery participants who did not support the use of longline pot gear in the sablefish IFQ fishery. These fishermen indicated that use of longline pot gear could result in conflicts between hook-and-line and longline pot gear similar to those that occurred prior to implementation of the IFQ Program. These fishermen testified that longline pot gear is typically left unattended on the fishing grounds for several days before the pots are retrieved. The testimony expressed concerns that longline pot gear left on the sablefish fishing grounds could preempt the use of these fishing grounds by fishermen using hook-and-line gear as had occurred prior to implementation of the IFQ Program.

In recommending Amendment 101 and this proposed rule, the Council and NMFS recognize that longline pot gear had previously been authorized in the GOA sablefish fishery, but its use was prohibited prior to implementation of the IFQ Program. The Council and NMFS also recognize that the prohibition on pot gear was based on fishery data and scientific information on depredation that is not reflective of the present fishery. The Council determined, and NMFS agrees, that authorizing longline pot gear in the GOA sablefish IFQ fishery under Amendment 101 and this proposed rule is appropriate because the IFQ Program provides fishermen with substantially more flexibility on when and where to harvest sablefish. The IFQ Program makes it much less likely that hook-and-line and longline pot gear conflicts would occur or that fishing grounds would be preempted for extended periods in the same manner previously analyzed by the Council and NMFS.

The Council and NMFS analyzed the extent to which this proposed rule, which would allow hook-and-line gear and pot gear to be used in the same areas, could result in gear conflicts and grounds preemption. Section 4.9.2 of the Analysis explains gear conflict and grounds preemption impose costs on fishermen that are unable to, or choose not to, deploy hook-and-line gear in an area because longline pot gear is used in that area. In the case of the sablefish IFQ fishery, the Council and NMFS received public testimony that vessel operators using hook-and-line gear could incur increased operating costs if their vessels would have to travel farther or to less productive fishing grounds to find an area unoccupied by longline pot gear. The testimony suggested that these costs could potentially be greater for participants in the SEO and WY sablefish areas. In these sablefish areas, fishing grounds are constrained to a narrow area on the edge of the continental shelf and fishing gear is concentrated into a relatively smaller area compared to the CGOA and WGOA sablefish areas. Section 4.9.4 of the Analysis notes that fishery data is not available at a sufficiently fine spatial scale to identify particular areas where competition for fishing grounds may

occur in the SEO and WY sablefish areas.

The Analysis explains that it is not possible to determine with certainty the extent to which gear conflicts and grounds preemption might occur under this proposed rule because it is unknown how many vessel operators will use longline pot gear in the GOA sablefish IFQ fishery. After reviewing the Analysis and receiving public testimony, the Council and NMFS determined the likelihood of gear conflicts and grounds preemption was low. However, the likelihood of gear conflicts and grounds preemption is not possible to determine with certainty. The Council received testimony from several stakeholders noting this uncertainty and expressing concern that this proposed rule would negatively impact fishermen who continue to use hook-and-line gear. These stakeholders requested specific measures to further minimize the likelihood of gear conflicts and grounds preemption. Therefore, this proposed rule addresses these stakeholder concerns by recommending a number of management measures that are intended to minimize the potential for gear conflicts and grounds preemption. These measures include (1) authorizing only the use of longline pot gear, (2) limiting the number of pots that may be deployed by a vessel in each sablefish area, (3) requiring all pots to be identified with a tag assigned to the vessel, (4) requiring a vessel operator to redeploy longline pot gear from the fishing grounds within a specified time period, (5) requiring a vessel operator to remove longline pot gear when leaving certain fishing grounds to make a landing, (6) requiring a vessel operator to mark longline pot gear to make it more visible on the fishing grounds, and (7) recordkeeping and reporting requirements to monitor and enforce provisions of this rule. The Council determined, and NMFS agrees, that these management measures would likely further reduce the likelihood of gear conflicts and grounds preemption in the GOA sablefish IFQ fishery under this proposed rule.

Longline Pot Gear

Amendment 101 and this proposed rule would authorize the use of longline pot gear in the GOA sablefish IFQ fishery. Vessel operators would be prohibited from using pot-and-line gear (*i.e.,* single pot gear) to harvest sablefish in the GOA. Section 2.4 of the Analysis notes that the Council considered authorizing longline pot gear and pot-and-line gear in the GOA sablefish IFQ fishery for this action. The Council determined, and NMFS agrees, that pot-and-line gear may have a greater potential for conflict with hook-and-line gear because it has a larger number of anchor lines and buoys than longline pot gear. In addition, single pots that are deployed in a pot-and-line format are larger and heavier than pots deployed in a longline pot format because a single pot is more likely to drift than pots deployed in a longline format. Single pots deployed in a pot-and-line format could result in greater gear entanglement and conflicts because they are likely to drift into other areas from the deployed location than pots deployed in a longline pot format. Section 2.4 of the Analysis also states that compared to pot-and-line gear, longline pot gear would be expected to enhance crew safety and may make it feasible for smaller vessels that could not use pot-and-line gear in the sablefish IFQ fishery to use longline pot gear.

Pot Limits

This proposed rule would implement different pot limits for different GOA sablefish areas. Section 4.9.3 of the Analysis notes that a pot limit would control vessel fishing effort and limit the total amount of fishing grounds that any single vessel could use at a given time. A vessel operator would be limited to deploying a specific amount of pots in each area in which they hold IFQ: 120 pots in the SEO and WY sablefish areas and 300 pots in the CGOA and WGOA sablefish areas.

The Council considered area-specific pot limits to account for the physical nature of the sablefish fishing grounds and the composition of the IFQ sablefish fleet in each sablefish area. The Council also considered testimony on the number of pots that vessels in the GOA could feasibly deploy in the sablefish IFQ fishery. The Council determined, and NMFS agrees, that smaller pot limits are appropriate in the SEO and WY fisheries because these sablefish areas have more spatially concentrated fishing grounds than the CGOA and WGOA sablefish areas.

Pot Tags

This proposed rule would implement a requirement that all pots deployed in GOA sablefish areas have a pot tag that is (1) issued by NMFS and (2) assigned by NMFS to a vessel that is licensed by the State of Alaska. This proposed rule would require a vessel owner to request and receive pot tags by submitting an application to NMFS. NMFS would require a vessel owner to specify on the application for pot tags the vessel name and Alaska Department of Fish and Game (ADF&G) vessel registration number. The State of Alaska requires the owner of a fishing vessel used in waters of the state to register with the State of Alaska and receive an ADF&G vessel registration number (AS 16.05.475). If the ADF&G vessel registration number is current at the time the application for pot tags is submitted, NMFS would consider the vessel eligible to participate in the GOA sablefish IFQ fishery using longline pot gear and assign pot tags to that vessel. NMFS would assign the number of tags requested for each GOA sablefish area, not to exceed the pot limits for each sablefish area, to the vessel and issue the tags to the vessel owner. Vessel owners should allow up to 10 days from receipt of a pot tag application by NMFS for NMFS to issue pot tags. Each pot tag would have a unique number and be a color specific to the GOA sablefish area in which it may be deployed. This proposed rule would require the operator of the vessel to attach a pot tag that is assigned to the vessel to each pot before deploying the gear. Because the proposed pot tag requirements are intended to facilitate monitoring of the proposed pot limits on the fishing grounds, this proposed rule would make the vessel operator responsible for complying with the pot tag requirements and the pot limits in each GOA sablefish area.

Section 4.9.3.2 of the Analysis states that in instances where the vessel is leased by the owner, each vessel operator would need to obtain the pot tags from the vessel owner to ensure the proper use of the pot tags in the GOA sablefish IFQ fishery. In cases where multiple sablefish IFQ permit holders fish from the same vessel, the vessel operator would be responsible for ensuring that no more pots are deployed from a vessel than the pot limit for a specific sablefish area.

The Council and NMFS recognized that pot tags may be lost on the fishing grounds if a tag becomes unattached from the pot or if a pot becomes unattached from the longline and cannot be retrieved. Under this proposed rule, the vessel owner could request replacement pot tags from NMFS if pot tags are lost. The vessel owner would be required to provide NMFS with the pot tag numbers that were lost and provide a description of the circumstances under which the pot tags were lost. NMFS would issue the appropriate number of replacement tags, up to the pot limit specified for the sablefish area. Vessel owners should allow up to 10 days from receipt of a pot tag application by NMFS for NMFS to issue replacement pot tags.

The Council and NMFS anticipated that some vessel operators may want to share longline pot gear during the fishing season to help reduce operating costs. To minimize the potential for grounds preemption by multiple vessels using the same longline pot gear, this proposed rule would allow multiple vessels to use the same longline pot gear during one fishing season but would prohibit use of the same longline pot gear simultaneously. In order for more than one vessel to use the same longline pot gear, this proposed rule would require a vessel operator to remove longline pot gear from the fishing grounds, return the gear to port and remove the pot tags assigned to the vessel before pot tags assigned to another vessel could be attached to the pots and used on another vessel in the GOA sablefish IFQ fishery.

Gear Redeployment and Removal

This proposed rule would require vessels using longline pot gear in the GOA sablefish IFQ fishery to redeploy or remove their gear within a specified time period after deployment or when leaving the fishing grounds to make a landing. The Council recommended area-specific requirements because vessel operations and fishing grounds vary by management areas. Section 4.9.4 and Section 4.10 of the Analysis note that this provision is intended to minimize the potential for vessels using longline pot gear to preempt fishing grounds for extended periods. These provisions were supported by sablefish IFQ holders who intend to use longline pot gear and sablefish IFQ holders who intend to continue to use hook-and-line gear under this proposed rule.

The Council based its recommendations on information on the use of pot gear in the BSAI sablefish IFQ fishery and on testimony from sablefish IFQ holders. Section 4.9.2 of the Analysis notes that pot gear typically remains deployed (''soaked'') on the fishing grounds for longer periods of time than hook-and-line gear. As described above in this preamble, pot gear is generally soaked for multiple days. Figure 8 in Section 3.1.1.2 of the Analysis shows that sablefish pot gear deployed by catcher vessels and catcher/processors in the BSAI was typically ''soaked'' for two to four days from 1995 through 2005, and 90 percent of the observed pot sets were soaked for seven or fewer days. Section 3.1.2.2 of the Analysis notes that hook-and-line fishermen tend to soak their gear for less than 24 hours before hauling, and are less apt to leave their gear on the grounds when returning to port.

In addition to the information on pot soak times in the BSAI sablefish fishery presented in Section 4.9.2 of the Analysis, the Council considered testimony from vessel operators. This testimony suggested it was unlikely that vessels using pot gear would preempt fishing grounds in the GOA by leaving pot gear deployed for extended periods of time because (1) longline pot gear likely would be deployed in the GOA sablefish IFQ fishery from two to four days, similar to operations in the BSAI fisheries, (2) gear conflicts and grounds preemption has not occurred in the BSAI sablefish IFQ fishery, and (3) vessel operators have an incentive to optimize their pot gear fishing effort to maximize their sablefish IFQ harvest in the minimum amount of time.

Nevertheless, these vessel operators acknowledged to the Council that the likelihood of gear conflicts and grounds preemption cannot be determined with certainty. These vessel operators also noted that many GOA sablefish IFQ holders intending to continue to use hook-and-line gear were concerned about the potential for gear conflicts and grounds preemption under this proposed rule. These operators noted that these concerns likely were greater for the GOA sablefish IFQ fishery than the BSAI sablefish IFQ fishery because some GOA sablefish areas have more constrained fishing grounds due to a smaller overall area and a larger number of participating vessels than in the BSAI. To address this concern, several sablefish IFQ holders recommended that the Council establish area-specific requirements for catcher vessels and catcher/processors to redeploy or remove gear from the grounds in order to further reduce the likelihood that longline pot gear would be deployed on the GOA fishing grounds for extended periods of time and result in gear conflicts and grounds preemption.

The Council determined that establishing these gear redeployment or removal limits would provide an additional incentive for operators using longline pot gear to closely monitor the amount of time their gear is left on the grounds and further minimize potential for gear conflicts or grounds preemption. The Council recommended these provisions to balance its objective to provide economic benefits to fishermen using longline pot gear with its objective to minimize potential negative impacts on fishermen continuing to use hook-and-line gear.

In recommending Amendment 101 and this proposed rule, the Council indicated its intent to monitor interactions between longline pot and hook-and-line gear in the GOA sablefish IFQ fishery. The Council recommended that if Amendment 101 and this proposed rule are approved, NMFS would annually report to the Council the amount of longline pot gear effort in the GOA sablefish IFQ fishery in addition to any reported gear conflicts or instances of grounds preemption. The Council also indicated its intent to conduct a review of Amendment 101 and this action three years following implementation of the final rule, if approved. The Council specified its intent to consider the impact of Amendment 101 and this proposed rule on GOA sablefish IFQ holders that continue to use hook-and-line gear in determining whether changes to regulatory provisions are needed in the future.

The Council determined, and NMFS agrees, that the following provisions of this proposed rule would minimize the potential for gear conflicts and grounds preemption. For each area of the GOA, this proposed rule would specify a maximum time limit for which longline pot gear could be left unattended on the fishing grounds. The Council determined, and NMFS agrees, that requiring vessel operators to tend the gear within a specified time period reduces the likelihood that longline pot gear will be left on the grounds unattended for an extended period of time.

In the SEO sablefish area, a catcher vessel operator would be required to remove longline pot gear from the fishing grounds when the vessel leaves the fishing grounds to make a landing. This would prohibit the vessel operator from preempting fishing grounds by retrieving pots and redeploying the gear in the same fishing location while the vessel made a landing. This restriction responds to concerns expressed by fishermen holding sablefish IFQ in the SEO sablefish area. These fishermen testified that a substantial portion of sablefish IFQ fishermen in SEO likely would continue to use hook-and-line gear under this proposed rule because the vessels are too small to feasibly use longline pot gear.

Section 4.9.8.1 in the Analysis notes that vessels ranging from between 55 feet (16.7 m) and 95 feet (28.9 m) length overall (LOA) participate in sablefish pot fisheries in Canada. The Analysis shows that the majority of the vessels that participate in sablefish fisheries in the GOA are greater than 50 feet (15.2 m) LOA, indicating that these vessels may be able to feasibly use longline pot gear. The Analysis also shows that approximately 30 percent of sablefish IFQ fishermen in SEO use vessels 50 feet (15.2 m) or less LOA. This is a

higher percentage of smaller vessels compared to the other GOA sablefish areas. Therefore, the Council determined, and NMFS agrees, that requiring a vessel in the SEO sablefish area to remove longline pot gear from the fishing grounds when the vessel leaves the fishing grounds to make a landing would minimize the potential for grounds preemption while providing fishermen using longline pot gear with an opportunity to efficiently harvest sablefish.

The Council did not recommend a specific redeployment or removal provision for catcher/processors in the SEO sablefish area because relatively few catcher/processors operate in the area and the Council did not receive testimony suggesting specific limitations for these vessels. However, NMFS has determined that this proposed rule should require operators of catcher/processors in SEO to haul and reset (redeploy) in the same location or remove longline pot gear from that location within a specified time period. This provision would be consistent with requirements for sablefish IFQ vessels in other GOA areas in order to minimize the potential for catcher/processors using longline pot gear in SEO to preempt fishing grounds for extended periods. The Council and NMFS determined that redeploying or removing longline pot gear from a specific location would meet the requirements to tend gear in this proposed rule (see Section 2.2 of the Analysis). This would provide sablefish IFQ permit holders with flexibility to harvest sablefish IFQ while still requiring vessel operators to tend gear within a maximum time period in order to minimize the potential for gear to be left unattended on the fishing grounds for an extended period of time. NMFS proposes to require a catcher/processor in the SEO sablefish area to redeploy or remove from the fishing grounds all longline pot gear that is assigned to the vessel and deployed to fish sablefish IFQ within five days after deploying the gear. This proposed regulation would mirror the effect of the provision applicable to vessels in the WY and CGOA sablefish areas.

The Council and NMFS determined that five days was an appropriate period of time because the Council heard testimony from operators intending to use longline pot gear that this would accommodate sablefish vessel fishing plans to soak pots for two to four days, while allowing additional time to redeploy or remove gear in the event of poor weather or operational delays. The Council and NMFS determined that this requirement to redeploy or remove gear at least every five days would minimize the likelihood that one vessel would preempt the same fishing grounds for an extended period of time.

In the WY and CGOA sablefish areas, a catcher vessel and a catcher/processor operator would be required to redeploy or remove longline pot gear from the fishing grounds within five days after deploying the gear. The Council and NMFS received testimony that this would be an appropriate time period because it is unlikely that a vessel operator would leave fishing gear unattended for longer than five days in the WY and CGOA sablefish areas. The Council and NMFS determined that five days was an appropriate period of time because the Council heard testimony from operators intending to use longline pot gear that this would accommodate sablefish vessel fishing plans to soak pots for two to four days while allowing additional time to redeploy or remove gear in the event of poor weather or operational delays.

The Council and NMFS considered testimony indicating that, although the fishing grounds in WY are spatially constrained, similar to SEO, the likelihood of grounds preemption in WY is lower because there are fewer IFQ permit holders in that area than in SEO. Therefore, the Council and NMFS determined that it would not be necessary to require a vessel operator to remove longline pot gear from WY area grounds when the vessel made a landing. The Council and NMFS received testimony that fishing grounds are not as limited in the WY and CGOA sablefish areas, and grounds preemption likely would not occur under this proposed rule.

In the WGOA sablefish area, a catcher vessel and a catcher/processor operator would be required to redeploy or remove longline pot gear from the fishing grounds within seven days after deploying the gear. The Council and NMFS received testimony that this would be an appropriate time period because while it was unlikely that a vessel operator would leave fishing gear unattended for longer than seven days in the WGOA, this proposed rule would provide a maximum time limit for which longline pot gear could be left unattended on the fishing grounds. The Council provided a longer time period in the WGOA for operators to redeploy or remove longline pot gear relative to the other sablefish areas because the WGOA is the largest GOA sablefish area and there are substantially fewer sablefish IFQ holders in the WGOA than in SEO and the CGOA. The Council and NMFS received testimony that fishing grounds are not constrained in the WGOA and grounds preemption likely would not occur under this proposed rule.

Gear Marking

This proposed rule would implement additional gear marking requirements for vessels using longline pot gear in the GOA. Current regulations at § 679.24(a) require all vessel operators using hook-and-line and pot gear to mark buoys carried on board or used by the vessel to be marked with the vessel's Federal fisheries permit number or ADF&G vessel registration number. This regulation also specifies that the markings must be a specified size, shall be visible above the water line, and shall be maintained so the markings are clearly visible.

Section 4.9.5 and Section 4.10 of the Analysis describe the impacts of the additional gear marking requirements that would be implemented by this proposed rule for a vessel operator using longline pot gear in the GOA sablefish IFQ fishery. In addition to the current requirements at § 679.24(a), each vessel operator would be required to attach a cluster of four or more marker buoys, a flag mounted on a pole, and a radar reflector to each end of a longline pot set. The Council and NMFS received testimony that these marking requirements would enhance the visibility of the ends of a longline pot gear set to other vessels that are on the fishing grounds and would not impose a substantial cost on vessel operators using longline pot gear. The testimony indicated that these marking tools are commonly used by vessel operators that deploy pot gear in fisheries in Alaska.

This proposed rule would require a vessel operator to use four or more buoys to mark each end of a longline pot gear set. The Council and NMFS anticipate that multiple buoys would keep the gear marking above the water line in stronger currents and facilitate visibility from greater distances. Current regulations require any vessel fishing in the sablefish or halibut IFQ fisheries to mark all buoys carried on board or used with the vessel's Federal Fisheries Permit (FFP) number or Alaska Department of Fish & Game (ADF&G) vessel registration number. This provides enforcement agents and other fishermen on the grounds with information that identifies the vessel or the IFQ permit holder associated with that vessel. This proposed rule would require a vessel operator to add the initials ''LP'' for ''Longline Pot'' to one hard buoy in the buoy cluster in addition to the FFP number or ADF&G vessel registration number. This would

distinguish buoys for hook-and-line gear from buoys for longline pot gear.

This proposed rule would require a vessel operator to use a flag mounted on a pole to mark each end of a longline pot gear set. Section 4.9.5 of the Analysis explains that flags are commonly used by vessel operators to mark pot gear in fisheries in Alaska.

This proposed rule would require a vessel operator to use a radar reflector to mark each end of a longline pot gear set. Fishing vessels use radar reflectors to help make the vessel or other objects identifiable by other vessels that use radar to scan for vessels and other obstructions. A radar reflector reflects a radar signal directly back to the radar antenna so that the object with the radar reflector is identifiable on the radar of the vessel deploying the radar. The Council and NMFS received public testimony that radar reflectors are commonly used by vessel operators to mark pot gear in fisheries in Alaska. This public testimony indicated that the requirement to mark longline pot gear with a radar reflector under this proposed rule would not impose a substantial cost on vessel operators.

Monitoring and Enforcement

This proposed rule would implement three additional recordkeeping and reporting requirements to monitor and enforce provisions that are intended to minimize gear conflicts and grounds preemption. First, NMFS would require all vessel operators using longline pot gear in the GOA sablefish IFQ fishery to report specific information in logbooks about fishing gear used and catch for all sablefish IFQ fishing trips. Most vessel operators in the GOA sablefish IFQ fishery are currently required to complete logbooks for sablefish IFQ fishing trips. Second, NMFS would require all vessel operators using longline pot gear in the GOA sablefish IFQ fishery to have an operating Vessel Monitoring System (VMS) while fishing for sablefish IFQ. Third, NMFS would add additional required fields to the Prior Notice of Landing (PNOL) for vessel operators using longline pot gear in the GOA sablefish IFQ fishery.

Section 4.9 of the Analysis notes that this proposed rule would require all vessel operators using longline pot gear in the GOA sablefish IFQ fishery to complete NMFS logbooks. NMFS uses logbooks to collect detailed information from vessel operators participating in the IFQ fisheries. Under current regulations, the operator of a catcher vessel 60 feet or greater (18.3 m) LOA using hook-and-line gear in the sablefish or halibut IFQ fisheries is required to maintain a Daily Fishing Logbook (DFL). The operator of a catcher/processor using hook-and-line gear in the sablefish or halibut IFQ fisheries must use a combination of a Daily Cumulative Production Logbook (DCPL) and the NMFS electronic reporting system for landings (eLandings). For each day during a fishing trip, vessel operators are required to record in a DFL or DCPL information on deployed, retrieved, and lost gear and catch information per unit of gear deployed.

This proposed rule would add a requirement for all operators of a vessel using longline pot gear in the GOA sablefish IFQ fishery to report in a DFL (for catcher vessels) or DCPL (for catcher/processors) the number of pots and location of longline pot sets deployed on a fishing trip. Under current regulations, the operator of a vessel less than 60 feet (18.3 m) LOA is exempt from logbook reporting requirements. This proposed rule would remove this exemption for the operator of a vessel using longline pot gear in the GOA sablefish IFQ fishery. While this would be a new regulatory requirement for these vessels, Section 4.9.3.2 of the Analysis explains that many operators of vessels less than 60 feet (18.3 m) in the sablefish IFQ fishery voluntarily complete and submit logbooks. Therefore, the Council and NMFS anticipate this additional reporting requirement would not negatively impact operators of vessels less than 60 feet (18.3 m) that choose to use longline pot gear.

Current regulations allow the operator of a vessel required to complete a DFL or a DCPL to use a NMFS-approved electronic logbook (ELB) instead of a DFL or DCPL. While NMFS does not currently have an approved ELB for vessels using longline pot gear in the GOA, NMFS anticipates that an ELB would be available for use by these vessel operators in the future. Under this proposed rule, vessel operators using longline pot gear in the GOA sablefish IFQ fishery would be required to complete a DFL or a DCPL and eLandings to record and report sablefish information until a NMFS-approved ELB is available.

Section 4.10 of the Analysis notes that this proposed rule would require all vessel operators using longline pot gear in the GOA sablefish IFQ fishery to use VMS to track vessel activity in the GOA sablefish areas. VMS is used to monitor the location and movement of commercial fishing vessels in Federal fisheries in Alaska. NMFS would use the VMS to aid in determining compliance with requirements to redeploy or remove fishing gear from the grounds within a specified time period under this proposed rule.

Section 5.7 of the Analysis states that this proposed rule would add a requirement for vessel operators using longline pot gear in the GOA sablefish IFQ fishery to report the number of pots deployed, the number of pots lost, and the number of pots left deployed on the fishing grounds on the PNOL. NMFS requires vessel operators in the IFQ fisheries to submit a PNOL at least three hours before a landing occurs to alert enforcement personnel of the upcoming landing. The PNOL would be a declaration from the vessel operator that enforcement agents could compare with the gear on board while the vessel is making a landing.

Sections 4.9.3.2, 4.9.4.1, 4.9.5.1, and 4.9.6.1 of the Analysis describe enforcement considerations for the provisions of this proposed rule that are intended to minimize gear conflicts and grounds preemption. The Council and NMFS considered the methods that would be used to enforce the proposed restrictions on use of longline pot gear in the GOA sablefish IFQ fishery. The Council and NMFS determined that the requirements in this proposed rule would provide sufficient monitoring and enforcement information to meet the Council's objectives for Amendment 101 and this proposed rule.

Impacts on Whale Interactions in the Sablefish IFQ Fishery

Depredation by killer whales and sperm whales is common in the sablefish IFQ fisheries in the GOA and BSAI. Section 3.4.1 of the Analysis provides available information on the interactions of the GOA sablefish IFQ fishery with killer whales and sperm whales. The Analysis examined data from the commercial fisheries and sablefish survey data and concluded that the use of longline pot gear would support the objective of this proposed rule to reduce sablefish IFQ fishery interactions with whales in the GOA. Use of longline pot gear is expected to reduce fishing gear interactions with whales and have a positive effect on killer whales and sperm whales compared to the status quo.

Section 3.4.2 of the Analysis notes that this proposed rule could reduce the risk of whale entanglements in fishing gear. Although the likelihood of whale entanglements in hook-and-line gear is very low in Alaska fisheries, the Analysis states that neither killer whales nor sperm whales are known to depredate on pot fishing gear. Therefore, this proposed rule could reduce the risk of whale entanglements in fishing gear.

Impacts on Seabird Interactions in the GOA Sablefish IFQ Fishery

Many seabird species are attracted to fishing vessels to forage on bait, offal, discards, and other prey made available by fishing operations. These interactions can result in direct mortality for seabirds if they become entangled in fishing gear or strike the vessel or fishing gear while flying. In addition, seabirds are attracted to sinking baited hooks and can be hooked and drowned. Hook-and-line gear has the greatest impact on seabirds relative to other fishing gear. Since 1998, seabird avoidance measures have been required on vessels greater than or equal to 27 ft (7.9 m) LOA using hook-and-line gear in the groundfish and halibut fisheries in the GOA and BSAI (March 6, 1998, 63 FR 11161). Additional seabird avoidance measures have been adopted for the hook-and-line fishery since 1998 (72 FR 71601, December 18, 2007). These measures were intended to reduce seabird incidental catch and mortality and mitigate interactions with short-tailed albatross.

Section 3.5.1 of the Analysis examines the effect of hook-and-line gear on seabirds. Data from 1993 through 2012 indicate the annual incidental catch of seabirds in all hook-and-line fisheries constitutes about 91 percent of fisheries-related seabird mortality in Alaska. The GOA typically accounts for 10 percent to 20 percent of overall incidental seabird catch.

Section 3.5.1.2 of the Analysis compared the number of seabird mortalities by hook-and-line and pot gear in the GOA Pacific cod fishery and the BSAI sablefish IFQ fishery and determined that a higher level of seabird mortality occurred with hook-and-line gear. The Analysis compared seabird mortality by hook-and-line and pot gear in the GOA Pacific cod fishery because pot gear is not authorized for the GOA sablefish IFQ fishery. The estimated seabird mortality in the GOA Pacific cod fishery from vessels using hook-and-line gear was 1,802 seabirds and the estimated mortality from vessels using pot gear was 458 seabirds. This comprises a very small portion of total estimated seabird mortality from fisheries in Alaska. This proposed rule would likely reduce the already small incidental catch of seabirds in the sablefish IFQ fishery because it would provide vessel operators with the opportunity to use longline pot gear, which has a lower rate of incidental catch of seabirds than hook-and-line gear.

Impacts on the Halibut IFQ Fishery

The Council and NMFS also considered the impacts of this proposed rule on the halibut IFQ fishery. Section 3.2.1 of the Analysis notes that the overall impact of this proposed rule on the halibut IFQ fishery is likely to be small. This proposed rule would revise current regulations to authorize retention of halibut IFQ caught when using longline pot gear in the GOA sablefish IFQ fishery, provided a person on the vessel holds sufficient IFQ pounds to cover the retained halibut.

In developing this proposed rule, the Council recognized that the IPHC authorizes fishing gear for halibut in the GOA through its annual management measures. The IPHC meets annually to approve the regulations that apply to persons and vessels fishing for and retaining halibut IFQ. At its January 2016 Annual Meeting, the IPHC approved longline pot gear, as defined by the Council, as legal gear to retain halibut in Alaska if NMFS implements regulations that authorize longline pot gear in the sablefish IFQ fishery (81 FR 14000, March 16, 2016).

Section 19(1) of the 2016 annual management measures allows a person to retain and possess halibut IFQ taken with hook-and-line or longline pot gear in the sablefish IFQ fishery provided retention and possession is authorized by NMFS regulations published at 50 CFR part 679. Current NMFS regulations require vessel operators using hook-and-line gear and holding sufficient halibut IFQ to retain legal size halibut (32 inches or greater) caught incidentally in the GOA sablefish IFQ fishery. If the Secretary approves a final rule to implement Amendment 101, NMFS would implement a requirement in regulations for vessel operators using longline pot gear and holding sufficient halibut IFQ to retain legal size halibut in the GOA sablefish IFQ fishery as recommended by the Council and the IPHC. The Council developed this regulation pursuant to section 773c(c) of the Halibut Act. The Secretary is publishing this regulation for public comment in this notice of proposed rulemaking.

Requiring the retention of incidentally caught halibut IFQ is intended to avoid the discard and associated discard mortality of halibut in the GOA sablefish IFQ fishery. The sablefish and halibut hook-and-line gear fisheries are prosecuted simultaneously. Vessels that fish sablefish IFQ typically also fish halibut IFQ. Section 4.5.6 of the Analysis notes that the majority of sablefish IFQ permit holders also hold a halibut IFQ permit. Section 4.9.6 of the Analysis concludes that replacing some amount of hook-and-line effort with longline pot gear effort could benefit permit holders in the halibut IFQ fishery because many of the sablefish IFQ fishery participants are also halibut IFQ fishery participants. This proposed rule would create efficiencies in the harvest of halibut and sablefish for these participants.

This proposed rule would require vessel operators that catch halibut in longline pot gear to comply with current retention requirements under the IFQ Program and the provisions recommended by the Council. Currently, halibut caught with hook-and-line gear must be retained if the halibut are of legal size and a person on the vessel holds a halibut IFQ permit with sufficient halibut IFQ pounds to cover the retained halibut. The Council recommended, and NMFS agrees, that a sablefish IFQ permit holder on board a vessel that catches halibut with longline pot gear in the GOA would be required to retain the halibut provided they hold a halibut IFQ permit with sufficient halibut IFQ pounds to cover the retained halibut. Regulations at § 679.7(f)(4) prohibit an IFQ holder from retaining legal size halibut if no person on board the vessel holds sufficient IFQ pounds to cover the retained halibut. In these instances, fishermen are required to discard the halibut with a minimum of injury consistent with regulations at § 679.7(a)(13) and Section 14 of the IPHC annual management measures (81 FR 14000, March 16, 2016).

This Proposed Rule

This proposed rule would revise regulations at 50 CFR part 300 and 50 CFR part 679 to: (1) Authorize longline pot gear in the GOA sablefish IFQ fishery, (2) minimize the potential for gear conflicts and fishing grounds preemption, and (3) require retention of halibut IFQ caught in longline pot gear used in the GOA sablefish IFQ fishery. NMFS also proposes additional regulatory revisions to facilitate the administration, monitoring, and enforcement of this proposed rule. This section describes the proposed changes to current regulations.

Authorize Longline Pot Gear

This proposed rule would revise §§ 300.61, 679.2, and 679.24 to authorize longline pot gear for use in the GOA sablefish IFQ fishery.

This proposed rule would revise regulations at § 300.61 that supplement the annual management measures adopted by the IPHC. These proposed revisions are necessary to implement the Council's recommendation to

require halibut IFQ permit holders to retain legal sized halibut IFQ caught incidentally in longline pots deployed in the GOA sablefish IFQ fishery, provided the halibut IFQ holders have sufficient remaining IFQ pounds to cover the retained halibut. To implement this recommendation, this proposed rule would revise the definition of ''Fishing'' at § 300.61 to specify that the use of longline pot gear in any halibut area in the GOA to harvest halibut IFQ would be subject to halibut regulations at part 300. This proposed rule would revise the definition of ''IFQ halibut'' at § 300.61 to specify that halibut IFQ may be harvested with longline pot gear while commercial fishing in any halibut area in the GOA.

This proposed rule would revise the definition of ''Fixed gear'' under the definition of ''Authorized fishing gear'' at § 679.2(4)(i) to include longline pot gear as an authorized gear in the GOA sablefish IFQ fishery. Fixed gear is a general term that describes the multiple gear types allowed to fish sablefish IFQ and halibut IFQ under the IFQ Program and is referred to throughout 50 CFR part 679.

This proposed rule would add § 679.2(4)(iv) to the definition of ''Fixed gear'' under the definition of ''Authorized fishing gear'' to include longline pot gear as an authorized gear for halibut IFQ harvested in halibut areas in the GOA.

This proposed rule would revise the definition of ''IFQ halibut'' in § 679.2 to specify that halibut IFQ may be harvested with longline pot gear while commercial fishing in any halibut area in the GOA.

This proposed rule would revise § 679.24(b) and (c) to authorize the use of longline pot gear to harvest sablefish in GOA sablefish areas.

This proposed rule would revise § 679.42(b)(1) to specify that authorized fishing gear for sablefish and halibut IFQ is defined in § 679.2. NMFS proposes to add § 679.42(b)(1)(i) to further clarify that trawl gear is not authorized for use in the sablefish and halibut IFQ fisheries in the GOA and the BSAI. NMFS proposes to add § 679.42(b)(1)(ii) to clarify that pot-and-line gear is not authorized for use in the GOA sablefish IFQ fishery.

Minimize Potential Gear Conflicts and Grounds Preemption

This proposed rule would add provisions at § 679.42(l) to minimize the potential for gear conflicts and grounds preemption. This proposed rule would add § 679.42(l)(1) and (2) to establish the general requirements for using longline pot gear in the GOA sablefish IFQ fishery.

This proposed rule would add § 679.42(l)(3) to specify the requirements for vessel operators to request pot tags. This proposed rule would describe the process NMFS would use to issue pot tags and to annually register a vessel and assign pot tags for the GOA sablefish IFQ fishery. Section 679.42(l)(3)(i) would require a vessel operator to request pot tags from NMFS by submitting a complete IFQ Sablefish Longline Pot Gear: Vessel Registration and Request for Pot Gear Tags form that would be available on the NMFS Alaska Region Web site. NMFS would issue the number of requested tags up to the pot limit authorized in a sablefish area. The vessel owner requesting pot tags must specify the vessel to which NFMS would assign the pot tags. Under proposed § 679.42(l)(3)(ii), NMFS would assign pot tags to the registered vessel and issue them to the vessel owner upon receipt of a complete request for pot tags. Section 679.42(l)(3)(iii) would specify the process a vessel owner would use to submit a request for pot tag replacement to NMFS if one or more of the originally issued pot tags is lost or damaged such that the unique pot tag number is not legible.

Section 679.42(l)(3)(iv) would specify the process for annual vessel registration and assignment of pot tags. The vessel owner must annually register with NMFS the vessel that will be used to fish IFQ sablefish in the GOA. The vessel owner also must specify whether he or she is requesting assignment of pot tags previously issued to the vessel owner or is requesting new pot tags to be assigned to the vessel. Pot tags must be assigned to only one vessel each year. To assign pot tags, the vessel owner must submit a complete IFQ Sablefish Longline Pot Gear Vessel Registration and Request for Pot Gear Tags form and indicate the vessel to which NMFS will assign the pot tags for the current year. The vessel owner must indicate whether he or she is assigning pot tags that were previously assigned to the vessel or requesting new pot tags.

This proposed rule would add § 679.42(l)(4) to specify the requirements for a vessel operator to use pot tags in the GOA sablefish IFQ fishery. This proposed rule would require a valid pot tag that is assigned to the vessel be attached to each pot on board the vessel before the vessel departs port to fish in the GOA sablefish IFQ fishery.

This proposed rule would add § 679.42(l)(5) to specify restrictions on longline pot gear deployment and retrieval. Section 679.42(l)(5)(i)(A) would require a vessel operator to mark longline pot gear as specified in § 679.24(a). Section 679.24(a) would be revised to require a vessel operator to mark each end of a set of longline pot gear with a cluster of four or more marker buoys including one hard buoy marked with the capital letters ''LP,'' a flag mounted on a pole, and a radar reflector. These requirements would be in addition to current requirements at § 679.24(a) that require all hook-and-line, longline pot, and pot-and-line marker buoys to be marked with the vessel's FFP number or ADF&G vessel registration number.

This proposed rule would add § 679.42(l)(5)(i)(B) to require a vessel operator to deploy longline pot gear in the GOA sablefish IFQ fishery only during the sablefish fishing period specified in § 679.23(g)(1). NMFS annually establishes the sablefish fishing period to correspond with the halibut fishing period established by the IPHC.

Current regulations at § 679.23(g)(2) authorize an IFQ permit holder to retain sablefish outside of the established fishing period if the permit holder has unused IFQ for the specified sablefish area. This proposed rule would revise § 679.23(g)(2) to specify that IFQ permit holders using longline pot gear in the GOA would not be authorized to retain sablefish outside of the established fishing period even if the IFQ permit holder has unused IFQ.

This proposed rule would add § 679.42(l)(5)(ii) to establish pot limits in each GOA sablefish area. This proposed rule would add § 679.42(l)(5)(iii) to establish gear redeployment and removal requirements for longline pot gear in each GOA sablefish area. As described in the section titled Impacts of Amendment 101 and this Proposed Rule, this proposed rule would require a vessel operator using longline pot gear to redeploy the gear within a certain amount of time after being deployed, or remove the gear from the fishing grounds when making a sablefish landing.

This proposed rule would allow multiple vessels to use the same longline pot gear during one fishing season but would prevent use of the same longline pot gear simultaneously. To prevent use of the same longline pot gear simultaneously, this proposed rule would add § 679.42(l)(5)(iv) to require a vessel operator to (1) remove longline pot gear assigned to the vessel and deployed to fish sablefish IFQ from the fishing grounds, (2) return the gear to port, and (3) remove the pot tags that are

assigned to that vessel from each pot before the gear could be used on another vessel. The operator of the second vessel would be required to attach pot tags assigned to his or her vessel to each pot before deploying the gear to fish for GOA sablefish IFQ. This proposed rule would require that only one set of the appropriate vessel-specific pot tags may be attached to the pots.

This proposed rule would add § 679.42(l)(6) to require a vessel operator using longline pot gear in the GOA sablefish IFQ fishery to retain legal sized halibut caught incidentally if any IFQ permit holder on board has sufficient halibut IFQ pounds for the retained halibut for that halibut area.

This proposed rule would add § 679.42(l)(7) to require a vessel operator using longline pot gear in the GOA sablefish IFQ fishery to comply with logbook reporting requirements at § 679.5(c) and VMS requirements at § 679.42(k).

Recordkeeping and Reporting

This proposed rule would revise § 679.5 to implement this proposed rule and clarify current logbook reporting requirements.

The following table describes the proposed revisions to § 679.5.

Paragraph in § 679.5	Proposed revision
(a)(4)(i)	Require the operator of a vessel less than 60 feet (18.3 m) LOA using longline pot gear in the GOA sablefish IFQ fishery to complete a logbook.
(c)(1)(vi)(B)	Clarify table footnote.
(c)(2)(iii)(A)	Add missing word.
(c)(3)(i)(B)	Revise paragraphs (*1*) and (*2*) and add paragraphs (*3*) through (*5*) to specify logbook reporting requirements for vessels in the GOA and BSAI.
(c)(3)(ii)(A) and (B)	Clarify tables describing current logbook reporting requirements.
(c)(3)(iv)(A)(*2*) and (B)(*2*)	Require the operator of a vessel using longline pot gear to record specific information in a DFL or DCPL each day the vessel is active in the GOA sablefish IFQ fishery.
(c)(3)(v)(G)	• Require the operator of a vessel using longline pot gear in the GOA or the BSAI fishery to record the length of a longline pot set, the size of the pot, and spacing of pots. • Clarify logbook reporting requirements for gear information for all vessels using longline and pot gear.
(l)(1)(iii)	Add paragraphs (H) and (I) to require the operator of a vessel using longline pot gear in the GOA sablefish IFQ fishery to record in the PNOL the gear type used, number of pots set, number of pots lost, and number of pots left on the fishing grounds still fishing in addition to the other information required under current regulations.

Monitoring and Enforcement

This proposed rule would revise and add provisions to § 679.7 that would be necessary to monitor and enforce this proposed rule.

This proposed rule would revise the prohibition on deployment of gear at § 679.7(a)(6) to include longline pot gear. This revision is necessary to prohibit deployment of longline pot gear in the GOA outside of the sablefish fishing period. This proposed rule would revise § 679.7(a)(6)(i) to clarify that vessels in the halibut IFQ fishery are subject to gear deployment requirements specified by the IPHC in the annual management measures pursuant to § 300.62.

This proposed rule would revise § 679.7(a)(13). Under current regulations, vessel operators in groundfish fisheries are required to discard halibut if the halibut is less than legal size and/or there are no IFQ permit holders on board with sufficient IFQ pounds for the retained halibut for that halibut area. If halibut must be discarded, current regulations at § 679.7(a)(13) specify handling and release requirements for halibut caught with hook-and-line gear in the sablefish fishery. This proposed rule would revise § 679.7(a)(13) to specify the current regulations describing handling and release methods that would apply to vessels using longline pot gear in the GOA sablefish IFQ fishery.

This proposed rule would add § 679.7(f)(17) through (24) to enforce compliance with proposed regulations at §§ 679.23, 679.24, and 679.42 to minimize gear conflicts and grounds preemption.

This proposed rule would add § 679.7(f)(25) to prohibit a vessel operator in the GOA from using longline pot gear to harvest sablefish IFQ or halibut IFQ in the GOA sablefish areas without having an operating VMS on board the vessel. This proposed rule would revise § 679.42(k)(1) and (2) to require a vessel operator using longline pot gear to possess a transmitting VMS transmitter on board the vessel while fishing for sablefish IFQ in the GOA. NMFS does not propose to change the VMS reporting requirements for vessels fishing for sablefish IFQ in the BSAI. This proposed rule would revise § 679.42(k)(2)(ii) to require a vessel operator fishing for sablefish IFQ in the GOA to comply with VMS requirements at § 679.28(f)(3) through (5), which explain the vessel owner's responsibilities to ensure a VMS is operating and transmitting. This proposed rule would revise § 679.42(k)(2)(ii) to require a vessel operator using longline pot gear to fish sablefish IFQ in the GOA to contact NMFS to confirm that VMS transmissions are being received from the vessel. The vessel operator would be required to receive a VMS confirmation number from NMFS before fishing in the sablefish IFQ fishery.

Other Proposed Revisions

This proposed rule would revise § 679.20(a)(4) to replace the reference to the sablefish TAC allocation to hook-and-line gear with a reference to fixed gear, as defined at § 679.2, which would include hook-and-line and longline pot gear. This proposed rule would not change the percent of the TAC allocated to the sablefish IFQ fishery in the GOA. NMFS would continue to allocate 95 percent of the sablefish TAC in the EGOA sablefish area to vessels using fixed gear and allocate 80 percent of the sablefish TACs in each of the CGOA and WGOA sablefish areas to vessels using fixed gear.

This proposed rule would revise § 679.42(b)(2) to specify that an operator of a vessel using hook-and-line gear to harvest sablefish IFQ, halibut IFQ, or halibut Community Development Quota (CDQ) must comply with seabird avoidance measures set forth in § 679.24(e). Vessel operators using longline pot gear in the GOA sablefish IFQ fishery would not be required to comply with seabird avoidance measures under this proposed rule.

This proposed rule would revise § 679.51(a), which contains requirements for vessels in the partial observer coverage category, to remove specific reference to hook-and-line gear

for vessels fishing for halibut. This revision is needed because this proposed rule would authorize the retention of halibut IFQ by vessels using longline pot gear in the GOA. It is not necessary to specify authorized gear for halibut IFQ in § 679.51(a) because § 679.50(a)(3) currently states that, for purposes of subpart E, when the term halibut is used it refers to both halibut IFQ and halibut CDQ, and the authorized gear for halibut is specified in § 679.2.

Table 15 to 50 CFR Part 679, Gear Codes, Descriptions, and Use

This proposed rule would revise Table 15 to part 679 to identify longline pot gear as authorized gear in the GOA sablefish IFQ fishery. NMFS would revise the table to specify that authorized gear for sablefish IFQ harvested from any GOA reporting area would include longline pot gear in addition to all longline gear (*i.e.,* hook-and-line, jig, troll, and handline). NMFS would revise the table to specify that authorized gear for halibut harvest in the GOA would be fishing gear comprised of lines with hooks attached and longline pot gear. No change would be made in the table to authorized gear for sablefish or halibut IFQ in the BSAI.

Classification

Pursuant to section 304(b)(1)(A) and 305(d) of the Magnuson-Stevens Act, the NMFS Assistant Administrator has determined that this proposed rule is consistent with the GOA FMP, other provisions of the Magnuson-Stevens Act, the Halibut Act, and other applicable law, subject to further consideration of comments received during the public comment period.

This proposed rule has been determined to be not significant for the purposes of Executive Order 12866.

Regulatory Impact Review (RIR)

An RIR was prepared to assess all costs and benefits of available regulatory alternatives. The RIR considers all quantitative and qualitative measures. A copy of this analysis is available from NMFS (see **ADDRESSES**). The Council recommended and NMFS proposes Amendment 101 and these regulations based on those measures that maximized net benefits to the Nation. Specific aspects of the economic analysis are discussed below in the Initial Regulatory Flexibility Analysis section.

Initial Regulatory Flexibility Analysis

An Initial Regulatory Flexibility Analysis (IRFA) was prepared for this action, as required by Section 603 of the Regulatory Flexibility Act (RFA). The IRFA describes the economic impact this proposed rule, if adopted, would have on small entities. The IRFA describes the action; the reasons why this action is proposed; the objectives and legal basis for this proposed rule; the number and description of directly regulated small entities to which this proposed rule would apply; the recordkeeping, reporting, and other compliance requirements of this proposed rule; and the relevant Federal rules that may duplicate, overlap, or conflict with this proposed rule. The IRFA also describes significant alternatives to this proposed rule that would accomplish the stated objectives of the Magnuson-Stevens Act, and any other applicable statutes, and that would minimize any significant economic impact of this proposed rule on small entities. The description of the proposed action, its purpose, and the legal basis are explained in the preamble and are not repeated here. A summary of the IRFA follows. A copy of the IRFA is available from NMFS (see **ADDRESSES**).

For RFA purposes only, NMFS has established a small business size standard for businesses, including their affiliates, whose primary industry is commercial fishing (see 50 CFR 200.2). A business primarily engaged in commercial fishing (NAICS code 11411) is classified as a small business if it is independently owned and operated, is not dominant in its field of operation (including its affiliates), and has combined annual receipts not in excess of $11 million for all its affiliated operations worldwide.

Number and Description of Small Entities Regulated by This Proposed Rule

NMFS estimates that there are a total of 310 small catcher vessels and 1 small catcher/processor that participate in the GOA sablefish IFQ fishery using hook-and-line gear. These entities would be directly regulated by this proposed rule because they would be subject to the proposed requirements for using longline pot gear if they choose to use pot longline gear in the GOA sablefish IFQ fishery. Thus, NMFS estimates that 311 small entities would be directly regulated by this proposed rule.

Description of Significant Alternatives That Minimize Adverse Impacts on Small Entities

Several aspects of this rule directly regulate small entities. Small entities would be required to comply with the requirements for using longline pot gear in the GOA sablefish IFQ fishery, which include using only longline pot gear, pot limits, and gear retrieval and gear marking requirements. Authorizing longline pot gear in this proposed rule would provide an opportunity for small entities to choose whether to use longline pot gear to increase harvesting efficiencies and reduce operating costs in the sablefish IFQ fishery.

Based on public testimony to the Council and NMFS, and Section 4.9 of the Analysis, the proposed requirements for using pot gear are not expected to adversely impact small entities because each entity could choose to use longline pot gear or continue to use hook-and-line gear. In addition, the requirements for using longline pot gear would not be expected to unduly restrict sablefish harvesting operations. The Council and NMFS considered requirements that would impose larger costs on directly regulated small entities. These included requiring all vessels to remove gear from the fishing grounds each time the vessel made a landing and requiring more sophisticated and costly satellite-based gear marking systems. The Council and NMFS determined that these additional requirements were not necessary to meet the objectives of the action. This proposed rule would meet the objectives of the action while minimizing adverse impacts on fishery participants.

Small entities would be required to comply with additional recordkeeping and reporting requirements under this proposed rule if they choose to use longline pot gear in the GOA sablefish IFQ fishery. Section 4.9 of the Analysis notes that directly regulated small entities using longline pot gear would be required to request pot tags from NMFS, maintain and submit logbooks to NMFS, have an operating VMS on board the vessel, and report additional information in a PNOL. The Analysis notes that these additional recordkeeping and reporting requirements would not be expected to adversely impact directly regulated small entities because the costs of complying with these requirements is de minimus relative to total gross fishing revenue. In addition, NMFS anticipates that many of the vessels that choose to use longline pot gear under this proposed rule currently comply with the logbook and VMS reporting requirements when participating in the sablefish IFQ fishery and in other fisheries. The Council and NMFS considered alternatives to implement additional requirements to report locations of deployed and lost gear in an electronic database. The Council and NMFS determined that these additional requirements were not necessary to meet the objectives of the action. This

proposed rule would meet the objectives of the action while minimizing the reporting burden for fishery participants.

Thus, there are no significant alternatives to this proposed rule that would accomplish the objectives to authorize longline pot gear in the GOA sablefish IFQ fishery and minimize adverse economic impacts on small entities.

Duplicate, Overlapping, or Conflicting Federal Rules

NMFS has not identified any duplication, overlap, or conflict between this proposed action and existing Federal rules.

Recordkeeping, Reporting, and Other Compliance Requirements

The recordkeeping, reporting, and other compliance requirements would be increased slightly under this proposed rule. This proposed rule contains new requirements for vessels participating in the proposed longline pot fishery for sablefish IFQ in the GOA.

Presently, NMFS requires catcher vessel operators, catcher/processor operators, buying station operators, mothership operators, shoreside processor managers, and stationary floating processor managers to record and report all FMP species in logbooks, forms, eLandings, and eLogbooks. This proposed rule would revise regulations to require all vessels using longline pot gear in the GOA sablefish IFQ fishery to report information on fishery participation in logbooks, forms, and eLandings.

NMFS currently requires vessels in the BSAI to have an operating VMS on board the vessel while participating in the sablefish IFQ fishery. This proposed rule would revise regulations to extend this requirement to vessels using longline pot gear in the GOA sablefish IFQ fishery.

NMFS currently requires all vessels in the sablefish and halibut IFQ fisheries to submit a PNOL to NMFS. This proposed rule would revise regulations to require vessels using longline pot gear in the GOA sablefish IFQ fishery to report the number of pots deployed, the number of pots lost, and the number of pots left deployed on the fishing grounds on the PNOL, in addition to other required information.

Collection-of-Information Requirements

This proposed rule contains collection-of-information requirements subject to review and approval by the Office of Management and Budget (OMB) under the Paperwork Reduction Act (PRA). These requirements have been submitted to OMB for approval. The collections are listed below by OMB control number.

OMB Control Number 0648–0213

Public reporting burden is estimated to average 35 minutes per individual response for Catcher Vessel Longline and Pot Gear Daily Fishing Logbook; and 50 minutes for Catcher/processor Longline and Pot Gear Daily Cumulative Production Logbook.

OMB Control Number 0648–0272

Public reporting burden is estimated to average 15 minutes per individual response for Prior Notice of Landing.

OMB Control Number 0648–0353

Public reporting burden is estimated to average 15 minutes per individual response to mark longline pot gear; 15 minutes for IFQ Sablefish Longline Pot Gear: Vessel Registration and Request for Pot Gear Tags; and 15 minutes for IFQ Sablefish Longline Pot Gear: Request for Replacement of Longline Pot Gear Tags.

OMB Control Number 0648–0445

Public reporting burden is estimated to average 2 hours per individual response for VMS operation; and 12 minutes for VMS check-in report.

OMB Control Number 0648–0711

The cost recovery program is mentioned in this rule. The cost to implement and manage the sablefish IFQ longline pot gear fishery, including the cost of the pot tags, will be included in the annual calculation of NMFS' recoverable costs. These costs will be part of the total management and enforcement costs used in the calculation of the annual fee percentage. For example, when the pot gear tags are ordered, the payment of those tags is charged 100 percent to the IFQ Program for cost recovery purposes. This rule would not change the process that harvesters use to pay cost recovery fees.

The public reporting burden includes the time for reviewing instructions, searching existing data sources, gathering and maintaining the data needed, and completing and reviewing the collection of information.

Public comment is sought regarding: Whether this proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; the accuracy of the burden statements; ways to enhance the quality, utility, and clarity of the information to be collected; and ways to minimize the burden of the collection of information, including through the use of automated collection techniques or other forms of information technology. Send comments on these or any other aspects of the collection of information to NMFS (see **ADDRESSES**), and by email to *OIRA_Submission@omb.eop.gov* or fax to 202–395–5806.

Notwithstanding any other provision of the law, no person is required to respond to, nor shall any person be subject to a penalty for failure to comply with, a collection of information subject to the requirements of the PRA, unless that collection of information displays a currently valid OMB control number. All currently approved NOAA collections of information may be viewed at: *http://www.cio.noaa.gov/services_programs/prasubs.html.*

List of Subjects

50 CFR Part 300

Administrative practice and procedure, Antarctica, Canada, Exports, Fish, Fisheries, Fishing, Imports, Indians, Labeling, Marine resources, Reporting and recordkeeping requirements, Russian Federation, Transportation, Treaties, Wildlife.

50 CFR Part 679

Alaska, Fisheries, Reporting and recordkeeping requirements.

Dated: August 15, 2016.

Samuel D. Rauch III,

Deputy Assistant Administrator for Regulatory Programs, National Marine Fisheries Service.

For the reasons set out in the preamble, 50 CFR parts 300 and 679 are proposed to be amended as follows:

PART 300—INTERNATIONAL FISHERIES REGULATIONS

Subpart E—Pacific Halibut Fisheries

■ 1. The authority citation for part 300, subpart E, continues to read as follows:

Authority: 16 U.S.C. 773–773k.

■ 2. In § 300.61, revise the definitions of ''Fishing'' and ''IFQ halibut'' to read as follows:

§ 300.61 Definitions.

* * * * *

Fishing means the taking, harvesting, or catching of fish, or any activity that can reasonably be expected to result in the taking, harvesting, or catching of fish, including:

(1) The deployment of any amount or component part of setline gear anywhere in the maritime area; or

(2) The deployment of longline pot gear as defined in § 679.2 of this title, or component part of that gear in

Commission regulatory areas 2C, 3A, 3B, and that portion of Area 4A in the Gulf of Alaska west of Area 3B and east of 170°00′ W. long.

* * * * *

IFQ halibut means any halibut that is harvested with setline gear as defined in this section or fixed gear as defined in § 679.2 of this title while commercial fishing in any IFQ regulatory area defined in § 679.2 of this title.

* * * * *

PART 679—FISHERIES OF THE EXCLUSIVE ECONOMIC ZONE OFF ALASKA

■ 3. The authority citation for part 679 continues to read as follows:

Authority: 16 U.S.C. 773 *et seq.*; 1801 *et seq.*; 3631 *et seq.*; Pub. L. 108–447; Pub. L. 111–281.

■ 4. In § 679.2,

■ a. In the definition of ''Authorized fishing gear,'' revise paragraphs (4)(i) and (iii), and add paragraph (4)(iv); and

■ b. Revise the definition of ''IFQ halibut''.

The additions and revisions read as follows:

§ 679.2 Definitions.

* * * * *

Authorized fishing gear * * *

(4) * * *

(i) For sablefish harvested from any GOA reporting area, all longline gear, longline pot gear, and, for purposes of determining initial IFQ allocation, all pot gear used to make a legal landing.

* * * * *

(iii) For halibut harvested from any IFQ regulatory area, all fishing gear composed of lines with hooks attached, including one or more stationary, buoyed, and anchored lines with hooks attached.

(iv) For halibut harvested from IFQ regulatory areas 2C, 3A, 3B, and that portion of Area 4A in the Gulf of Alaska west of Area 3B and east of 170°00′ W. long., all longline pot gear.

* * * * *

IFQ halibut means any halibut that is harvested with setline gear as defined in § 300.61 of this title or fixed gear as defined in this section while commercial fishing in any IFQ regulatory area defined in this section.

* * * * *

■ 5. In § 679.5,

■ a. Revise paragraph (a)(4)(i);

■ b. Revise note to the table at paragraph (c)(1)(vi)(B); paragraphs (c)(2)(iii)(A); (c)(3)(i)(B); (c)(3)(ii)(A)(*1*) and (B)(*1*); (c)(3)(iv)(A)(*2*); (c)(3)(iv)(B)(*2*); and (c)(3)(v)(G);

■ c. Revise paragraphs (l)(1)(iii)(F) and (G); and

■ d. Add (l)(1)(iii)(H) and (I).

The additions and revisions read as follows:

§ 679.5 Recordkeeping and reporting (R&R).

(a) * * *

(4) * * *

(i) *Catcher vessels less than 60 ft (18.3 m) LOA.* Except for vessels using longline pot gear as described in paragraph (c)(3)(i)(B)(*1*) of this section and the vessel activity report described at paragraph (k) of this section, the owner or operator of a catcher vessel less than 60 ft (18.3 m) LOA is not required to comply with the R&R requirements of this section.

* * * * *

(c) * * *

(1) * * *

(vi) * * *

(B) * * *

* * * * *

Note: CP = catcher/processor; CV = catcher vessel; pot = longline pot or pot-and-line; lgl = longline; trw = trawl; MS = mothership.

* * * * *

(2) * * *

(iii) * * *

(A) If a catcher vessel, record vessel name, ADF&G vessel registration number, FFP number or Federal crab vessel permit number, operator printed name, operator signature, and page number.

* * * * *

(3) * * *

(i) * * *

(B) *IFQ halibut, CDQ halibut, and IFQ sablefish fisheries.* (*1*) The operator of a catcher vessel less than 60 ft (18.3 m) LOA, using longline pot gear to harvest IFQ sablefish or IFQ halibut in the GOA must maintain a longline and pot gear DFL according to paragraph (c)(3)(iv)(A)(*2*) of this section.

(*2*) Except as described in paragraph (f)(1)(i) of this section, the operator of a catcher vessel 60 ft (18.3 m) or greater LOA in the GOA must maintain a longline and pot gear DFL according to paragraph (c)(3)(iv)(A)(*2*) of this section, when using longline gear or longline pot gear to harvest IFQ sablefish and when using gear composed of lines with hooks attached, setline gear (IPHC), or longline pot gear to harvest IFQ halibut.

(*3*) Except as described in paragraph (f)(1)(i) of this section, the operator of a catcher vessel 60 ft (18.3 m) or greater LOA in the BSAI must maintain a longline and pot gear DFL according to paragraph (c)(3)(iv)(A)(*2*) of this section, when using hook-and-line gear or pot gear to harvest IFQ sablefish, and when using gear composed of lines with hooks attached or setline gear (IPHC) to harvest IFQ halibut or CDQ halibut.

(*4*) Except as described in paragraph (f)(1)(ii) of this section, the operator of a catcher/processor in the GOA must use a combination of a catcher/processor longline and pot gear DCPL and eLandings according to paragraph (c)(3)(iv)(B)(*2*) of this section, when using longline gear or longline pot gear to harvest IFQ sablefish and when using gear composed of lines with hooks attached, setline gear (IPHC), or longline pot gear to harvest IFQ halibut.

(*5*) Except as described in paragraph (f)(1)(ii) of this section, the operator of a catcher/processor in the BSAI must use a combination of a catcher/processor longline and pot gear DCPL and eLandings according to (c)(3)(iv)(B)(*2*) of this section, when using hook-and-line gear or pot gear to harvest IFQ sablefish, and when using gear composed of lines with hooks attached or setline gear (IPHC) to harvest IFQ halibut or CDQ halibut.

* * * * *

(ii) * * *

(A) * * *

REPORTING TIME LIMITS, CATCHER VESSEL LONGLINE OR POT GEAR

Required information	Time limit for recording
(*1*) FFP number and/or Federal crab vessel permit number (if applicable), IFQ permit numbers (halibut, sablefish, and crab), CDQ group number, halibut CDQ permit number, set number, date and time gear set, date and time gear hauled, beginning and end positions of set, number of skates or pots set, and estimated total hail weight for each set.	Within 2 hours after completion of gear retrieval.
* * * * * * *	

(B) * * *

REPORTING TIME LIMITS, CATCHER/PROCESSOR LONGLINE OR POT GEAR

Required information	Record in DCPL	Submit via eLandings	Time limit for reporting
(*1*) FFP number and/or Federal crab vessel permit number (if applicable), IFQ permit numbers (halibut, sablefish, and crab), CDQ group number, halibut CDQ permit number, set number, date and time gear set, date and time gear hauled, beginning and end positions of set, number of skates or pots set, and estimated total hail weight for each set.	X	.....	Within 2 hours after completion of gear retrieval.
* * * * * * *			

* * * * *

(iv) * * *

(A) * * *

(*2*) If a catcher vessel identified in paragraph (c)(3)(i)(A)(*1*) or (c)(3)(i)(B)(*1*) through (*3*) of this section is active, the operator must record in the longline and pot gear DFL, for one or more days on each logsheet, the information listed in paragraphs (c)(3)(v), (vi), (viii), and (x) of this section.

* * * * *

(B) * * *

(*2*) If a catcher/processor identified in paragraph (c)(3)(i)(A)(*2*) or (c)(3)(i)(B)(*4*) through (*5*) of this section is active, the operator must record in the catcher/processor longline and pot gear DCPL the information listed in paragraphs (c)(3)(v) and (vi) of this section and must record in eLandings the information listed in paragraphs (c)(3)(v), (vii), and (ix) of this section.

* * * * *

(v) * * *

(G) *Gear type.* Use a separate logsheet for each gear type. Place a check mark in the box for the gear type used to harvest the fish or crab. Record the information from the following table for the appropriate gear type on the logsheet. If the gear type is the same on subsequent logsheets, place a check mark in the box instead of re-entering the gear type information on the next logsheet.

If gear type is . . .	Then . . .
(*1*) Other gear	If gear is other than those listed within this table, indicate ''Other'' and describe.
(*2*) Pot gear (includes pot-and-line and longline pot).	(*i*) If using longline pot gear in the GOA, enter the length of longline pot set to the nearest foot, the size of pot in inches (width by length by height or diameter), and spacing of pots to the nearest foot. (*ii*) If using longline pot gear in the GOA, enter the number of pots deployed in each set (see paragraph (c)(3)(vi)(F) of this section) and the number of pots lost when the set is retrieved (optional, but may be required by IPHC regulations, see §§ 300.60 through 300.65 of this title). (*iii*) If using pot gear, enter the number of pots deployed in each set (see paragraph (c)(3)(vi)(F) of this section) and the number of pots lost when the set is retrieved (optional, but may be required by IPHC regulations, see §§ 300.60 through 300.65 of this title).
(*3*) Hook-and-line gear	Indicate: (*i*) Whether gear is fixed hook (conventional or tub), autoline, or snap (optional, but may be required by IPHC regulations, see §§ 300.60 through 300.65 of this title). (*ii*) Number of hooks per skate (optional, but may be required by IPHC regulations, see §§ 300.60 through 300.65 of this title), length of skate to the nearest foot (optional, but may be required by IPHC regulations, see §§ 300.60 through 300.65 of this title), size of hooks, and hook spacing in feet. (*iii*) Enter the number of skates set and number of skates lost (optional, but may be required by IPHC regulations, see §§ 300.60 through 300.65 of this title). (*iv*) Seabird avoidance gear code(s) (see § 679.24(e) and Table 19 to this part). (*v*) Enter the number of mammals sighted while hauling gear next to the mammal name: sperm, orca, and other (optional, but may be required by IPHC regulations, see §§ 300.60 through 300.65 of this title). (*vi*) Enter the number of sablefish, halibut, other fish, or hooks damaged found while hauling gear (optional, but may be required by IPHC regulations, see §§ 300.60 through 300.65 of this title).

* * * * *

(l) * * *

(1) * * *

(iii) * * *

(F) IFQ regulatory area(s) in which the IFQ halibut, CDQ halibut, or IFQ sablefish were harvested;

(G) IFQ permit number(s) that will be used to land the IFQ halibut, CDQ halibut, or IFQ sablefish;

(H) Gear type used to harvest the IFQ sablefish or IFQ halibut (see Table 15 to this part); and

(I) If using longline pot gear in the GOA, report the number of pots set, the number of pots lost, and the number of pots left deployed on the fishing grounds.

* * * * *

■ 6. In § 679.7,

■ a. Revise paragraph (a)(6) introductory text, (a)(6)(i), (a)(13) introductory text, (a)(13)(ii) introductory text, and (a)(13)(iv); and

■ b. Add paragraphs (f)(17) through (25).

The additions and revisions read as follows:

§ 679.7 Prohibitions.

* * * * *

(a) * * *

(6) *Gear.* Deploy any trawl, longline, longline pot, pot-and-line, or jig gear in an area when directed fishing for, or retention of, all groundfish by operators of vessels using that gear type is prohibited in that area, except that this paragraph (a)(6) shall not prohibit:

(i) Deployment of fixed gear, as defined in § 679.2 under ''Authorized fishing gear,'' by an operator of a vessel fishing for IFQ halibut during the fishing period prescribed in the annual management measures published in the **Federal Register** pursuant to § 300.62 of this title.

* * * * *

(13) *Halibut.* With respect to halibut caught with fixed gear, as defined in § 679.2 under the definition of ''Authorized fishing gear,'' deployed from a vessel fishing for groundfish, except for vessels fishing for halibut as prescribed in the annual management measures published in the **Federal Register** pursuant to § 300.62 of this title:

* * * * *

(ii) Release halibut caught with longline gear by any method other than—

* * * * *

(iv) Allow halibut caught with longline gear to contact the vessel, if such contact causes, or is capable of causing, the halibut to be stripped from the hook.

* * * * *

(f) * * *

(17) Deploy, conduct fishing with, or retrieve longline pot gear in the GOA before the start or after the end of the IFQ sablefish fishing period specified in § 679.23(g)(1).

(18) Deploy, conduct fishing with, retrieve, or retain IFQ sablefish or IFQ halibut from longline pot gear in the GOA:

(i) In excess of the pot limits specified in § 679.42(l)(5)(ii); and

(ii) Without a pot tag attached to each pot in accordance with § 679.42(l)(4).

(19) Deploy, conduct fishing with, or retain IFQ sablefish or IFQ halibut in the GOA from a pot with an attached pot tag that has a serial number assigned to another vessel or has been reported lost, stolen, or mutilated to NMFS in a request for a replacement pot tag as described in § 679.42(l)(3)(iii).

(20) Deploy longline pot gear to fish IFQ sablefish in the GOA without marking the gear in accordance with § 679.24(a).

(21) Fail to retrieve and remove from the fishing grounds all deployed longline pot gear that is assigned to, and used by, a catcher vessel to fish IFQ sablefish in the Southeast Outside District of the GOA when the vessel makes an IFQ landing.

(22) Fail to redeploy or remove from the fishing grounds all deployed longline pot gear that is assigned to, and used by, a catcher/processor within five days of deploying the gear to fish IFQ sablefish in the Southeast Outside District of the GOA.

(23) Fail to redeploy or remove from the fishing grounds all deployed longline pot gear that is assigned to, and used by, a catcher vessel or a catcher/processor within five days of deploying the gear to fish IFQ sablefish in the West Yakutat District of the GOA and the Central GOA regulatory area.

(24) Fail to redeploy or remove from the fishing grounds all deployed longline pot gear that is assigned to, and used by, a catcher vessel or a catcher/processor within seven days of deploying the gear to fish IFQ sablefish in the Western GOA regulatory area.

(25) Operate a catcher vessel or a catcher/processor using longline pot gear to fish IFQ sablefish or IFQ halibut in the GOA and fail to use functioning VMS equipment as required in § 679.42(k)(2).

* * * * *

■ 7. In § 679.20, revise paragraphs (a)(4)(i), (a)(4)(ii) heading, and (a)(4)(ii)(A) to read as follows:

§ 679.20 General limitations.

* * * * *

(a) * * *

(4) * * *

(i) *Eastern GOA regulatory area*—(A) *Fixed gear.* Vessels in the Eastern GOA regulatory area using fixed gear will be allocated 95 percent of the sablefish TAC.

(B) *Trawl gear.* Vessels in the Eastern GOA regulatory area using trawl gear will be allocated 5 percent of the sablefish TAC for bycatch in other trawl fisheries.

(ii) *Central and Western GOA regulatory areas*—(A) *Fixed gear.* Vessels in the Central and Western GOA regulatory areas using fixed gear will be allocated 80 percent of the sablefish TAC in each of the Central and Western GOA regulatory areas.

* * * * *

■ 8. In § 679.23, revise paragraph (g)(2) to read as follows:

§ 679.23 Seasons.

* * * * *

(g) * * *

(2) Except for catches of sablefish with longline pot gear in the GOA, catches of sablefish by fixed gear during other periods may be retained up to the amounts provided for by the directed fishing standards specified at § 679.20 when made by an individual aboard the vessel who has a valid IFQ permit and unused IFQ in the account on which the permit was issued.

* * * * *

■ 9. In § 679.24,

■ a. Add paragraphs (a)(3) and (b)(1)(iii); and

■ b. Revise paragraphs (c)(2)(i)(A) and (B); and (c)(3).

The additions and revisions read as follows:

§ 679.24 Gear limitations.

* * * * *

(a) * * *

(3) Each end of a set of longline pot gear deployed to fish IFQ sablefish in the GOA must have attached a cluster of four or more marker buoys including one hard buoy ball marked with the capital letters ''LP'' in accordance with paragraph (a)(2) of this section, a flag mounted on a pole, and radar reflector floating on the sea surface.

(b) * * *

(1) * * *

(iii) While directed fishing for IFQ sablefish in the GOA.

* * * * *

(c) * * *

(2) * * *

(i) * * *

(A) No person may use any gear other than hook-and-line, longline pot, and trawl gear when fishing for sablefish in the Eastern GOA regulatory area.

(B) No person may use any gear other than hook-and-line gear and longline pot gear to engage in directed fishing for IFQ sablefish.

* * * * *

(3) *Central and Western GOA regulatory areas; sablefish as prohibited species.* Operators of vessels using gear types other than hook-and-line, longline

pot, and trawl gear in the Central and Western GOA regulatory areas must treat any catch of sablefish in these areas as a prohibited species as provided by § 679.21(a).

* * * * *

■ 10. In § 679.42,

■ a. Revise paragraphs (b)(1) and (2);

■ b. Revise paragraphs (k)(1) and (k)(2); and

■ c. Add paragraph (l).

The additions and revisions read as follows:

§ 679.42 Limitations on use of QS and IFQ.

* * * * *

(b) * * *

(1) *IFQ Fisheries.* Authorized fishing gear to harvest IFQ halibut and IFQ sablefish is defined in § 679.2.

(i) *IFQ halibut.* IFQ halibut must not be harvested with trawl gear in any IFQ regulatory area, or with pot gear in any IFQ regulatory area in the BSAI.

(ii) *IFQ sablefish.* IFQ sablefish must not be harvested with trawl gear in any IFQ regulatory area, or with pot-and-line gear in the GOA. A vessel operator using longline pot gear in the GOA to fish for IFQ sablefish must comply with the GOA sablefish longline pot gear requirements in paragraph (l) of this section.

(2) *Seabird avoidance gear and methods.* The operator of a vessel using hook-and-line gear authorized at § 679.2 while fishing for IFQ halibut, CDQ halibut, or IFQ sablefish must comply with requirements for seabird avoidance gear and methods set forth at § 679.24(e).

* * * * *

(k) * * *

(1) *Bering Sea or Aleutian Islands*—(i) *General.* Any vessel operator who fishes for IFQ sablefish in the Bering Sea or Aleutian Islands must possess a transmitting VMS transmitter while fishing for IFQ sablefish.

(ii) *VMS requirements.* (A) The operator of the vessel must comply with VMS requirements at § 679.28(f)(3) through (5); and

(B) The operator of the vessel must contact NMFS at 800–304–4846 (option 1) between 0600 and 0000 A.l.t. and receive a VMS confirmation number at least 72 hours prior to fishing for IFQ sablefish in the Bering Sea or Aleutian Islands.

(2) *Gulf of Alaska.* (i) *General.* A vessel operator using longline pot gear to fish for IFQ sablefish in the Gulf of Alaska must possess a transmitting VMS transmitter while fishing for sablefish.

(ii) *VMS requirements.* (A) The operator of the vessel must comply with VMS requirements at § 679.28(f)(3) through (5); and

(B) The operator of the vessel must contact NMFS at 800–304–4846 (option 1) between 0600 and 0000 A.l.t. and receive a VMS confirmation number at least 72 hours prior to using longline pot gear to fish for IFQ sablefish in the Gulf of Alaska.

(l) *GOA sablefish longline pot gear requirements.* Additional regulations that implement specific requirements for any vessel operator who fishes for IFQ sablefish in the GOA using longline pot gear are set out under: § 300.61 Definitions, § 679.2 Definitions, § 679.5 Recordkeeping and reporting (R&R), § 679.7 Prohibitions, § 679.20 General limitations, § 679.23 Seasons, § 679.24 Gear limitations, and § 679.51 Observer requirements for vessels and plants.

(1) *Applicability.* Any vessel operator who fishes for IFQ sablefish with longline pot gear in the GOA must comply with the requirements of this paragraph (l). The IFQ regulatory areas in the GOA include the Southeast Outside District of the GOA, the West Yakutat District of the GOA, the Central GOA regulatory area, and the Western GOA regulatory area.

(2) *General.* To use longline pot gear to fish for IFQ sablefish in the GOA, a vessel operator must:

(i) Request and be issued pot tags from NMFS as specified in paragraph (l)(3);

(ii) Use pot tags as specified in paragraph (l)(4);

(iii) Deploy and retrieve longline pot gear as specified in paragraph (l)(5);

(iv) Retain IFQ halibut caught in longline pot gear if sufficient halibut IFQ is held by persons on board the vessel as specified in paragraph (l)(6); and

(v) Comply with other requirements as specified in paragraph (l)(7).

(3) *Pot tags.* (i) *Request for pot tags.* (A) The owner of a vessel that uses longline pot gear to fish for IFQ sablefish in the GOA must use pot tags issued by NMFS. A vessel owner may only receive pot tags from NMFS for each vessel that uses longline pot gear to fish for IFQ sablefish in the GOA by submitting a complete IFQ Sablefish Longline Pot Gear Vessel Registration and Request for Pot Gear Tags form according to form instructions. The form is located on the NMFS Alaska Region Web site at *alaskafisheries.noaa.gov.*

(B) The vessel owner must specify the number of requested pot tags for each vessel for each IFQ regulatory area in the GOA (up to the maximum number of pots specified in paragraph (l)(5)(ii) of this section) on the IFQ Sablefish Longline Pot Gear Vessel Registration and Request for Pot Gear Tags form.

(ii) *Issuance of pot tags.* (A) Upon submission of a completed IFQ Sablefish Longline Pot Gear Vessel Registration and Request for Pot Gear Tags form, NMFS will assign each pot tag to the vessel specified on the form.

(B) Each pot tag will be a unique color that is specific to the IFQ regulatory area in the GOA in which it must be deployed and imprinted with a unique serial number.

(C) NMFS will send the pot tags to the vessel owner at the address provided on the IFQ Sablefish Longline Pot Gear Vessel Registration and Request for Pot Gear Tags form.

(iii) *Request for pot tag replacement.* (A) The vessel owner may submit a request to NMFS to replace pot tags that are lost, stolen or mutilated.

(B) The vessel owner to whom the lost, stolen or mutilated pot tag was issued must submit a complete IFQ Sablefish Request for Replacement of Longline Pot Gear Tags form according to form instructions. The form is located on the NMFS Alaska Region Web site at *alaskafisheries.noaa.gov.*

(C) A complete form must be signed by the vessel owner and is a sworn affidavit to NMFS indicating the reason for the request for a replacement pot tag or pot tags and the number of replacement pot tags requested by IFQ regulatory area.

(D) NMFS will review a request to replace a pot tag or tags and will issue the appropriate number of replacement pot tags. The total number of pot tags issued to a vessel owner for an IFQ regulatory area in the GOA cannot exceed the maximum number of pots authorized for use by a vessel in that IFQ regulatory area specified in paragraph (l)(5)(ii) of this section. The total number of pot tags issued to a vessel owner for an IFQ regulatory area in the GOA equals the sum of the number of pot tags issued for that IFQ regulatory area that have not been replaced plus the number of replacement pot tags issued for that IFQ regulatory area.

(iv) *Annual vessel registration and pot tag assignment.* (A) The owner of a vessel that uses longline pot gear to fish for IFQ sablefish in the GOA must annually register the vessel with NMFS and specify the pot tags that NMFS will assign to the vessel. Pot tags must be assigned to only one vessel each year.

(B) To register a vessel and assign pot tags, the vessel owner must annually submit a complete IFQ Sablefish Longline Pot Gear Vessel Registration and Request for Pot Gear Tags form to NMFS.

(*1*) The vessel owner must specify the vessel to be registered on the IFQ

Sablefish Longline Pot Gear Vessel Registration and Request for Pot Gear Tags form. The specified vessel must have a valid ADF&G vessel registration number.

(*2*) The vessel owner must specify on the IFQ Sablefish Longline Pot Gear Vessel Registration and Request for Pot Gear Tags form either that the vessel owner is requesting that NMFS assign pot tags to a vessel to which the pot tags were previously assigned or that the vessel owner is requesting new pot tags from NMFS.

(4) *Using pot tags.* (i) Each pot used to fish for IFQ sablefish in the GOA must be identified with a valid pot tag. A valid pot tag is:

(A) Issued by NMFS according to paragraph (l)(3) of this section;

(B) The color specific to the regulatory area in which it will be used; and

(C) Inscribed with a legible unique serial number.

(ii) A valid pot tag must be attached to each pot on board the vessel to which the pot tags are assigned before the vessel departs port to fish.

(iii) A valid pot tag must be attached to a pot bridge or cross member such that the entire pot tag is visible and not obstructed.

(5) *Restrictions on GOA longline pot gear deployment and retrieval*—(i) *General.*

(A) A vessel operator must mark longline pot gear used to fish IFQ sablefish in the GOA as specified in § 679.24(a).

(B) A vessel operator must deploy and retrieve longline pot gear to fish IFQ sablefish in the GOA only during the sablefish fishing period specified in § 679.23(g)(1).

(ii) *Pot limits.* A vessel operator is limited to deploying a maximum number of pots to fish IFQ sablefish in each IFQ regulatory area in the GOA.

(A) In the Southeast Outside District of the GOA, a vessel operator is limited to deploying a maximum of 120 pots.

(B) In the West Yakutat District of the GOA, a vessel operator is limited to deploying a maximum of 120 pots.

(C) In the Central GOA regulatory area, a vessel operator is limited to deploying a maximum of 300 pots.

(D) In the Western GOA regulatory area, a vessel operator is limited to deploying a maximum of 300 pots.

(iii) *Gear retrieval.* (A) In the Southeast Outside District of the GOA, a catcher vessel operator must retrieve and remove from the fishing grounds all longline pot gear that is assigned to the vessel and deployed to fish IFQ sablefish when the vessel makes an IFQ landing.

(B) In the Southeast Outside District of the GOA, a catcher/processor must redeploy or remove from the fishing grounds all longline pot gear that is assigned to the vessel and deployed to fish IFQ sablefish within five days of deploying the gear.

(C) In the West Yakutat District of the GOA and the Central GOA regulatory area, a vessel operator must redeploy or remove from the fishing grounds all longline pot gear that is assigned to the vessel and deployed to fish IFQ sablefish within five days of deploying the gear.

(D) In the Western GOA regulatory area, a vessel operator must redeploy or remove from the fishing grounds all longline pot gear that is assigned to the vessel and deployed to fish IFQ sablefish within seven days of deploying the gear.

(iv) *Longline pot gear used on multiple vessels.* Longline pot gear assigned to one vessel and deployed to fish IFQ sablefish in the GOA must be removed from the fishing grounds, returned to port, and must have only one set of the appropriate vessel-specific pot tags before being deployed by another vessel to fish IFQ sablefish in the GOA.

(6) *Retention of halibut.* (i) A vessel operator who fishes for IFQ sablefish using longline pot gear must retain IFQ halibut if:

(A) The IFQ halibut is caught in IFQ regulatory areas 2C, 3A, 3B, and that portion of Area 4A in the GOA west of Area 3B and east of 170°00' W. long.; and

(B) An IFQ permit holder on board the vessel has unused halibut IFQ for the IFQ regulatory area fished and IFQ vessel category.

(7) *Other requirements.* A vessel operator who fishes for IFQ sablefish using longline pot gear in the GOA must:

(i) Complete a longline and pot gear Daily Fishing Logbook (DFL) or Daily Cumulative Production Logbook (DCPL) as specified in § 679.5(c); and

(ii) Comply with Vessel Monitoring System (VMS) requirements specified in paragraph (k)(2) of this section.

■ 11. In § 679.51, revise paragraphs (a)(1)(i) introductory text and (a)(1)(i)(B) to read as follows:

§ 679.51 Observer requirements for vessels and plants.

* * * * *

(a) * * *

(1) * * *

(i) *Vessel classes in partial coverage category.* Unless otherwise specified in paragraph (a)(2) of this section, the following catcher vessels and catcher/processors are in the partial observer coverage category when fishing for halibut or when directed fishing for groundfish in a federally managed or parallel groundfish fishery, as defined at § 679.2:

* * * * *

(B) A catcher vessel when fishing for halibut while carrying a person named on a permit issued under § 679.4(d)(1)(i), (d)(2)(i), or (e)(2), or for IFQ sablefish, as defined at § 679.2, while carrying a person named on a permit issued under § 679.4(d)(1)(i) or (d)(2)(i); or

* * * * *

■ 12. In Table 15 to part 679, revise entries for ''Pot'', ''Authorized gear for sablefish harvested from any GOA reporting area'', and ''Authorized gear for halibut harvested from any IFQ regulatory area'', and add entry for ''Authorized gear for halibut harvested from any IFQ regulatory area in the BSAI'' to read as follows:

Notices

Federal Register
Vol. 81, No. 161
Friday, August 19, 2016

This section of the FEDERAL REGISTER contains documents other than rules or proposed rules that are applicable to the public. Notices of hearings and investigations, committee meetings, agency decisions and rulings, delegations of authority, filing of petitions and applications and agency statements of organization and functions are examples of documents appearing in this section.

DEPARTMENT OF AGRICULTURE

Agricultural Marketing Service

Submission for OMB Review; Comment Request

August 16, 2016.

The Department of Agriculture will submit the following information collection requirement(s) to OMB for review and clearance under the Paperwork Reduction Act of 1995, Public Law 104–13 on or after the date of publication of this notice. Comments are requested regarding (1) whether the collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of burden including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology should be addressed to: Desk Officer for Agriculture, Office of Information and Regulatory Affairs, Office of Management and Budget (OMB), New Executive Office Building, Washington, DC; New Executive Office Building, 725 17th Street NW., Washington, DC 20503. Commenters are encouraged to submit their comments to OMB via email to: *OIRA_Submission@omb.eop.gov* or fax (202) 395–5806 and to Departmental Clearance Office, USDA, OCIO, Mail Stop 7602, Washington, DC 20250–7602.

Comments regarding these information collections are best assured of having their full effect if received by September 19, 2016. Copies of the submission(s) may be obtained by calling (202) 720–8681.

An agency may not conduct or sponsor a collection of information unless the collection of information displays a currently valid OMB control number and the agency informs potential persons who are to respond to the collection of information that such persons are not required to respond to the collection of information unless it displays a currently valid OMB control number.

Agricultural Marketing Service

Title: Export Fruit Regulations—Export Apple Act (7 CFR part 33) and Export Grape and Plum Act (7 CFR part 35).

OMB Control Number: 0581–0143.

Summary of Collection: Fresh apples and grapes grown in the United States and shipped to any foreign destination must meet minimum quality and other requirements established by regulations issued under the Export Apple Act (7 CFR part 33) and the Export Grape and Plum Act (7 CFR part 35). These Acts were designed to promote the foreign trade of the United States in apples and grapes; to protect the reputation of these American-grown commodities; and to prevent deception or misrepresentation of the quality of such products moving in foreign commerce. Plum provisions in the marketing order were terminated in 1991. The regulation issued under the Export Grape and Plum Act (7 CFR part 35) cover fresh grapes grown in the United States and shipped to foreign destinations, except Canada and Mexico.

Need and Use of the Information: Each shipment must be inspected by Federal or Federal-State Inspection Program (FSIP) to determine if a lot of apples or grapes intended for export meet the applicable quality requirements. FSIP inspectors use the Export Form Certificate to certify inspection of the shipment for exports bound for non-Canadian destinations. The USDA's Agricultural Marketing Services uses the certificates for compliance purposes. The inspector records specific information on the certificate relating to the quality of the fruit, the quantity shipped, the date shipped, vessel identification, and the intended foreign destination of the fruit. Export carriers are required to keep on file for three years copies of inspection certificates for apples and grapes.

Description of Respondents: Business or other for-profit; Farms.

Number of Respondents: 94.

Frequency of Responses: Recordkeeping; Reporting; On occasion, Monthly, Annually.

Total Burden Hours: 4,381.

Agricultural Marketing Service

Title: National Sheep Industry Improvement Center.

OMB Control Number: 0581–0263.

Summary of Collection: The National Sheep Industry Improvement Center (NSIIC) was initially authorized under the Consolidated Farm and Rural Development Act (Act) (Pub. L. 104–127). The initial legislation included a provision that privatized the NSIIC 10 years after its ratification. Subsequently, the NSIIC was privatized on September 30, 1996. In 2008, the NSIIC was re-established under Title XI of the Food, Conservation, and Energy Act of 2008 also known as the 2008 Farm Bill. Section 11009 of the 2008 Farm Bill repealed the requirement in section 375(e)(6) of the Act to privatize the NSIIC.

The management of the NSIIC is vested in a Board of Directors (Board) that is appointed by the Secretary of Agriculture. The primary objective of the NSIIC is to assist U.S. sheep and goat industries by strengthening and enhancing the production and marketing of sheep, goats, and their products in the United States.

Need and Use of the Information: Information is collected using the forms ''Nominations for Appointments;'' ''Background Information, AD–755;'' and ''Nominee's Agreement to Serve.'' AMS accepts nominations for membership on the Board from national organizations that (1) consist primarily of active sheep or goat producers in the United States and (2) have the primary interest of sheep or goat production in the United States. The information collection requirements in the request are essential to carry out the intent of the enabling legislation.

Description of Respondents: National Organizations consisting primarily of active sheep or goat producers in the U.S.

Number of Respondents: 10.

Frequency of Responses: Reporting: Annually.

Total Burden Hours: 6.

Ruth Brown,

Departmental Information Collection Clearance Officer.

BILLING CODE 3410–02–P

DEPARTMENT OF AGRICULTURE

Forest Service

Missoula Resource Advisory Committee

AGENCY: Forest Service, USDA.

ACTION: Notice of meeting.

SUMMARY: The Missoula Resource Advisory Committee (RAC) will meet in Missoula, Montana. The committee is authorized under the Secure Rural Schools and Community Self-Determination Act (the Act) and operates in compliance with the Federal Advisory Committee Act. The purpose of the committee is to improve collaborative relationships and to provide advice and recommendations to the Forest Service concerning projects and funding consistent with Title II of the Act. RAC information can be found at the following Web site: *http://www.fs.usda.gov/main/lolo/workingtogether/advisorycommittees.*

DATES: The meeting will be held on Tuesday, September 6th, 2016, at 6:00 p.m.

All RAC meetings are subject to cancellation. For status of meeting prior to attendance, please contact the person listed under **FOR FURTHER INFORMATION CONTACT**.

ADDRESSES: The meeting will be held at the Rocky Mountain Elk Foundation, 5705 Grant Creek Road Missoula, Montana.

Written comments may be submitted as described under **SUPPLEMENTARY INFORMATION**. All comments, including names and addresses when provided, are placed in the record and are available for public inspection and copying. The public may inspect comments received at the Ninemile Ranger District. Please call ahead at 406–626–5201 to facilitate entry into the building.

FOR FURTHER INFORMATION CONTACT: Sari Lehl, RAC Coordinator by phone at 406–626–5201, or via email at *slehl@fs.fed.us.*

Individuals who use telecommunication devices for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 between 8:00 a.m. and 8:00 p.m., Eastern Standard Time, Monday through Friday.

SUPPLEMENTARY INFORMATION: The purpose of the meeting is to discuss, recommend, and vote on RAC projects.

The meeting is open to the public. The agenda will include time for people to make oral statements of three minutes or less. Individuals wishing to make an oral statement should request in writing by September 1, 2016, to be scheduled on the agenda. Anyone who would like to bring related matters to the attention of the committee may file written statements with the committee staff before or after the meeting. Written comments and requests for time to make oral comments must be sent to Sari Lehl, RAC Coordinator, Ninemile Ranger District, 20325 Remount Road, Huson, Montana 59846; or by email to *slehl@fs.fed.us,* or via facsimile to 406–626–5201.

Meeting Accommodations: If you are a person requiring reasonable accommodation, please make requests in advance for sign language interpreting, assistive listening devices, or other reasonable accommodation. For access to the facility or proceedings, please contact the person listed in the section titled **FOR FURTHER INFORMATION CONTACT**.

All reasonable accommodation requests are managed on a case by case basis.

Dated: August 11, 2016.

Erin M. Phelps,

District Ranger.

BILLING CODE 3411–15–P

DEPARTMENT OF COMMERCE

Bureau of the Census

Census Scientific Advisory Committee

AGENCY: Bureau of the Census, Department of Commerce.

ACTION: Notice of public meeting.

SUMMARY: The Bureau of the Census (Census Bureau) is giving notice of a meeting of the Census Scientific Advisory Committee (C–SAC). The Committee will address policy, research, and technical issues relating to a full range of Census Bureau programs and activities, including communications, decennial, demographic, economic, field operations, geographic, information technology, and statistics. The C–SAC will meet in a plenary session on September 15–16, 2016. Last minute changes to the schedule are possible, which could prevent giving advance public notice of schedule adjustments. Please visit the Census Advisory Committees Web site for the most current meeting agenda at: *http://www.census.gov/cac.* The meeting will be available via webcast at: *http://www.census.gov/newsroom/census-live.html* or at *http://www.ustream.tv/embed/6504322?wmode=direct.*

DATES: September 15–16, 2016. On September 15, the meeting will begin at approximately 8:30 a.m. and end at approximately 5:00 p.m. On September 16, the meeting will begin at approximately 8:30 a.m. and end at approximately 4:00 p.m.

ADDRESSES: The meeting will be held at the U.S. Census Bureau Auditorium, 4600 Silver Hill Road, Suitland, Maryland 20746.

FOR FURTHER INFORMATION CONTACT: Tara Dunlop Jackson, Branch Chief for Advisory Committees, Customer Liaison and Marketing Services Office, *tara.t.dunlop@census.gov,* Department of Commerce, U.S. Census Bureau, Room 8H177, 4600 Silver Hill Road, Washington, DC 20233, telephone 301–763–5222. For TTY callers, please use the Federal Relay Service 1–800–877–8339.

SUPPLEMENTARY INFORMATION: The members of the C–SAC are appointed by the Director, U.S. Census Bureau. The Committee provides scientific and technical expertise, as appropriate, to address Census Bureau program needs and objectives. The Committee has been established in accordance with the Federal Advisory Committee Act (Title 5, United States Code, Appendix 2, Section 10).

All meetings are open to the public. A brief period will be set aside at the meeting for public comment on September 16. However, individuals with extensive questions or statements must submit them in writing to: *census.scientific.advisory.committee@census.gov* (subject line ''September 2016 C–SAC Meeting Public Comment''), or by letter submission to Kimberly L. Leonard, Committee Liaison Officer, Department of Commerce, U.S. Census Bureau, Room 8H179, 4600 Silver Hill Road, Washington, DC 20233.

If you plan to attend the meeting, please register by Monday, September 12, 2016. You may access the online registration from the following link: *http://www.regonline.com/csac_meeting_sep2016.* Seating is available to the public on a first-come, first-served basis.

This meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should also be directed to the Committee Liaison Officer as soon

as known, and preferably two weeks prior to the meeting.

Due to increased security and for access to the meeting, please call 301–763–9906 upon arrival at the Census Bureau on the day of the meeting. A photo ID must be presented in order to receive your visitor's badge. Visitors are not allowed beyond the first floor.

Topics of discussion will include the following items:

- 2020 Census Program Updates
- Economic Programs Updates
  - 2017 Economic Census
  - Census of Governments
  - Improving Economic Statistics
- Disclosure Avoidance Overview
- Evidence Based Policy Making Commission Overview
- CSAC Working Groups Progress Reports

Dated: August 11, 2016.

John H. Thompson,

Director, Bureau of the Census.

Foreign-Trade Zones Board

[B–24–2016]

Foreign-Trade Zone (FTZ) 22—Chicago, Illinois, Authorization of Production Activity, Omron Automotive Electronics, Inc. (Automotive Electronic Components), St. Charles, Illinois

On April 14, 2016, Omron Automotive Electronics, Inc. submitted a notification of proposed production activity to the Foreign-Trade Zones (FTZ) Board for its facility within FTZ 22—Site 41, in St. Charles, Illinois.

The notification was processed in accordance with the regulations of the FTZ Board (15 CFR part 400), including notice in the **Federal Register** inviting public comment (81 FR 26200, May 2, 2016). The FTZ Board has determined that no further review of the activity is warranted at this time. The production activity described in the notification is authorized, subject to the FTZ Act and the Board's regulations, including Section 400.14.

Dated: August 12, 2016.

BILLING CODE 3510–DS–P

DEPARTMENT OF COMMERCE

Bureau of Industry and Security

In the Matter of: Walter Anders, 10701 Huntersville Commons Drive, Suite C, Huntersville, NC 28078; Terand, Inc., 10701 Huntersville Commons Drive, Suite C, Huntersville, NC 28078, Respondents; Order Relating to Walter Anders and Terand, Inc.

The Bureau of Industry and Security, U.S. Department of Commerce (''BIS''), has notified Walter Anders (''Anders'') and Terand, Inc. (''Terand'') (collectively, referred to as ''Terand/Anders'' or the ''Respondents'') of its intention to initiate an administrative proceeding against Respondents pursuant to Section 766.3 of the Export Administration Regulations (the ''Regulations''),[1] and Section 13(c) of the Export Administration Act of 1979, as amended (the ''Act''),[2] through the issuance of a Proposed Charging Letter to Respondents that alleges that Respondents committed eight violations of the Regulations. Specifically, the charges are:

Charges 1–8 15 CFR 764.2(b)—Causing, Aiding, and/or Abetting Unlicensed Exports of Controlled Carbon Fiber

On at least eight occasions between on or about April 5, 2012, and on or about December 1, 2012, Terand/Anders caused, aided, and/or abetted the export of approximately 6,557 kg of U.S.-origin T300 carbon fiber to Singapore without the required BIS licenses. The T300 carbon fiber is subject to the Regulations, classified under Export Control Classification Number (''ECCN'') 1C210.a, and controlled for nuclear proliferation reasons, and was valued at approximately $288,736. Each of the eight exports required a license pursuant to Section 742.3 of the Regulations.

Terand/Anders' involvement in the transactions began soon after Performance Engineered Nonwovens, of Middletown, NY, was informed by BIS that its license to export T300 carbon fiber to Singapore was revoked based on concerns regarding the recipients of the items. Performance Engineered Nonwovens thereafter sought to camouflage its involvement in unlicensed exports of the carbon fiber to Singapore. Within weeks of the license revocation, Terand/Anders had agreed—following discussions between Anders, Terand's president and sole employee, and Performance Engineered Nonwovens' president, Peter Gromacki—that Terand would falsely act as the U.S. exporter of record for exports of the items to Singapore in return for a $1,400 commission for each successful export on Performance Engineered Nonwovens' behalf.

Aware of the license requirement, Terand/Anders took various actions to cause, aid, and abet unlicensed exports of the items to Singapore, while seeking to minimize the risk that the U.S. Government would learn of Performance Engineered Nonwovens' involvement in the transactions. Terand/Anders created and issued commercial invoices on Terand letterhead that falsely named Terand as the exporter and falsely stated that: ''This commodity technology exported from the United States is in accordance with the Export Administration Regulations.''

Terand/Anders also acted as the intermediary between Performance Engineered Nonwovens/Gromacki and the freight forwarder, providing instructions to the forwarder, signing any required shipping documents, and receiving status reports on the progress of exports to Singapore. In addition, Terand's name appeared as the U.S. Principal Party in Interest on each of the Shippers Export Declarations filed with the U.S. Government in connection with the eight exports at issue, including after the customer in Singapore refused to place additional purchase orders through Terand after the first five of the exports. On or about September 28, 2012, Performance Engineered Nonwovens/Gromacki assured Terand/Anders that their crucial role in facilitating the unlawful exports, and their compensation for doing so, could nonetheless continue:

Starting with today's shipment, I accepted [the purchase order] under PEN [Performance Engineered Nonwovens] name but Terand can continue to serve as exporter of record as you have been doing. . . . You continue to play a crucial role. I cannot export without your help and hence the commission checks will continue to flow in your direction. I shall forward you a copy of each PO.

Terand/Anders did, in fact, continue to falsely act as the U.S. exporter of record for the remaining three exports at issue.

In so causing, aiding, and/or abetting eight exports of the items without the required BIS export licenses, Terand and Anders committed eight violations of Section 764.2(b) of the Regulations, for which they are jointly and severally liable.

WHEREAS, BIS and Respondents have entered into a Settlement Agreement pursuant to Section 766.18(a) of the Regulations, whereby they agreed to settle this matter in accordance with the terms and conditions set forth therein;

WHEREAS, I have approved of the terms of such Settlement Agreement;

IT IS THEREFORE ORDERED:

[1] The Regulations are currently codified in the Code of Federal Regulations at 15 CFR parts 730–774 (2016). The violations alleged occurred in 2012. The Regulations governing the violations at issue are found in the 2012 version of the Code of Federal Regulations (15 CFR parts 730–774). The 2016 Regulations set forth the procedures that apply to this matter.

[2] 50 U.S.C. 4601–4623 (available at *http://uscode.house.gov/*). Since August 21, 2001, the Act has been in lapse and the President, through Executive Order 13222 of August 17, 2001 (3 CFR, 2001 Comp. 783 (2002)), which has been extended by successive Presidential Notices, the most recent being that of August 4, 2016 (81 FR 52587 (Aug. 8, 2016)), has continued the Regulations in effect under the International Emergency Economic Powers Act (50 U.S.C. 1701, *et seq.* (2012)).

FIRST, for a period of eight (8) years from the date of this Order, Walter Anders, with last known address 10701 Huntersville Commons Drive, Suite C, Huntersville, NC 28078, and when acting for or on his behalf, his successors, assigns, employees, representatives, or agents, and Terand, Inc., with a last known address of 10701 Huntersville Commons Drive, Suite C, Huntersville, NC 28078, and when acting for or on its behalf, its successors, assigns, directors, officers, employees, representatives, or agents (each a ''Denied Person'' and collectively the ''Denied Persons''), may not, directly or indirectly, participate in any way in any transaction involving any commodity, software or technology (hereinafter collectively referred to as ''item'') exported or to be exported from the United States that is subject to the Regulations, or in any other activity subject to the Regulations, including, but not limited to:

A. Applying for, obtaining, or using any license, License Exception, or export control document;

B. Carrying on negotiations concerning, or ordering, buying, receiving, using, selling, delivering, storing, disposing of, forwarding, transporting, financing, or otherwise servicing in any way, any transaction involving any item exported or to be exported from the United States that is subject to the Regulations, or in any other activity subject to the Regulations; or

C. Benefitting in any way from any transaction involving any item exported or to be exported from the United States that is subject to the Regulations, or in any other activity subject to the Regulations.

SECOND, no person may, directly or indirectly, do any of the following:

A. Export or reexport to or on behalf of a Denied Person any item subject to the Regulations;

B. Take any action that facilitates the acquisition or attempted acquisition by a Denied Person of the ownership, possession, or control of any item subject to the Regulations that has been or will be exported from the United States, including financing or other support activities related to a transaction whereby a Denied Person acquires or attempts to acquire such ownership, possession or control;

C. Take any action to acquire from or to facilitate the acquisition or attempted acquisition from a Denied Person of any item subject to the Regulations that has been exported from the United States;

D. Obtain from a Denied Person in the United States any item subject to the Regulations with knowledge or reason to know that the item will be, or is intended to be, exported from the United States; or

E. Engage in any transaction to service any item subject to the Regulations that has been or will be exported from the United States and which is owned, possessed or controlled by a Denied Person, or service any item, of whatever origin, that is owned, possessed or controlled by a Denied Person if such service involves the use of any item subject to the Regulations that has been or will be exported from the United States. For purposes of this paragraph, servicing means installation, maintenance, repair, modification or testing.

THIRD, after notice and opportunity for comment as provided in Section 766.23 of the Regulations, any person, firm, corporation, or business organization related to a Denied Person by affiliation, ownership, control, or position of responsibility in the conduct of trade or related services may also be made subject to the provisions of the Order.

FOURTH, Respondents shall not take any action or make or permit to be made any public statement, directly or indirectly, denying the allegations in the Proposed Charging Letter or the Order. The foregoing does not affect Respondents' testimonial obligations in any proceeding, nor does it affect their right to take legal or factual positions in civil litigation or other civil proceedings in which the U.S. Department of Commerce is not a party.

FIFTH, the Proposed Charging Letter, the Settlement Agreement, and this Order shall be made available to the public.

SIXTH, this Order shall be served on Respondents, and shall be published in the **Federal Register**.

This Order, which constitutes the final agency action in this matter, is effective immediately.[3]

Issued this 12th day of August, 2016.

Richard R. Majauskas,

Deputy Assistant Secretary of Commerce for Export Enforcement.

[FR Doc. 2016–19819 Filed 8–18–16; 8:45 am]

BILLING CODE P

[3] Review and consideration of this matter has been delegated to the Deputy Assistant Secretary of Commerce for Export Enforcement.

DEPARTMENT OF COMMERCE

International Trade Administration

[A–533–869]

Certain New Pneumatic Off-the-Road Tires From India: Negative Preliminary Determination of Sales at Less Than Fair Value and Postponement of Final Determination

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (''Department'') preliminarily determines that certain new pneumatic off-the-road tires (''OTR tires'') from India are not being, or are not likely to be, sold in the United States at less than fair value (''LTFV''). The period of investigation (''POI'') is January 1, 2015, through December 31, 2015. The estimated weighted-average dumping margins of sales at LTFV are shown in the ''Preliminary Determination'' section of this notice. Interested parties are invited to comment on this preliminary determination.

DATES: Effective August 19, 2016.

FOR FURTHER INFORMATION CONTACT: Lilit Astvatsatrian or Trisha Tran, AD/CVD Operations, Office IV, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–6412, or (202) 482–4852, respectively.

SUPPLEMENTARY INFORMATION:

Background

The Department published the notice of initiation of this investigation on February 10, 2016.[1] For a complete description of the events that followed the initiation of this investigation, *see* the memorandum that is dated concurrently with this determination and hereby adopted by this notice.[2] A list of topics included in the Preliminary Decision Memorandum is included as Appendix II to this notice. The Preliminary Decision Memorandum is a public document and is on file electronically via Enforcement and

[2] *See* Memorandum from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Enforcement and Compliance, ''Decision Memorandum for the Preliminary Determination in the Less-Than-Fair-Value Investigation of Certain New Pneumatic Off-the-Road Tires from India,'' dated concurrently with this notice (''Preliminary Decision Memorandum'').

Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (''ACCESS''). ACCESS is available to registered users at *https://access.trade.gov,* and to all parties in the Central Records Unit, room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be found at *http://enforcement.trade.gov/frn/.* The signed Preliminary Decision Memorandum and the electronic version of the Preliminary Decision Memorandum are identical in content.

On June 6, 2016, the Department published a notice of postponement for the preliminary determination in this investigation in accordance with section 733(c)(1)(B) of the Tariff Act of 1930, as amended (''the Act''), and 19 CFR 351.205(f)(1).[3] As a result of the 50-day postponement, the revised deadline for the preliminary determination in this investigation is now August 11, 2016.[4]

Scope of the Investigation

The product covered by this investigation is OTR tires. For a full description of the scope of this investigation, *see* the ''Scope of the Investigation,'' in Appendix I.

Scope Comments

In accordance with the preamble to the Department's regulations,[5] the *Initiation Notice* set aside a period of time for parties to raise issues regarding product coverage (*i.e.,* ''scope'').[6] Certain interested parties commented on the scope of the investigation as it appeared in the *Initiation Notice.* For a summary of the product coverage comments and rebuttal responses submitted to the record for this preliminary determination, and accompanying discussion and analysis of all comments timely received, *see* the Preliminary Decision Memorandum.

Methodology

The Department is conducting this investigation in accordance with section 731 of the Act. Export prices or constructed export prices have been calculated in accordance with section 772(a) of the Act. Normal value (''NV'') is calculated in accordance with section 773 of the Act. For a full description of the methodology underlying our preliminary conclusions, *see* the Preliminary Decision Memorandum.

Preliminary Determination

For this preliminary determination, we have calculated a zero dumping margin for each individually investigated producer/exporter of the subject merchandise. Consistent with section 733(b)(3) of the Act, we are disregarding these rates and preliminarily determine that the individually reviewed mandatory respondents have not made sales of subject merchandise at LTFV.

Exporter/Manufacturer	Weighted-average dumping margin (percent)
ATC Tires Private Ltd	0.00
Balkrishna Industries Limited	0.00

Consistent with section 733(d)(1)(A) of the Act, the Department has not calculated a weighted-average dumping margin for all other producers or exporters because it has not made an affirmative preliminary determination of sales at LTFV.

Suspension of Liquidation

Because the Department has not made an affirmative preliminary determination of sales at LTFV, we are not directing U.S. Customs and Border Protection to suspend liquidation of any entries of OTR tires from India.

Disclosure and Public Comment

We will disclose the calculations performed to interested parties in this proceeding within five days of the date of announcement, in accordance with 19 CFR 351.224(b). Interested parties are invited to comment on this preliminary determination. Case briefs or other written comments may be submitted to the Assistant Secretary for Enforcement and Compliance no later than seven days after the date on which the final verification report is issued in this proceeding, and rebuttal briefs, limited to issues raised in case briefs, may be submitted no later than five days after the deadline date for case briefs.[7] Pursuant to 19 CFR 351.309(c)(2) and (d)(2), parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue; (2) a brief summary of the argument; and (3) a table of authorities.

Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing must submit a written request to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce. All documents must be filed electronically using ACCESS. An electronically-filed request must be received successfully in its entirety by ACCESS by 5:00 p.m. Eastern Time, within 30 days after the date of publication of this notice.[8] Requests should contain the party's name, address, and telephone number, the number of participants, and a list of the issues to be discussed. If a request for a hearing is made, the Department intends to hold the hearing at the U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230, at a time and date to be determined. Parties should confirm by telephone the date, time, and location of the hearing two days before the scheduled date.

Verification

As provided in section 782(i) of the Act, we intend to verify information relied upon in making our final determination.

Postponement of Final Determination

Section 735(a)(2)(B) of the Act provides that a final determination may be postponed until not later than 135 days after the date of the publication of the preliminary determination if, in the event of a negative preliminary determination, a request for such postponement is made by Petitioners. On July 28, 2016, Petitioner requested that the Department postpone the final determination.[9]

In accordance with section 735(a)(2)(B) of the Act, because our preliminary determination is negative, we are postponing the final determination. Accordingly, we will make our final determination by no later than 135 days after the date of publication of this preliminary determination, pursuant to section 735(a)(2) of the Act.

International Trade Commission (''ITC'') Notification

In accordance with section 733(f) of the Act, we are notifying the ITC of our negative preliminary determination of sales at LTFV. If our final determination is affirmative, the ITC will determine before the later of 120 days after the date of this preliminary determination, or 45 days after our final determination whether these imports are materially injuring, or threaten material injury to, the U.S. industry.

This determination is issued and published in accordance with sections 733(f) and 777(i)(1) of the Act and 19 CFR 351.205(c).

Dated: August 11, 2016.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

Appendix I—Scope of the Investigation

The scope of the investigation is certain new pneumatic off-the-road tires (OTR tires). OTR tires are tires with an off road tire size designation. The tires included in the scope may be either tube-type [10] or tubeless, radial, or non-radial, regardless of whether for original equipment manufacturers or the replacement market.

Subject tires may have the following prefix or suffix designation, which appears on the sidewall of the tire:

Prefix designations:

DH—Identifies a tire intended for agricultural and logging service which must be mounted on a DH drop center rim.

VA—Identifies a tire intended for agricultural and logging service which must be mounted on a VA multipiece rim.

IF—Identifies an agricultural tire to operate at 20 percent higher rated load than standard metric tires at the same inflation pressure.

VF—Identifies an agricultural tire to operate at 40 percent higher rated load than standard metric tires at the same inflation pressure.

Suffix designations:

ML—Mining and logging tires used in intermittent highway service.

DT—Tires primarily designed for sand and paver service.

NHS—Not for Highway Service.

TG—Tractor Grader, off-the-road tire for use on rims having bead seats with nominal +0.188'' diameter (not for highway service).

K—Compactor tire for use on 5° drop center or semi-drop center rims having bead seats with nominal minus 0.032 diameter.

IND—Drive wheel tractor tire used in industrial service.

SL—Service limited to agricultural usage.

FI—Implement tire for agricultural towed highway service.

CFO—Cyclic Field Operation.

SS—Differentiates tires for off-highway vehicles such as mini and skid-steer loaders from other tires which use similar size designations such as 7.00–15TR and 7.00–15NHS, but may use different rim bead seat configurations.

All tires marked with any of the prefixes or suffixes listed above in their sidewall markings are covered by the scope regardless of their intended use.

In addition, all tires that lack any of the prefixes or suffixes listed above in their sidewall markings are included in the scope, regardless of their intended use, as long as the tire is of a size that is among the numerical size designations listed in the following sections of the Tire and Rim Association Year Book, as updated annually, unless the tire falls within one of the specific exclusions set forth below. The sections of the Tire and Rim Association Year Book listing numerical size designations of covered OTR tires include:

The table of mining and logging tires included in the section on Truck-Bus tires;

The entire section on Off-the-Road tires;

The entire section on Agricultural tires; and

The following tables in the section on Industrial/ATV/Special Trailer tires:

- Industrial, Mining, Counterbalanced Lift Truck (Smooth Floors Only);
- Industrial and Mining (Other than Smooth Floors);
- Construction Equipment;
- Off-the-Road and Counterbalanced Lift Truck (Smooth Floors Only);
- Aerial Lift and Mobile Crane; and
- Utility Vehicle and Lawn and Garden Tractor.

OTR tires, whether or not mounted on wheels or rims, are included in the scope. However, if a subject tire is imported mounted on a wheel or rim, only the tire is covered by the scope. Subject merchandise includes OTR tires produced in the subject countries whether mounted on wheels or rims in a subject country or in a third country. OTR tires are covered whether or not they are accompanied by other parts, *e.g.,* a wheel, rim, axle parts, bolts, nuts, etc. OTR tires that enter attached to a vehicle are not covered by the scope.

In addition, specifically excluded from the scope are passenger vehicle and light truck tires, racing tires, mobile home tires, motorcycle tires, all-terrain vehicle tires, bicycle tires, on-road or on-highway trailer tires, and truck and bus tires. Such tires generally have in common that the symbol ''DOT'' must appear on the sidewall, certifying that the tire conforms to applicable motor vehicle safety standards. Such excluded tires may also have the following prefixes and suffixes included as part of the size designation on their sidewalls:

Prefix letter designations:

AT—Identifies a tire intended for service on All-Terrain Vehicles;

P—Identifies a tire intended primarily for service on passenger cars;

LT—Identifies a tire intended primarily for service on light trucks;

T—Identifies a tire intended for one-position ''temporary use'' as a spare only; and

ST—Identifies a special tire for trailers in highway service.

Suffix letter designations:

TR—Identifies a tire for service on trucks, buses, and other vehicles with rims having specified rim diameter of nominal plus 0.156'' or plus 0.250'';

MH—Identifies tires for Mobile Homes;

HC—Identifies a heavy duty tire designated for use on ''HC'' 15'' tapered rims used on trucks, buses, and other vehicles. This suffix is intended to differentiate among tires for light trucks, and other vehicles or other services, which use a similar designation.

Example: 8R17.5 LT, 8R17.5 HC;

LT—Identifies light truck tires for service on trucks, buses, trailers, and multipurpose passenger vehicles used in nominal highway service;

ST—Special tires for trailers in highway service; and

M/C—Identifies tires and rims for motorcycles.

The following types of tires are also excluded from the scope: Pneumatic tires that are not new, including recycled or retreaded tires and used tires; non-pneumatic tires, including solid rubber tires; aircraft tires; and turf, lawn and garden, and golf tires. Also excluded from the scope are mining and construction tires that have a rim diameter equal to or exceeding 39 inches. Such tires may be distinguished from other tires of similar size by the number of plies that the construction and mining tires contain (minimum of 16) and the weight of such tires (minimum 1500 pounds).

The subject merchandise is currently classifiable under Harmonized Tariff Schedule of the United States (HTSUS) subheadings: 4011.20.1025, 4011.20.1035, 4011.20.5030, 4011.20.5050, 4011.61.0000, 4011.62.0000, 4011.63.0000, 4011.69.0090, 4011.92.0000, 4011.93.4000, 4011.93.8000, 4011.94.4000, 4011.94.8000, 8431.49.9038, 8431.49.9090, 8709.90.0020, and 8716.90.1020. Tires meeting the scope description may also enter under the following HTSUS subheadings: 4011.99.4590, 4011.99.8590, 8424.90.9080, 8431.20.0000, 8431.39.0010, 8431.49.1090, 8431.49.9030, 8432.90.0005, 8432.90.0015, 8432.90.0030, 8432.90.0080, 8433.90.5010, 8503.00.9560, 8708.70.0500, 8708.70.2500, 8708.70.4530, 8716.90.5035 and 8716.90.5055. While HTSUS subheadings are provided for convenience and customs purposes, the written description of the subject merchandise is dispositive.

DEPARTMENT OF COMMERCE

International Trade Administration

[A–570–929]

Small Diameter Graphite Electrodes From the People's Republic of China: Rescission of Antidumping Duty Administrative Review in Part; 2015–2016

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) is rescinding its administrative review in part on small diameter graphite electrodes from the People's Republic of China (PRC) for the period of review (POR) February 1, 2015 through January 31, 2016.

DATES: Effective August 19, 2016.

FOR FURTHER INFORMATION CONTACT: Dmitry Vladimirov or Michael Romani AD/CVD Operations Office I, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–0665 and (202) 482–0198, respectively.

SUPPLEMENTARY INFORMATION:

Background

On February 3, 2016, we published a notice of opportunity to request an administrative review of the antidumping duty order on small diameter graphite electrodes from the PRC for the POR February 1, 2015 through January 31, 2016.[1] On April 7, 2016, in response to a timely request from the petitioners [2] and in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.221(c)(1)(i), we initiated an administrative review of the antidumping duty order on small diameter graphite electrodes from the PRC with respect to 196 companies.[3] On July 6, 2016, the petitioners withdrew their request for an administrative review for 193 out of 196 companies.[4] *See* Appendix for a full list of these companies. No other party requested a review.

Rescission of Administrative Review in Part

Pursuant to 19 CFR 351.213(d)(1), the Department will rescind an administrative review, ''in whole or in part, if a party that requested a review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review.'' Because the petitioners timely withdrew their review request, and because no other party requested a review of the companies for which the petitioners requested a review, we are rescinding the administrative review, in part, with respect to 193 companies for which the petitioners originally sought a review.

Assessment

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. For the companies for which the review is rescinded, antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). The Department intends to issue appropriate assessment instructions to CBP within 15 days after publication of this notice.

Notifications to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement may result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

Notification Regarding Administrative Protective Orders

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO, in accordance with 19 CFR 351.305(a)(3). Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(d)(4).

Dated: August 15, 2016.

Christian Marsh,

Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations.

Appendix

The 193 companies for which the petitioners have withdrawn their request for a review are as follows:

1. 5-Continent Imp. & Exp. Co., Ltd.

Ferrovanadium From the Republic of Korea: Postponement of Preliminary Determination of Antidumping Duty Investigation

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Effective August 19, 2016.

FOR FURTHER INFORMATION CONTACT: Andrew Martinez at (202) 482–3627 or Karine Gziryan at (202) 482–4081; AD/CVD Operations, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

Background

On April 25, 2016, the Department of Commerce (Department) published a notice of initiation of an antidumping duty investigation on ferrovanadium from the Republic of Korea.[1] Section 733(b)(1)(A) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.205(b)(1) state the Department will make a preliminary determination no later than 140 days after the date of the initiation. The current deadline for the preliminary determination of this investigation is no later than September 5, 2016.

Postponement of Preliminary Determination

Section 733(c)(1)(A) of the Act allows the Department to postpone the preliminary determination until no later than 190 days after the date on which the Department initiated the investigation if the petitioner makes a timely request for an extension of the period within which the determination must be made. On August 5, 2016, the Vanadium Producers and Reclaimers Association (VPRA) and VPRA members AMG Vanadium LLC (AMG V), Bear Metallurgical Company (Bear), Gulf Chemical & Metallurgical Corporation (Gulf), and Evraz Stratcor, Inc. (Stratcor) (collectively, Petitioners) made a timely request, pursuant to 19 CFR 351.205(e), for postponement of the preliminary determination, in order to provide the Department with sufficient time to develop the record in this proceeding. Because there are no compelling reasons to deny Petitioners' request, in accordance with section 733(c)(1)(A) of the Act, the Department is postponing the deadline for the preliminary determination by 50 days.

The new deadline for the preliminary determination is October 25, 2016. In accordance with section 735(a)(1) of the Act, the deadline for the final determination of this investigation will continue to be 75 days after the date of the preliminary determination, unless postponed at a later date.

This notice is issued and published pursuant to section 733(c)(2) of the Act and 19 CFR 351.205(f)(1).

Dated: August 12, 2016.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

Hydrofluorocarbon Blends From the People's Republic of China: Antidumping Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: Based on affirmative final determinations by the Department of Commerce (the Department) and the International Trade Commission (the ITC), the Department is issuing an antidumping duty order on hydrofluorocarbon blends from the People's Republic of China (PRC).

DATES: Effective August 19, 2016.

FOR FURTHER INFORMATION CONTACT: Elizabeth Eastwood or Dennis McClure, AD/CVD Operations, Office II, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–3874 or (202) 482–5973.

SUPPLEMENTARY INFORMATION:

Background

In accordance with sections 735(d) and 777(i)(1) of the Tariff Act of 1930, as amended (the Act), and 19 CFR 351.210(c), on June 29, 2016, the Department published its affirmative final determination in the less-than-fair-value (LTFV) investigation of hydrofluorocarbon (HFC) blends and components thereof from the PRC.[1] On August 5, 2016, the ITC notified the Department of: Its affirmative determination that an industry in the United States is materially injured within the meaning of section 735(b)(1)(A)(i) of the Act, by reason of the LTFV imports of HFC blends from the PRC; its negative determination that an industry in the United States is not materially injured or threatened with material injury by reason of imports of HFC components from the PRC; and its determination that critical circumstances do not exist with respect to imports of HFC blends that are subject to the Department's affirmative critical circumstances finding.[2]

[1] *See Hydrofluorocarbon Blends and Components Thereof from the People's Republic of China: Final Determination of Sales at Less Than Fair Value and Final Affirmative Determination of Critical Circumstances;* 81 FR 42314 (June 29, 2016) (*Final Determination*).

[2] *See* Letter to Christian Marsh, Deputy Assistant Secretary of Commerce for Enforcement and Compliance, from Irving Williamson, Chairman of the U.S. International Trade Commission, regarding hydrofluorocarbon blends and components thereof from China (August 5, 2016) (ITC Letter). *See also Hydrofluorocarbon Blends and Components from China* (Investigation No. 731–TA–1279 (Final), USITC Publication 4629, August 2016).

Scope of the Order

The products subject to this order are HFC blends. HFC blends covered by the scope are R–404A, a zeotropic mixture consisting of 52 percent 1,1,1 Trifluoroethane, 44 percent Pentafluoroethane, and 4 percent 1,1,1,2-Tetrafluoroethane; R–407A, a zeotropic mixture of 20 percent Difluoromethane, 40 percent Pentafluoroethane, and 40 percent 1,1,1,2-Tetrafluoroethane; R–407C, a zeotropic mixture of 23 percent Difluoromethane, 25 percent Pentafluoroethane, and 52 percent 1,1,1,2-Tetrafluoroethane; R–410A, a zeotropic mixture of 50 percent Difluoromethane and 50 percent Pentafluoroethane; and R–507A, an azeotropic mixture of 50 percent Pentafluoroethane and 50 percent 1,1,1-Trifluoroethane also known as R–507. The foregoing percentages are nominal percentages by weight. Actual percentages of single component refrigerants by weight may vary by plus or minus two percent points from the nominal percentage identified above.[3]

Any blend that includes an HFC component other than R–32, R–125, R–143a, or R–134a is excluded from the scope of this order.

Excluded from this order are blends of refrigerant chemicals that include products other than HFCs, such as blends including chlorofluorocarbons (CFCs), hydrochlorofluorocarbons (HCFCs), hydrocarbons (HCs), or hydrofluoroolefins (HFOs).

Also excluded from this order are patented HFC blends, including, but not limited to, ISCEON® blends, including MO99™ (R–438A), MO79 (R–422A), MO59 (R–417A), MO49Plus™ (R–437A) and MO29™ (R–4 22D), Genetron® Performax™ LT (R–407F), Choice® R–421A, and Choice® R–421B.

[3] R–404A is sold under various trade names, including Forane® 404A, Genetron® 404A, Solkane® 404A, Klea® 404A, and Suva®404A. R–407A is sold under various trade names, including Forane® 407A, Solkane® 407A, Klea®407A, and Suva®407A. R–407C is sold under various trade names, including Forane® 407C, Genetron® 407C, Solkane® 407C, Klea® 407C and Suva® 407C. R–410A is sold under various trade names, including EcoFluor R410, Forane® 410A, Genetron® R410A and AZ–20, Solkane® 410A, Klea® 410A, Suva® 410A, and Puron®. R–507A is sold under various trade names, including Forane® 507, Solkane® 507, Klea®507, Genetron®AZ–50, and Suva®507. R–32 is sold under various trade names, including Solkane®32, Forane®32, and Klea®32. R–125 is sold under various trade names, including Solkane®125, Klea®125, Genetron®125, and Forane®125. R–143a is sold under various trade names, including Solkane®143a, Genetron®143a, and Forane®125.

HFC blends covered by the scope of this order are currently classified in the Harmonized Tariff Schedule of the United States (HTSUS) at subheadings 3824.78.0020 and 3824.78.0050. Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the scope is dispositive.

Antidumping Duty Order

As stated above, on August 5, 2016, in accordance with section 735(d) of the Act, the ITC notified the Department of its final determination in this investigation. In its determination, the ITC found two domestic like products: (1) HFC blends, and (2) HFC components. The ITC notified the Department of: Its affirmative determination that an industry in the United States is materially injured within the meaning of section 735(b)(1)(A)(i) of the Act, by reason of the LTFV imports of HFC blends from the PRC; its negative determination that an industry in the United States is not materially injured or threatened with material injury by reason of imports of HFC components from the PRC; and its determination that critical circumstances do not exist with respect to imports of HFC blends that are subject to the Department's affirmative critical circumstances finding.[4] Therefore, in accordance with section 735(c)(2) of the Act, we are issuing this antidumping duty order with respect to HFC blends as identified in the ''Scope of the Order'' section above. Because the ITC determined that imports of HFC blends from the PRC are materially injuring a U.S. industry, unliquidated entries of such merchandise from the PRC, entered or withdrawn from warehouse for consumption, are subject to the assessment of antidumping duties.

Therefore, in accordance with section 736(a)(1) of the Act, the Department will direct U.S. Customs and Border Protection (CBP) to assess, upon further instruction by the Department, antidumping duties equal to the amount by which the normal value of the merchandise exceeds the export price (or constructed export price) of the merchandise, for all relevant entries of HFC blends from the PRC. Antidumping duties will be assessed on unliquidated entries of HFC blends from the PRC entered, or withdrawn from warehouse, for consumption on or after February 1, 2016, the date of publication of the preliminary determination,[5] but will not include entries occurring after the expiration of the provisional measures period and before publication of the ITC's final injury determination as further described below.

Suspension of Liquidation

In accordance with section 735(c)(1)(B) of the Act, we will instruct CBP to continue to suspend liquidation on all relevant entries of HFC blends from the PRC. These instructions suspending liquidation will remain in effect until further notice.

We will also instruct CBP to require cash deposits equal to the amounts as indicated below. Accordingly, effective on the date of publication of the ITC's final affirmative injury determination,[6] CBP will require, at the same time as importers would normally deposit estimated duties on this subject merchandise, a cash deposit equal to the estimated weighted-average dumping margins listed below.[7] The ''PRC-wide'' rate applies to all producers or exporters not specifically listed, as appropriate.

With respect to the ITC's negative determination with respect to imports of HFC components from the PRC, we will instruct CBP to terminate the suspension of liquidation for entries of HFC components from the PRC and to refund any cash deposits made to secure the payment of estimated antidumping duties.

Provisional Measures

Section 733(d) of the Act states that instructions issued pursuant to an affirmative preliminary determination may not remain in effect for more than four months, except where exporters representing a significant proportion of exports of the subject merchandise request the Department to extend that four-month period to no more than six months. At the request of exporters that account for a significant proportion of HFC blends from the PRC, the Department extended the four-month period to six months in each case.[8] In the underlying investigation, the Department published the preliminary determination on February 1, 2016. Therefore, the extended period, beginning on the date of publication of the preliminary determination, ended on July 30, 2016.

Furthermore, section 737(b) of the Act states that definitive duties are to begin on the date of publication of the ITC's final injury determination. Therefore, in accordance with section 733(d) of the Act and our practice,[9] we will instruct CBP to terminate the suspension of liquidation and to liquidate, without regard to antidumping duties, unliquidated entries of HFC blends from the PRC entered, or withdrawn from warehouse, for consumption on or after July 30, 2016, the date on which the provisional measures expired, until and through the day preceding the date of publication of the ITC's final injury determination in the **Federal Register**. Suspension of liquidation will resume on the date of publication of the ITC's final determination in the **Federal Register**.

Critical Circumstances

With regard to the ITC's negative critical circumstances determination on imports of HFC blends from the PRC, we will instruct CBP to lift suspension and to refund any cash deposits made to secure the payment of estimated antidumping duties with respect to entries of HFC blends from the PRC entered, or withdrawn from warehouse, for consumption on or after November 3, 2015 (*i.e.,* 90 days prior to the date of publication of the *Preliminary Determination*), but before February 1, 2016 (*i.e.,* the date of publication of the *Preliminary Determination*).

Estimated Weighted-Average Dumping Margins

The weighted-average antidumping duty margin percentages are as follows:

This notice constitutes the antidumping duty order with respect to HFC blends from the PRC pursuant to section 736(a) of the Act. Interested parties can find a list of antidumping duty orders currently in effect at *http://enforcement.trade.gov/stats/iastats1.html.*

This order is published in accordance with section 736(a) of the Act and 19 CFR 351.211(b).

Dated: August 15, 2016.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

[FR Doc. 2016–19873 Filed 8–18–16; 8:45 am]

BILLING CODE 3510–DS–P

[10] In this investigation, the Department determined to treat T.T. International, Ltd. (Dalian) and T.T. International Ltd. (Hong Kong) as a single entity (*i.e.,* T.T. International Co., Ltd. or TTI) for purposes of this antidumping duty proceeding. *See* Memorandum to Melissa G. Skinner, Director, Office II, from Dennis McClure, International Trade Analyst, entitled, ''Antidumping Duty Investigation of Hydrofluorocarbons from the People's Republic of China: Affiliation and Single Entity Status,'' dated June 21, 2016.

Emulsion Styrene-Butadiene Rubber From Brazil, the Republic of Korea, Mexico, and Poland: Initiation of Less-Than-Fair-Value Investigations

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Effective August 10, 2016.

FOR FURTHER INFORMATION CONTACT: Drew Jackson at (202) 482–4406 (Brazil); Frances Veith at (202) 482–4295 (Republic of Korea); Julia Hancock or Javier Barrientos at (202) 482–1394 or (202) 482–2243, respectively (Mexico); and Stephen Bailey or William Horn at (202) 482–0193 or (202) 482–2615, respectively (Poland), AD/CVD Operations, Enforcement and Compliance, U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230.

SUPPLEMENTARY INFORMATION:

The Petitions

On July 21, 2016, the Department of Commerce (the Department) received antidumping duty (AD) petitions concerning imports of emulsion styrene-butadiene rubber (ESB rubber) from Brazil, the Republic of Korea (Korea), Mexico, and Poland, filed in proper form on behalf of Lion Elastomers LLC and East West Copolymer, LLC (Petitioners).[1] Petitioners are domestic producers of ESB rubber.[2]

On July 25, 26, and August 2, 2016, the Department requested additional information and clarification of certain areas of the Petitions.[3] Petitioners filed

[1] *See* Petitions for the Imposition of Antidumping Duties on Imports of Emulsion Styrene-Butadiene Rubber from Brazil, the Republic of Korea, Mexico, and Poland, dated July 21, 2016 (the Petitions).

[2] *See* Petitions, at 2, and Exhibits I–1 and I–2.

[3] *See* Letter from the Department to Petitioners entitled ''Petitions for the Imposition of Antidumping Duties on Imports of Emulsion Styrene-Butadiene Rubber from Brazil, the Republic of Korea, Mexico, and Poland: Supplemental Questions,'' dated July 25, 2016 (General Issues Supplemental Questionnaire); *see also* Letter from the Department to Petitioners entitled ''Petition for the Imposition of Antidumping Duties on Imports of Emulsion Styrene-Butadiene Rubber from Brazil: Supplemental Questions,'' dated July 26, 2016 (Brazil Supplemental Questionnaire); *see also* Letter from the Department to Petitioners entitled ''Petition for the Imposition of Antidumping Duties on Imports of Emulsion Styrene-Butadiene Rubber from Republic of Korea: Supplemental Questions,'' dated July 26, 2016 (Korea Supplemental Questionnaire); *see also* Letter from the Department to Petitioners entitled ''Petition for the Imposition of Antidumping Duties on Imports of Emulsion Styrene-Butadiene Rubber from Mexico: Supplemental Questions,'' dated July 26, 2016 (Mexico Supplemental Questionnaire); *see also* Letter from the Department to Petitioners entitled ''Petition for the Imposition of Antidumping Duties on Imports of Emulsion Styrene-Butadiene Rubber from Mexico: Supplemental Questions,'' dated July

responses to these requests on August 1 and 3, 2016, respectively.[4]

In accordance with section 732(b) of the Tariff Act of 1930, as amended (the Act), Petitioners allege that imports of ESB rubber from Brazil, Korea, Mexico, and Poland are being, or are likely to be, sold in the United States at less-than-fair value within the meaning of section 731 of the Act, and that such imports are materially injuring, or threatening material injury to, an industry in the United States. Also, consistent with section 732(b)(1) of the Act, Petitioners state that the Petitions are accompanied by information reasonably available to Petitioners supporting their allegations.

The Department finds that Petitioners filed these Petitions on behalf of the domestic industry because Petitioners are interested parties as defined in section 771(9)(C) of the Act. The Department also finds that Petitioners demonstrated sufficient industry support with respect to the initiation of the AD investigations that Petitioners are requesting.[5]

Period of Investigation

Because the Petitions were filed on July 21, 2016, the period of investigation (POI) for each investigation is, pursuant to 19 CFR 351.204(b)(1), July 1, 2015, through June 30, 2016.

Scope of the Investigations

The product covered by these investigations is ESB rubber from Brazil, Korea, Mexico, and Poland. For a full description of the scope of these investigations, *see* the ''Scope of the Investigations,'' at Appendix I of this notice.

Comments on Scope of the Investigations

During our review of the Petitions, the Department issued questions to, and received responses from, Petitioners pertaining to the proposed scope to ensure that the scope language in the Petitions would be an accurate reflection of the products for which the domestic industry is seeking relief.[6] The Department also conducted two telephone calls with Petitioners to clarify Petitioners' intent with respect to the scope.[7] In response, Petitioners provided a revised scope on August 3, 2016.[8]

As discussed in the preamble to the Department's regulations, we are setting aside a period for interested parties to raise issues regarding product coverage (scope). The Department will consider all comments received from parties and, if necessary, will consult with parties prior to the issuance of the preliminary determinations. If scope comments include factual information (*see* 19 CFR 351.102(b)(21)), all such factual information should be limited to public information. In order to facilitate preparation of its questionnaires, the Department requests all interested parties to submit such comments by 5:00 p.m. Eastern Daylight Time (EDT) on August 30, 2016, which is 20 calendar days from the signature date of this notice. Any rebuttal comments, which may include factual information (also should be limited to public information), must be filed by 5:00 p.m. EDT on September 9, 2016, which is 10 calendar days after the initial comments. All such comments must be filed on the records of each of the concurrent AD investigations.

The Department requests that any factual information the parties consider relevant to the scope of the investigations be submitted during this time period. However, if a party subsequently finds that additional factual information pertaining to the scope of the investigations may be relevant, the party may contact the Department and request permission to submit the additional information. As stated above, all such comments must be filed on the records of each of the concurrent AD investigations.

Filing Requirements

All submissions to the Department must be filed electronically using Enforcement and Compliance's Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS).[9] An electronically filed document must be received successfully in its entirety by the time and date when it is due. Documents excepted from the electronic submission requirements must be filed manually (*i.e.,* in paper form) with Enforcement and Compliance's APO/Dockets Unit, Room 18022, U.S. Department of Commerce, 14th Street and Constitution Avenue NW, Washington, DC 20230, and stamped with the date and time of receipt by the applicable deadlines.

Comments on Product Characteristics for AD Questionnaires

The Department will be giving interested parties an opportunity to provide comments on the appropriate physical characteristics of ESB rubber to

26, 2016 (Poland Supplemental Questionnaire); *see also* Memorandum to the File from Drew Jackson, Senior International Trade Compliance Analyst, Office IV, Re: ''Petitions for the Imposition of Antidumping Duties on Imports of Emulsion Styrene-Butadiene Rubber from Brazil, the Republic of Korea, Mexico, and Poland, Subject: Telephone Conversation with Petitioners' Counsel,'' dated August 2, 2016 (Memorandum on Telephone Conversation with Petitioners' Counsel re: Scope); *see also* Memorandum to the File from Vicki Flynn, Senior Policy Analyst, Office of Policy, Re: ''Petitions for the Imposition of Antidumping Duties on Imports of Emulsion Styrene-Butadiene Rubber from Brazil, the Republic of Korea, Mexico, and Poland, Subject: Telephone Conversation with Petitioners' Counsel,'' dated August 2, 2016 (Memorandum on Telephone Conversation with Petitioners' Counsel re: Scope and Other Issues).

be reported in response to the Department's AD questionnaires. This information will be used to identify the key physical characteristics of the merchandise under consideration in order to report the relevant costs of production accurately as well as to develop appropriate product-comparison criteria.

Interested parties may provide any information or comments that they feel are relevant to the development of an accurate list of physical characteristics. Specifically, they may provide comments as to which characteristics are appropriate to use as: (1) General product characteristics and (2) product-comparison criteria. We note that it is not always appropriate to use all product characteristics as product-comparison criteria. We base product-comparison criteria on meaningful commercial differences among products. In other words, although there may be some physical product characteristics utilized by manufacturers to describe ESB rubber, it may be that only a select few product characteristics take into account commercially meaningful physical characteristics. In addition, interested parties may comment on the order in which the physical characteristics should be used in matching products. Generally, the Department attempts to list the most important physical characteristics first and the least important characteristics last.

In order to consider the suggestions of interested parties in developing and issuing the AD questionnaires, all product characteristics comments must be filed by 5:00 p.m. EDT on August 30, 2016, which is 20 calendar days from the signature date of this notice. Any rebuttal comments must be filed by 5:00 p.m. EDT on September 9, 2016. All comments and submissions to the Department must be filed electronically using ACCESS, as explained above, on the records of each of the concurrent AD investigations.

Determination of Industry Support for the Petitions

Section 732(b)(1) of the Act requires that a petition be filed on behalf of the domestic industry. Section 732(c)(4)(A) of the Act provides that a petition meets this requirement if the domestic producers or workers who support the petition account for: (i) At least 25 percent of the total production of the domestic like product; and (ii) more than 50 percent of the production of the domestic like product produced by that portion of the industry expressing support for, or opposition to, the petition. Moreover, section 732(c)(4)(D) of the Act provides that, if the petition does not establish support of domestic producers or workers accounting for more than 50 percent of the total production of the domestic like product, the Department shall: (i) poll the industry or rely on other information in order to determine if there is support for the petition, as required by subparagraph (A); or (ii) determine industry support using a statistically valid sampling method to poll the ''industry.''

Section 771(4)(A) of the Act defines the ''industry'' as the producers as a whole of a domestic like product. Thus, to determine whether a petition has the requisite industry support, the statute directs the Department to look to producers and workers who produce the domestic like product. The International Trade Commission (ITC), which is responsible for determining whether ''the domestic industry'' has been injured, must also determine what constitutes a domestic like product in order to define the industry. While both the Department and the ITC must apply the same statutory definition regarding the domestic like product,[10] they do so for different purposes and pursuant to a separate and distinct authority. In addition, the Department's determination is subject to limitations of time and information. Although this may result in different definitions of the like product, such differences do not render the decision of either agency contrary to law.[11]

Section 771(10) of the Act defines the domestic like product as ''a product which is like, or in the absence of like, most similar in characteristics and uses with, the article subject to an investigation under this title.'' Thus, the reference point from which the domestic like product analysis begins is ''the article subject to an investigation'' (*i.e.,* the class or kind of merchandise to be investigated, which normally will be the scope as defined in the petition).

With regard to the domestic like product, Petitioners do not offer a definition of the domestic like product distinct from the scope of the investigations as described in Appendix I of this notice. Based on our analysis of the information submitted on the record, we have determined that ESB rubber, as defined in the ''Scope of the Investigations'' in Appendix I of this notice, constitutes a single domestic like product and we have analyzed industry support in terms of that domestic like product.[12]

In determining whether Petitioners have standing under section 732(c)(4)(A) of the Act, we considered the industry support data contained in the Petitions with reference to the domestic like product as defined in the ''Scope of the Investigations,'' in Appendix I of this notice. To establish industry support, Petitioners provided their 2015 production of the domestic like product and estimated the 2015 production of Goodyear Chemical, the only other known ESB rubber producer in the United States.[13] Petitioners also provided a letter from the United Steel, Paper and Forestry, Rubber, Manufacturing, Energy, Allied Industrial and Service Workers International Union, AFL–CIO, CLC (USW), stating that the USW represents the workers at Petitioner Lion Elastomers LLC's Port Neches, TX ESB rubber plant and it supports the Petitions.[14] In addition, Petitioners provided a letter of support for the Petitions from the International Union of Operating Engineers (IUOE) stating that the IUOE represents the workers at Petitioner East West Copolymer, LLC's ESB rubber plant in Baton Rouge, LA and the workers at Goodyear Chemical's Houston, TX ESB rubber plant.[15] Petitioners state that Lion Elastomers LLC, East West Copolymer, LLC, and Goodyear Chemical are the only known producers of ESB rubber in the United States; therefore, Petitioners assert that

[12] For a discussion of the domestic like product analysis in this case, *see* Antidumping Duty Investigation Initiation Checklist: Emulsion Styrene-Butadiene Rubber from Brazil (Brazil AD Checklist), at Attachment II, Analysis of Industry Support for the Antidumping Duty Petitions Covering Emulsion Styrene-Butadiene Rubber from Brazil, the Republic of Korea, Mexico, and Poland (Attachment II); Antidumping Duty Investigation Initiation Checklist: Emulsion Styrene-Butadiene Rubber from the Republic of Korea (Korea AD Checklist), at Attachment II; Antidumping Duty Investigation Initiation Checklist: Emulsion Styrene-Butadiene Rubber from Mexico (Mexico AD Checklist), at Attachment II; and Antidumping Duty Investigation Initiation Checklist: Emulsion Styrene-Butadiene Rubber from Poland (Poland AD Checklist), at Attachment II. These checklists are dated concurrently with this notice and on file electronically via ACCESS. Access to documents filed via ACCESS is also available in the Central Records Unit, Room B8024 of the main Department of Commerce building.

[13] *See* Petitions, at 3–4 and Exhibits I–3, I–5, and I–7; *see also* General Issues Supplement, at 2–3; and Revised Amended Petitions, at 3–4 and revised Exhibit I–7.

[14] *See* Petitions, at Exhibit I–6.

[15] *See* Letter from Petitioners entitled ''Supplement 1 to Petition for the Imposition of Antidumping Duties on Emulsion Styrene-Butadiene Rubber from Brazil, the Republic of Korea, Mexico, and Poland,'' July 21, 2016 (IUOE Letter), at Attachment.

the Petitions are supported by 100 percent of the U.S. industry.[16]

Our review of the data provided in the Petitions, IUOE Letter, General Issues Supplement, Amended Petitions, and other information readily available to the Department indicates that Petitioners have established industry support.[17] First, the Petitions established support from domestic producers and workers accounting for more than 50 percent of the total production of the domestic like product and, as such, the Department is not required to take further action in order to evaluate industry support (*e.g.,* polling).[18] Second, the domestic producers and workers have met the statutory criteria for industry support under section 732(c)(4)(A)(i) of the Act because the domestic producers and workers who support the Petitions account for at least 25 percent of the total production of the domestic like product.[19] Finally, the domestic producers and workers have met the statutory criteria for industry support under section 732(c)(4)(A)(ii) of the Act because the domestic producers and workers who support the Petitions account for more than 50 percent of the production of the domestic like product produced by that portion of the industry expressing support for, or opposition to, the Petitions.[20] Accordingly, the Department determines that the Petitions were filed on behalf of the domestic industry within the meaning of section 732(b)(1) of the Act.

The Department finds that Petitioners filed the Petitions on behalf of the domestic industry because they are interested parties as defined in section 771(9)(C) of the Act and they have demonstrated sufficient industry support with respect to the AD investigations that they are requesting the Department initiate.[21]

Allegations and Evidence of Material Injury and Causation

Petitioners allege that the U.S. industry producing the domestic like product is being materially injured, or is threatened with material injury, by reason of the individual and cumulated imports of the subject merchandise sold at less than normal value (NV).

In addition, with regard to Brazil, Korea, and Mexico, Petitioners allege that subject imports exceed the negligibility threshold provided for under section 771(24)(A) of the Act.[22]

With regard to Poland, while the allegedly dumped imports from Poland do not exceed the statutory requirements for negligibility, Petitioners allege and provide supporting evidence that there is the potential that imports from Poland will imminently exceed the negligibility threshold and, therefore, are not negligible for purposes of a threat determination, pursuant to section 771(24)(A)(iv) of the Act.[23] Petitioners also contend that, although publicly available import data is limited, there is a reasonable indication that data obtained in the ITC's investigation will establish that imports exceed the negligibility threshold.[24] Petitioners' arguments regarding the limitations of publicly available import data and the collection of import data in the ITC's investigation are consistent with the SAA, which states that the ITC may make reasonable estimates on the basis of available data to address limitations in data collected by the ITC or official import statistics.[25] Furthermore, Petitioners' arguments regarding the potential for imports from Poland to imminently exceed the negligibility threshold are consistent with the statutory criteria for ''negligibility in threat analysis'' under section 771(24)(A)(iv) of the Act, which provides that imports shall not be treated as negligible if there is a potential that subject imports from a country will imminently exceed the statutory requirements for negligibility.

Petitioners contend that the industry's injured condition is illustrated by reduced market share, underselling and price suppression or depression, lost sales and revenues, declines in production, capacity utilization, and U.S. shipments, negative impact on employment variables, and declines in financial performance, capital expenditures, and research and development expenditures.[26] We have assessed the allegations and supporting evidence regarding material injury, threat of material injury, negligibility, causation, and cumulation, and we have determined that Petitioners' allegations are properly supported by adequate evidence, and meet the statutory requirements for initiation.[27]

Allegations of Sales at Less-Than-Fair Value

The following is a description of the allegations of sales at less-than-fair value upon which the Department based its decision to initiate investigations of imports of ESB rubber from Brazil, Korea, Mexico, and Poland. The sources of data for the deductions and adjustments relating to U.S. price and NV are discussed in greater detail in the country-specific initiation checklists.

Export Price

For Brazil, Korea, Mexico, and Poland, Petitioners based export price (EP) on average unit values (AUVs) calculated using publicly available import statistics from the ITC's Dataweb for all imports from each subject country under the relevant Harmonized Tariff Schedule of the United States (HTSUS) subheading for imports of ESB rubber into all U.S. ports during the POI.[28] For Brazil, Korea, and Poland, Petitioners also based EP on transaction-specific AUVs for shipments of ESB rubber identified from each of these countries entered under the relevant HTSUS subheading for one month

[16] *See* Petitions, at 3–4; *see also* Revised Amended Petitions, at 3–4. We note that management at Goodyear Chemical did not express a view with respect to the Petitions; therefore, pursuant to 19 CFR 351.203(e)(3), because the workers of Goodyear Chemical support the Petitions through their union, we are treating the production of Goodyear Chemical as in support of the Petitions.

[27] *See* Brazil AD Checklist, at Attachment III, Analysis of Allegations and Evidence of Material Injury and Causation for the Antidumping Duty Petitions Covering Emulsion Styrene-Butadiene Rubber from Brazil, the Republic of Korea, Mexico, and Poland (Attachment III); *see also* Korea AD Checklist, at Attachment III; Mexico AD Checklist, at Attachment III; and Poland AD Checklist, at Attachment III.

[28] *See* Brazil AD Initiation Checklist, Korea AD Initiation Checklist, Mexico AD Initiation Checklist, and Poland AD Initiation Checklist.

during the POI into a specific port.[29] Under this methodology,[30] Petitioners obtained ship manifest data from Datamyne, Inc. U.S., and Petitioners then linked monthly U.S. port-specific import statistics (obtained from the ITC's Dataweb), for imports of ESB rubber entered under the relevant HTSUS subheading to shipments by producers in the subject countries identified in the ship manifest data.[31]

Under both methodologies, to calculate ex-factory prices and to be conservative, Petitioners made no adjustments to U.S. price for movement expenses, consistent with the manner in which the data is reported in Dataweb.[32]

Normal Value Based on Constructed Value

For Brazil, Korea, Mexico, and Poland, Petitioners were unable to obtain information regarding home market prices, such as price quotes for ESB rubber, or third-country prices, and therefore calculated NV based on constructed value (CV).[33] Pursuant to section 773(e) of the Act, CV consists of the cost of manufacturing (COM), SG&A expenses, financial expenses, packing expenses, and profit. Petitioners calculated COM based on Petitioners' experience, adjusted for known differences between producing in the United States and producing in the respective country (*i.e.,* Brazil, Korea, Mexico, or Poland), during the proposed POI.[34] Using publicly-available data to account for price differences, Petitioners multiplied the surrogate usage quantities by the submitted value of the inputs used to manufacture ESB rubber in each country.[35] For Brazil, Korea, Mexico, and Poland, labor rates were derived from publicly available sources multiplied by the product-specific usage rates.[36] For Brazil, Korea, Mexico, and Poland, to determine factory overhead and packing, Petitioners relied on Petitioners' experience.[37] For Brazil, Korea, Mexico, and Poland, to determine SG&A and financial expense rates, Petitioners relied on financial statements of companies that were producers of identical or comparable merchandise operating in the respective subject country.[38] Petitioners also relied on the financial statements of the same producers that they used for calculating SG&A expenses and financial expenses to calculate the profit rate.[39]

Fair Value Comparisons

Based on the data provided by Petitioners, there is reason to believe that imports of ESB rubber from Brazil, Korea, Mexico, and Poland, are being, or are likely to be, sold in the United States at less-than-fair value. Based on comparisons of EP to NV in accordance with sections 773(a) and (e) of the Act, the estimated dumping margin(s) for ESB rubber are as follows: (1) Brazil, 57.14 percent and 67.99 percent; [40] (2) Korea, 22.48 percent and 44.30 percent; [41] (3) Mexico, 22.39 percent; [42] and (4) Poland, 40.57 percent and 44.54 percent.[43]

Initiation of Less-Than-Fair-Value Investigations

Based upon the examination of the AD Petitions on ESB rubber from Brazil, Korea, Mexico, and Poland, we find that the Petitions meet the requirements of section 732 of the Act. Therefore, we are initiating AD investigations to determine whether imports of ESB rubber for Brazil, Korea, Mexico, and Poland are being, or are likely to be, sold in the United States at less-than-fair value. In accordance with section 733(b)(1)(A) of the Act and 19 CFR 351.205(b)(1), unless postponed, we will make our preliminary determinations no later than 140 days after the date of this initiation.

On June 29, 2015, the President of the United States signed into law the Trade Preferences Extension Act of 2015, which made numerous amendments to the AD and countervailing duty (CVD) law.[44] The 2015 law does not specify dates of application for those amendments. On August 6, 2015, the Department published an interpretative rule, in which it announced the applicability dates for each amendment to the Act, except for amendments contained in section 771(7) of the Act, which relate to determinations of material injury by the ITC.[45] The amendments to sections 771(15), 773, 776, and 782 of the Act are applicable to all determinations made on or after August 6, 2015, and, therefore, apply to these AD investigations.[46]

Respondent Selection

Based on shippers' manifest information from the Datamyne, Inc. U.S., Petitioners identified 11 companies in Korea as producers of ESB rubber.[47] Following standard practice in AD investigations involving market economy countries, in the event the Department determines that the number of companies is large and it cannot individually examine each company based upon the Department's resources, where appropriate, the Department intends to select respondents for the Korea investigation based on U.S. Customs and Border Protection (CBP) data for U.S. imports under the appropriate Harmonized Tariff Schedule of the United States numbers listed with the ''Scope of the Investigations,'' in Appendix I, below. We also intend to release the CBP data under Administrative Protective Order (APO) to all parties with access to information protected by APO on the record within five business days of publication of this **Federal Register** notice. Comments regarding the CBP data and respondent selection should be submitted seven calendar days after the placement of the CBP data on the record of the Korea investigation. Parties wishing to submit rebuttal comments should submit those comments five calendar days after the deadline for the initial comments.

With respect to Brazil, Mexico, and Poland, based on shippers' manifest information from the Datamyne, Inc. U.S., Petitioners identified: (1) One company as a producer/exporter of ESB in Brazil, Lanxess Elastomeros do Brasil S.A.; (2) one company as a producer/exporter of ESB in Mexico, Industrias Negromex S.A. de C.V.—Planta Altamira; and (3) one company as a producer/exporter of ESB in Poland, Synthos Dwory 7 Spolka Z Ograniczona Odpowiedzialnoscia Spolka Jawna (Sp. Z O.O.S.J.).[48] With respect to Brazil, Mexico, and Poland, Petitioners

In accordance with section 505(a) of the Trade Preferences Extension Act of 2015, amending section 773(b)(2) of the Act, for all of the investigations, the Department will request information necessary to calculate the cost of production (COP) and CV to determine whether there are reasonable grounds to believe or suspect that sales of the foreign like product have been made at prices that represent less than the COP of the product. The Department will no longer require a COP allegation to conduct this analysis.

provided additional information from independent third party sources as support.[49] Furthermore, we currently know of no additional producers/exporters of merchandise under consideration from these countries. Therefore, consistent with section 777A(c) of the Act and the Department's practice in such circumstances,[50] for Brazil, Mexico, and Poland the Department intends to examine the sole producer/exporter identified in the respective Petitions. Comments regarding respondent selection for each of these AD investigations (*i.e.,* Brazil, Mexico, and Poland) should be submitted five calendar days after the publication of this notice in the **Federal Register** on the record of each respective investigation. Parties wishing to submit rebuttal comments should submit those comments five calendar days after the deadline for the initial comments.

Comments for the above-referenced investigations must be filed electronically using ACCESS. An electronically-filed document must be received successfully in its entirety by the Department's electronic records system, ACCESS, by 5:00 p.m. EDT by the dates noted above. We intend to finalize our decision regarding respondent selection within 20 days of publication of this notice.

Distribution of Copies of the Petitions

In accordance with section 732(b)(3)(A) of the Act and 19 CFR 351.202(f), copies of the public version of the Petitions have been provided to the governments of Brazil, Korea, Mexico, and Poland via ACCESS. To the extent practicable, we will attempt to provide a copy of the public version of the Petitions to each exporter named in the Petitions, as provided under 19 CFR 351.203(c)(2).

ITC Notification

We will notify the ITC of our initiation, as required by section 732(d) of the Act.

Preliminary Determinations by the ITC

The ITC will preliminarily determine, within 45 days after the date on which the Petitions were filed, whether there is a reasonable indication that imports of ESB rubber from Brazil, Korea, Mexico, and/or Poland are materially injuring or threatening material injury to a U.S. industry.[51] A negative ITC determination for any country will result in the investigation being terminated with respect to that country;[52] otherwise, these investigations will proceed according to statutory and regulatory time limits.

Submission of Factual Information

Factual information is defined in 19 CFR 351.102(b)(21) as: (i) Evidence submitted in response to questionnaires; (ii) evidence submitted in support of allegations; (iii) publicly available information to value factors under 19 CFR 351.408(c) or to measure the adequacy of remuneration under 19 CFR 351.511(a)(2); (iv) evidence placed on the record by the Department; and (v) evidence other than factual information described in (i) through (iv). Any party, when submitting factual information, must specify under which subsection of 19 CFR 351.102(b)(21) the information is being submitted and, if the information is submitted to rebut, clarify, or correct factual information already on the record, to provide an explanation identifying the information already on the record that the factual information seeks to rebut, clarify, or correct. Time limits for the submission of factual information are addressed in 19 CFR 351.301, which provides specific time limits based on the type of factual information being submitted. Please review the regulations prior to submitting factual information in these investigations.

Extensions of Time Limits

Parties may request an extension of time limits before the expiration of a time limit established under Part 351, or as otherwise specified by the Secretary. In general, an extension request will be considered untimely if it is filed after the expiration of the time limit established under Part 351 expires. For submissions that are due from multiple parties simultaneously, an extension request will be considered untimely if it is filed after 10:00 a.m. on the due date. Under certain circumstances, we may elect to specify a different time limit by which extension requests will be considered untimely for submissions which are due from multiple parties simultaneously. In such a case, we will inform parties in the letter or memorandum setting forth the deadline (including a specified time) by which extension requests must be filed to be considered timely. An extension request must be made in a separate, stand-alone submission; under limited circumstances we will grant untimely-filed requests for the extension of time limits. Review *Extension of Time Limits; Final Rule,* 78 FR 57790 (September 20, 2013), available at *http://www.gpo.gov/fdsys/pkg/FR-2013-09-20/html/2013-22853.htm,* prior to submitting factual information in this segment.

Certification Requirements

Any party submitting factual information in an AD or CVD proceeding must certify to the accuracy and completeness of that information.[53] Parties are hereby reminded that revised certification requirements are in effect for company/government officials, as well as their representatives. Investigations initiated on the basis of Petitions filed on or after August 16, 2013, and other segments of any AD or CVD proceedings initiated on or after August 16, 2013, should use the formats for the revised certifications provided at the end of the *Final Rule.*[54] The Department intends to reject factual submissions if the submitting party does not comply with applicable revised certification requirements.

Notification to Interested Parties

Interested parties must submit applications for disclosure under APO in accordance with 19 CFR 351.305. On January 22, 2008, the Department published *Antidumping and Countervailing Duty Proceedings: Documents Submission Procedures; APO Procedures,* 73 FR 3634 (January 22, 2008). Parties wishing to participate in these investigations should ensure that they meet the requirements of these procedures (*e.g.,* the filing of letters of appearance as discussed in 19 CFR 351.103(d)).

This notice is issued and published pursuant to section 777(i) of the Act and 19 CFR 351.203(c).

Dated: August 10, 2016.

Paul Piquado,

Assistant Secretary for Enforcement and Compliance.

Appendix I

Scope of the Investigations

For purposes of these investigations, the product covered is cold-polymerized emulsion styrene-butadiene rubber (ESB rubber). The scope of the investigations includes, but is not limited to, ESB rubber in primary forms, bales, granules, crumbs, pellets, powders, plates, sheets, strip, etc. ESB rubber consists of non-pigmented

[49] *See* Petitions, at Exhibit I–11; see also General Issues Supplement, at 3–4 and Attachment 1. *Id.*

[50] *See, e.g., Melamine From the People's Republic of China and Trinidad and Tobago: Initiation of Less-Than-Fair-Value Investigations,* 79 FR 73037, 73041 (December 9, 2014).

[51] *See* section 733(a) of the Act.

[52] *Id.*

[53] *See* section 782(b) of the Act.

[54] *See Certification of Factual Information to Import Administration during Antidumping and Countervailing Duty Proceedings,* 78 FR 42678 (July 17, 2013) (*Final Rule*); *see also* frequently asked questions regarding the *Final Rule,* available at *http://enforcement.trade.gov/tlei/notices/factual_info_final_rule_FAQ_07172013.pdf.*

rubbers and oil-extended non-pigmented rubbers, both of which contain at least one percent of organic acids from the emulsion polymerization process.

ESB rubber is produced and sold in accordance with a generally accepted set of product specifications issued by the International Institute of Synthetic Rubber Producers (IISRP). The scope of the investigations covers grades of ESB rubber included in the IISRP 1500 and 1700 series of synthetic rubbers. The 1500 grades are light in color and are often described as ''Clear'' or ''White Rubber.'' The 1700 grades are oil-extended and thus darker in color, and are often called ''Brown Rubber.''

Specifically excluded from the scope of these investigations are products which are manufactured by blending ESB rubber with other polymers, high styrene resin master batch, carbon black master batch (*i.e.,* IISRP 1600 series and 1800 series) and latex (an intermediate product).

The products subject to these investigations are currently classifiable under subheadings 4002.19.0015 and 4002.19.0019 of the Harmonized Tariff Schedule of the United States (HTSUS). ESB rubber is described by Chemical Abstract Services (CAS) Registry No. 9003–55–8. This CAS number also refers to other types of styrene butadiene rubber. Although the HTSUS subheadings and CAS registry number are provided for convenience and customs purposes, the written description of the scope of these investigations is dispositive.

BILLING CODE 3510–DS–P

DEPARTMENT OF COMMERCE

International Trade Administration

Quarterly Update to Annual Listing of Foreign Government Subsidies on Articles of Cheese Subject to an In-Quota Rate of Duty

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

DATES: Effective August 19, 2016.

FOR FURTHER INFORMATION CONTACT: Stephanie Moore, AD/CVD Operations, Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Ave. NW., Washington, DC 20230, telephone: (202) 482–3692.

SUPPLEMENTARY INFORMATION: Section 702 of the Trade Agreements Act of 1979 (as amended) (the Act) requires the Department of Commerce (the Department) to determine, in consultation with the Secretary of Agriculture, whether any foreign government is providing a subsidy with respect to any article of cheese subject to an in-quota rate of duty, as defined in section 702(h) of the Act, and to publish quarterly updates to the type and amount of those subsidies. We hereby provide the Department's quarterly update of subsidies on articles of cheese that were imported during the periods January 1, 2016, through March 31, 2016.

The Department has developed, in consultation with the Secretary of Agriculture, information on subsidies, as defined in section 702(h) of the Act, being provided either directly or indirectly by foreign governments on articles of cheese subject to an in-quota rate of duty. The appendix to this notice lists the country, the subsidy program or programs, and the gross and net amounts of each subsidy for which information is currently available. The Department will incorporate additional programs which are found to constitute subsidies, and additional information on the subsidy programs listed, as the information is developed.

The Department encourages any person having information on foreign government subsidy programs which benefit articles of cheese subject to an in-quota rate of duty to submit such information in writing to the Assistant Secretary for Enforcement and Compliance, U.S. Department of Commerce, 14th Street and Constitution Ave. NW., Washington, DC 20230.

This determination and notice are in accordance with section 702(a) of the Act.

Dated: August 11, 2016.

Ronald Lorentzen,

Acting Assistant Secretary for Enforcement and Compliance.

APPENDIX—SUBSIDY PROGRAMS ON CHEESE SUBJECT TO AN IN-QUOTA RATE OF DUTY

Country	Program(s)	Gross [1] subsidy ($/lb)	Net [2] subsidy ($/lb)
28 European Union Member States [3]	European Union Restitution Payments	$0.00	$0.00

DEPARTMENT OF COMMERCE

International Trade Administration

United States Trade Finance Advisory Council

AGENCY: International Trade Administration, U.S. Department of Commerce.

ACTION: Notice of an Opportunity To Apply for Membership on the U.S. Trade Finance Advisory Council.

SUMMARY: The Secretary of Commerce (Secretary) has established the U.S. Trade Finance Advisory Council (TFAC) to solicit input regarding the challenges faced by U.S. exporters in accessing capital, innovative solutions that can

address these challenges, and recommendations on strategies that can expand access to finance and educate U.S. exporters on available resources. This federal advisory committee is necessary to provide input to the Secretary on the development of strategies and programs that would help expand access to trade finance for U.S. exporters. The Department of Commerce is seeking applications for membership on the TFAC. In order to accommodate requests for extensions, we are now extending the deadline to receive applications until 5:00 p.m. EDT on Monday, August 29, 2016.

DATES: All applications for immediate consideration must be received by the Office of Finance and Insurance Industries by 5:00 p.m. Eastern Daylight Time (EDT) on Monday, August 29 2016. After that date, ITA will continue to accept applications under this notice for a period of up to two years from the deadline to fill any vacancies that may arise.

ADDRESSES: Please submit applications by email to *TFAC@trade.gov*, attention: Ericka Ukrow, Office of Finance and Insurance Industries, U.S. Department of Commerce Trade Finance Advisory Council Executive Secretariat, or by mail to Ericka Ukrow, Office of Finance and Insurance Industries, U.S. Department of Commerce Trade Finance Advisory Council, Room 18002, 1401 Constitution Avenue NW., Washington, DC 20230.

FOR FURTHER INFORMATION CONTACT: Office of Finance and Insurance Industries, U.S. Department of Commerce Trade Finance Advisory Council Executive Secretariat, Ericka Ukrow, Room 18002, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–0405, email: *Ericka.Ukrow@trade.gov*. Please visit *http://trade.gov/TFAC* for additional information.

SUPPLEMENTARY INFORMATION:

I. Background and Authority

On July 25, 2016 (81 FR 48386), the Secretary of Commerce announced the establishment of the United States Trade Finance Advisory Council (the Council) in accordance with the provisions of the Federal Advisory Committee Act, as amended, 5 U.S.C. App., to advise the Secretary on matters relating to private sector trade financing for U.S. exporters. As indicated in that notice, the Department of Commerce, Office of Finance and Insurance Industries, is accepting applications for membership on the TFAC. The TFAC functions solely as an advisory committee. The TFAC shall advise the Secretary in identifying effective ways to help expand access to finance for U.S. exporters, especially small- and medium-sized enterprises (SMEs), and their foreign buyers.

The TFAC shall provide a necessary forum to facilitate the discussion between a diverse group of stakeholders such as banks, non-bank financial institutions, other trade finance related organizations, and exporters to gain a better understanding regarding current challenges facing U.S. exporters in accessing finance.

The TFAC shall draw upon the experience of its members in order to obtain ideas and suggestions for innovative solutions to these challenges.

The TFAC shall develop recommendations on programs or activities that the Department of Commerce could incorporate as part of its export promotion and trade finance education efforts.

The TFAC shall report to the Secretary on its activities and recommendations. In creating its reports, the TFAC should: (1) Evaluate current credit conditions and specific financing challenges faced by U.S. exporters, especially SMEs, and their foreign buyers, (2) examine other noteworthy issues raised by stakeholders represented by the membership, (3) identify emerging financing sources that would address these gaps, and (4) recommend specific activities by which these recommendations could be incorporated and implemented.

II. Structure, Membership, and Operation

The TFAC shall consist of no more than twenty members appointed by the Secretary. Members may be drawn from:

- U.S. companies that are exporters of goods and services;
- U.S. commercial banks that provide trade finance products, cross-border payment services, or foreign exchange solutions;
- Non-bank U.S. financial institutions that provide trade finance products, cross-border payment services, or foreign exchange solutions;
- Associations that represent: (a) U.S. exporters and SMEs; and (b) U.S. commercial banks or non-bank financial institutions or other professionals that facilitate international trade transactions;
- U.S. companies or entities whose business includes trade-finance-related activities or services;
- U.S. scholars, academic institutions, or public policy organizations with expertise in global business, trade finance, and international banking related subjects; and
- Economic development organizations and other U.S. regional, state and local governmental and non-governmental organizations whose missions or activities include the analysis, provision, or facilitation of trade finance products/services.

Membership shall include a broad range of companies and organizations in terms of products and services, company size, and geographic location of both the source and destination of trade finance. Members will be selected based on their ability to carry out the objectives of the TFAC, in accordance with applicable Department of Commerce guidelines, in a manner that ensures that the TFAC is balanced in terms of points of view and demographics. Priority may be given to candidates who have executive-level (Chief Executive Officer, Executive Chairman, President, or comparable level of responsibility) experience.

Members, with the exception of those from academia and public policy organizations, serve in a representative capacity, representing their own views and interests or those of their sponsoring entities, not as Special Government Employees. The members from academia and public policy organizations serve as experts and therefore are Special Government Employees (SGEs), pursuant to 18 U.S.C. 202, and will be required to comply with certain ethics laws and rules, including filing a Confidential Financial Disclosure form. Additionally, a member serving as an expert must not be a Federally Registered Lobbyist.

Prospective nominees should designate the capacity in which they are applying to serve and identify either their area of expertise or the U.S. industry sector they wish to represent.

Members of the TFAC will not be compensated for their services or reimbursed for their travel expenses. Appointments to the TFAC shall be made without regard to political affiliation.

Each member shall be appointed for a term of two years and will serve at the pleasure of the Secretary. The Secretary may at his/her discretion reappoint any member to an additional term or terms, provided that the member proves to work effectively on the TFAC and his/her knowledge and advice are still needed.

The TFAC chair and vice chair or vice chairs shall be selected from the members of the TFAC by the Assistant Secretary for Industry & Analysis after consulting with the members. Their term of service will not exceed the duration of the current charter term and they may be reselected for additional periods should the charter be renewed and should they remain on the TFAC.

III. Meetings

The TFAC shall, to the extent practical, meet a minimum of two times a year. Additional meetings may be called at the discretion of the Secretary or his/her designee. The meetings will take place in Washington, DC, or elsewhere in the United States, or be held via teleconference. Members are required to attend a majority of the TFAC's meetings.

IV. Application

To be considered for membership, submit the following information to the email address listed in the **ADDRESSES** section above. In order to accommodate requests for extensions, we are now extending the deadline to receive applications until 5:00 p.m. EDT on Monday, August 29, 2016.

Applications for immediate consideration must be received by this deadline.

For all applicants, submit:

1. Name and title of the individual requesting consideration.
2. The applicant's personal resume and short biography (less than 300 words).
3. A brief statement describing how the applicant will contribute to the work of the TFAC based on his/her unique experience and perspective (not to exceed 100 words).
4. All relevant contact information, including mailing address, fax, email, phone number, and support staff information where relevant.
5. An affirmative statement that the applicant meets all eligibility criteria, including an affirmative statement that the applicant is not required to register as a foreign agent under the Foreign Agents Registration Act of 1938, as amended.
6. For applicants to serve in a representative capacity, also submit:

a. A sponsor letter on the sponsoring entity's letterhead containing a brief statement of why the applicant should be considered for membership on the TFAC. This sponsor letter should also address the applicant's experience and leadership related to trade finance;

b. A brief description of the company, institution, trade association, or organization to be represented and its business activities and export market(s) served, if applicable;

c. Information regarding the ownership and control of the sponsoring entity, including the stock holdings as appropriate; and

d. The sponsoring entity's size (number of employees and annual sales), place of incorporation, product or service line, major markets in which the entity operates, and the entity's export or import experience.

7. For applicants to serve as experts (*i.e.,* not in a representative capacity), also submit:

a. A statement that the applicant is not a Federally registered lobbyist and that the applicant understands that, if appointed, the applicant will not be allowed to continue to serve as a Committee member if the applicant becomes a Federally registered lobbyist.

Dated: August 15, 2016.

Paul Thanos,

Director, Office of Finance and Insurance Industries.

National Oceanic and Atmospheric Administration

RIN 0648–XE818

Pacific Fishery Management Council; Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; public meeting.

SUMMARY: The Pacific Fishery Management Council's (Pacific Council) Highly Migratory Species Management Team (HMSMT) will hold a webinar, which is open to the public.

DATES: The webinar will be held on Thursday, September 8, 2016, from 1:30 p.m. to 4:30 p.m.

ADDRESSES:

Webinar information: To join the meeting, visit this link: *http://www.joinwebinar.com;* enter the Webinar ID: 157–057–235 and your name and email address (required). After logging in to the webinar, please select ''Use Telephone'' and dial this TOLL number *+1 (213) 929–4232;* enter the attendee phone audio access code 832–921–033 and enter your audio phone PIN (shown after joining the webinar). (Participants are required to use their telephone, as this is the best practice to avoid technical issues and excessive feedback, see the *PFMC GoToMeeting Audio Diagram for best practices.*)

Council address: Pacific Council, 7700 NE Ambassador Place, Suite 101, Portland, OR 97220–1384.

FOR FURTHER INFORMATION CONTACT: Dr. Kit Dahl, Pacific Council; telephone: (503) 820–2422; email: *kit.dahl@noaa.gov.*

SUPPLEMENTARY INFORMATION: The HMSMT will discuss preparation of reports for the September 12–20, 2016, Council meeting. HMS items on the Council agenda are: (1) Update on International Issues, (2) Exempted Fishing Permits, (3) Biennial Harvest Specifications and Management Measures, (4) Deep-Set Buoy Gear Exempted Fishing Permit Criteria to Advance Gear Authorization, and (5) Federal Drift Gillnet Permit Amendment.

There will be a public listening station at the Council office (see **ADDRESSES**).

Although non-emergency issues not contained in the meeting agenda may be discussed, those issues may not be the subject of formal action during these meetings. Action will be restricted to those issues specifically listed in this document and any issues arising after publication of this document that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to Mr. Kris Kleinschmidt at (503) 820–2425 at least 5 days prior to the meeting date.

Dated: August 16, 2016.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

RIN 0648–XE801

Fisheries of the Gulf of Mexico; Southeast Data, Assessment, and Review (SEDAR); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice of SEDAR 49 Assessment webinar III for Gulf of Mexico Data-limited Species.

SUMMARY: The SEDAR 49 assessment of the Gulf of Mexico Data-limited Species will consist of a data workshop, a review workshop, and a series of assessment webinars. See **SUPPLEMENTARY INFORMATION**.

DATES: The SEDAR 49 Assessment webinar III will be held from 1 p.m. to 3 p.m. on September 14, 2016.

ADDRESSES:

Meeting address: The meeting will be held via webinar. The webinar is open to members of the public. Those interested in participating should contact Julie A. Neer at SEDAR

(see **FOR FURTHER INFORMATION CONTACT**) to request an invitation providing webinar access information. Please request webinar invitations at least 24 hours in advance of each webinar.

SEDAR address: 4055 Faber Place Drive, Suite 201, North Charleston, SC 29405.

FOR FURTHER INFORMATION CONTACT: Julie A. Neer, SEDAR Coordinator; (843) 571–4366; email: *Julie.neer@safmc.net*

SUPPLEMENTARY INFORMATION: The Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils, in conjunction with NOAA Fisheries and the Atlantic and Gulf States Marine Fisheries Commissions have implemented the Southeast Data, Assessment and Review (SEDAR) process, a multi-step method for determining the status of fish stocks in the Southeast Region. SEDAR is a multi-step process including: (1) Data Workshop; (2) Assessment Process utilizing webinars; and (3) Review Workshop. The product of the Data Workshop is a data report that compiles and evaluates potential datasets and recommends which datasets are appropriate for assessment analyses. The product of the Assessment Process is a stock assessment report that describes the fisheries, evaluates the status of the stock, estimates biological benchmarks, projects future population conditions, and recommends research and monitoring needs. The assessment is independently peer reviewed at the Review Workshop. The product of the Review Workshop is a Summary documenting panel opinions regarding the strengths and weaknesses of the stock assessment and input data. Participants for SEDAR Workshops are appointed by the Gulf of Mexico, South Atlantic, and Caribbean Fishery Management Councils and NOAA Fisheries Southeast Regional Office, HMS Management Division, and Southeast Fisheries Science Center. Participants include data collectors and database managers; stock assessment scientists, biologists, and researchers; constituency representatives including fishermen, environmentalists, and NGO's; International experts; and staff of Councils, Commissions, and state and federal agencies.

The items of discussion in the Assessment Process webinars are as follows:

1. Using datasets and initial assessment analysis recommended from the Data Workshop, panelists will employ assessment models to evaluate stock status, estimate population benchmarks and management criteria, and project future conditions.

2. Participants will recommend the most appropriate methods and configurations for determining stock status and estimating population parameters.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the intent to take final action to address the emergency.

Special Accommodations

The meeting is physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aids should be directed to the Council office (see **ADDRESSES**) at least 10 business days prior to each workshop.

Note: The times and sequence specified in this agenda are subject to change.

Authority: 16 U.S.C. 1801 *et seq.*

Dated: August 16, 2016.

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List: Proposed Addition and Deletions

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Proposed addition to and deletions from the Procurement List.

SUMMARY: The Committee is proposing to add a product to the Procurement List that will be furnished by a nonprofit agency employing persons who are blind or have other severe disabilities, and delete services previously furnished by such agencies.

DATES: Comments must be received on or before September 18, 2016..

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, 1401 S. Clark Street Suite 715, Arlington, Virginia 22202–4149.

FOR FURTHER INFORMATION CONTACT: Barry S. Lineback, Telephone: (703) 603–7740, Fax: (703) 603–0655, or email *CMTEFedReg@AbilityOne.gov*.

SUPPLEMENTARY INFORMATION: This notice is published pursuant to 41 U.S.C. 8503(a)(2) and 41 CFR 51–2.3. Its purpose is to provide interested persons an opportunity to submit comments on the proposed actions.

Addition

If the Committee approves the proposed addition, the entities of the Federal Government identified in this notice will be required to procure the product listed below from the nonprofit agency employing persons who are blind or have other severe disabilities.

The following product is proposed for addition to the Procurement List for production by the nonprofit agency listed:

Product

NSN(s)—Product Name(s): 8465–00–NIB–0263—Airborne Rucksack, Modular Lightweight Load-Carrying Equipment (MOLLE), OCP2015
Mandatory Source(s) of Supply: Winston Salem Industries for the Blind, Inc.,Winston-Salem, NC
Mandatory Purchase for: 100% of the requirement of the U.S. Army
Contracting Activity: Army Contracting Command—Aberdeen Proving Ground, Natick Contracting Division
Distribution: C-List

Deletions

The following services are proposed for deletion from the Procurement List:

Services

Service Type: Janitorial/Custodial Service
Mandatory for: Gerald W. Heaney Federal Building and U.S. Courthouse, 515 West First Street, Duluth, MN
Mandatory Source(s) of Supply: Goodwill Industries Vocational Enterprises, Inc., Duluth, MN
Contracting Activity: Public Buildings Service, Property Management Service Center

Service Type: Custodial Service
Mandatory for: Superior National Forest Supervisors Office, 8901 Grand Avenue Place, Duluth, MN
Mandatory Source(s) of Supply: Goodwill Industries Vocational Enterprises, Inc., Duluth, MN
Contracting Activity: Forest Service, Superior National Forest

Service Type: Food Service Attendant Service
Mandatory for: 148th Fighter Wing: 4680 Viper St. (Dining Hall), Duluth, MN
Mandatory Source(s) of Supply: Goodwill Industries Vocational Enterprises, Inc., Duluth, MN
Contracting Activity: Dept of the Army, W7NG USPFO ACTIVITY MN ARNG

Service Type: Janitorial/Custodial Service
Mandatory for: U.S. Army Reserve Center: 1500 St. Louis Avenue, Duluth, MN
Mandatory Source(s) of Supply: Goodwill

Industries Vocational Enterprises, Inc., Duluth, MN
Contracting Activity: Dept of the Army, W6QM MICC FT MCCOY (RC)

Service Type: Recycling Service
Mandatory for: March Air Reserve Base, March Air Force Reserve Base, CA
Mandatory Source(s) of Supply: Valley Resource Center for the Retarded, Inc., Hemet, CA
Contracting Activity: Dept of the Air Force, FA7014 AFDW PK

Service Type: Mailing Service
Mandatory for: USDA, Farm Service Agency, Phoenix, AZ
Mandatory Source(s) of Supply: Goodwill Community Services, Inc., Phoenix, AZ
Contracting Activity: Department of Agriculture, Procurement Operations Division

Service Type: Car Wash Service
Mandatory for: Customs and Border Protection, Indio Border Station, 83–801 Vin Deo Circle, Indio, CA
Mandatory Source(s) of Supply: Sheltering Wings Corp., Blythe, CA
Contracting Activity: U.S. Customs and Border Protection, Procurement Directorate

Service Type: Custodial Service
Mandatory for: FAA, Air Traffic Control Tower, Duluth International Airport, 4525 Airport Approach Road, Duluth, MN
Mandatory Source(s) of Supply: Goodwill Industries Vocational Enterprises, Inc., Duluth, MN
Contracting Activity: Dept of Transportation, Federal Aviation Administration

Service Type: Recycling Service
Mandatory for: Naval Weapons Station: NAWS Recycling Center, China Lake, CA
Mandatory Source(s) of Supply: Desert Area Resources and Training, Ridgecrest, CA
Contracting Activity: Dept of the Navy, U.S. Fleet Forces Command

Service Type: Grounds Maintenance Service
Mandatory for: China Lake Naval Air Weapons Station: Tot Lot Parks- Housing Area, China Lake, CA
Mandatory Source(s) of Supply: Desert Area Resources and Training, Ridgecrest, CA
Contracting Activity: Dept of the Navy, U.S. Fleet Forces Command

Service Type: Grounds Maintenance Service
Mandatory for: Defense Commissary Agency, China Lake Naval Air Weapons Station Commissary, 1 Administration Circle, China Lake, CA
Mandatory Source(s) of Supply: Desert Area Resources and Training, Ridgecrest, CA
Contracting Activity: Dept of the Navy, NAVFAC SOUTHWEST

BILLING CODE 6353–01–P

COMMITTEE FOR PURCHASE FROM PEOPLE WHO ARE BLIND OR SEVERELY DISABLED

Procurement List: Addition and Deletions

AGENCY: Committee for Purchase From People Who Are Blind or Severely Disabled.

ACTION: Addition to and deletions from the Procurement List.

SUMMARY: This action adds a product to the Procurement List that will be furnished by a nonprofit agency employing persons who are blind or have other severe disabilities, and deletes products from the Procurement List previously furnished by such agencies.

DATES: Effective on September 18, 2016.

ADDRESSES: Committee for Purchase From People Who Are Blind or Severely Disabled, 1401 S. Clark Street, Suite 715, Arlington, Virginia 22202–4149.

FOR FURTHER INFORMATION CONTACT: Barry S. Lineback, Telephone: (703) 603–7740, Fax: (703) 603–0655, or email *CMTEFedReg@AbilityOne.gov.*

SUPPLEMENTARY INFORMATION:

Addition

On 7/15/2016 (81 FR 46061–46062), the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed addition to the Procurement List. After consideration of the material presented to it concerning capability of qualified nonprofit agency to provide the product and impact of the addition on the current or most recent contractors, the Committee has determined that the product listed below is suitable for procurement by the Federal Government under 41 U.S.C. 8501–8506 and 41 CFR 51–2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organization that will furnish the product to the Government.

2. The action will result in authorizing a small entity to furnish the product to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501–8506) in connection with the product proposed for addition to the Procurement List.

End of Certification

Accordingly, the following product is added to the Procurement List:

Product

NSN(s)—Product Name(s): MR 343—Handheld Spiralizer
Mandatory Source(s) of Supply: Cincinnati Association for the Blind, Cincinnati, OH
Mandatory Purchase for: The requirements of military commissaries and exchanges in accordance with the Code of Federal Regulations, Chapter 51, 51–6.4.
Contracting Activity: Defense Commissary Agency
Distribution: C-List

Deletions

On 7/15/2016 (81 FR 46061–46062), the Committee for Purchase From People Who Are Blind or Severely Disabled published notice of proposed deletions from the Procurement List. After consideration of the relevant matter presented, the Committee has determined that the products listed below are no longer suitable for procurement by the Federal Government under 41 U.S.C. 8501–8506 and 41 CFR 51–2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in additional reporting, recordkeeping or other compliance requirements for small entities.

2. The action may result in authorizing small entities to furnish the products to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501–8506) in connection with the products deleted from the Procurement List.

End of Certification

Accordingly, the following products are deleted from the Procurement List:

Products

NSN(s)—Product Name(s):
8410–01–279–7730—Skirt, Gabardine, Lined, Marine Corps, Women's, Blue, 6 Short
8410–01–279–7731—Skirt, Gabardine, Lined, Marine Corps, Women's, Blue, 6R
8410–01–279–7732—Skirt, Gabardine, Lined, Marine Corps, Women's, Blue, 6L
8410–01–279–7733—Skirt, Gabardine, Lined, Marine Corps, Women's, Blue, 8S
8410–01–279–7734—Skirt, Gabardine, Lined, Marine Corps, Women's, Blue, 8R
8410–01–279–7735—Skirt, Gabardine, Lined, Marine Corps, Women's, Blue, 8L

8410–01–279–7736—Skirt, Gabardine, Lined, Marine Corps, Women's, Blue, 10S
8410–01–279–7737—Skirt, Gabardine, Lined, Marine Corps, Women's, Blue, 10R

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC–2010–0041]

Collection of Information; Proposed Extension of Approval; Comment Request—Publicly Available Consumer Product Safety Information Database

AGENCY: Consumer Product Safety Commission.

ACTION: Notice.

SUMMARY: As required by the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. Chapter 35), the Consumer Product Safety Commission (CPSC or Commission) requests comments on a proposed extension of approval of a collection of information for the Publicly Available Consumer Product Safety Information Database. The Commission will consider all comments received in response to this notice before requesting an extension of approval of this collection of information from the Office of Management and Budget (OMB).

DATES: Submit written or electronic comments on the collection of information by October 18, 2016.

ADDRESSES: You may submit comments, identified by Docket No. CPSC–2010–0041, by any of the following methods:

You may submit comments, identified by Docket No. CPSC–2010–0041, by any of the following methods:

Electronic Submissions: Submit electronic comments to the Federal eRulemaking Portal at: *http://www.regulations.gov.* Follow the instructions for submitting comments. The Commission does not accept comments submitted by electronic mail (email), except through *www.regulations.gov.* The Commission encourages you to submit electronic comments by using the Federal eRulemaking Portal, as described above.

Written Submissions: Submit written submissions by mail/hand delivery/courier to: Office of the Secretary, Consumer Product Safety Commission, Room 820, 4330 East West Highway, Bethesda, MD 20814; telephone (301) 504–7923.

Instructions: All submissions received must include the agency name and docket number for this notice. All comments received may be posted without change, including any personal identifiers, contact information, or other personal information provided, to: *http://www.regulations.gov.* Do not submit confidential business information, trade secret information, or other sensitive or protected information that you do not want to be available to

the public. If furnished at all, such information should be submitted in writing.

Docket: For access to the docket to read background documents or comments received, go to: *http://www.regulations.gov,* and insert the docket number CPSC–2010–0041, into the ''Search'' box, and follow the prompts.

FOR FURTHER INFORMATION CONTACT: For further information contact: Robert H. Squibb, Consumer Product Safety Commission, 4330 East West Highway, Bethesda, MD 20814; (301) 504–7815, or by email to: *rsquibb@cpsc.gov.*

SUPPLEMENTARY INFORMATION:

A. Background

Section 212 of the Consumer Product Safety Improvement Act of 2008 (CPSIA) added section 6A to the Consumer Product Safety Act (CPSA), which requires the Consumer Product Safety Commission (CPSC or Commission) to establish and maintain a publicly available, searchable database on the safety of consumer products and other products or substances regulated by the Commission (Database). Among other things, section 6A of the CPSA requires the Commission to collect reports of harm from the public for potential publication in the publicly available Database, and to collect and publish comments about reports of harm from manufacturers.

The Commission announced that a proposed collection of information in conjunction with the Database, called the Publicly Available Consumer Product Safety Information Database, had been submitted to OMB for review and clearance under 44 U.S.C. 3501–3520 in a proposed rule published on May 24, 2010 (75 FR 29156). The Commission issued a final rule on the Database on December 9, 2010 (75 FR 76832). The final rule interprets various statutory requirements in section 6A of the CPSA pertaining to the information to be included in the Database and also establishes provisions regarding submitting reports of harm; providing notice of reports of harm to manufacturers; publishing reports of harm and manufacturer comments in the Database; and dealing with confidential and materially inaccurate information.

OMB approved the collection of information for the Database under control number 3041–0146. OMB's most recent extension of approval on December 2, 2013 will expire on December 31, 2016. Accordingly, the Commission now proposes to request an extension of approval of this collection of information.

B. Information Collected Through the Database

The primary purpose of this information collection is to populate the publicly searchable Database of consumer product safety information mandated by section 6A of the CPSA. The Database information collection has four components: Reports of harm, manufacturer comments, branding information, and the Small Batch Manufacturer Registry (SBMR).

Reports of Harm: Reports of harm communicate information regarding an injury, illness, or death, or any risk (as determined by CPSC) of injury, illness, or death, relating to the use of a consumer product. Reports can be submitted to the CPSC by consumers; local, state, or federal government agencies; health care professionals; child service providers; public safety entities; and others. Reports may be submitted in one of three ways: Via the CPSC Web site (*www.SaferProducts.gov*), by telephone via a CPSC call center, or by email, fax, or mail using the incident report form (available for download or printing via the CPSC Web site). Reports may also originate as a free-form letter or email. Submitters must consent to inclusion of their report of harm in the publicly searchable Database.

Manufacturer Comments: A manufacturer or private labeler may submit a comment related to a report of harm after the CPSC transmits the report to the manufacturer or private labeler identified in the report. Manufacturer comments may be submitted through the business portal, by email, mail, or fax. The business portal is a feature of the Database that allows manufacturers who register on the business portal to receive reports of harm and comment on such reports through the business portal. Use of the business portal expedites the receipt of reports of harm and business response times.

A manufacturer may request that the Commission designate information in a report of harm as confidential. Such a request may be made using the business portal, by email, by mail, or by fax. Additionally, any person or entity reviewing a report of harm or manufacturer comment, either before or after publication in the Database, may request that the report or comment, or portions of the report or comment, be excluded from the Database because it contains materially inaccurate information. Such a request may be made by manufacturers using the business portal, by email, mail or fax, and may be submitted by anyone else by email, mail, or fax.

Branding Information: Using the business portal, registered businesses may voluntarily submit branding information to assist CPSC in correctly and timely routing reports of harm involving their products to them. Brand names may be licensed to another entity for use in labeling consumer products manufactured by that entity. CPSC's understanding of licensing arrangements for consumer products ensures that the correct manufacturer is timely notified regarding a report of harm.

Small Batch Manufacturers Registry: The business portal also contains the SBMR, which is the online mechanism by which ''small batch manufacturers'' (as defined in the CPSA) can identify themselves to obtain relief from certain third party testing requirements for children's products. To register as a small batch manufacturer, a business must attest that the company's income level and the number of units of the covered product manufactured for which relief is sought both fall within the statutory limits to receive relief from third party testing.

C. Estimated Burden

1. Estimated Annual Burden for Respondents

We estimate the burden of this collection of information as follows:

TABLE 1—ESTIMATED ANNUAL REPORTING BURDEN FOR REPORTS OF HARM

Collection type	Number of respondents	Response frequency [1]	Total annual responses	Minutes per response	Total burden, in hours [2]
Reports of Harm—submitted through website	6,582	1.03	6,790	12	1,358
Reports of Harm—submitted by phone	2,632	1.01	2,643	10	441
Reports of Harm—submitted by mail, email, fax	780	6.67	5,206	20	1,735

TABLE 1—ESTIMATED ANNUAL REPORTING BURDEN FOR REPORTS OF HARM—Continued

Collection type	Number of respondents	Response frequency [1]	Total annual responses	Minutes per response	Total burden, in hours [2]
Total	9,994		14,639		3,534

[1] Frequency of responses is calculated by dividing the number of responses by the number of respondents.
[2] Numbers have been rounded.

TABLE 2—ESTIMATED ANNUAL REPORTING BURDEN FOR MANUFACTURER SUBMISSIONS

Collection type	Number of respondents	Response frequency [1]	Total annual responses	Minutes per response	Total burden, in hours [2]
Manufacturer Comments—submitted through Web site	532	6.23	3,317	117	6,468
Manufacturer Comments—submitted by mail, email, fax	283	1.22	346	147	848
Requests to Treat Information as Confidential—submitted through Web site	12	1.08	13	42	9
Requests to Treat Information as Confidential—submitted by mail, email, fax	0	n/a	0	72	0
Requests to Treat Information as Materially Inaccurate—submitted through Web site	131	1.82	238	165	655
Requests to Treat Information as Materially Inaccurate—submitted by mail, email, fax	79	1.06	84	195	273
Voluntary Brand Identification	829	1.48	1,228	10	205
Small Batch Manufacturer Identification	2,208	1	2,208	10	368
Total	4,074		7,434		8,826

Based on the data set forth in Tables 1 and 2 above, the annual reporting cost is estimated to be $719,381. This estimate is based on the sum of two estimated total figures for reports of harm and manufacturer submissions. The estimated number of respondents and responses are based on the actual responses received in FY 2015. We assume that the number of responses and respondents will be similar in future years.

Reports of Harm: Table 1 sets forth the data used to estimate the burden associated with submitting reports of harm. We had previously estimated the time associated with the electronic and telephone submission of reports of harm at 12 and 10 minutes, respectively, and because we have had no indication that these estimates are not appropriate or accurate, we used those figures for present purposes as well. We estimate that the time associated with a paper or PDF form would be 20 minutes, on average.

To estimate the costs for submitting reports of harm, we multiplied the estimated total burden hours associated with reports of harm (1,358 hours + 441 hours + 1,735 hours = 3,534 hours) by an estimated total compensation for all workers in private industry of $32.06 per hour,[3] which results in an estimated cost of $113,300 (3,534 hours × $32.06 per hour = $113,300).

Manufacturer Submissions: Table 2 sets forth the data used to estimate the burden associated with manufacturers' submissions to the Database. We observed that a large percentage of the general comments come from a few businesses and assumed that the experience of a business that submits many comments each year would be different from one that submits only a few. Accordingly, we divided all responding businesses into three groups, based on the number of general comments submitted in FY 2015; and then we selected several businesses from each group to contact. The first group we contacted consisted of businesses that submitted 50 or more comments in FY 2015, accounting for 31 percent of all general comments received. The second group we contacted included businesses that submitted six to 49 comments, accounting for 39 percent of all general comments received. The last group contacted included businesses that submitted no more than five comments, accounting for 30 percent of all general comments received.[4] We asked each company contacted how long it typically takes to research, compose, and enter a comment, a claim of materially inaccurate information, or a confidential information claim.

To estimate the burden associated with submitting a general comment through the business portal regarding a report of harm, we averaged the burden provided by each company within each group and then calculated a weighted average from the three groups, weighting each group by the proportion of comments received from that group. We found that the average time to submit a general comment regarding a report of harm is 117 minutes based on the data in Table 3 (((15 minutes + 45 minutes + 30 minutes + 15 minutes)/4 companies) * .31 + ((105 minutes + 45 minutes + 150 minutes + 15 minutes)/4 companies) * .39 + ((240 minutes + 60 minutes + 480 minutes)/3 companies) * .30 = 117 minutes).

[1] Frequency of response is calculated by dividing the number of responses by the number of respondents.

[2] Numbers have been rounded.

[3] U.S. Department of Labor, Bureau of Labor Statistics, Table 9 of the Employer Costs for Employee Compensation (ECEC), Private Industry, goods-producing and service-providing industries, by occupational group, June 2016 (data extracted on 06/23/2016 from *http://www.bls.gov/news.release/ecec.t09.htm*.

[4] In the last group one company was excluded as an outlier.

TABLE 3—ESTIMATED BURDEN TO ENTER A GENERAL COMMENT IN THE DATABASE

Group	Company	General comments (minutes)
Group 1	A	15
(>=50 comments)	B	45
	C	30
	D	15
Group 2	A	105
(6–49 comments)	B	45
	C	150
	D	15
Group 3	A	240
(>=5 comments)	B	60
	C	480

Registered businesses generally submit comments through our Web site. Unregistered businesses submit comments by mail, email, or fax. We estimate that for unregistered businesses, submitting comments takes a little longer because we often must ask the businesses to amend their submissions to include the required certifications. Thus, we estimated that on average, comments submitted by mail, email, or fax take 30 minutes longer than those submitted through our Web site (117 minutes + 30 minutes = 147 minutes).

The submission of a claim of materially inaccurate information is a relatively rare event for all respondents. Accordingly, we averaged all responses together. Eight of the businesses contacted had submitted claims of materially inaccurate information. We found that the average time to submit a claim that a report of harm contains a material inaccuracy is 165 minutes ((30 minutes + 90 minutes + 45 minutes + 90 minutes + 60 minutes + 660 minutes + 45 minutes + 300 minutes)/8 companies = 165 minutes).

Registered businesses generally submit claims through the business portal. Unregistered businesses submit claims by mail, email, or fax. We estimate that submitting claims by mail, email, or fax takes a little longer because we often must ask the businesses to amend their submission to include the required certifications. Thus, we estimated that on average, claims submitted by mail, email, or fax take 30 minutes longer than those submitted through our Web site (165 minutes + 30 minutes = 195 minutes).

The submission of a claim of confidential information is a relatively rare event for all respondents; accordingly, we averaged all responses together. Five of the businesses contacted had submitted claims of confidential information. We found that the average time to submit a claim that a report of harm contains confidential information is 42 minutes ((45 minutes + 15 minutes + 60 minutes + 30 minutes + 60 minutes)/5 companies = 42 minutes).

Registered businesses generally submit confidential information claims through the business portal. Unregistered businesses submit confidential information claims by mail, email, or fax. We estimate that submitting claims in this way takes a little longer because we often must ask the businesses to amend their submission to include the required certifications. Thus, we estimate that a confidential information claim submitted by mail, email, or fax would take 30 minutes longer than those submitted through our Web site (42 minutes + 30 minutes = 72 minutes).

For voluntary brand identification, we estimate that a response would take 10 minutes on average. Most responses consist only of the brand name and a product description. In many cases a business will submit multiple entries in a brief period of time and we can see from the date and time stamps on these records that an entry often takes less than two minutes. CPSC staff enters the same data in a similar form based on our own research, and that experience was also factored into our estimate.

For small batch manufacturer identification, we estimate that a response would take 10 minutes on average. The form consists of three check boxes and the information should be readily accessible to the respondent.

The responses summarized in Table 2 are generally submitted by manufacturers. To avoid underestimating the cost associated with the collection of this data, we assigned the higher hourly wage associated with a manager or professional in goods-producing industries to these tasks. To estimate the cost of manufacturer submissions we multiplied the estimated total burden hours in Table 2 (8,826 hours) by an estimated total compensation for a manager or professional in goods-producing industries of $68.67 per hour,[5] which results in an estimated cost of $606,081 (8,826 hours × $68.67 per hour = $606,081).

Therefore, the total estimated annual cost to respondents is $719,381 ($113,300 burden for reports of harm + $606,081 burden for manufacturer submissions = $719,381).

2. Estimated Annual Burden on Government

We estimate the annualized cost to the CPSC to be $954,531. This figure is based on the costs for four categories of work for the Database: Reports of Harm, Materially Inaccurate Information Claims, Manufacturer Comments, and Small Batch Identification. Each category is described below. No government cost is associated with Voluntary Brand Identification because this information is entered directly into the Database by the manufacturer with no processing required by the government. The information assists the government in directing reports of harm to the correct manufacturer. We did not attempt to calculate separately the government cost for claims of confidential information because the number of claims is so small. The time to process these claims is included with claims of materially inaccurate information.

Reports of Harm: The Reports of Harm category includes many different tasks. Some costs related to this category are from two data entry contracts. Tasks related to these contracts include clerical coding of the report, such as

[5] U.S. Department of Labor, Bureau of Labor Statistics, Table 9 of the Employer Costs for Employee Compensation (ECEC), Private Industry, goods-producing and service-providing industries, by occupational group, June 2016 (data extracted on 06/23/2016 from *http://www.bls.gov/news.release/ecec.t09.htm.*

identifying the type of consumer product reported and the appropriate associated hazard, as well as performing quality control on the data in the report. Contractor A spends an estimated 5,267 hours per year performing these tasks. With an hourly rate of $33.31 for contractor services, the annual cost to the government of contract A is $175,444. Contractor B spends an estimated 2,539 hours per year performing these tasks. With an hourly rate of $58.09 for contractor services, the annual cost to the government of contract B is $147,491.

The Reports of Harm category also includes sending consent requests for reports when necessary, processing that consent when received, determining whether a product is out of CPSC's jurisdiction, and confirming that pictures and attachments do not have any personally identifiable information. The Reports category also entails notifying manufacturers when one of their products is reported, completing a risk of harm determination form for every report eligible for publication, referring some reports to a Subject Matter Expert (SME) within the CPSC for a determination on whether the reports meet the requirement of having a risk of harm, and determining whether a report meets all the statutory and regulatory requirements for publication. Detailed costs are:

TABLE 4—ESTIMATED COSTS FOR REPORTS OF HARM TASK

Grade level	Number of hours (annual)	Total compensation per hour	Total annual cost
Contract A	5,267	$33.31	$175,444
Contract B	2,539	58.09	147,491
7	200	34.78	6,956
9	300	42.69	12,807
12	5,528	61.91	342,238
13	428	73.37	31,402
14	1,068	86.99	92,905
Total	15,330	.....	809,243

Materially Inaccurate Information (MII) Claims: The MII claims category includes reviewing and responding to claims, participating in meetings where the claims are discussed, and completing a risk of harm determination on reports when a company alleges that a report does not describe a risk of harm.

TABLE 5—ESTIMATED COSTS FOR MII CLAIMS TASK

Grade level	Number of hours (annual)	Total compensation per hour	Total annual cost
12	275	$61.91	$17,025
13	167	73.37	12,253
14	323	86.99	28,098
15	50	101.99	5,100
SES	50	109.97	5,499
Total	865	.....	67,975.00

Manufacturer Comments: The Comments category includes reviewing and accepting or rejecting comments.

TABLE 6—ESTIMATED COSTS FOR MANUFACTURER COMMENTS TASK

Grade level	Number of hours (annual)	Total compensation per hour	Total annual cost
12	62	$61.91	$3,838
13	109	73.37	7,997
Total	171	.....	11,835

Small Batch Manufacturer Identification: The Small Batch Manufacturer Identification category includes time spent posting the list of small batch registrations, as well as answering manufacturers' questions on registering as a Small Batch company and what the implications to that company of small batch registration.

TABLE 7—ESTIMATED COSTS FOR SMALL BATCH TASK

Grade level	Number of hours (annual)	Total compensation per hour	Total annual cost
15	642	$101.99	$65,478
Total	642		$65,478

We estimate the annualized cost to the CPSC of $954,531 by adding the four categories of work related to the Database summarized in Tables 4 through 7 (Reports of Harm ($809,243) + MII Claims ($67,975) + Manufacturer Comments ($11,835) + Small Batch Identification ($65,478) = $954,531).

This information collection renewal request based on an estimated 12,360 burden hours per year for the Database is a decrease of 7,485 hours since this collection of information was last approved by OMB in 2013. The decrease in burden is due primarily to the fact that the number of incoming reports of harm has decreased, and the number of claims based on those reports has decreased as well. While comments did not decline significantly, they did shift to the more efficient online submissions. We note a large increase in small batch manufacturer activity, which has been rising steadily for years. However, this increase was not large enough to offset the decreases in other areas.

D. Request for Comments

The Commission solicits written comments from all interested persons about the proposed collection of information. The Commission specifically solicits information relevant to the following topics:

- Whether the collection of information described above is necessary for the proper performance of the Commission's functions, including whether the information would have practical utility;
- Whether the estimated burden of the proposed collection of information is accurate;
- Whether the quality, utility, and clarity of the information to be collected could be enhanced; and
- Whether the burden imposed by the collection of information could be minimized by use of automated, electronic or other technological collection techniques, or other forms of information technology.

Dated: February 16, 2016.

Todd A. Stevenson,

Secretary, Consumer Product Safety Commission.

Board of Visitors of the U.S. Air Force Academy; Notice of Meeting

AGENCY: U.S. Air Force Academy Board of Visitors, Department of Defense.

ACTION: Meeting notice.

SUMMARY: In accordance with 10 U.S.C. Section 9355, the U.S. Air Force Academy (USAFA) Board of Visitors (BoV) will hold a meeting at the Center for Character and Leadership Development Building, U.S. Air Force Academy, Colorado Springs, CO on Sept 7 & 8, 2016. On Wednesday, Sept 7, the meeting will begin at 1300 and conclude at 1600. On Thursday, Sept 8, the meeting will begin at 8:00 a.m. and conclude at 1515. The purpose of this meeting is to review morale and discipline, social climate, curriculum, instruction, infrastructure, fiscal affairs, academic methods, and other matters relating to the Academy. Specific topics for this meeting include a Superintendent's Update; USAFA Non-Profits Update; Religious Respect Update; USAFA Academics Update; USAFA's Climate Assessment Survey Results. Public attendance at this USAFA BoV meeting shall be accommodated on a first-come, first-served basis up to the reasonable and safe capacity of the meeting room. In addition, any member of the public wishing to provide input to the USAFA BoV should submit a written statement in accordance with 41 CFR Section 102–3.140(c) and section 10(a)(3) of the Federal Advisory Committee Act and the procedures described in this paragraph. Written statements must address the following details: The issue, discussion, and a recommended course of action. Supporting documentation may also be included as needed to establish the appropriate historical context and provide any necessary background information. Written statements can be submitted to the Designated Federal Officer (DFO) at the Air Force address detailed below at any time. However, if a written statement is not received at least 10 calendar days before the first day of the meeting which is the subject of this notice, then it may not be provided to or considered by the BoV until its next open meeting. The DFO will review all timely submissions with the BoV Chairman and ensure they are provided to members of the BoV before the meeting that is the subject of this notice. If after review of timely submitted written comments and the BoV Chairman and DFO deem appropriate, they may choose to invite the submitter of the written comments to orally present the issue during an open portion of the BoV meeting that is the subject of this notice. Members of the BoV may also petition the Chairman to allow specific personnel to make oral presentations before the BoV. In accordance with 41 CFR Section 102–3.140(d), any oral presentations before the BoV shall be in accordance with agency guidelines provided pursuant to a written invitation and this paragraph. Direct questioning of BoV members or meeting participants by the public is not permitted except with the approval of the DFO and Chairman. For the benefit of the public, rosters that list the names of BoV members and any releasable materials presented during the open portions of this BoV meeting shall be made available upon request.

FOR FURTHER INFORMATION CONTACT: For additional information or to attend this BoV meeting, contact Major James Kuchta, Accessions and Training Division, AF/A1PT, 1040 Air Force Pentagon, Washington, DC 20330, (703) 695–4066, *James.L.Kuchta.mil@mail.mil.*

Henry Williams,

Acting Air Force Federal Register Officer.

BILLING CODE 5001–10–P

DEFENSE NUCLEAR FACILITIES SAFETY BOARD

Senior Executive Service Performance Review Board Memberships

AGENCY: Defense Nuclear Facilities Safety Board.

ACTION: Notice.

SUMMARY: This notice announces the membership of the Defense Nuclear Facilities Safety Board (DNFSB) Senior Executive Service (SES) Performance Review Board (PRB).

DATES: August 19, 2016.

ADDRESSES: Send comments concerning this notice to: Defense Nuclear Facilities Safety Board, 625 Indiana Avenue NW., Suite 700, Washington, DC 20004–2001.

FOR FURTHER INFORMATION CONTACT: Deborah Biscieglia by telephone at (202) 694–7041.

SUPPLEMENTARY INFORMATION: 5 U.S.C. 4314(c)(1) through (5) requires each agency to establish, in accordance with regulations prescribed by the Office of Personnel Management, one or more performance review boards. The PRB shall review and evaluate the initial summary rating of a senior executive's performance, the executive's response, and the higher level official's comments on the initial summary rating. In addition, the PRB will review and recommend executive performance bonuses and pay increases.

The DNFSB is a small, independent Federal agency; therefore, the members of the DNFSB SES Performance Review Board listed in this notice are drawn from the SES ranks of other agencies. The following persons comprise a standing roster to serve as members of the Defense Nuclear Facilities Safety Board SES Performance Review Board:

Christopher E. Aiello, Special Advisor to the Deputy to the Chairman and Chief Financial Officer, Federal Deposit Insurance Corporation;

David M. Capozzi, Executive Director, United States Access Board;

Cedric R. Hendricks, Associate Director for the Office of Legislative, Intergovernmental and Public Affairs, Court Services and Offender Supervision Agency;

Barry S. Socks, Chief Operating Officer, National Capital Planning Commission;

Dr. Michael L. Van Woert, Director, National Science Board Office, National Science Foundation.

Dated: July 28, 2016.

Joyce L. Connery,

Chairman.

BILLING CODE 3670–01–P

DEPARTMENT OF EDUCATION

[Docket No.: ED–2016–ICCD–0067]

Agency Information Collection Activities; Submission to the Office of Management and Budget for Review and Approval; Comment Request; Fund for the Improvement of Postsecondary Education (FIPSE) Annual Performance Report

AGENCY: Office of Postsecondary Education (OPE), Department of Education (ED).

ACTION: Notice.

SUMMARY: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 3501 *et seq.*), ED is proposing a revision of an existing information collection.

DATES: Interested persons are invited to submit comments on or before September 19, 2016.

ADDRESSES: To access and review all the documents related to the information collection listed in this notice, please use *http://www.regulations.gov* by searching the Docket ID number ED–2016–ICCD–0067. Comments submitted in response to this notice should be submitted electronically through the Federal eRulemaking Portal at *http://www.regulations.gov* by selecting the Docket ID number or via postal mail, commercial delivery, or hand delivery. *Please note that comments submitted by fax or email and those submitted after the comment period will not be accepted.* Written requests for information or comments submitted by postal mail or delivery should be addressed to the Director of the Information Collection Clearance Division, U.S. Department of Education, 400 Maryland Avenue SW., LBJ, Room 2E–347, Washington, DC 20202–4537.

FOR FURTHER INFORMATION CONTACT: For specific questions related to collection activities, please contact Stacey Slijepcevic, 202–453–6150.

SUPPLEMENTARY INFORMATION: The Department of Education (ED), in accordance with the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3506(c)(2)(A)), provides the general public and Federal agencies with an opportunity to comment on proposed, revised, and continuing collections of information. This helps the Department assess the impact of its information collection requirements and minimize the public's reporting burden. It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Fund for the Improvement of Postsecondary Education (FIPSE) Annual Performance Report.

OMB Control Number: 1840–0793.

Type of Review: A revision of an existing information collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 100.

Total Estimated Number of Annual Burden Hours: 4,000.

Abstract: The Fund for the Improvement of Postsecondary Education (FIPSE) works to improve postsecondary education through grants to postsecondary educational institutions and agencies. Such grants are awarded to non-profit organizations on the basis of competitively reviewed applications submitted to FIPSE under the First in the World (FITW) Program. This collection includes a performance report for use with FITW programs 84.116F and 84.116X. We request clearance of one annual performance report for FITW programs 84.116F and 84.116X that will serve the dual purpose of an annual and final performance report. In this collection there is one (1) form, the annual performance report for FITW programs that includes a FITW program burden statement. The collection of the requested data in the performance report is necessary for the evaluation and assessment of FITW-funded programs and for assessment of continuation funding for each grantee.

Dated: August 15, 2016.

Kate Mullan,

Acting Director, Information Collection Clearance Division, Office of the Chief Privacy Officer, Office of Management.

BILLING CODE 4000–01–P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Docket No. IC16–16–000]

Commission Information Collection Activities (FERC–577); Comment Request; Extension

AGENCY: Federal Energy Regulatory Commission, Department of Energy.

ACTION: Notice of information collection and request for comments.

SUMMARY: In compliance with the requirements of the Paperwork Reduction Act of 1995, 44 U.S.C. 3506(c)(2)(A), the Federal Energy Regulatory Commission (Commission or FERC) is soliciting public comment on the currently approved information collection, FERC–577 (Natural Gas Facilities: Environmental Review and Compliance).

DATES: Comments on the collection of information are due October 18, 2016.

ADDRESSES: You may submit comments (identified by Docket No. IC16–16–000) by either of the following methods:

- *eFiling at Commission's Web site: http://www.ferc.gov/docs-filing/efiling.asp.*
- *Mail/Hand Delivery/Courier:* Federal Energy Regulatory Commission, Secretary of the Commission, 888 First Street NE., Washington, DC 20426.

Instructions: All submissions must be formatted and filed in accordance with submission guidelines at: *http://www.ferc.gov/help/submission-guide.asp.* For user assistance contact FERC Online Support by email at *ferconlinesupport@ferc.gov,* or by phone at: (866) 208–3676 (toll-free), or (202) 502–8659 for TTY.

Docket: Users interested in receiving automatic notification of activity in this docket or in viewing/downloading comments and issuances in this docket may do so at *http://www.ferc.gov/docs-filing/docs-filing.asp.*

FOR FURTHER INFORMATION CONTACT: Ellen Brown may be reached by email at *DataClearance@FERC.gov,* telephone at (202) 502–8663, and fax at (202) 273–0873.

SUPPLEMENTARY INFORMATION:

Title: FERC–577, Gas Pipeline Certificates: Environmental Impact Statement.

OMB Control No.: 1902–0128.

Type of Request: Three-year extension of the FERC–577 information collection requirements with no changes to the current reporting requirements.

Abstract: The FERC–577 information collection contains the Commission's information collections pertaining to 18 CFR Parts: 2, 157, 284, and 380. These regulations implement National Environmental Policy Act (NEPA) and include the environmental compliance conditions portions of the same regulations. The FERC–577 also includes the reporting requirements for landowner notifications. These requirements are contained within 18 CFR Parts: 2.55(b), 157.203(d), 380.15, and 2.55(a).

Type of Respondents: Gas pipelines.

Estimate of Annual Burden: [1] The Commission estimates the annual public reporting burden and cost (rounded) for the information collection as:

FERC–577

[Natural gas facilities: environmental review and compliance]

	Number of respondents	Annual number of responses per respondent	Total number of responses	Average burden & cost per response [2]	Total annual burden hours & total annual cost	Cost per respondent ($)
	(1)	(2)	(1) * (2) = (3)	(4)	(3) * (4) = (5)	(5) ÷ (1)
Gas Pipeline Certificates [3]	92	16	1,472	193.518 hrs.; $14,417	284,858 hrs.; $21,221,824	$230,672
Landowner Notification [4]	165	144	23,760	2 hrs.; $149	47,520 hrs.; $3,540,240	21,456
Total			25,232		332,378 hrs.; 24,762,064	

Comments: Comments are invited on: (1) Whether the collection of information is necessary for the proper performance of the functions of the Commission, including whether the information will have practical utility; (2) the accuracy of the agency's estimate of the burden and cost of the collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility and clarity of the information collection; and (4) ways to minimize the burden of the collection of information on those who are to respond, including the use of automated collection techniques or other forms of information technology.

Dated: August 15, 2016.

Kimberly D. Bose,

Secretary.

[FR Doc. 2016–19777 Filed 8–18–16; 8:45 am]

BILLING CODE 6717–01–P

[1] The Commission defines burden as the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. For further explanation of what is included in the information collection burden, reference 5 Code of Federal Regulations 1320.3.

[2] The estimates for cost per response are derived using the following formula: Average Burden Hours per Response * $74.50 per Hour = Average Cost per Response. The Commission staff believes that the industry's level and skill set are comparable to FERC, so the FERC 2016 average hourly cost (for salary plus benefits) of $74.50 per hour is used.

[3] Requirements are found in 18 CFR Parts: 157, 284, 2, and 380.

[4] Requirements are found in 18 CFR Parts: 2.55(b), 157.203(d), 380.15, and 2.55(a).

FEDERAL RESERVE SYSTEM

Formations of, Acquisitions by, and Mergers of Bank Holding Companies

The companies listed in this notice have applied to the Board for approval, pursuant to the Bank Holding Company Act of 1956 (12 U.S.C. 1841 *et seq.*) (BHC Act), Regulation Y (12 CFR part 225), and all other applicable statutes and regulations to become a bank holding company and/or to acquire the assets or the ownership of, control of, or the power to vote shares of a bank or bank holding company and all of the banks and nonbanking companies owned by the bank holding company, including the companies listed below.

The applications listed below, as well as other related filings required by the Board, are available for immediate inspection at the Federal Reserve Bank indicated. The applications will also be available for inspection at the offices of the Board of Governors. Interested persons may express their views in writing on the standards enumerated in the BHC Act (12 U.S.C. 1842(c)). If the proposal also involves the acquisition of a nonbanking company, the review also includes whether the acquisition of the nonbanking company complies with the standards in section 4 of the BHC Act (12 U.S.C. 1843). Unless otherwise noted, nonbanking activities will be conducted throughout the United States.

Unless otherwise noted, comments regarding each of these applications must be received at the Reserve Bank indicated or the offices of the Board of Governors not later than September 15, 2016.

A. Federal Reserve Bank of New York (Ivan Hurwitz, Vice President) 33 Liberty Street, New York, New York 10045–0001. Comments can also be sent electronically to *Comments.applications@ny.frb.org:*

1. *People's United Financial, Inc., Bridgeport, Connecticut;* to acquire 100 percent of the voting shares of, and thereby merge with, Suffolk Bancorp, and thereby indirectly acquire voting shares of The Suffolk County National Bank, both in Riverhead, New York.

Board of Governors of the Federal Reserve System, August 16, 2016.

Margaret McCloskey Shanks,

Deputy Secretary of the Board.

BILLING CODE 6210–01–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

National Center for Health Statistics, Classifications and Public Health Data Standards Staff: Meeting

Name: ICD–10 Coordination and Maintenance (C&M) Committee meeting.

Time and Date: 9 a.m.–5 p.m., EDT, September 13–14, 2016.

Place: Centers for Medicare and Medicaid Services (CMS) Auditorium, 7500 Security Boulevard, Baltimore, Maryland 21244.

Status: Open to the public, limited only by the space available. The meeting room accommodates approximately 240 people. We will be broadcasting the meeting live via Webcast at *http://www.cms.gov/live/.*

Security Considerations: Due to increased security requirements CMS has instituted stringent procedures for entrance into the building by non-government employees. Attendees will

need to present valid government-issued picture identification, and sign-in at the security desk upon entering the building.

Attendees who wish to attend the September 13–14, 2016 ICD–10–CM C&M meeting must submit their name and organization by September 2, 2016 for inclusion on the visitor list. This visitor list will be maintained at the front desk of the CMS building and used by the guards to admit visitors to the meeting.

Participants who attended previous Coordination and Maintenance meetings will no longer be automatically added to the visitor list. You must request inclusion of your name prior to each meeting you wish to attend.

Please register to attend the meeting on-line at: *http://www.cms.hhs.gov/apps/events/*. Please contact Mady Hue (410–786–4510 or *Marilu.hue@cms.hhs.gov*), for questions about the registration process.

Purpose: The ICD–10 Coordination and Maintenance (C&M) Committee is a public forum for the presentation of proposed modifications to the International Classification of Diseases, Tenth Revision, Clinical Modification and ICD–10 Procedure Coding System.

Matters To Be Discussed: Agenda items include:

September 13–14, 2016.

ICD–10–PCS Topics

Administration of Influenza Vaccine
Administration of Peptide Enhanced Bone Graft
Balloon Atrial Septostomy
Extracorporeal Carbon Dioxide Removal
Extracorporeal Treatment of Vascular Grafts
Intramuscular Autologous Bone Marrow Cell Therapy
Resuscitative Endovascular Balloon Occlusion of the Aorta
Addenda and Key Updates

ICD–10–CM Diagnosis Topics

Abnormality in Fetal Heart Rate or Rhythm
Acute Appendicitis
Acute Cholecystitis
Acute Respiratory Distress
Amyloidosis
Antenatal Screening
Atrial Fibrillation (AF)
ATV and Motor-cross Vehicle Injuries
Body Integrity Dysphoria
Disease of Intestine
E-cigarette Use
Hepatic Diverticular Encephalopathy
Injury to Optic Tract and Visual Cortex
Intestinal Obstruction
Neonatal Encephalopathy
Obstetrical Issues
Parrots/Macaws Modifications
Personal History of Mesothelioma and Secondary Mesothelioma
Primary and Central Hypothyroidism
Post Endometrial Ablation Syndrome
Pulmonary Arterial Hypertension (representation)
Sickle Cell w/o Acute Chest Syndrome or Splenic Sequestration
Spinal Stenosis With Neurogenic Claudication
Surgical Site Infection
Types of MI
Umbilical Granuloma in the Perinatal Period
Zika Related Newborn Conditions

Agenda items are subject to change as priorities dictate.

Note: CMS and National Center for Health Statistics (NCHS) no longer provide paper copies of handouts for the meeting. Electronic copies of all meeting materials will be posted on the CMS and NCHS Web sites prior to the meeting at *http://www.cms.hhs.gov/ICD9ProviderDiagnosticCodes/03_meetings.asp#TopOfPage* and *http://www.cdc.gov/nchs/icd/icd9cm_maintenance.htm*.

Contact Persons for Additional Information: Donna Pickett, Medical Systems Administrator, Classifications and Public Health Data Standards Staff, NCHS, 3311 Toledo Road, Hyattsville, Maryland 20782, email *dfp4@cdc.gov*, telephone 301–458–4434 (diagnosis); Mady Hue, Health Insurance Specialist, Division of Acute Care, CMS, 7500 Security Boulevard, Baltimore, Maryland 21244, email *marilu.hue@cms.hhs.gov*, telephone 410–786–4510 (procedures).

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both the Centers for Disease Control and Prevention, and the Agency for Toxic Substances and Disease Registry.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention (CDC)

Board of Scientific Counselors, National Center for Environmental Health/Agency for Toxic Substances and Disease Registry (BSC, NCEH/ATSDR), Lead Poisoning Prevention (LPP) Subcommittee

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463), the CDC, National Center for Environmental Health/Agency for Toxic Substances and Disease Registry (NCEH/ATSDR) announces the following meeting of the aforementioned committee:

Time and Date: 8:30 a.m.—3:15 p.m. EDT, September 19, 2016.

Place: CDC, 4770 Buford Highway, Building 106, Conference Room 1/A, Atlanta, Georgia 30341. The meeting will also be held by teleconference. To participate in the teleconference, please dial 1–866–687–6445, passcode 5598486.

Status: The meeting is open to the public, the conference room accommodates approximately 60 people and will be limited only by the space available. The public is welcome to participate during the public comment period which is scheduled from 10:15 a.m. until 10:30 a.m. EST (15 minutes).

Individuals wishing to make a comment during the public comment period or to attend the meeting in person, please email your name, organization, and phone number by Thursday, September 15, 2016 to Amanda Malasky at *AMalasky@cdc.gov*.

Purpose: The subcommittee will discuss strategies and options on ways to prioritize NCEH/ATSDR's activities, improve health outcomes, and address health disparities as it relates to lead exposures. The subcommittee will deliberate on ways to evaluate lead exposure and how to best conduct health evaluations through exposure and epidemiologic studies. Subcommittee proposals on lead prevention practices and national lead poisoning prevention efforts will be provided to the Board of Scientific Counselors for deliberation and possible adoption as formal recommendations to NCEH/ATSDR.

Matters for Discussion: Agenda items will include the following: NCEH/ATSDR support for the public health emergency in Flint; rethinking the strategy for the NCEH Lead Surveillance Program; CDC's Blood Reference Value for Lead; other emerging lead topics;

advice, guidance, recommendations, and summary and next steps.

Agenda items are subject to change as priorities dictate.

Contact Person for More Information: Amanda Malasky, Coordinator, Lead Poisoning Prevention Subcommittee, BSC, NCEH/ATSDR, 4770 Buford Highway, Mail Stop F–45, Chamblee, Georgia 30345; telephone 770/488–7699, Fax: 770/488–3377; Email: *AMalasky@cdc.gov.*

The Director, Management Analysis and Services Office has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry.

BILLING CODE 4163–18–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Board of Scientific Counselors, National Center for Health Statistics: Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463), the Centers for Disease Control and Prevention (CDC), National Center for Health Statistics (NCHS) announces the following meeting of the aforementioned committee.

Times and Dates: 11 a.m.–5:30 p.m., EDT, September 15, 2016. 8:30 a.m.–1 p.m., EDT, September 16, 2016.

Place: NCHS Headquarters, 3311 Toledo Road, Hyattsville, Maryland 20782.

Status: This meeting is open to the public; however, visitors must be processed in accordance with established federal policies and procedures. For foreign nationals or non-U.S. citizens, pre-approval is required (please contact Gwen Mustaf, 301–458–4500, *glm4@cdc.gov,* or Virginia Cain, *vcain@cdc.gov* at least 10 days in advance for requirements). All visitors are required to present a valid form of picture identification issued by a state, federal or international government. As required by the Federal Property Management Regulations, title 41, Code of Federal Regulation, subpart 101–20.301, all persons entering in or on Federal controlled property and their packages, briefcases, and other containers in their immediate possession are subject to being x-rayed and inspected. Federal law prohibits the knowing possession or the causing to be present of firearms, explosives and other dangerous weapons and illegal substances. The meeting room accommodates approximately 100 people.

Purpose: This committee is charged with providing advice and making recommendations to the Secretary, Department of Health and Human Services; the Director, CDC; and the Director, NCHS, regarding the scientific and technical program goals and objectives, strategies, and priorities of NCHS.

Matters for Discussion: The agenda will include:

1. Welcome remarks by the Director, NCHS
2. Presentation on Race and Ethnicity in Vital Statistics
3. Presentation on Improving the Quality of Cause of Death Reporting
4. Presentation on New Data on Births
5. Presentation on Research Data Centers Expansion

Requests to make oral presentations should be submitted in writing to the contact person listed below. All requests must contain the name, address, telephone number, and organizational affiliation of the presenter.

Written comments should not exceed five single-spaced typed pages in length and must be received by September 6, 2016.

The agenda items are subject to change as priorities dictate.

Contact Person for More Information: Virginia S. Cain, Ph.D., Director of Extramural Research, NCHS/CDC, 3311 Toledo Road, Room 7208, Hyattsville, Maryland 20782, telephone (301) 458–4500, fax (301) 458–4024.

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities for both CDC and the Agency for Toxic Substances and Disease Registry.

Elaine L. Baker,

Management Analysis and Services Office, Centers for Disease Control and Prevention.

Centers for Disease Control and Prevention

Advisory Board on Radiation and Worker Health Subcommittee for Dose Reconstruction Reviews, National Institute for Occupational Safety and Health Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Pub. L. 92–463), the Centers for Disease Control and Prevention (CDC), announces the following meeting for the aforementioned subcommittee:

Time and Date: 10:30 a.m.–5 p.m., EDT, September 13, 2016.

Place: Audio Conference Call via FTS Conferencing.

Status: Open to the public, but without a public comment period. The public is welcome to submit written comments in advance of the meeting, to the contact person below. Written comments received in advance of the meeting will be included in the official record of the meeting. The public is also welcome to listen to the meeting by joining the teleconference at the USA toll-free, dial-in number at 1–866–659–0537 and the pass code is 9933701.

Background: The Advisory Board on Radiation and Worker Health (ABRWH or the Advisory Board) was established under the Energy Employees Occupational Illness Compensation Program Act of 2000 to advise the President on a variety of policy and technical functions required to implement and effectively manage the new compensation program. Key functions of the Advisory Board include providing advice on the development of probability of causation guidelines that have been promulgated by the Department of Health and Human Services (HHS) as a final rule; advice on methods of dose reconstruction, which have also been promulgated by HHS as a final rule; advice on the scientific validity and quality of dose estimation and reconstruction efforts being performed for purposes of the compensation program; and advice on petitions to add classes of workers to the Special Exposure Cohort.

In December 2000, the President delegated responsibility for funding, staffing, and operating the Advisory Board to HHS, which subsequently delegated this authority to CDC. National Institute for Occupational Safety and Health (NIOSH) implements this responsibility for CDC. The charter was issued on August 3, 2001, renewed at appropriate intervals, rechartered on

March 22, 2016 pursuant to Executive Order 13708, and will expire on September 30, 2017.

Purpose: The Advisory Board is charged with (a) providing advice to the Secretary, HHS, on the development of guidelines under Executive Order 13179; (b) providing advice to the Secretary, HHS, on the scientific validity and quality of dose reconstruction efforts performed for this program; and (c) upon request by the Secretary, HHS, advise the Secretary on whether there is a class of employees at any Department of Energy facility who were exposed to radiation but for whom it is not feasible to estimate their radiation dose, and on whether there is reasonable likelihood that such radiation doses may have endangered the health of members of this class. The Subcommittee for Dose Reconstruction Reviews (SDRR) was established to aid the Advisory Board in carrying out its duty to advise the Secretary, HHS, on dose reconstruction.

Matters for Discussion: The agenda for the Subcommittee meeting includes the following dose reconstruction program quality management and assurance activities: dose reconstruction cases under review from Sets 14–18, including the Oak Ridge sites (Y–12, K–25, Oak Ridge National Laboratory), Hanford, Feed Materials Production Center (''Fernald''), Mound Plant, Rocky Flats Plant, Nevada Test Site, Idaho National Laboratory, and Savannah River Site; consideration of new dose reconstruction review methods and/or case selection criteria.

The agenda is subject to change as priorities dictate.

Contact Person for More Information: Theodore Katz, Designated Federal Officer, NIOSH, CDC, 1600 Clifton Road, Mailstop E–20, Atlanta, Georgia 30333, Telephone (513) 533–6800, Toll Free 1(800)CDC–INFO, Email *ocas@cdc.gov.*

The Director, Management Analysis and Services Office, has been delegated the authority to sign **Federal Register** notices pertaining to announcements of meetings and other committee management activities, for both the Centers for Disease Control and Prevention and the Agency for Toxic Substances and Disease Registry.

Elaine L. Baker,

Director, Management Analysis and Services Office, Centers for Disease Control and Prevention.

BILLING CODE 4163–19–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Disease Control and Prevention

Fees for Sanitation Inspections of Cruise Ships

AGENCY: Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: General notice.

SUMMARY: The Centers for Disease Control and Prevention (CDC), located within the Department of Health and Human Services (HHS) announces fees for vessel sanitation inspections for Fiscal Year (FY) 2017. These inspections are conducted by HHS/CDC's Vessel Sanitation Program (VSP). VSP helps the cruise line industry fulfill its responsibility for developing and implementing comprehensive sanitation programs to minimize the risk for acute gastroenteritis. Every vessel that has a foreign itinerary and carries 13 or more passengers is subject to twice-yearly unannounced inspections and, when necessary, reinspection.

DATES: These fees are effective October 1, 2016, through September 30, 2017.

FOR FURTHER INFORMATION CONTACT: CAPT Jaret T. Ames, Chief, Vessel Sanitation Program, National Center for Environmental Health, Centers for Disease Control and Prevention, 4770 Buford Highway NE., MS F–59, Atlanta, Georgia 30341–3717; phone: 800–323–2132, 770–488–3141, or 954–356–6650; email: *vsp@cdc.gov.*

SUPPLEMENTARY INFORMATION:

Purpose and Background

HHS/CDC established the Vessel Sanitation Program (VSP) in the 1970s as a cooperative activity with the cruise ship industry. VSP helps the cruise ship industry prevent and control the introduction, transmission, and spread of gastrointestinal illnesses on cruise ships. VSP operates under the authority of the Public Health Service Act (Section 361 of the Public Health Service Act; *42 U.S.C. 264,* ''Control of Communicable Diseases''). Regulations found at *42 CFR 71.41* (Foreign Quarantine—Requirements Upon Arrival at U.S. Ports: Sanitary Inspection; General Provisions) state that carriers arriving at U.S. ports from foreign areas are subject to sanitary inspections to determine whether rodent, insect, or other vermin infestations exist, contaminated food or water, or other sanitary conditions requiring measures for the prevention of the introduction, transmission, or spread of communicable diseases are present.

The fee schedule for sanitation inspections of passenger cruise ships by VSP was first published in the **Federal Register** on November 24, 1987 (52 FR 45019). HHS/CDC began collecting fees on March 1, 1988. This notice announces fees that are effective for FY 2017, beginning on October 1, 2016, through September 30, 2017.

The following formula will be used to determine the fees:

$$\text{Average cost per inspection} = \frac{\text{Total cost of VSP}}{\text{Weighted number of annual inspections}}$$

Total cost of VSP = Total cost of operating the program, such as administration, travel, staffing, sanitation inspections, and outbreak response. Weighted number of annual inspections = Total number of ships and inspections per year accounting for vessel size, number of inspectors needed for vessel size, travel logistics to conduct inspections, and vessel location and arrivals in U.S. jurisdiction per year.

The fee schedule was originally established and published in the **Federal Register** on July 17, 1987 (52 FR 27060). It was most recently published in the **Federal Register** on August 26, 2015 (80 FR 51819). The fee schedule for FY 2017 is presented in Appendix A.

Fee

The fee schedule (Appendix A) will be effective October 1, 2016, through September 30, 2017.

Applicability

The fees will apply to all passenger cruise vessels for which inspections are conducted as part of HHS/CDC's VSP. Inspections and reinspections involve the same procedures, require the same amount of time, and are therefore charged at the same rates.

Dated: August 15, 2016.

Sandra Cashman,

Executive Secretary, Centers for Disease Control and Prevention.

Appendix A

FEE SCHEDULE FOR EACH VESSEL SIZE

Vessel size (GRT [1])	Inspection fee
Extra Small (<3,000 GRT)	US$1,495
Small (3,001–15,000 GRT) ..	2,990
Medium (15,001–30,000 GRT)	5,980
Large (30,001–60,000 GRT)	8,970
Extra Large (60,001–120,000 GRT)	11,960
Mega (>120,001 GRT)	17,940

[1] Gross register tonnage in cubic feet, as shown in Lloyd's Register of Shipping.

Centers for Medicare & Medicaid Services

[CMS–1680–N]

Medicare Program; Announcement of the Advisory Panel on Clinical Diagnostic Laboratory Tests Meeting on September 12, 2016

AGENCY: Centers for Medicare & Medicaid Services (CMS), HHS.

ACTION: Notice.

SUMMARY: This notice announces the next meeting date of the Advisory Panel on Clinical Diagnostic Laboratory Tests (the Panel) on Monday, September 12, 2016. The purpose of the Panel is to advise the Secretary of the Department of Health and Human Services (HHS) (the Secretary) and the Acting Administrator of the Centers for Medicare & Medicaid Services (CMS) (the Acting Administrator) on issues related to clinical diagnostic laboratory tests. The Panel will address Clinical Laboratory Fee Schedule issues relevant to the June 23, 2016 final rule entitled ''Medicare Program; Medicare Clinical Diagnostic Laboratory Tests Payment System'' (81 FR 41035 through 41101), which are designated in the Panel's charter and outlined in the agenda.

DATES: *Meeting Date:* The meeting of the Panel is scheduled to take place at CMS's headquarters in Baltimore, Maryland on Monday, September 12, 2016 beginning at 9:00 a.m. and ending at 4:30 p.m., Eastern Daylight Time (e.d.t.). The times listed in this notice are Eastern Daylight Time (EDT) and are approximate times except that the meeting will not begin before the posted time.

Meeting Registration: The public may attend the meeting in-person, view via webcast, or listen via teleconference. Beginning Friday, August 19, 2016 and ending Friday, September 2, 2016 at 5:00 p.m. e.d.t., registration to attend the meeting in-person may be completed on-line at *http://cms.gov/Regulations-and-Guidance/Guidance/FACA/AdvisoryPanelonClinicalDiagnosticLaboratoryTests.html.* On this Web page, under ''Related Links,'' double-click the ''Clinical Diagnostic Laboratory Tests FACA Panel Meeting Registration'' link and enter the required information. All the following information must be submitted when registering:

- Name.
- Company name.
- Address.
- Email addresses.

Note: Participants who do not plan to attend the meeting in-person on September 12, 2016 should not register. No registration is required for participants who plan to view the meeting via webcast or listen via teleconference.

Presenter Registration and Submission of Presentations and Comments: We are interested in submitted comments or in-person presentations at the meeting concerning the issues described in the **SUPPLEMENTARY INFORMATION** section of this notice and clarified in the agenda to be published approximately 2 weeks before the meeting. The comments and presentations should not address issues not before the Panel. The deadline to register to be a presenter and to submit written presentations for the meeting is 5:00 p.m. e.d.t., Friday, September 2, 2016. Presenters may register by email by contacting the person listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice. Presentations should be sent via email to the same person's email address.

ADDRESSES: *Meeting Location and Webcast:* The meeting will be held in the Auditorium, CMS Central Office, 7500 Security Boulevard, Woodlawn, Maryland 21244–1850. Alternately, the public may either view the meeting via a webcast at *http://cms.gov/live.*

Web site and Teleconference: For teleconference dial-in information, the final meeting agenda, and additional information on the Panel, please refer to our Web site at *http://cms.gov/Regulations-and-Guidance/Guidance/FACA/AdvisoryPanelonClinicalDiagnosticLaboratoryTests.html.*

FOR FURTHER INFORMATION CONTACT: Glenn C. McGuirk, Designated Federal Official (DFO), Center for Medicare, Division of Ambulatory Services, CMS, 7500 Security Boulevard, Mail Stop C4–01–26, Baltimore, MD 21244, 410–786–5723, email *CDLTPanel@cms.hhs.gov* or *Glenn.McGuirk@cms.hhs.gov.* Press inquiries are handled through the CMS Press Office at (202) 690–6145.

SUPPLEMENTARY INFORMATION:

I. Background

The Advisory Panel on Clinical Diagnostic Laboratory Tests is authorized by section 1834A(f)(1) of the Social Security Act (the Act) (42 U.S.C. 1395m–1), as established by section 216 of the Protecting Access to Medicare Act of 2014 (PAMA) (Pub. L. 113–93, enacted April 1, 2014). The Panel is subject to the Federal Advisory Committee Act (FACA), as amended (5 U.S.C. Appendix 2), which sets forth standards for the formation and use of advisory panels.

Section 1834A(f)(1) of the Act directs the Secretary of the Department of Health and Human Services (Secretary) to consult with an expert outside advisory panel, established by the Secretary, composed of an appropriate selection of individuals with expertise in issues related to clinical diagnostic laboratory tests. Such individuals may include molecular pathologists, clinical laboratory researchers, and individuals with expertise in laboratory science or health economics.

The Panel will provide input and recommendations to the Secretary and the Acting Administrator of the Centers for Medicare & Medicaid Services (CMS), on the following:

- The establishment of payment rates under section 1834A of the Act for new clinical diagnostic laboratory tests, including whether to use crosswalking or gapfilling processes to determine payment for a specific new test;
- The factors used in determining coverage and payment processes for new clinical diagnostic laboratory tests; and
- Other aspects of the new payment system, to be based on private payor rates, under section 1834A of the Act.

A notice announcing the establishment of the Panel and soliciting nominations for members was published in the October 27, 2014 **Federal Register** (79 FR 63919 through 63920). In the August 7, 2015 **Federal Register** (80 FR 47491), we announced membership appointments to the Panel along with the first public meeting date for the Panel, which was held on August 26, 2015. Subsequent public meetings for the Panel were held on October 19, 2015 (80 FR 59782) and July 18, 2016 (81 FR 35772). Recommendations from Panel meetings are posted on the CMS Web site listed in the **ADDRESSES** section of this notice.

The Panel charter provides that panel meetings will be held up to four times annually. The Panel consists of 15 individuals and a Chair. The Panel Chair facilitates the meeting and the Designated Federal Official (DFO) or DFO's designee must be present at all meetings.

II. Meeting Format and Agenda

This meeting is open to the public. The on-site check-in for visitors will be held from 8:30 a.m. to 9:00 a.m. on Monday, September 12, 2016. Following the opening remarks, the Panel will hear oral presentations from the public for no more than 1 hour during each of two sessions, one session in the morning and one session in the afternoon. During session one, registered persons from the public may present recommendations on payment options for routine chemistry tests that are currently paid as Automated Test Panels (ATPs) following implementation of the new payment system for clinical diagnostic laboratory tests on January 1, 2018. During session two, registered persons from the public may present recommendations on the application process for Advanced Diagnostic Laboratory Tests (ADLTs).

The agenda for the September 12, 2016, meeting will provide for discussion and comment on specified CLFS issues relevant to the final rule, CMS–1621–F entitled, ''Medicare Program; Medicare Clinical Diagnostic Laboratory Tests Payment System,'' which are designated in the Panel's charter. Specifically, the Panel will discuss the following issues:

- Payment for routine chemistry tests that are currently paid as ATPs following implementation of the new payment system for clinical diagnostic laboratory tests on January 1, 2018.
- The application process for ADLTs.

A detailed agenda will be posted approximately 2 weeks before the meeting, on the CMS Web site listed in the **ADDRESSES** section of this notice.

III. Meeting Attendance

The Panel's meeting on September 12, 2016, is open to the public. Priority will be given to those who pre-register and attendance may be limited based on the number of registrants and the space available.

Persons wishing to attend this meeting, which is located on federal property, must register by following the instructions in the **DATES** section of this notice under ''Meeting Registration.'' A confirmation email will be sent to the registrants shortly after completing the registration process.

IV. Security, Building, and Parking Guidelines

The following are the security, building, and parking guidelines:

- Persons attending the meeting, including presenters, must be pre-registered and on the attendance list by the prescribed date.
- Individuals who are not pre-registered in advance may not be permitted to enter the building and may be unable to attend the meeting.
- Attendees must present a government-issued photo identification to the Federal Protective Service or Guard Service personnel before entering the building. Without a current, valid photo ID, persons may not be permitted entry to the building.
- Security measures include inspection of vehicles, inside and out, at the entrance to the grounds.
- All persons entering the building must pass through a metal detector.
- All items brought into CMS including personal items, for example, laptops and cell phones are subject to physical inspection.
- The public may enter the building 30 to 45 minutes before the meeting convenes each day.
- All visitors must be escorted in areas other than the lower and first-floor levels in the Central Building.
- The main-entrance guards will issue parking permits and instructions upon arrival at the building.

V. Special Accommodations

Individuals requiring special accommodations must include the request for these services during registration.

VI. Panel Recommendations and Discussions

The Panel's recommendations will be posted after the meeting on our Web site as specified in the **ADDRESSES** section of this notice.

VIII. Copies of the Charter

The Secretary's Charter for the Advisory Panel on Clinical Diagnostic Laboratory Tests is available on the CMS Web site as specified in the **ADDRESSES** section of this notice or you may obtain a copy of the charter by submitting a request to the contact listed in the **FOR FURTHER INFORMATION CONTACT** section of this notice.

IX. Collection of Information Requirements

This document does not impose information collection requirements, that is, reporting, recordkeeping or third-party disclosure requirements. Consequently, there is no need for review by the Office of Management and Budget under the authority of the Paperwork Reduction Act of 1995 (44 U.S.C. 3501 *et seq.*).

Dated: August 4, 2016.

Andrew M. Slavitt,

Acting Administrator, Centers for Medicare & Medicaid Services.

[FR Doc. 2016–19848 Filed 8–18–16; 8:45 am]

BILLING CODE 4120–01–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Food and Drug Administration

[Docket No. FDA–2013–N–0370]

Agency Information Collection Activities; Submission for Office of Management and Budget Review; Comment Request; Export of Medical Devices; Foreign Letters of Approval

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing that a proposed collection of information has been submitted to the Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995.

DATES: Fax written comments on the collection of information by September 19, 2016.

ADDRESSES: To ensure that comments on the information collection are received, OMB recommends that written comments be faxed to the Office of Information and Regulatory Affairs, OMB, Attn: FDA Desk Officer, FAX: 202–395–7285, or emailed to *oira_submission@omb.eop.gov.* All comments should be identified with the OMB control number 0910–0264. Also include the FDA docket number found in brackets in the heading of this document.

FOR FURTHER INFORMATION CONTACT: FDA PRA Staff, Office of Operations, Food and Drug Administration, Three White Flint North 10A–12M, 11601 Landsdown St., North Bethesda, MD 20852, *PRAStaff@fda.hhs.gov.*

SUPPLEMENTARY INFORMATION: In compliance with 44 U.S.C. 3507, FDA has submitted the following proposed collection of information to OMB for review and clearance.

Export of Medical Devices; Foreign Letters of Approval—OMB Control Number 0910–0264—Extension

Section 801(e)(2) of the Federal Food, Drug, and Cosmetic Act (the FD&C Act)

(21 U.S.C. 381(e)(2)) provides for the exportation of an unapproved device under certain circumstances if the exportation is not contrary to the public health and safety and it has the approval of the foreign country to which it is intended for export. Requesters communicate (either directly or through a business associate in the foreign country) with a representative of the foreign government to which they seek exportation, and written authorization must be obtained from the appropriate office within the foreign government approving the importation of the medical device. An alternative to obtaining written authorization from the foreign government is to accept a notarized certification from a responsible company official in the United States that the product is not in conflict with the foreign country's laws. This certification must include a statement acknowledging that the responsible company official making the certification is subject to the provisions of 18 U.S.C. 1001. This statutory provision makes it a criminal offense to knowingly and willingly make a false or fraudulent statement, or make or use a false document, in any manner within the jurisdiction of a department or Agency of the United States. The respondents to this collection of information are companies that seek to export medical devices. FDA's estimate of the reporting burden is based on the experience of FDA's medical device program personnel.

In the **Federal Register** of April 22, 2016 (81 FR 23720), FDA published a 60-day notice requesting public comment on the proposed collection of information. No comments were received.

FDA estimates the burden of this collection of information as follows:

TABLE 1—ESTIMATED ANNUAL REPORTING BURDEN [1]

Activity/Section of FD&C Act	Number of respondents	Number of responses per respondent	Total annual responses	Average burden per response	Total hours	Total operating and maintenance costs
Foreign letter of approval—section 801(e)(2)	38	1	38	3	114	$9,500

[1] There are no capital costs associated with this collection of information.

Dated: August 15, 2016.

Peter Lurie,

Associate Commissioner for Public Health Strategy and Analysis.

Food and Drug Administration

[Docket No. FDA–2013–N–0134]

Agency Information Collection Activities; Submission for Office of Management and Budget Review; Comment Request; Mammography Quality Standards Act Requirements

AGENCY: Food and Drug Administration, HHS.

ACTION: Notice.

SUMMARY: The Food and Drug Administration (FDA) is announcing that a proposed collection of information has been submitted to the Office of Management and Budget (OMB) for review and clearance under the Paperwork Reduction Act of 1995.

DATES: Fax written comments on the collection of information by September 19, 2016.

ADDRESSES: To ensure that comments on the information collection are received, OMB recommends that written comments be faxed to the Office of Information and Regulatory Affairs, OMB, Attn: FDA Desk Officer, FAX: 202–395–7285, or emailed to *oira_submission@omb.eop.gov.* All comments should be identified with the OMB control number 0910–0309. Also include the FDA docket number found in brackets in the heading of this document.

FOR FURTHER INFORMATION CONTACT: FDA PRA Staff, Office of Operations, Food and Drug Administration, Three White Flint North,10A–12M, 11601 Landsdown St., North Bethesda, MD 20852, *PRAStaff@fda.hhs.gov.*

SUPPLEMENTARY INFORMATION: In compliance with 44 U.S.C. 3507, FDA has submitted the following proposed collection of information to OMB for review and clearance.

Mammography Quality Standards Act Requirements—21 CFR Part 900, OMB Control Number 0910–0309—Extension

The Mammography Quality Standards Act (Pub. L. 102–539) requires the establishment of a Federal certification and inspection program for mammography facilities; regulations and standards for accreditation and certification bodies for mammography facilities; and standards for mammography equipment, personnel, and practices, including quality assurance. The intent of these regulations is to assure safe, reliable, and accurate mammography on a nationwide level. Under the regulations, as a first step in becoming certified, mammography facilities must become accredited by an FDA-approved accreditation body (AB). This requires undergoing a review of their clinical images and providing the AB with information showing that they meet the equipment, personnel, quality assurance, and quality control standards, and have a medical reporting and recordkeeping program, a medical outcomes audit program, and a consumer complaint mechanism. On the basis of this accreditation, facilities are then certified by FDA or an FDA-approved State certification agency and must prominently display their certificate. These actions are taken to ensure safe, accurate, and reliable mammography on a nationwide basis.

The following sections of Title 21 of the Code of Federal Regulations (CFR) are not included in the burden tables because they are considered usual and customary practice and were part of the standard of care prior to the implementation of the regulations. Therefore, they resulted in no additional burden: 21 CFR 900.12(c)(1) and (3) and 900.3(f)(1). Section 900.24(c) was also not included in the burden tables because if a certifying State had its approval withdrawn, FDA would take over certifying authority for the affected facilities. Because FDA already has all the certifying State's electronic records, there wouldn't be an additional reporting burden.

We have rounded numbers in the ''Total Hours'' column in all three burden tables. (Where the number was a portion of 1 hour, it has been rounded to 1 hour. All other ''Total Hours'' have been rounded to the nearest whole number.)

We do not expect any respondents for § 900.3(c) because all four ABs are approved until April 2020.

In the **Federal Register** of June 8, 2016 (81 FR 36924), FDA published a 60-day notice requesting public comment on the proposed collection of information. No comments were received.

FDA estimates the burden of this collection of information as follows:

TABLE 1—ESTIMATED ANNUAL REPORTING BURDEN

Activity/21 CFR Section/Form FDA No.	Number of respondents	Number of responses per respondent	Total annual responses	Average burden per response	Total hours [1]	Total capital costs (in dollars)	Total operating and maintenance costs (in dollars)
Notification of intent to become an AB—900.3(b)(1)	0.33	1	0.33	1	1

BILLING CODE 4164–01–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Health Resources and Service Administration

Advisory Committee on Interdisciplinary, Community-Based Linkages; Notice of Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Public Law 92–463), notice is hereby given of the following meeting:

Name: Advisory Committee on Interdisciplinary, Community-Based Linkages (ACICBL)

Dates and Times: September 19, 2016

Place: Webinar/Conference Call

Status: The meeting will be open to the public.

Purpose: The ACICBL provides advice and recommendations to the Secretary of the Department of Health and Human Services (Secretary) concerning policy, program development, and other matters of significance related to interdisciplinary, community-based training grant programs authorized under sections 750—759, Title VII, Part D of the Public Health Service Act, as amended by the Affordable Care Act. The Advisory Committee focuses on the targeted program areas and/or disciplines for Area Health Education Centers, geriatrics, allied health, chiropractic, podiatric medicine, social work, graduate psychology, and rural health.

The purpose of the ACICBL meeting is to continue discussions on the ACICBL 16th report which is focused on enhancing community-based clinical training.

Agenda: The ACICBL agenda will be available 2 days prior to the meeting on the HRSA Web site at *http://www.hrsa.gov/advisorycommittees/bhpradvisory/acicbl/index.html.*

SUPPLEMENTARY INFORMATION: Requests to make oral comments or provide written comments to the ACICBL should be sent to Dr. Joan Weiss, Designated Federal Official, using the address and phone number below. Individuals who plan to participate on the conference call and webinar should notify Dr. Weiss at least 3 days prior to the meeting, using the address and phone number below. Members of the public will have the opportunity to provide comments. Interested parties should refer to the meeting subject as the HRSA Advisory Committee on Interdisciplinary, Community-Based Linkages.

- The conference call-in number is 1–800–619–2521. The passcode is: 9271697.
- The webinar link is *https://hrsa.connectsolutions.com/acicbl.*

Contact: Anyone requesting information regarding the ACICBL should contact Dr. Joan Weiss, in one of three ways: (1) Send a request to the following address: Dr. Joan Weiss, Designated Federal Official, Bureau of Health Workforce, Health Resources and Services Administration, Room 15N39, 5600 Fishers Lane, Rockville, Maryland 20857; (2) call (301) 443–0430; or (3) send an email to *jweiss@hrsa.gov.*

Jason E. Bennett,

Director, Division of the Executive Secretariat.

Advisory Committee on Training in Primary Care Medicine and Dentistry; Notice of Meeting

In accordance with section 10(a)(2) of the Federal Advisory Committee Act (Public Law 92–463), notice is hereby given of the following meeting:

Name: Advisory Committee on Training in Primary Care Medicine and Dentistry (ACTPCMD).

Dates and Times: September 9, 2016.

Place: Webinar/Conference Call Component.

Status: The meeting will be open to the public.

Purpose: The ACTPCMD provides advice and recommendations on a broad range of issues relating to grant programs authorized by Title VII, Part C, sections 747 and 748 of the Public Health Service Act (PHSA). During the September 9, 2016 meeting, the Committee will continue work on the ACTPCMD 14th report integrating behavioral health content into primary care medicine and oral health training program.

Agenda: The ACTPCMD agenda will be available 2 days prior to the meeting on the HRSA Web site at *http://www.hrsa.gov/advisorycommittees/bhpradvisory/actpcmd/index.html.*

SUPPLEMENTARY INFORMATION: Requests by members of the public to make oral comments or provide written comments to the ACTPCMD should be sent to Dr. Joan Weiss, Designated Federal Official, using the address and phone number below. Individuals who plan to participate on the conference call and webinar should notify Dr. Weiss at least 3 days prior to the meeting, using the address and phone number below. Interested parties should refer to the meeting subject as the HRSA Advisory Committee on Training in Primary Care Medicine and Dentistry or ACTPCMD.

- The conference call-in number is 1–800–619–2521. The passcode is 9271697.
- The webinar link is *https://hrsa.connectsolutions.com/actpcmd.*

Contact: Anyone requesting information regarding the ACTPCMD should contact Dr. Joan Weiss, Designated Federal Official within the Bureau of Health Workforce, Health Resources and Services Administration, in one of three ways: (1) Send a request to the following address: Dr. Joan Weiss, Designated Federal Official, Bureau of Health Workforce, Health Resources and Services Administration, 5600 Fishers Lane, Room 15N39, Rockville, Maryland 20857; (2) call (301) 443–0430; or (3) send an email to *jweiss@hrsa.gov.*

BILLING CODE 4165–15–P

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Meeting of the National Vaccine Advisory Committee

AGENCY: National Vaccine Program Office, Office of the Assistant Secretary for Health, Office of the Secretary, Department of Health and Human Services.

ACTION: Notice.

SUMMARY: As stipulated by the Federal Advisory Committee Act, the Department of Health and Human Services is hereby giving notice that the National Vaccine Advisory Committee (NVAC) will hold a meeting September 20, 2016. The meeting is open to the public. However, pre-registration is required for both public attendance and public comment. Individuals who wish to attend the meeting and/or participate in the public comment session should register at *http://www.hhs.gov/nvpo/nvac/meetings/upcomingmeetings.* Participants may also register by emailing *nvpo@hhs.gov* or by calling (202) 690–5566 and providing their name, organization, and email address.

DATES: The meeting will be held on September 20, 2016. The meeting times and agenda will be posted on the NVAC Web site at *http://www.hhs.gov/nvpo/nvac/meetings/upcomingmeetings* as soon as they become available.

ADDRESSES: U.S. Department of Health and Human Services, Hubert H. Humphrey Building, the Great Hall, 200 Independence Avenue SW., Washington, DC 20201.

The meeting can also be accessed through a live webcast the day of the meeting. For more information, visit *http://www.hhs.gov/nvpo/nvac/meetings/upcomingmeetings.*

FOR FURTHER INFORMATION CONTACT: National Vaccine Program Office, U.S. Department of Health and Human Services, Room 715–H, Hubert H. Humphrey Building, 200 Independence Avenue SW., Washington, DC 20201. Phone: (202) 690–5566; email: *nvpo@hhs.gov.*

SUPPLEMENTARY INFORMATION: Pursuant to Section 2101 of the Public Health Service Act (42 U.S.C. 300aa–1), the Secretary of Health and Human Services was mandated to establish the National Vaccine Program to achieve optimal prevention of human infectious diseases through immunization and to achieve optimal prevention against adverse reactions to vaccines. The NVAC was established to provide advice and make recommendations to the Director of the National Vaccine Program on matters related to the Program's responsibilities. The Assistant Secretary for Health serves as Director of the National Vaccine Program.

The September 2016 NVAC meeting will include a discussion of the 2010 National Vaccine Plan Mid-course Review. The NVAC's Mid-course Review Working Group and the Maternal Immunization Working Group will also present their findings and recommendations for deliberation and vote by the Committee. Members will also receive an update on the recently released CDC Strategic Framework for Global Immunizations. Please note that agenda items are subject to change as priorities dictate. Information on the final meeting agenda will be posted prior to the meeting on the NVAC Web site: *http://www.hhs.gov/nvpo/nvac.*

Public attendance at the meeting is limited to the available space. Individuals who plan to attend in person and need special assistance, such as sign language interpretation or other reasonable accommodations, should notify the National Vaccine Program Office at the address/phone listed above at least one week prior to the meeting. For those unable to attend in person, a live webcast will be available. More information on registration and accessing the webcast can be found at *http://www.hhs.gov/nvpo/nvac/meetings/upcomingmeetings.*

Members of the public will have the opportunity to provide comments at the NVAC meeting during the public comment periods designated on the agenda. Public comments made during the meeting will be limited to three minutes per person to ensure time is allotted for all those wishing to speak. Individuals are also welcome to submit their written comments. Written comments should not exceed three pages in length. Individuals submitting written comments should email their comments to the National Vaccine Program Office (*nvpo@hhs.gov*) at least five business days prior to the meeting.

Dated: August 4, 2016.

Bruce Gellin,

Executive Secretary, National Vaccine Advisory Committee, Deputy Assistant Secretary for Health, Director, National Vaccine Program Office.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

National Institutes of Health

National Human Genome Research Institute Notice of Closed Meeting

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of a meeting of the Board of Scientific Counselors, National Human Genome Research Institute.

The meeting will be closed to the public as indicated below in accordance with the provisions set forth in section 552b(c)(6), title 5 U.S.C., as amended for the review, discussion, and evaluation of individual intramural programs and projects conducted by the National Human Genome Research Institute, including consideration of personnel qualifications and performance, and the competence of individual investigators, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: Board of Scientific Counselors, National Human Genome Research Institute.

Date: September 7–8, 2016.

Time: September 07, 2016, 2:00 p.m. to 9:00 p.m.

Agenda: To review and evaluate personal qualifications and performance, and competence of individual investigators.

Place: Hyatt Regency Bethesda, One Bethesda Metro Center, Regency Annex Room (Ballroom Level), 7400 Wisconsin Avenue, Bethesda, MD 20814.

Time: September 08, 2016, 8:00 a.m. to 6:00 p.m.

Agenda: To review and evaluate personal qualifications and performance, and competence of individual investigators.

Place: National Institutes of Health, Building 10, Room B1C211 (FAES Room 1), 10 Center Drive, Bethesda, MD 20892.

Contact Person: Monica Berger, Executive Secretary, Office of the Scientific Director, National Human Genome Research Institute, 50 South Drive, Bldg. 50, Rm. 5222, Bethesda, MD 20892, 301–294–6873, *bergerm@mail.nih.gov*.

In the interest of security, NIH has instituted stringent procedures for entrance onto the NIH campus. All visitor vehicles, including taxicabs, hotel, and airport shuttles will be inspected before being allowed on campus. Visitors will be asked to show one form of identification (for example, a government-issued photo ID, driver's license, or passport) and to state the purpose of their visit.

(Catalogue of Federal Domestic Assistance Program Nos. 93.172, Human Genome Research, National Institutes of Health, HHS)

Dated: August 15, 2016.

Sylvia L. Neal,

Program Analyst, Office of Federal Advisory Committee Policy.

Scientific Advisory Committee on Alternative Toxicological Methods; Announcement of Meeting; Request for Comments

SUMMARY: This notice announces a meeting of the Scientific Advisory Committee on Alternative Toxicological Methods (SACATM). SACATM advises the Interagency Coordinating Committee on the Validation of Alternative Methods (ICCVAM), the National Toxicology Program (NTP) Interagency Center for the Evaluation of Alternative Toxicological Methods (NICEATM), and the Director of the National Institute of Environmental Health Sciences (NIEHS) and NTP regarding statutorily mandated duties of ICCVAM and activities of NICEATM. The meeting is open to the public, and registration is requested for both public attendance and oral comment and required to access the webcast. Information about the meeting and registration is available at *http://ntp.niehs.nih.gov/go/32822.*

DATES:

Meeting: September 27, 2016; it begins 8:30 a.m. Eastern Daylight Time (EDT) and continues until adjournment.

Written Public Comment Submissions: Deadline is September 13, 2016. Registration for Meeting and/or Oral Comments: Deadline is September 20, 2016.

Registration to View Webcast: Deadline is September 27, 2016. Registration to view the meeting via the webcast is required.

ADDRESSES:

Meeting Location: Rodbell Auditorium, Rall Building, NIEHS, 111 T.W. Alexander Drive, Research Triangle Park, NC 27709.

Meeting Web page: The preliminary agenda, registration information, and background materials should be posted at *http://ntp.niehs.nih.gov/go/32822* by August 16, 2016.

Webcast: The meeting will be webcast; the URL will be provided to those who register for viewing.

FOR FURTHER INFORMATION CONTACT: Dr. Lori White, Designated Federal Officer for SACATM, Office of Liaison, Policy, and Review, Division of NTP, NIEHS, P.O. Box 12233, K2–03, Research Triangle Park, NC 27709. Phone: 919–541–9834, fax: 301–480–3272, email: *whiteld@niehs.nih.gov.* Hand Deliver/Courier address: 530 Davis Drive, Room K2124, Morrisville, NC 27560.

SUPPLEMENTARY INFORMATION:

Preliminary Agenda and Other Meeting Information: A preliminary agenda, roster of SACATM members, and background materials should be available by August 16, 2016, on the SACATM meeting Web site (*http://ntp.niehs.nih.gov/go/32822*) and available upon request from the Designated Federal Officer. Public comments and any additional information will be posted when available. Following the meeting, summary minutes will be prepared and available on the SACATM Web site or upon request from the Designated Federal Officer.

Meeting and Registration: This meeting is open to the public with time scheduled for oral public comments. The public may attend the meeting at NIEHS, where attendance is limited only by the space available, or view the webcast. Registration is required to view the webcast; the URL for the webcast will be provided in the email confirming registration. Individuals who plan to attend and/or provide oral comments are encouraged to register at *http://ntp.niehs.nih.gov/go/32822* by September 20, 2016, to facilitate planning for the meeting. Individuals are encouraged to access the Web site to stay abreast of the most current information regarding the meeting. Visitor and security information for those attending in person is available at *niehs.nih.gov/about/visiting/index.cfm.* Individuals with disabilities who need accommodation to participate in this event should contact Ms. Robbin Guy at phone: 919–541–4363 or email: *guyr2@niehs.nih.gov.* TTY users should contact the Federal TTY Relay Service at 800–877–8339. Requests should be made at least five business days in advance of the event.

Request for Comments: Both written and oral public input on the agenda topics is invited. Written comments submitted in response to this notice should be received by September 13, 2016. Comments will be posted on the SACATM meeting Web site and persons submitting them will be identified by

their name and affiliation and/or sponsoring organization, if applicable. Persons submitting written comments should include their name, affiliation (if applicable), and sponsoring organization (if any) with the document. Guidelines for public comments are at *http://ntp.niehs.nih.gov/ntp/about_ntp/guidelines_public_comments_508.pdf.*

Time is allotted during the meeting for the public to present oral comments on the agenda topics. Public comments can be presented in-person at the meeting or by teleconference line. There are 50 lines for this call; availability is on a first-come, first-served basis. The lines will be open from 8:30 a.m. until adjournment on September 27, although SACATM will receive public comments only during the formal public comment periods, as indicated on the preliminary agenda. Each organization is allowed one time slot per agenda topic. Each speaker is allotted at least 7 minutes, which if time permits, may be extended to 10 minutes at the discretion of the SACATM chair.

Persons wishing to present oral comments are encouraged to register using the SACATM meeting registration form (*http://ntp.niehs.nih.gov/go/32822*) by September 20, 2016. Registrants should indicate the topic(s) on which they plan to comment and whether they will present comments in-person or via the teleconference. The access number for the teleconference line for public comments will be provided to registrants by email prior to the meeting. Registrants are requested to, if possible, send a copy of their statement to *whiteld@niehs.nih.gov* by September 20, 2016, to enable review by SACATM, NICEATM, ICCVAM, and NIEHS/NTP staff prior to the meeting. Written statements can supplement and may expand the oral presentation. Registration for on-site oral comments will also be available on the meeting day, although time allowed for comments by these registrants may be limited and will be determined by the number of persons who register at the meeting. If registering on-site and reading from written text, please bring 30 copies of the statement for distribution and to supplement the record.

Background Information on ICCVAM, NICEATM, and SACATM: ICCVAM is an interagency committee composed of representatives from 16 federal regulatory and research agencies that require, use, generate, or disseminate toxicological and safety testing information. ICCVAM conducts technical evaluations of new, revised, and alternative safety testing methods with regulatory applicability and promotes the scientific validation and regulatory acceptance of toxicological and safety-testing methods that more accurately assess the safety and hazards of chemicals and products and that reduce, refine (decrease or eliminate pain and distress), or replace animal use. The ICCVAM Authorization Act of 2000 (42 U.S.C. 285*l*–3) established ICCVAM as a permanent interagency committee of the NIEHS under NICEATM.

NICEATM administers ICCVAM, provides scientific and operational support for ICCVAM-related activities, and conducts independent validation studies to assess the usefulness and limitations of new, revised, and alternative test methods and strategies. NICEATM and ICCVAM work collaboratively to evaluate new and improved test methods and strategies applicable to the needs of U.S. federal agencies. NICEATM and ICCVAM welcome the public nomination of new, revised, and alternative test methods and strategies for validation studies and technical evaluations. Additional information about ICCVAM and NICEATM can be found at *http://ntp.niehs.nih.gov/go/iccvam* and *http://ntp.niehs.nih.gov/go/niceatm.*

SACATM was established in response to the ICCVAM Authorization Act [Section 285*l*–3(d)] and is composed of scientists from the public and private sectors. SACATM advises ICCVAM, NICEATM, and the Director of the NIEHS and NTP regarding statutorily mandated duties of ICCVAM and activities of NICEATM. SACATM provides advice on priorities and activities related to the development, validation, scientific review, regulatory acceptance, implementation, and national and international harmonization of new, revised, and alternative toxicological test methods. Additional information about SACATM, including the charter, roster, and records of past meetings, can be found at *http://ntp.niehs.nih.gov/go/167.*

Dated: August 15, 2016.

John R. Bucher,

Associate Director, National Toxicology Program.

BILLING CODE 4140–01–P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

[Docket No. USCG–2016–0724]

Commercial Fishing Safety Advisory Committee; Vacancies

AGENCY: Coast Guard, Department of Homeland Security.

ACTION: Request for applications.

SUMMARY: The Coast Guard seeks applications for membership on the Commercial Fishing Safety Advisory Committee. The Commercial Fishing Safety Advisory Committee provides advice and makes recommendations to the Coast Guard and the Department of Homeland Security on various matters relating to the safe operation of commercial fishing industry vessels. Applicants selected for service on the Commercial Fishing Safety Advisory Committee via this solicitation will not begin their respective terms until May 2017.

DATES: Completed applications should reach the Coast Guard on or before October 18, 2016.

ADDRESSES: Applicants should send a cover letter expressing interest in an appointment to the Commercial Fishing Safety Advisory Committee that identifies which membership category the applicant is applying under, along with a resume detailing the applicant's related experience for that category via one of the following methods:

- *By mail:* Commandant (CG–CVC), Attn: Fishing Vessel Safety, U.S. Coast Guard Stop 7501, 2703 Martin Luther King Jr. Ave. SE., Washington, DC 20593–7501.
- *By fax:* 202–372–8377, ATTN: Mr. Jack Kemerer.
- *By email: jack.a.kemerer@uscg.mil.*

FOR FURTHER INFORMATION CONTACT: Mr. Jack Kemerer, Alternate Designated Federal Officer, telephone at 202–372–1249, fax at 202–372–8377, or email at *jack.a.kemerer@uscg.mil.*

SUPPLEMENTARY INFORMATION: The Commercial Fishing Safety Advisory Committee is a federal advisory committee established in accordance with the Federal Advisory Committee Act, (Title 5, U.S.C. Appendix). The Coast Guard chartered the Commercial Fishing Safety Advisory Committee to provide advice on issues related to the safety of commercial fishing industry vessels regulated under chapter 45 of title 46, United States Code, which includes uninspected fish catching vessels, fish processing vessels, and fish tender vessels. (*See 46 U.S.C. 4508.*)

The Commercial Fishing Safety Advisory Committee meets at least once a year. It may also meet for other extraordinary purposes. Its subcommittees or working groups may communicate throughout the year to prepare for meetings or develop proposals for the committee as a whole to address specific tasks.

Each member serves for a term of three years. An individual may be appointed to a term as a member more than once, but not more than two terms consecutively. All members serve at their own expense and receive no salary from the Federal Government, although travel reimbursement and per diem may be provided for called meetings.

The Coast Guard will consider applications for five (05) positions that expire or become vacant in May 2017 in the following categories:

(a) Individuals who represent the Commercial Fishing Industry (*two* positions);

(b) An individual who represents the General Public (*one* position), particularly an independent expert or consultant in maritime safety;

(c) An individual who represents education or training professionals related to fishing vessel, fish processing vessel, or fish tender vessel safety, or personnel qualifications (*one* position).

(d) An individual who represents underwriters that insure commercial fishing industry vessels (*one* position).

If you are selected as a member who represents the general public, you will be appointed and serve as a Special Government Employee as defined in section 202(a) of Title 18, U.S.C. As a candidate for appointment as a Special Government Employee, applicants are required to complete a Confidential Financial Disclosure Report (OGE Form 450). The Coast Guard may not release the reports or the information in them to the public except under an order issued by a Federal court or as otherwise provided under the Privacy Act (5 U.S.C. 552a). Only the Designated Coast Guard Ethics Official or his or her designee may release a Confidential Financial Disclosure Report. Applicants can obtain this form by going to the Web site of the Office of Government Ethics (*www.oge.gov*), or by contacting the individual listed in **FOR FURTHER INFORMATION CONTACT**. Applications for a member who represents the general public which are not accompanied by a completed OGE Form 450 will not be considered.

Registered lobbyists are not eligible to serve on federal advisory committees in an individual capacity. See ''Revised Guidance on Appointment of Lobbyist to Federal Advisory Committees, Boards, and Commissions'' (79 CFR 47482, August 13, 2014). The position we list for a member who represents the general public would be someone appointed in their individual capacity and would be designated as a Special Government Employee as defined in 202(a), Title 18, U.S.C. Registered lobbyists are lobbyists as defined in 2 U.S.C. 1602 who are required by 2 U.S.C 1603 to register with the Secretary of the Senate and Clerk of the House Representatives.

The Department of Homeland Security does not discriminate in selection of Committee members on the basis of race, color, religion, sex, national origin, political affiliation, sexual orientation, gender identity, marital status, disability and genetic information, age, membership in an employee organization, or any other non-merit factor. The Department of Homeland Security strives to achieve a widely diverse candidate pool for all of its recruitment actions.

If you are interested in applying to become a member of the Committee, send your cover letter and resume to Mr. Jack Kemerer, Commercial Fishing Safety Advisory Committee Alternate Designated Federal Officer, via one of the transmittal methods in the **ADDRESSES** section by the deadline in the **DATES** section. All email submittals will receive an email receipt confirmation.

Dated: August 15, 2016.

V.B. Gifford,

Captain, U.S. Coast Guard, Director of Inspections and Compliance.

BILLING CODE 9110–04–P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–5916–N–13]

60-Day Notice of Proposed Information Collection: Training Evaluation Form

AGENCY: Office of the Assistance Secretary for Public and Indian Housing, HUD.

ACTION: Notice.

SUMMARY: HUD is seeking approval from the Office of Management and Budget (OMB) for the information collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for 60 days of public comment.

DATES: *Comments Due Date:* October 18, 2016.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: Colette Pollard, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th Street SW., Room 4176, Washington, DC 20410–5000; telephone 202–402–3400 (this is not a toll-free number) or email at *Colette.Pollard@hud.gov* for a copy of the proposed forms or other available information. Persons with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at (800) 877–8339.

FOR FURTHER INFORMATION CONTACT: Colette Pollard, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th Street SW., Washington, DC 20410; email Colette Pollard at *Colette.Pollard@hud.gov* or telephone 202–402–3400. This is not a toll-free number. Persons with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at (800) 877–8339.

Copies of available documents submitted to OMB may be obtained from Ms. Pollard.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Training Evaluation Form.

OMB Approval Number: 2577–0271.

Type of Request: Revision of a currently approved collection.

Form Number: HUD 50945.

Description of the need for the information and proposed use: Executive Order 13571, ''Streamlining Service Delivery and Improving Customer Service,'' issued on April 27, 2011, states ''The public deserves competent, efficient, and responsive service from the Federal Government. Executive departments and agencies (agencies) must continuously evaluate their performance in meeting this standard and work to improve it.'' Executive Order 12862 ''Setting Customer Service Standards,'' issued on September 11, 1993, requires agencies that provide significant services directly to the public to identify and survey their customers, establish service standards and track performance against those standards, and benchmark customer

service performance against the best in business.

To that end, the Office of Public and Indian Housing (PIH) will use a standardized training assessment instrument to evaluate learners' reactions to training or technical assistance programs. With the information collected, PIH will measure, evaluate, and compare the performance of its various training programs over time. The design of this form follows industry-accepted best practices, allowing additional comparisons to other training programs in business and government.

Examples of how the Training Evaluation Form is currently being used and will be used are: To inspect HUD insured and assisted properties, prospective contract inspectors are required to successfully complete HUD Uniform Physical Condition Standards (UPCS) inspection training. The training consists of a pre-requisite computer-based component followed by an instructor-led component, each of which is evaluated using the Training Evaluation Form. To become familiar with the UPCS inspection process and requirements, thereby facilitating and enhancing maintenance of properties and preparation for upcoming contract inspections, public housing agency (PHA) employees and multifamily property owners and agents (POAs) are able to take a computer-based UPCS training, which is also evaluated using the Training Evaluation Form.

PIH proposes to use the training form in the future to evaluate training offered to contract inspectors who will be conducting Uniform Physical Condition Standards-Voucher (UPCS–V) inspections of 2.2 million Section 8 Housing Choice Voucher units.

PIH also proposes to use the training form in the future for all other training offered to PIH program participants and stakeholders on major regulatory changes. These sessions may be held as technical assistance seminars, conferences, briefings, or online webinars.

Respondents (i.e., affected public): The training evaluation form will be completed by members of the public and individuals at state and local government entities who participate in a HUD training course.

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost
Training Eval. Form	64,590	1	64,590	.033	2,123	$24.83	$52,937
Total	64,590	1	64,590	.033	2,123	24.83	52,937

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.,* permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

Authority: Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35.

Dated: August 11, 2016.

Merrie Nichols-Dixon,

Deputy Director for Policy, Program and Legislative Initiatives.

BILLING CODE 4210–67–P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–5915–N–07]

60 Day Notice of Proposed Information Collection for Public Comment on the: ConnectHome Challenge Performance Reporting

AGENCY: Office of Policy Development and Research, HUD.

ACTION: Notice.

SUMMARY: HUD is seeking approval from the Office of Management and Budget (OMB) for the information collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for 60 days of public comment.

DATES: *Comments Due Date:* October 18, 2016.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: HUD Desk Officer, Office of Management and Budget, New Executive Office Building, Washington, DC 20503; fax: 202–395–5806. *Email: OIRA_Submission@omb.eop.gov.*

FOR FURTHER INFORMATION CONTACT: Colette Pollard, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th Street SW., Washington, DC 20410; email Anna Guido at *Anna.Guido@hud.gov* or telephone 202–402–3400. Persons with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at (800) 877–8339. This is not a toll-free number. Copies of available documents submitted to OMB may be obtained from Ms. Pollard.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD has submitted to OMB a request for approval of the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: ConnectHome Challenge Performance Reporting.

OMB Approval Number: Pending.

Type of Request: New collection.

Description of the need for the information and proposed use: The purpose of this effort is to support communities who ''take-up'' the ConnectHome Challenge to close the digital divide among HUD-assisted households. The ConnectHome Challenge will call on Mayors, County Executives, Tribal Leaders, Housing Agencies and other Housing Providers, and other community leaders to agree to close the digital divide among HUD-assisted households.

In signing on to The ConnectHome Challenge, a community is committing, among other things, to: (1) Establish (possibly in collaboration with their

local knowledge institutions) baseline estimates of the percent of HUD-assisted households with in-home high-speed internet that is not reliant on a smartphone; (2) collaborate with local stakeholders to establish performance targets for increasing in-home high-speed internet adoption; (3) establish and share with HUD the local strategies for achieving in-home high-speed internet adoption targets; and (4) develop and execute an implementation plan and share progress with HUD.

Respondents (describe): HUD anticipates that 150 to 300 communities will participate in the ConnectHome Challenge. Because ''community'' will be defined differently by ConnectHome Challenge participants, HUD will attempt to promote collaboration across overlapping geographical entities (*e.g.,* participant cities falling within participant counties, participants with the same city distinguished by type of housing provider, and other possible scenarios).

Estimated Number of Respondents: 300.

Estimated Number of Responses: 2,700 [Connectivity Estimate (300 * 4) + Implementation Plan (300 * 1) + Progress Reporting and Plan Updates (300 * 4)].

Frequency of Response: Quarterly (Connectivity Estimate and Progress Reporting and Plan Updates) or Annually (Implementation Plan Development).

Average Hours per Response: 90 minutes for Connectivity Estimate, 90 minutes for Progress Reporting and Plan Updates, 6 hours for Implementation Plan Development.

Total Estimated Burdens: 5,400 hours.

Information collection	Number of respondents	Frequency of response	Responses per annum	Burden hour per response	Annual burden hours	Hourly cost per response	Annual cost
Connectivity Estimate ..	300	4	1200	1.5	1800	$30.00	$54,000.00
Implementation Plan Development	300	1	300	6	1800	30.00	54,000.00
Progress Reporting and Plan Updates	300	4	1200	1.5	1800	30.00	54,000.00
Total	900	.....	.....	.....	5400	30.00	162,000.00

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.,* permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

[Docket No. FR–5916–N–15]

60-Day Notice of Proposed Information Collection: Section 8 Management Assessment Program

AGENCY: Office of the Assistant Secretary for Public and Indian Housing, PIH, HUD.

ACTION: Notice.

SUMMARY: HUD is seeking approval from the Office of Management and Budget (OMB) for the information collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for 60 days of public comment.

DATES: *Comments Due Date:* October 18, 2016.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: Colette Pollard, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th Street SW., Room 4176, Washington, DC 20410–5000; telephone 202–402–3400 (this is not a toll-free number) or email at *Colette.Pollard@hud.gov* for a copy of the proposed forms or other available information. Persons with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at (800) 877–8339.

FOR FURTHER INFORMATION CONTACT: Arlette Mussington, Office of Policy, Programs and Legislative Initiatives, PIH, Department of Housing and Urban Development, 451 7th Street SW., (L'Enfant Plaza, Room 2206), Washington, DC 20410; telephone 202–402–4109, (this is not a toll-free number). Persons with hearing or speech impairments may access this number via TTY by calling the Federal Information Relay Service at (800) 877–8339. Copies of available documents submitted to OMB may be obtained from Ms. Mussington.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Section 8 Management Assessment Program (SEMAP).

OMB Control Number: 2577–0215.

Type of Request: Revision of a currently approved collection.

Agency Form Numbers: HUD–52658.

Description of the need for the information and proposed use: On an annual basis (or every two years for small agencies) PHAs are required to submit a SEMAP certification (form HUD–52648) electronically into the Information Management System/Public and Indian Housing Information Center (IMS/PIC). There is a maximum of 15 indicators that are either verified

through PIC data or an on-site or off-site confirmatory review. HUD uses the PHA's SEMAP certification, together with other available data, to assess PHA management capabilities and deficiencies, and to assign an overall performance rating to each PHA administering a HCV program. HUD rates a PHA on each SEMAP indicator, completes a PHA SEMAP profile identifying any program management deficiencies and assigns an overall performance rating. A PHA's written report of correction of a SEMAP deficiency is used as documentation that the PHA has taken action to address identified program weaknesses. Where HUD assigns an overall performance rating of troubled, the PHA's corrective action plan is used to monitor the PHA's progress on program improvements.

Respondents (i.e. affected public): Public Housing Agencies.

Estimated Annual Reporting and Recordkeeping Burden:

Information collection	Number of respondents	Responses per respondent	Total annual responses	Hours per response	Total hours	Regulatory reference
SEMAP Certification	2,167	1	2,167	12	26,004	985.101
Corrective Action Plan	80	1	80	10	800	985.107(c)
Report on Correction of SEMAP Deficiency	542	1	542	2	1,084	985.106
Total Annual Burden					27,888	

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.,* permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

Authority: Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35.

[Docket No. FR–5972–FA–01]

Announcement of Funding Awards; Capital Fund Emergency Safety and Security Grants; Fiscal Year 2016

AGENCY: Office of the Assistant Secretary for Public and Indian Housing, HUD.

ACTION: Announcement of funding awards.

SUMMARY: In accordance with Section 102(a)(4)(C) of the Department of Housing and Urban Development Reform Act of 1989, this announcement notifies the public of funding decisions made by the Department. The public was notified of the availability of the Emergency Safety and Security funds with PIH Notice 2016–03 (Notice), which was issued March 9, 2016. Additionally, Public Housing Authorities (PHAs) were notified of funds availability via electronic mail and a posting to the HUD Web site. PHAs were funded in accordance with the terms of the Notice. This announcement contains the consolidated names and addresses of this year's award recipients under the Capital Fund Emergency Safety and Security grant program.

FOR FURTHER INFORMATION CONTACT: For questions concerning the Emergency Safety and Security awards, contact Ivan Pour, Director, Office of Capital Improvements, Office of Public Housing, Department of Housing and Urban Development, 451 7th Street SW., Room 4130, Washington, DC 20410, telephone (202) 708–1640. Hearing or speech-impaired individuals may access this number via TTY by calling the toll-free Federal Relay Service at (800) 877–8339.

SUPPLEMENTARY INFORMATION: The Capital Fund Emergency Safety and Security program provides grants to PHAs for physical safety and security measures necessary to address crime and drug-related emergencies. More specifically, in accordance with Section 9 of the United States Housing Act of 1937 (42 U.S.C. 1437g) (1937 Act), and The Consolidated and Further Continuing Appropriations Act, 2016 (Pub. L. 114–113), (FY 2016 appropriations), Congress appropriated funding to provide assistance to ''public housing agencies for emergency capital needs including safety and security measures necessary to address crime and drug-related activity as well as needs resulting from unforeseen or unpreventable emergencies and natural disasters excluding Presidentially declared disasters occurring in fiscal year [2016].''

The FY 2016 awards in this Announcement were evaluated for funding based on the criteria in the Notice. These awards are funded from the set-aside in the FY 2016 appropriations. In accordance with Section 102 (a)(4)(C) of the Department of Housing and Urban Development Reform Act of 1989 (103 Stat.1987, 42 U.S.C. 3545), the Department is publishing the names, addresses, and amounts of the 24 awards made under the set aside in Appendix A to this document.

Dated: August 14, 2016.

Lourdes Castro Ramírez,

Principal Deputy Assistant Secretary for Public and Indian Housing.

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–5957–N–01]

User Fee Schedule for the Technical Suitability of Products Program—Revisions in the User Fees Assessed to Manufacturers of Materials and Products

AGENCY: Office of the Assistant Secretary for Housing—Federal Housing Commissioner, HUD.

ACTION: Notice.

SUMMARY: This notice revises the User Fee Schedule for the Technical Suitability of Products program published as a notice along with a final rule on August 9, 1984, and later revised in notices published on January 22, 1985, August 1, 1990, and May 1, 1997. This revised schedule increases fees and amends the fee schedule stated in the May 1, 1997 notice.

DATES: *Effective date:* September 19, 2016.

FOR FURTHER INFORMATION CONTACT: Pamela Beck Danner, Administrator, Office of Manufactured Housing Programs, Department of Housing and Urban Development, Room 9168, 451 7th Street SW., Washington, DC 20410; email *hsgmps@hud.gov* or telephone (202) 708–6423. (This is not a toll-free number.) Persons with hearing or speech impairments may access this number via TTY by calling the Federal Information Relay Service at (800) 877–8339.

SUPPLEMENTARY INFORMATION: Under the authority of Section 7(j) of the Department of Housing and Urban Development Act (42 U.S.C. 3535(j)), which permits the Department to ''establish fees and charges for inspection, project review and financing service, . . . and other beneficial rights, privileges, licenses, and services'' it provides, the Department issued a final rule on August 9, 1984 (49 FR 31854), codified at 24 CFR 200.934, establishing a system of fees to be charged to manufacturers of products and materials used on structures approved for mortgages or loans insured under the National Housing Act (12 U.S.C. 1701 *et seq.*). Products and materials used in structures are approved via the Technical Suitability of Products (TSP) program under the authority of section 521 of the National Housing Act, 12 U.S.C. 1735e.

Under the rule, manufacturers that seek HUD acceptance of their materials and products under the TSP program will be charged fees for initial applications, renewals, and revisions with respect to review of documentation demonstrating technical suitability. Paragraph (c) of 24 CFR 200.934 provides, in relevant part, that the Department will ''establish and amend'' the fee schedule by publication of a notice in the **Federal Register**.

The Department has not amended the present fee schedule since May 1, 1997 (62 FR 23783). Income received as a

result of the present User Fee Schedule does not maintain the current minimum level of support for the ongoing TSP program and requires adjustment to maintain the integrity and effectiveness of the program. A fee increase is necessary for the following reasons: (1) To maintain partial recovery of program costs, since fees have not been adjusted for nearly 20 years; (2) to compensate the Department more adequately for the significant labor involved in processing ''revisions,'' which require substantially more work than ''renewals''; (3) to bring the Department's fees more in line with, although significantly lower than, other similarly-missioned nationally recognized technical evaluation programs (such as the International Code Council Evaluation Service); and (4) to recognize the fact that TSP renewals are for a 3-year period, which is a longer duration than provided by other nationally recognized evaluation programs.

Accordingly, notice is hereby given that the Department is revising the fee schedule published in the notice of May 1, 1997 (62 FR 23783), as set forth below. Note that the Department is discontinuing issuance of State Letters of Acceptance (SLA) and Mechanical Engineering Bulletins (MEB). This modification reflects a change in Departmental procedures which authorized the Department's State Offices to issue SLAs; MEBs, which covers separate utility cores or nonstandard mechanical systems, *i.e.* modular utility cores, kitchens and baths, are no longer issued by HUD under the TSP program. This notice also clarifies that the revision and basic renewal fees apply to Structural Engineering Bulletins (SEBs) and Materials Releases (MRs).

The complete fee schedule, as revised, is as follows:

(i) Initial Applications

Structural Engineering Bulletins (SEBs)—$6,000.

Materials Releases (MRs)—$6,000.

Use of Materials Bulletins—Administrator Review for Acceptance (ARAs)—$4,400.

(ii) Revisions

Structural Engineering Bulletins (SEBs)—$3,000.

Materials Releases (MRs)—$3,000.

(iii) Basic Renewal Fee Without Revision

The following fee schedule, as revised, will be assessed every three years for renewal without change:

Structural Engineering Bulletins (SEBs)—$1,200.

Materials Releases (MRs)—$1,200.

Authority: Sections 7 (d) and (j), Department of Housing and Urban Development Act, 42 U.S.C. 3535 (d) and (j), and 24 CFR 200.934(c).

Dated: August 11, 2016.

Janet M. Golrick,

Associate General Deputy Assistant Secretary for Housing.

Federal Property Suitable as Facilities To Assist the Homeless

AGENCY: Office of the Assistant Secretary for Community Planning and Development, HUD.

ACTION: Notice.

SUMMARY: This Notice identifies unutilized, underutilized, excess, and surplus Federal property reviewed by HUD for suitability for possible use to assist the homeless.

FOR FURTHER INFORMATION CONTACT: Juanita Perry, Department of Housing and Urban Development, 451 Seventh Street SW., Room 7266, Washington, DC 20410; telephone (202) 402–3970; TTY number for the hearing- and speech-impaired (202) 708–2565 (these telephone numbers are not toll-free), call the toll-free Title V information line at 800–927–7588 or send an email to *title5@hud.gov*.

SUPPLEMENTARY INFORMATION: In accordance with the December 12, 1988 court order in *National Coalition for the Homeless* v. *Veterans Administration,* No. 88–2503–OG (D.D.C.), HUD publishes a Notice, on a weekly basis, identifying unutilized, underutilized, excess and surplus Federal buildings and real property that HUD has reviewed for suitability for use to assist the homeless. Today's Notice is for the purpose of announcing that no additional properties have been determined suitable or unsuitable this week.

Dated: August 11, 2016.

Brian P. Fitzmaurice,

Director, Division of Community Assistance, Office of Special Needs Assistance Programs.

BILLING CODE 4210–67–P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–5916–N–14]

60-Day Notice of Proposed Information Collection: Family Report, MTW Family Report

AGENCY: Office of the Assistant Secretary for Public and Indian Housing, PIH, HUD.

ACTION: Notice.

SUMMARY: HUD is seeking approval from the Office of Management and Budget (OMB) for the information collection described below. In accordance with the Paperwork Reduction Act, HUD is requesting comment from all interested parties on the proposed collection of information. The purpose of this notice is to allow for 60 days of public comment.

DATES: *Comments Due Date:* October 18, 2016.

ADDRESSES: Interested persons are invited to submit comments regarding this proposal. Comments should refer to the proposal by name and/or OMB Control Number and should be sent to: Colette Pollard, Reports Management Officer, QDAM, Department of Housing and Urban Development, 451 7th Street SW., Room 4176, Washington, DC 20410–5000; telephone 202–402–3400 (this is not a toll-free number) or email at *Colette.Pollard@hud.gov* for a copy of the proposed forms or other available information. Persons with hearing or speech impairments may access this number through TTY by calling the toll-free Federal Relay Service at (800) 877–8339.

FOR FURTHER INFORMATION CONTACT: Arlette Mussington, Office of Policy, Programs and Legislative Initiatives, PIH, Department of Housing and Urban Development, 451 7th Street SW., (L'Enfant Plaza, Room 2206), Washington, DC 20410; telephone 202–402–4109, (this is not a toll-free number). Persons with hearing or speech impairments may access this number via TTY by calling the Federal Information Relay Service at (800) 877–8339. Copies of available documents submitted to OMB may be obtained from Ms. Mussington.

SUPPLEMENTARY INFORMATION: This notice informs the public that HUD is seeking approval from OMB for the information collection described in Section A.

A. Overview of Information Collection

Title of Information Collection: Family Report, MTW Family Report.

OMB Approval Number: 2577–0083.

Type of Request: Extension of currently approved collection.

Form Number: Form HUD 50058 Family Report, and HUD 50058 MTW Family Report.

Description of the need for the information and proposed use: The Office of Public and Indian Housing of the Department of Housing and Urban Development (HUD) provides funding to Public Housing Agencies (PHAs) to administer assisted housing programs. Form HUD–50058 MTW Family Reports solicit demographic, family profile, income and housing information on the entire nationwide population of tenants residing in assisted housing. The information collected through the Form HUD–50058 MTW will be used to monitor and evaluate the Office of Public and Indian Housing, Moving to Work (MTW) Demonstration program which includes Public Housing, Section 8 Housing Choice Voucher, Section 8 Project Based Certificates and Vouchers, Section 8 Moderate Rehabilitation and Moving to Work (MTW) Demonstration programs.

Tenant data is collected to understand demographic, family profile, income, and housing information for participants in the Public Housing, Section 8 Housing Choice Voucher, Section 8 Project Based Certificate, Section 8 Moderate Rehabilitation, and Moving to Work Demonstration programs. This data also allows HUD to monitor the performance of programs and the performance of public housing agencies that administer the programs.

Reason for PRA

- MTW Agencies are providing housing assistance through a wide variety of interesting and creative programs that fall outside of sections 8 and 9 need to be able to report households served through these programs into PIC.[1]
- The Moving to Work (MTW) PIC Module is currently unable to capture all of the households served through MTW activities because the HUD 50058 MTW Form in PIC does not have a code for reporting Local, Non-Traditional assisted families in the PIC system.
- Agencies have not been reporting these families into PIC and this makes it difficult to accurately account for the number of MTW families being served.

Background

- The MTW statute (1996 Appropriations Act, Section 204) states that an agency may combine its funding as provided under Sections 8 and 9 to provide housing assistance and services for low-income families. At the outset of the demonstration, a number of MTW agencies used this flexibility to design activities that went outside the bounds of the eligible activities of Sections 8 and 9 of the 1937 Act. Though the Standard MTW Agreement did not contain this flexibility, HUD committed to MTW agencies during negotiations that any provision permitted under an agency's original MTW agreement that was legal could be retained under the Standard Agreement.
- On October 1, 2009, the U.S. Department of Housing and Urban Development issued a letter to MTW agencies regarding the availability of the broader uses of funds authority, under the Moving to Work (MTW) program. The letter provided a brief description of the required steps that must be completed in order for agencies to access this additional MTW authorization.

Revision to HUD 50058 MTW—PIC System Change

- Create a Local, Non-Traditional Assistance ''LN'' program code categorization in Section 1.C Form 50058–MTW to track households that are provided assistance through local, non-traditional MTW programs in addition to public housing, tenant-based and project-based assistance.
- Add Local, Non-Traditional Assistance to the heading of Section 21 of Form 50058–MTW to allow detailed reporting on this type of assistance.

Respondents (i.e. affected public): Public Housing Agencies, State and local governments, individuals and households.

Estimated Number of Respondents: 4,149.

Information collection	Number of respondents (PHA) (with responses)	* Average number of responses per respondent (with responses)	Total annual responses	Minutes per response	Total hours	Regulatory reference (24 CFR) * See attached
Form HUD–50058 New Admission	4,114	87	355,984	40	237,323	
Form HUD–50058 Recertification	4,114	583	2,398,340	20	799,447	
Form HUD–50058 MTW New Admission.	35	529	13,515	40	3,010	
Form HUD–50058 Recertification MTW	35	4018	140,630	20	46,876	
Total	4,149	.....	2,874,934	.....	1,081,685	

* *Average Number of Responses per Respondents = Total Annual Responses/Number of Respondents.*

Estimated annualized hourly cost to respondents (PHA); Form HUD–50058: To report using Form HUD–50058 Family Report, it will cost the average PHA $1,051 annually to enter and submit all data for New Admission and $3,483 annually for Recertification.

B. Solicitation of Public Comment

This notice is soliciting comments from members of the public and affected parties concerning the collection of information described in Section A on the following:

(1) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;

(2) The accuracy of the agency's estimate of the burden of the proposed collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected; and

(4) Ways to minimize the burden of the collection of information on those who are to respond; including through the use of appropriate automated collection techniques or other forms of information technology, *e.g.,* permitting electronic submission of responses.

HUD encourages interested parties to submit comment in response to these questions.

Authority: Section 3507 of the Paperwork Reduction Act of 1995, 44 U.S.C. Chapter 35.

[1] PIH Notice 2011–45 (HA), issued August 15, 2011, clarifies HUD policies, Federal statutes and regulations that apply to local, non-traditional activities implemented under the Moving to Work (MTW) demonstration program.

Dated: August 12, 2016.

Merrie Nichols-Dixon,

Deputy Director, Office of Policy, Programs and Legislative Initiatives.

[FR Doc. 2016–19850 Filed 8–18–16; 8:45 am]

BILLING CODE 4210–67–P

DEPARTMENT OF HOUSING AND URBAN DEVELOPMENT

[Docket No. FR–5921–N–12]

Implementation of the Privacy Act of 1974, as Amended; Amended System of Records Notice, Asset Disposition and Management System (ADAMS)

AGENCY: Office of Housing, HUD.

ACTION: Amended system of records notice.

SUMMARY: In accordance with the requirements of the Privacy Act of 1974 (5 U.S.C. 552a (e)(4)), as amended, the Department's Office of Housing propose to amend and reissue a current system of records notice (SORN): Asset Disposition and Management System (ADAMS). The notice amendment includes administrative updates to refine details published under the categories of individuals covered, categories of records, authority for maintenance, storage, safeguards, retention and disposal, system manager and address, notification procedures, records access, contesting records procedures, and records source categories. These sections are amended to refine previously published information about the system of records. The existing scope, objectives, and business processes in place for the program remain unchanged. The amended SORN deletes and supersedes the ADAMS SORN published in the **Federal Register** on February 26, 2014 at 79 FR 10829–10830. The updated notice will be included in the Department's inventory of SORNs.

DATES: *Effective Date:* This notice action shall be effective immediately, which will become effective September 19, 2016.

[*Comments Due Date*]: September 19, 2016.

ADDRESSES: Interested persons are invited to submit comments regarding this notice to the Rules Docket Clerk, Office of General Counsel, Department of Housing and Urban Development, 451 Seventh Street SW., Room 10276, Washington, DC 20410. Communications should refer to the above docket number and title. Faxed comments are not accepted. A copy of each communication submitted will be available for public inspection and copying between 8 a.m. and 5 p.m. weekdays at the above address.

FOR FURTHER INFORMATION CONTACT: Helen Goff Foster, Chief Privacy Officer/Senior Agency Official for Privacy, 451 Seventh Street SW., Room 10139, Washington, DC 20410, telephone number 202–402–6838 (this is not a toll-free number). Individuals who are hearing- and speech-impaired may access this number via TTY by calling the Federal Relay Service at 800–877–8339 (this is a toll-free number).

SUPPLEMENTARY INFORMATION: This notice updates and refines previously published information pertaining to ADAMs in a clear and easy to read format. The amended notice conveys administrative updates to the notice's categories of individuals covered, categories of records, routine uses, storage, safeguards, retention and disposal, system manager and address, notification procedures, records access and contesting procedures, and records source captions. The Privacy Act places on Federal agencies principal responsibility for compliance with its provisions, by requiring Federal agencies to safeguard an individual's records against an invasion of personal privacy; protect the records contained in an agency system of records from unauthorized disclosure; ensure that the records collected are relevant, necessary, current, and collected only for their intended use; and adequately safeguard the records to prevent misuse of such information. This notice demonstrates the Department's focus on industry best practices and laws that protect interest such as personal privacy and law enforcement records from inappropriate release. This notice states the name and location of the record system, the authority for and manner of its operations, the categories of individuals that it covers, the type of records that it contains, the sources of the information for the records, the routine uses made of the records, and the types of exemptions in place for the records. The notice also includes the business address of the HUD officials who will inform interested persons of how they may gain access to and/or request amendments to records pertaining to themselves.

The amended notice does not meet threshold requirements set forth by Privacy Act, 5 U.S.C. 552a(r). Therefore, a report was not submitted to the Office of Management and Budget (OMB), the Senate Committee on Homeland Security and Governmental Affairs, and the House Committee on Oversight and Government Reform.

Authority: 5 U.S.C. 552a; 88 Stat. 1896; 42 U.S.C. 3535(d).

Dated: August 12, 2016.

Helen Goff Foster,

Chief Privacy Officer/Senior Agency Official for Privacy.

System of Records No.:

HSNG.SF/HUF.01.

SYSTEM NAME:

Asset Disposition and Management System (ADAMS)—P260.

SYSTEM LOCATION:

The physical system is hosted at the contractor's primary and disaster recovery sites: Yardi Systems, Inc., 430 South Fairview Avenue, Santa Barbara, CA 93117, Sunguard, 1001 E. Campbell Road, Richardson, TX 75081, and CenturyLink, 200 N. Nash Street, El Segundo, CA 90245. The above locations host the Department's design and development, testing and production, and disaster recovery instances for ADAMS. ADAMS is accessible at workstations located at the following locations: Department of Housing and Urban Development Headquarters, 451 Seventh Street SW., Washington, DC 20410, and at HUD field and regional office locations: [1] HUD Atlanta Homeownership Center, Five Points Plaza, 40 Marietta Street, Atlanta, GA 30303, HUD Philadelphia Homeownership Center, The Wanamaker Building, 100 Penn Square East, Philadelphia, PA 19107, HUD Denver Homeownership Center, Processing and Underwriting, 20th floor, 1670 Broadway, Denver, CO 80202, HUD Santa Ana Homeownership Center, Santa Ana Federal Building, 34 Civic Center Plaza, Room 7015, Santa Ana, CA 92701.

CATEGORIES OF INDIVIDUALS COVERED BY THE SYSTEM:

Individuals covered by ADAMS are: (1) Homebuyers (mortgagors) of REO properties, (2) successful bidders (purchasers) of HUD Real Estate Owned (REO) properties, (3) HUD Single Family Property Disposition Program Management and Marketing (M&M) contractors. Successful bidders are referred to as purchasers on the form HUD–2548, Sales Contract Property Disposition Program, and include the following groups: (1) FHA-approved real estate brokers, (2) Investors, (3) Registered, eligible non-profit organizations, (4) Public housing agencies, and (5) Other government agencies (State and local). The M&M

[1] *http://portal.hud.gov/hudportal/documents/huddoc?id=append2.pdf.*

contractor group include: (1) Mortgagee Compliance Managers (MCM), (2) Field Service Managers (FSM), and (3) Asset Managers (AM).

CATEGORIES OF RECORD IN THE SYSTEM:

Categories of records in the system include:

(1) Homebuyers Information: Name, address, Social Security number (SSN), and race/ethnicity characteristics. This information is also gathered by non-profit and government submissions.

(2) Successful Bidders Information: Business name and address, Employer Identification Number (EIN), Tax Identification Number (TIN), or SSN, broker's phone number, SAMS name and address identification number (NAID), FHA case number, property address, date purchaser(s) signed sales contract (Form HUD–9548), date sales contract accepted by HUD, purchase price; purchaser type, appraisal information, tax payments, sales offer information, HUD–1, contract information, vendor information, and financial transactions.

(3) Additional Nonprofit and Government (state and local) Information: Internal Revenue Service (IRS) letters for determination of nonprofit status, articles of Organization, mortgage notes, W–9, SAMS–1111, property report documentation (Median Income certification).

(4) Management and Marketing (M&M) Contractors Information: Business name and address; EIN, TIN, or SSN; phone number; SAMS NAID; FHA case number; property address; date purchaser(s) signed sales contract (Form HUD–9548); date sales contract accepted by HUD; purchase price; purchaser type; mortgage notes, W–9, SAMS–1111, property report documentation (Median Income certification) and limited information about the homebuyers: Name, address, SSN, and race/ethnicity characteristics.

In addition, ADAMS contains files on property appraisals, tax payments, purchase sales offer information, HUD–1, purchase contract information, vendor information, and property preservation and protection invoice information, FHA property listings, and property agent contact information.

AUTHORITY FOR MAINTENANCE OF THE SYSTEM:

National Housing Act as amended (12 U.S.C. 1702 *et seq.*), Title 24 Code of Federal Regulations Part 200.194, Placement of Nonprofit Organization on Nonprofit Organization Roster, The Housing and Community Development Act of 1987, 42 U.S.C. 3543, National Housing Act, Section 235(b), Public Law 479, 48 Stat. 12 U.S.C. 1701 *et seq.,* Section 165 (a) of the Housing and Community Development Act of 1987, Public Law 100–242, Section 904 of the Stewart B. McKinney Homeless Assistance Amendments Act of 1988, Public Law 100–628.

PURPOSE:

ADAMS is a case management system for HUD owned and HUD managed single-family properties under HUD's Property Disposition and REO Discount Sales Programs. ADAMS was introduced into production in 2010. ADAMS supports HUD Headquarters and Homeownership Center (HOC) staff and HUD's Management and Marketing (M&M) contractors to track single-family properties from their acquisition by HUD through the steps necessary to resell the properties. In addition, M&M contractors manage the HUD Property Disposition Sales Program and the REO Discount Sales Programs (Good Neighbor Next Door (GNND), Asset Control Area (ACA) Sales, and $1 Homes). ADAMS is used to:

- Obtain, store, and display case-level information about properties acquired by or in custody of HUD.
- Track events and information describing the status of real property from the date of conveyance to the Department through several stages of management, marketing, and disposition, to final reconciliation of sale proceeds.
- Retain data relative to contracts, contractors, and vendors that support the property disposition program.
- Calculate property management, marketing, and incentive fees earned by M&M contractors, closing agents, and special property inspection (SPI) contractors, and generate disbursement transmittals.
- Calculate M&M contractor payment incentives and disincentives.
- Generate disbursement transmittals for payment of other property-related expenses such as pass-through expenses and property taxes.
- Verify eligibility to participate in the REO program.
- Validate that no conflicts of interest exist among non-profit/other government agencies' board members, employees, business partners, and homebuyers.
- Validate that discounted HUD–REO homes were sold to eligible buyers.
- Determine that participating agencies have not exceeded profit limits on the re-sale of HUD–REO homes purchased through the discount program.
- Support Good Neighbor Next Door Sales Programs (GNND) compliance control tasks for pre-sales/pre-registration, sales/pre-closing, and post-closing.

ROUTINE USES OF RECORDS MAINTAINED IN THE SYSTEM, INCLUDING CATEGORIES OF USERS AND THE PURPOSE OF SUCH USES:

In addition to those disclosures generally permitted under 5 U.S.C. Section 552a(b) of the Privacy Act, all or a portion of the records or information contained in this system may be disclosed outside HUD as a routine use pursuant to 5 U.S.C. 552a(b)(3) as follows:

1. To appropriate agencies, entities, and persons to the extent such disclosures are compatible with the purpose for which the records in this system were collected, as set forth by Appendix I [2]—HUD's Routine Uses Inventory published in the **Federal Register**.

2. To General Accounting Office (GAO) for audit purposes.

3. To Management and Marketing contractors for processing the sale of HUD Homes.

4. To Federal Bureau of Investigation (FBI) to investigate possible fraud revealed in the course of servicing efforts to allow HUD to protect the interest of the Secretary.

5. To Appropriate agencies, entities, and persons when:

a. HUD suspects or has confirmed that the security or confidentiality of information in a system of records has been compromised;

b. HUD has determined that as a result of the suspected or confirmed compromise there is a risk of harm to economic or property interests, identity theft or fraud, or harm to the security or integrity of systems or programs (whether maintained by HUD or another agency or entity) that rely upon the compromised information;

c. HUD determines that the disclosure made to such agencies, entities, and persons is reasonably necessary to assist in connection with HUD's efforts to respond to the suspected or confirmed compromise and prevent, minimize, or remedy such harm for purposes of facilitating responses and remediation efforts in the event of a data breach.

6. To the National Archives and Records Administration (NARA) or to the General Services Administration for records management inspections conducted under 44 U.S.C. 2904 and 2906.

7. To a congressional office from the record of an individual in response to an inquiry from that congressional office

[2] *http://portal.hud.gov/hudportal/documents/huddoc?id=routine_use_inventory.pdf.*

made at the request of the individual to whom the record pertains.

POLICIES AND PRACTICES FOR STORING, RETRIEVING, ACCESSING, RETAINING, AND DISPOSING OF RECORDS IN THE SYSTEM:

STORAGE:

Records in this system are stored electronically in secure facilities. Electronic files are stored in case files on secure servers. Electronic files are replicated at a disaster recovery offsite location in case of loss of computing capability or other emergency at the primary facility. ADAMS does not have paper records.

RETRIEVABILITY:

Records are retrieved using computer search by the FHA case number, property address (including other geographical characteristics such as contract area, property state/city/county/zip code, Homeownership Center), or contractor ID or name, or non-profit/government agency name.

SAFEGUARDS:

Records are maintained in a secured computer network. Access is limited to authorized personnel. ADAMS access requires two levels of logins to access the system. The first login uses HUD Siteminder system to verify that the user has active HUD authorization. The second login uses ADAMS internal security system to set permissions for data access and system functionality.

RETENTION AND DISPOSAL:

In accordance with General Records Schedule 1.1, Financial Management and Reporting Records, Items 010 and 011, the records are maintained for six years or when business use ceases. Paper records are not in use. Backup and Recovery digital media will be destroyed or otherwise rendered irrecoverable per NIST SP 800–88 ''Guidelines for Media Sanitization'' (September 2006).

SYSTEM OWNER AND ADDRESS:

Ivery Himes, Director, Office of Single Family Asset Management, Room 9178, 451 Seventh Street SW., Washington, DC 20410.

NOTIFICATION AND RECORD ACCESS PROCEDURES:

For information, assistance, or inquiry about the existence of records, contact Helen Goff Foster, Chief Privacy Officer/Senior Agency Official for Privacy, 451 Seventh Street SW., Room 10139, Washington, DC 20410, telephone number (202) 402–6838. When seeking records about yourself from this system of records or any other HUD system of records, your request must conform with the Privacy Act regulations set forth in 24 CFR part 16. You must first verify your identity, meaning that you must provide your full name, current address, and date and place of birth. You must sign your request, and your signature must either be notarized or submitted under 28 U.S.C. 1746, a law that permits statements to be made under penalty of perjury as a substitute for notarization. In addition, your request should:

a. Explain why you believe HUD would have information on you.

b. Identify which Office of HUD you believe has the records about you.

c. Specify when you believe the records would have been created.

d. Provide any other information that will help the FOIA staff determine which HUD office may have responsive records.

If your request is seeking records pertaining to another living individual, you must include a statement from that individual certifying their agreement for you to access their records. Without the above information, the HUD FOIA Office may not be able to conduct an effective search, and your request may be denied due to lack of specificity or lack of compliance with applicable regulations.

CONTESTING RECORD PROCEDURES:

The Department's rules for contesting contents of records and appealing initial denials appear in 24 CFR part 16, Procedures for Inquiries. Additional assistance may be obtained by contacting Helen Goff Foster, Chief Privacy Officer/Senior Agency Official for Privacy, 451 Seventh Street SW., Room 10139, Washington, DC 20410, or the HUD Departmental Privacy Appeals Officers, Office of General Counsel, Department of Housing and Urban Development, 451 Seventh Street SW., Washington, DC 20410.

RECORD SOURCE CATEGORIES:

Purchasers, Non-profit and State, local Government entities, M&M contractors, and HUD employees, HUD Form 9548.

EXEMPTIONS FROM CERTAIN PROVISIONS OF THE ACT:

None.

DEPARTMENT OF THE INTERIOR

Geological Survey

[GX16GG009950000]

Announcement of National Earthquake Prediction Evaluation Council

AGENCY: U.S. Geological Survey, Department of the Interior.

ACTION: Notice of meeting.

SUMMARY: Pursuant to Public Law 106–503, the National Earthquake Prediction Evaluation Council (NEPEC) will hold its next meeting by phone. The Committee is comprised of members from academia and the Federal government. The Committee provides advice and recommendations to the Director of the USGS on earthquake predictions and related scientific research.

In this brief meeting by phone, the Council will receive updates on the status of pertinent activities of the Earthquake Hazards Program, and will deliver its recommendations on the testing of earthquake prediction hypotheses.

DATES: The meeting will be held from 12 Noon to 2:00 p.m. EDT on September 1, 2016.

FOR FURTHER INFORMATION CONTACT: Dr. Michael Blanpied, U.S. Geological Survey, MS 905, 12201 Sunrise Valley Drive, Reston, Virginia 20192, (703) 648–6696, *mblanpied@usgs.gov*.

SUPPLEMENTARY INFORMATION: Meetings of the National Earthquake Prediction Evaluation Council are open to the public. Those wishing to attend may contact Dr. Blanpied for further information. Those wishing to provide a brief statement to the Council may do so with prior arrangement.

William Leith,

Senior Science Advisor for Earthquake and Geologic Hazards.

DEPARTMENT OF THE INTERIOR

Bureau of Land Management

[LLAZ910000.L17110000.XP0000 16X 6100.241A]

State of Arizona Resource Advisory Council Meeting

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of public meetings.

SUMMARY: In accordance with the Federal Land Policy and Management

Act of 1976 and the Federal Advisory Committee Act of 1972, the U.S. Department of the Interior, Bureau of Land Management (BLM), Arizona Resource Advisory Council (RAC) will meet in Phoenix, Arizona, as indicated below.

DATES: The Arizona RAC business meeting will take place on September 15, 2016 from 8:30 a.m. until 4:30 p.m. The RAC working group meeting will take place on September 14, 2016 from 8:30 a.m. until 4:15 p.m. Both meetings are open to the public.

ADDRESSES: The meeting will be held at the BLM Arizona State Office located at One North Central Avenue, Suite 800, Phoenix, Arizona 85004.

FOR FURTHER INFORMATION CONTACT: Adam Eggers, Arizona RAC Coordinator at the Bureau of Land Management, Arizona State Office, One North Central Avenue, Suite 800, Phoenix, Arizona 85004–4427, 602–417–9500. Persons who use a telecommunications device for the deaf (TDD) may call the Federal Information Relay Service (FIRS) at 1–800–877–8339 to contact the above individual during normal business hours. The FIRS is available 24 hours a day, 7 days a week, to leave a message or question with the above individual. You will receive a reply during normal business hours.

SUPPLEMENTARY INFORMATION: The 15-member Council advises the Secretary of the Interior, through the BLM, on a variety of planning and management issues associated with public land management in Arizona. Planned agenda items include a welcome and introduction of Council members; BLM State Director's update on BLM programs and issues; commercial recreation leases outreach update; fire and aviation update; BLM ''Balance Point: Managing the health, diversity, and productivity of America's public lands for the use and enjoyment of present and future generations'' presentation; RAC committee reports; RAC questions on BLM District Manager reports and other items of interest to the RAC. Members of the public are welcome to attend the RAC meetings. A public comment period is scheduled for September 15 from 2:30–3:00 p.m. for any interested members of the public who wish to address the Council on BLM programs and business. Depending on the number of persons wishing to speak and time available, the time for individual comments may be limited. Written comments may also be submitted during the meeting for the RAC's consideration. The final meeting agenda will be available two weeks prior to the meeting and posted on the BLM Web site at: *http://www.blm.gov/az/st/en/res/rac.html.* Additionally, directions to the meeting site and parking information may be found on the BLM Web site at: *http://www.blm.gov/az/st/en/res/pub_room/location.html.* Individuals who need special assistance, such as sign language interpretation or other reasonable accommodations, should contact the RAC Coordinator listed above no later than two weeks before the start of the meeting.

Under the Federal Lands Recreation Enhancement Act, the RAC has been designated as the Recreation RAC and has the authority to review all BLM and Forest Service recreation fee proposals in Arizona. The Recreation RAC will review the Paria Canyon Business Plan at this meeting.

Raymond Suazo,

Arizona State Director.

DEPARTMENT OF THE INTERIOR

Bureau of Ocean Energy Management

[Docket No. BOEM–2016–0047; MMAA104000]

Outer Continental Shelf (OCS), Gulf of Mexico (GOM), Oil and Gas Lease Sales for 2018

AGENCY: Bureau of Ocean Energy Management (BOEM), Interior.

ACTION: Notice of intent to prepare a Supplemental Environmental Impact Statement.

SUMMARY: Consistent with the regulations implementing the National Environmental Policy Act (NEPA) (42 U.S.C. 4321 *et seq.*), BOEM is announcing its intent to prepare a Supplemental Environmental Impact Statement (EIS) for proposed GOM Lease Sales 250 and 251 (2018 GOM Lease Sales 250 and 251 Supplemental EIS) as scheduled in the 2017–2022 OCS Oil and Gas Leasing Proposed Program (2017–2022 Proposed Program). This Notice of Intent (NOI) serves to announce the EIS scoping process for the 2018 GOM Lease Sales 250 and 251 Supplemental EIS. The 2018 GOM Lease Sales 250 and 251 Supplemental EIS will tier from the 2017–2022 GOM Multisale EIS.

Section 18 of the OCS Lands Act (43 U.S.C. 1344) requires the development of an OCS oil and gas leasing program every five years. The Program sets forth a schedule of lease sales designed to best meet the Nation's energy needs. The lease sales proposed in the GOM in the 2017–2022 Proposed Program are areawide sales encompassing both the Western and Central Planning Areas, and a portion of the Eastern Planning Area not subject to Congressional moratorium. These planning areas are located off the States of Texas, Louisiana, Mississippi, Alabama, and Florida. By proposing lease sales that offer all available GOM acreage, BOEM seeks to provide more opportunity for industry to bid on rejected, relinquished, or expired OCS lease blocks and facilitate better planning to explore resources that straddle the U.S./Mexico boundary. During the pre-lease sale process, the size of any individual lease sale could be reduced, and a smaller area offered for leasing, should circumstances warrant. For example, an individual lease sale could be focused on a single GOM Planning Area as in the 2012–2017 OCS Oil and Gas Leasing Program.

SUPPLEMENTARY INFORMATION: Regulations implementing NEPA encourage agencies to analyze similar or related proposals in one EIS (40 CFR 1508.25). Since both lease sales would be held in 2018 and the ensuing OCS activities are similar, BOEM will prepare a single Supplemental EIS for two lease sales proposed to be held in the GOM in 2018 (Lease Sales 250 and 251). The 2018 GOM Lease Sales 250 and 251 Supplemental EIS will tier from the 2017–2022 GOM Multisale EIS and focus on new information released since the publication of the 2017–2022 GOM Multisale EIS. This EIS approach allows for subsequent NEPA analyses to focus on changes in the proposed lease sales and on new issues and information. Analyzing two proposed lease sales within one Supplemental EIS will eliminate the repetition of annual Supplemental EISs for each proposed lease sale. The resource estimates and scenario information for the Supplemental EIS will include a range that encompasses the resources and activities estimated for either or both of the proposed lease sales. At the completion of this Supplemental EIS process, a decision will be made for Lease Sale 250. Thereafter, a separate decision will be made for Lease Sale 251. No final decision will be made on any individual lease sale until the end of the Supplemental EIS process to allow for full consultation with Federal agencies, affected states, and the public.

The 2018 GOM Lease Sales 250 and 251 Supplemental EIS analysis will focus on the potential environmental effects from oil and natural gas leasing, exploration, development, and

production on all available acreage in the GOM, including the Western and Central Planning Areas, and the portion of the Eastern Planning Area not subject to Congressional moratorium. In addition to the no action alternative (*i.e.,* cancel the lease sale), other alternatives will be considered for each proposed lease sale, such as offering individual or multiple planning areas for lease or deferring certain areas from the proposed lease sales in addition to those alternatives considered in the 2017–2022 OCS Oil and Gas Leasing Proposed Program.

Scoping Process: This NOI serves to announce the scoping process for identifying issues and potential alternatives for consideration in the 2018 GOM Lease Sales 250 and 251 Supplemental EIS. Throughout the scoping process, Federal agencies, state, tribal, and local governments, and the general public have the opportunity to help BOEM determine significant resources and issues, impact-producing factors, reasonable alternatives, and potential mitigating measures to be analyzed in the Supplemental EIS and to provide additional information. BOEM will also use the NEPA commenting process to initiate the section 106 consultation process under the National Historic Preservation Act (54 U.S.C. 300101 *et seq.*), as provided in 36 CFR 800.2(d)(3).

Pursuant to the regulations implementing the provisions of NEPA (42 U.S.C. 4321 *et seq.*), BOEM will hold public scoping meetings for the 2018 GOM Lease Sales 250 and 251 Supplemental EIS. BOEM's scoping meetings will be held at the following places and times:

- Gulfport, Mississippi: Tuesday, September 6, 2016, Courtyard by Marriott, Gulfport Beachfront MS Hotel, 1600 East Beach Boulevard, Gulfport, Mississippi 39501; one meeting, beginning at 4:00 p.m. CDT and ending at 7:00 p.m. CDT;
- Mobile, Alabama: Wednesday, September 7, 2016, Renaissance Mobile Riverview Plaza Hotel, 64 South Water Street, Mobile, Alabama 36602; one meeting, beginning at 4:00 p.m. CDT and ending at 7:00 p.m. CDT;
- Houston, Texas: Tuesday, September 13, 2016, Houston Marriott North, 255 North Sam Houston Pkwy East, Houston, Texas 77060; one meeting, beginning at 4:00 p.m. CDT and ending at 7:00 p.m. CDT; and
- New Orleans, Louisiana: Thursday, September 15, 2016, Wyndham Garden New Orleans Airport, 6401 Veterans Memorial Blvd., Metairie, Louisiana 70003; one meeting, beginning at 4:00 p.m. CDT and ending at 7:00 p.m. CDT.

Cooperating Agencies: BOEM invites other Federal agencies, and state, tribal, and local governments to consider becoming cooperating agencies in the preparation of the 2018 GOM Lease Sales 250 and 251 Supplemental EIS. BOEM invites qualified government entities to inquire about cooperating agency status for this Supplemental EIS. Following the guidelines from the Council on Environmental Quality (CEQ), qualified agencies and governments are those with ''jurisdiction by law or special expertise.'' Potential cooperating agencies should consider their authority and capacity to assume the responsibilities of a cooperating agency and should remember that an agency's role in the environmental analysis neither enlarges nor diminishes the final decisionmaking authority of any other agency involved in the NEPA process. Upon request, BOEM will provide potential cooperating agencies with a written summary of expectations for cooperating agencies, including time schedules and critical action dates, milestones, responsibilities, scope and detail of cooperating agencies' contributions, and availability of predecisional information. BOEM anticipates this summary will form the basis for a Memorandum of Agreement between BOEM and any cooperating agency. Agencies should also consider the ''Factors for Determining Cooperating Agency Status'' in Attachment 1 to CEQ's January 30, 2002, Memorandum for the Heads of Federal Agencies: *Cooperating Agencies in Implementing the Procedural Requirements of the National Environmental Policy Act.* This document is available on the Internet at: *http://energy.gov/sites/prod/files/nepapub/nepa_documents/RedDont/G-CEQ-CoopAgenciesImplem.pdf.*

BOEM, as the lead agency, will not provide financial assistance to cooperating agencies. Even if an organization is not a cooperating agency, opportunities will exist to provide information and comments to BOEM during the normal public input stages of the NEPA process.

Comments: Federal agencies, tribal, state, and local governments, and other interested parties are requested to comment on the scope of the 2018 GOM Lease Sales 250 and 251 Supplemental EIS, significant issues that should be addressed, and alternatives that should be considered. Comments can be submitted in any of the following ways:

1. In written form enclosed in an envelope labeled ''Comments on the 2018 GOM Lease Sales 250 and 251 Supplemental EIS'' and mailed (or hand carried) to Mr. Gary D. Goeke, Chief, Environmental Assessment Section, Office of Environment (GM 623E), BOEM, Gulf of Mexico OCS Region, 1201 Elmwood Park Boulevard, New Orleans, Louisiana 70123–2394; or

2. Through the regulations.gov web portal: Navigate to *http://www.regulations.gov* and search for Docket No. BOEM–2016–0047. Click on the ''Comment Now!'' button to the right of the document link. Enter your information and comment, then click ''Submit.''

BOEM does not consider anonymous comments. Please include your name and address as part of your submittal. BOEM makes all comments, including the names and addresses of respondents, available for public review during regular business hours. Individual respondents may request that BOEM withhold their names and/or addresses from the public record; however, BOEM cannot guarantee that it will be able to do so. If you wish your name and/or address to be withheld, you must state your preference prominently at the beginning of your comment. All submissions from organizations or businesses and from individuals identifying themselves as representatives or officials of organizations or businesses will be made available for public inspection in their entirety.

DATES: Comments should be submitted no later than September 19, 2016.

FOR FURTHER INFORMATION CONTACT: For information on the 2018 GOM Lease Sales 250 and 251 Supplemental EIS, the submission of comments, or BOEM's policies associated with this notice, please contact Mr. Gary D. Goeke, Chief, Environmental Assessment Section, Office of Environment (GM 623E), BOEM, Gulf of Mexico OCS Region, 1201 Elmwood Park Boulevard, New Orleans, Louisiana 70123–2394, telephone 504–736–3233.

Authority: This NOI is published pursuant to the regulations (40 CFR 1501.7) implementing the provisions of NEPA.

Dated: August 12, 2016.

Abigail Ross Hopper,

Director, Bureau of Ocean Energy Management.

BILLING CODE 4310–MR–P

INTERNATIONAL TRADE COMMISSION

[Investigation No. 731–TA–1330 (Preliminary)]

Dioctyl Terephthalate (DOTP) From Korea; Determination

On the basis of the record [1] developed in the subject investigation, the United States International Trade Commission (''Commission'') determines, pursuant to the Tariff Act of 1930 (''the Act''), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports of dioctyl terephthalate (''DOTP'') from Korea, provided for in subheading 2917.39.20 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (''LTFV'').[2]

Commencement of Final Phase Investigation

Pursuant to section 207.18 of the Commission's rules, the Commission also gives notice of the commencement of the final phase of its investigation. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in section 207.21 of the Commission's rules, upon notice from the Department of Commerce (''Commerce'') of an affirmative preliminary determination in the investigation under section 733(b) of the Act, or, if the preliminary determination is negative, upon notice of an affirmative final determination in that investigation under section 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigation need not enter a separate appearance for the final phase of the investigation. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigation.

Background

On June 30, 2016, Eastman Chemical Company, Kingsport, Tennessee filed a petition with the Commission and Commerce, alleging that an industry in the United States is materially injured by reason of LTFV imports of DOTP from Korea. Accordingly, effective June 30, 2016, the Commission, pursuant to section 733(a) of the Act (19 U.S.C. 1673b(a)), instituted antidumping duty investigation No. 731–TA–1330 (Preliminary).

Notice of the institution of the Commission's investigation and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of July 7, 2016 (81 FR 44329). The conference was held in Washington, DC, on July 21, 2016, and all persons who requested the opportunity were permitted to appear in person or by counsel.

The Commission made this determination pursuant to section 733(a) of the Act (19 U.S.C. 1673b(a)). It completed and filed its determination in this investigation on August 15, 2016. The views of the Commission are contained in USITC Publication 4630 (August 2016), entitled *Dioctyl Terephthalate (DOTP) from Korea: Investigation No. 731–TA–1330 (Preliminary).*

By order of the Commission.

Issued: August 16, 2016.

Lisa R. Barton,

Secretary to the Commission.

BILLING CODE 7020–02–P

INTERNATIONAL TRADE COMMISSION

[Investigation Nos. 701–TA–563 and 731–TA–1331–1333 (Preliminary)]

Finished Carbon Steel Flanges From India, Italy, and Spain; Determinations

On the basis of the record [1] developed in the subject investigations, the United States International Trade Commission (''Commission'') determines, pursuant to the Tariff Act of 1930 (''the Act''), that there is a reasonable indication that an industry in the United States is materially injured by reason of imports of finished carbon steel flanges from India, Italy, and Spain provided for in subheading 7307.91.50 of the Harmonized Tariff Schedule of the United States, that are alleged to be sold in the United States at less than fair value (''LTFV'') and that are alleged to be subsidized by the government of India.

Commencement of Final Phase Investigations

Pursuant to section 207.18 of the Commission's rules, the Commission also gives notice of the commencement of the final phase of its investigations. The Commission will issue a final phase notice of scheduling, which will be published in the **Federal Register** as provided in section 207.21 of the Commission's rules, upon notice from the Department of Commerce (''Commerce'') of affirmative preliminary determinations in the investigations under sections 703(b) or 733(b) of the Act, or, if the preliminary determinations are negative, upon notice of affirmative final determinations in those investigations under sections 705(a) or 735(a) of the Act. Parties that filed entries of appearance in the preliminary phase of the investigations need not enter a separate appearance for the final phase of the investigations. Industrial users, and, if the merchandise under investigation is sold at the retail level, representative consumer organizations have the right to appear as parties in Commission antidumping and countervailing duty investigations. The Secretary will prepare a public service list containing the names and addresses of all persons, or their representatives, who are parties to the investigations.

Background

On June 30, 2016, Weldbend Corporation, Argo, Illinois and Boltex Mfg. Co., L.P., Houston, Texas filed petitions with the Commission and Commerce, alleging that an industry in the United States is materially injured or threatened with material injury by reason of LTFV imports of finished carbon steel flanges from India, Italy, and Spain and subsidized imports of finished carbon steel flanges from India. Accordingly, effective June 30, 2016, the Commission, pursuant to sections 703(a) and 733(a) of the Act (19 U.S.C. 1671b(a) and 1673b(a)), instituted countervailing duty investigation No. 701–TA–563 and antidumping duty investigation Nos. 731–TA–1331–1333 (Preliminary).

Notice of the institution of the Commission's investigations and of a public conference to be held in connection therewith was given by posting copies of the notice in the Office of the Secretary, U.S. International Trade Commission, Washington, DC, and by publishing the notice in the **Federal Register** of July 7, 2016 (81 FR 44328). The conference was held in

BILLING CODE 7020–02–P

INTERNATIONAL TRADE COMMISSION

Notice of Receipt of Complaint; Solicitation of Comments Relating to the Public Interest

AGENCY: U.S. International Trade Commission.

ACTION: Notice.

SUMMARY: Notice is hereby given that the U.S. International Trade Commission has received a complaint entitled *Certain Krill Oil Products and Krill Meal for Production of Krill Oil Products, DN 3167;* the Commission is soliciting comments on any public interest issues raised by the complaint or complainant's filing under § 210.8(b) of the Commission's Rules of Practice and Procedure (19 CFR 210.8(b)).

FOR FURTHER INFORMATION CONTACT: Lisa R. Barton, Secretary to the Commission, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205–2000. The public version of the complaint can be accessed on the Commission's Electronic Document Information System (EDIS) at *http://edis.usitc.gov,* and will be available for inspection during official business hours (8:45 a.m. to 5:15 p.m.) in the Office of the Secretary, U.S. International Trade Commission, 500 E Street SW., Washington, DC 20436, telephone (202) 205–2000.

General information concerning the Commission may also be obtained by accessing its Internet server at United States International Trade Commission (USITC) at *http://edis.usitc.gov.* The public record for this investigation may be viewed on the Commission's Electronic Document Information System (EDIS) at *http://edis.usitc.gov.* Hearing-impaired persons are advised that information on this matter can be obtained by contacting the Commission's TDD terminal on (202) 205–1810.

SUPPLEMENTARY INFORMATION: The Commission has received a complaint and a submission pursuant to § 210.8(b) of the Commission's Rules of Practice and Procedure filed on behalf of Aker BioMarine Antarctic AS and Aker BioMarine Manufacturing, LLC on August 12, 2016. The complaint alleges violations of section 337 of the Tariff Act of 1930 (19 U.S.C. 1337) in the importation into the United States, the sale for importation, and the sale within the United States after importation of certain krill oil products and krill meal for production of krill oil products. The complaint names as respondents Olympic Holding AS of Norway; Rimfrost AS of Norway; Emerald Fisheries AS of Norway; Avoca Inc. of Merry Hill, NC; Rimfrost USA, LLC of Merry Hill, NC; Rimfrost New Zealand Limited of New Zealand; and Bioriginal Food & Science Corp. of Canada. The complainant requests that the Commission issue a limited exclusion order, cease and desist orders and impose a bond upon respondents' alleged infringing articles during the 60-day Presidential review period pursuant to 19 U.S.C. 1337(j).

Proposed respondents, other interested parties, and members of the public are invited to file comments, not to exceed five (5) pages in length, inclusive of attachments, on any public interest issues raised by the complaint or § 210.8(b) filing. Comments should address whether issuance of the relief specifically requested by the complainant in this investigation would affect the public health and welfare in the United States, competitive conditions in the United States economy, the production of like or directly competitive articles in the United States, or United States consumers.

In particular, the Commission is interested in comments that:

(i) Explain how the articles potentially subject to the requested remedial orders are used in the United States;

(ii) identify any public health, safety, or welfare concerns in the United States relating to the requested remedial orders;

(iii) identify like or directly competitive articles that complainant, its licensees, or third parties make in the United States which could replace the subject articles if they were to be excluded;

(iv) indicate whether complainant, complainant's licensees, and/or third party suppliers have the capacity to replace the volume of articles potentially subject to the requested exclusion order and/or a cease and desist order within a commercially reasonable time; and

(v) explain how the requested remedial orders would impact United States consumers.

Written submissions must be filed no later than by close of business, eight calendar days after the date of publication of this notice in the **Federal Register**. There will be further opportunities for comment on the public interest after the issuance of any final initial determination in this investigation.

Persons filing written submissions must file the original document electronically on or before the deadlines stated above and submit 8 true paper copies to the Office of the Secretary by noon the next day pursuant to § 210.4(f) of the Commission's Rules of Practice and Procedure (19 CFR 210.4(f)). Submissions should refer to the docket number (''Docket No. 3167'') in a prominent place on the cover page and/or the first page. (*See* Handbook for Electronic Filing Procedures, Electronic Filing Procedures [1]). Persons with questions regarding filing should contact the Secretary (202–205–2000).

Any person desiring to submit a document to the Commission in confidence must request confidential treatment. All such requests should be directed to the Secretary to the Commission and must include a full statement of the reasons why the Commission should grant such treatment. *See* 19 CFR 201.6. Documents for which confidential treatment by the Commission is properly sought will be treated accordingly. All such requests should be directed to the Secretary to the Commission and must include a full statement of the reasons why the Commission should grant such treatment. *See* 19 CFR 201.6. Documents for which confidential treatment by the Commission is properly sought will be treated accordingly. All information, including confidential business information and documents for which confidential treatment is properly sought, submitted to the Commission for purposes of this Investigation may be disclosed to and used: (i) By the Commission, its employees and Offices,

[1] Handbook for Electronic Filing Procedures: *http://www.usitc.gov/secretary/fed_reg_notices/rules/handbook_on_electronic_filing.pdf.*

and contract personnel (a) for developing or maintaining the records of this or a related proceeding, or (b) in internal investigations, audits, reviews, and evaluations relating to the programs, personnel, and operations of the Commission including under 5 U.S.C. Appendix 3; or (ii) by U.S. government employees and contract personnel,[2] solely for cybersecurity purposes. All nonconfidential written submissions will be available for public inspection at the Office of the Secretary and on EDIS.[3]

This action is taken under the authority of section 337 of the Tariff Act of 1930, as amended (19 U.S.C. 1337), and of §§ 201.10 and 210.8(c) of the Commission's Rules of Practice and Procedure (19 CFR 201.10, 210.8(c)).

By order of the Commission.

Issued: August 12, 2016.

Lisa R. Barton,

Secretary to the Commission.

BILLING CODE 7020–02–P

DEPARTMENT OF LABOR

Office of the Secretary

Agency Information Collection Activities; Submission for OMB Review; Comment Request; High-Voltage Continuous Mining Machines Standards for Underground Coal Mines

ACTION: Notice.

SUMMARY: The Department of Labor (DOL) is submitting the Mine Safety and Health Administration (MSHA) sponsored information collection request (ICR) titled, ''High-Voltage Continuous Mining Machines Standards for Underground Coal Mines,'' to the Office of Management and Budget (OMB) for review and approval for continued use, without change, in accordance with the Paperwork Reduction Act of 1995 (PRA), 44 U.S.C. 3501 *et seq*. Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that agency receives on or before September 19, 2016.

ADDRESSES: A copy of this ICR with applicable supporting documentation; including a description of the likely respondents, proposed frequency of response, and estimated total burden may be obtained free of charge from the *RegInfo.gov* Web site at *http://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=201603-1219-001* (this link will only become active on the day following publication of this notice) or by contacting Michel Smyth by telephone at 202–693–4129, TTY 202–693–8064, (these are not toll-free numbers) or by email at *DOL_PRA_PUBLIC@dol.gov.*

Submit comments about this request by mail or courier to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for DOL–MSHA, Office of Management and Budget, Room 10235, 725 17th Street NW., Washington, DC 20503; by Fax: 202–395–5806 (this is not a toll-free number); or by email: *OIRA_submission@omb.eop.gov.* Commenters are encouraged, but not required, to send a courtesy copy of any comments by mail or courier to the U.S. Department of Labor-OASAM, Office of the Chief Information Officer, Attn: Departmental Information Compliance Management Program, Room N1301, 200 Constitution Avenue NW., Washington, DC 20210; or by email: *DOL_PRA_PUBLIC@dol.gov.*

FOR FURTHER INFORMATION CONTACT: Michel Smyth by telephone at 202–693–4129, TTY 202–693–8064, (these are not toll-free numbers) or by email at *DOL_PRA_PUBLIC@dol.gov.*

Authority: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the High-Voltage Continuous Mining Machines Standards for Underground Coal Mines information collection requirements codified in regulations 30 CFR 75.829, 75.813, and 75.832. This information collection supports safe use of high-voltage continuous mining machines (HVCMM) in underground coal mines by requiring records of testing, examination and maintenance on machines to reduce fire, electrical shock, ignition, and operational hazards. Coal mine supervisors and employees, State mine inspectors, and Federal mine inspectors use the records required by the regulations to document whether mine operators have conducted examinations and tests and have given insight into hazardous conditions encountered or that may be encountered. The records of inspections greatly assist those who use them in making decisions that will ultimately affect the safety of miners working with HVCMM. Federal Mine Safety and Health Act of 1977 sections 101(a) and 103(h) authorize this information collection. *See* 30 U.S.C. 811(a), 813(h).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1219–0140.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on September 30, 2016. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on April 29, 2016 (81 FR 25719).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1219–0140. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.,* permitting electronic submission of responses.

Agency: DOL–MSHA.

[2] All contract personnel will sign appropriate nondisclosure agreements.

[3] Electronic Document Information System (EDIS): *http://edis.usitc.gov.*

Title of Collection: High-Voltage Continuous Mining Machines Standards for Underground Coal Mines.

OMB Control Number: 1219–0140.

Affected Public: Private Sector—businesses or other for-profits.

Total Estimated Number of Respondents: 2.

Total Estimated Number of Responses: 4,810.

Total Estimated Annual Time Burden: 148 hours.

Total Estimated Annual Other Costs Burden: $0.

Dated: August 15, 2016.

Agency Information Collection Activities; Submission for OMB Review; Comment Request; Operations Under Water

ACTION: Notice.

SUMMARY: The Department of Labor (DOL) is submitting the Mine Safety and Health Administration (MSHA) sponsored information collection request (ICR) titled, ''Operations Under Water,'' to the Office of Management and Budget (OMB) for review and approval for continued use, without change, in accordance with the Paperwork Reduction Act of 1995 (PRA), 44 U.S.C. 3501 *et seq.* Public comments on the ICR are invited.

DATES: The OMB will consider all written comments that agency receives on or before September 19, 2016.

ADDRESSES: A copy of this ICR with applicable supporting documentation; including a description of the likely respondents, proposed frequency of response, and estimated total burden may be obtained free of charge from the *RegInfo.gov* Web site at *http://www.reginfo.gov/public/do/PRAViewICR?ref_nbr=201604-1219-001* (this link will only become active on the day following publication of this notice) or by contacting Michel Smyth by telephone at 202–693–4129, TTY 202–693–8064, (these are not toll-free numbers) or by email at *DOL_PRA_PUBLIC@dol.gov.*

Submit comments about this request by mail or courier to the Office of Information and Regulatory Affairs, Attn: OMB Desk Officer for DOL–MSHA, Office of Management and Budget, Room 10235, 725 17th Street NW., Washington, DC 20503; by Fax: 202–395–5806 (this is not a toll-free number); or by email: *OIRA_submission@omb.eop.gov.* Commenters are encouraged, but not required, to send a courtesy copy of any comments by mail or courier to the U.S. Department of Labor-OASAM, Office of the Chief Information Officer, Attn: Departmental Information Compliance Management Program, Room N1301, 200 Constitution Avenue NW., Washington, DC 20210; or by email: *DOL_PRA_PUBLIC@dol.gov.*

FOR FURTHER INFORMATION CONTACT: Michel Smyth by telephone at 202–693–4129, TTY 202–693–8064, (these are not toll-free numbers) or by email at *DOL_PRA_PUBLIC@dol.gov.*

Authority: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Operations Under Water information collection requirements. Regulations 30 CFR 7516.1 and 7516.3 require a coal mine operator to obtain a permit to mine under a body of water that is sufficiently large enough to constitute a hazard to miners and outline the procedural requirements for obtaining the permit. Federal Mine Safety and Health Act of 1977 section 101(a) and section 103(h) authorize this information collection. *See* 30 U.S.C. 811(a) and 813(h).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. *See* 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1219–0020.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on October 31, 2016. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on May 20, 2016 (81 FR 31966).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1219–0020. The OMB is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility;
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
- Enhance the quality, utility, and clarity of the information to be collected; and
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.,* permitting electronic submission of responses.

Agency: DOL–MSHA.

Title of Collection: Operations Under Water.

OMB Control Number: 1219–0020.

Affected Public: Private Sector—business or other for-profits.

Total Estimated Number of Respondents: 91.

Total Estimated Number of Responses: 91.

Total Estimated Annual Time Burden: 501 hours.

Total Estimated Annual Other Costs Burden: $1,360.

Dated: August 15, 2016.

Michel Smyth,

Departmental Clearance Officer.

BILLING CODE 4510–43–P

DEPARTMENT OF LABOR

Bureau of Labor Statistics

Proposed Collection, Comment Request

ACTION: Notice.

SUMMARY: The Department of Labor, as part of its continuing effort to reduce paperwork and respondent burden,

conducts a pre-clearance consultation program to provide the general public and Federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) [44 U.S.C. 3506(c)(2)(A)]. This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirements on respondents can be properly assessed. The Bureau of Labor Statistics (BLS) is soliciting comments concerning the proposed revision of the ''National Longitudinal Survey of Youth 1997.'' A copy of the proposed information collection request (ICR) can be obtained by contacting the individual listed in the **ADDRESSES** section of this notice.

DATES: Written comments must be submitted to the office listed in the Addresses section below on or before October 18, 2016.

ADDRESSES: Send comments to Nora Kincaid, BLS Clearance Officer, Division of Management Systems, Bureau of Labor Statistics, Room 4080, 2 Massachusetts Avenue NE., Washington, DC 20212. Written comments also may be transmitted by fax to 202–691–5111 (this is not a toll free number).

FOR FURTHER INFORMATION CONTACT: Nora Kincaid, BLS Clearance Officer, 202–691–7628 (this is not a toll free number). (See **ADDRESSES** section.)

SUPPLEMENTARY INFORMATION:

I. Background

The National Longitudinal Survey of Youth 1997 (NLSY97) is a nationally representative sample of persons who were born in the years 1980 to 1984. These respondents were ages 12–17 when the first round of annual interviews began in 1997; starting with round sixteen, the NLSY97 is conducted on a biennial basis. Round eighteen interviews will occur from September 2017 to May 2018. The Bureau of Labor Statistics (BLS) contracts with a vendor to conduct the NLSY97. The primary objective of the survey is to study the transition from schooling to the establishment of careers and families. The longitudinal focus of this survey requires information to be collected from the same individuals over many years in order to trace their education, training, work experience, fertility, income, and program participation.

One of the goals of the Department of Labor (DOL) is to produce and disseminate timely, accurate, and relevant information about the U.S. labor force. The BLS contributes to this goal by gathering information about the labor force and labor market and disseminating it to policymakers and the public so that participants in those markets can make more informed, and thus more efficient, choices. Research based on the NLSY97 contributes to the formation of national policy in the areas of education, training, work experience, fertility, income, and program participation. In addition to the reports that the BLS produces based on data from the NLSY97, members of the academic community publish articles and reports based on NLSY97 data for the DOL and other funding agencies. To date, approximately 497 articles examining NLSY97 data have been published in scholarly journals. The survey design provides data gathered from the same respondents over time to form the only dataset that contains this type of information for this important population group. Without the collection of these data, an accurate longitudinal dataset could not be provided to researchers and policymakers, thus adversely affecting the DOL's ability to perform its policy- and report-making activities.

II. Current Action

The BLS seeks approval to conduct round 18 of biennial interviews of the NLSY97. Respondents of the NLSY97 will undergo an interview of approximately 72 minutes during which they will answer questions about schooling and labor market experiences, family relationships, and community background.

During the fielding period for the main round 18 interviews, about 2 percent of respondents will be asked to participate in a brief validation interview a few weeks after the initial interview. The purpose of the validation interview is to verify that the initial interview took place as the interviewer reported and to assess the data quality of selected questionnaire items.

For round 18, we propose to convert the NLSY97 to a predominantly telephone survey. We anticipate that approximately 75 percent of interviews will be completed by telephone.

The round 18 questionnaire will resemble the round 17 questionnaire with few modifications. New questions for the round 18 questionnaire include questions on job tasks. In addition, extensive minor edits have been made to adapt the round 18 instrument for predominantly telephone administration, including the removal of references to show cards, introductory statements, reduction of self-administered content, and shortening of code frames.

As in prior rounds of the NLSY97, round 18 will include a pretest conducted several months before the main fielding to test survey procedures and questions and resolve problems before the main fielding begins. Because of the transition to phone interviewing, the pretest for round 18 precedes main fielding by a longer period of time (an additional 2 months) to correct any problems encountered in the pretest.

III. Desired Focus of Comments

The Bureau of Labor Statistics is particularly interested in comments that:

- Evaluate whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information will have practical utility.
- Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used.
- Enhance the quality, utility, and clarity of the information to be collected.
- Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, *e.g.,* permitting electronic submissions of responses.

Type of Review: Revision of a currently approved collection.

Agency: Bureau of Labor Statistics.

Title: National Longitudinal Survey of Youth 1997.

OMB Number: 1220–0157.

Affected Public: Individuals or households.

Form	Total respondents	Frequency	Total responses	Average time per response (minutes)	Estimated total burden (hours)
NLSY97 Pretest April/May 2017	150	One-time	150	72	180

Form	Total respondents	Frequency	Total responses	Average time per response (minutes)	Estimated total burden (hours)
Main NLSY97: September 2017–May 2018	6,980	One-time	6,980	72	8,376
Validation interview: October 2017–June 2018	139	One-time	139	4	9
Totals *	7,130		7,269		8,565

* The difference between the total number of respondents and the total number of responses reflects the fact that about 6,980 are expected to complete the main interview. In addition, about 139 respondents will be interviewed twice, once in the main survey and a second time in the 4-minute validation interview.

Total Burden Cost (capital/startup): $0.

Total Burden Cost (operating/maintenance): $0.

Comments submitted in response to this notice will be summarized and/or included in the request for Office of Management and Budget approval of the information collection request; they also will become a matter of public record.

Signed at Washington, DC, this 15th day of August 2016.

Kimberley D. Hill,

Chief, Division of Management Systems, Bureau of Labor Statistics.

BILLING CODE 4510–24–P

DEPARTMENT OF LABOR

Mine Safety and Health Administration

Petitions for Modification of Application of Existing Mandatory Safety Standards

AGENCY: Mine Safety and Health Administration, Labor.

ACTION: Notice.

SUMMARY: Section 101(c) of the Federal Mine Safety and Health Act of 1977 and Title 30 of the Code of Federal Regulations Part 44 govern the application, processing, and disposition of petitions for modification. This notice is a summary of petitions for modification submitted to the Mine Safety and Health Administration (MSHA) by the parties listed below.

DATES: All comments on the petitions must be received by MSHA's Office of Standards, Regulations, and Variances on or before September 19, 2016.

ADDRESSES: You may submit your comments, identified by ''docket number'' on the subject line, by any of the following methods:

1. *Electronic Mail: zzMSHA-comments@dol.gov*. Include the docket number of the petition in the subject line of the message.

2. *Facsimile:* 202–693–9441.

3. *Regular Mail or Hand Delivery:* MSHA, Office of Standards, Regulations, and Variances, 201 12th Street South, Suite 4E401, Arlington, Virginia 22202–5452; Attention: Sheila McConnell, Director, Office of Standards, Regulations, and Variances. Persons delivering documents are required to check in at the receptionist's desk in Suite 4E401. Individuals may inspect copies of the petitions and comments during normal business hours at the address listed above.

MSHA will consider only comments postmarked by the U.S. Postal Service or proof of delivery from another delivery service such as UPS or Federal Express on or before the deadline for comments.

FOR FURTHER INFORMATION CONTACT: Barbara Barron, Office of Standards, Regulations, and Variances at 202–693–9447 (Voice), *barron.barbara@dol.gov* (Email), or 202–693–9441 (Facsimile). [These are not toll-free numbers.]

SUPPLEMENTARY INFORMATION:

I. Background

Section 101(c) of the Federal Mine Safety and Health Act of 1977 (Mine Act) allows the mine operator or representative of miners to file a petition to modify the application of any mandatory safety standard to a coal or other mine if the Secretary of Labor determines that:

1. An alternative method of achieving the result of such standard exists which will at all times guarantee no less than the same measure of protection afforded the miners of such mine by such standard; or

2. That the application of such standard to such mine will result in a diminution of safety to the miners in such mine.

In addition, the regulations at 30 CFR 44.10 and 44.11 establish the requirements and procedures for filing petitions for modification.

II. Petitions for Modification

Docket Number: M–2016–002–M.

Petitioner: United Salt Hockley, LLC, 14002 Warren Ranch Road, Hockley, Texas 77447.

Mine: Hockley Mine, MSHA I.D. No. 41–02478, located in Marshall Harris County, Texas.

Regulation Affected: 30 CFR 57.4131 (Surface fan installations and mine openings).

Modification Request: The petitioner requests that the previously granted petition for modification, Docket Number M–81–41–M be amended for the Hockley Mine, to meet the modern needs of the mine and to clarify the meaning and intent of the modifications. The petitioner states that:

(1) The purpose for amending the previously granted petition, docket number M–81–41–M, is to clarify any confusion relating to the location of fire sensors and the equipment used to alert miners to a fire. A strategic location for a fire sensor may change as the mine continues to expand, therefore the petitioner suggests that the consultant review the system and sensor locations every five years and make suggestions for any updates subject to MSHA's review and approval.

(a) Paragraph 1 of the previously granted petition reads as follows:

—Fire detection systems shall be installed with sensors at strategic locations throughout the mill building. An alarm indicating the fire location shall be provided in the main shaft hoist house and in the vicinity of the bottom of the first floor stairway to the upper floors. An alarm indicating a mill building fire shall be located in the mine office. The final locations shall be approved by MSHA as an integral part of the mine's emergency procedures.

(b) The petitioner proposes to amend Paragraph 1 to read as follows:

—A fire detection system will be installed with sensors at strategic locations throughout the mill building. An annunciator to indicate, at a minimum, the mill building fire location will be provided in the mine office, the main shaft hoist house, and in the vicinity of the bottom of the first floor stairway to the upper floors. Beginning in 2016, a fire protection consultant will be hired every five years to review the fire detection system. MSHA will review and approve any consultant suggestions, and modification or additions will be

made an integral part of the mine's emergency procedures.

(2) The purpose of this amendment to the previously granted petition is to clarify the duties of miners once a fire has been detected. This language ensures that certain duties will be performed by trained miners regardless of the working shift or time of day.

(a) Paragraph 2 of the previously granted petition reads as follows:

—The emergency procedures shall stipulate that all booster and auxiliary fans below ground shall be stopped coincidently with the initiation of a surface fire alarm and attendant stoppage of a main mine fan.

(b) The petitioner proposes to amend Paragraph 2 to read as follows:

—The Mine Emergency Plan will designate a responsible person for a mining position per shift, and the responsibilities specified will become part of the job duties of any miner assigned to each relevant mining position during their shift. The Mine Emergency Plan will define the responsible person for all shifts and each miner responsible for such a mining position will receive training in their duties as a responsible person in the event of a fire on the surface or in the shaft. In the event of a fire on the surface or in the shaft, a responsible person on the surface will immediately start the escape shaft fan and will stay in attendance at the fan to assure continued operation. Another responsible person will be responsible for stopping all surface fans and for cutting off the electric power to the underground mine. In the event of a mine fire underground, the main mine power and main mine fan controls will be guarded by a responsible person to ensure there are no status changes unless directed by management to make a status change. The power and mine fan may be off or on depending on work activities, thus the status change would affect conditions in the mine that could endanger the miners. This will ensure that no power or ventilation changes that may affect the miner's safety are made before mine management is able to evaluate the benefits and disadvantages of such changes. The electrical power and fan control locations will be included in the Mine Emergency Plan.

The petitioner further states that MSHA investigators conducted a meeting at the mine site, reviewed the petitioner's proposed amendments to ensure that the proposed alternative method is in compliance with the standard and will at all times guarantee no less than the same measure of protection afforded by the standard.

Docket Number: M–2016–003–M.

Petitioner: United Salt Hockley, LLC, 14002 Warren Ranch Road, Hockley, Texas 77447.

Mine: Hockley Mine, MSHA I.D. No. 41–02478, located in Harris County, Texas.

Regulation Affected: 30 CFR 57.4560 (Mine entrances).

Modification Request: The petitioner requests that the previously granted petition for modification, Docket Number M–81–42–M be amended for the Hockley Mine, to meet the modern needs of the mine and to clarify the meaning and intent of the modifications. The petitioner states that:

(1) The purpose for amending the previously granted petition, docket number M–81–42–M, is to clarify any confusion relating to the location of fire sensors and the equipment used to alert miners to a fire. A strategic location for a fire sensor may change as the mine continues to expand, therefore the petitioner suggests that the consultant review the system and sensor locations every five years and make suggestions for any updates subject to MSHA's review and approval.

(a) Paragraph 1 of the previously granted petition reads as follows:

—Fire detection systems shall be installed with sensors at strategic locations throughout the mill building. An alarm indicating the fire location shall be provided in the main shaft hoist house and in the vicinity of the bottom of the first floor stairway to the upper floors. An alarm indicating a mill building fire shall be located in the mine office. The final locations shall be approved by MSHA as an integral part of the mine's emergency procedures.

(b) The petitioner proposes to amend Paragraph 1 to read as follows:

—A fire detection system will be installed with sensors at strategic locations throughout the mill building. An annunciator to indicate, at a minimum, the mill building fire location will be provided in the mine office, the main shaft hoist house, and in the vicinity of the bottom of the first floor stairway to the upper floors. Beginning in 2016, a fire protection consultant will be hired every five years to review the fire detection system. MSHA will review and approve any consultant suggestions and modification or additions will be made an integral part of the mine's emergency procedures.

(2) The purpose of this amendment to the previously granted petition is to clarify the duties of miners once a fire has been detected. This language ensures that certain duties will be performed by trained miners regardless of the working shift or time of day.

(a) Paragraph 2 of the previously granted petition reads as follows:

—The emergency procedures shall stipulate that all booster and auxiliary fans below ground shall be stopped coincidently with the initiation of a surface fire alarm and attendant stoppage of a main mine fan.

(b) The petitioner proposes to amend Paragraph 2 to read as follows:

—The Mine Emergency Plan will designate a responsible person for a mining position per shift, and the responsibilities specified will become part of the job duties of any miner assigned to each relevant mining position during their shift. The Mine Emergency Plan will define the responsible person for all shifts and each miner responsible for such a mining position will receive training in their duties as a responsible person in the event of a fire on the surface or in the shaft. In the event of a fire on the surface or in the shaft, a responsible person on the surface will immediately start the escape shaft fan and will stay in attendance at the fan to assure continued operation. Another responsible person will be responsible for stopping all surface fans and for cutting off the electric power to the underground mine. In the event of a mine fire underground, the main mine power and main mine fan controls will be guarded by a responsible person to ensure there are no status changes unless directed by management to make a status change. The power and mine fan may be off or on depending on work activities, thus the status change would affect conditions in the mine that could endanger the miners. This will ensure that no power or ventilation changes that may affect the miner's safety are made before mine management is able to evaluate the benefits and disadvantage of such changes. The electrical power and fan control locations will be included in the Mine Emergency Plan.

The petitioner further states that MSHA investigators conducted a meeting at the mine site, reviewed the petitioner's proposed amendments to ensure that the proposed alternative method is in compliance with the standard and will at all times guarantee no less than the same measure of protection afforded by the standard.

Docket Number: M–2016–004–M.

Petitioner: United Salt Hockley, LLC, 14002 Warren Ranch Road, Hockley, Texas 77447.

Mine: Hockley Mine, MSHA I.D. No. 41–02478, located in Harris County, Texas.

Regulation Affected: 30 CFR 57.4533 (Mine opening vicinity).

Modification Request: The petitioner requests that the previously granted petition for modification, Docket Number M–81–43–M be amended for the Hockley Mine, to meet the modern needs of the mine and to clarify the meaning and intent of the modifications. The petitioner states that:

(1) The purpose for amending the previously granted petition, docket number M–81–43–M, is to clarify any confusion relating to the location of fire sensors and the equipment used to alert miners to a fire. A strategic location for a fire sensor may change as the mine continues to expand, therefore the petitioner suggests that the consultant review the system and sensor locations every five years and make suggestions for any updates subject to MSHA's review and approval.

(a) Paragraph 1 of the previously granted petition reads as follows:

—Fire detection systems shall be installed with sensors at strategic locations throughout the mill building. An alarm indicating the fire location shall be provided in the main shaft hoist house and in the vicinity of the bottom of the first floor stairway to the upper floors. An alarm indicating a mill building fire shall be located in the mine office. The final locations shall be approved by MSHA as an integral part of the mine's emergency procedures.

(b) The petitioner proposes to amend Paragraph 1 to read as follows:

—A fire detection system will be installed with sensors at strategic locations throughout the mill building. An annunciator indicating at a minimum the fire location, will be provided in the mill building, the mine office, the main shaft hoist house, and in the vicinity of the bottom of the first floor stairway to the upper floors. Beginning in 2016, a fire protection consultant will be hired every five years to review the fire detection system. MSHA will review and approve any consultant suggestions, and modification or additions will be made an integral part of the mine's emergency procedures.

(2) The purpose of this amendment to the previously granted petition is to clarify the duties of miners once a fire has been detected. This language ensures that certain duties will be performed by trained miners regardless of the working shift or time of day.

(a) Paragraph 2 of the previously granted petition reads as follows:

—The emergency procedures shall stipulate that all booster and auxiliary fans below ground shall be stopped coincidently with the initiation of a surface fire alarm and attendant stoppage of a main mine fan.

(b) The petitioner proposes to amend Paragraph 2 to read as follows:

—The Mine Emergency Plan will designate a responsible person for a mining position per shift, and the responsibilities specified will become part of the job duties of any miner assigned to each relevant mining position during their shift. The Mine Emergency Plan will define the responsible person for all shifts and each miner responsible for such a mining position will receive training in their duties as a responsible person in the event of a fire on the surface or in the shaft. In the event of a fire on the surface or in the shaft, a responsible person on the surface will immediately start the escape shaft fan and will stay in attendance at the fan to assure continued operation. Another responsible person will be responsible for stopping all surface fans and for cutting off the electric power to the underground mine. In event of a mine fire underground, the main mine power and main mine fan controls will be guarded by a responsible person to ensure there are not status changes unless directed by management to make a status change. The power and mine fan may be off or on depending on work activities, thus the status change would affect conditions in the mine that could endanger the miners. This will ensure that no power or ventilation changes that may affect the miner's safety are made before mine management is able to evaluate the benefits and disadvantage of such changes. The electrical power and fan control locations will be included in the Mine Emergency Plan.

The petitioner further states that MSHA investigators conducted a meeting at the mine site, reviewed the petitioner's proposed amendments to ensure that the proposed alternative method is in compliance with the standard and will at all times guarantee no less than the same measure of protection afforded by the standard.

Docket Number: M–2016–005–M.

Petitioner: United Salt Hockley, LLC, 14002 Warren Ranch Road, Hockley, Texas 77447.

Mine: Hockley Mine, MSHA I.D. No. 41–02478, located in Harris County, Texas.

Regulation Affected: 30 CFR 57.4760 (Shaft mines).

Modification Request: The petitioner requests that the previously granted petition for modification, Docket Number M–86–1–M be amended for the Hockley Mine, to meet the modern needs of the mine and to clarify the meaning and intent of the modifications. The petitioner states that:

(1) The purpose for amending the previously granted petition, docket number M–86–1–M, is to clarify what steps miners will follow in the event there is a loss of power underground. The amendment proposes an additional measure where a responsible person will be designated during each shift based on the mining position's job duties who will communicate via radio.

(a) Paragraph 4 of the previously granted petition reads as follows:

—An audible alarm switch shall be located within two (2) intersections from any active mining face or bench face. The alarm switches shall be identified by an electric light and activation of the switches shall energize the mine-wide audible alarms. The sounding of the alarm shall cause the Mine Emergency Plan to be followed immediately.

(b) The petitioner proposes to amend Paragraph 4 to read as follows:

—An audible alarm switch will be located within two (2) intersections from any active mining face or bench face. The alarm switches will be identified by an electric light and activation of the switches will energize the mine-wide audible alarms. In the event power is lost in the mine or shut-off in response to an emergency situation, miners will immediately begin following the Mine Emergency Plan to evacuate to the refuge chamber, and be alerted via radio communication of an emergency. The sounding of the alarm or any loss of power will cause the Mine Emergency Plan of evacuation to the refuge chamber to be implemented. A responsible person, preferably the lead man on each shift, will be designated in the Mine Emergency Plan to notify the miners via radio communication of an emergency and to instruct all miners to evacuate to the refuge chamber immediately.

(2) The purpose of this amendment to the previously granted petition is to allow the evacuation plan to meet the needs of the current mine as old and new corridors are continuously being

closed off and created respectively as salt is actively mined.

(a) Paragraph 5 of the previously granted petition reads as follows:

—The intersections immediately to the west of the refuge chamber (from 11S entry to 8W entry) will be maintained to provide access to the refuge area from the mining areas on the south side of the mine.

(b) The petitioner proposes to amend Paragraph 5 to read as follows:

— Safe travel ways and escape ways will be marked on the mine map and included in the mine escape and evacuation plan. The travel and escape ways will be updated as necessary to indicate changes as mining areas change. On hour Self-Contained Self-Rescuers (SCSR) will be stored in strategic locations which will be detailed in the Mine Emergency Plan and Mine Map. Miners will be trained on proper use of the SCSR's as required in Part 48.

(3) The purpose of this amendment to the previously granted petition is to clarify the miner responsible for certain emergency response activities by assigning these tasks to a mining position. This will ensure that a miner trained for these duties is on-site at all times when the mine is in operation.

(a) Paragraph 6 of the previously granted petition reads as follows:

—In the event of a fire alarm on the surface, in the shaft, or in the underground mine, a designated person on the surface shall immediately start the borehole fan and stay in attendance at that fan to assure its continued operation. Another designated person shall be responsible for stopping all surface fans and for cutting off the electric power to the underground mine. The electrical power and fan control locations and operational assignments shall be included in the escape and evacuation plan for the mine.

(b) The petitioner proposes to amend Paragraph 6 to read as follows:

—The Mine Emergency Plan will designate a responsible person for a mining position per shift, and the responsibilities specified will become part of the job duties of any miner assigned to each relevant mining position during their shift. The Mine Emergency Plan will define the responsible person for all shifts and each miner responsible for such a mining position will receive training in their duties as a responsible person in the event of a fire on the surface, in the shaft, or in the underground mine. In the event of a fire alarm on the surface or in the shaft, a responsible person on the surface will immediately start the escape shaft fan and will stay in attendance at the fan to assure continued operation. Another responsible person will stop the surface mine fan and cut off the electric power to the underground mine. In the event of a mine fire underground, the main mine power and main mine fan controls will be guarded by a designated miner to ensure there are no status changes unless directed by management to make a status change. The power and mine fan may be off or on depending on work activities, so the status change would affect conditions in the mine that could endanger the miners. This will ensure that no power or ventilation changes that may affect the miner's safety are made before mine management is able to evaluate the benefits and disadvantage of such changes. The electrical power and fan control locations and operational assignments will be included in the escape and evacuation plan for the mine.

(4) The purpose of the amendment to the previously granted petition is to establish communication protocol in the event of a loss of power.

(a) Paragraph 7 of the previously granted petition reads as follows:

—An emergency alarm siren network will be maintained as the primary warning system of an emergency or fire for personnel in the underground mine.

(b) The petitioner proposes to amend Paragraph 7 to read as follows:

—An emergency alarm siren network will be maintained as the primary warning system of an emergency or fire for personnel in the underground mine. Radio communication may be used in the event of power loss or intentional power shutdown. Any additional forms of communication and/or warning systems installed in the mine will be included in the Mine Emergency Plan and all miners will receive up-to-date training.

(5) The purpose for adding this amendment to the previously granted petition is to further reinforce the fire resistance of the mine fan duct.

(a) The petitioner proposes to add Paragraph 8 to the amended petition to read as follows:

—The mine fan duct from the mine fan to the shaft collar will be constructed of non-flammable or fire resistant material by December 31, 2016.

The petitioner further states that MSHA investigators conducted a meeting at the mine site, reviewed the petitioner's proposed amendments to ensure that the proposed alternative method is in compliance with the standard and will at all times guarantee no less than the same measure of protection afforded by the standard.

Docket Number: M–2016–024–C.

Petitioner: Signal Peak Energy, LLC, 100 Portal Drive, Roundup, Montana 59072.

Mine: Bull Mountain Mine #1, MSHA I.D. No. 24–01950, located in Musselshell County, Montana.

Regulation Affected: 30 CFR 75.312(c) (Main mine fan examinations and records).

Modification Request: The petitioner requests a modification of the existing standard to permit fan tests to be performed without shutting the fan down and without removing miners from the mine. The Petitioner states that:

(1) Stopping the fan for testing introduces contaminants into the mine atmosphere from the worked out area behind the longwall tailgate. In addition, any delay of a fan restart beyond 15 minutes after shutdown for testing could result in a lengthy restart of the mine operating systems. The petitioner's alternative method will result in the fan alarm signal being verified by a responsible person at a surface location where the responsible person is always on duty whenever anyone is underground. A report of all tests will be recorded.

(2) A valve would be installed in the system monitoring the water gauge of the fan pressure monitoring system. The water gauge installed at the mine is actually a Magnehelic gauge with electronic pickups, which are integrated into the atmospheric monitoring system (AMS). When the valve is closed, the AMS will detect zero fan pressure and activate the alarm.

(3) When the fan stoppage signal system is tested, an audible fan signal alarm sounds at the location where a responsible person is on duty, verifying the performance of the fan alarm signal system. The responsible person is provided with two-way communication to working sections and work stations.

(4) Every 5 to 7 months, each automatic fan signal device and signal alarm will be tested by stopping the fan to ensure that the automatic signal device causes the alarm to activate when the fan shuts down.

(5) The petitioner will notify the District Manager (DM) when the fan is equipped with the fan alarm signal system. This permits MSHA to make an inspection prior to testing the alarm in accordance with the Proposed Decision

and Order (PDO). If required by the DM, the test procedure will be demonstrated and the fan will be shut down during MSHA's inspection to verify that the automatic fan signal activates an alarm at the location of the responsible person.

(6) Until the fan is equipped in compliance with the PDO, the miners must be removed from the mine for the testing of any fan not yet equipped as required.

(7) By the end of the shift on which the test of the automatic fan signal devices is completed, the person(s) performing the test(s) will record the result of test(s) in a secure book. The record book will be retained at a surface location at the mine for at least one year and will be made available for inspection by an authorized representative of the Secretary and the representative of miners. The recordings will also indicate the general repair of the system.

(8) Within 60 days of this petition being granted, the petitioner will submit proposed revisions for its approved part 48 training plan to the DM. The revisions will include initial and refresher training regarding compliance with the PDO.

(9) Persons who are to perform the tests must be specifically trained on the proper method of testing upon initial assignment to these responsibilities and annually thereafter.

The petitioner asserts that the proposed alternative method will at all times guarantee no less the same measure of protection afforded by the standard.

Docket Number: M–2016–025–C.

Petitioner: Ohio County Coal Company, 1107 Golden Ridge Road, Dallas, West Virginia 26036.

Mine: Ohio County Mine, MSHA I.D. No. 46–01436, located in Marshall County, West Virginia.

Regulation Affected: 30 CFR 77.1914(a) (Electrical equipment).

Modification Request: The petitioner requests a modification of the existing standard to permit the use of 480-volt, three-phase, alternating current submersible pumps to dewater completed ventilation shafts prior to being put into service. The petitioner states that:

(1) The three-phase, 480-volt alternating current electric power circuit for the pump will be designed and installed to:

(a) Contain either a direct or derived neutral wire that will be grounded through a suitable resistor at the source transformer or power center and through a grounding circuit originating at the ground side of the grounding resistor, which will extend along with the power conductor and serve as the grounding conductor for the frame of the pump and all associated electric equipment that may be supplied power from this circuit.

(b) Contain a grounding resistor that limits the ground–fault current to not more than 25 amperes.

(c) The grounding resistor(s) will be rated for the maximum fault current available and will be insulated from ground for a voltage equal to the phase-to-phase voltage of the system.

(2) The 480-volt pump circuit will have a suitable circuit interrupting device of adequate interrupting capacity, with devices to protect against under-voltage, grounded phase, short-circuit, and overload.

(3) The under-voltage protection device will operate on a loss-of-voltage to prevent automatic restarting of the equipment.

(4) The grounded phase protection device will be provided as follows:

(a) The grounded phase protection device will be set not to exceed 40 percent of the current rating of the neutral grounding resistor.

(b) The 480-volt circuit will also have an undercurrent relay device to prevent closing the breaker when a phase to ground fault condition exists on the system, and a test circuit that will inject a test current through the grounded phase current transformer.

(5) The short-circuit protection device will be set not to exceed the required short-circuit protection for the power cable or 75 percent of the minimum available phase-to-phase short-circuit current, whichever is less.

(6) The circuit will include a disconnecting device located on the surface and installed in conjunction with the circuit breaker to provide a means for visual evidence that the power is disconnected from the pump circuits, and a means to lock and tag-out the system.

(7) The pump power system will include a fail-safe ground check circuit, or other no less effective device approved by MSHA that will cause the circuit breaker to open when either the ground or pilot wire is broken. A manually operated test switch will be provided to verify the operation ground check device. The device will be installed and maintained operable to monitor the ground continuity from the starter box to the pump.

(8) The pump(s) electric control circuit(s) will be designed and installed so that the pump(s) cannot start and/or run in the automatic mode if the water is below the low-water probe level. The low-water probe will be positioned to maintain at least 12 inches above the inlet of the pump and electrical connections of the pump motor. The low-water probe will be suitable for submersible pump control application. All probe circuits will be intrinsically safe. A motor controller will be provided and used for pump startup and shutdown.

(9) The pump installation will be equipped with a water level indicator at the pump circuit controls such that a miner can determine the water level is above the pump inlet and electrical connectors.

(10) The surface pump(s) control and power circuits will be examined as required by 30 CFR 77.502, as follows:

(a) A record of the examinations will be kept in accordance with 30 CFR 77.502 and 77.502–2.

(b) The examinations will include a functional test of the grounded phase protective device(s) to determine proper operation.

(c) A record of the functional tests will be recorded in an electrical equipment record book.

(d) Prior to placing the pump into service an electrical examination will be performed.

(e) Methane checks will be made at the collar of the borehole prior to energizing the pump. The pump will not be energized if 1.0 percent or greater of methane is detected.

(11) The power cable to the submersible pump motor will be suitable for this application and have a current carrying capacity not less than 125 percent of the full load current of the submersible pump motor and an outer jacket suitable for a ''wet location''.

(12) Splices and connections made in submersible pump cable will be made in a workmanlike manner and will meet the requirements of 30 CFR 75.604. The pump installations will comply with all other applicable 30 CFR requirements.

(13) The District Manager (DM) will be notified prior to dewatering any shaft using a nonpermissible submersible pump, and the required shaft plan will include this notification.

(14) Within 60 days after this petition for modification is granted, the petitioner will submit proposed revisions for their approved part 48 training plan to the DM. The proposed revisions will specify task training for all qualified electricians who perform electric work and monthly electric examinations as required by 30 CFR 77.502 and refresher training regarding the alternative method outlined in the petition and the terms and conditions stated in the Proposed Decision and

Order. The training will include the following elements:

(a) The hazards that could exist if the water level falls below the pump inlet or the electric connections of the pump motor.

(b) The safe restart procedures, which will include the miner determining that the water level is above the pump inlet and pump motor prior to attempting to establish power and start the pump motor.

(15) The procedures of 30 CFR 48.3 for approval of proposed revisions to already approved training plans will apply.

The petitioner further states that:

1. Upon completion of excavation/construction of a shaft, the shaft begins to accumulate water and personnel are never required to go below the collar of the shaft for dewatering purposes.

2. In case there is a blind drilled shaft, the shaft is fully lined with steel casing and is grouted in place. This steel casing and grout seal isolates the completed blind drilled shaft from any coal seams, mitigating any possibility for methane to enter the blind drilled shaft.

3. In the case of a conventionally constructed shaft, ventilation devices are installed to ensure that potential methane accumulations are mitigated. Dewatering significantly minimizes the chance of these devices becoming compromised. The electric motor of any submersible pump is located below the pump intake making it impossible for the motor to be above the surface of the water.

4. Currently there are no electric submersible motor/pump assemblies manufactured that will effectively pump water at the current and future depths of mine workings that are permissible as required by 30 CFR 77.1914(a).

5. The alternative method outlined in this petition is consistent with prudent engineering design pursuant to 30 CFR 77.1900 since it minimizes the hazards to those employed in the initial or subsequent development of the shaft.

The petitioner asserts that the proposed alternative method will at all times guarantee no less than the same measure of protection afforded by the existing standard.

Sheila McConnell,

Director, Office of Standards, Regulations, and Variances.

BILLING CODE 4520–43–P

DEPARTMENT OF LABOR

Mine Safety and Health Administration

Petitions for Modification of Application of Existing Mandatory Safety Standards

AGENCY: Mine Safety and Health Administration, Labor.

ACTION: Notice.

SUMMARY: Section 101(c) of the Federal Mine Safety and Health Act of 1977 and Title 30 of the Code of Federal Regulations Part 44 govern the application, processing, and disposition of petitions for modification. This notice is a summary of petitions for modification submitted to the Mine Safety and Health Administration (MSHA) by the parties listed below.

DATES: All comments on the petitions must be received by MSHA's Office of Standards, Regulations, and Variances on or before September 19, 2016.

ADDRESSES: You may submit your comments, identified by ''docket number'' on the subject line, by any of the following methods:

1. *Electronic Mail: zzMSHA-comments@dol.gov.* Include the docket number of the petition in the subject line of the message.

2. *Facsimile:* 202–693–9441.

3. *Regular Mail or Hand Delivery:* MSHA, Office of Standards, Regulations, and Variances, 201 12th Street South, Suite 4E401, Arlington, Virginia 22202–5452, Attention: Sheila McConnell, Director, Office of Standards, Regulations, and Variances. Persons delivering documents are required to check in at the receptionist's desk in Suite 4E401. Individuals may inspect copies of the petitions and comments during normal business hours at the address listed above.

MSHA will consider only comments postmarked by the U.S. Postal Service or proof of delivery from another delivery service such as UPS or Federal Express on or before the deadline for comments.

FOR FURTHER INFORMATION CONTACT: Barbara Barron, Office of Standards, Regulations, and Variances at 202–693–9447 (Voice), *barron.barbara@dol.gov* (Email), or 202–693–9441 (Facsimile). [These are not toll-free numbers.]

SUPPLEMENTARY INFORMATION:

I. Background

Section 101(c) of the Federal Mine Safety and Health Act of 1977 (Mine Act) allows the mine operator or representative of miners to file a petition to modify the application of any mandatory safety standard to a coal or other mine if the Secretary of Labor determines that:

1. An alternative method of achieving the result of such standard exists which will at all times guarantee no less than the same measure of protection afforded the miners of such mine by such standard; or

2. That the application of such standard to such mine will result in a diminution of safety to the miners in such mine.

In addition, the regulations at 30 CFR 44.10 and 44.11 establish the requirements and procedures for filing petitions for modification.

II. Petitions for Modification

Docket Number: M–2016–006–M.

Petitioner: Coeur Alaska, Inc., 1700 Lincoln Street, Suite 4700, Denver, Colorado 80203.

Mine: Kensington Mine, MSHA I.D. No. 50–01544, located in Juneau County, Alaska.

Regulation Affected: 30 CFR 57.11050 (Escapeways and refuges).

Modification Request: The petitioner requests relief from the existing standard insofar as it applies to the development and exploration areas of the Kensington Mine. The petitioner states that:

(1) Coeur Alaska owns and operates the Kensington Mine, which is an underground gold mine located in Juneau County, Alaska. Kensington utilizes both transverse and longitudinal long-hole stoping. In both methods, a single development drift is driven through waste rock adjacent to the ore body. When this drift reaches planned elevation, level accesses are developed to provide entry points to the ore body for exploration and later ore production. Once the level development and exploration are completed at a planned elevation, the ore is extracted either perpendicular (transverse stoping) or parallel to the strike of the ore (longitudinal stoping).

(2) Coeur Alaska seeks a modification stating that during the exploration or development of an ore body within the mine, in order to comply with 30 CFR 57.11050(a), Coeur will not be required to continuously reposition a portable emergency refuge chamber (''refuge'') on the lowest decline within the mine or to continuously reposition the refuge to remain within 1,000 feet from the face of a development drift.

(3) Coeur Alaska seeks relief because Kensington already has secondary escapeways constructed to the lowest level of the mine, and is constructing and planning to develop additional secondary escapeways to future levels of the mine. Kensington's existing

permanent refuge chamber already complies with the 30-minute travel time to a refuge chamber required by § 57.11050(b). Training miners to rely on portable refuges that will change locations on frequent basis will result in a diminution of safety to the miners affected.

(4) Installing and relocating refuge chambers to remain within 1,000 feet of each development drift face would subject miners to greater hazards than they are subjected to under current conditions. Like any underground mine, Kensington's underground operations take place in a dynamic environment, and its exploration and development areas are dominated by self-propelled mobile equipment and blasting activities. At desired development rates, Kensington typically advances its faces in development drifts twice per day, with each advance being a 12-foot length. If the portable emergency refuge chambers ('refuge'') were positioned at the safest distance away from the face while still being in compliance with MSHA's newly proposed 1,000 distance requirement, the refuge would have to be relocated twice each day (following each of the two advances) just to remain within that lateral boundary each time the face is advanced, or the Mine will be out of compliance.

In order to reduce the number of relocations to less than one per day, the refuge will need to be positioned well within the 1,000 foot range. If Coeur places the refuge at 50 percent of the maximum allowable distance at the beginning of a development cycle (*e.g.* 500 feet from the face of a development drift), the refuge could remain in one place for a maximum of 21 days at typical development rates. However, during that 21-day cycle, the refuge will be repeatedly subjected to severe blast damage. The concussive forces from face blasts can be devastating at 500 feet. Over the course of 21 days blasting, the refuge would be exposed to 42 blasts. Accordingly, placing the refuge will inside of the 1,000 foot boundary increases the likelihood of mechanical damage to the refuge chamber. Moreover, Kensington only blasts during shift change, when the mine is completely evacuated, save one miner in the designated safe zone. No miners will be anywhere near the refuge chamber during blasting, or in a position to inspect the refuge chamber before the next shift arrives. Thus, any blast damage suffered by the refuge chamber will not be discovered until Coeur's miners arrive and inspect the chamber, exposing them to a greater risk of harm if use of the refuge chamber were necessary upon their arrival.

Not only is the structural integrity of the refuge chamber at risk if it is habitually located near the blasting activities, if the refuge chambers are require to ''follow'' the face in a development drift on the lowest level of the mine, the physical locations of these refuge chambers will be continually changing. This means that miners will not have reliable, fixed locations to which they can travel in an emergency. Instead, they will be searching for a moving target. The added difficulty for miners and mine rescue teams to know with certainty the exact location of each mine refuge chamber is more hazardous than a situation where each refuge chamber's location is fixed, will-known and depicted on historical and current versions the mines' map.

Because of Kensington's remote location, miners work long rotations and are away from site on Rest & Relaxation (''R&R'') for long periods of time. If refuge chambers must be moved as MSHA appears to require, it is highly likely that a miner could go home on R&R and return to a different refuge chamber location every rotation. The shifting locations will require each miner to continuously remember the current locations for the refuge chambers in his vicinity, as opposed to constant emergency egress routes that are more likely to be remembered during an emergency. This will undoubtedly lead to less familiarity with the location of the facilities and in times of an emergency people need to be ''programmed'' as to mitigate the risk of responding incorrectly. Not only will uncertainty arise from the change in physical location for the refuge chamber, but the maps and signs inside Kensington might have to be updated as well. To the extent there are more signs and maps than refuge chambers, the risk will increase that one or more of the maps or signs will not be updated to reflect a future change of location. This error could have a catastrophic effect for miners going to a location they believe has a chamber based on an obsolete map only to find that it had moved.

In addition, in the event of a mine accident, mine rescue teams will need to validate that the location of each refuge chamber in which injured miners might be located, was in fact the current location of each refuge chamber in which injured miners might be located, was in fact the current location for that chamber. This uncertainty will complicate if not delay rescue efforts.

Not only does MSHA's requirement that a refuge chamber be tethered to the location of the development drift's face add uncertainty regarding the chambers precise location, the movement of that chamber deeper into the mine increases the risk for miners working in the area in between the lowest level and the development and exploration activities. For example, miners on the 405 and 330 Level Access areas have a shorter travel time to reach the portable refuge installed on the 255 Decline than secondary escapeways at the 480 Level.

As the 255 Decline face advances towards the planned 255 Level, if the portable emergency refuge chamber must follow along 1,000 feet behind the decline face, the travel time and distance to that portable refuge will be increasing for the miners on the 405 and 330 Level Access areas. Also, miners are trained first to try and evacuate the mine through the portal if possible, as opposed to going deeper into the mine if there is an emergency. If there is thick smoke in the mine, and the miners don their self-rescue breathing devices, they are trained to seek the nearest refuge. Not only does the movement of the portable emergency refuge chamber result in longer travel times for these miners, they are moving further underground and farther away from the escapeway, and trying to find a moving target in thick smoke.

If MSHA's purported rationale for having the portable refuge within 1,000 feet of the face in the development and exploration area is that this area is the most likely source of hazards for miners, the miners on the 405 and 330 Levels who are traveling to the refuge are moving towards the likely source of hazards, not away from it. Hence, the frequent relocating of the portable emergency refuge chamber adds a greater risk of physical damage to the refuge and a greater level of uncertainty and risk for the mines working underground who need to navigate to the refuge. Conversely, keeping refuge chambers in fixed locations, compliant with the standard's travel time requirement, simplifies the miners' egress plans, which increases the probability of proper execution of these egress plans, and does not detract from their safety.

(10) The proposed action by Coeur would provide no lesser degree of safety than application of the § 57.11050. Another basis for permitting modification of the standard's application is that Coeur's proposed alternative method provides at least the same measure of safety contemplated by the standard.

Repeated movement of the refuge puts miners at risk for several reasons. First, damage to the refuge will put miners at risk as the refuge may not function as intended. Second, the potential to damage the refuge chambers increases

significantly while they are being move. Third, the portable refuge chambers cannot simply be parked on the decline because of their size, they would block assess between the development drift face and the escapeways. To allow for the decline to remain clear, a cutout into the rib must be made to park the refuge chamber. Fourth, the refuge chambers are not available for use while being moved (and air and water are being reconnected), meaning that Kensington risks non-compliance with § 5711010 each time it is attempting to comply with MSHA's directive to reposition the refuge to remain within 1,000 feet of the face.

Taken to its logical conclusion, to ensure compliance, Kensington would be forced to have two refuges in place, and ''leapfrog'' them during exploration and development. However, the spacing and cost associated with that approach are untenable.

Each refuge chamber is roughly 15 feet long, and requires a cutout that is 30 feet deep. The development costs at Kensington are approximately $1500 per foot, meaning that each 30-foot cutout will cost $45,000 to create. Installing air, water and shotcrete will be in addition to the $45,000 figure. Moving the unit will take 2 miners approximately 12 hours, at a labor cost of $1136. In total, the average cost to relocate a portable refuge one time is almost $50,000. Assuming Kensington positioned the refuge at a distance that was 50 percent of the stated requirement, so that relocations were only required every ten days, the resulting 36 relocations per year will cost approximately $1.8 million for the 255 Decline alone.

For these reasons, not only does MSHA's current interpretation of 30 CFR 57.11050 add a new requirement to the standard without undergoing the rulemaking process, the interpretation will result in a diminution of safety to the miners at Kensington Mine. There is no peer-reviewed empirical data to support this additional requirement, and the plain language of 30 CFR 57.11050 does not support the requirement either.

The petitioner asserts that the proposed alternative method will provide the same or greater measure of safety as would be provided by application of the existing standard.

Sheila McConnell,

Director, Office of Standards, Regulations, and Variances.

BILLING CODE 4520–43–P

LEGAL SERVICES CORPORATION

Notice of Instructions for Emergency Relief Grants

AGENCY: Legal Services Corporation

ACTION: Notice—Instructions for emergency relief grants.

SUMMARY: Generally, the Legal Services Corporation (LSC) has funds available to help meet the special needs of LSC grantees in areas experiencing emergencies recognized through government declarations. This Notice sets forth instructions for current LSC grantees with such needs affecting their offices or parts of their service area who wish to apply for emergency relief funding when such funds are available. This information is also posted to the LSC Web site at *www.lsc.gov.*

DATES: These instructions are effective September 19, 2016.

FOR FURTHER INFORMATION CONTACT: Disaster Grants Coordinator, Office of Program Performance, Legal Services Corporation, 3333 K St. NW., Washington, DC 20007, (202) 295–1500, *emergencygrants@lsc.gov* (preferred contact).

SUPPLEMENTARY INFORMATION:

Emergency Relief Grants

A. Eligibility

Generally, the Legal Services Corporation (LSC) has funds available to help meet the special needs of LSC grantees in areas experiencing emergencies recognized through government declarations. When funding is available, current LSC grantees are eligible to apply for such emergency funds only if they provide services or have an office located in an area subject to an emergency declaration or similar determination by a government entity or equivalent, at any level, including tribal governments regardless of federal recognition. Such determinations could address disasters, public health emergencies, droughts, or other circumstances warranting emergency-response actions and services. This policy supersedes LSC's prior policy that limited these grants to Federally declared disaster areas. Information regarding this grant program is available at *www.lsc.gov* in the ''Our Grant Programs'' section.

B. Applications

Interested grantees should contact the LSC Office of Program Performance to discuss the application process, standards, and selection criteria. Information about the application forms and method of submission are available on *www.lsc.gov* in the ''Our Grant Programs'' section. Applications should, at minimum, address the following topics.

1. Resources, Needs, and Objectives

a. A description of the damage sustained by applicant and/or the surge in demand for services as a result of the emergency.

b. An estimate, in dollars, of lost property, including records, and equipment.

c. The amount of emergency funds requested.

d. A brief narrative stating the purpose of the requested funds.

e. The grantee's current annual budget of revenue and expenses including both LSC funds and non-LSC funds.

2. Operational Procedures

a. The anticipated length of time needed to restore operations from emergency status to normal and/or the anticipated length of time of the expected surge in demand.

b. The anticipated term of the emergency grant (*i.e.,* proposed beginning and termination dates).

c. A description of the project, including criteria to be used for determining successful completion.

3. Budget—A Detailed Budget of Expenses for the Emergency Relief Grant

C. Approval Criteria

Given the nature of these emergency situations, LSC will process requests for assistance on a priority basis. The primary emphasis will be on restoring or expanding, as quickly as possible, the program's capacity to serve eligible clients.

D. Accounting and Reporting

1. Accounting for the Grant

The grant must be separately reported by natural line item in the grantee's annual audit(s). This reporting may be done either on the face of the financial statements, or in a schedule attached to the financial statements. The grant will provide additional instructions as needed.

2. Case Service Reporting

In times of crisis, the immediate needs of victims supersede the need to adhere to the grantee's established priorities. Thus, grantees confronted by natural disasters or emergencies generally dispense with the stated priorities to respond to the most pressing needs of their clients. Depending on the extent of the disaster and the impact it has on case activities, the grantee may process a substantial

number of cases outside of its normal priorities, which could significantly alter its case service reporting data. To avoid a distorted picture when disaster cases are reported in the regular CSRs, LSC may require separate case reporting for emergency-related cases that are outside of normal priorities and/or funded with an emergency relief grant.

Dated: August 15, 2016.

Mark Freedman,

Senior Associate General Counsel.

BILLING CODE 7050–01–P

NATIONAL SCIENCE FOUNDATION

Advisory Committee for Environmental Research and Education; Notice of Meeting

In accordance with the Federal Advisory Committee Act (Pub. L. 92–463, as amended), the National Science Foundation announces the following meeting:

NAME: Advisory Committee for Environmental Research and Education (9487).

DATE/TIME: September 28, 2016: 9:00 a.m.–5:30 p.m.; September 29, 2016: 9:00 a.m.–3:00 p.m.

PLACE: National Science Foundation, 4201 Wilson Blvd., Arlington, VA 22230.

TYPE OF MEETING: Open.

CONTACT PERSON: Dr. Stephen Meacham, Senior Staff Associate, Office of Integrative Activities/Office of the Director/National Science Foundation, 4201 Wilson Blvd., Room 935N, Arlington, V/A 22230 (Email: *smeacham@nsf.gov*/Telephone: (703) 292–8040).

MINUTES: May be obtained from *http://www.nsf.gov/geo/ere/ereweb/minutes.jsp.*

PURPOSE OF MEETING: To provide advice, recommendations, and oversight concerning support for environmental research and education.

AGENDA: (Tentative) Approval of minutes from past meetings. Updates on agency support for environmental research and activities. Discussion with NSF Director and Assistant Directors. Discussion of emerging research topics in environmental science, engineering and education. Updated agenda will be available at *http://www.nsf.gov/geo/ere/ereweb/minutes.jsp.*

Dated: August 16, 2016.

AGENCY: Postal Regulatory Commission.

ACTION: Notice.

SUMMARY: The Commission is noticing recent Postal Service filings for the Commission's consideration concerning negotiated service agreements. This notice informs the public of the filing, invites public comment, and takes other administrative steps.

DATES: *Comments are due:* August 22, 2016 (Comment due date applies to all Docket Nos. listed above)

ADDRESSES: Submit comments electronically via the Commission's Filing Online system at *http://www.prc.gov.* Those who cannot submit comments electronically should contact the person identified in the **FOR FURTHER INFORMATION CONTACT** section by telephone for advice on filing alternatives.

FOR FURTHER INFORMATION CONTACT: David A. Trissell, General Counsel, at 202–789–6820.

SUPPLEMENTARY INFORMATION:

Table of Contents

I. Introduction
II. Docketed Proceeding(s)

I. Introduction

The Commission gives notice that the Postal Service filed request(s) for the Commission to consider matters related to negotiated service agreement(s). The request(s) may propose the addition or removal of a negotiated service agreement from the market dominant or the competitive product list, or the modification of an existing product currently appearing on the market dominant or the competitive product list.

Section II identifies the docket number(s) associated with each Postal Service request, the title of each Postal Service request, the request's acceptance date, and the authority cited by the Postal Service for each request. For each request, the Commission appoints an officer of the Commission to represent the interests of the general public in the proceeding, pursuant to 39 U.S.C. 505 (Public Representative). Section II also establishes comment deadline(s) pertaining to each request.

The public portions of the Postal Service's request(s) can be accessed via the Commission's Web site (*http://www.prc.gov*). Non-public portions of the Postal Service's request(s), if any, can be accessed through compliance with the requirements of 39 CFR 3007.40.

The Commission invites comments on whether the Postal Service's request(s) in the captioned docket(s) are consistent with the policies of title 39. For request(s) that the Postal Service states concern market dominant product(s), applicable statutory and regulatory requirements include 39 U.S.C. 3622, 39

U.S.C. 3642, 39 CFR part 3010, and 39 CFR part 3020, subpart B. For request(s) that the Postal Service states concern competitive product(s), applicable statutory and regulatory requirements include 39 U.S.C. 3632, 39 U.S.C. 3633, 39 U.S.C. 3642, 39 CFR part 3015, and 39 CFR part 3020, subpart B. Comment deadline(s) for each request appear in section II.

II. Docketed Proceeding(s)

1. *Docket No(s).:* MC2016–176 and CP2016–255; *Filing Title:* Request of the United States Postal Service to Add First-Class Package Service Contact 60 to Competitive Product List and Notice of Filing (Under Seal) of Unredacted Governors' Decision, Contract, and Supporting Data; *Filing Acceptance Date:* August 12, 2016; *Filing Authority:* 39 U.S.C. 3642 and 39 CFR 3020.30 *et seq.; Public Representative:* Helen Fonda; *Comments Due:* August 22, 2016.

2. *Docket No(s).:* MC2016–177 and CP2016–256; *Filing Title:* Request of the United States Postal Service to Add Priority Mail & First-Class Package Service Contact 26 to Competitive Product List and Notice of Filing (Under Seal) of Unredacted Governors' Decision, Contract, and Supporting Data; *Filing Acceptance Date:* August 12, 2016; *Filing Authority:* 39 U.S.C. 3642 and 39 CFR 3020.30 *et seq.; Public Representative:* Natalie R. Ward; *Comments Due:* August 22, 2016.

3. *Docket No(s).:* MC2016–178 and CP2016–257; *Filing Title:* Request of the United States Postal Service to Add Priority Mail Contract 232 to Competitive Product List and Notice of Filing (Under Seal) of Unredacted Governors' Decision, Contract, and Supporting Data; *Filing Acceptance Date:* August 12, 2016; *Filing Authority:* 39 U.S.C. 3642 and 39 CFR 3020.30 *et seq.; Public Representative:* Katalin K. Clendenin; *Comments Due:* August 22, 2016.

4. *Docket No(s).:* MC2016–179 and CP2016–258; *Filing Title:* Request of the United States Postal Service to Add Priority Mail Contract 233 to Competitive Product List and Notice of Filing (Under Seal) of Unredacted Governors' Decision, Contract, and Supporting Data; *Filing Acceptance Date:* August 12, 2016; *Filing Authority:* 39 U.S.C. 3642 and 39 CFR 3020.30 *et seq.; Public Representative:* Katalin K. Clendenin; *Comments Due:* August 22, 2016.

5. *Docket No(s).:* MC2016–180 and CP2016–259; *Filing Title:* Request of the United States Postal Service to Add Priority Mail Express Contract 41 to Competitive Product List and Notice of Filing (Under Seal) of Unredacted Governors' Decision, Contract, and Supporting Data; *Filing Acceptance Date:* August 12, 2016; *Filing Authority:* 39 U.S.C. 3642 and 39 CFR 3020.30 *et seq.; Public Representative:* Helen Fonda; *Comments Due:* August 22, 2016.

6. *Docket No(s).:* MC2016–181 and CP2016–260; *Filing Title:* Request of the United States Postal Service to Add Priority Mail Contract 234 to Competitive Product List and Notice of Filing (Under Seal) of Unredacted Governors' Decision, Contract, and Supporting Data; *Filing Acceptance Date:* August 12, 2016; *Filing Authority:* 39 U.S.C. 3642 and 39 CFR 3020.30 *et seq.; Public Representative:* Katalin K. Clendenin; *Comments Due:* August 22, 2016.

This notice will be published in the **Federal Register**.

BILLING CODE 7710–FW–P

SECURITIES AND EXCHANGE COMMISSION

[File No. 500–1]

In the Matter of Imperial Plantation Corporation; Order of Suspension of Trading

August 17, 2016.

It appears to the Securities and Exchange Commission that there is a lack of current and accurate information concerning the securities of Imperial Plantation Corporation because of questions regarding the accuracy of publicly available information about the company's business transactions and securities, including inconsistent disclosures about whether Imperial Plantation Corporation received $1 million in a private placement of one billion shares of its stock, and inaccurate disclosure that it cancelled the one billion shares when the shares remained outstanding as of June 22, 2016. Imperial Plantation Corporation (CIK No. 0001542934), is a Nevada corporation with its principal place of business listed as Tempe, Arizona with stock quoted on OTC Link (previously, ''Pink Sheets'') operated by OTC Markets Group, Inc. under the ticker symbol IMPC.

The Commission is of the opinion that the public interest and the protection of investors require a suspension of trading in the securities of the above-listed company.

THEREFORE, IT IS ORDERED, pursuant to Section 12(k) of the Securities Exchange Act of 1934, that trading in the securities of the above-listed company is suspended for the period from 9:30 a.m. EDT, August 17, 2016, through 11:59 p.m. EDT, on August 30, 2016.

By the Commission.

Jill M. Peterson,

Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–78576; File No. SR-Phlx-2016–83]

Self-Regulatory Organizations; NASDAQ PHLX LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend the Exchange's Pricing Schedule

August 15, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (''Act''),[1] and Rule 19b–4 thereunder,[2] notice is hereby given that on August 5, 2016, NASDAQ PHLX LLC (''Phlx'' or ''Exchange'') filed with the Securities and Exchange Commission (''SEC'' or ''Commission'') the proposed rule change as described in Items I, II, and III, below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend the Exchange's Pricing Schedule at Section I titled ''Rebates and Fees for Adding and Removing Liquidity in SPY'' at Part A, relating to Simple Orders for SPY[3] options to: (i) Increase the Customer[4] Fee for Removing Liquidity; and (ii) amend Tier 4 of the Specialist[5] and

[1] 15 U.S.C. 78s(b)(1).

[2] 17 CFR 240.19b–4.

[3] Options overlying Standard and Poor's Depositary Receipts/SPDRs (''SPY'') are based on the SPDR exchange-traded fund, which is designed to track the performance of the S&P 500 Index.

[4] The term ''Customer'' applies to any transaction that is identified by a member or member organization for clearing in the Customer range at The Options Clearing Corporation which is not for the account of a broker or dealer or for the account of a ''Professional'' (as that term is defined in Rule 1000(b)(14)).

[5] The term ''Specialist'' applies to transactions for the account of a Specialist (as defined in Exchange Rule 1020(a)). A Specialist is an Exchange member who is registered as an options specialist pursuant

Market Maker [6] Rebate for Adding Liquidity tiers and add two additional tiers.

The text of the proposed rule change is available on the Exchange's Web site at *http://nasdaqphlx.cchwallstreet.com/,* at the principal office of the Exchange, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of the proposed rule change is to amend the Exchange's Pricing Schedule at Section I titled ''Rebates and Fees for Adding and Removing Liquidity in SPY'' to increase the Simple Order Customer Fee for Removing Liquidity in SPY to fund additional Simple Order Specialist and Market Maker Rebates for Adding Liquidity for options overlying SPY.

First Fee Change

The purpose of the first fee change is to raise revenue for the Exchange by increasing the Simple Order Customer Fee for Removing Liquidity in SPY from $0.43 to $0.45 per contract. Despite the increase to this fee for Customers removing liquidity, the Exchange believes that the fee remains competitive as compared to fees assessed to other market participants.[7]

Second Fee Change

The purpose of the second fee change is to amend the Specialist and Market Maker Simple Order Rebates for Adding Liquidity to incentivize Specialists and Market Makers to add more volume to Phlx in order to receive rebates. Today Specialists and Market Makers have the opportunity to earn rebates that range from $0.15 to $0.30 per contract,[8] depending on the amount of Specialist and Market Maker Simple Order contracts that are electronically executed per day in a month in SPY on Phlx. The Exchange is proposing to amend current Tier 4 of the Specialist and Market Maker Simple Order Rebates for Adding Liquidity from volume that is greater than 20,000 to volume between 20,000 and 34,999 electronically executed Simple Order contracts per day in a month in SPY. The Tier 4 Specialist and Market Maker Simple Order Rebates for Adding Liquidity will remain at $0.30 per contract. The Exchange also proposes to add two more Specialist and Market Maker Simple Order Rebates for Adding Liquidity tiers. New Tier 5 Specialist and Market Maker Simple Order Rebates for Adding Liquidity would pay a $0.32 per contract rebate to Specialists and Market Makers that add between 35,000 to 49,999 electronically executed Simple Order contracts per day in a month in SPY. New tier 6 Specialist and Market Maker Simple Order Rebates for Adding Liquidity would pay a $0.35 per contract rebate to Specialists and Market Makers that add greater than 49,999 electronically executed Simple Order contracts per day in a month in SPY. The Exchange believes that adding these two new rebate tiers will encourage Specialists and Market Makers to add more electronically executed Simple Order liquidity in SPY on Phlx to obtain the higher rebates.

The Exchange proposes to amend Section I to reorganize the Pricing Schedule and delete unnecessary rule text. The Exchange proposes to amend the current sentence above the Specialist and Market Maker Simple Order Rebates for Adding Liquidity tiers which currently states, ''*The Simple Order Rebate for Adding Liquidity for Specialists and Market Makers will be paid as noted below:''. The Exchange intends to incorporate more language into the new sentence concerning the Specialist and Market Maker Simple Order Rebates for Adding Liquidity tiers to make clear which market participants are being paid the rebate and what volume counts toward the monthly volume. The Exchange proposes to amend the sentence as follows: ''*The Simple Order Rebate for Adding Liquidity will be paid as noted below to Specialists and Market Makers adding the requisite amount of electronically executed Specialist and Market Maker Simple Order contracts per day in a month in SPY:''. This language is not intended to amend the manner in which the Exchange pays the Specialist and Market Maker Simple Order Rebates for Adding Liquidity. The Exchange is proposing to include more clear and specific language above the tiers and then simply list the volume and rebate amount in the table, rather than repeating the language in the table several times. The Exchange believes that these non-substantive amendments will add clarity to the Specialist and Market Maker Simple Order Rebates for Adding Liquidity by avoiding unnecessary repetition in the Pricing Schedule and simplifying the rebate table.

2. Statutory Basis

The Exchange believes that its proposal is consistent with Section 6(b) of the Act,[9] in general, and furthers the objectives of Sections 6(b)(4) and 6(b)(5) of the Act,[10] in particular, in that it provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility, and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

The Commission and the courts have repeatedly expressed their preference for competition over regulatory intervention in determining prices, products, and services in the securities markets. In Regulation NMS, while

to Rule 1020(a). An options Specialist includes a Remote Specialist which is defined as an options specialist in one or more classes that does not have a physical presence on an Exchange floor and is approved by the Exchange pursuant to Rule 501.

[6] The term ''Market Maker'' includes Registered Options Traders (''ROT''). *See* Exchange Rule 1014(b)(i) and (ii). A ROT includes a Streaming Quote Trader or ''SQT,'' a Remote Streaming Quote Trader or ''RSQT'' and a Non-SQT, which by definition is neither a SQT nor a RSQT. A ROT is defined in Exchange Rule 1014(b) as a regular member of the Exchange located on the trading floor who has received permission from the Exchange to trade in options for his own account. An SQT is defined in Exchange Rule 1014(b)(ii)(A) as an ROT who has received permission from the Exchange to generate and submit option quotations electronically in options to which such SQT is assigned. An RSQT is defined in Exchange Rule in 1014(b)(ii)(B) as an ROT that is a member affiliated with an RSQTO with no physical trading floor presence who has received permission from the Exchange to generate and submit option quotations electronically in options to which such RSQT has been assigned. A Remote Streaming Quote Trader Organization or ''RSQTO,'' which may also be referred to as a Remote Market Making Organization (''RMO''), is a member organization in good standing that satisfies the RSQTO readiness requirements in Rule 507(a). RSQTs may also be referred to as Remote Market Markers (''RMMs'').

[7] Non-Customer market participants (Specialists, Market Makers, Firms, Broker-Dealers and Professionals) are assessed a Simple Order Fee for Removing Liquidity in SPY of $0.47 per contract.

[8] Today, the Specialist and Market Maker Simple Order Rebates for Adding Liquidity are paid on a four tier rebate schedule in SPY. All other market participants do not receive a Simple Order Rebate for Adding Liquidity in SPY.

[9] 15 U.S.C. 78f(b).

[10] 15 U.S.C. 78f(b)(4) and (5).

adopting a series of steps to improve the current market model, the Commission highlighted the importance of market forces in determining prices and SRO revenues and, also, recognized that current regulation of the market system ''has been remarkably successful in promoting market competition in its broader forms that are most important to investors and listed companies.'' [11]

Likewise, in *NetCoalition* v. *Securities and Exchange Commission* [12] (''NetCoalition'') the D.C. Circuit upheld the Commission's use of a market-based approach in evaluating the fairness of market data fees against a challenge claiming that Congress mandated a cost-based approach.[13] As the court emphasized, the Commission ''intended in Regulation NMS that 'market forces, rather than regulatory requirements' play a role in determining the market data . . . to be made available to investors and at what cost.'' [14]

Further, ''[n]o one disputes that competition for order flow is 'fierce.' . . . As the SEC explained, '[i]n the U.S. national market system, buyers and sellers of securities, and the broker-dealers that act as their order-routing agents, have a wide range of choices of where to route orders for execution'; [and] 'no exchange can afford to take its market share percentages for granted' because 'no exchange possesses a monopoly, regulatory or otherwise, in the execution of order flow from broker dealers'. . . .'' [15] Although the court and the SEC were discussing the cash equities markets, the Exchange believes that these views apply with equal force to the options markets.

First Fee Change

The Exchange's proposal to increase the Customer Simple Order Fee for Removing Liquidity in SPY is reasonable because despite the increase to the fee, Customers will continue to be assessed the lowest Simple Order Fee for Removing Liquidity in SPY as compared to other market participants (Specialists, Market Makers, Firms,[16] Broker-Dealers [17] and Professionals [18]) that continue to pay a $0.47 per contract Simple Order Fee for Removing Liquidity in SPY. SPY options are currently the most actively traded options class. Despite this fee increase, the Exchange believes the Simple Order Customer Fee for Removing Liquidity will continue to encourage a greater number of market participants to remove Customer liquidity in SPY on Phlx because they continue to be assessed lower fees as compared to other market participants.

The Exchange's proposal to increase the Customer Simple Order Fee for Removing Liquidity in SPY is equitable and not unfairly discriminatory because the Simple Order Customer Fee for Removing Liquidity will continue to be lower as compared to other market participants ($0.45 vs. $0.47 per contract) and this lower fee will continue to encourage market participants to remove Customer liquidity in SPY on Phlx. Customer liquidity benefits all market participants by providing more trading opportunities, which attracts market makers. An increase in the activity of these market participants in turn facilitates tighter spreads, which may cause an additional corresponding increase in order flow from other market participants. Pricing by symbol is a common practice on many U.S. options exchanges as a means to incentivize order flow to be sent to an exchange for execution in the most actively traded options classes. Other options exchanges price by symbol.[19]

Second Fee Change

The Exchange believes that its proposal to amend the Tier 4 Specialist and Market Maker Simple Order Rebates for Adding Liquidity in SPY and add two new Specialist and Market Maker Simple Order Rebates for Adding Liquidity tiers is reasonable because it will attract more Specialist and Market Maker electronically executed Simple Order volume in SPY to Phlx. The Exchange is offering Specialists and Market Makers an opportunity to earn up to a $0.35 per contract Simple Order Rebate for Adding Liquidity in SPY. Today, the highest Specialist and Market Maker Simple Order Rebate for Adding Liquidity in SPY is $0.30 per contract. Specialists and Market Makers will be encouraged to add more electronically executed Simple Order liquidity in SPY on Phlx to obtain the proposed higher rebates.

The Exchange believes that its proposal to amend the Tier 4 Specialist and Market Maker Simple Order Rebates for Adding Liquidity in SPY and add two new Specialist and Market Maker Simple Order Rebates for Adding Liquidity tiers is equitable and not unfairly discriminatory because Specialists and Market Makers have obligations to the market and regulatory requirements, which normally do not apply to other market participants.[20] They have obligations to make continuous markets, engage in a course of dealings reasonably calculated to contribute to the maintenance of a fair and orderly market, and not make bids or offers or enter into transactions that are inconsistent with a course of dealings. The differentiation as between Specialists and Market Makers and all other market participants recognizes the differing contributions made to the liquidity and trading environment on the Exchange by these market participants. An increase in the activity of these market participants in turn facilitates tighter spreads, which may cause an additional corresponding increase in order flow from other market participants. For these reasons, the Exchange believes that it is equitable and not unfairly discriminatory to only offer Specialists and Market Makers Simple Order Rebates for Adding Liquidity in SPY.

The Exchange's proposal to reorganize the Pricing Schedule and delete unnecessary rule text is reasonable because the Exchange believes the deletion of the unnecessary text and reorganization of the rule text will bring greater clarity to the Pricing Schedule. The Exchange's proposal to reorganize the Pricing Schedule and delete unnecessary rule text is equitable and not unfairly discriminatory because the amendment is non-substantive and only intended to provide clarity to the Pricing Schedule. The rule text will apply uniformly to all market participants.

[20] *See* Rule 1014 titled ''Obligations and Restrictions Applicable to Specialists and Registered Options Traders.''

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. In terms of inter-market competition, the Exchange notes that it operates in a highly competitive market in which market participants can readily favor competing venues if they deem fee levels at a particular venue to be excessive, or rebate opportunities available at other venues to be more favorable. In such an environment, the Exchange must continually adjust its fees to remain competitive with other exchanges and with alternative trading systems that have been exempted from compliance with the statutory standards applicable to exchanges. Because competitors are free to modify their own fees in response, and because market participants may readily adjust their order routing practices, the Exchange believes that the degree to which fee changes in this market may impose any burden on competition is extremely limited.

The fees and rebates proposed herein are intended to continue to incentivize market participants to send a greater amount of SPY order flow to Phlx and for this reason imposes no inter-market burden on competition. If the changes proposed herein are unattractive to market participants, it is likely that the Exchange will lose market share as a result. Accordingly, the Exchange does not believe that the proposed changes will impair the ability of members or competing order execution venues to maintain their competitive standing in the financial markets.

First Fee Change

The Exchange's proposal to increase the Customer Simple Order Fee for Removing Liquidity in SPY does not impose an undue burden on intra-market competition because the Simple Order Customer Fee for Removing Liquidity will continue to be lower as compared to other market participants ($0.45 vs. $0.47 per contract) and this lower fee will continue to encourage market participants to remove Customer liquidity in SPY on Phlx. Also, Customer liquidity benefits all market participants by providing more trading opportunities, which attracts market makers. An increase in the activity of these market participants in turn facilitates tighter spreads, which may cause an additional corresponding increase in order flow from other market participants. Pricing by symbol is a common practice on many U.S. options exchanges as a means to incentivize order flow to be sent to an exchange for execution in the most actively traded options classes. Other options exchanges price by symbol.[21]

Second Fee Change

The Exchange believes that its proposal to amend the Tier 4 Specialist and Market Maker Simple Order Rebates for Adding Liquidity and add two new Specialist and Market Maker Simple Order Rebates for Adding Liquidity tiers does not impose an undue burden on intra-market competition because Specialists and Market Makers have obligations to the market and regulatory requirements, which normally do not apply to other market participants.[22] They have obligations to make continuous markets, engage in a course of dealings reasonably calculated to contribute to the maintenance of a fair and orderly market, and not make bids or offers or enter into transactions that are inconsistent with a course of dealings. The differentiation as between Specialists and Market Makers and all other market participants recognizes the differing contributions made to the liquidity and trading environment on the Exchange by these market participants. An increase in the activity of these market participants in turn facilitates tighter spreads, which may cause an additional corresponding increase in order flow from other market participants. For these reasons, the Exchange believes that it is equitable and not unfairly discriminatory to only offer Specialists and Market Makers Simple Order Rebates for Adding Liquidity in SPY.

The Exchange's proposal to reorganize the Pricing Schedule and delete unnecessary rule text does not impose an undue burden on intra-market competition because the Exchange believes the deletion of the unnecessary text and reorganization of the rule text will bring greater clarity to the Pricing Schedule and the revised language applies uniformly to all market participants.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were either solicited or received.

[21] *See* note 19 above.

[22] *See* note 20 above.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing rule change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.[23]

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (*http://www.sec.gov/rules/sro.shtml*); or
- Send an email to *rule-comments@sec.gov*. Please include File Number SR–Phlx–2016–83 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549–1090.

All submissions should refer to File Number SR–Phlx–2016–83. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (*http://www.sec.gov/rules/sro.shtml*). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE.,

[23] 15 U.S.C. 78s(b)(3)(A)(ii).

Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR–Phlx–2016–83, and should be submitted on or before September 9, 2016.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.[24]

Robert W. Errett,

Deputy Secretary.

BILLING CODE 8011–01–P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–78573; File No. SR–FINRA–2016–032]

Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Notice of Filing of a Proposed Rule Change Relating to FINRA Rule 2232 (Customer Confirmations) To Require Members To Disclose Additional Pricing Information on Retail Customer Confirmations Relating to Transactions in Fixed Income Securities

August 15, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (''Act'' or ''SEA'') [1] and Rule 19b–4 thereunder,[2] notice is hereby given that on August 12, 2016, Financial Industry Regulatory Authority, Inc. (''FINRA'') filed with the Securities and Exchange Commission (''SEC'' or ''Commission'') the proposed rule change as described in Items I, II, and III below, which Items have been prepared by FINRA. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

FINRA is proposing to amend FINRA 2232 (Customer Confirmations) to require members to disclose additional pricing information on retail customer confirmations relating to transactions in fixed income securities.

The text of the proposed rule change is available on FINRA's Web site at *http://www.finra.org,* at the principal office of FINRA and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, FINRA included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. FINRA has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

FINRA is proposing to amend Rule 2232 to require members to provide additional pricing information on customer confirmations in connection with non-municipal fixed income transactions with retail customers. Specifically, if a member trades as principal with a non-institutional customer in a corporate debt or agency debt security, the member must disclose the member's mark-up or mark-down from the prevailing market price for the security on the customer confirmation, if the member also executes one or more offsetting principal transaction(s) on the same trading day on the same side as the customer trade, the aggregate size of which meets or exceeds the size of the customer trade.

While members are already required, pursuant to SEA Rule 10b–10, to provide customers with pricing information, including transaction cost information, in connection with transactions in equity securities where the member acted as principal, no comparable requirement currently exists for transactions in fixed income securities.[3] Based on statistics that are discussed in greater detail below, FINRA believes that some customers pay materially higher mark-ups or mark-downs in retail size trades than other customers for the same fixed income security. FINRA believes that the proposed requirement will provide meaningful and useful pricing information to retail customers in fixed income securities. FINRA believes that the proposal will better enable customers to evaluate the cost and quality of the execution service that members provide, will promote transparency into firms' pricing practices, and will encourage communications between firms and their customers about the pricing of their fixed income transactions.

As described in greater detail in Item II.C. below, FINRA initially solicited comment on a related proposal in *Regulatory Notice* 14–52 (''initial proposal''),[4] and subsequently on a revised proposal in *Regulatory Notice* 15–36 (''revised proposal'').[5] FINRA also has been working with the MSRB to develop similar proposals, as appropriate, to ensure consistent disclosures to customers across debt securities and to reduce the operational burdens for firms that trade multiple fixed income securities. As such, the MSRB has been developing its own pricing information disclosure proposal, and FINRA and the MSRB published their initial and revised proposals concurrently.[6] FINRA understands that the MSRB intends to file a substantially similar rule change.

Provided below is a more detailed description of each aspect of the proposed rule change.

Scope of the Disclosure Requirement

The proposed rule applies where the member buys (or sells) a security on a principal basis from (or to) a non-institutional customer and engages in one or more offsetting principal trades on the same trading day in the same security, where the size of the member's offsetting principal trade(s), in the aggregate, equals or exceeds the size of the customer trade. A non-institutional customer is a customer account that is not an institutional account, as defined

[24] 17 CFR 200.30–3(a)(12).

[1] 15 U.S.C. 78s(b)(1).

[2] 17 CFR 240.19b–4.

[3] *See* 17 CFR 240.10b–10. Under Rule 10b–10, where a member is acting as principal for its own account and is not a market maker in an equity security, and receives a customer order in that equity security that it executes by means of a principal trade to offset the contemporaneous trade with the customer, the rule requires the member to disclose the difference between the price to the customer and the dealer's contemporaneous purchase (for customer purchases) or sale price (for customer sales). *See* Rule 10b–10(a)(2)(ii)(A). Where the firm acts as principal for any other transaction in an NMS stock, or an equity security that is listed on a national securities exchange and is subject to last sale reporting, the rule requires the member to report the reported trade price, the price to the customer in the transaction, and the difference, if any, between the reported trade price and the price to the customer. *See* Rule 10b–10(a)(2)(ii)(B).

[4] *See Regulatory Notice* 14–52 (November 2014).

[5] *See Regulatory Notice* 15–36 (October 2015).

[6] *See* MSRB Regulatory Notice 2015–16 (September 2015), MSRB Regulatory Notice 2014–20 (November 2014).

in Rule 4512(c).[7] In addition, the proposed rule applies only to transactions in corporate debt securities, as defined in the proposed rule,[8] and agency debt securities, as defined in Rule 6710(l).[9]

FINRA believes that the proposed rule provides meaningful pricing information to individual investors that would most benefit from such disclosure, while not imposing unduly burdensome disclosure requirements on members. FINRA believes that requiring disclosure for retail customers, *i.e.,* accounts that are not institutional accounts, is appropriate because retail customers typically have less ready access to market and pricing information than institutional customers. FINRA believes that using the definition of an institutional account as set forth in Rule 4512(c) to define the scope of the proposal is appropriate because firms use this definition in other rule contexts, therefore reducing the implementation costs associated with this proposal.[10]

Same Day Triggering Timeframe

FINRA believes that it is appropriate to require disclosure of the mark-up or mark-down where the firm's offsetting principal trade(s) equaled or exceeded the size of the customer trade on the same trading day. To the extent that a member will often use its contemporaneous cost or proceeds, *e.g.,* the price it paid or received for the bond, as the prevailing market price for purposes of calculating the mark-up or mark-down, FINRA believes that limiting the disclosure to those instances where there is an offsetting trade in the same trading day will reduce the variability of the mark-up and mark-down calculation.

As is discussed in greater detail in Item II.C., a number of commenters stated that the window for triggering disclosure should be limited to two hours. Among other things, commenters argued that a two-hour window would be easier to implement, and would more closely capture riskless principal trades, which would align the proposed disclosure to the riskless principal disclosure requirements for equity securities under Rule 10b–10.

As is also discussed below, FINRA has generated statistics, based on trade data reported to the Trade Reporting and Compliance Engine (''TRACE''), that indicate that the majority of firm principal/customer trades that occur within the same trading day occur within thirty minutes of one another. Nonetheless, FINRA believes that there are added benefits to requiring disclosure for trades that occur within the same trading day, rather than only trades that occur within two hours. First, the full-day window will ensure that more investors receive mark-up or mark-down disclosure, even where their trades occur more than two-hours from the firm principal trade (but still occur on the same trading day). Second, the full-day window may make members less likely to alter their trading patterns in response to the proposed rule, as members would be required to hold positions overnight to avoid the proposed disclosure.[11] Finally, as is discussed further below, TRACE data for 3Q15 shows a material difference between the median mark-up/mark-down and the mark-ups/mark-downs at the tail of the distribution, indicating that some customers (those at the tail of the distribution) paid considerably more than others (at the median of the distribution). This data indicates that there is variability in the difference in prices paid in both firm principal and customer trades that occurred close in time to one another, *e.g.,* within 30 minutes, and in firm principal and customer trades that did not occur close in time to one another. Based on this data, FINRA believes that the proposed disclosure would provide valuable information for customers whose trades occurred on the same trading day as the firm principal trade, regardless of whether those trades occurred close in time.

Some commenters recommended that FINRA limit the disclosure obligation to riskless principal transactions involving retail investors, as this would more accurately reflect dealer compensation and transaction costs, and would be more consistent with the stated objectives of the SEC in this area. These commenters would apply the proposed rule to riskless principal transactions as previously defined in the equity context by the Commission, where the broker-dealer has an ''order in hand'' at the time of execution. However, FINRA believes that it may be difficult to objectively define, implement and monitor a riskless principal trigger standard for fixed income securities and also believes that using the riskless principal standard ultimately is too narrow and that customers will benefit from the disclosure irrespective of whether the firm's capacity on the transaction was riskless principal.

Non-Arms-Length Affiliate Transactions

With respect to the offsetting principal trade(s), where a member buys from, or sells to, certain affiliates, the proposal would require the member to ''look through'' the member's transaction with the affiliate to the affiliate's transaction with a third party in determining when the security was acquired and whether the ''same trading day'' requirement has been triggered. Specifically, FINRA proposes to require members to apply the ''look through'' where a member's transaction with its affiliate was not at arms-length. For

[7] Rule 4512(c) defines an institutional account as an account of ''(1) a bank, savings and loan association, insurance company or registered investment company; (2) an investment adviser registered either with the SEC under Section 203 of the Investment Advisers Act or with a state securities commission (or any agency or office performing like functions); or (3) any other person (whether a natural person, corporation, partnership, trust or otherwise) with total assets of at least $50 million.''

[8] The proposed rule defines a corporate debt security as a ''debt security that is United States (''U.S.'') dollar-denominated and issued by a U.S. or foreign private issuer and, if a 'restricted security' as defined in Securities Act Rule 144(a)(3), sold pursuant to Securities Act Rule 144A, but does not include a Money Market Instrument as defined in Rule 6710(o) or an Asset-Backed Security as defined in Rule 6710(cc).''

[9] Rule 6710(l) defines an agency debt security as ''a debt security (i) issued or guaranteed by an Agency as defined in paragraph (k); or (ii) issued or guaranteed by a Government-Sponsored Enterprise as defined in paragraph (n). The term excludes a U.S. Treasury Security as defined in paragraph (p) and a Securitized Product as defined in paragraph (m), where an Agency or a Government-Sponsored Enterprise is the Securitizer as defined in paragraph (s) (or similar person), or the guarantor of the Securitized Product.'' To make the proposed changes to Rule 2232 applicable to agency debt securities, as part of this proposal, FINRA will amend Rule 0150 to add Rule 2232 to the list of FINRA rules that apply to ''exempted securities,'' except municipal securities.

[10] As discussed in greater detail below, FINRA initially proposed that the disclosure requirement would apply to customer trades of a ''qualifying size,'' which was defined as customer transactions involving 100 bonds or less or bonds with a face amount of $100,000 or less, based on reported quantity. In response to comments that the proposed size-based standard could either exclude retail customer transactions above that amount from the proposed disclosure, or subject institutional transactions below that amount to the proposed disclosure, FINRA revised the proposal to incorporate the Rule 4512(c) definition of an institutional account.

[11] It is important to note that, under Rule 5310 (Best Execution and Interpositioning), members must use reasonable diligence to ascertain the best market for the security and buy or sell in such market so that the resultant price to the customer is as favorable as possible under prevailing market conditions. Supplementary Material .01 to Rule 5310 further emphasizes that a member must make every effort to execute a marketable customer order that it receives fully and promptly. Any intentional delay of a customer execution to avoid the proposed rule or otherwise would be contrary to these duties to customers. If the proposed rule change is approved, FINRA will monitor trading patterns to ensure firms are not purposely delaying a customer execution to avoid the disclosure. A firm found to purposefully delay the execution of a customer order to avoid the proposed disclosure may be in violation of the proposed rule, Rule 5310 and Rule 2010 (Standards of Commercial Honor and Principles of Trade).

purposes of the proposed rule change, an ''arms-length transaction'' would be considered a transaction that was conducted through a competitive process in which non-affiliate firms could also participate—*e.g.,* pricing sought from multiple firms, or the posting of multiple bids and offers—and where the affiliate relationship did not influence the price paid or proceeds received by the member. As a general matter, FINRA would expect that the competitive process used in an ''arms-length'' transaction, *e.g.,* the request for pricing or platform for posting bids and offers, is one in which non-affiliates have frequently participated. FINRA believes that sourcing liquidity through a non-arms-length transaction with an affiliate is functionally equivalent to selling out of its own inventory for purposes of the proposed disclosure trigger. FINRA therefore believes it is appropriate in those circumstances to require a member to ''look through'' its transaction with its affiliate to the affiliate's transaction with a third party to determine whether the proposed rule applies in these circumstances.[12]

Exceptions for Functionally Separate Trading Desks and Fixed-Price Offerings

The proposed rule also contains two exceptions from the proposed disclosure requirement. First, if the offsetting same day firm principal trade was executed by a trading desk that is functionally separate from the firm's trading desk that executed the transaction with the customer, the principal trade by that separate trading desk would not trigger the disclosure requirement. Firms must have in place policies and procedures reasonably designed to ensure that the functionally separate principal trading desk through which the member purchase or member sale was executed had no knowledge of the customer transaction.[13] FINRA believes that this exception is appropriate because it recognizes the operational cost and complexity that may result in requiring a firm principal trade executed by a separate, unrelated trading desk as the basis for determining whether a mark-up or mark-down disclosure is triggered on the customer confirmation. For example, the exception would allow an institutional desk within a firm to service an institutional customer without necessarily triggering the disclosure requirement for an unrelated trade performed by a separate retail desk within the firm. At the same time, in requiring that the member have policies and procedures in place that are reasonably designed to ensure that the functionally separate principal trading desk had no knowledge of the customer transaction, FINRA believes that the exception is sufficiently rigorous to minimize concerns about the potential misuse of the exception. In other words, in the example above, the firm could not use the functionally separate trading desk exception to avoid the proposed disclosure requirement if trades at the institutional desk were used to source transactions at the retail desk.

FINRA also believes that this exception is appropriate and consistent with the concept of functional and legal separation that exists in connection with other regulatory requirements, such as SEC Regulation SHO, and notes that some members already maintain functionally separate trading desks to comply with these requirements.

Second, the proposed rule would not apply if the member acquired the security in a fixed-price offering and sold the security to non-institutional customers at the same fixed-price offering price on the day the securities were acquired. In a fixed-price offering, the compensation paid to the firm, such as the underwriting fee, is paid for by the issuer and described in the prospectus. Given the availability of information in connection with a fixed-price offering, FINRA believes that the proposed disclosure is not warranted in those instances where the security is sold at the fixed-price offering price.

Proposed Information To Be Disclosed on the Customer Confirmation

If the transaction meets the criteria described above, the member would be required to disclose the member's mark-up or mark-down from the prevailing market price for the security. The mark-up or mark-down would be calculated in compliance with Rule 2121 and the supplementary material thereunder, and would be expressed both as a total dollar amount and as a percentage of the prevailing market price.[14] FINRA believes that it is appropriate to require firms to calculate the mark-up in compliance with Rule 2121, as Supplementary Material .02 to Rule 2121 provides extensive guidance on how to calculate the mark-up for the fixed income securities to which the proposal would apply, including a presumption to use contemporaneous cost or proceeds. While some commenters noted the operational cost and complexity of implementing a previous iteration of this proposal, FINRA notes that firms are currently subject to Rule 2121 and are required to evaluate the mark-ups that they charge in connection with trades to ensure that they are fair and not excessive.[15] FINRA notes that the proposal does not alter the requirements of Rule 2121, or otherwise intend to modify how firms calculate mark-ups. FINRA recognizes that the determination of the prevailing market price of a particular security may not be identical across firms and FINRA will expect that firms have reasonable policies and procedures in place to calculate the prevailing market price and that such policies and procedures are applied consistently across customers. Although the Supplementary Material to Rule 2121 provides extensive guidance, to the extent that firms have additional interpretive questions on the application of Rule 2121 to specific scenarios, FINRA will issue additional guidance as necessary.

[12] Similarly, in a non-arms-length transaction with an affiliate, the member also would be required to ''look-through'' to the affiliate's transaction with a third party and related cost or proceeds by the affiliate as the basis for determining the member's calculation of the mark-up or mark-down pursuant to Rule 2121 (Fair Prices and Commissions).

[13] This exception is distinguished from the ''look through'' provision noted above, whereby the customer transaction is being sourced through a non-arms-length transaction with the affiliate. Under the separate trading desk exception, functionally separate trading desks are required to have policies and procedures in place that are reasonably designed to ensure that trades on the functionally separate desks are executed with no knowledge of each other and reflect unrelated trading decisions. Additionally, FINRA notes that this exception would only apply to determine whether or not the proposed disclosure requirement has been triggered; it does not change a member's existing requirements relating to the calculation of its mark-up or mark-down under Rule 2121.

[14] FINRA and the MSRB conducted investor testing which indicated that investors found that disclosing the mark-up or mark-down both as a dollar amount and as a percentage of the prevailing market price would be more useful than only disclosing it in one of those forms. FINRA and the MSRB also solicited comment on whether to require members to disclose additional information on the trade confirmation for trades with retail customers, including whether firms should provide a link to TRACE, and whether firms should disclose the time of the customer trade. In response to comments received and support based on investor testing, FINRA intends to submit a rule filing in the near future that proposes these requirements.

[15] Because the proposed mark-up disclosure is not triggered unless an offsetting principal trade occurred on the same day, FINRA anticipates that the number of customer trades that will use a price other than the price of a contemporaneous trade as the prevailing market price are small. Using 3Q15 data, of the retail-size customer trades that have an offsetting firm principal trade on the same trading day, over 83 percent of those trades occurred within 30 minutes of each other. In 10.5 percent of these instances, an intervening trade, either by the same firm or a different market participant, occurred. Given the close time proximity between the majority of firm principal and customer trades, and the fact that most of these trades did not have an intervening trade, firms will typically use their contemporaneous cost as the prevailing market price.

FINRA believes that the proposal will provide retail customers with several important benefits. As discussed above, members are not required to provide customers who buy or sell fixed income securities with the same pricing information regarding mark-ups and mark-downs as customers who buy or sell equity securities. FINRA believes that requiring mark-up/mark-down disclosure will provide retail investors in non-municipal fixed income securities in transactions covered by the rule with comparable information to what retail investors in equity securities currently receive. FINRA believes that this disclosure will better assist fixed income investors in understanding and comparing the transaction costs associated with their purchases and sales.

If the Commission approves the proposed rule change, FINRA will announce the effective date of the proposed rule change no later than 90 days following Commission approval. The effective date will be no later than 365 days following Commission approval.

2. Statutory Basis

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act,[16] which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest, and Section 15A(b)(9) of the Act,[17] which requires that FINRA rules not impose any burden on competition that is not necessary or appropriate.

FINRA believes that this proposed rule change is consistent with the Act because it will provide retail customers with meaningful and useful additional pricing information that retail customers cannot readily obtain through existing data sources such as TRACE. This belief is supported by investor testing, which indicates that investors find aspects of the proposed requirements useful, including disclosing the mark-up or mark-down both as a dollar amount and as a percentage of the prevailing market price. FINRA believes that some customers pay materially more for trades in fixed income securities than other customers in comparable trades. FINRA believes that the proposed rule will better enable customers to evaluate the cost of the services that members provide by helping customers understand mark-ups or mark-downs from the prevailing market prices in specific transactions. FINRA further believes that this type of information will promote transparency into members' pricing practices and encourage communications between members and their customers about the execution of their fixed income transactions. This proposal also will provide customers with additional information that may assist them in detecting practices that are possibly improper, which would supplement FINRA's own surveillance and enforcement program.

B. Self-Regulatory Organization's Statement on Burden on Competition

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The proposed changes will apply equally to all similarly situated members. Additionally, all members already have an obligation to calculate mark-ups to ensure compliance with Rule 2121.

Economic Impact Assessment

(a) Need for the Rule

FINRA is concerned that retail investors in fixed income securities currently are limited in their ability to understand and compare transaction costs associated with their purchases and sales. Investor testing conducted by FINRA and the MSRB reveals that investors lack a clear understanding of the concepts and definitions of mark-up and mark-down and their role in dealer compensation. The proposed disclosure is expected to provide retail investors with valuable pricing information, encourage investor participation in the fixed income markets, and foster price competition among dealers, which may lower transaction costs for retail transactions in fixed income securities.

The staff's analysis of TRACE data for 3Q15 finds a large difference between the estimated median mark-up/mark-down and the tail of the distribution, indicating that some customers paid considerably more than others in similar trades.[18] For example, for retail size (100 or fewer bonds) investment grade corporate debt transactions in 3Q15, the median estimated mark-up on customer buy orders was 0.53 percent, whereas the 95th percentile was more than four times higher (2.23 percent), suggesting that while the mark-up was half a percent or less on 50 percent of these orders, five percent of the orders (representing approximately 7,000 trades) had mark-ups of more than two percent.[19] Similarly, the median estimated mark-up for retail size corporate debt transactions in high-yield and unrated securities in 3Q15 was 0.83 percent and the 95th percentile was 2.96 percent.

Some market participants suggested that the proposed disclosure might not be meaningful because the observed dispersion in mark-ups might be explained by bond- or execution-specific characteristics. The staff's analysis of TRACE data for 3Q15 does not find relationships between mark-ups and bond- or execution-specific characteristics that would fundamentally undermine the value of the proposed requirement.

Specifically, some market participants asserted that high mark-ups might be adequate compensation for enhanced execution price. For example, it was argued that a dealer might reasonably charge a high mark-up on a customer purchase if the transaction price was lower than the prevailing market price. To examine the relationship between mark-up and price, the staff compared the price of each retail size customer purchase (sale) of a bond to all prices of retail size customer purchases (sales) of the same bond in 3Q15 to measure relative execution price.[20] The analysis

[16] 15 U.S.C. 78*o*–3(b)(6).

[17] 15 U.S.C. 78*o*–3(b)(9).

[18] The mark-up and mark-down calculations involved matching customer trades to offsetting same-day principal trades by the same dealer in the same CUSIP. This included matching same-sized trades as well as trades of different sizes where there was no same-sized match (*e.g.,* a dealer purchase of 100 corporate bonds matched to two sales to customers of 50 corporate bonds each). The mark-ups (mark-downs) on customer buys (sells) correspond to the percentage difference in price in customer trades and the offsetting principal trade. In cases when the offsetting principal trade was also a customer trade, the combined mark-up and mark-down ("spread") on these roundtrip transactions was calculated as the percentage difference in price between the customer buy and the customer sell.

[19] Most matched trades occurred close in time to each other. For example, among mark-up pairs of retail size customer purchases in investment grade corporate bonds in 3Q15, approximately 80 percent of the paired trades occurred within 30 seconds of each other. Nonetheless, the estimated mark-ups and mark-downs were calculated based on matching customer trades to offsetting same-day principal trades by the same dealer in the same CUSIP, and thus may be different from the ones calculated based on the prevailing market price.

[20] The sample only includes customer transactions that can be matched with offsetting same-day principal trades. In addition, the staff notes that the metric of relative execution price would be less reliable if fixed income security prices fluctuated widely within 3Q15. However, the monthly volatility of 10-year Treasury rates in 3Q15 was always below the average level of the prior 10 years, indicating that the interest rate volatility was moderate during the quarter. Treasury securities are considered to be free of default risk, and therefore are commonly used as a reliable interest rate benchmark for a wide range of private market transactions.

finds that higher estimated mark-ups were associated with higher, not lower, purchase prices as compared to all the purchase prices of the same bond in the same quarter. For instance, for retail size customer purchases of investment grade corporate bonds, the trades with the lowest estimated mark-ups (below the fifth percentile) had an average price percentile ranking of 35. In contrast, the trades with the highest estimated mark-ups (above the 95th percentile) had an average price percentile ranking of 63.

Some market participants asserted that high mark-ups and mark-downs might be caused by exceptionally low transaction quantities. For example, it was argued that a high mark-up on a customer purchase order of only three bonds might be justified by the high search cost. The analysis of TRACE data for 3Q15 finds no evidence that the highest estimated mark-ups were associated with unusually low quantities. For instance, for retail size customer purchases of investment grade corporate bonds, the median quantity of the trades with the highest estimated mark-ups (above the 95th percentile) was 20 bonds. Moreover, the median quantity did not change much for trades with different estimated mark-up levels.[21]

As discussed above, the mark-up and mark-down estimation involves matching same-sized trades as well as trades of different sizes where there was no same-sized match (*e.g.,* a dealer purchase of 100 corporate bonds matched to two sales to customers of 50 corporate bonds each). Some market participants asserted that the practice of breaking down a large transaction into smaller offsetting customer trades might lead to lower mark-ups due to the economies of scale, and thus might help explain the observed dispersion in mark-ups. The analysis of TRACE data for 3Q15 finds that splitting a larger principal trade into multiple smaller offsetting customer trades was associated with higher, not lower, mark-ups.

The analysis of TRACE data for 3Q15 also shows that the observed differences in estimated mark-ups were unlikely to be solely driven by bond characteristics. The results for retail size customer purchases of investment grade corporate bonds serve as an example. Among the bonds that had the highest estimated mark-ups (above the 95th percentile), approximately 77 percent also had trades with estimated mark-ups below the median. Moreover, these 77 percent of bonds traded more frequently with estimated below-median mark-ups. Further, the staff's analysis finds that bonds with higher trading frequencies in 3Q15, and presumably higher liquidity, had higher estimated mark-ups.[22]

In conclusion, the observed large dispersion in mark-ups and mark-downs do not appear to principally reflect bond or execution characteristics. The proposed disclosure is expected to provide customers with valuable and consistent information to understand, compare and evaluate transaction costs associated with their trades.

(b) Economic Baseline

The proposal would impact broker-dealers in the retail market of corporate and agency debt securities by imposing confirmation disclosure requirements on certain customer transactions. In 3Q15, the average daily number of retail size customer trades was 18,330 in corporate debt securities and 676 in agency debt securities. The transactions were mainly concentrated among large firms. For example, the top 20 broker-dealers with the highest volumes accounted for roughly 70 percent of the transactions for both corporate and agency debt securities.

It is estimated that approximately 59 percent of the retail size customer trades in corporate debt securities in 3Q15 would have been subject to the disclosure requirement if the proposed rule had been in place.[23] These disclosure-eligible trades were reported by about 800 dealers but were concentrated among large dealers. As discussed above, dealers already have an obligation to calculate their mark-ups for principal transactions in non-municipal fixed income securities to ensure compliance with Rule 2121.

(c) Economic Impacts

(i) Benefits

FINRA believes that the proposal will provide retail customers with meaningful and useful pricing information that these customers cannot readily obtain through TRACE data. As evidenced by investor testing, investors consider it important to know how much firms charge for transactions in fixed income securities, yet they are unfamiliar with mark-ups and mark-downs. FINRA believes that the pricing information will better enable customers to evaluate the cost and quality of the services that members provide by helping customers understand mark-ups or mark-downs from the prevailing market prices in specific transactions. FINRA further believes that this type of information will promote transparency into members' pricing practices and encourage communications between members and their customers about the pricing of their fixed income transactions. By providing additional pricing information to customers, this proposal may encourage customers to seek out other dealers that might offer more competitive prices for the services offered, which may incentivize members to offer more competitive prices to their retail customers. Any resulting reduction in the differential between the prevailing market price and the price paid by the customer would reduce transaction costs paid by investors and enhance investor confidence in the alignment between transaction costs and the value of the services received, which may encourage wider participation by investors in the retail segments of the corporate and agency debt market.[24]

(ii) Costs

FINRA recognizes that the proposal would impose burdens and costs on members. In both *Regulatory Notices* 14–52 and 15–36, FINRA specifically solicited comment on the potential costs of the proposal to members.[25] For example, in *Regulatory Notice* 15–36, FINRA asked about the anticipated costs to firms in developing and implementing systems to comply with the revised proposal and the anticipated on-going costs associated with the revised proposal. FINRA asked members to provide the estimates of these costs, and the assumptions underlying those estimates. While commenters stated that the initial and the revised proposals would impose significant implementation costs on firms, no commenters provided specific cost

[21] The median quantity was 28 bonds for trades with mark-ups below the fifth percentile, 15 bonds for trades with mark-ups between the 25th and 50th percentiles, and 20 bonds for trades with mark-ups between the fifth and 10th percentiles, the 10th and 25th percentiles, the 50th and 75th percentiles, the 75th and 90th percentiles, and the 90th and 95th percentiles.

[22] The analysis also finds a negative but limited impact of credit rating on the level of mark-ups.

[23] The percentage of eligible transactions may be overestimated as some matched trades may be transactions with affiliates or other trading desks.

[24] FINRA notes that this proposal may also provide regulatory benefits, as disclosing additional pricing information to customers may assist them in detecting practices that are possibly improper, which would supplement FINRA's own surveillance and enforcement program.

[25] *Regulatory Notices* 14–52 and 15–36 proposed to require members to disclose a ''reference price,'' while this proposal requires mark-up disclosure, as determined from the prevailing market price. As discussed below, requiring mark-up disclosure rather than reference price disclosure may result in lower compliance costs.

estimates or a framework to assess anticipated costs.

Among other things, the proposal would require members to develop and deploy a methodology to satisfy the disclosure requirement, identify trades subject to the disclosure, convey the mark-up on the customer confirmation, and adopt policies and procedures to track and ensure compliance with the requirement. To apply the ''look through'' to non-arms-length transactions with affiliates, members would also need to obtain the price paid or proceeds received and the time of the affiliate's trade with the third party. FINRA is also aware, however, that some members already provide a form of mark-up disclosure for their customers, and may therefore incur fewer costs in complying with the proposed disclosure requirement.

The proposal would require firms to examine transactions occurring both before and after a customer trade execution to determine whether the trade is subject to the disclosure requirement. FINRA recognizes that the forward-looking approach (comparison to trades occurring after customer trades) may be difficult to implement in some current confirmation processing systems. Some firms with such systems stated that they would need to both maintain the current systems and build entirely new systems to comply with the proposed rule change. The operational impact of the proposal would be more material to these firms.

(iii) Effect on Competition

FINRA believes that the proposal would improve price transparency, enhance investor confidence, and promote price competition among dealers in the retail market of corporate and agency debt securities. Increased participation by retail investors and competitive pressure may lead to lower transaction costs.

In response to *Regulatory Notices* 14–52 and 15–36, some commenters stated that the costs associated with increased pricing disclosure may lead some dealers to exit the retail market. Some commenters noted that the requirement to disclose pricing information if the firm principal trade and the customer trade occurred on the same trading day would disproportionately impact smaller firms, as larger firms would be more able to hold positions overnight and not trigger the proposed requirement.

For each dealer's retail size customer trades in corporate bonds in 3Q15, the staff estimated the percentage of trades with offsetting same-day principal transactions. While large firms had a lower average percentage of matched trades than small firms, the difference appeared to be much greater between firms that were more active in the retail corporate bond market and firms that were less active.[26] For example, for the top 20 firms that are most active in the retail corporate bond market (as measured by the total number of retail size customer trades in principal capacity in the corporate bond market in 3Q15), on average 52 percent of the trades made by those firms qualified as matched trades.[27] In contrast, the average percentage of matched trades was 88 percent for all other firms. Therefore, it is possible that large firms and firms that are more active in the retail corporate bond market have greater capacity to hold inventory and source retail trades from that inventory, and therefore are less likely to trigger the proposed disclosure requirement.

Large firms and firms that are more active in the retail corporate bond market may respond to this proposal differently than other firms. Market participants indicated to FINRA that the costs to altering the trade processing and reporting systems for instances where the triggering principal trade occurred after the customer trade would be substantial. FINRA anticipates that large and more active firms are more likely to provide the disclosure to all retail customers even where a triggering principal trade has not occurred at the time of the customer trade because it would likely be less expensive than other methods of ensuring compliance with the proposed rule. FINRA understands that it is unlikely for less active firms to trade with a retail customer without an offsetting transaction. In the cases that they do, they may choose not to provide the disclosure to all retail customers, but then incur the costs of providing the trade processing information at the end of the day, cancelling and correcting the confirmation trade report at the end of the day for any retail trade that subsequently met the reporting requirements of the proposed rule. It is also possible that firms may choose to avoid entering into any trade that would subsequently trigger a reporting obligation, *e.g.,* by holding a position overnight.

More generally, FINRA understands that some firms are considering providing the mark-up/mark-down disclosure on all retail trades, regardless of whether the dealers' offsetting trade is made within the same day or not. Similarly, some firms have proposed to provide mark-up/mark-down disclosure on both retail and non-retail transactions to lower the costs associated with identifying disclosure-eligible trades. Providing any additional disclosure would be voluntary to firms, and would likely only occur where the benefits, including reduced implementation costs, outweighed the costs imposed. For example, a firm that voluntarily provides disclosure on all retail principal transactions (regardless of whether there was an offsetting transaction on the same trading day) would be able to avoid the forward-looking aspect of the proposal and its associated costs. As well, providing additional disclosures may limit the differential impact on smaller firms. And, as discussed above, FINRA notes that any intentional delay of a customer execution to avoid the proposed rule would be contrary to a firm's duties to customers under Rules 2010 and 5310. If the proposed rule is approved, FINRA will monitor trading patterns to ensure firms are not purposely delaying a customer execution to avoid the disclosure.

The staff also analyzed TRACE data for 3Q15 to understand the relationship between mark-ups and firm characteristics. The analysis finds that large firms and firms that are more active in the retail corporate bond market tend not to be represented within the tail of the largest estimated mark-ups and mark-downs in the distribution in the sample examined. For example, large firms accounted for 85 percent of all retail size customer purchases of investment grade corporate bonds in 3Q15, but only 61 percent of the trades with the highest estimated mark-ups (above the 95th percentile).[28] Similarly, the top 20 firms as measured by the total number of retail size customer trades in principal capacity in the corporate bond market in 3Q15 accounted for 68 percent of all retail size customer purchases of investment grade corporate bonds in 3Q15, but only 28 percent of the trades with the highest estimated mark-ups. These relationships remain significant after controlling for bond and execution characteristics. To

[26] FINRA considers firms with 150 or fewer registered representatives as small firms and 500 or more as large firms. The average percentage of matched retail size customer transactions of corporate bonds in 3Q15 was 89 percent for small firms and 82 percent for large firms. The difference was statistically significant. While the most active firms in the retail corporate bond market tend to be large, well-known firms, there are exceptions.

[27] As retail transactions are proxied by trades of 100 bonds or less, some retail size trades by the more active firms may be institutional transactions.

[28] The sample only includes customer transactions that can be matched with offsetting same-day principal trades.

the extent that the proposed disclosure may lead to changes in investor and firm behaviors, it can logically be anticipated to have a greater impact on firms currently charging relatively high mark-ups and mark-downs. Therefore, the analysis implies that the associated economic costs may be higher to some small firms and firms less active in retail customer trades.

However, it is important to note that small firms tend to be overrepresented within both the tail of the highest and the tail of the lowest mark-ups and mark-downs in the sample examined. In other words, while a disproportionate number of small firms charged relatively high mark-ups, there were also a disproportionate number of small firms that charged relatively low mark-ups. For example, small firms accounted for 8 percent of all retail size customer purchases of investment grade corporate bonds in 3Q15, but 18 percent of the trades with the lowest estimated mark-ups (below the 5th percentile). This implies that some small firms offering competitive prices may benefit from the proposed disclosure.

Moreover, small firms are more likely to have their customer confirmations generated by clearing firms. To the extent that clearing firms will not pass along the full implementation costs to each introducing firm, small firms may incur lower costs than large firms to comply with the proposed rule change.

Therefore, while it is possible that the costs associated with the proposal may lead small dealers to consolidate with large dealers or to exit the market, the effect may be limited. FINRA recognizes that increased concentration in the retail market for fixed income transactions could impact retail costs, by either increasing or decreasing those costs. FINRA also recognizes the potential for members to shift some of the compliance costs on to customers.

(iv) Other Considerations

As initially proposed, FINRA would have required members to disclose a ''reference price,'' which used a baseline that is derived from the price that was actually paid by the firm for the bond that same day, and the differential between that reference price and the price to the customer. In response to both the initial proposal and the revised proposal, commenters raised concerns about the usefulness of reference price disclosure, and the potential burdens associated with implementing such disclosure. Based on concerns raised by commenters about the potential burdens associated with reference price disclosure, FINRA is now amending the proposal to require mark-up disclosure, as determined from the prevailing market price. FINRA believes that requiring mark-up disclosure rather than reference price disclosure may result in lower compliance costs, as members are already required under Rule 2121 to ensure that mark-ups and mark-downs are fair, and therefore should be calculating mark-ups to ensure compliance with Rule 2121. While FINRA notes that some members may generate customer confirmations on an intra-day basis, FINRA notes that the mark-up on the customer trade should generally be established at the time of that trade, which should reduce the impact of this proposal upon the confirmation generation process. While firms may still need to delay confirmation generation until the end of the day for at least some portion of disclosure-eligible trades due to the forward-looking aspect of the proposal, FINRA again notes that firms that voluntarily choose to provide disclosure on all retail trades could continue to provide confirmations intra-day, as the forward-looking aspect of the proposal would no longer be relevant.

FINRA recognizes that the determination of the prevailing market price may not be identical across firms and thus may result in a lack of comparability or consistency in disclosures, especially for thinly traded securities. FINRA expects that firms have reasonable policies and procedures in place to calculate the prevailing market price in a manner consistent with Rule 2121 and that such policies and procedures are applied consistently across customers.

FINRA believes that requiring disclosure for non-institutional accounts may lessen some of the costs and complexity associated with this proposal by allowing firms to use an existing distinction that already is integrated into their operations.

(d) Alternatives Considered

As discussed above and below, FINRA considered several alternative approaches and modified the proposal to reduce potential burdens and costs on member firms. For example, FINRA had proposed the disclosure of a ''reference price,'' but then amended the proposal to require the disclosure of the mark-up or mark-down from the prevailing market price. Similarly, a ''qualifying size'' requirement was replaced with an exclusion for transactions that involve an institutional account. In response to comments and concerns, FINRA also proposes to exclude from the proposed disclosure those transactions which are part of fixed-price offerings on their first trading day and which are sold at the fixed-price offering price, and firm-side transactions that are conducted by a department or desk that is functionally separate from the retail-side desk. Where the member's principal trade was executed with an affiliate of the member in a transaction that was not at arms-length, FINRA proposes to require a member to ''look through'' its trade with the affiliate to the affiliate's trade with the third party to determine whether disclosure is required.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

This proposal was published for comment in *Regulatory Notice* 14–52 (November 2014) and *Regulatory Notice* 15–36 (October 2015). Thirty-two comments were received in response to *Regulatory Notice* 14–52,[29] and eighteen

Summary of Initial Proposal and Comments Received

As proposed in *Regulatory Notice* 14–52, if a firm sold to a customer and bought the same security as principal from another party on the same trading day, the firm would have been required to disclose on the customer confirmation (i) the price to the customer; (ii) the price to the firm of the same-day trade (reference price); and (iii) the difference between those two prices.[31] The initial proposal would apply where the transaction with the customer was of a ''qualifying size,'' of 100 bonds or less or bonds with a face value of $100,000 or less, which was designed to capture those trades that are retail in nature.

Of the 31 comments FINRA received on the proposal, 6 supported the proposal, while 25 commenters generally opposed the proposal or made recommendations on ways to narrow substantially the scope of the proposal. Generally, commenters that supported the proposal stated that the proposed confirmation disclosure would provide additional post-trade information to investors that would be otherwise difficult to ascertain.[32] Three commenters, including the CFA and the SEC Investor Advocate, stated that this additional information would put investors in a better position to assess whether they are paying fair prices and the quality of the services provided by their broker-dealer, and also could assist investors in detecting improper practices.[33] The CFA and DelphX indicated that the proposal would foster increased price competition in fixed income markets, which would ultimately lower investors' transaction costs.[34] Two commenters recommended that the proposal not be limited to retail trades under the proposed size threshold, but that disclosure should be made on all trades involving retail customers, regardless of size.[35]

Other commenters opposed the proposal on several grounds. Commenters questioned whether the proposed disclosure would provide investors with useful information,[36] or whether the disclosure would simply create confusion among investors.[37] Commenters asserted that the proposed methodology for calculating the reference price is overly complex[38] and would be costly for firms to implement.[39] Commenters also indicated the proposal could cause some dealers to exit the retail broker market, either because firms would be reluctant to adapt to the new disclosure requirement, or because of increased costs and the potentially lower profits.[40]

Several commenters suggested ways to narrow the scope of the proposal. Some commenters recommended that FINRA limit the disclosure obligation to riskless principal transactions involving retail investors, as this would more accurately reflect dealer compensation

and transaction costs,[41] and would be more consistent with the stated objectives of the SEC in this area and of the proposal itself.[42] Some commenters suggested that the proposed rule should apply to riskless principal transactions as previously defined by the Commission, wherein the broker-dealer has an ''order in hand'' at the time of execution.[43] One commenter, however, did not think that such a limitation would appreciably reduce the complexity or cost of the proposal.[44] Commenters also suggested that FINRA eliminate institutional trades from the scope of the proposal: For example, by not covering institutional accounts as defined in FINRA Rule 4512, or sophisticated municipal market professionals as defined in MSRB Rule D–15.[45] Both Fidelity and SIFMA stated that the proposal should permit trading desks that are separately operated within a firm to match only their own trades for purposes of pricing disclosure.[46] Morgan Stanley and SIFMA also stated that transactions between affiliates should not constitute a firm principal trade that, if accompanied by a same-day customer trade, would trigger the disclosure requirement.[47] Commenters also suggested that the proposal exempt the disclosure of mark-ups on new issues.[48] One commenter suggested that this exemption should exempt the disclosure of mark-up/mark-downs on transactions in new issues executed at the public offering price on the date of the issue's sale.[49]

Rather than proposing reference price disclosure, several commenters suggested that FINRA instead enhance TRACE, in part by providing greater investor education about TRACE,[50] and requiring firms to make those systems more accessible[51] by, for example, providing more near-real-time TRACE information to investors[52] or providing a link to TRACE on customer confirmations,[53] or by aggregating all TRACE data on a single Web site.[54]

In response to the comments received on *Regulatory Notice* 14–52, FINRA proposed several modifications to the proposal. First, FINRA proposed to replace the qualifying size requirement with an exclusion for transactions that involve an institutional account, as defined in FINRA Rule 4512(c). This would ensure that all eligible transactions involving retail customers, regardless of size or face amount, would be subject to the proposed disclosure and was responsive to firms' concerns about using disparate definitions of a retail customer. Second, FINRA proposed to exclude from the proposed disclosure those transactions which are part of fixed-price offerings on their first trading day and which are sold at the fixed-price offering price. Variable price offerings would remain subject to the proposed disclosure.[55]

Third, in response to concerns from commenters that having the disclosure requirements triggered by trades made by separate trading departments or desks would undermine the legal and operational separation of those desks, FINRA staff proposed to exclude firm-side transactions from the proposed disclosure that are conducted by a department or desk that is functionally separate from the retail-side desk, *e.g.,* where the firm can demonstrate through policies and procedures that the firm-side transaction was made by an institutional desk for an institutional customer that is separate from the retail desk and the retail customer, and that the institutional desk had no knowledge of the retail order. However, if, for example, the transactions and positions of the separate department or desk are regularly used to effect the transactions at the retail desk, this exception would not apply.

Fourth, in response to concerns from commenters about having the disclosure requirements triggered by trades between affiliates, FINRA proposed to exclude trades where the member's principal trade was executed with an affiliate of the member and the affiliate's position that satisfied this trade was not acquired on the same trading day. Some commenters stated that acquiring a security through an affiliate was functionally similar to an inventory trade, and that using this trade as the basis for a reference price calculation would be of limited value, especially if the affiliate acquired its position over multiple trading days.[56] To the extent that disclosure is not required where the firm principal trade occurs on a previous trading day, *e.g.,* the firm sells the security to a customer out of its inventory, this exception would apply a similar concept to trades involving affiliates. Fifth, to address concerns raised by commenters that customers may be confused by reference price information provided on volatile trading days where there are large price swings between the time of the trade with the customer and the firm's own trade, FINRA proposed that firms be required to provide a link to TRACE on the customer confirmation, and permitted firms to omit the reference price in the event of a material change in the price of the security between the time of the firm principal trade and the customer trade. Sixth, in response to concerns about the operational burdens associated with determining the reference price for certain ''complex'' trade scenarios, FINRA would permit members to use alternative methodologies for more complex trades.[57]

As discussed above, FINRA developed its initial proposal in consultation with the MSRB, and the initial FINRA and MSRB proposals were substantially similar. However, in response to comments, the MSRB proposed a different disclosure framework than FINRA. Specifically, the MSRB proposed requiring a firm to disclose the amount of the firm's mark-

[55] In a fixed-price offering, bonds are generally sold at par and at the same price to all investors, and the compensation paid to the firm, such as the underwriting fee, is captured in the prospectus. In contrast, variable price offerings are reported as secondary trades, may involve investors paying different prices, and may be difficult for firms to distinguish from other kinds of secondary trades.

[56] *See* SIFMA Letter I at 21.

[57] FINRA proposed that, where there is a principal transaction and a customer transaction of the same size (or the principal transaction exceeds the size of the customer trade) without intervening trades within the same trading day, the price of the principal trade should be used as the reference price. However, where there is not a same-size principal and customer trade scenario or there are one or more intervening trades of a different size, the staff proposed that firms should be allowed to employ a reasonable alternative methodology in calculating the reference price, such as the average weighted price of the firm trades that equal or exceed the size of the customer trade, or the price of the last same-day trade executed as principal by the firm prior to the customer trade (or closest in time if executed after), irrespective of the size of that principal trade. FINRA also proposed that the firm must adequately document, and consistently apply, its chosen methodology.

up (or mark-down) from the prevailing market price for certain retail customer transactions, rather than the reference price paid by the firm and the differential between the reference price and the price paid by the customer. Under the MSRB's proposal, the firm would be required to disclose its mark-up or mark-down if the firm bought (sold) the security in one or more transactions in an aggregate trade size that met or exceeded the size of the sale (purchase) to (from) the customer within two hours of the customer transaction. The disclosed mark-up would be required to be expressed both as a total dollar amount and as a percentage. The MSRB also proposed exempting firms from disclosure when the firm and customer trades were conducted by functionally separate trading desks. For trades among affiliates, the MSRB proposed to ''look through'' the firm's trade with the affiliate to the affiliate's trade with the third party for purposes of determining whether disclosure is required. Additionally, the MSRB proposed to require the disclosure of two additional data points, even if mark-up disclosure would not be required under the MSRB's proposal. First, the MSRB proposed to require firms to add a CUSIP-specific link to EMMA on all customer confirmations. Second, the MSRB proposed to require on all customer confirmations the disclosure of the time of execution of a customer's trade.

Given the importance of achieving a coordinated approach with the MSRB, in *Regulatory Notice* 15–36 soliciting comment on the revised proposal, FINRA included a description of the MSRB's mark-up disclosure approach and invited comments on any relative merits and shortcomings of the MSRB's approach as compared to FINRA's revised approach.

Summary of Revised Proposal and Comments Received

In response to the revised proposal, some commenters reiterated that retail investors would benefit from some form of enhanced price disclosure. For example, the CFA stated that increased price disclosure would provide investors with the opportunity to make more informed investment decisions, and would foster increased price competition in the fixed income markets.[58] The SEC Investor Advocate stated that some kind of regulatory solution was necessary, as retail investors in fixed income securities ''remain disadvantaged by the lack of information they receive in confirmation statements.'' [59] The PIABA stated that abuse of undisclosed mark-ups and mark-downs is not a hypothetical problem, and that making additional pricing information available could result in customers being charged more favorable prices.[60]

A number of commenters supported disclosing the mark-up, as based on the prevailing market price, instead of the reference price.[61] BDA recommended that the disclosure should be displayed either in dollar terms or as a percentage of the markup relative to the inter-dealer price.[62] Both BDA and Schwab stated that the reference price proposal would be costly, difficult for firms to implement and for retail customers to understand, and may not provide customers with meaningful information about the costs associated with particular transactions.[63] Schwab noted that, under the reference price proposal, a customer may receive disclosure for the execution of one lot of a particular order, but not for another lot of the same order.[64] Schwab stated that the reference price proposal would also reflect market fluctuations, so that a customer may infer that the dealer lost money on a transaction with a customer, even if a mark-up was charged.[65] Fidelity stated that the proposed disclosure requirement should focus on the difference between the price the customer was charged for a fixed income security and the prevailing market price of the fixed income security.[66] While Fidelity agreed that a dealer's actual contemporaneous costs or proceeds are a reasonable proxy for the prevailing market price in some situations, it stated that there are many situations in which a dealer's costs or proceeds are not a reasonable proxy for the prevailing market price.[67] Fidelity proposed that the prevailing market price be defined as the dealer's best available price for the subject security under the best available market at the time of trade execution.[68] Fidelity proposed different methodologies that dealers could apply when determining the prevailing market price, including (1) looking at a trader's mark-to-market at the end of the day; (2) contemporaneous cost; (3) top of book; and (4) vendor solutions that offer real time valuations for certain securities.[69]

Other commenters noted that the reference price proposal could negatively impact firms' efforts to generate timely confirmations.[70] In supporting the mark-up disclosure approach, the SEC Investor Advocate noted that mark-up disclosure, although it may lead to disclosure of a smaller cost to an investor under some circumstances, nonetheless provides relevant information about the actual compensation the investor is paying the dealer for the transaction, reflects market conditions and has the potential to provide a more accurate benchmark for calculating transaction costs.[71] LPL noted that mark-up disclosure would be relevant to retail transactions in all kinds of fixed income securities that might be the subject of future disclosure requirements.[72]

Some commenters opposed requiring that the firm principal and customer trades occur closer in time to each other, such as two hours, as had relatedly been proposed by the MSRB. The CFA and the SEC Investor Advocate noted that a shorter timeframe would increase the possibility that firms would attempt to evade the disclosure requirement by holding onto positions.[73] Other commenters, including Morgan Stanley and SIFMA, indicated that the timeframe for disclosure should be shortened to the two-hour window.[74] These commenters stated that the two-hour window would capture the majority of the trades at issue, and also be easier to implement.[75] Commenters stated that the concern that a shorter timeframe would facilitate gaming of the disclosure requirement was misplaced, as it was unlikely that firms would change trading patterns and increase risk exposure merely to avoid disclosure.[76] They also said that FINRA has sufficient access to data to determine if firms were attempting to game the two-hour disclosure window.[77]

Commenters generally supported the change of the scope of the proposal from the ''qualifying size'' standard (transactions involving 100 bonds or

less or $100,000 face amount or less) to transactions with non-institutional accounts.[78] The CFA noted that the revised standard would help ensure that all retail transactions would receive disclosure, regardless of size.[79]

Three commenters opposed the proposal to require firms to disclose the time of the execution of the customer transaction.[80] FIF stated that this proposal would create additional expense for firms, and could not be adjusted in connection with any trade modifications, cancellations or corrections.[81] FIF also indicated that the execution time was not necessary for securities that trade infrequently, as investors should not have difficulty ascertaining the prevailing market price at the time of their trade.[82] Schwab indicated that this would not be a necessary data point for investors.[83]

Other commenters, however, supported including the time of execution of the customer trade. Thomson Reuters stated that including the time of execution would allow retail investors to more easily identify relevant trade data on TRACE[84] and FSI stated that this would allow investors to understand the market for their security at the time of their trade.[85]

Commenters also supported adding a general link to TRACE.[86] FSI and SIFMA supported the proposal to add a link to the TRACE Web site on customer confirmations instead of a CUSIP-specific link, as a CUSIP-specific link could be inaccurate or misleading, and could be difficult for firms to implement.[87] BDA stated that a general link to the main TRACE page would be operationally easier to achieve.[88]

Commenters supported the proposed exclusion for transactions involving separate trading desks,[89] although Schwab indicated that this exception should be subject to information barriers and rigorous oversight.[90] The CFA suggested FINRA specifically require, in the rule text, that firms have policies and procedures in place to ensure functional separation,[91] and the SEC Investor Advocate suggested that FINRA provide greater guidance as to what constitutes a functional separation.[92]

Some commenters supported the proposal, in cases of transactions between affiliates, to ''look through'' to the affiliate's principal transaction for purposes of determining whether disclosure is required.[93] FIF and Thomson Reuters stated, however, that not all firms are able to ''look through'' principal trades, given information barriers and the fact that firms often conduct inter-dealer business on a completely separate platform than the retail business.[94]

With respect to the proposed exemption for fixed-price new issues, the two commenters that addressed this issue, CFA Institute and SIFMA, supported the proposed exemption.[95]

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the **Federal Register** or within such longer period (i) as the Commission may designate up to 90 days of such date if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) By order approve or disapprove such proposed rule change, or

(B) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (*http://www.sec.gov/rules/sro.shtml*); or
- Send an email to *rule-comments@sec.gov*. Please include File Number SR–FINRA–2016–032 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549–1090.

All submissions should refer to File Number SR–FINRA–2016–032. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (*http://www.sec.gov/rules/sro.shtml*). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR–FINRA–2016–032, and should be submitted on or before September 9, 2016.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.[96]

Robert W. Errett,

Deputy Secretary.

SECURITIES AND EXCHANGE COMMISSION

[Investment Company Act Release No. 32218; File No. 812–14599]

Wells Fargo Bank, National Association, et al., Notice of Application

August 16, 2016.

AGENCY: Securities and Exchange Commission (''Commission'').

ACTION: Notice of an application under section 6(c) of the Investment Company Act of 1940 (''Act'') for an exemption from certain requirements of rule 3a–7(a)(4)(i) under the Act.

SUMMARY OF APPLICATION: Applicant requests an order that would permit an issuer of asset-backed securities (''ABS'') that is not registered as an investment company under the Act in reliance on rule 3a–7 under the Act (an ''Issuer'') to appoint any of the applicants to act as a trustee in connection with the Issuer's ABS when any such applicant is affiliated with an underwriter for the Issuer's ABS.

APPLICANTS: Wells Fargo Bank, National Association; Wells Fargo Bank Northwest, National Association; and Wells Fargo Delaware Trust Company, National Association.

FILING DATES: The application was filed on January 11, 2016 and amended on May 2, 2016, and August 2, 2016.

HEARING OR NOTIFICATION OF HEARING: An order granting the application will be issued unless the Commission orders a hearing. Interested persons may request a hearing by writing to the Commission's Secretary and serving applicant with a copy of the request, personally or by mail. Hearing requests should be received by the Commission by 5:30 p.m. on September 6, 2016 and should be accompanied by proof of service on the applicant, in the form of an affidavit or, for lawyers, a certificate of service. Pursuant to rule 0–5 under the Act, hearing requests should state the nature of the writer's interest, any facts bearing upon the desirability of a hearing on the matter, the reason for the request, and the issues contested. Persons who wish to be notified of a hearing may request notification by writing to the Commission's Secretary.

ADDRESSES: Brent J. Fields, Secretary, U.S. Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549–1090. Applicants: c/o Bradford E. Chatigny, Esq., Managing Counsel, Wells Fargo Law Department, 301 South College Street, 32nd Floor, Charlotte, NC 28202.

FOR FURTHER INFORMATION CONTACT: Laura J. Riegel, Senior Counsel, at (202) 551–3038, or Mary Kay Frech, Branch Chief, at (202) 551–6821 (Division of Investment Management, Chief Counsel's Office).

SUPPLEMENTARY INFORMATION: The following is a summary of the application. The complete application may be obtained via the Commission's Web site by searching for the file number, or for an applicant using the Company name box, at *http://www.sec.gov/search/search.htm* or by calling (202) 551–8090.

Applicants' Representations

1. Each applicant is a wholly-owned indirect subsidiary of Wells Fargo & Company.[1] Each applicant is frequently selected to act as trustee in connection with ABS issued by Issuers.

2. An ABS transaction typically involves the transfer of assets by a seller, usually by a ''sponsor,'' to a bankruptcy remote special purpose corporate or trust entity that is established for the sole purpose of holding the assets and issuing ABS to investors (an ''ABS Transaction''). Payments of interest and principal on the ABS depend primarily on the cash flow generated by the pool of assets owned by the Issuer.

3. The parties to an ABS Transaction enter into several transaction agreements that provide for the holding of the assets by the Issuer and define the rights and responsibilities of the parties to the transaction (''Transaction Documents''). The operative Transaction Document governing the trustee is referred to herein as the ''Agreement.''

4. The sponsor of an ABS Transaction assembles the pool of assets by purchasing or funding them, describes them in the offering materials, and retains the underwriter to sell interests in the assets to investors. The sponsor determines the structure of the ABS Transaction and drafts the Transaction Documents. The sponsor selects the other parties to the ABS Transaction, including the underwriter, the servicer, and the trustee.

5. The servicer, either directly or through subservicers, manages the assets that the Issuer holds. The servicer typically collects all the income from the assets and remits the income to the trustee. The trustee uses the income, as instructed by the servicer and/or as provided by the Agreement, to pay interest and principal on the ABS, to fund reserve accounts and purchases of additional assets, and to make other payments including fees owed to the trustee and other parties to the ABS Transaction.

6. The sponsor of an ABS Transaction selects the trustee and other participants in the transaction. In selecting a trustee, the sponsor generally seeks to obtain customary trust administrative and related services for the Issuer at minimal cost. In some instances, other parties to an ABS Transaction may provide recommendations to a sponsor about potential trustees. An underwriter for an ABS Transaction also may provide advice to the sponsor about trustee selection based on, among other things, the underwriter's knowledge of the pricing and expertise offered by a particular trustee in light of the contemplated transaction.

7. If an underwriter affiliated with an applicant recommends a trustee to a sponsor, both the underwriter's recommendation and any selection of an applicant by the sponsor will be based upon customary market considerations of pricing and expertise, among other things, and the selection will result from an arms-length negotiation between the sponsor and an applicant. An applicant will not price its services as a trustee in a manner designed to facilitate its affiliate being named underwriter.

8. The trustee's role in an ABS Transaction is specifically defined by the Agreement, and under the Agreement the trustee is not expected or required to perform discretionary functions. The responsibilities of the trustee as set forth in the Agreement are narrowly circumscribed and limited to those expressly accepted by the trustee. The trustee negotiates the provisions applicable to it directly with the sponsor and is then appointed by, and enters into the Agreement with, the Issuer.

9. The trustee usually becomes involved in an ABS Transaction after the substantive economic terms have been negotiated between the sponsor and the underwriters. The trustee does not monitor any service performed by, or obligation of, an underwriter, whether or not the underwriter is affiliated with the trustee. In the unlikely event that an applicant, in acting as trustee to an Issuer for which an affiliate acts as underwriter, becomes obligated to enforce any of the affiliated underwriter's obligations to the Issuer, an applicant will resign as trustee for the Issuer consistent with the requirements of rule 3a–7(a)(4)(i). In such an event, an applicant will incur the costs associated with the Issuer's procurement of a successor trustee.

10. The sponsor selects one or more underwriters to purchase the Issuer's ABS and resell them or to place them privately with buyers obtained by the underwriter. The sponsor enters into an underwriting agreement with the underwriter that sets forth the responsibilities of the underwriter with

[1] Applicants also request that the order apply to an Issuer's future appointment of any other entity controlling, controlled by, or under common control (as defined in section 2(a)(9) of the Act) with any of the applicants as a trustee in connection with an Issuer's ABS. Applicants represent that any other entity that relies on the order in the future will comply with the terms and conditions of the application. Any existing entity currently intending to rely on the requested order has been named as an applicant.

respect to the distribution of the ABS and includes representations and warranties regarding, among other things, the underwriter and the quality of the Issuer's assets. The obligations of the underwriter under the underwriting agreement are enforceable against the underwriter only by the sponsor.

11. The underwriter may assist the sponsor in the organization of an Issuer by providing advice, based on its expertise in ABS Transactions, on the structuring and marketing of the ABS. This advice may relate to the risk tolerance of investors, the type of collateral, the predictability of the payment stream, the process by which payments are allocated and down-streamed to investors, the way that credit losses may affect the trust and the return to investors, whether the collateral represents a fixed set of specific assets or accounts, and the use of forms of credit enhancements to transform the risk-return profile of the underlying collateral. Any involvement of an underwriter in the organization of an Issuer that occurs is limited to helping determine the assets to be pooled, helping establish the terms of the ABS to be underwritten, and providing the sponsor with a warehouse line of credit for the assets to be transferred to the Issuer in connection with, and prior to, the related securitization.

12. An underwriter may provide advice to a sponsor regarding the sponsor's selection of a trustee for the Issuer. However, an underwriter's role in structuring a transaction would not extend to determining the obligations of a trustee, and the underwriter is not a party to the Agreement or to any of the Transaction Documents. Except for arrangements involving credit or credit enhancement for an Issuer or remarketing agent activities, the underwriter typically has no role in the operation of the Issuer after its issuance of securities. Applicants represent that although an underwriter typically may provide credit or credit enhancement for an Issuer or engage in remarketing agent activities, an underwriter affiliated with an applicant will not provide or engage in such activities.

Applicant's Legal Analysis

1. Rule 3a–7 excludes from the definition of investment company under section 3(a) of the Act an Issuer that meets the conditions of the rule. One of rule 3a–7's conditions, set forth in paragraph (a)(4)(i), requires that the Issuer appoint a trustee that is not affiliated with the Issuer or with any person involved in the organization or operation of the Issuer (the ''Independent Trustee Requirement''). Rule 3a–7(a)(4)(i) therefore prohibits an Issuer from appointing a trustee that is affiliated with an underwriter.

2. Section 6(c) of the Act provides that the Commission may exempt any person, security or transaction or any class or classes of persons, securities or transactions from any provision of the Act, or from any rule thereunder, if and to the extent such exemption is necessary or appropriate in the public interest and consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act.

3. Applicants request exemptive relief under section 6(c) of the Act from rule 3a–7(a)(4)(i) under the Act to the extent necessary to permit an Issuer to appoint an applicant as a trustee to the Issuer when such applicant is affiliated with an underwriter involved in the organization of the Issuer. Applicants submit that the requested exemptive relief from the Independent Trustee Requirement is necessary and appropriate in the public interest and is consistent with the protection of investors and the purposes fairly intended by the policy and provisions of the Act due to changes in the banking industry, due to the timing and nature of the roles of the trustee and the underwriter in ABS Transactions, and because the requested relief is consistent with the policies and purposes underlying the Independent Trustee Requirement and rule 3a–7 in general.

4. Applicants note that when rule 3a–7 was proposed in 1992, virtually all trustees were unaffiliated with the other parties involved in an ABS Transaction. Applicants state that consolidation within the banking industry, as well as economic and other business factors, has resulted in a significant decrease in the number of bank trustees providing services to Issuers. Applicants also state that bank consolidation has been accompanied by the expansion of banks into investment banking, including the underwriting of ABS Transactions. Applicants further state that due to these banking industry changes, most trustees that provide services to Issuers, including an applicant, have affiliations with underwriters to Issuers. Applicants state that, as a result, when an affiliate of an applicant is selected to underwrite ABS in an ABS Transaction, rule 3a–7(a)(4)(i)'s Independent Trustee Requirement generally prevents applicant from serving as trustee for the Issuer. Applicants state that the Independent Trustee Requirement imposes an unnecessary regulatory limitation on trustee selection and causes market distortions by leading to the selection of trustees for reasons other than customary market considerations of pricing and expertise. This result is disadvantageous to the ABS market and to ABS investors.

5. Applicants submit that due to the nature and timing of the roles of the trustee and the underwriter, an applicant's affiliation with an underwriter would not result in a conflict of interest or possibility of overreaching that could harm investors. Applicants state that the trustee's role begins with the Issuer's issuance of its securities, and the trustee performs its role over the life of the Issuer. Applicants state that, in contrast, the underwriter is chosen early in the ABS Transaction process, may help to structure the ABS Transaction, distributes the Issuer's securities to investors, and generally have no role subsequent to the distribution of the Issuer's securities. Applicants further state that an ABS trustee does not monitor the distribution of securities or any other activity performed by underwriters and there is no opportunity for a trustee and an affiliated underwriter to act in concert to benefit themselves at the expense of holders of the ABS either prior to or after the closing of the ABS Transaction.

6. Applicants state that the trustee's role is narrowly defined, and that the trustee is neither expected nor required to exercise discretion or judgment except after a default in the ABS transaction, which rarely occurs. Applicants state that the duties of a trustee after a default are limited to enforcing the terms of the Agreement for the benefit of debt holders as a ''prudent person'' would enforce such interests for his own benefit. Applicants further state that the trustee of the Issuer has virtually no discretion to pursue anyone in any regard other than preserving and realizing on the assets. In any event, applicants state that any role taken by the trustee in the event of a default would occur after the underwriter has terminated its role in the transaction.

7. Applicants submit that the concerns underlying the Independent Trustee Requirement are not implicated if the trustee for an Issuer is independent of the sponsor, servicer, and credit enhancer for the Issuer, but is affiliated with an underwriter for the Issuer, because in that situation no single entity would act in all capacities in the issuance of the ABS and the operation of an Issuer. Applicants state that each applicant would continue to act as an independent party safeguarding the assets of any Issuer regardless of an affiliation with an

underwriter of the ABS. Applicants submit that the concern that affiliation could lead to a trustee monitoring the activities of an affiliate also is not implicated by a trustee's affiliation with an underwriter, because, in practice, a trustee for an Issuer does not monitor the distribution of securities or any other activity performed by underwriters. Applicants further state that the requested relief would be consistent with the broader purpose of rule 3a–7 of not hampering the growth and development of the ABS market, to the extent consistent with investor protection.

8. Applicants state that the conditions set forth below provide additional protections against conflicts and overreaching. For example, the conditions ensure that an applicant will continue to act as an independent party safeguarding the assets of an Issuer regardless of an affiliation with an underwriter of the ABS and would not allow the underwriter any greater access to the assets, or cash flows derived from the assets, of the Issuer than if there were no affiliation.

Applicants' Conditions

Each applicant agrees that any order granting the requested relief will be subject to the following conditions:

1. The applicant will not be affiliated with any person involved in the organization or operation of the Issuer in an ABS Transaction other than the underwriter.

2. The applicant's relationship to an affiliated underwriter will be disclosed in writing to all parties involved in an ABS Transaction, including the rating agencies and the ABS holders.

3. An underwriter affiliated with the applicant will not be involved in the operation of an Issuer, and its involvement in the organization of an Issuer will extend only to determining the assets to be pooled, assisting in establishing the terms of the ABS to be underwritten, and providing the sponsor with a warehouse line of credit for the assets to be transferred to the Issuer in connection with, and prior to, the related securitization.

4. An affiliated person of the applicant, including an affiliated underwriter, will not provide credit or credit enhancement to an Issuer if the applicant serves as trustee to the Issuer.

5. An underwriter affiliated with the applicant will not engage in any remarketing agent activities, including involvement in any auction process in which ABS interest rates, yields, or dividends are reset at designated intervals in any ABS Transaction for which the applicant serves as trustee to the Issuer.

6. All of an affiliated underwriter's contractual obligations pursuant to the underwriting agreement will be enforceable by the sponsor.

7. Consistent with the requirements of rule 3a–7(a)(4)(i), the applicant will resign as trustee for the Issuer if the applicant becomes obligated to enforce any of an affiliated underwriter's obligations to the Issuer.

8. The applicant will not price its services as trustee in a manner designed to facilitate its affiliate being named underwriter.

For the Commission, by the Division of Investment Management, under delegated authority.

Brent J. Fields,

Secretary.

BILLING CODE 8011–01–P

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–78578; File No. SR–NASDAQ–2016–109]

Self-Regulatory Organizations; The NASDAQ Stock Market LLC; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Nasdaq Rule 7047

August 15, 2016.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (''Act''),[1] and Rule 19b–4 thereunder,[2] notice is hereby given that on August 3, 2016, The NASDAQ Stock Market LLC (''Nasdaq'' or ''Exchange'') filed with the Securities and Exchange Commission (''SEC'' or ''Commission'') a proposed rule change as described in Items I, II and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

Nasdaq is proposing to amend Rule 7047 (Nasdaq Basic) [3] with language indicating the removal of certain credits that a Distributor [4] is eligible to receive in respect to Nasdaq Basic.[5]

While changes pursuant to this proposal are effective upon filing, the Exchange has designated these changes to be operative on September 1, 2016.

The text of the proposed rule change is available at *nasdaq.cchwallstreet.com*, at Nasdaq's principal office, and at the Commission's Public Reference Room.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, Nasdaq included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

The purpose of this proposal is to amend Rule 7047(c) with language indicating that the Distributor fee for Nasdaq Basic will be uniformly applied to all Distributors, regardless of any user fees, immediately after approval to receive Nasdaq Basic, at the current fee of $1,500 per month.[6]

Nasdaq Basic is a proprietary data product that provides a low cost alternative to the other Level 1 offerings. Nasdaq Basic provides the best bid and offer and last sale information for all U.S. exchange-listed securities based on liquidity within the Nasdaq market center, as well as trades reported to the FINRA/Nasdaq Trade Reporting Facility™ (TRF™) (''FINRA/Nasdaq TRF'').[7] Thus, Nasdaq Basic provides

[1] 15 U.S.C. 78s(b)(1).

[2] 17 CFR 240.19b–4.

[3] References to rules are to Nasdaq rules, unless otherwise noted.

[4] The term ''Distributor'' refers to any entity that receives Nasdaq Basic data directly from Nasdaq or indirectly through another entity and then distributes it to one or more Subscribers. Rule 7047 (d)(1).

[5] Nasdaq Basic, which is discussed below, is a proprietary data product that provides a low cost alternative to other Level 1 offerings. Rule 7047. Level 1 provides primary market data such as bid/ask price and size and last price and size.

[6] Now, as discussed below, each Distributor is eligible to receive a credit against its monthly Distributor Fee for Nasdaq Basic equal to the amount of its monthly user fees for Nasdaq Basic up to a maximum of $1,500. Rule 7047(c).

[7] ''FINRA'' is the Financial Industry Regulatory Authority.

Nasdaq Last Sale (''NLS'') together with best bid and offer information from Nasdaq.

NLS was approved by the Commission in June of 2008. NLS is a non-core market data product designed for distribution through internet portals and broadcast television, as well as distribution to individuals that access the data via a username/password-identified account and/or quote-counting mechanisms.[8] NLS includes two data elements: (1) Last sale transaction reports from the Nasdaq Market Center, and (2) last sale transaction reports from the FINRA/Nasdaq TRF.[9] As such, NLS is a ''non-core'' product that provides a subset of the ''core'' quotation and last sale data provided by securities information processors (''SIPs'') under the CQ/CT Plan and the Nasdaq Unlisted Trading Privileges (''UTP'') Plan.

Nasdaq Basic, another non-core market data product, was approved by the Commission about a year later in March of 2009.[10] As originally proposed, the Nasdaq Basic product was to provide two data feeds: (1) A feed carrying the best bid and offer on the Nasdaq Market Center, and (2) a feed containing NLS which carries last sale transaction reports from Nasdaq and from the FINRA/Nasdaq TRF.

Nasdaq Basic, which is described in current Rule 7047, was expanded to three separate components, which may be purchased individually or in combination.[11] The Nasdaq Basic components are: (i) Nasdaq Basic for Nasdaq, which contains the best bid and offer on the Nasdaq Market Center and last sale transaction reports for Nasdaq and the FINRA/Nasdaq TRF for Nasdaq-listed stocks, (ii) Nasdaq Basic for NYSE, which contains the best bid and offer on the Nasdaq Market Center and last sale transaction reports for Nasdaq and the FINRA/Nasdaq TRF for NYSE-listed stocks, and (iii) Nasdaq Basic for NYSE MKT, which contains the best bid and offer on the Nasdaq Market Center and last sale transaction reports for Nasdaq and the FINRA/Nasdaq TRF for stocks listed on NYSE MKT and other listing venues whose quotes and trade reports are disseminated on Tape B.[12]

The fee structure for Nasdaq Basic features a fee for Professional Subscribers and a reduced fee for Non-Professional Subscribers.[13] The current monthly fees for Non-Professional Subscribers are $0.50 per Subscriber for Nasdaq Basic for Nasdaq, $0.25 per Subscriber for Nasdaq Basic for NYSE, and $0.25 per Subscriber for Nasdaq Basic for NYSE MKT. The current monthly fees for Professional Subscribers are $13 per Subscriber for Nasdaq Basic for Nasdaq, $6.50 per Subscriber for Nasdaq Basic for NYSE, and $6.50 per Subscriber for Nasdaq Basic for NYSE MKT. There is also a per query option for use cases that do not require a monthly subscription for unlimited usage, a distributor fee for internal and external distribution, and certain credits for Nasdaq Basic users.[14]

There is also a separate Distributor fee for Nasdaq Basic.[15] Currently, each Distributor of any Nasdaq Basic product shall pay a fee of $1,500 per month for either internal or external distribution or both.[16] Currently, each Distributor is eligible to receive a credit against its monthly Distributor Fee for Nasdaq Basic equal to the amount of its monthly user fees for Nasdaq Basic up to a maximum of $1,500 (the ''credit''). The Exchange now proposes to eliminate the credit from subsection (c)(2) of Rule 7047.[17] Going forward, the Exchange proposes to apply the Distributor Fee (currently $1,500 per month) for all Distributors of Nasdaq Basic immediately after the Exchange approves a Distributor for the product.

The Exchange believes that the proposed rule change is reasonable and proper. This is because Distributors will not be disadvantaged by the rule change because this would be applied to all Distributors after approval to receive Nasdaq Basic data. The credit was implemented in order to incentivize new firms to subscribe to Nasdaq Basic and grow the product. Due to strong product growth and continued overall industry cost savings with Nasdaq Basic compared to Level 1 data, as well as the administrative burden of maintaining the credit, the Exchange believes the change to remove the Distributor fee credit as described will not deter new subscribers or be unfairly discriminatory. Charging a monthly fixed fee without a credit available to all eligible Distributors makes this product similar to nearly all other Nasdaq data products and makes its administration less burdensome on the Exchange.

2. Statutory Basis

Nasdaq believes that the proposed rule change is consistent with the provisions of Section 6 of the Act,[18] in general, and with Sections 6(b)(4) and (5) of the Act,[19] in particular, in that it provides for the equitable allocation of reasonable dues, fees, and other charges among its members, issuers and other

[8] *See* Securities Exchange Act Release No. 57965 (June 16, 2008), 73 FR 35178 (June 20, 2008) (SR–NASDAQ–2006–060) (approval order establishing NLS pilot). *See also* Securities Exchange Act Release No. 71351 (January 17, 2014), 79 FR 4200 (January 24, 2014) (SR–NASDAQ–2014–006) (notice of filing and immediate effectiveness regarding permanent approval of NLS pilot).

[9] *See* Rule 7039(a)–(c).

[10] *See* Securities Exchange Act Release No. 59582 (March 16, 2009), 74 FR 12423 (March 24, 2009) (SR–NASDAQ–2008–102) (order approving Nasdaq Basic pilot and finding it to be consistent with Sections 6(b)(4), (5) and (8) of the Act and Rule 603(a) under Regulation NMS). *See also* Securities Exchange Act Release No. 65527 (October 11, 2011), 76 FR 64147 (October 17, 2011) (SR–NASDAQ–2011–129) (notice of filing and immediate effectiveness re permanent approval of Nasdaq Basic pilot).

[11] *See* Rule 7047.

[12] Tape A and Tape B securities are disseminated pursuant to the Security Industry Automation Corporation's (''SIAC'') Consolidated Tape Association Plan/Consolidated Quotation System, or CTA/CQS (''CTA''). Tape C securities are disseminated pursuant to the UTP Plan.

[13] Per Rule 7047(d)(3): (A) A ''Non-Professional Subscriber'' is a natural person who is not (i) registered or qualified in any capacity with the Commission, the Commodity Futures Trading Commission, any state securities agency, any securities exchange or association, or (ii) any commodities or futures contract market or association; engaged as an ''investment adviser'' as that term is defined in Section 201(11) of the Investment Advisers Act of 1940 (whether or not registered or qualified under that Act); or (iii) employed by a bank or other organization exempt from registration under federal or state securities laws to perform functions that would require registration or qualification if such functions were performed for an organization not so exempt. (B) A ''Professional Subscriber'' is any Subscriber other than a Non-Professional Subscriber.

[14] *See* Rule 7047. *See also* Securities Exchange Act Release No. 72620 (July 16, 2014), 79 FR 42572 (July 22, 2014) (SR–NASDAQ–2014–070) (notice of filing and immediate effectiveness regarding Nasdaq Basic fees).

[15] In addition, there is also an enterprise license available for certain Nasdaq Basic recipients. Rule 7047(b)(4) states in part, for example: (4) As an alternative to (b)(1), a broker-dealer may purchase an enterprise license for internal Professional Subscribers to receive Nasdaq Basic for Nasdaq, Nasdaq Basic for NYSE, and Nasdaq Basic for NYSE MKT. The fee will be $365,000 per month; provided, however, that if the broker-dealer obtains the license with respect to usage of Nasdaq Basic provided by an External Distributor that controls display of the product, the fee will be $365,000 per month for up to 16,000 internal Professional Subscribers, plus $2 for each additional internal Professional Subscriber over 16,000; and provided further that the broker-dealer must obtain a separate enterprise license for each External Distributor that controls display of the product if it wishes such External Distributor to be covered by an enterprise license rather than per-Subscriber fees.

[16] Internal distribution is where a Distributor receives Nasdaq Basic data and then distributes that data to one or more Subscribers within the Distributor's own entity. External distribution is where a Distributor receives Nasdaq Basic data and then distributes that data to one or more Subscribers outside the Distributor's own entity. Rule 7047(d)(1).

[17] Subsection (c)(3) of Rule 7047 will be re-numbered to subsection (c)(2), and will continue to state: A Distributor may pay $1,500 per month to distribute data derived from Nasdaq Basic to an unlimited number of non-professional subscribers. This fee is in addition to the Distributor Fee listed in (c)(1).

[18] 15 U.S.C. 78f.

[19] 15 U.S.C. 78f(b)(4) and (5).

persons using its facilities, and does not unfairly discriminate between customers, issuers, brokers or dealers.

The Nasdaq Basic product provides a subset of the data that is also provided by the Level 1 data feed available under the Nasdaq UTP Plan. Moreover, the current fees for Nasdaq Basic, similarly to the fees for NLS and NLS Plus, having been previously established, and the Commission has either specifically determined them to be consistent with the Act or has permitted them to become effective on an immediately effective basis.[20] Thus, this proposed rule change does not change a fee of the Exchange, but rather eliminates the Distributor fee credit, such that going forward the Exchange will uniformly apply the Distributor fee for all subscribers of Nasdaq Basic. However, to the extent that the proposed rule change is effectively a proposed fee that has already been approved, Nasdaq believes that this also provides further justification that the proposed credit elimination provides for the equitable allocation of reasonable dues, fees and other charges among members and issuers and other persons using any facility or system which Nasdaq operates or controls, and is not designed to permit unfair discrimination between customers, issuers, brokers, or dealers,[21] in that the change reflects the full value of the product without increase in its cost.

The proposed credit elimination continues to reflect an equitable allocation and continues to be not unfairly discriminatory. Nasdaq Basic, like NLS and NLS Plus, are voluntary products for which market participants can readily substitute core data feeds that provide quotation and last sale information. Accordingly, Nasdaq is constrained from pricing such products in a manner that would be inequitable or unfairly discriminatory. The distinction between fees for professional and non-professional users, and between Distributors and other users, is consistent with the distinction made under Commission-approved fees for core data, and the applicable fees are lower than applicable fees for core data to reflect the lesser quantum of data made available. The Exchange believes that the proposed rule change is reasonable, equitable and not unfairly discriminatory. This is because current Distributors will not be disadvantaged by the rule change, because even if the credit deletion could be seen in the nature of a fee increase, current Distributors have been able to take advantage of the credit under current Rule 7047. And, on a going forward basis the monthly Distributor fee would be applied uniformly to all Distributors after approval to receive Nasdaq Basic data, which would help with the administration of costs by the Exchange.

In adopting Regulation NMS, the Commission granted SROs and broker-dealers (''BDs'') increased authority and flexibility to offer new and unique market data to the public. It was believed that this authority would expand the amount of data available to consumers, and also spur innovation and competition for the provision of market data. Nasdaq believes that its Nasdaq Basic, as also NLS and NLS Plus, market data products are precisely the sort of market data product that the Commission envisioned when it adopted Regulation NMS. The Commission concluded that Regulation NMS—by deregulating the market in proprietary data—would itself further the Act's goals of facilitating efficiency and competition:

> [E]fficiency is promoted when broker-dealers who do not need the data beyond the prices, sizes, market center identifications of the NBBO and consolidated last sale information are not required to receive (and pay for) such data. The Commission also believes that efficiency is promoted when broker-dealers may choose to receive (and pay for) additional market data based on their own internal analysis of the need for such data.[22]

By removing unnecessary regulatory restrictions on the ability of exchanges to sell their own data, Regulation NMS advanced the goals of the Act and the principles reflected in its legislative history. If the free market should determine whether proprietary data is sold to BDs at all, it follows that the price at which such data is sold should be set by the market as well.

Moreover, fee liable data products such as Nasdaq Basic, and also NLS and NLS Plus, are a means by which exchanges compete to attract order flow, and this proposal simply codifies the relevant fee structure into an Exchange rule. To the extent that exchanges are successful in such competition, they earn trading revenues and also enhance the value of their data products by increasing the amount of data they are able to provide. Conversely, to the extent that exchanges are unsuccessful, the inputs needed to add value to data products are diminished. Accordingly, the need to compete for order flow places substantial pressure upon exchanges to keep their fees for both executions and data reasonable.

The Exchange believes that data products are a means by which exchanges compete to attract order flow. To the extent that exchanges are successful in such competition, they earn trading revenues and also enhance the value of their data products by increasing the amount of data they are able to provide. Conversely, to the extent that exchanges are unsuccessful, the inputs needed to add value to data products are diminished. Accordingly, the need to compete for order flow places substantial pressure upon exchanges to keep their fees for both executions and data reasonable.

The fee structure for Nasdaq Basic, similarly to NLS and NLS Plus, also continues to reflect an equitable allocation and continues not be unfairly discriminatory, because these are voluntary products which market participants can readily substitute (or put together themselves).[23] Accordingly, Nasdaq is constrained from providing such products in a manner that would be inequitable or unfairly discriminatory. Moreover, the fee schedules for Nasdaq Basic, as also for NLS and NLS Plus, are designed to ensure that the fees charged are tailored to the specific usage patterns of a range of potential customers. Thus, for example, Professional Subscriber fees provide a means for brokerage customers to use the information internally; and the distinction between fees for Professional and Non-Professional users, as also Distributors,

[20] *See, e.g.,* Securities Exchange Act Release Nos. 59582 (March 16, 2009), 74 FR 12423 (March 24, 2009) (SR–NASDAQ–2008–102) (finding current per user and per subscriber fees to be consistent with the Act); 59933 (May 15, 2009), 74 FR 24889 (May 26, 2009) (SR–NASDAQ–2009–208[sic]) (finding current distributor fees for Nasdaq Basic to be consistent with the Act); 64994 (July 29, 2011), 76 FR 47621 (August 5, 2011) (SR–NASDAQ–2011–091) (immediate effectiveness of optional derived data fee); and 65526 (October 11, 2011), 76 FR 64137 (October 17, 2011) (SR–NASDAQ–2011–130) (immediate effectiveness of enterprise license fee). Similarly, Non-Professional, as opposed to Professional, fees have been established and approved. *See* Securities Exchange Act Release Nos. 21856 (March 15, 1985), 50 FR 11472 (March 21, 1985) (SR–NASD–85–1); and 57965 (June 16, 2008), 73 FR 35178 (June 20, 2008) (SR–NASDAQ–2006–060). *See also* Securities Exchange Act Release No. 72620 (July 16, 2014), 79 FR 42572 (July 22, 2014) (SR–NASDAQ–2014–070) (notice of filing and immediate effectiveness regarding Nasdaq Basic fees). *See also* Securities Exchange Act Release No. 75600 (August 4, 2015), 80 FR 47968 (August 10, 2015) (SR–NASDAQ–2015–88) (notice of filing and immediate effectiveness regarding NLS fees).

[21] 15 U.S.C. 78f(b)(4), (5).

[22] *See* Securities Exchange Act Release No. 51808 (June 9, 2005), 70 FR 37496 (June 29, 2005) (''Regulation NMS Adopting Release'').

[23] *See, e.g.,* Securities Exchange Act Release No. 75257 (June 22, 2015), 80 FR 36862 (June 26, 2015) (SR–NASDAQ–2015–055) (order approving NLS Plus), wherein the Exchange notes that NLS Plus is a data product that a competing market data vendor could create and sell on his own without being in a disadvantaged position relative to the Exchange.

is consistent with the distinction made under Commission-approved fees for core data, and the applicable fees are lower than applicable fees for core data to reflect the lesser quantum of data made available. The range of fee options further ensures that customers are not charged a fee that is inequitably disproportionate to the use that they make of the product.

In summary, deletion of the Distributor credit so that the Distributor fee for Nasdaq Basic will be uniformly applied to all Distributors, regardless of any user fees, will help to protect a free and open market by continuing to provide additional non-core data (offered on an optional basis for a fee) to the marketplace and by providing investors with greater choices.[24] Additionally, the proposal would not permit unfair discrimination because Basic will be available to all Distributors as discussed.

B. Self-Regulatory Organization's Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed fee structure is designed to ensure a fair and reasonable use of Exchange resources by allowing the Exchange to recoup costs while continuing to offer its data products at competitive rates to firms.

The market for data products is extremely competitive and firms may freely choose alternative venues and data vendors based on the aggregate fees assessed, the data offered, and the value provided. This rule proposal does not burden competition, which continues to offer alternative data products and, like the Exchange, set fees, but rather reflects the competition between data feed vendors and will further enhance such competition. Nasdaq Basic, like NLS and NLS Plus, compete directly with existing similar products and potential products of market data vendors. Nasdaq Basic, like NLS and NLS Plus, are part of the existing market for proprietary last sale data products that is currently competitive and inherently contestable because there is fierce competition for the inputs necessary to the creation of proprietary data and strict pricing discipline for the proprietary products themselves. Numerous exchanges compete with each other for listings, trades, and market data itself, providing virtually limitless opportunities for entrepreneurs who wish to produce and distribute their own market data. This proprietary data is produced by each individual exchange, as well as other entities, in a vigorously competitive market. Similarly, with respect to the FINRA/Nasdaq TRF data that is a component of Nasdaq Basic, NLS, and NLS Plus, allowing exchanges to operate TRFs has permitted them to earn revenues by providing technology and data in support of the non-exchange segment of the market. This revenue opportunity has also resulted in fierce competition between the two current TRF operators, with both TRFs charging extremely low trade reporting fees and rebating the majority of the revenues they receive from core market data to the parties reporting trades.

Transaction execution and proprietary data products are complementary in that market data is both an input and a byproduct of the execution service. In fact, market data and trade execution are a paradigmatic example of joint products with joint costs. The decision whether and on which platform to post an order will depend on the attributes of the platform where the order can be posted, including the execution fees, data quality and price, and distribution of its data products. Without trade executions, exchange data products cannot exist. Moreover, data products are valuable to many end users only insofar as they provide information that end users expect will assist them or their customers in making trading decisions.

The costs of producing market data include not only the costs of the data distribution infrastructure, but also the costs of designing, maintaining, and operating the exchange's transaction execution platform and the cost of regulating the exchange to ensure its fair operation and maintain investor confidence. The total return that a trading platform earns reflects the revenues it receives from both products and the joint costs it incurs. Moreover, the operation of the exchange is characterized by high fixed costs and low marginal costs. This cost structure is common in content and content distribution industries such as software, where developing new software typically requires a large initial investment (and continuing large investments to upgrade the software), but once the software is developed, the incremental cost of providing that software to an additional user is typically small, or even zero (*e.g.*, if the software can be downloaded over the internet after being purchased).[25] In Nasdaq's case, it is costly to build and maintain a trading platform, but the incremental cost of trading each additional share on an existing platform, or distributing an additional instance of data, is very low. Market information and executions are each produced jointly (in the sense that the activities of trading and placing orders are the source of the information that is distributed) and are each subject to significant scale economies. In such cases, marginal cost pricing is not feasible because if all sales were priced at the margin, Nasdaq would be unable to defray its platform costs of providing the joint products. Similarly, data products cannot make use of TRF trade reports without the raw material of the trade reports themselves, and therefore necessitate the costs of operating, regulating,[26] and maintaining a trade reporting system, costs that must be covered through the fees charged for use of the facility and sales of associated data.

Competition among trading platforms can be expected to constrain the aggregate return each platform earns from the sale of its joint products, but different platforms may choose from a range of possible, and equally reasonable, pricing strategies as the means of recovering total costs. Nasdaq pays rebates and credits to attract orders, charges relatively low prices for market information and charges relatively high prices for accessing posted liquidity. Other platforms may choose a strategy of paying lower liquidity rebates to attract orders, setting relatively low prices for accessing posted liquidity, and setting relatively high prices for market information. Still others may provide most data free of charge and rely exclusively on transaction fees to recover their costs. Finally, some platforms may incentivize use by providing opportunities for equity ownership, which may allow them to charge lower direct fees for executions and data.

In this environment, there is no economic basis for regulating maximum prices for one of the joint products in an industry in which suppliers face

[24] *See* Sec. Indus. Fin. Mkts. Ass'n (SIFMA), Initial Decision Release No. 1015, 2016 SEC LEXIS 2278 (ALJ June 1, 2016) (finding the existence of vigorous competition with respect to non-core market data). *See also* the decision of the United States Court of Appeals for the District of Columbia Circuit in *NetCoalition* v. *SEC*, 615 F.3d 525 (D.C. Cir. 2010) (''*NetCoalition I*'') (upholding the Commission's reliance upon competitive markets to set reasonable and equitably allocated fees for market data).

[25] *See* William J. Baumol and Daniel G. Swanson, ''The New Economy and Ubiquitous Competitive Price Discrimination: Identifying Defensible Criteria of Market Power,'' *Antitrust Law Journal*, Vol. 70, No. 3 (2003).

[26] It should be noted that the costs of operating the FINRA/Nasdaq TRF borne by Nasdaq include regulatory charges paid by Nasdaq to FINRA.

competitive constraints with regard to the joint offering. Such regulation is unnecessary because an ''excessive'' price for one of the joint products will ultimately have to be reflected in lower prices for other products sold by the firm, or otherwise the firm will experience a loss in the volume of its sales that will be adverse to its overall profitability. In other words, an increase in the price of data will ultimately have to be accompanied by a decrease in the cost of executions, or the volume of both data and executions will fall.[27]

The proposed fee structure is designed to ensure a fair and reasonable use of Exchange resources by allowing the Exchange to recoup costs and ease administrative burden while continuing to offer its data products at competitive rates to firms.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants or Others

Written comments were neither solicited nor received.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

The foregoing change has become effective pursuant to Section 19(b)(3)(A)(ii) of the Act.[28]

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.

[27] Moreover, the level of competition and contestability in the market is evident in the numerous alternative venues that compete for order flow, including eleven SRO markets, as well as internalizing BDs and various forms of alternative trading systems (''ATSs''), including dark pools and electronic communication networks (''ECNs''). Each SRO market competes to produce transaction reports via trade executions, and two FINRA-regulated TRFs compete to attract internalized transaction reports. It is common for BDs to further and exploit this competition by sending their order flow and transaction reports to multiple markets, rather than providing them all to a single market. Competitive markets for order flow, executions, and transaction reports provide pricing discipline for the inputs of proprietary data products. The large number of SROs, TRFs, BDs, and ATSs that currently produce proprietary data or are currently capable of producing it provides further pricing discipline for proprietary data products. Each SRO, TRF, ATS, and BD is currently permitted to produce proprietary data products, and many currently do or have announced plans to do so, including Nasdaq, NYSE, NYSE MKT, NYSE Arca, and BATS/Direct Edge.

[28] 15 U.S.C. 78s(b)(3)(A)(ii).

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission's Internet comment form (*http://www.sec.gov/rules/sro.shtml);* or
- Send an email to *rule-comments@sec.gov.* Please include File Number SR–NASDAQ–2016–109 on the subject line.

Paper comments

- Send paper comments in triplicate to Brent J. Fields, Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549–1090.

All submissions should refer to File Number SR–NASDAQ–2016–109. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission's Internet Web site (*http://www.sec.gov/rules/sro.shtml).* Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accordance with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission's Public Reference Room, 100 F Street NE., Washington, DC 20549 on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of such filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR–NASDAQ–2016–109, and should be submitted on or before September 9, 2016.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.[29]

Robert W. Errett,

Deputy Secretary.

[Summary Notice No. 2016–92]

Petition for Exemption; Summary of Petition Received; Delta Engineering

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice.

SUMMARY: This notice contains a summary of a petition seeking relief from specified requirements of title 14 of the Code of Federal Regulations. The purpose of this notice is to improve the public's awareness of, and participation in, the FAA's exemption process. Neither publication of this notice nor the inclusion or omission of information in the summary is intended to affect the legal status of the petition or its final disposition.

DATES: Comments on this petition must identify the petition docket number and must be received on or before September 8, 2016.

ADDRESSES: Send comments identified by docket number FAA–2016–8687 using any of the following methods:

- *Federal eRulemaking Portal:* Go to *http://www.regulations.gov* and follow the online instructions for sending your comments electronically.
- *Mail:* Send comments to Docket Operations, M–30; U.S. Department of Transportation (DOT), 1200 New Jersey Avenue SE., Room W12–140, West Building Ground Floor, Washington, DC 20590–0001.
- *Hand Delivery or Courier:* Take comments to Docket Operations in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.
- *Fax:* Fax comments to Docket Operations at 202–493–2251.

Privacy: In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its rulemaking process. DOT posts these comments, without edit, including any personal information the commenter provides, to *http://www.regulations.gov,* as

described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at *http://www.dot.gov/privacy.*

Docket: Background documents or comments received may be read at *http://www.regulations.gov* at any time. Follow the online instructions for accessing the docket or go to the Docket Operations in Room W12–140 of the West Building Ground Floor at 1200 New Jersey Avenue SE., Washington, DC, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: Deana Stedman, ANM–113, Federal Aviation Administration, 1601 Lind Avenue SW., Renton, WA 98057–3356, email *deana.stedman@faa.gov,* phone (425) 227–2148.

This notice is published pursuant to 14 CFR 11.85.

Issued in Washington, DC, on August 2, 2016.

Dale Bouffiou,

Acting Director, Office of Rulemaking.

Petition for Exemption

Docket No.: FAA–2016–8687.

Petitioner: Delta Engineering.

Section(s) of 14 CFR Affected: § 25.571(e)(1).

Description of Relief Sought: Delta Engineering has requested relief from certain discrete source damage-tolerance requirements for the installation of two cameras on an Aerospatiale ATR42–500 airplane.

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Federal Aviation Administration

Notice of Intent To Prepare an Environmental Impact Statement (EIS) for the Proposed Airfield Safety Enhancement Project at Tucson International Airport, Tucson, Pima County, Arizona

AGENCY: Federal Aviation Administration, (FAA), DOT.

ACTION: Notice of intent to prepare an Environmental Impact Statement and request for scoping comments.

SUMMARY: The Federal Aviation Administration (FAA) is issuing this notice under the provisions of the National Environmental Policy Act (NEPA) of 1969, as amended to advise the public that an Environmental Impact Statement (EIS) will be prepared to assess the potential impacts of the proposed Airfield Safety Enhancement Project (ASEP) including real property transactions between the United States Air Force (USAF) and the Tucson Airport Authority (TAA); demolition of 12 Earth Covered Magazines (ECM); replacement of the ECMs elsewhere on USAF Plant 44; construction of a new parallel taxiway; relocation of Runway 11R–29L and other associated development at Tucson International Airport. The proposed project also includes transfer of land ultimately to the USAF, on behalf of the National Guard Bureau (NGB), for construction of a Munitions Storage Area and access road to support the 162nd Fighter Wing at Tucson Air National Guard Base. To ensure that all significant issues related to the proposed action are identified, one (1) public scoping meeting and one (1) governmental agency scoping meeting will be held.

FAA is the lead agency on the preparation of the EIS and has invited the Department of the Air Force (USAF) and the National Guard Bureau (NGB) to participate as cooperating agencies because the Tucson Airport Authority's proposed action requires federal actions by both U.S. Department of Defense agencies.

FOR FURTHER INFORMATION CONTACT: Mr. David B. Kessler, M.A., AICP, Federal Aviation Administration, Western-Pacific Region—Airports Division, AWP–610.1., P.O. Box 92007, Los Angeles, California 90009–2007. Telephone: 310–725–3615.

SUPPLEMENTARY INFORMATION: The purpose of this notice is to inform federal, state, and local government agencies, and the public of the intent to prepare an EIS and to conduct a public and agency scoping process. Information, data, opinions, and comments obtained throughout the scoping process will be considered in preparing the draft EIS.

The scoping process for this EIS will include a comment period for interested agencies and interested persons to submit oral and/or written comments representing the concerns and issues they believe should be addressed. Please submit any written comments to the FAA not later than 5:00 p.m. Pacific Daylight Time, Monday, October 3, 2016.

The EIS will be prepared in accordance with the procedures described in FAA Order 5050.4B, *National Environmental Policy Act (NEPA) Implementing Instructions for Airport Actions,* and FAA Order 1050.1F, *Environmental Impacts: Policies and Procedures.* The Tucson Airport Authority, the owner of Tucson International Airport, proposes the following development as identified in the Airfield Safety Enhancement Plan: Construction of a new center parallel and connecting taxiway system; a replacement Runway 11R–29L (proposed to be 11,000 feet long by 150 feet wide); acquisition of land for the runway object free area, taxiway object free area, runway safety area, and runway protection zone; from USAF Plant 44. The proposed ASEP also includes relocation of navigational aids and development and/or modification of associated arrival and departure procedures for the relocated runway. The proposed ASEP also includes demolition of 12 ECMs and replacement of the ECMs elsewhere on USAF Plant 44. The EIS will also evaluate the proposed release of airport land from federal obligations between the former East Hughes Access Road and the new Aerospace Parkway, south of USAF Plant 44. A portion of this land has been proposed for construction of a Munitions Storage Area, to include ECMs, and access road, for the 162nd Fighter Wing at the Tucson Air National Guard Base located adjacent to Tucson International Airport. The FAA is the lead Federal Agency for preparation of the EIS. The FAA has invited the U.S. Department of the Air Force and the U.S. National Guard Bureau to participate as cooperating agencies under Title 40, Code of Federal Regulations (CFR) § 1508.5.

Within the EIS, FAA proposes to consider a range of alternatives that could potentially meet the purpose and need to enhance airfield safety at Tucson International Airport including, but not limited to, the following:

Alternative One—Sponsor's Proposed Action: Acquire 58 acres of land along the shared property boundary between the Tucson International Airport and USAF Plant 44, construction of a new centerline parallel and connecting taxiway between Runway 11L–29R and Runway 11R–29L; construction of a relocated Runway 11R–29L about 100 feet to the southwest, creating a centerline separation of 800 feet between the existing Runway 11L/29R and the relocated Runway 11R/29L. The relocated Runway 11R/29L will be 11,000 feet long by 150 feet wide. The relocation of Runway 11R/29L will include removal and reinstallation of associated navigational aids. This alternative includes demolition of 12 ECMs and construction of replacement ECMs, elsewhere on USAF Plant 44; release of airport land from federal obligations between the former East Hughes Access Road and Aerospace Parkway. A portion of this land would be ultimately transferred to the USAF, on behalf of the NGB, for construction

of a Munitions Storage Area and an access road for the 162 Fighter Wing based at Tucson Air National Guard Base.

Alternative Two—Alternative Airfield Development at Tucson: Extending and upgrading the current general aviation Runway 11R/29L to an air carrier runway, maintaining a 700-foot centerline separation between the current air carrier Runway 11L/29R and the extended and upgraded Runway 11R/29L.

Alternative Three—Use of Other Existing Airports: The possible use of other existing area airports including, but not limited to, Ryan Airfield and Marana Regional Airport will be evaluated.

Alternative Four—Use of Other Modes of Transportation: Use of intercity bus line, rail, and automobile transportation will be evaluated.

Alternative Five—No Action Alternative: Under this alternative, the existing airport would remain unchanged. No land acquisition and transfer between the Tucson International Airport and USAF Plant 44 and no demolition and replacement of ECMs would occur; no new center taxiway would be constructed, and Runway 11R–29L would remain in its current configuration. FAA would not release land between the former East Hughes Access Road and Aerospace Parkway, no new Munitions Storage Area and access road for the 162nd Fighter Wing of the Arizona Air National would be constructed on land between the former East Hughes Access Road and Aerospace Parkway.

Public Scoping and Agency Meetings: To ensure that the full range of issues related to the proposed action is addressed and that all significant issues are identified, comments and suggestions are invited from all interested parties. Public and agency scoping meetings will be conducted to identify any significant issues associated with the proposed action.

A governmental agency scoping meeting for all federal, state, and local regulatory agencies which have jurisdiction by law or have special expertise with respect to any potential environmental impacts associated with the proposed action will be held on Thursday, September 22, 2016. This meeting will take place at 1:00 p.m. Mountain Standard Time, on the first floor of the Tucson Executive Terminal, at the base of the old Airport Traffic Control Tower building with ''TUCSON'' on the side, 7081 South Plumer Avenue, Tucson, Arizona. A notification letter will be sent in advance of the meeting.

One public scoping meeting for the general public will be held. The public scoping meeting will be held from 6:00 p.m. to 8:00 p.m. Mountain Standard Time on Thursday, September 22, 2016. The public scoping meeting will be conducted on the first floor of the Tucson Executive Terminal at the base of the old Airport Traffic Control Tower building with ''TUCSON'' on the side, 7081 South Plumer Avenue, Tucson, Arizona. To notify the general public of the scoping process, a legal notice will be placed in newspapers having general circulation in the study area. The newspaper notice will notify the public that scoping meetings will be held to gain their input concerning the proposed action, alternatives to be considered, and impacts to be evaluated.

The FAA is aware that there are Native American tribes with a historical interest in the area. The FAA will interact on a government-to-government basis, in accordance with all executive orders, laws, regulations, and other memoranda. The tribes will also be invited to participate in accordance with NEPA and Section 106 of the National Historic Preservation Act.

Issued in Hawthorne, California August 11, 2016.

Mark A. McClardy,

Director, Office of Airports, Western-Pacific Region, AWP–600.

Petition for Exemption

Docket No.: FAA–2016–7855.

Petitioner: The Boeing Company.

Section(s) of 14 CFR Affected: §§ 25.901(c) and 25.1309(b).

Description of Relief Sought: The Boeing Company seeks temporary relief from the requirements of 14 CFR 25.901(c) and 25.1309(b) to allow time necessary to fully develop, certify, and

incorporate a design change to correctly accommodate single failures of the thrust control module which can cause un-commanded high thrust. Boeing intends to correct the design by December 31, 2018, for production 787 Model airplanes, and provide retrofit instructions to the fleet.

BILLING CODE 4910–13–P

DEPARTMENT OF TRANSPORTATION

Federal Railroad Administration

[Docket Number FRA–2016–0068]

Notice of Application for Approval of Discontinuance or Modification of a Railroad Signal System

In accordance with part 235 of Title 49 Code of Federal Regulations (CFR) and 49 U.S.C. 20502(a), this document provides the public notice that by a document dated June 29, 2016, the Union Pacific Railroad (UP) petitioned the Federal Railroad Administration (FRA) seeking approval for the discontinuance or modification of a signal system. FRA assigned the petition Docket Number FRA–2016–0068.

Applicant: Union Pacific Railroad, Mr. Kevin D. Hicks, AVP Engineering–Design, 1400 Douglas Street, MS 0910, Omaha, NE 68179.

UP seeks approval of the modification of Control Point (CP) B002 on the Omaha Subdivision, at Milepost (MP) 2.00, in the State of Iowa, by dividing it into two CPs: CP B902 and CP B002.

The reason given for the proposed modification is to accommodate a U.S. Department of Transportation (DOT) project to widen Interstate 29 as well as to facilitate yard operations and expedite train movements in the area. All existing signals at the present CP B002 will be removed and replaced with the proposed layout at the new CPs B002 and B902. Existing switches will be relocated to accommodate DOT's Interstate 29 widening project. An interface house will be installed at CP B003 to replace the line circuits currently in service across the Missouri River Bridge with coded track, and the signal aspect progression will be upgraded to four aspects from the current three. This modification will follow the completion of Phase 1 of the project, which was assigned Docket Number FRA–2015–0051, and was approved on October 5, 2015.

A copy of the petition, as well as any written communications concerning the petition, is available for review online at *www.regulations.gov* and in person at the U.S. Department of Transportation's Docket Operations Facility, 1200 New Jersey Avenue SE., W12–140, Washington, DC 20590. The Docket Operations Facility is open between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Interested parties are invited to participate in these proceedings by submitting written views, data, or comments. FRA does not anticipate scheduling a public hearing in connection with these proceedings since the facts do not appear to warrant a hearing. If any interested party desires an opportunity for oral comment, they should notify FRA, in writing, before the end of the comment period and specify the basis for their request.

All communications concerning these proceedings should identify the appropriate docket number and may be submitted by any of the following methods:

- *Web site: http://www.regulations.gov.* Follow the online instructions for submitting comments.
- *Fax:* 202–493–2251.
- *Mail:* Docket Operations Facility, U.S. Department of Transportation, 1200 New Jersey Avenue SE., W12–140, Washington, DC 20590.
- *Hand Delivery:* 1200 New Jersey Avenue SE., Room W12–140, Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal Holidays.

Communications received by October 3, 2016 will be considered by FRA before final action is taken. Comments received after that date will be considered as far as practicable.

Anyone is able to search the electronic form of any written communications and comments received into any of our dockets by the name of the individual submitting the comment (or signing the document, if submitted on behalf of an association, business, labor union, etc.). In accordance with 5 U.S.C. 553(c), DOT solicits comments from the public to better inform its processes. DOT posts these comments, without edit, including any personal information the commenter provides, to *www.regulations.gov,* as described in the system of records notice (DOT/ALL–14 FDMS), which can be reviewed at *www.dot.gov/privacy.* See also *https://www.regulations.gov/privacyNotice* for the privacy notice of regulations.gov.

Issued in Washington, DC, on August 15, 2016.

Karl Alexy,

Director, Office of Safety Analysis.

BILLING CODE 4910–06–P

DEPARTMENT OF THE TREASURY

Comptroller of the Currency

Agency Information Collection Activities: Information Collection Renewal; Submission for OMB Review; OCC Supplier Registration Form

AGENCY: Office of the Comptroller of the Currency (OCC), Treasury.

ACTION: Notice and request for comment.

SUMMARY: The OCC, as part of its continuing effort to reduce paperwork and respondent burden, invites the general public and other Federal agencies to take this opportunity to comment on the renewal of an information collection as required by the Paperwork Reduction Act of 1995 (PRA).

In accordance with the requirements of the PRA, the OCC may not conduct or sponsor, and the respondent is not required to respond to, an information collection unless it displays a currently valid Office of Management and Budget (OMB) control number.

The OCC is soliciting comment concerning the renewal of its information collection titled, ''OCC Supplier Registration Form.'' The OCC also is giving notice that it has sent the collection to OMB for review.

DATES: Comments must be submitted on or before September 19, 2016.

ADDRESSES: Because paper mail in the Washington, DC area and at the OCC is subject to delay, commenters are encouraged to submit comments by email, if possible. Comments may be sent to: Legislative and Regulatory Activities Division, Office of the Comptroller of the Currency, Attention: 1557–0316, 400 7th Street SW., Suite 3E–218, Mail Stop 9W–11, Washington, DC 20219. In addition, comments may be sent by fax to (571) 465–4326 or by electronic mail to *prainfo.@occ.treas.gov.* You may personally inspect and photocopy comments at the OCC, 400 7th Street SW., Washington, DC 20219. For security reasons, the OCC requires that visitors make an appointment to inspect comments. You may do so by calling (202) 649–6700 or, for persons who are deaf or hard of hearing, TTY, (202) 649–5597. Upon arrival, visitors will be required to present valid government-issued photo identification and submit to security screening in order to inspect and photocopy comments.

All comments received, including attachments and other supporting materials, are part of the public record and subject to public disclosure. Do not include any information in your

comment or supporting materials that you consider confidential or inappropriate for public disclosure.

Additionally, please send a copy of your comments by mail to: OCC Desk Officer, 1557–0316, U.S. Office of Management and Budget, 725 17th Street NW., #10235, Washington, DC 20503 or by email to: *oira submission@omb.eop.gov.*

FOR FURTHER INFORMATION CONTACT: Shaquita Merritt, OCC Clearance Officer, (202) 649–5490 or, for persons who are deaf or hard of hearing, TTY, (202) 649–5597, Legislative and Regulatory Activities Division, Office of the Comptroller of the Currency, 400 7th Street SW., Suite 3E–218, Mail Stop 9W–11, Washington, DC 20219.

SUPPLEMENTARY INFORMATION: The OCC is requesting that OMB extend its approval of the following information collection:

Title: OCC Supplier Registration Form.

OMB Control No.: 1557–0316.

Frequency of Response: On occasion.

Affected Public: Business or other for-profit.

Estimated Number of Respondents: 200.

Estimated Burden Hours Per Response: 10 minutes.

Estimated Total Annual Burden Hours: 33 hours.

Abstract: Section 342 of the Dodd-Frank Wall Street Reform and Consumer Protection Act (Dodd-Frank) required the OCC to develop and implement standards and procedures to ensure, to the maximum extent possible, the fair inclusion and utilization of minorities, women, and minority-owned and women-owned businesses in all business and activities of the agency at all levels, including procurement, insurance, and all types of contracts [1] and to develop standards for coordinating technical assistance to such businesses.[2]

In order to comply with the Congressional mandate to develop standards for the fair inclusion and utilization of minority-and women-owned businesses and to provide effective technical assistance to these businesses, the OCC developed an on-going system to collect up-to-date contact information and capabilities statements from potential suppliers. This information allows the OCC to update and enhance its internal database of interested minority- and women-owned businesses. This information also allows the OCC to measure the effectiveness of its technical assistance and outreach efforts and to target areas where additional outreach efforts are necessary.

On May 31, 2016, the OCC issued a 60-day notice soliciting comment on the information collection, 81 FR 34435. No comments were received. Comments continue to be invited on:

(1) Whether the collection of information is necessary for the proper performance of the functions of the OCC, including whether the information has practical utility;

(2) The accuracy of the OCC's estimate of the burden of the collection of information;

(3) Ways to enhance the quality, utility, and clarity of the information to be collected;

(4) Ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology; and

(5) Estimates of capital or start-up costs and costs of operation, maintenance, and purchase of services to provide information.

Dated: August 15, 2016.

Stuart Feldstein,

Director, Legislative and Regulatory Activities Division.

DEPARTMENT OF THE TREASURY

Office of Foreign Assets Control

Unblocking of Specially Designated National and Blocked Person Pursuant to Executive Order 13288, as Amended by Executive Order 13469, and Executive Order 13391

AGENCY: Office of Foreign Assets Control, Treasury.

ACTION: Notice.

SUMMARY: The Treasury Department's Office of Foreign Assets Control (OFAC) is removing the name of one individual whose property and interests in property have been blocked pursuant to Executive Order 13288 of March 6, 2003, ''Blocking Property of Persons Undermining Democratic Institutions in Zimbabwe,'' as amended by Executive Order 13391, ''Blocking Property of Additional Persons Undermining Democratic Processes or Institutions in Zimbabwe,'' and Executive Order 13469 of July 25, 2008, ''Blocking Property of Additional Persons Undermining Democratic Processes or Institutions in Zimbabwe.''

DATES: OFAC's action described in this notice are effective as of August 15, 2016.

FOR FURTHER INFORMATION CONTACT: Associate Director for Global Targeting, tel.: 202/622–2420, Assistant Director for Sanctions Compliance & Evaluation, tel.: 202/622–2490, Assistant Director for Licensing, tel.: 202/622–2480, Office of Foreign Assets Control, or Chief Counsel (Foreign Assets Control), tel.: 202/622–2410 (not toll free numbers).

SUPPLEMENTARY INFORMATION:

Electronic and Facsimile Availability

The SDN List and additional information concerning OFAC sanctions programs are available from OFAC's Web site (*www.treasury.gov/ofac*). Certain general information pertaining to OFAC's sanctions programs is also available via facsimile through a 24-hour fax-on-demand service, tel.: 202–622–0077.

Notice of OFAC Actions

On August 15, 2016, OFAC, in consultation with the State Department, determined that circumstances no longer warrant the inclusion of the following individual on OFAC's SDN list, and that this individual is no longer subject to the blocking provisions of Section 1(a) of E.O. 13288, as amended by E.O. 13469, and section 1(a) of E.O. 13991.

BILLING CODE 4810–AL–P

DEPARTMENT OF TREASURY

Internal Revenue Service

Electronic Tax Administration Advisory Committee (ETAAC); Nominations

AGENCY: Internal Revenue Service, Department of Treasury.

ACTION: Request for nominations.

SUMMARY: The Internal Revenue Service (IRS) is requesting applications from consumer advocates, as well as individuals with experience in cybersecurity and information security, tax software development, tax preparation, payroll and tax financial product processing, systems management and improvement, implementation of customer service initiatives, and public administration, to be considered for selection as members of the Electronic Tax Administration Advisory Committee (ETAAC). This is the second solicitation for ETAAC nominations. The IRS wants to ensure the committee's membership is properly balanced as required by the Federal Advisory Committee Act (FACA).

Nominations should describe and document the proposed member's qualification for ETAAC membership, including the applicant's knowledge of regulations and the applicant's past or current affiliations and dealings with the particular tax segment or segments of the community that the applicant wishes to represent on the council. Applications will be accepted for current vacancies from qualified individuals and from professional and public interest groups that wish to have representation on ETAAC. Submissions must include an application and resume.

ETAAC provides continuing input into the development and implementation of the IRS organizational strategy for electronic tax administration. The ETAAC will provide an organized public forum for discussion of electronic tax administration issues such as prevention of refund fraud identity theft in support of the overriding goal that paperless filing should be the preferred and most convenient method of filing tax and information returns. The ETAAC members will convey the public's perceptions of IRS electronic tax administration activities, offer constructive observations about current or proposed policies, programs and procedures, and suggest improvements.

This is a volunteer position and members will serve a one-, two-, or three-year term on the ETAAC to allow for a rotation in membership which ensures that different perspectives are represented. Travel expenses within government guidelines will be reimbursed. In accordance with Department of Treasury Directive 21–03, a clearance process including fingerprints, annual tax checks, a Federal Bureau of Investigation criminal check and a practitioner check with the Office of Professional Responsibility will be conducted.

DATES: Written nominations must be received on or before September 19, 2016.

ADDRESSES: Nominations should be sent to: Michael Deneroff, IRS National Public Liaison Office, CL:NPL:SRM, Room 7559, 1111 Constitution Avenue NW., Washington, DC 20224, Attn: ETAAC Nominations. Applications may also be submitted via fax to 855–811–8020 or via email at *PublicLiaison@irs.gov.* Application packages are available on the IRS Web site at *http://www.irs.gov/for-tax-pros.* Application packages may also be requested by telephone from National Public Liaison, 202–317–6851 (not a toll-free number).

FOR FURTHER INFORMATION CONTACT: Michael Deneroff at (202) 317–6851, or send an email to *publicliaison@irs.gov*.

SUPPLEMENTARY INFORMATION: The establishment and operation of the Electronic Tax Administration Advisory Committee (ETAAC) is required by the Internal Revenue Service (IRS) Restructuring and Reform Act of 1998 (RRA 98), Title II, Section 2001(b)(2). ETAAC follows a charter in accordance with the provisions of the Federal Advisory Committee Act (FACA), 5 U.S.C., App. 2. The ETAAC provides continued input into the development and implementation of the IRS's strategy for electronic tax administration. The ETAAC will research, analyze, consider, and make recommendations on a wide range of electronic tax administration issues and will provide input into the development of the strategic plan for electronic tax administration. Members will provide an annual report to Congress by June 30th.

Applicants must complete the application form, which includes describing and documenting the applicant's qualifications for ETAAC membership. Applicants must submit a short one- or two-page statement including recent examples of specific skills and qualifications as they relate to: Cybersecurity and information security, tax software development, tax preparation, payroll and tax financial product processing, systems management and improvement, implementation of customer service initiatives, consumer advocacy and public administration. Examples of skill in critical thinking, strategic planning and oral and written communication are desirable.

An acknowledgement of receipt will be sent to all applicants.

Equal opportunity practices will be followed in all appointments to the ETAAC in accordance with Department of Treasury and IRS policies. The IRS has a special interest in assuring that women and men, members of all races and national origins, and individuals with disabilities have an opportunity to serve on advisory committees. Therefore, IRS extends particular encouragement to nominations from such appropriately qualified individuals.

Dated: August 15, 2016.

Candice Cromling,

Director, National Public Liaison.

RIN 1830–AA22

[Docket No. 2015–ED–OCTAE–0003]

Programs and Activities Authorized by the Adult Education and Family Literacy Act (Title II of the Workforce Innovation and Opportunity Act)

AGENCY: Office of Career, Technical, and Adult Education, Department of Education.

ACTION: Final regulations.

SUMMARY: The Secretary establishes regulations to implement changes to the Adult Education and Family Literacy Act (AEFLA) resulting from the enactment of the Workforce Innovation and Opportunity Act of 2014 (WIOA or the Act). These final regulations clarify new provisions in AEFLA. The Secretary also updates the regulations that establish procedures for determining the suitability of tests used for measuring State performance on accountability measures that assess the effectiveness of AEFLA programs and activities. The Secretary also removes specific parts of title 34 of the Code of Federal Regulations (CFR) that are no longer in effect.

DATES: These final regulations are effective September 19, 2016.

FOR FURTHER INFORMATION CONTACT: Lekesha Campbell, U.S. Department of Education, 400 Maryland Avenue SW., Room 11008, Potomac Center Plaza (PCP), Washington, DC 20202–2800.

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Information Relay Service (FIRS), toll free, at 1–800–877–8339.

SUPPLEMENTARY INFORMATION:

Background

On July 22, 2014, President Obama signed into law WIOA (Pub. L. 113–128), which replaces the Workforce Investment Act of 1998 (WIA). As under WIA, AEFLA is title II of WIOA (title II). WIOA supports innovative strategies to keep pace with changing economic conditions and seeks to improve coordination across the primary Federal programs that support employment services, workforce development, adult education, and vocational rehabilitation activities. These final regulations further the Department of Education's (Department or ED) implementation of new provisions in AEFLA. Through these regulations, we explain the programs and activities authorized under AEFLA and assist State and local grantees in their implementation efforts.

We have limited the regulations to only those that we believe are absolutely necessary to clarify and reiterate key statutory provisions of WIOA, as well as to respond to public comments. In the regulations, we incorporate the relevant requirements from AEFLA to provide context and for reader convenience.

Summary of the Major Provisions of This Regulatory Action:

Through these final regulations the Secretary:

1. Removes specific parts of title 34 that are no longer in effect.

2. Updates and revises existing AEFLA regulations regarding the suitability of tests for use in the National Reporting System for Adult Education (NRS) to reflect new provisions of WIOA. The regulations also include procedures that States and local eligible providers must follow when using suitable tests for NRS reporting. The changes conform to statutory language in WIOA and clarify existing requirements.

3. Restates the purpose of AEFLA and the programs authorized by the Act, as well as clarifies the related Education Department General Administration Regulations (EDGAR) and definitions that apply to the program.

4. Describes the process and requirements for States to award grants or contracts to eligible providers and the activities that may be charged to local administrative costs. These regulations implement new requirements established by WIOA, including the requirement that local workforce development boards (Local WDBs) review applications for funds prepared by applicants for AEFLA funding, the requirement that entities have ''demonstrated effectiveness'' to be eligible providers, and the requirement that local administrative funds be used to promote the alignment of an eligible provider's activities with the local workforce development plan established under title I of WIOA.

5. Reiterates what constitutes an adult education and literacy activity or program and clarifies how funds may be used for activities that are newly authorized by WIOA.

6. Describes how AEFLA funds may be used to support programs for corrections education and the education of other institutionalized individuals, including new activities authorized by WIOA.

7. Clarifies the use of funds for new and expanded activities under the Integrated English Literacy and Civics Education program.

Public Comment

On April 16, 2015, the Secretary published a notice of proposed rulemaking (NPRM or proposed regulations) for these programs in the **Federal Register** (80 FR 20968), available at *https://federalregister.gov/a/2015-05540.* In response to our invitation in the NPRM, nearly 300 parties submitted comments on the proposed regulations. In these final regulations we discuss amendments and new regulations in the order in which their parts appear in the CFR. We then set out our analysis by subpart and section. For each part, we provide a summary of the changes we proposed, a summary of the differences between the proposed regulations and these final regulations, and a detailed discussion of the public comments we received on the proposed regulations. We then discuss the regulations that we are removing. Generally, we do not address technical and other minor changes.

We received a number of comments expressing general support for the proposed regulations. We thank the commenters for their support. We do not discuss comments that were beyond the scope of the changes we proposed in the NPRM.

34 CFR Part 462—Measuring Educational Gain in the National Reporting System for Adult Education

Summary of Changes

In the preamble of the NPRM, we discussed on pages 20969 through 20971 the major changes proposed to part 462. These regulations are authorized under section 212 of WIOA, which makes adult education and literacy programs and activities subject to the performance accountability requirements of section 116 of WIOA. Through the proposed regulations, we sought to further formalize the process for determining the suitability of tests for use in the NRS. By creating a uniform review and approval process, the regulations would facilitate the submission process for test publishers and strengthen the integrity of the NRS as a critical tool for measuring State performance on accountability measures related to adult education and literacy activities under AEFLA, as required under section 116 of WIOA. The proposed process would also provide a means by which the Secretary would assess the continued validity of tests that have previously been determined suitable for use in the NRS.

There are three differences between the NPRM and these final regulations. In the final regulations:

• We use the term ''English as a Second Language (ESL)'' when referring to educational functioning levels of English language learners to maintain consistency with NRS information collection and guidelines.

• We update § 462.13(c) regarding the criteria that the Secretary uses to determine the suitability of tests for use in the NRS.

• We remove § 462.43 regarding how States may report educational functioning level gains for students. Educational functioning level gain is included in the WIOA joint final rule at 20 CFR 677.155(a)(1)(v) (and will be included in part 463, Subpart I) as one of five measures of documented progress that specify how to show a measurable skill gain for performance accountability under section 116 of WIOA, and it applies across all of the WIOA core programs. As such, the Department of Education and the Department of Labor agree that any further explanation regarding educational functioning level gains is best provided in the joint information collection request (ICR) for the WIOA Common Performance Reporting (WIOA Joint Performance ICR) and joint guidance. The Departments reiterate that States will be required to report on the measurable skill gains performance indicator, which may include educational functioning level gain, as set forth in § 677.155(a)(1)(v), consistent with the WIOA Joint Performance ICR and as explained in guidance.

Public Comment:

Subpart A—General

§ 462.3 What definitions apply?

In the NPRM we proposed to revise § 462.3 to align several terms with the language in WIOA. For example, to conform to section 203 of AEFLA, we proposed replacing the term ''English as a second language (ESL)'' with the term ''English language acquisition (ELA).'' We also proposed to remove the reference to a physical copy of the NRS Guidelines to provide an easier and immediate public access online.

Comments: Numerous commenters supported changing the term from ESL to ELA, with some stating that it more accurately describes the intent of the programming and pathways. One commenter recommended substituting English Language Acquisition Program (ELAP) for the term ELA. Numerous commenters expressed concern about States using the term English Language Acquisition (ELA) to refer to English Language Learners or students in ESL because ''ELA'' is commonly understood to refer to English Language Arts in a number of educational contexts, including in college and career readiness standards. They indicated that it would cause unnecessary confusion. Numerous commenters recommended using the already-branded terms ESL or English for Speakers of Other Languages (ESOL).

Discussion: We appreciate the support from some commenters for the change in terminology that we originally proposed. We also acknowledge the concerns raised by other commenters regarding confusion that might arise from the proposed change in terminology. We note that in revising the NRS information collection request, *Implementation Guidelines: Measures and Methods for the National Reporting System for Adult Education* (OMB Control Number: 1830–0027), we retained the term English as a Second Language (ESL) when specifically referring to the six educational functioning levels for English language learners. Since the changes we originally proposed in this rule related specifically to these six educational functioning levels used for NRS reporting and not to the actual services available to English language learners under the Act, we believe using the term English as a Second Language (ESL) results in greater clarity and consistency between this rule and the corresponding NRS information collection request.

Change: We have replaced the term English language acquisition (ELA) with the term English as a Second Language (ESL) when referring to the educational functioning levels for English language learners, and we have made the appropriate conforming changes throughout part 462.

Subpart B—What process does the Secretary use to review the suitability of tests for use in the NRS?

§ 462.10 How does the Secretary review tests?

In proposed § 462.10, the Department established two additional submission dates for the submission of tests in program years 2016 and 2017. Currently, tests must be submitted by October 1 of each year. The two additional dates of April 1, 2017 and April 1, 2018 would provide more opportunities for the Secretary to review and approve assessments and will increase the availability of new assessments to eligible providers in the first two years of implementing the performance accountability requirements under section 116 of WIOA.

Comments: Several commenters expressed support for the addition of two submission dates for test review, stating that this will allow test publishers time to develop quality assessments, and to submit new or revised assessments that align with the *College and Career Readiness Standards for Adult Education* and the final released versions of the educational functioning level descriptors. One commenter suggested two submission dates each year, beginning with April 1, 2017, and continuing until there are multiple tests approved. One commenter recommended that the Department offer more than two submission dates. They suggested that in 2016 and 2017, the Department consider allowing the publishers to submit applications when they are ready, rather than only on October 1 or April 1.

Discussion: We appreciate commenters' support for our proposed two submission dates each year, as well as their suggestion to offer continuous or rolling submissions throughout the year based upon publishers' readiness to submit. Our past experience indicates that rolling assessment review opportunities do not yield an increase in the quantity or quality of tests suitable for use in the NRS. Based on our experiences to date, we believe that the two additional dates of April 1, 2017 and April 1, 2018, in addition to October 1, 2016 and October 1, 2017, offer increased flexibility as well as additional opportunities to submit new tests for review in the first two years of implementing the performance accountability requirements under section 116 of WIOA. Beginning in program year 2018, we will return to one annual submission date on October 1.

Change: None.

§ 462.13 What criteria and requirements does the Secretary use for determining the suitability of tests?

We noted in the preamble of the NPRM that we proposed to update the reference to the *Standards for Educational and Psychological Testing* to reflect the most current edition of these standards.

Comments: One commenter requested that the regulations be updated to refer to the *Standards for Educational and Psychological Testing* as being developed by American Educational Research Association (AERA), American Psychological Association (APA), and the National Council of Measurement in Education (NCME), as reflected in the 2014 edition.

Discussion: We appreciate the commenter's suggestion that the regulations be updated to refer to the

2014 edition of the *Standards for Educational and Psychological Testing,* which was inadvertently omitted in the proposed rule text.

Change: We have revised final § 462.13 to reflect the new edition of the *Standards for Educational and Psychological Testing.*

Subpart D—What requirements must States and eligible providers follow when measuring educational gain?

§ 462.40 Must a State have an assessment policy?

In § 462.40, we proposed adding one additional element to the information a State must include in its State assessment policy by requiring that the State specify a target for the percentage of all pre-tested students who both meet that threshold of instruction and take a matched post-test. The post-test score is used to determine whether the student has made educational functioning level gain. Under WIA, States were directed to specify this target by the information collection request, *Implementation Guidelines: Measures and Methods for the National Reporting System for Adult Education* (OMB Control Number: 1830–0027), but in the NPRM, we proposed to make this a regulatory requirement.

Comments: Two commenters expressed concern that the requirement to set a post-testing target will negatively influence the integrity of the testing process, leading States to skirt the most effective administration of the tests or to manipulate reporting. One of these commenters recommended that uniform review and approval processes be used to ensure integrity of test and reporting results. The other commenter stated that post-testing targets place too much emphasis on the role post-testing plays in determining educational functioning level gains, to the exclusion of screening, support services, and instruction, and can lead to improper test administration to meet reporting demands.

Discussion: We agree with the commenters that the integrity of the testing process and the quality of instructional services must not be negatively impacted by the regulatory requirement. We note that the proposed requirement for a State to specify in its assessment policy a target for the percentage of all pre-tested students who meet that threshold of instruction and take a matched post-test is a standard States are currently directed to specify by the information collection, *Implementation Guidelines: Measures and Methods for the National Reporting System for Adult Education* (OMB Control Number: 1830–0027). We are making this practice a regulatory requirement for consistency purposes. As stated in our proposed regulations, the purpose of requiring States to establish this standard is to promote the implementation of policies and practices by eligible providers that maximize the percentage of students who have a matched post-test completed in order to document educational functioning level gain and to encourage continuous improvement over time.

Change: None.

Comments: One commenter recommended States be given a trial period to evaluate and determine reasonable performance and therefore acclimate to the process of setting post-test targets so they can negotiate more effectively with the Department on reasonable target levels.

Discussion: We appreciate the commenter's interest in determining how to most meaningfully implement the proposed requirement. We note that a post-test standard is a current element in the information collection, *Implementation Guidelines: Measures and Methods for the National Reporting System for Adult Education* (OMB Control Number: 1830–0027). We are including this element in this section as a regulatory requirement, thus aligning it with the other elements required in the State assessment policy and establishing consistency between these final regulations and the information collection request. We further note that the post-testing standard required in this regulation is determined solely by the State and articulated in the State's assessment policy. It is not negotiated with the Department. The State, at its sole discretion, may evaluate the standard it has set and make any necessary revisions.

Change: None.

§ 462.42 How are tests used to place students at an NRS educational functioning level?

Proposed § 462.42 revised the authority citation to conform to WIOA.

Comments: One commenter expressed concerns that the testing methods to determine educational functioning level will disadvantage participants because they may not be experienced with traditional testing, and because standardized testing has been recognized to skew toward particular ethnicities and higher socioeconomic groups.

Discussion: We appreciate the commenter's concern that the testing methods to determine educational functioning levels may disadvantage participants who may not be experienced with standardized testing. We agree that poorly constructed tests can skew results for particular groups. We note that in § 462.13, we have specified the criteria and requirements that the Secretary uses for determining the suitability of tests. These criteria require a regular evaluation of test items for fairness and bias, which includes the design, development, and delivery of tests for variability among intended test takers. We conclude that these criteria are sufficient to address the commenter's concerns.

Change: None.

§ 462.43 How is educational gain measured for the purpose of the performance indicator in section 116(b)(2)(A)(i)(V) of the Act concerning the achievement of measurable skill gains?

Proposed § 462.43(a) confirmed that educational functioning level gain is measured by testing students in reading and mathematics. We also proposed adding § 462.43(c) to allow States that offer adult high school programs, authorized by State law or regulations, to measure and report educational functioning level gain through the awarding of credits or Carnegie units. Additionally, as noted in § 462.41, we revised the title of this section to clarify that the measurement of educational gain as described in these regulations is for the purpose of applying the measurable skill gains performance indicator in section 116 of WIOA to programs and activities under AEFLA.

Comments: Many commenters endorsed continued use of educational functioning levels (EFLs) through pre-/post-testing and also encouraged eventual refinement of EFLs or the development of other potential measures that can document participants' progress toward educational goals. Some commenters suggested that the final regulations support measures that demonstrate progression along a career pathway. Various commenters suggested that the final regulations provide specificity on how a number of alternative measures, such as transition to postsecondary education and training, attainment of a secondary credential, advancement in competency-based educational programs, and passing portions of high school equivalency exams or citizenship exams might count as educational functioning level gains for students. Commenters also inquired about how pre-/post-testing could be used to support students' progression along a career pathway. Some commenters supported our proposed inclusion of

Carnegie units or credits in States with adult high school programs while others questioned how the regulation might safeguard against States reporting educational functioning level gains for students based upon seat time rather than actual skills attainment.

Discussion: We appreciate the commenters' concern for implementing the measurable skill gains performance indicator in a manner that supports students' progression along a career pathway and that does not only rely on testing. We agree that States need additional flexibility to support students' progression along career pathways responsive to industry needs and standards within local or regional economies and believe that flexibility is provided in § 677.155(a)(1)(v) of the WIOA joint final rule. We note that educational functioning level gain for students is included in § 677.155(a)(1)(v) as one of five measures of documented progress that specify how to show a measurable skill gain under section 116 of WIOA and that apply across all WIOA core programs. We also note that attainment of a secondary school diploma is another measure of documented progress in § 677.155(a)(1)(v) that States may use to demonstrate and report a measurable skill gain under section 116 of WIOA. Because these measures apply across core programs, the Departments have agreed that any further explanation regarding these measures, including educational functioning level gain, is best provided in the WIOA Joint Performance ICR and joint guidance. However, in response to commenters' suggestions, the Departments intend to include transition to postsecondary education and training in the WIOA Joint Performance ICR as an additional way for States to report an educational functioning level gain. The Departments reiterate that States will be required to report on the measurable skill gains indicator, which may include educational functioning level gain, as set forth in § 677.155(a)(1)(v), consistent with the WIOA Joint Performance ICR and as explained in guidance.

Change: We remove and reserve § 462.43.

34 CFR Part 463—Adult Education and Family Literacy Act

Summary of Changes

In the preamble of the NPRM, we discussed on pages 20971 through 20975 proposed new regulations to support State and local implementation of WIOA-related changes to the AEFLA program. We proposed regulations to reiterate the purpose of AEFLA and the programs authorized by the Act, as well as clarify the relationship of those programs and definitions to EDGAR. We also sought to describe the process and requirements for States to award grants or contracts to eligible providers and the activities that may be charged to local administrative costs. The proposed regulations included new requirements established by WIOA, such as: The requirement that Local WDBs review applications for funds prepared by applicants for AEFLA funding, the requirement that entities have ''demonstrated effectiveness'' to be eligible providers, and the requirement that local administrative funds be used to promote the alignment of an eligible provider's activities with the local workforce development plan established under title I of WIOA. The proposed regulations also sought to define what constitutes an adult education and literacy activity or program and clarify how funds may be used for activities that are newly authorized by WIOA. We also proposed to describe how AEFLA funds may be used to support programs for corrections education and the education of other institutionalized individuals, including new activities authorized by WIOA. Finally, we proposed regulations to clarify the use of funds for new and expanded activities under the Integrated English Literacy and Civics Education program.

There are several important differences between the NPRM and these final regulations:

We clarified in these final regulations that attainment of a secondary school equivalency credential is inherently a part of the purpose of AEFLA.

We removed the limitation of the definition of ''concurrent enrollment'' to subpart F so that the definition now applies to all subparts in this Part 463. In the definition of ''reentry initiatives and post release services'' in § 463.3, we changed the phrase ''release from prison'' to ''release from a correctional institution.''

We have revised § 463.21 to give States more flexibility for organizing and overseeing a process for Local WDBs to review eligible providers' applications for alignment with the local workforce development plan and to make recommendations to the eligible agency to promote alignment with the local plan.

We have revised § 463.24 to clarify that an eligible provider that has not been previously funded under title II of WIOA may demonstrate effectiveness by providing performance data related to its record of improving the skills of eligible individuals, particularly eligible individuals who have low levels of literacy, in the content domains of reading, writing, mathematics, English language acquisition, and other subject areas relevant to the services contained in the State's application to award contracts or grants to eligible providers.

We have revised § 463.25 to clarify that the eligible agency may increase the amount that can be spent on local administration in cases where the cost limits are too restrictive to allow for specified activities.

We have revised § 463.32(a) to clarify that a State or eligible provider may use curriculum, lesson plans, or instructional materials to demonstrate that an English language acquisition program is implementing the State's content standards for adult education.

We have revised § 463.32(b) to more clearly state our intent for how eligible providers can demonstrate that an English language acquisition program is meeting the requirement of § 463.31(b) by offering educational and career counseling services that enable English language learners to transition to further education or employment.

We have revised § 463.37(a)(1) to more clearly state how, within the overall scope of the program, each of the three required components of an integrated education and training program must be of sufficient intensity and quality, and based on the most rigorous research available.

We have revised § 463.73 to more clearly reflect the statutory requirement to use funds provided under section 243 in combination with integrated education and training activities as defined in subpart D as well as to better clarify options for meeting the requirement.

Public Comment:

Comments: One commenter expressed general support for the Act's potential for helping youth and adults prepare for meaningful employment in State, regional, and local economies. This commenter encouraged adult educators to consult with employers in the design of services.

Discussion: We agree with the commenter's suggestion. We have historically provided a range of technical assistance resources to encourage and support adult educators' engagement with employers to ensure that education services are relevant and responsive to local economic circumstances. We believe that the Act's support for career pathways development and new adult education and literacy activities such as workforce preparation activities and integrated education and training offer adult educators new opportunities to enhance and expand engagement efforts with

employers so that adult education services meet the needs of job seekers and employers.

Change: None.

Subpart A—Adult Education General Provisions

463.1 What is the purpose of the Adult Education and Family Literacy Act?

WIOA retains and expands the purposes of AEFLA. Under WIA, AEFLA aimed to help adults improve their educational and employment outcomes, become self-sufficient, and support the educational development of their children. Under WIOA, AEFLA's purposes have been expanded to include assisting adults to transition to postsecondary education and training, including through career pathway programs. Further, WIOA formalizes the role of adult education in assisting English language learners to acquire the skills needed to succeed in the 21st-century economy.

Comments: Numerous commenters expressed support for the expanded purposes of AEFLA. Two commenters stated that in addition to the focus on workforce development, priority service should continue for individuals who are not in the workforce and need adult education and literacy services. Another commenter expressed concern over the statutory reference in the purpose section of AEFLA to ''transition to postsecondary education and training, including through career pathways,'' stating that the focus of adult education should remain on secondary credential attainment.

Discussion: We appreciate the commenters' support for the expanded purposes of AEFLA. We agree with those commenters who stated that in addition to a focus on workforce development, services should continue to be made available for individuals who are not in the workforce and need adult education and literacy services. We believe that the Act, as well as these final regulations, provide States the flexibility to continue to provide adult education services to eligible individuals both in and out of the labor force. We do not agree, however, that the focus of adult education should remain solely on secondary school equivalency or secondary credential attainment. We believe that within the overall purposes set forth in the Act to strengthen the United States workforce development system through innovation in, and alignment and improvement of, employment, training, and education programs to promote individual and national economic growth, WIOA appropriately emphasizes transition to postsecondary education and training and career pathways. Moreover, the multiple and expanded purposes of adult education set forth in WIOA do not give us authority to limit the focus to secondary credential attainment.

Change: None.

Comments: Several commenters expressed concerns that while both the name and the purpose of the authorizing statute reference family literacy, the proposed regulations did not adequately convey the importance of eligible providers continuing to provide family literacy services. One commenter suggested that the Department add language to the proposed regulations to clarify the importance of family literacy services as an express purpose under AEFLA. Another commenter expressed concern that simply restating the statutory language in the proposed regulations might result in individuals not in the workforce being denied services and suggested that the Department revise the language of the proposed regulations.

Several of these commenters suggested that the Department consider including family literacy-relevant performance measures in the performance accountability system. One commenter suggested that the Department allow State plans to include additional performance indicators relevant to improving family literacy. Another commenter suggested that the Department convene an expert group to assist with the development of such measures.

Discussion: Proposed § 463.1 restated section 202 from the Act. Section 202 states that the purpose of AEFLA is to create a partnership between the Federal government, States, and localities to assist eligible individuals in achieving four enumerated goals, the second of which is to assist adults who are parents or family members to obtain education skills that—

(A) Are necessary to becoming full partners in the educational development of their children; and

(B) Lead to sustainable improvements in the economic opportunities for their family.

We believe this statutory language clearly and sufficiently establishes the continued importance of family literacy within the Act. Moreover, we do not believe we have the authority to emphasize any one of the four statutory purposes over others. We are aware of the concern over the continued ability to serve individuals not in the labor force. Again, as we noted above, we believe that the Act, as well as these final regulations, provide States the flexibility to continue to provide adult education services to eligible individuals both in and out of the labor force.

In terms of commenters' requests that we add family literacy measures to the performance accountability system for WIOA, the Act specifies six primary indicators of performance and does not give the Department the authority to create additional indicators of performance. However, section 116(b)(2)(B) provides States with the flexibility to identify in the State plan additional performance accountability indicators. Additionally, based upon these comments we have decided to retain the optional family literacy reporting table within the NRS, thereby supporting States' flexibility to report these measures should they opt to use them. We note that this optional reporting table was created with input from adult education administrators and practitioners and is maintained through a process that includes consultation with a technical work group comprised of State directors of adult education.

Change: None.

Comments: One commenter suggested that, in addition to the statutory reference to secondary diploma attainment, we should revise proposed § 463.1(c) to expressly include attainment of high school equivalency.

Discussion: We appreciate the commenter's suggestion and agree that acknowledging attainment of secondary school equivalency, in addition to secondary school diploma attainment, clarifies proposed § 463.1(c).

Change: We have revised § 463.1(c) to include the attainment of the recognized equivalent of a secondary school diploma.

Comments: One commenter suggested that proposed § 463.1(d) might be strengthened by adding language from proposed § 463.31 concerning the definition of an English language acquisition program.

Discussion: We appreciate the commenter's suggestions and agree that, in instances where immigrants need English language acquisition services, this suggestion might strengthen the regulations. However, we note that not all immigrants need English language acquisition services and that making this change could limit immigrants' access to other adult education and literacy activities. Additionally, we note that in proposing § 463.1, we stated that our intent was to clarify the expanded purposes of AEFLA under WIOA. Our intent was not to expand on those purposes. We believe that § 463.1(d) as proposed achieves the clarity that we sought and also maintains maximum State flexibility to address diverse

immigrants' needs for adult education and literacy activities.

Change: None.

463.3 What definitions apply to the Adult Education and Family Literacy Act programs?

Proposed § 463.3 identified 31 terms used in WIOA that pertain to AEFLA. In some instances, the terms, as defined in titles I and II, apply across all six of the programs authorized or amended under WIOA, including the Adult, Dislocated Worker, and Youth programs (title I of WIOA); AEFLA (title II of WIOA); the Employment Service program under the Wagner-Peyser Act of 1933 (title III of WIOA); and the Vocational Rehabilitation program authorized under title I of the Rehabilitation Act of 1973 (title IV of WIOA) (together, ''core programs''). In other instances, the terms are specific to AEFLA, title II of WIOA. Proposed § 463.3 is intended to assist AEFLA grantees by centralizing relevant definitions into one section. Proposed § 463.3 also identifies terms found in EDGAR that apply to State grant programs and that are relevant to AEFLA. Seven additional terms used in WIOA are not explicitly defined elsewhere. We have listed and defined these terms under ''other definitions'' to clarify their meaning for purposes of the AEFLA program.

Concurrent Enrollment

Comments: One commenter concurred with our proposed definition but noted that other sections of the proposed regulations referred to six, rather than four, core programs. This commenter asked that the proposed definition be revised to be consistent with other related regulations. Two commenters stated that co-enrollment should not be limited to the core programs and should include postsecondary education and training. Additionally, in a comment under § 463.22 (see below) a commenter suggested that we remove the limitation of the definition to this subpart F only.

Discussion: We appreciate the suggestion supporting consistency throughout the proposed regulations and agree that in the proposed definition of concurrent enrollment we should have referred to six, rather than four, core programs. We also note that when we originally proposed this definition we stated that it was for purposes of administration of the AEFLA program and that we acknowledged that in practice the term often had a wider meaning. We also originally proposed the definition specifically for purposes of this subpart F in which proposed § 463.60(b) listed allowable educational programs for criminal offenders in correctional institutions and other institutionalized individuals.

Through the definition of concurrent enrollment, we clarify that postsecondary education is not an allowable use of AEFLA funds under § 463.60(b)(6). Finally, we agree with the commenter who suggested that we not limit the definition of concurrent enrollment only to this subpart F.

Change: We have revised the definition of ''concurrent enrollment'' in § 463.3 to correct the reference to core programs to six rather than four. We have also removed the limitation on this definition applying to only subpart F.

Reentry Initiatives and Post Release Services

Comments: Regarding the definition of ''reentry initiatives and post release services,'' one commenter objected to the proposed definition's reference to release from prison. This commenter suggested that replacing prison with the term correctional institution as defined in WIOA would not unnecessarily limit reentry services.

Discussion: We appreciate the commenter's desire to maintain maximum flexibility in providing reentry services and agree that the final rule should not unnecessarily limit these services.

Change: We have revised the definition of ''re-entry and post-release services'' in § 463.3 to apply to release from a correctional institution.

Comments: One commenter suggested that the statutory definition of ''basic skills deficient'' be expanded in final regulations to provide additional time for both adults who have not taken standardized tests and adults with undiagnosed learning disabilities.

Discussion: We appreciate the commenter's concern for being able to provide optimal supports for adults who may be unfamiliar with standardized testing and adults with learning disabilities. We have reviewed the definitions of both ''individual with a barrier to employment'' in section 3(24) of the Act and ''individual with a disability'' in section 3(25) of the Act and conclude that they are adequate to include adults with learning disabilities and adults who may be unfamiliar with standardized testing. We also note that section 504 of the Rehabilitation Act of 1973 requires that eligible providers provide appropriate test accommodations as needed.

Change: None.

Subpart C—How does a state make an award to eligible providers?

§ 463.20 What is the process that the eligible agency must follow in awarding grants or contracts to eligible providers?

Proposed § 463.20 describes the process that an eligible agency must follow when awarding grants or contracts to eligible providers. WIOA retains the WIA requirement that an eligible agency award multiyear grants or contracts on a competitive basis to eligible providers for the purpose of developing, implementing, and improving adult education within the State or outlying area. WIOA also retains the WIA requirement that an eligible agency ensure that all eligible providers have direct and equitable access to apply and compete for grants and contracts under AEFLA. Title II of WIOA further requires an eligible agency to use the same grant or contract announcement and application processes for all eligible providers in the State or outlying area. Under WIA, when awarding grants under AEFLA, State eligible agencies were required to consider 12 factors. WIOA revises these 12 factors and adds one additional factor relating to the alignment between proposed activities and services and the strategy and goals of the local plan, and the activities and services of the one-stop partners. Eligible agencies must also consider under WIOA the coordination of the local education program with available education, training, and other support services in the community.

Comments: One commenter expressed support for proposed § 463.20, but noted that that the description of individuals in the community who are identified as most in need of adult education no longer contains a stipulation for determining an individual's need based on income. The commenter recommended that, since WIOA requires the alignment between proposed activities and services and the strategy and goals of the local plan, States be allowed flexibility to implement additional factors such as income when determining most in need.

Discussion: We appreciate the commenter's concerns for meeting the education and employment needs of low-income individuals. While WIA explicitly required that, in awarding grants or contracts under title II, the eligible agency must consider the commitment of the eligible provider to serve individuals in the community who are most in need of literacy services, including individuals who are low income or have minimal literacy skills, WIOA does not explicitly contain

such a requirement for consideration. However, § 463.20(d) does require that the eligible agency consider the degree to which the eligible provider would be responsive to serving individuals in the community who were identified in the local plan as most in need of adult education. The local plan must include an analysis of the education and skill levels of the workforce, including individuals with barriers to employment. Section 3 of the Act includes low-income individuals as one population in the definition of individuals with barriers to employment. We believe the requirement for an eligible agency to consider the extent to which an eligible provider is responsive to serving those individuals identified in the local plan as needing adult education, combined with local plan requirements to serve those with barriers to employment, will result in better access to education and training for all individuals with barriers to employment, including low-income individuals. Therefore, consistent with the needs identified in the approved Unified or Combined State Plan, we believe States have the flexibility to implement additional factors such as income when determining most in need. We remind States that choose to implement such additional factors of the requirement in section 223(c) of WIOA to identify to eligible providers that the rule or policy is being imposed by the State.

Change: None.

Comments: Another commenter expressed support for proposed § 463.20, which included a restatement of the 13 considerations that State eligible agencies must take into account in making awards to eligible providers. The commenter asked the Department to consider adding two additional considerations intended to support partnership development among core programs—one addressing co-enrollment and another addressing braided funding. Other commenters suggested that we add an additional consideration: Whether the eligible entity has a comprehensive plan to publicize the availability of adult education programming and the capacity to ensure ongoing communication, where appropriate, through partnerships or coordination with other entities, including public television stations. These same commenters suggested that we amend proposed § 463.20(d)(10) to include public television stations.

Discussion: We note that proposed § 463.20 restated the statutory requirements regarding the process that the eligible agency must follow in awarding grants or contracts to eligible providers. While we appreciate the commenters' support for developing robust local partnerships to support successful WIOA implementation, we do not believe that we have the authority to add additional required considerations beyond the 13 specified in WIOA. We agree that the strategies suggested by commenters can support robust partnership development. We further note that § 463.20 does not preclude eligible providers from engaging in these strategies. Co-enrollment and braided funding may be ways in which an eligible provider demonstrates that it meets the requirements of § 463.20(d)(4) or § 463.20(d)(10). Similarly, engagement with public television stations may be one of the ways in which an eligible provider demonstrates to the eligible agency that it meets the requirements of § 463.20(d)(10).

Change: None.

§ 463.21 What processes must be in place to determine the extent to which a local application for grants or contracts to provide adult education and literacy services is aligned with a local plan under section 108 of WIOA?

WIOA promotes coordination between the Local WDBs and adult education providers by requiring in section 107(d)(11)(B)(i) that the local WDB review applications for AEFLA funds submitted to the eligible agency by eligible providers to determine whether the application is consistent with the local workforce plan, and to make recommendations to the eligible agency to promote alignment with the local workforce plan. Proposed § 463.21 required an eligible agency to establish procedures for the Local Board review in its grant or contract application process and also established the type of documentation that must accompany the application. The proposed regulations also required the eligible agency to consider the results of the local WDB review in determining the extent to which the application addresses the requirements of the local plan developed in accordance with section 108 of WIOA. The purpose of the proposed regulation is to establish uniform procedures within the State and outlying area for a local WDB to review an application and to ensure that the eligible agency considers the review in its award of grants and contracts for adult education and literacy activities.

Comments: Multiple commenters stated that proposed § 463.21 supported improved alignment between local workforce development plans and adult education providers and expressed their support for this goal. Many of these commenters added that it was essential for the State to set consistent guidelines and uniform procedures. One of these commenters further suggested that the Department require States to (1) implement a standardized process for use statewide, (2) develop a standardized rubric for Local WDBs to use in implementing the process, and (3) develop the process in consultation with Local WDBs. Some of these commenters raised concerns about adequate time for the local WDB to conduct its review as outlined in proposed § 463.21, and one commenter suggested that we expand the language in proposed § 463.21 to include a requirement for the Local WDBs to complete their reviews by a date specified by the eligible State agency.

Discussion: We appreciate commenters' support for the goal of improved alignment between local workforce development plans and adult education service delivery. We agree that it is important that States set consistent guidelines and uniform procedures. We also acknowledge that there is diversity among States and local workforce development areas. As a result of this diversity, we believe there is a need to provide States with flexibility in meeting the statutory requirements for Local WDBs to review eligible providers' applications for consistency with the local workforce development plan and make recommendations to the eligible agency to promote alignment with the plan. We believe that adding the level of specificity suggested by commenters will limit States' flexibility in meeting the statutory requirements.

Change: None.

Comments: One commenter stated that neither section 107 nor section 232 of WIOA prescribed the time frame or the method for local WDB review or dictated the manner in which Local WDBs should make recommendations. The commenter maintained that, as proposed, § 463.21 would require an eligible provider to first submit its application to the local WDB. The commenter felt that this requirement was too restrictive and that States should be afforded the ability to develop operational processes to ensure alignment, consistent with sections 107 and 232 of WIOA.

Discussion: We agree with the commenter that, as proposed, § 463.21 presumed a more rigid sequence of steps for the submission of eligible providers' applications to Local WDBs that might not be optimal for all States.

Change: We have revised § 463.21(a) and (b) to allow States more flexibility

for organizing and overseeing a process for Local WDBs to review eligible providers' applications for alignment with the local workforce development plan and to make recommendations to the eligible agency to promote alignment with the local plan.

Comments: Other commenters, while supportive of the goal of improved alignment, also expressed concern regarding whether the requirement for Local WDBs to review eligible providers' applications for alignment with the local workforce development plans might be realistically implemented in large urban areas with multiple eligible providers submitting applications to provide adult education and literacy activities. Some of these commenters proposed alternative means to achieve the desired alignment. For example, one commenter suggested alternative approaches such as, engaging all eligible providers within a local workforce development area in the creation of the local or regional workforce development plan, recruiting local WDB members to serve on adult education advisory councils, and specifying roles and responsibilities of required partners in local memoranda of understanding (MOUs). Another commenter suggested substituting the requirement for local WDB review of eligible providers' applications for documentation of the eligible provider's involvement in the development of the local workforce development plan.

Discussion: We understand commenters' concern regarding implementing the new requirement for Local WDBs to review applications for title II funds submitted to eligible agencies by eligible providers. Final § 463.20 provides an eligible agency with flexibility to implement this new requirement, consistent with section 107(d)(11)(B)(i) of WIOA. The final regulations ensure all applications within a State are treated the same in the local WDB review process. The Act explicitly requires Local WDBs to review applications, and the Department is unable to include in the regulations any alternative review process that eliminates this requirement, such as those suggested by commenters.

Change: None.

Comments: A few commenters requested that we provide guidance on how to implement the requirements of proposed § 463.21 in single State areas. Some commenters suggested that the Department would need to consider flexible options that respond to States where regional consortia or workforce advisory groups perform some of the duties of Local WDBs. Other commenters suggested that State workforce development boards should be required to review preliminary decisions by the eligible State agency before funds are awarded and that this could be accomplished by State workforce development board representation on grant review committees.

We also received comments expressing concerns over the Local WDB's ability to avoid conflicts of interest and remain impartial in the conduct of the review of eligible providers' applications for alignment with local workforce development plans. To avoid such conflicts of interest at the local level, one commenter suggested that the final rule require that the State workforce board has a right to review eligible providers' applications prior to the State eligible agency issuing awards.

Discussion: Final § 463.21 recognizes the diversity among States, including single State areas, and provides flexibility in how a State establishes a process to determine the extent to which a local application for grants or contracts to provide adult education and literacy services is aligned with the local plan under section 108 of WIOA. WIOA does not, however, allow the Department to consider options that would have the effect of replacing local WDB review and recommendations with those from an alternate body or group. Additionally, AEFLA authorizes the eligible agency to award grants and contracts for adult education and literacy activities. In doing so, the eligible agency must consider a set of factors in the award of those grants or contracts, which include the degree to which the eligible provider would be responsive to the regional needs identified in the local plan. Section 463.21 describes how the eligible agency establishes a process for local WDB review in the grant or contract competition and considers the results of the review in its funding decisions. An additional requirement for the local WDB or State Workforce Development Board to review preliminary funding decisions by the eligible agency would diminish the authority of the eligible agency provided in statute. An eligible agency, however, has the flexibility to determine its application review process consistent with title II requirements, including determining how grant or contract applications are reviewed and providing safeguard measures to facilitate objective review and avoid conflicts of interest.

Change: None.

Comments: Two commenters expressed a concern that proposed § 463.21 would enable Local WDBs to determine which eligible providers would have the opportunity to submit applications to the State eligible agency or which applications the State eligible agency could fund.

Some commenters expressed concerns regarding expertise of the local WDB in adult education, and questioned its ability to adequately review eligible providers' applications. One of these commenters suggested that independent adult education experts be invited to assist Local WDBs in conducting their reviews of eligible providers' applications. The commenter suggested that we expand the proposed rule text to explicitly encourage this practice.

Discussion: We agree with commenters' concerns that local WDB reviews do not diminish the authority provided in AEFLA of the eligible agency to make funding determinations based on a variety of requirements contained in § 463.20. The purpose of the local WDB review of an eligible provider application is to determine whether such plans are consistent with the local plan under section 108 of WIOA and to make recommendations to the eligible agency to promote alignment with such a plan. The eligible agency must consider the results of the review along with other statutory considerations in making funding decisions. The Department believes that only appointed local WDB members who do not have a conflict of interest as defined in section 107(h) of WIOA are allowed to participate in the review of an eligible provider application. The rule does not preclude the local WDB from offering training to board members by adult education experts prior to participating in the review process and, therefore, a change to the regulations is not necessary.

Change: None.

§ 463.22 What must be included in the eligible provider's application for a grant or contract?

Proposed § 463.22 identifies what an eligible provider must include in its application for a grant or contract under AEFLA. An eligible provider must provide the information and assurances required by the eligible agency. The eligible provider must also describe how it will: Spend funds consistent with the requirements of AEFLA; provide services in alignment with the local plan required under section 108 of WIOA, including promotion of concurrent enrollment with title I services; fulfill one-stop partner responsibilities; meet adjusted levels of performance based on the newly-established primary indicators of

performance in section 116(b)(2)(A)(i) of WIOA and collect data to report on performance indicators; and provide services to meet the needs of eligible individuals. Eligible providers must also describe any cooperative arrangements that they have with other entities for the delivery of adult education and literacy activities and provide other information that addresses the 13 considerations outlined in § 463.20.

Comments: Regarding proposed § 463.22(a)(3), one commenter suggested that the description of providing services in alignment with local workforce plans, including promotion of concurrent enrollment with title I services should include specific reference to concurrent or co-enrollment, as we defined these terms in proposed § 463.3, that is concurrent or co-enrollment as enrollment in two or more WIOA core programs.

Discussion: We agree with the commenter that the definition of concurrent enrollment contained in § 463.3 should also be applied to sections other than subpart F.

Change: We have revised the proposed definition to remove the limitation that it applies only to this subpart F.

Comments: Regarding proposed § 463.22(a)(4), several commenters expressed concern about eligible providers' ability to meet this requirement before data on the new WIOA performance indicators becomes available. One commenter suggested that the Department amend proposed § 463.22(a)(4) to enable eligible providers to describe how they will meet additional performance indicators related to self-sufficiency and family literacy.

Discussion: We understand the commenters' concerns about the availability of data for the primary indicators of performance. We recognize that data on all indicators will not be available until after eligible agencies are required to conduct competitions under subpart C. However, the requirement in § 463.22(a)(4) is to provide a description of how the eligible provider will meet the State's adjusted levels of performance rather than to demonstrate that it has met the State's adjusted levels of performance. Additionally, the Department issued Program Memorandum OCTAE 16–02, Establishing Expected Levels of Performance and Negotiating Adjusted Levels of Performance for Program Year (PY) 2016–17 and 2017–18. In this guidance we note that the Department is using transition authority under section 503(a) of WIOA to establish a phased-in approach of negotiating and setting levels of performance for the first two program years of the initial four-year Unified or Combined State Plan. For PYs 2016–17 and 2017–18, the Department will negotiate adjusted levels of performance with States for one indicator for the AEFLA program—the measurable skill gain indicator. The Department will collect baseline data for the other five primary performance indicators during this period.

We are unable to add language to § 463.22(a)(4) that would establish additional indicators of performance because the primary indicators of performance are specified in section 116 of WIOA. A State may identify additional indicators of performance in the State plan, but these additional indicators are not subject to negotiation with the Department. In cases where a State has identified additional indicators of performance in its State plan, section 232 of the Act provides the State with the flexibility to include in its application for funds a requirement for eligible providers to describe how they will meet such additional performance indicators.

Change: None.

Comments: Regarding proposed § 463.22(a)(5)(i), one commenter questioned what we meant by providing access through the one-stop delivery system to adult education and literacy activities. This commenter stated that in areas where adult education providers and one-stop operators had minimal interactions under WIA, such providers will need time to establish the kind of working relationships now explicitly required under WIOA. The commenter expressed the hope that the Department would acknowledge that such a transformation would require a period of transition.

Discussion: We appreciate the commenter's concerns about the time needed to transform relationships among partner programs in the one-stop delivery system and recognize the need for technical assistance and guidance as the workforce system implements expanded partnership requirements. The Department is committed to providing on-going assistance to States in achieving a vision of increased access to high-quality services through the one-stop delivery system.

Change: None.

Comments: Regarding proposed § 463.22(a)(5)(ii), one commenter suggested that the regulations provide best practice strategies for title II eligible providers to use a portion of funds under WIOA to maintain the one-stop delivery system. This commenter suggested that examples of these best practices might include co-location, co-enrollment, and delivery of digital literacy and distance learning programming for one-stop customers.

Discussion: We agree with the commenter's suggestion that best practice strategies would be helpful to States as they implement one-stop provisions. However, we disagree that these regulations are the appropriate place for providing such best practices. The Department will assist in making best practices and examples available through technical assistance.

Change: None.

Comments: Three commenters suggested that we redesignate § 463.22(a)(10) to § 463.22(a)(11) and insert the following for § 463.22(a)(10): how the eligible agency, either directly or in partnership or coordination with other agencies, institutions, or organizations, will provide for the delivery of adult education and literacy services across multiple platforms, such as television, internet based, and place based.

Discussion: We appreciate the commenter's suggestions to emphasize partnerships that provide adult education and literacy services across multiple platforms. We agree that such partnerships have the potential of enhancing access to these services and remain committed to improving access to services. However, based on the requirements of section 232 of WIOA, § 463.22 contains items that are statutorily required to be in an eligible provider's application for a grant or contract, including information that the eligible agency may require. The Department cannot require additional items.

Change: None.

§ 463.23 Who is eligible to apply for a grant or contract for adult education and literacy activities?

Proposed § 463.23 lists the organizations that are eligible to apply for a grant or contract to provide adult education and literacy activities, as well as the 10 organization types that may be eligible providers, two of which are a consortium or coalition of organization types and a partnership between an employer and eligible entities. Proposed § 463.24 further permits other organization types, even if not specifically listed, to apply as eligible providers if they meet the demonstrated effectiveness requirement.

Comments: A few commenters suggested that we expand the list of potential eligible providers in proposed § 463.23. Some of these commenters stated that public television stations have demonstrated a commitment and ability to provide necessary and relevant

adult education services and suggested that we expand the list in proposed § 463.23 to include public television stations as potential eligible providers of adult education and literacy services. One commenter suggested that we might better assist States' efforts to develop employer-driven workforce development systems by expanding the list in proposed § 463.23 to include employers. Another commenter suggested that we add non-profit labor unions to the list as well.

Discussion: We appreciate the suggestions to add to the list of potential eligible providers. We believe the statutory language is flexible enough to cover other non-profit organizations and entities, such as those identified by commenters, and that it is therefore unnecessary to identify additional, specific organizations or entities.

Change: None.

§ 463.24 How must an eligible provider establish that it has demonstrated effectiveness?

To ensure that programs are of high quality, proposed § 463.24 would further clarify how an organization previously funded under title II of WIOA, as well as an organization not previously funded under title II of WIOA, could demonstrate effectiveness by providing performance data in its application. This clarification would help States conduct fair and equitable grant competitions for all eligible providers.

Comments: Multiple commenters expressed support for the requirement to use past performance data to establish demonstrated effectiveness. Several of these commenters also suggested that we add a requirement to specify past performance data with particular subpopulations, for example learning disabled adults or English language learners. One of these commenters suggested that the final regulations allow for special consideration of eligible providers that have worked with adults having the lowest levels of educational attainment. A few commenters suggested that the Department issue non-regulatory guidance to assist States and potential eligible providers in better understanding what specific types of data may be used to meet the requirements in proposed § 463.24.

Discussion: We appreciate the commenters' support for using past performance data to establish demonstrated effectiveness. We note that in the NPRM, we specified data on past performance in improving the skills of eligible individuals, as defined in section 203(4) of WIOA, which includes individuals who are basic skills deficient, individuals who do not have a secondary school diploma or its recognized equivalent, and English language learners. We also included the requirement to pay particular attention to past effectiveness in serving eligible individuals who have low levels of literacy. We also note that the final rule does not preclude a State from also considering other subpopulations that may have been identified in the State's unified or combined plan. We believe that any further delimitation of the types of individuals served in the past might limit States' flexibility to respond to emerging needs within a State, regional or local economy. Additionally, creating special consideration for certain eligible providers would violate the requirement in the Act that eligible providers have direct and equitable access to apply for funds. As in the past, the Department expects to provide training and technical assistance to eligible agencies.

Change: None.

Comments: Many commenters supportive of proposed § 463.24 were also concerned about the lack of past performance data on WIOA performance accountability indicators during the initial years of WIOA implementation. These commenters suggested that we revise § 463.24 to enable eligible providers to establish that they have demonstrated effectiveness using applicable performance measures from the most recent reporting period.

Discussion: We recognize concerns about the availability of performance data under WIOA in the initial years of WIOA implementation and acknowledge that full performance data on WIOA primary indicators of performance may not be available when eligible providers are making initial applications for funding. However, we believe that § 463.24 provides an alternative for applicants that may not have WIOA primary indicators of performance data available. The regulations allow any eligible provider that has never been funded under title II of WIOA, which would include all eligible providers during the initial years of WIOA, to provide performance data to demonstrate its effectiveness in serving basic skills deficient eligible individuals, including data demonstrating a record of success on outcomes related to improving the skills of eligible individuals, particularly eligible individuals who have low levels of literacy, in the content domains of reading, writing, mathematics, English language acquisition, and other subject areas relevant to the services contained in the State's application for funds.

Change: We have revised § 463.24 to clarify that an eligible provider that has not been previously funded under title II of WIOA may demonstrate effectiveness by providing performance data related to its record of improving the skills of eligible individuals, particularly eligible individuals who have low levels of literacy, in the content domains of reading, writing, mathematics, English language acquisition, and other subject areas relevant to the services contained in the State's application for funds.

Comments: One commenter suggested that we revise proposed § 463.24 to require three years of past performance data and that we include past data on student persistence as well. The commenter suggested that we consider using an eligible provider's post-test rate as an indicator of student persistence. Another commenter supportive of eligible providers using past performance data to establish that they have demonstrated effectiveness suggested that we also include a requirement to provide data on co-enrollment in other core programs as well as postsecondary career and technical education.

Discussion: We appreciate the commenters' recommendations to include additional requirements in § 463.24 to be used in determining demonstrated effectiveness. However, we believe the proposed regulation provides reliable data on participant outcomes that are reflective of program effectiveness. The requirement to provide three years of data and inclusion of additional factors would limit flexibility for States and eligible providers.

Change: None.

Comments: One commenter suggested that we expand proposed § 463.24 to include § 463.24(d), which would state that the title II eligible State agency is responsible for defining how both current and new applicants are evaluated in the grant competitions when determining demonstrated effectiveness.

Discussion: We agree with comments that recognize that the eligible agency for title II is responsible for determining if an applicant is of demonstrated effectiveness. Section 463.20 makes clear that the eligible agency is responsible for awarding grants and contracts to eligible providers within the State or outlying area to provide adult education and literacy activities and the processes it must follow in doing so. We believe the rule is clear and that no further clarification is necessary.

Change: None.

Comments: Two commenters expressed concerns regarding the requirement in proposed § 463.24 for eligible providers to establish that they have demonstrated effectiveness based upon past performance data. These commenters felt that this requirement limited potential eligible providers to organizations with past experience providing adult education and literacy services. These commenters felt that proposed § 463.24 did not provide eligible providers the opportunity to demonstrate capacity for effectiveness.

One of these commenters stated that proposed § 463.24 limited a State's ability to cultivate or develop new eligible providers of adult education and literacy services. According to this commenter, the requirement in proposed § 463.24 that an eligible provider establish that it has demonstrated effectiveness based upon its past performance data did not allow for States to consider new providers with qualified staff but no past performance data. The commenter suggested that there may be circumstances in which States may want the flexibility to consider the past performance data of individual members of an eligible provider's proposed staff rather than the organization as a whole.

Another commenter stated employers, in particular, as potential eligible providers might have a difficult time meeting the past performance data requirements set forth in proposed § 463.24 and suggested we consider the postsecondary education practice of establishing demonstrated capacity to provide effective education and occupational training services.

One commenter suggested that we revise proposed § 463.24 to allow flexibility for equivalent past performance data with similar subpopulations and institute a provisional year for funding eligible providers able to present adequate equivalent past performance data until more relevant past performance data on actual adult education and literacy services with particular subpopulations becomes available.

Discussion: We agree with commenters who expressed concern that the requirement to demonstrate past effectiveness should not limit qualified eligible providers from competing for grants and contracts to provide adult education and literacy services. The regulation establishes uniformity for how past effectiveness is determined so that all eligible providers are treated fairly in the grant competition. Section 463.24 provides an opportunity for an eligible provider who does not have performance data as defined in the Act to demonstrate past effectiveness by providing data that demonstrates it has been previously effective in serving basic skills deficient eligible individuals. This data may demonstrate past effectiveness in improving reading, writing, mathematics, English language acquisition and other subject areas relevant to services contained in the State's application for funds. We believe this provides flexibility for how an applicant may meet the statutory requirement for having demonstrated effectiveness. In regard to recommendations made to require demonstrated effectiveness related to specific subpopulations, we believe the provision in § 463.24 for an application to demonstrate effectiveness in subject areas relevant to the State's application allows the State the flexibility to garner such information, as appropriate. We are not able to substitute ''establishing demonstrated capacity to provide effective educational and occupational training services'' or to substitute past effectiveness of staff since such a change would not meet the Act's requirement for demonstrated effectiveness. Additionally, we do not believe that instituting a provisional year for eligible providers to gather data meets the Act's requirement for demonstrated effectiveness based upon past performance.

Change: None.

Comments: One commenter questioned the clarity of proposed § 463.24 and suggested that we make clear that proposed § 463.24(b) and (c) are intended to specify means by which eligible providers might meet the requirements in § 463.24(a), and are not additional data submission requirements.

Discussion: We agree that § 463.24(b) and (c) are not intended to result in additional data submission requirements, but rather that the eligible agency must make a means available in the application process for eligible providers to present such data in the application for a grant or contract.

Change: We have revised § 463.24 to more clearly indicate that proposed § 463.24(b) and (c) are two ways in which eligible providers might meet the requirements in § 463.24(a).

§ 463.25 What are the requirements related to local administrative cost limits?

Comments: None.

Discussion: As part of the formal clearance process, we identified a need to clarify § 463.25 to better align with the final joint regulations.

Change: We revised § 463.25 to clarify that the eligible agency may increase the amount that can be spent on local administration in cases where the cost limits are too restrictive to allow for specified activities.

§ 463.26 What activities are considered local administrative costs?

Comments: One commenter expressed support for proposed § 463.26. The remainder of the comments that we received regarding proposed § 463.26 focused specifically on § 463.26(e). While commenters supported the use of administrative rather than program funds, these commenters also expressed concern regarding the adequacy of the available local administrative funds to cover AEFLA program administration costs and the provisions of proposed § 463.26(e)—*i.e.,* carrying out the one-stop partner responsibilities described in the proposed joint regulations about one-stop partner responsibilities including contributing to the infrastructure costs of the one-stop delivery system. Some commenters suggested limiting the amount of local administrative funds that could be used for carrying out the partner responsibilities described in § 678.420 including contributing to the infrastructure costs of the one-stop delivery system to not more than 1.5 percent of an eligible provider's total AEFLA funding. One commenter suggested that the cap on administrative funds be raised in order to meet the requirements of proposed § 463.26(e). Another commenter suggested that additional guidance on contributions to the infrastructure costs of the one-stop delivery system was needed.

Discussion: We acknowledge the concern expressed by some commenters regarding the adequacy of funds available to cover local administrative costs, particularly as it relates to carrying out one-stop partner responsibilities. The proposed joint regulation describing the local funding mechanism for one-stop infrastructure costs reiterates that the amount of local administrative funds that may be used for one-stop infrastructure costs must be based on proportionate use of the one-stop delivery system and relative benefit received. Additionally, as stated in § 463.25, in cases where the eligible provider believes the 5 percent limitation on administrative costs is too restrictive to allow for administrative activities, including the partner responsibilities to support the one-stop delivery system, the eligible provider may negotiate with the eligible agency to determine an adequate level of funds

to support non-instructional activities. We conclude, therefore, that § 463.25 gives eligible providers adequate flexibility to address the commenters' concerns.

We appreciate the commenter's request for guidance on contributions to the infrastructure costs of the one-stop delivery system. We are working with our partners at the U.S. Department of Labor to develop joint guidance and technical assistance to states on the implementation of the infrastructure cost provisions.

Change: None.

Subpart D—What are adult education and literacy activities?

§ 463.31 What is an English language acquisition program?

Proposed § 463.31 restates the statutory requirement in section 203(6) of WIOA that an English language acquisition program under the Act be designed to help English language learners achieve competence in reading, writing, speaking, and comprehension of the English language. It also clarifies a new requirement under WIOA that the program must lead to the attainment of a secondary school diploma or its recognized equivalent, and transition to postsecondary education or training, or lead to employment.

Comments: Multiple commenters expressed support for the statutory requirement (restated in proposed § 463.31(b)) that an English language acquisition program must lead to attainment of a secondary school diploma or its recognized equivalent and transition to postsecondary education and training, or employment. These commenters stated that this requirement would support successful implementation of career pathways programs. Other commenters stated that this new requirement seemed to contradict the retention of family literacy activities as an express purpose under the Act. These commenters stated that eligible providers funded under the Act provide English language acquisition services to English language learners whose primary reason for participating is to support the educational development of their children, and who may not have immediate goals related to employment or postsecondary education. Commenters suggested that we revise proposed § 463.31(b) such that the program of instruction must lead to documented improvement in literacy levels for the purposes of family literacy, or the attainment of a secondary school diploma or its recognized equivalent and transition to postsecondary education or training, or lead to employment.

Discussion: We appreciate the support of commenters who stated that the new statutory requirement for an English language acquisition program to lead to attainment of a secondary school diploma or its recognized equivalent and transition to postsecondary education and training, or employment, supports the successful implementation of career pathways programs. We do not agree that this new requirement contradicts the retention of family literacy as an adult education and literacy activity under the Act. We acknowledge that students participate in adult education and literacy activities—including family literacy and English language acquisition—for a variety of reasons, not all of which are related to credential attainment, a transition to postsecondary education, or employment. However, we do not believe that the statutory requirement that the English language acquisition *program* must lead to attainment of a secondary school diploma or its recognized equivalent, transition to postsecondary education and training, or employment, precludes serving eligible individuals whose primary motivation for participating in the program is to support the educational development of their children. Moreover, § 463.1(b) clarifies the appropriateness of serving such eligible individuals. We believe that it is clear that English language acquisition programs should not discourage or exclude eligible individuals from participation, regardless of whether they are seeking a secondary school diploma or its recognized equivalent, or transition to postsecondary education or training or employment. We do not believe that we have the authority to expand the statutory requirement by adding a family literacy-specific requirement for English language acquisition programs to the final regulations. We also note that through the measurable skill gains performance indicator, documented improvements in literacy levels are already inherently a part of all adult education and literacy activities reported in the NRS.

Change: None.

Comments: A few commenters interpreted proposed § 463.31(b) to mean that adult English language learners are expected to attain a secondary school diploma or its recognized equivalent and transition to postsecondary education or training, or obtain employment within a program year. These commenters expressed concerns regarding the feasibility of such an expectation and noted that it was inconsistent with the Act's intent to serve eligible individuals who are basic skills deficient. One of these commenters expressed a concern that the perception that participants were meant to achieve the outcomes in proposed § 463.31(b) within a program year might result in lower-skilled individuals not being served. This commenter suggested that the Department provide guidance on how eligible providers can provide English language acquisition services to lower-skilled learners in accordance with the requirements of proposed § 463.31.

Discussion: We appreciate the commenters' concerns for continuing to serve all levels of English language learners, including lower-skilled individuals and individuals who are basic skills deficient. We agree that continuing to serve these English language learners is consistent with the intent of the Act. We believe that this is reinforced in § 463.20(d)(1) and (d)(2) through the considerations that eligible agencies must take into account in awarding grants and contracts to eligible providers. We also believe the flexibility that we provide English language acquisition programs in § 463.32 to meet the requirement in § 463.31(b) further supports eligible providers' ability to serve English language learners at all levels, including lower-skilled individuals and individuals who are basic skills deficient.

Change: None.

Comments: Numerous commenters expressed concerns that some English language learners already have secondary (and, sometimes postsecondary) credentials from their native countries, while others are already employed upon enrollment in English language acquisition activities. Thus, such individuals may not be seeking English language acquisition services for reasons related to the attainment of a secondary school diploma (or its recognized equivalent), transition to postsecondary education and training, or employment, and, therefore, would not be eligible to participate in English language acquisition activities. These commenters suggested that we delete the phrase ''that leads to'' in § 463.31(b) and substitute in its place the phrase ''that provides opportunities that include but are not limited to.'' Several of these commenters also requested that we provide additional guidance on how English language learners with secondary or postsecondary credentials from their own country might be served in an English language acquisition program under WIOA.

Discussion: We appreciate the commenters' concerns for continuing to serve all levels of English language learners including professionals with degrees and credentials from their native countries. As stated earlier, we do not believe that the statutory requirement that the English language acquisition program must lead to attainment of a secondary school diploma or its recognized equivalent and transition to postsecondary education and training or employment precludes serving eligible individuals whose primary motivation for participating in the program is other than credential attainment or employment-related. Section 463.31(a) states clearly that an English language acquisition program is a program of instruction designed to help English language learners achieve competence in reading, writing, speaking, and comprehension of the English language. We do not believe that the program design requirements set forth in § 463.31(b) are intended to limit services to particular types of students with particular goals or reasons for participating. We believe that any eligible individual who is an English language learner, as defined in section 203(7) of WIOA, can be served by an English language acquisition program and should not be dissuaded from participation in such programs. Additionally, eligible agencies and eligible providers may want to consider which adult education and literacy activities—*e.g.,* English language acquisition or integrated English literacy and civics education—best meet the needs of particular English language learners and, to the extent possible, match services available to students' needs.

Change: None.

Comments: One commenter expressed support for what the commenter described as the renaming of ESL (English as a Second Language) to ELA (English Language Acquisition). Multiple commenters expressed a concern over potential confusion that might arise in adopting the acronym ELA to represent English language acquisition. According to these commenters, the acronym ELA is already widely used in education to represent English language arts. Other commenters requested that we allow States to choose to continue using extant nomenclature for English language acquisition activities. According to this commenter, States should continue to be able to refer to these services as English as a Second Language (ESL) or English for Speakers of Other Languages (ESOL) consistent with past practice within a particular State.

Discussion: We appreciate the commenters' concern for clarity and for proactively avoiding any possible confusion. We note that in proposed § 463.31 we restated terminology that is in the Act. We did not propose using any particular acronym to describe services for English language learners. We agree that States should continue to be able to refer to services in a manner that is most appropriate to the particular circumstances within a State as long as the program or services meet the Act's definition of English language acquisition. We also note that we will continue to use language that is consistent with that used in the Act.

Change: None.

§ 463.32 How does a program that is intended to be an English language acquisition program meet the requirement that the program lead to attainment of a secondary school diploma or its recognized equivalent and transition to postsecondary education and training, or employment?

Proposed § 463.32 seeks to establish how an English language acquisition program must meet the new requirement that it lead to secondary school completion (attainment of a diploma or its recognized equivalent) and transition to postsecondary education and training or employment. Section 463.32 proposes that a program may satisfy the requirement by using rigorous and challenging adult education standards that meet the requirements in the Unified or Combined State Plan, providing supportive services that assist an individual to transition to postsecondary education or training, or designing the program to be a part of a career pathway. These programs or services have been identified as having a positive impact on the successful transition of adults to postsecondary education and training and employment. We invited public input on these proposals and requested suggestions regarding other methods that may be used to meet the requirement.

Comments: One commenter expressed support for proposed § 463.32, stating that it allows title II providers the necessary flexibility to enable English language acquisition programs to be part of career pathways.

Discussion: We appreciate the commenter's support and agree that § 463.32 allows eligible providers flexibility to enable English language acquisition programs to be part of career pathways.

Change: None.

Comments: Several commenters stated that proposed § 463.32(a) requires States to have an English Language Acquisition curriculum aligned with State adult education content standards. These commenters expressed concerns that States do not have such a curriculum, and that it might take considerable time and additional resources to develop such a curriculum. One of these commenters noted that some States are precluded by State law from creating such a curriculum. These commenters therefore recommended that this requirement be removed or modified. If we modified the requirement, many of these commenters suggested that we replace the word ''curriculum'' with the phrase ''instruction and instructional materials.'' One commenter requested that we provide a timeline and expected degree of alignment (as a percentage) required between a curriculum and State adult education standards.

Discussion: We appreciate the commenters' concerns regarding the creation of State curricula for English language acquisition programs. In proposing § 463.32(a) we did not intend to require States to have an English language acquisition curriculum aligned to the State's content standards for adult education. It was our intention to propose that implementation of the State's content standards for adult education would be one option for meeting the requirement in § 463.31(b) and that one way to demonstrate implementation of the State's content standards for adult education was through use of an aligned curriculum. The proposed regulation does not require that such a curriculum be a State curriculum. Rather, it requires that a curriculum be aligned with the State adult education content standards. This would allow flexibility for a curriculum to be a local curriculum as long as it is aligned with the State content standards.

Change: We have revised § 463.32(a) to clarify that a State or local curriculum, lesson plans, or instructional materials, if aligned with State adult education content standards, may demonstrate that an English language acquisition program is implementing the State's content standards for adult education.

Comments: Regarding proposed § 463.32(b), numerous commenters expressed concerns regarding our use of the term ''supportive services.'' Commenters noted that supportive services are defined in section 3(59) of the Act. Commenters stated that few adult education programs had sufficient

funds to provide such services using title II funds. Commenters suggested that we revise proposed § 463.32(b) to read as follows: Offer case management or educational and career counseling services that enable an eligible individual to access support in order to attain a secondary school diploma or its equivalent and transition to postsecondary education or employment. One commenter supported our use of the term supportive services as defined in WIOA stating that such services are often necessary to support students' attainment of a secondary credential and transition to postsecondary education and training.

Discussion: We appreciate commenters' concerns regarding the use of limited title II funds to provide supportive services. In proposing § 463.32(b), we did not intend that eligible providers use title II funds to provide supportive services as defined in section 3(59) of the Act for the purpose of demonstrating that an English language acquisition program leads to attainment of a secondary school diploma or its recognized equivalent and transition to postsecondary education and training or leads to employment. It was our intention that an English language acquisition program could meet the requirement of § 463.31(b) by offering educational and career counseling services that enabled English language learners to transition to further education or employment. While we agree with the commenter who stated that supportive services are often necessary to support students' attainment of a secondary credential and transition to postsecondary education and training, we do not believe that supportive services, as that term is defined in section 3(59) of the Act, is an appropriate method to meet the intent of § 463.32 or an appropriate use of AEFLA funds. We encourage eligible providers to collaborate with other required partners in the local workforce development area to provide participants access to appropriate supportive services.

Change: We have revised § 463.32(b) to more clearly state our intent for how eligible providers might demonstrate that an English language acquisition program is meeting the requirement of § 463.31(b) by offering educational and career counseling services that enable English language learners to transition to further education or employment.

Comments: Regarding proposed § 463.32(c), several commenters suggested that we provide non-regulatory guidance on how English language acquisition services for lower level students can be part of a career pathway. Multiple commenters suggested that we elaborate on the language in proposed § 463.32(c) to read as follows: Be part of a career pathway that includes at lower levels career-infused provisions including infusing contextualizing instructions around high demand job clusters in the area, integrating work readiness skills and integrating career awareness and planning. One commenter suggested that we add a definition of career pathways that includes an emphasis on pathways to jobs with family-sustaining wages to the regulations. Other commenters requested that we clarify whether the term career pathways as applied under proposed § 463.32(c) requires coordination with career pathways being implemented by Local WDBs pursuant to section 107(d)(5) of WIOA.

Discussion: We appreciate the commenters' desire to understand how English language acquisition programs serving lower-skilled English language learners can be part of a career pathway. We have historically provided substantive and on-going technical assistance on how adult education programs serving lower-skilled learners can be designed to provide on-ramps and bridges to career pathways. We urge commenters to consult these resources available through the Literacy Information and Communication System (LINCS) at *http://lincs.ed.gov/.* While we agree that rephrasing § 463.32(c), as proposed by some commenters, is one way to describe how an English language acquisition program might be part of a career pathway, we do not agree that it is, or should be, the only way. We believe that the statutory definition of career pathways is adequate for English language acquisition programs that opt for § 463.32(c) as a means to meet the requirement that the program lead to secondary school completion (attainment of a secondary school diploma or recognized equivalent) and transition to postsecondary education and training or lead to employment. We encourage English language acquisition programs using this option to coordinate, as appropriate, with career pathways being implemented by Local WDBs pursuant to Section 107(d)(5) of WIOA.

Change: None.

Comments: One commenter stated that proposed § 463.32(a), (b), and (c) are all necessary to support low-skilled adults' advancement along career pathways and suggested that we revise the regulation to make them all required. Several other commenters suggested that the regulation should be revised such that all programs are required to demonstrate that they meet proposed § 463.32(a) as well as either proposed § 463.32(b) or (c). Other commenters encouraged the Department to maintain maximum flexibility in how English language acquisition programs might meet the statutory requirement that the program leads to attainment of a secondary school diploma or equivalent and transition to postsecondary education and training or leads to employment.

Discussion: We agree with commenters that proposed § 463.32(a), (b), and (c) are all important to support low-skilled adults' advancement along career pathways. We also note that States' English language acquisition programs are diverse and have varying levels of programmatic capacity. While larger, better-resourced programs might be able to meet all three requirements proposed in § 463.32, other programs that also contribute to adults' advancement along a career pathway might not be able to meet all three requirements. We therefore agree with those commenters that urged us to maintain maximum flexibility in how English language acquisition programs might meet AEFLA's requirement that the program leads to attainment of a secondary school diploma or its recognized equivalent and transition to postsecondary education and training or leads to employment.

Change: None.

Comments: One commenter suggested that we add an additional provision to allow programs to meet the requirement by offering health, financial, and general literacy to promote self-sufficiency.

Discussion: We appreciate the commenter's response to our request for alternatives to the three options we proposed. We also agree with the commenter that the topics of health, financial, and general literacy to promote self-sufficiency are important for adult English language learners to master. However, we do not believe that mastery of these topics alone necessarily leads to attainment of a secondary school diploma or its recognized equivalent and transition to postsecondary education and training or leads to employment, as AEFLA requires.

Change: None.

Comments: Another commenter expressed support for proposed § 463.32 and suggested that we add the additional provision for how an English language acquisition program might meet the requirement that the program lead to the attainment of a secondary school diploma or its recognized

equivalent and transition to postsecondary education and training or lead to employment. This commenter suggested that all English language acquisition programs offered by postsecondary institutions that articulate to other postsecondary programs offered at the respective institutions be considered as meeting the requirement.

Discussion: We appreciate the commenter's response to our request for alternatives to the three options we proposed. We also note that intra-institutional articulation of courses is an important step in the development of career pathways. However, we further note that intra-institutional articulation among courses does not necessarily always result in career pathways as defined in section 3(7) of the Act. Providing this option, then, could result in a particular subset of adult English language acquisition eligible providers being able to meet the requirement of § 463.31(b) by using a lower standard than other types of eligible providers. We believe that English language acquisition programs offered by postsecondary institutions may meet the requirement in § 463.31(b) using one or more of the three options we originally proposed.

Change: None.

§ 463.33 What are integrated English literacy and civics education services?

WIOA includes among the authorized adult education and literacy activities a set of services that were previously authorized through annual appropriations acts, rather than through title II of WIA. These services are integrated English literacy and civics education services, which WIOA defines in section 203(12) as educational services that include both literacy and English language instruction integrated with civics education. Under WIOA, these services may be provided to adults who are English language learners, including those who are professionals with degrees or credentials in their native countries, and may include workforce training. Proposed § 463.33 restates AEFLA's statutory language pertaining to integrated English literacy and civics education services.

Comments: Several commenters expressed support for the definition of English literacy and civics education services. Many of these same commenters expressed confusion over the distinction between integrated English literacy and civics education as an adult education and literacy activity in § 463.30 and the Integrated English Literacy and Civics Education program in subpart G of these regulations.

Discussion: We thank commenters for sharing their concerns and appreciate the opportunity to clarify two distinct uses of the term integrated English literacy and civics education within our regulations. Integrated English literacy and civics education is used in two distinct ways in the Act.

First, integrated English literacy and civics education may be provided by an eligible provider as a ''required local activity'' under section 231(b), in accordance with its grant or contract with the State to provide adult education and literacy activities. An eligible provider that provides integrated English literacy and civics education as a local activity under section 231(b) is not required to provide the services in combination with integrated education and training.

Second, integrated English literacy and civics education must also be implemented as a program under section 243 of the Act with funds allocated as described in section 243. The integrated English literacy and civics education program under section 243 (see subpart G) carries additional requirements beyond those that an eligible provider must meet in implementing integrated English literacy and civics education as a local activity under section 231(b).

Services provided through section 243 (see subpart G) must include education services that enable adult English language learners to achieve competency in the English language and to acquire the basic and more advanced skills needed to function effectively as parents, workers, and citizens in the United States. It must include instruction in literacy and English language acquisition and instruction on the rights and responsibilities of citizenship and civic participation, and may include workforce training. Additionally, the section 243 integrated English literacy and civics education program must be provided in combination with integrated education and training activities.

As part of the integrated English literacy and civics education program requirements, each program that receives funding under section 243 must be designed to (1) prepare adults who are English language learners for, and place such adults in, unsubsidized employment in in-demand industries and occupations that lead to economic self-sufficiency; and (2) integrate with the local workforce development system and its functions to carry out the activities of the program.

Change: None.

§ 463.34 What are workforce preparation activities?

Proposed § 463.34 restated statutory language in WIOA that establishes workforce preparation activities as activities, programs, or services that are designed to help an individual acquire a combination of basic academic skills, critical thinking, digital literacy, and self-management skills. While adult education and literacy instruction has traditionally supported the development of basic academic and critical thinking skills, the addition of workforce preparation activities under WIOA will now also enable eligible providers to support the development of self-management skills and digital literacy. WIOA further states that workforce preparation includes developing competencies in using resources and information, working with others, understanding systems, and obtaining skills necessary to successfully transition to and complete postsecondary education, training, and employment. These competencies are commonly incorporated into definitions of employability skills. Proposed § 463.34 added employability skills to the list of competencies described in WIOA to further clarify the definition of workforce preparation.

Comments: One commenter questioned the need to use the term workforce preparation activities, stating that such activities were already a de facto part of existing adult basic and adult secondary education. Multiple commenters expressed support for inclusion of workforce preparation activities in the Act and stated that such instructional activities can help promote self-sufficiency and reduce generational poverty.

One commenter expressed support for inclusion of workforce preparation activities among adult education and literacy activities but expressed concern regarding the adequacy of the accountability framework to assess workforce preparation activities. Another commenter suggested that Local WDBs and adult educators work together to achieve a common ground for measuring the workforce preparation skills of individuals exiting core programs.

Discussion: We appreciate commenters' overall support for the Act's specific attention to workforce preparation activities as an explicit part of adult education and literacy activities. We acknowledge that the six primary indicators of performance set forth in section 116 of the Act may not appear to explicitly assess workforce preparation activities. However, the

Secretaries of Labor and Education have defined the measurable skill gains indicator to include attainment of an educational functioning level gain. Within the NRS for adult education, educational functioning level descriptors were recently revised to align with rigorous college and career readiness standards, which include much of the knowledge and skills listed under workforce preparation activities. We maintain, therefore, that workforce preparation activities are assessed broadly through the assessment of educational functioning levels. We further note that, given the highly contextualized nature of these activities relative to particular industry sectors and jobs as well as the diversity in State, regional, and local economic conditions, we appreciate one commenter's suggestion that Local WDBs and adult educators work together to achieve a common ground for measuring the workforce preparation skills of individuals exiting core programs. Finally, we note that States have the flexibility to identify additional performance indicators to address this concern.

Change: None.

Comments: Numerous commenters expressed support for the inclusion of digital literacy skills as part of workforce preparation activities defined in proposed § 463.34 and requested that the regulation require the use of digital literacy standards in providing these services. These commenters suggested the Northstar Digital Literacy Standards as an example.

Discussion: We appreciate the commenters' support for inclusion of digital literacy skills as part of workforce preparation activities. We also appreciate commenters' desire to base instruction of these skills on standards. However, we have authority under section 102(b)(2)(D)(ii) of WIOA only to require eligible agencies to align content standards for adult education with State-adopted challenging academic content standards, as adopted under the Elementary and Secondary Education Act, as amended. Beyond this, we do not have authority to require the adoption of, or instruction based on, any specific kind of standards.

Change: None.

§ 463.35 What is integrated education and training?

Proposed § 463.35 restated the statutory definition of integrated education and training from section 203(11) of WIOA.

Comments: Some commenters asked for clarification as to whether all eligible providers of adult education and literacy activities are required to provide integrated education and training. One commenter stated that such a requirement might not be efficient depending upon a particular adult education program's size, type, and location. The commenter speculated that it might not be sufficient that adult education programs provide adult education and literacy activities along with workforce preparation activities and refer students, as appropriate, to occupational training programs within the community. Another commenter questioned the appropriateness of integrated education and training for learners at the lowest levels. The commenter stated that integrated education and training should focus on students with an educational functioning level at or above sixth grade equivalency. The commenter further recommended that integrated education and training be focused on students with employment-related goals rather than all students.

Discussion: We appreciate commenters sharing their questions and concerns regarding whether or not all eligible providers of adult education and literacy activities are required to provide integrated education and training. We note that proposed § 463.35 merely restated AEFLA's definition of integrated education and training, which does not require all eligible providers to provide integrated education and training. Section 203(2) of the Act lists the programs, activities, and services that are allowable adult education and literacy activities. Integrated education and training is only one activity of several listed. We point out, however, that eligible agencies receiving funds provided under section 243 of the Act through the integrated English literacy and civics education program are required to provide integrated English literacy and civics education in combination with integrated education and training activities (see § 463.70(c)). Consistent with the purpose as stated in section 202 of the Act, these regulations provide eligible agencies and eligible providers the flexibility to respond to diverse adult education needs particular to State, regional, and local circumstances.

Change: None.

Comments: One commenter inquired if young adults with disabilities who are no longer eligible for special education might qualify for integrated education and training services as described in proposed § 463.35.

Discussion: We appreciate the commenter's question. Section 203(4) of the Act defines eligible individuals. Individuals who meet the stipulations set forth in section 203(4) of the Act, regardless of disability status, qualify for adult education and literacy services, including integrated education and training services as described in § 463.35.

Change: None.

§ 463.36 What are the required components of an integrated education and training program funded under title II?

Proposed § 463.36 described the three components that would be required in an integrated education and training program. These components are adult education and literacy activities, workforce preparation activities, and workforce training. Two of the components, adult education and literacy activities and workforce preparation activities, are explained in § 463.30 and § 463.34, respectively. Proposed § 463.36 further clarified the third remaining component, the workforce training component, by referencing section 134(c)(3)(D) of the Act, which identifies the activities that constitute training within the employment and training services authorized by title I–B of WIOA.

Comments: One commenter agreed that the three required components in proposed § 463.36 were essential and recommended that we add two additional requirements—supportive services and integration with job placement services and other functions of the local workforce development system. According to this commenter, supportive services and integration with job placement services and other functions of the local workforce development system are also essential to supporting students' successful completion of integrated education and training and subsequent employment.

Discussion: We appreciate the commenter's support for the proposed three required components of integrated education and training. We also acknowledge the importance of supportive services (see our discussion regarding § 463.32(b) above) and job placement services in supporting eligible individuals' educational and career advancement. However, we do not believe that WIOA provides us with the authority to add additional requirements for integrated education and training programs. We note that in § 463.38 (see below) we establish that an integrated education and training program meets the requirement that it is for educational and career advancement in part by being part of a career pathway. We believe the requirement that integrated education and training programs funded under title II be part of

a career pathway will help ensure that integrated training and education program participants can access appropriate supportive and job placement services.

Change: None.

Comments: One commenter suggested that for lower level learners we revise the three required components in proposed § 463.36 by substituting § 463.36(c), workforce training for a specific occupation or occupational cluster which can be any one of the training services defined in section 134(c)(3)(D) of the Act, for career awareness. Another commenter suggested that for lower level students we require only § 463.36(a), adult education and literacy activities, and § 463.36(b), workforce preparation activities.

Discussion: We appreciate the commenters' concerns for adequately addressing the education and employment needs of lower-skilled adults. We also agree that it is important to provide learners at all levels with career awareness services. We note that section 203(12) of the Act requires that integrated education and training include ''workforce training for a specific occupation or occupational cluster.'' We do not believe that general career awareness activities alone constitute workforce training as described in section 203(12).

Additionally, as we noted in our discussion in § 463.35, above, we do not anticipate that all eligible individuals served by an eligible provider will immediately be ready for or need integrated education and training. Some eligible individuals—depending upon local economic conditions or individual characteristics—may be best served first through other adult education and literacy activities prior to, and in preparation for, subsequent enrollment in an integrated education and training program. Again, we believe that eligible agencies and eligible providers need maximum flexibility to determine how to best address the needs and goals for job seekers and employers identified in the State and local workforce development plans.

Change: None.

Comments: One commenter expressed support for the flexibility to use title II funds for workforce training for a specific occupation or occupational cluster for the purpose of educational and career advancement. Another commenter suggested that title II providers should partner with title I providers whenever possible to ensure efficiency and avoid duplication of services. Numerous other commenters suggested that the occupational training component of integrated education and training be funded with title I funds and that those funds should be exhausted before title II funds were used for that purpose. These commenters suggested that a provision be added to the regulations similar to the limitations of use of AEFLA funds for family literacy services found in section 231(d) of the Act. Additional commenters offered alternative suggestions, including ability to benefit and employer funds that could be used for occupational training costs before title II funds were used. Commenters sharing this view further suggested that if title II funds were to be used to pay for occupational training, the regulations should provide a limit on how much of the funds could be expended on occupational training. One commenter stated that title II funds should not be used for costs associated with occupational training.

Discussion: We appreciate commenters' concerns for optimal efficiency in devoting resources to the development and provision of integrated education and training programs. We agree that whenever possible, appropriate WIOA core programs or other appropriate resources should be leveraged to maximize overall efficiency and impact of the publicly funded workforce development system. We acknowledge that reserving title II funds for the provision of adult education and literacy activities, including workforce preparation activities, and utilizing other sources of funding, as appropriate, to provide the workforce training component can extend the availability of much-needed adult education and literacy services. We also agree with commenters who suggested strong partnerships with title I programs and strongly encourage effective co-enrollment strategies between title II and title I training services in order to maximize resources when delivering integrated education and training. We note, however, that the Act does not provide us with the authority to restrict the source of funding for the workforce training component of integrated education and training, nor does it provide us with the authority to limit the amount of funds that can be used for occupational training.

Change: None.

§ 463.37 How does a program providing integrated education and training under title II meet the requirement that the three required components be ''integrated''?

Proposed § 463.37 sought to establish how the three components of integrated education and training must be integrated. The proposed regulation required that an integrated education and training program balance the proportion of instruction across the three components, deliver the components simultaneously, and use occupationally relevant instructional materials. Proposed § 463.37 would also require a program to have a single set of learning objectives that identifies specific adult education content, workforce preparation activities, and workforce training competencies. These proposed requirements were intended to facilitate the design of high-quality integrated education and training programs that focus on improving the academic skills of low-skilled adults while advancing their occupational competencies. We sought public input on the proposed requirements and other suggested requirements that may support the provision of integrated education and training services to eligible adults at all skill levels.

Comments: Numerous commenters expressed support for proposed § 463.37. One commenter expressed support for proposed § 463.37 and noted additionally that adult educators would likely require new and ongoing professional development in order to be able to effectively meet the requirement that the three required components be integrated. Other commenters expressed specific concern over local programs' ability to meet the proposed requirement in rural areas with few occupational training providers. Other commenters expressed support for proposed § 463.37 and encouraged the Department to consider whether it may be appropriate to provide additional guidance to States and eligible providers on appropriate tools for measuring workforce preparation activities and workforce training competencies. These commenters stated that workforce preparation activities and workforce training competencies may be newer curriculum elements for some adult education providers, and it might be valuable to offer resources on how they can best be measured. Another commenter stated that additional guidance and flexibility would be required in order for title II providers to be able to meet the requirements of proposed § 463.37.

Discussion: We appreciate commenters' overall support for proposed § 463.37 and agree that for many eligible providers the development, delivery, and assessment of integrated education and training will present both new opportunities and challenges. We appreciate the commenters' suggestions regarding specific types of guidance and

professional development that may be needed to support expansion of high quality integrated education and training. We continue to support an online collection of technical assistance resources, a virtual community of practice, and a number of online courses and Webcasts available through the Literacy Information and Communication System (LINCS) at: *http://lincs.ed.gov/* as well as the Department's online resource for teaching and assessing employability skills available at: *http://cte.ed.gov/employabilityskills/.* As we plan for future guidance and technical assistance efforts, we will consider the commenters' suggestions.

Change: None.

Comments: Regarding proposed § 463.37(a)(1) that within the overall scope of an integrated education and training program the three required components be instructionally balanced proportionately across the three components, particularly with respect to improving reading, writing, mathematics, and English proficiency of eligible individuals, one commenter questioned the clarity of the phrase ''instructionally balanced proportionately'' and stated that requiring the three components to be instructionally balanced proportionately would limit States' flexibility to design integrated education and training programs that are responsive to the needs of students, employers, and local economies.

Discussion: We appreciate the commenter's concern for maintaining adequate flexibility to design integrated education and training programs that are responsive to the needs of students, employers and, local economies. We note that in proposing § 463.37(a) we stated that § 463.37(a)(1), § 463.37(a)(2), and § 463.37(a)(3) were meant to be considered within the overall scope of an integrated education and training program. We do not, therefore, agree that this limits States' flexibility to design integrated education and training programs that are responsive to the needs of students, employers, and local economies. However, we also recognize that the proposed phrasing of § 463.37(a)(1) may not have adequately stated our intent that all three required components be of sufficient quality and intensity. We note that one of the considerations that an eligible agency must take into account when reviewing eligible providers' applications for grants or contracts to provide adult education and literacy services is sufficient quality and intensity of the services proposed (see § 463.20(d)(5)(i)). In proposing § 463.37(a)(1), it was our intention to ensure that each of the required components of an integrated education and training program be of sufficient quality and intensity.

Change: We have revised § 463.37(a)(1) to more clearly state our intent that within the overall scope of an integrated education and training program, all three required components must be of sufficient quality and intensity and must be based on the most rigorous research available.

Comments: Regarding proposed § 463.37(a)(2) that the three required components occur simultaneously, two commenters asked whether providing adult education and literacy activities, workforce preparation activities, and occupational training as distinct, yet linked, activities sufficiently met the requirement for the components to be integrated. Another commenter expressed overall support for proposed § 463.37 and suggested that we emphasize in the final rule that integrated education and training is a career pathways strategy that supports acceleration in accordance with the definition of career pathways in section 3(7)(E) of the Act. The commenter suggested, therefore, that we emphasize that the adult education and literacy activities, workforce preparation activities, and occupational training should occur simultaneously and not sequentially. One commenter stated that the requirement that the three activities occur simultaneously would limit States' flexibility in designing integrated education and training programs that are responsive to the needs of students and employers.

Discussion: We appreciate the commenters' desire for flexibility in the design of integrated education and training programs that are responsive to the needs of both job seekers and employers. We note that section 203(11) of the Act requires that the three components be delivered ''concurrently and contextually.'' We further note that in proposing § 463.37(a) we stated that § 463.37(a)(1), (a)(2), and (a)(3) were meant to be considered *within the overall scope* of an integrated education and training program. We do not, therefore, agree that this limits States' flexibility to design integrated education and training programs that are responsive to the needs of students, employers, and local economies. We agree with the commenter who noted that integrated education and training is part of a career pathways strategy that supports acceleration in accordance with the definition of career pathways in section 3(7)(E) of the Act and, accordingly, that the adult education and literacy activities, workforce preparation activities, and occupational training should occur simultaneously and not sequentially. We anticipate that as WIOA implementation unfolds, we will be collaborating with eligible agencies and providers to provide additional guidance on particular questions regarding diverse models of integrated education and training.

Change: None.

Comments: Numerous commenters expressed concerns for programs serving lower level students and students in multi-level classes and the ability of these programs to meet the requirement in proposed § 463.37(a)(3) that the instruction in the three required components use occupationally relevant materials. These commenters suggested that we revise proposed § 463.37(a)(3) to change the words ''use occupationally relevant instructional materials'' to ''use employability relevant instructional materials.'' The commenters stated that this change would better encompass all students served by adult education programs.

Discussion: We appreciate the commenters' concerns for adequately addressing the education and employment needs of lower-skilled adults. We also agree that it is important to provide learners at all levels with opportunities to master employability skills and encourage eligible providers to incorporate workforce preparation activities into all adult education and literacy activities, as appropriate. As we noted in our discussion in § 463.35 above, we do not anticipate that all eligible individuals served by an eligible provider will immediately be ready for or need integrated education and training. It may be that some eligible individuals—depending upon local economic conditions or individual characteristics—are best served by first providing other adult education and literacy activities prior to, and in preparation for, subsequent enrollment in an integrated education and training program. For those eligible individuals who need, and are ready for, integrated education and training services, we believe it necessary to use occupationally relevant instructional materials, as appropriate, across the three required components of the integrated education and training program. We note that section 203(12) of the Act requires that integrated education and training include ''workforce training for a specific occupation or occupational cluster.'' We do not believe that substituting general employability instructional materials for occupationally relevant instructional materials would be consistent with the statutory requirement.

Change: None.

Comments: One commenter suggested that we add an additional requirement that adult education programs providing integrated education and training must have components that are integrated by coordinating with one or more industry partnerships that will be established by the local WDB. The commenter stated that working with industry partnerships would support the development of relevant curricula, contextualization of programming, and the creation of work-based learning opportunities that support the integration of the three required components. The commenter asserted that such partnerships are critical to the building of a strong career pathway for program participants.

Discussion: We agree with the commenter that the quality and relevance of integrated education and training programs can be enhanced by coordinating with one or more industry partnerships to be established by Local WDBs. We agree that working with industry partnerships can support the development of relevant curricula, contextualization of programming, and the creation of work-based learning opportunities. We also believe that such coordination can be a strategy for ensuring high quality occupationally relevant instructional materials. And we agree that such partnerships are critical to the building of a strong career pathway for program participants and we encourage all eligible providers to coordinate, as appropriate, with industry partnerships. However, we do not agree that such partnerships necessarily result in the integration of the three required components of an integrated education and training program.

Change: None.

§ 463.38 How does a program providing integrated education and training under title II meet the requirement that an integrated education and training program be ''for the purpose of educational and career advancement''?

Under proposed § 463.38, we required the educational component of a program to be aligned with the State's content standards for adult education as described in the State's Unified or Combined State Plan and that the program be part of a career pathway as defined in section 3(7) of WIOA, in order to meet the WIOA requirement that the integrated education and training program be for the purpose of educational and career advancement. The use of rigorous and challenging academic standards and career pathways that contextualize learning are recognized strategies to promote readiness for postsecondary education and work.

Comments: Numerous commenters expressed support for proposed § 463.38, particularly the requirement in proposed § 463.38(a) that the adult education component of the program be aligned with the State's content standards for adult education as described in the State's Unified or Combined State Plan.

A few commenters expressed some reservation regarding the requirement in proposed § 463.38(b) that the integrated education and training program be part of a career pathway. According to these commenters, some jobs in some regional economies (*e.g.,* van driver, casino dealer, night janitor) were not part of a career pathway. They suggested that we modify proposed § 463.38(b) to require that, if possible, the integrated education and training program be part of a career pathway. Another commenter recommended that career awareness activities be interpreted to satisfy the requirement that the program is part of a career pathway, especially for beginning level, lower-skilled learners.

One commenter stated that integrated education and training should address the long-term needs of the workforce as well as the immediate needs of employers. According to the commenter, integrated education and training should be defined as both education for transferrable skills, and knowledge and job related training for immediate job placement. The commenter suggested that the Department strengthen proposed § 463.38 to reinforce these two goals.

Discussion: We appreciate the commenters' support for the requirement in § 463.38(a) that the adult education component of the program be aligned with the State's content standards for adult education as described in the State's Unified or Combined State Plan. We agree with the commenter who stated that integrated education and training should address the long-term needs of the workforce as well as the immediate needs of employers. In large part, our intent in establishing the requirement that the adult education component of the program be aligned with the State's content standards for adult education is to support the inclusion of transferrable skills and knowledge in the design of integrated education and training programs. We appreciate commenters who shared concerns about integrated education and training programs designed for particular jobs in local economies meeting the requirement that the program be part of a career pathway. However, based on the examples provided by these commenters, we disagree that such jobs cannot be part of a career pathway. In fact, in our own research on occupational or career clusters at O*Net OnLine (see *http://www.onetonline.org/*), which is sponsored by the Department of Labor, we found that each of the examples offered could easily be associated with one or more career pathways. Thus, requiring an integrated education and training program to be aligned with the State's content standards for adult education and to be part of a career pathway, allows such a program to address both the short- and long-term needs of the workforce as well as the immediate needs of employers. We do not believe that providing only career awareness meets the definition of career pathways in section 3(7) of the Act.

Change: None.

Subpart F—Programs for Corrections Education and the Education of Other Institutionalized Individuals

§ 463.60 What are programs for corrections education and the education of other institutionalized individuals?

Proposed § 463.60 described programs for corrections education and the education of other institutionalized individuals.

Comments: One commenter expressed support for proposed § 463.60. Several commenters stated that not all corrections facilities provide all of the educational programs listed in proposed § 463.60(b). The commenters concluded that the list of academic programs should be suggestive rather than mandatory and asked that we revise the language in proposed § 463.60(b) accordingly.

Discussion: We appreciate the commenters' concerns for clarity regarding proposed § 463.60. We note that proposed § 463.60 restated the list in section 225(b) of WIOA of the permissible educational programs for criminal offenders in correctional institutions and other institutionalized individuals. We believe both WIOA and § 463.60 are sufficiently clear that the list is permissive and that implementing every program on the list is not required.

Change: None.

Comments: One commenter suggested that completion of high school equivalency begun while incarcerated should be a condition of parole. The commenter further suggested that postsecondary education should be available to individuals under the age of 21.

Discussion: We appreciate the commenter's concern for maximizing incarcerated and formerly incarcerated individuals' access to educational opportunities. We note, however, that both suggestions are beyond our statutory authority.

Change: None.

Comments: We received several comments requesting additional guidance on corrections education. Numerous commenters requested that we provide guidance on whether incarcerated individuals were considered in the workforce and whether prison jobs counted as employment for purposes of the performance accountability system in section 116 of WIOA. One of these commenters suggested that consideration of the difficulties in serving incarcerated individuals be factored into the negotiation of State adjusted levels of performance for purposes of the performance accountability system. This commenter also requested that we clarify what career pathways services should be provided to eligible individuals served in corrections education programs. Another commenter requested that we clarify if AEFLA funds for corrections education and education of other institutionalized individuals could be used to provide special education services to young adults incarcerated in the juvenile justice system or students eligible for a 504 plan.

Discussion: We appreciate the commenters' requests for guidance and clarification regarding programs for corrections education and other institutionalized individuals. Questions regarding whether incarcerated individuals are considered in the workforce and whether prison jobs count toward the employment indicators have been addressed in the joint final regulations on the performance accountability system. The Department of Labor and the Department of Education (the Departments) have added language in 20 CFR 677.155(a)(2)(i) (for purposes of AEFLA, found in Part 463 subpart I) to establish that for the purpose of determining program performance levels, section 225 participants will not be included in performance calculations for the following indicators: Employment under 20 CFR 677.155(a)(1)(i) and (ii); earnings under 20 CFR 677.155(a)(1)(iii); credential attainment under 20 CFR 677.155(a)(1)(iv); and the effectiveness in serving employers under 20 CFR 677.155(a)(1)(vi). The Departments made this decision based on the fact that section 225 participants do not have the opportunity to be employed or to participate in education or training programs in the same manner as other participants who are in the general population. The process of negotiating and reaching agreement on adjusted levels of performance has been addressed in the final WIOA Unified and Combined State Plan Requirements Information Collection Request (State Plan ICR), as well as through Program Memorandum OCTAE 16–02, Establishing Expected Levels of Performance and Negotiating Adjusted Levels of Performance for Program Year (PY) 2016–17 and 2017–18. As noted in the State Plan ICR and guidance, for the first State plan submission, the Departments will work with States during the negotiation process to establish the adjusted levels of performance for each of the primary indicators for the core programs. If necessary, some may be adjusted after the release of the final regulation and joint performance ICR. Additionally, the Departments will disseminate joint and program-specific guidance to provide further clarification.

In terms of clarifying what career pathway services should be provided to eligible individuals served in corrections programs, we believe that eligible providers should provide career pathway services that support achievement of the vision and goals articulated in State and local workforce development plans. We seek to maintain State and local flexibility to achieve their respective visions and goals and therefore decline to limit the services that may be provided through regulation. Finally, we note that AEFLA funds for corrections education and education of other institutionalized individuals may be used to provide special education services to eligible individuals regardless of disability status.

Change: None.

Comments: One commenter described challenges in providing concurrent enrollment services to inmates in rural areas where occupational training providers and resources were scarce and training program offerings limited and sporadic. The commenter requested that the Department provide non-regulatory guidance to address these issues.

Discussion: We acknowledge that the challenges in providing adult education and literacy activities, including programs for corrections education and the education of other institutionalized individuals, may differ in rural and urban areas. In the past we have provided technical assistance to support high-quality corrections education across the nation (see, for example, the corrections education resource collection and community of practice through the available through the Literacy Information and Communication System (LINCS) at: *http://lincs.ed.gov/*). As we move forward with WIOA implementation, we will continue to look for opportunities to address emerging challenges.

Change: None.

§ 463.61 How does the eligible agency award funds to eligible providers under programs for corrections education and the education of other institutionalized individuals?

WIOA emphasizes the importance of educational and career advancement for incarcerated individuals by increasing the cap on funds that States may use for programs for corrections education and the education of other institutionalized individuals from 10 percent (under WIA) to 20 percent. Proposed § 463.61 restated this new statutory provision and clarified that any awards made by the eligible agency for programs for corrections education and education programs for other institutionalized individuals must be made in accordance with the applicable regulation in subpart C.

Comments: One commenter expressed support for proposed § 463.61. Other commenters requested clarification on how State departments of corrections might participate in the process specified in subpart C.

Discussion: We appreciate the opportunity to provide clarification that State departments of corrections, like all other eligible providers, would submit an application for a grant or contract to provide adult education and literacy activities following the process specified in subpart C.

Change: None.

§ 463.63 How may funds under programs for corrections education and the education of other institutionalized individuals be used to support transition to re-entry initiatives and other post-release services with the goal of reducing recidivism?

Proposed § 463.63 sought to establish how funds may support transition to re-entry initiatives and other post-release services. This regulation was intended to clarify that re-entry and other post-release services must support the educational needs of the individual.

Comments: One commenter expressed support for proposed § 463.63, noting that the provision of such post-release services was consistent with the design of career pathways. Another commenter questioned how recidivism might be

defined in order to meet any associated reporting requirements under the Act.

Discussion: We appreciate the support for the proposed regulation and agree that such post-release services are consistent with the design of career pathways. In our definition of re-entry and post-release services we noted that examples of such services might include education and employment services that can help formerly incarcerated individuals in progressing along a career pathway. We appreciate the question regarding a definition of recidivism and have addressed that issue in amendments to our information collection package, *Implementation Guidelines: Measures and Methods for the National Reporting System for Adult Education* (OMB Control Number: 1830–0027).

Change: None.

Subpart G—What is the Integrated English Literacy and Civics Education program?

In addition to the new integrated English literacy and civics education services described in § 463.33—one of several authorized ''adult education and literacy activities'' in AEFLA—WIOA authorized a new, specific Integrated English Literacy and Civics Education program that replaces the English literacy and civics education (EL/Civics) program previously authorized through annual appropriations. The authorization of the program in WIOA eliminates the need for it to be authorized and separately funded annually through the appropriations process. The new program retains the focus on English language proficiency and civics education instruction, but there are new requirements to support stronger ties to employment and the workforce system.

§ 463.70 What is the Integrated English Literacy and Civics Education program?

Proposed § 463.70 described the program's statutory requirements related to participants for whom this program is intended and the types of services that are required in the program. It also sought to clarify that the educational services provided under the program must meet the requirements established in § 463.33 pertaining to integrated English literacy and civics education services.

Comments: Two commenters expressed support for proposed § 463.70. A third commenter expressed similar support but also suggested implementing a flexible approach to incorporating workforce preparation into education. According to this commenter, curricula not necessarily contextualized for workforce development or employment is still relevant to workforce development and employment. Other commenters expressed support for proposed § 463.70 and also encouraged flexibility in implementation. According to these commenters, co-enrollment in workforce development programs should be optional and reflect a student-centered approach that takes students' needs and abilities into account. The commenters encouraged the Department to provide examples in guidance of how the program might support the economic, linguistic, and civic integration goals of diverse immigrant subpopulations.

Other commenters expressed concern that the definition of the Integrated English Literacy and Civics Education program in proposed § 463.70 was more restrictive than the definition of ''integrated English literacy and civics education'' in section 203(12) of the Act and restated in proposed § 463.33. These commenters suggested that we replace the word ''must'' in proposed § 463.70(c) with ''may'' so that § 463.70(c) would read as follows: ''Such educational service may be delivered in combination with integrated education and training services as described in § 463.36.''

Two commenters sharing this concern expressed the additional concern that the definition of the Integrated English Literacy and Civics Education program in proposed § 463.70 would limit States' ability to provide services that can address all the needs of English language learners seeking English language proficiency and civics education services. These commenters further stated that not all English language learners seeking English language proficiency and civics education services seek or require workforce training. Some, for example, are already gainfully self-employed and interested primarily in improving their language skills and obtaining citizenship. For those learners for whom workforce training might be appropriate, the commenter encouraged workforce development providers to partner with adult education providers to leverage their respective expertise and resources in support of efficiently helping such learners to be placed in unsubsidized employment.

Discussion: We appreciate commenters sharing their support for the proposed regulation and suggesting that we adopt a flexible approach for incorporating workforce preparation into educational services. We agree that curricula not necessarily contextualized for workforce development or employment can still be relevant to workforce development and employment. We also agree that eligible individuals' co-enrollment in workforce development programs should be optional and based upon individuals' needs and abilities. Proposed § 463.70(c) restates statutory language. Substituting ''must'' for ''may,'' as some commenters suggested, would change language explicitly restated from the Act. We do not believe we have the authority to change language restated from the Act. We agree that not all English language learners seeking English language proficiency and civics education services also seek, or require, workforce training. As we have stated above in our discussion of § 463.35, we do not anticipate that all eligible individuals seeking English language proficiency and civics education services would require integrated education and training. English language learners seeking English language proficiency and civics education, but not seeking workforce training, should not be excluded or discouraged from participation in the Integrated English Literacy and Civics Education program. However, we do note that the Act requires that eligible providers receiving funds under section 243 are required to provide these services in combination with integrated education and training (see § 463.73). We believe that a program design that provides the option for interested eligible individuals to access integrated education and training services meets the statutory requirement that the program funds be used in combination with such services. For those eligible providers serving eligible individuals under section 243 who do require integrated education and training, we proposed two options for meeting the requirement in § 463.74. Additionally, as we noted in our discussion of § 463.33, States have the flexibility to provide integrated English literacy and civics education as a required activity under section 231(b) without the additional workforce and employment-related requirements of section 243. Therefore, we do not agree that the regulation, as proposed, would limit States' flexibility to provide integrated English literacy and civics education services that are responsive to students' diverse needs.

Change: None.

Comments: Other commenters expressed concern regarding the absence of specific measures for civics education in the proposed regulations and suggested that the Department consider adding such measures to the performance accountability system for WIOA. These commenters stated that an

absence of such measures could result in creating unintended disincentives for providing much needed civics instruction.

Discussion: We appreciate the commenters' concerns over creating unintended disincentives for providing civics instruction. We note that the definition of integrated English literacy and civics education provided in § 463.33 requires that it include instruction in literacy and English language acquisition and instruction on the rights and responsibilities of citizenship and civic participation. While we lack authority to add additional primary indicators of performance, we continue to include optional civics education outcomes for States to use in our information collection request for title II (see *Implementation Guidelines: Measures and Methods for the National Reporting System for Adult Education* (OMB Control Number: 1830–0027)).

Change: None.

§ 463.72 How does the eligible agency award funds to eligible providers for the Integrated English Literacy and Civics Education program?

Proposed § 463.72 described the statutory requirements to be used by eligible agencies in awarding funds, including a requirement that States must follow the provisions governing the award of funds established in subpart C.

Comments: One commenter expressed support for proposed § 463.72. Other commenters expressed concerns over the requirement that EL/Civics education providers funded under WIA may not be able to meet the requirements of demonstrated effectiveness in proposed § 463.24 and suggested that the Department revise the proposed regulations in order to provide special consideration for providers of EL/Civics under WIA as they compete for Integrated English Literacy and Civics Education funds.

Discussion: Section 231(c) of the Act requires that eligible agencies ensure that all eligible providers have direct and equitable access to apply and compete for grants or contracts. We do not have authority to give States the flexibility to provide special consideration for EL/Civics providers under WIA. We have, however, revised § 463.24 to clarify options for how eligible providers can establish demonstrated effectiveness.

Change: We revised § 463.24(b)(2) to provide an option for eligible providers who do not have performance data based upon the primary indicators of performance listed in section 116 of the Act.

§ 463.73 What are the requirements for eligible providers that receive funding through the Integrated English Literacy and Civics Education program?

Proposed § 463.73 reiterated statutory language regarding Integrated English Literacy and Civics Education program services and design, including requirements for the program to facilitate job placement, economic self-sufficiency, and integration with the workforce development system.

Comments: Two commenters expressed support for proposed § 463.73. Multiple commenters expressed disagreement with proposed § 463.73(b) and (c) by suggesting that these should not be requirements. These commenters suggested that the Department rephrase proposed § 463.73 to make § 463.73(b) and (c) optional.

Discussion: We appreciate commenters' support for proposed § 463.73. Section 463.73 restates the Act's statutory language. It is inconsistent with the Act to make these statutory requirements optional.

Change: None.

Comments: A few commenters suggested that we revise proposed § 463.73(a) and add language to encourage providers of integrated English literacy and civics education to partner with public television stations. These commenters stated that such a revision could support the use of high-quality instructional materials.

Discussion: We appreciate the commenters' concern for the use of high-quality instructional materials and agree that public television stations may serve as one potential source of such materials. We note that we set out requirements in these final regulations and use technical assistance to share promising practices. We also note that the Department does not have the authority to endorse particular curricula or sets of materials.

Change: None.

Comments: One commenter stated that meeting the requirement of proposed § 463.73(b) might pose particular challenges for rural areas where sufficient integrated education and training providers may not exist.

Discussion: We acknowledge that the challenges in providing adult education and literacy activities, including integrated education and training, may differ in rural and urban areas. In the past we have provided technical assistance to support high-quality career pathways development, including the development of models of integrated education and training, across the nation (see, for example, the career pathways resource collection and community of practice available through the Literacy Information and Communication System (LINCS) at: *http://lincs.ed.gov/.* We have also encouraged and supported States in exploring non-traditional service delivery options, including distance and hybrid models of education. As we move forward with WIOA implementation, we will continue to look for opportunities to address challenges through innovation and technology.

Change: None.

Comments: Other commenters suggested that we specify a particular type of integrated education and training that will meet the requirement proposed in § 463.73(b). One commenter suggested that we revise § 463.73(b) to state that the integrated education and training activities provided to participants served under section 243 include entrepreneurship education and small business planning and development so that those participants are able to start their own business as a career pathway that leads to sustainable improvements in the economic opportunities for their families.

Discussion: We appreciate the commenters' concern for ensuring that the integrated education and training provided in combination with integrated English literacy and civics education is relevant to the needs of English language learners. We agree that for some eligible individuals, entrepreneurship education can contribute to advancement along a career pathway that leads to sustainable improvements in the economic opportunities for families. We also note that in § 463.36, we clarify the workforce training component of integrated education and training by referencing the training services listed in section 134(c)(3)(D) of the Act, including ''entrepreneurial training.''

Change: None.

Comments: One commenter expressed concern for adult education providers' ability to meet the requirements in proposed § 463.73(c)(1) and (c)(2). This commenter suggested that these requirements might be more easily achieved through collaboration with other core programs.

Discussion: We agree with the commenter. We believe that § 463.74(a) provides this option to eligible providers through the option of co-enrolling participants in integrated education and training, as described in subpart D, that is provided within the local or regional workforce development

area from sources other than section 243. For example, an eligible provider might collaborate with the local title I Youth, Adult, or Dislocated Worker provider to fund the training component of the integrated education and training activities.

Change: None.

§ 463.74 How does an eligible provider that receives funds through the Integrated English Literacy and Civics Education program meet the requirement to provide services in combination with integrated education and training?

Proposed § 463.74 was intended to clarify an important distinction between integrated English literacy and civics education services that may be provided under section 231 of the Act, and integrated English literacy and civics education programs funded under section 243 of the Act. The Act requires that funds made available for integrated English literacy and civics education be used in combination with integrated education and training activities. The proposed regulation provided two options that an eligible provider funded under section 243 of the Act may use to provide integrated English literacy and civics education in combination with integrated education and training activities.

Comments: Several commenters stated that the Department needs to provide further clarification regarding proposed § 463.74. These commenters suggested that not all students would need to be co-enrolled in occupational training. Additionally, these commenters suggested that for some students (for example, lower skilled students) on-ramp or bridge programs that can improve students' basic skill levels, as well as provide career awareness and workforce preparation activities, rather than co-enrollment in occupational training, may be a better approach. These commenters asked the Department to allow flexibility so lower skilled students could participate in integrated English literacy and civics education services, make a career pathway plan while they are participating, and then transition to appropriate workforce training when they reach a level of English that would ensure that they could benefit from occupational training. Commenters asked the Department to supplement the final regulations with further guidance on such flexibility.

Discussion: We agree with commenters' observations that not all students seeking services under section 243 of the Act will require employment related services and, therefore, may have no need to be co-enrolled in occupational training. Similarly, we further agree that some students who have employment-related educational needs may not be adequately prepared for integrated education and training and may benefit most from more basic educational services in preparation for integrated education and training. We believe the Act does not require all participants enrolled in integrated English literacy and civics education programs under section 243 to be receiving integrated education and training services. We do believe the Act requires that eligible providers receiving funds under section 243 use those funds for integrated English literacy and civics education in combination with integrated education and training activities. Thus, participants for whom integrated education and training services are appropriate will have access to those services. For these reasons, we proposed in the NPRM two options for how programs could meet the statutory requirement that funds for integrated English literacy and civics education programs provided under section 243 be used in combination with integrated education and training activities. First, eligible providers serving eligible individuals for whom integrated English literacy and civics education and integrated education and training are appropriate have the flexibility to co-enroll such eligible individuals in other integrated education and training programs within the local or regional workforce development area funded through sources other than section 243. Second, such eligible providers may use section 243 funds to support integrated education and training activities as defined in subpart D.

Change: We have revised § 463.74 to more clearly reflect the statutory requirement to use funds provided under section 243 in combination with integrated education and training activities as defined in subpart D as well as to better clarify the options for meeting the requirement.

Comments: One commenter expressed concern that the requirement to provide integrated English literacy and civics education services in combination with integrated education and training would disadvantage many providers of EL/Civics education under WIA in competing for funds under section 243 of the Act. According to this commenter, many of the EL/Civics providers funded under WIA did not provide workforce preparation or workforce training, and therefore do not have the capacity to offer such programming. The commenter asked the Department to modify the proposed rule to give special consideration to organizations that offer EL/Civics programming but not integrated education and training services. The commenter suggested that the rule be modified to expressly state that integrated education and training services could be offered by an entity other than the organization providing EL/Civics programming but working in coordination with that entity. In support of this point the commenter further stated that proposed § 463.23(i) specifically provided for applications from consortia and coalitions of different organizations that provide services. The commenter also suggested that the rule could also be modified to give consideration to an applicant organization's prior receipt of EL/Civics funding and provision of EL/Civics programming when applying for grants under AEFLA.

Discussion: We appreciate concerns expressed related to current providers of English literacy and civics education under WIA not having the capacity to provide services under the new requirements of section 243 of WIOA. Section 463.72 of these final regulations requires the eligible agency to award funds to eligible providers under subpart C. We believe the requirement to award section 243 funds using the same requirements as other awards under title II is consistent with WIOA. We cannot create special considerations for one type of eligible provider over another in the rule. We do, however, agree that the types of cooperation described by the commenter may result in a competitive application for section 243 funds and we encourage eligible providers to seek out partnerships that leverage workforce services for participants in integrated English literacy and civics education.

Change: None.

§ 463.75 Who is eligible to receive education services through the Integrated English Literacy and Civics Education program?

Proposed § 463.75 described those eligible under the Act to receive services under the integrated English literacy and civics education program.

Comments: One commenter expressed support for proposed § 463.75. Another commenter expressed appreciation for the inclusion of professionals with degrees and credentials in their native countries. One commenter inquired whether civics education was applicable only to English language learners or to all students enrolled in integrated education and training.

Discussion: We appreciate commenters' overall support for

proposed § 463.75 and share in their appreciation for the inclusion of professionals with degrees and credentials in their native countries. While we support the integration of civics education, as appropriate, into all adult education and literacy activities for all students, we also note that integrated English literacy and civics education is specifically for English language learners.

Change: None.

Regulations To Be Removed

In the preamble of the NPRM, we discussed on page 20969 those regulations that we proposed to remove. The Department proposed to remove 34 CFR parts 460 and 461 because these regulations are no longer applicable to the Federal AEFLA program. These regulations were promulgated under the National Literacy Act (P.L. 102–73) in 1992, which has since been superseded. We also proposed to remove regulations for six discretionary grant programs that are no longer authorized by statute: the State Literacy Resource Centers Program (part 464), the National Workplace Literacy Program (part 472), the State Program Analysis Assistance and Policy Studies Program (part 477), the Functional Literacy for State and Local Prisoners Program (part 489), the Life Skills for State and Local Prisoners Program (part 490), and the Adult Education for the Homeless Program (part 491).

Public Comment: In response to our invitation in the NPRM, no parties submitted comments on the removal of any of these regulations.

Changes: None.

Regulatory Impact Analysis

Executive Order 12866

Under Executive Order 12866, the Secretary must determine whether this regulatory action is ''significant'' and, therefore, subject to the requirements of the Executive order and subject to review by the Office of Management and Budget (OMB). Section 3(f) of Executive Order 12866 defines a ''significant regulatory action'' as an action likely to result in a rule that may—

(1) Have an annual effect on the economy of $100 million or more, or adversely affect a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or State, local, or tribal governments or communities in a material way (also referred to as an ''economically significant'' rule);

(2) Create serious inconsistency or otherwise interfere with an action taken or planned by another agency;

(3) Materially alter the budgetary impacts of entitlement grants, user fees, or loan programs or the rights and obligations of recipients thereof; or

(4) Raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles stated in the Executive order.

This regulatory action is a significant regulatory action subject to review by OMB under section 3(f) of Executive Order 12866.

We have also reviewed these regulations under Executive Order 13563, which supplements and explicitly reaffirms the principles, structures, and definitions governing regulatory review established in Executive Order 12866. To the extent permitted by law, Executive Order 13563 requires that an agency—

(1) Propose or adopt regulations only upon a reasoned determination that their benefits justify their costs (recognizing that some benefits and costs are difficult to quantify);

(2) Tailor its regulations to impose the least burden on society, consistent with obtaining regulatory objectives and taking into account—among other things and to the extent practicable—the costs of cumulative regulations;

(3) In choosing among alternative regulatory approaches, select those approaches that maximize net benefits (including potential economic, environmental, public health and safety, and other advantages; distributive impacts; and equity);

(4) To the extent feasible, specify performance objectives, rather than the behavior or manner of compliance a regulated entity must adopt; and

(5) Identify and assess available alternatives to direct regulation, including economic incentives—such as user fees or marketable permits—to encourage the desired behavior, or provide information that enables the public to make choices.

Executive Order 13563 also requires an agency ''to use the best available techniques to quantify anticipated present and future benefits and costs as accurately as possible.'' The Office of Information and Regulatory Affairs of OMB has emphasized that these techniques may include ''identifying changing future compliance costs that might result from technological innovation or anticipated behavioral changes.''

We have also determined that this regulatory action would not unduly interfere with State, local, and tribal governments in the exercise of their governmental functions.

We are issuing these final regulations only on a reasoned determination that their benefits justify their costs. In choosing among alternative regulatory approaches, we selected those approaches that maximize net benefits. Based on the analysis that follows, the Department believes that these final regulations are consistent with the principles in Executive Order 13563.

We also have determined that this regulatory action would not unduly interfere with State, local, and tribal governments in the exercise of their governmental functions.

In accordance with both Executive orders, the Department has assessed the potential costs and benefits, both quantitative and qualitative, of this regulatory action. The potential costs associated with this regulatory action are those resulting from statutory requirements and those we have determined as necessary for administering the Department's programs and activities.

Potential Costs and Benefits

Under Executive Order 12866, we have assessed the potential costs and benefits of this regulatory action and have determined that these regulations do not impose additional costs to State eligible agencies under title II, local eligible providers of adult education, or the Federal government. We make this determination based upon analysis of the particular requirements in parts 462 and 463.

The regulations in part 462 primarily represent conforming changes and updates to current regulations so as to make an orderly transition from WIA to WIOA. For example, we revised the title of § 462.41 to conform to the joint WIOA rule to implement the measurable skill gains performance indicator by requiring the documentation of achievement of academic, technical, occupational, or other forms of progress.

A second example of changes in part 462 is one in which States are provided more flexibility in reporting outcomes for adult learners. Section 462.43(c) recognizes the fact that several States offer adult high school programs, sanctioned by State law or regulation, which lead to a secondary school diploma or its equivalent. The rule now allows these States to measure and report educational gain through the awarding of credits or Carnegie Units, but does not require States to implement changes at an additional cost. Thus, from a cost perspective, the regulations in part 462 do not impose substantively new requirements on State eligible agencies or local eligible providers of adult education. Additionally, the benefits of clarifying the conforming changes from WIA to WIOA and

providing States additional flexibility justify the promulgation of the regulations in part 462.

The regulations in part 462 also update and revise existing AEFLA regulations established under WIA that determine the suitability of tests for use in the NRS to reflect new WIOA provisions. We expect that these final regulations will result in a more uniform test review and approval process. For example, § 462.10 establishes new dates by which tests must be submitted for review each year. The revised submission dates provide more opportunities for publishers to submit assessments to the Secretary for review and may increase the availability of new assessments to providers. Section 462.11(a)(4) increases the number of application copies that a publisher must submit to the Secretary from three to four. The additional cost to test publishers of providing another copy of an application is negligible. Accordingly, we conclude that the regulations in part 462 provide test publishers with greater flexibility in the overall submission process, and as such, anticipate that the benefits of this additional flexibility outweigh any potential minimal costs for test publishers. Moreover, we believe that the benefits of this change outweigh the potential costs as it strengthens the integrity of the NRS as a critical tool for measuring State performance on accountability measures while reducing costs to the Federal government.

The regulations in part 463 largely clarify administrative and programmatic changes made by WIOA to the provisions regarding general adult education (*e.g.,* applicable definitions, relevant programs, applicable regulations), how States make awards to local eligible providers, new adult education and literacy activities, new requirements for programs for corrections education and the education of other institutionalized individuals, and a new English literacy and civics education program. While WIOA enacts substantive programmatic changes in these areas, WIOA also provides States and outlying areas funding and flexibility to address these challenges.

The regulations in subpart C of part 463 describe the process and requirements for States and outlying areas to award grants or contracts to eligible providers as well as the activities allowed for local administrative costs. New application requirements include those aimed at alignment with local workforce plans and promotion of concurrent enrollment with title I services, fulfillment of one-stop partner responsibilities, performance against the newly established primary indicators of performance, improving services to meet the needs of eligible individuals, and other information that addresses the 13 considerations outlined in § 463.20. The changes and new requirements in subpart C pose no costs to eligible State agencies, eligible providers, or the Federal government that are additional to the costs imposed by statutory requirements.

Section 463.21 requires an eligible agency to establish procedures for local WDB review in its grant or contract application process. The regulation further establishes that the local WDB must have an opportunity to make recommendations to the eligible agency to promote alignment with the local plan and that the eligible agency must consider the results of the review by the local WDB in determining the extent to which the application addresses the required considerations in § 463.20. While this is a new requirement under WIOA, we conclude that it does not impose significant additional costs to eligible State agencies, eligible providers, or the Federal government as it minimally extends requirements already in place to compete for AEFLA funds.

The regulations in subparts D, F, and G generally restate statutory definitions of adult education and literacy activities and clarify new allowable uses of funds. As such, we conclude that these new regulations add no additional costs and provide the added benefit of clarifying the flexibility that eligible State agencies and eligible providers have in using funds provided under the Act for adult education and literacy activities as set forth in WIOA. Thus, we have determined that the regulations in part 463 do not impose additional costs to State eligible agencies under title II of WIOA, eligible providers of adult education, or the Federal government.

Paperwork Reduction Act of 1995

The Paperwork Reduction Act of 1995 does not require you to respond to a collection of information unless it displays a valid OMB control number. We display the valid OMB control numbers assigned to the collections of information in these final regulations at the end of the affected sections of the regulations.

Intergovernmental Review

This program is subject to Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives of the Executive order is to foster an intergovernmental partnership and a strengthened federalism. The Executive order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

This document provides early notification of our specific plans and actions for this program.

Assessment of Educational Impact

In the NPRM, we requested comments on whether the proposed regulations would require transmission of information that any other agency or authority of the United States gathers or makes available. We received no comments, and we do not believe that these regulations would require transmission of this sort of information.

Federalism

Executive Order 13132 requires us to ensure meaningful and timely input by State and local elected officials in the development of regulatory policies that have federalism implications. ''Federalism implications'' means substantial direct effects on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. In the NPRM we stated that the regulations covered in that document may have federalism implications and encouraged State and local elected officials to review and provide comments on the proposed regulations. In the *Public Comment* section of this preamble, we discuss any comments we received on this subject.

Dated: June 30, 2016.

John B. King, Jr,

Secretary of Education.

For the reasons discussed in the preamble, under the authority of 29 U.S.C. 3271 *et seq.* and 3343(f), the Secretary amends title 34 of the Code of Federal Regulations as follows:

PART 462—MEASURING EDUCATIONAL GAIN IN THE NATIONAL REPORTING SYSTEM FOR ADULT EDUCATION

■ 1. The authority citation for part 462 is revised to read as follows:

Authority: 29 U.S.C. 3292, *et seq.,* unless otherwise noted.

■ 2. The authority citation at the end of § 462.1 is revised to read as follows:

§ 462.1 What is the scope of this part?

* * * * *

(Authority: 29 U.S.C. 3292)

■ 3. Section 462.2 is revised to read as follows:

§ 462.2 What regulations apply?

The following regulations apply to this part:

(a) The Education Department General Administrative Regulations (EDGAR) as follows:

(1) 34 CFR part 76 (State-Administered Programs).

(2) 34 CFR part 77 (Definitions that Apply to Department Regulations).

(3) 34 CFR part 79 (Intergovernmental Review of Department of Education Programs and Activities).

(4) 34 CFR part 81 (General Education Provisions Act—Enforcement).

(5) 34 CFR part 82 (New Restrictions on Lobbying).

(6) 34 CFR part 84 (Governmentwide Requirements for Drug-Free Workplace (Financial Assistance)).

(7) 34 CFR part 86 (Drug and Alcohol Abuse Prevention).

(8) 34 CFR part 97 (Protection of Human Subjects).

(9) 34 CFR part 98 (Student Rights in Research, Experimental Programs, and Testing).

(10) 34 CFR part 99 (Family Educational Rights and Privacy).

(b) The regulations in this part 462.

(c)(1) 2 CFR part 180 (OMB Guidelines to Agencies on Governmentwide Debarment and Suspension (Nonprocurement)), as adopted at 2 CFR part 3485; and

(2) 2 CFR part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards), as adopted at 2 CFR part 3474.

(Authority: 29 U.S.C. 3292)

■ 4. Section 462.3 is amended by:

■ a. Revising paragraph (a) introductory text.

■ b. Revising the definition of ''Adult basic education (ABE)'' in paragraph (b).

■ c. Revising paragraphs (1), (3)(i), and (3)(iii) of the definition of ''Adult education population'' in paragraph (b).

■ d. Revising the definitions of ''Adult secondary education (ASE)'', ''Content domains, content specifications, or NRS skill areas'', ''Educational functioning levels'', ''English as a second language (ESL)'', and ''Guidelines'' in paragraph (b).

■ e. Revising the authority citation.

The revisions read as follows:

§ 462.3 What definitions apply?

(a) *Definitions in the Adult Education and Family Literacy Act (Act).* The following terms used in these regulations are defined in section 203 of the Adult Education and Family Literacy Act, 20 U.S.C. 3292 (Act):

* * * * *

(b) * * *

Adult basic education (ABE) means instruction designed for an adult whose educational functioning level is equivalent to a particular ABE literacy level listed in the NRS educational functioning level table in the Guidelines.

Adult education population * * *

(1) Who have attained 16 years of age;

* * * * *

(3) * * *

(i) Are basic skills deficient;

* * * * *

(iii) Are English language learners.

Adult secondary education (ASE) means instruction designed for an adult whose educational functioning level is equivalent to a particular ASE literacy level listed in the NRS educational functioning level table in the Guidelines.

Content domains, content specifications, or NRS skill areas mean, for the purpose of the NRS, reading, writing, and speaking the English language, mathematics, problem solving, English language acquisition, and other literacy skills as defined by the Secretary.

Educational functioning levels mean the ABE, ASE, and ESL literacy levels, as provided in the Guidelines, that describe a set of skills and competencies that students demonstrate in the NRS skill areas.

English as a Second Language (ESL) means instruction designed for an adult whose educational functioning level is equivalent to a particular ESL English language proficiency level listed in the NRS educational functioning level table in the Guidelines.

Guidelines means the *Implementation Guidelines: Measures and Methods for the National Reporting System for Adult Education* (OMB Control Number: 1830–0027) (also known as NRS Implementation Guidelines) posted on the Internet at: *www.nrsweb.org.*

* * * * *

(Authority: 29 U.S.C. 3292, *et seq.,* unless otherwise noted)

■ 5. Section 462.4 is revised to read as follows:

§ 462.4 What are the transition rules for using tests to measure educational gain for the National Reporting System for Adult Education (NRS)?

A State or an eligible provider may continue to measure educational gain for the NRS using tests that the Secretary has identified in the most recent notice published in the **Federal Register** until the Secretary announces through a notice published in the **Federal Register** a date by which such tests may no longer be used.

(Authority: 29 U.S.C. 3292)

■ 6. In § 462.10, paragraph (b) and the authority citation for the section are revised to read as follows:

§ 462.10 How does the Secretary review tests?

* * * * *

(b) A test publisher that wishes to have the suitability of its test determined by the Secretary under this part must submit an application to the Secretary, in the manner the Secretary may prescribe, by October 1, 2016, April 1, 2017, October 1, 2017, April 1, 2018, October 1, 2018, and by October 1 of each year thereafter.

(Authority: 29 U.S.C. 3292)

■ 7. Section 462.11 is amended by revising paragraphs (a)(4), (b), (e) introductory text, (f) introductory text, and (j)(4) and the authority citation to read as follows:

§ 462.11 What must an application contain?

(a) * * *

(4) Submit to the Secretary four copies of its application.

(b) *General information.* (1) A statement, in the technical manual for the test, of the intended purpose of the test and how the test will allow examinees to demonstrate the skills that are associated with the NRS educational functioning levels in the Guidelines.

* * * * *

(e) *Match of content to the NRS educational functioning levels (content validity).* Documentation of the extent to which the items or tasks on the test cover the skills in the NRS educational functioning levels in the Guidelines, including—

* * * * *

(f) *Match of scores to NRS educational functioning levels.* Documentation of the adequacy of the procedure used to translate the performance of an examinee on a particular test to an estimate of the examinee's standing with respect to the NRS educational functioning levels in the Guidelines, including—

* * * * *

(j) * * *

(4) If a test has been substantially revised—for example by changing its mode of administration, administration procedures, structure, number of items, content specifications, item types, forms, sub-tests, or number of hours between pre- and post-testing from the most recent edition reviewed by the Secretary under this part—the test publisher must provide an analysis of the revisions, including the reasons for the revisions, the implications of the revisions for the comparability of scores on the current test to scores on the previous test, and results from validity, reliability, and equating or standard-setting studies undertaken subsequent to the revisions.

(Authority: 29 U.S.C. 3292)

■ 8. Section 462.12 is amended by revising paragraphs (a)(2)(iv), (c)(2), (d)(2), (e)(1)(ii), and (e)(5), and the authority citation to read as follows:

§ 462.12 What procedures does the Secretary use to review the suitability of tests?

(a) * * *

(2) * * *

(i) * * *

(iv) Includes a test that samples one or more of the major content domains of the NRS educational functioning levels of ABE, ASE or ESL with sufficient numbers of questions to represent adequately the domain or domains; and

* * * * *

(c) * * *

(2) Annually publishes in the **Federal Register** and posts on the Internet at *www.nrsweb.org* a list of the names of tests and test forms and the educational functioning levels the tests are suitable to measure in the NRS. A copy of the list is also available from the U.S. Department of Education, Office of Career, Technical, and Adult Education, Division of Adult Education and Literacy, 400 Maryland Avenue SW., Room 11152, Potomac Center Plaza, Washington, DC 20202–7240.

(d) * * *

(2) The test publisher may resubmit an application to have the suitability of its test determined by the Secretary under this part on October 1 in the year immediately following the year in which the Secretary notifies the publisher.

(e) * * *

(1) * * *

(ii) A test has been substantially revised—for example, by changing its mode of administration, administration procedures, structure, number of items, content specifications, item types, forms or sub-tests, or number of hours between pre- and post-testing.

* * * * *

(5) If the Secretary revokes the determination regarding the suitability of a test, the Secretary publishes in the **Federal Register** and posts on the Internet at *www.nrsweb.org* a notice of that revocation along with the date by which States and eligible providers must stop using the revoked test. A copy of the notice of revocation is also available from the U.S. Department of Education, Office of Career, Technical, and Adult Education, Division of Adult Education and Literacy, 400 Maryland Avenue SW., Room 11152, Potomac Center Plaza, Washington, DC 20202–7240.

(Authority: 29 U.S.C. 3292)

■ 9. Section 462.13 is amended by revising paragraph (b) and the authority citation to read as follows:

§ 462.13 What criteria and requirements does the Secretary use for determining the suitability of tests?

* * * * *

(b) The test must sample one or more of the major content domains of the NRS educational functioning levels of ABE, ASE or ESL with sufficient numbers of questions to adequately represent the domain or domains.

* * * * *

(Authority: 29 U.S.C. 3292)

■ 10. Section 462.14 is amended by revising paragraph (b) and the authority citation to read as follows:

§ 462.14 How often and under what circumstances must a test be reviewed by the Secretary?

* * * * *

(b) If a test that the Secretary has determined is suitable for use in the NRS is substantially revised—for example, by changing its mode of administration, administration procedures, structure, number of items, content specifications, item types, forms, sub-tests, or number of hours between pre- and post-testing—and the test publisher wants the test to continue to be used in the NRS, the test publisher must submit, as provided in § 462.11(j)(4), the substantially revised test or version of the test to the Secretary for review so that the Secretary can determine whether the test continues to be suitable for use in the NRS.

* * * * *

(Authority: 29 U.S.C. 3292)

■ 11. Section 462.40 is amended by revising paragraphs (c)(2) and (3) and the authority citation to read as follows:

§ 462.40 Must a State have an assessment policy?

* * * * *

(c) * * *

(2) Identify the pre- and post-tests that the State requires eligible providers to use to measure the educational functioning level gain of ABE, ASE, and ESL students;

(3)(i) Indicate when, in calendar days or instructional hours, eligible providers must administer pre- and post-tests to students;

(ii) Ensure that the time for administering the post-test is long enough after the pre-test to allow the test to measure educational functioning level gains according to the test publisher's guidelines; and

(iii) Specify a standard for the percentage of students to be pre- and post-tested.

* * * * *

(Authority: 29 U.S.C. 3292)

■ 12. Section 462.41 is amended by revising paragraphs (b)(2) and (3), (c)(2), and the authority citation to read as follows:

§ 462.41 How must tests be administered in order to accurately measure educational gain?

* * * * *

(b) * * *

(2) Administer the pre-test to students at a uniform time, according to the State's assessment policy; and

(3) Administer pre-tests to students in the skill areas identified in the State's assessment policy.

(c) * * *

(2) Administer the post-test to students at a uniform time, according to the State's assessment policy;

* * * * *

(Authority: 29 U.S.C. 3292)

■ 13. The authority citation at the end of § 462.42 is revised to read as follows:

§ 462.42 How are tests used to place students at an NRS educational functioning level?

* * * * *

(Authority: 29 U.S.C. 3292)

§ 462.43 [Removed and Reserved]

■ 14. Remove and reserve § 462.43.

§ 462.44 [Removed and Reserved]

■ 15. Remove and reserve § 462.44.

■ 16. Part 463 is added to read as follows:

PART 463—ADULT EDUCATION AND FAMILY LITERACY ACT

Sec.

Subpart A—Adult Education General Provisions

463.1 What is the purpose of the Adult Education and Family Literacy Act?
463.2 What regulations apply to the Adult Education and Family Literacy Act programs?
463.3 What definitions apply to the Adult Education and Family Literacy Act programs?

Subpart B—[Reserved]

Subpart C—How Does a State Make an Award to Eligible Providers?

463.20 What is the process that the eligible agency must follow in awarding grants or contracts to eligible providers?
463.21 What processes must be in place to determine the extent to which a local application for grants or contracts to provide adult education and literacy services is aligned with a local plan under section 108 of WIOA?
463.22 What must be included in the eligible provider's application for a grant or contract?
463.23 Who is eligible to apply for a grant or contract for adult education and literacy activities?
463.24 How can an eligible provider establish that it has demonstrated effectiveness?
463.25 What are the requirements related to local administrative cost limits?
463.26 What activities are considered local administrative costs?

Subpart D—What Are Adult Education and Literacy Activities?

463.30 What are adult education and literacy programs, activities, and services?
463.31 What is an English language acquisition program?
463.32 How does a program that is intended to be an English language acquisition program meet the requirement that the program lead to attainment of a secondary school diploma or its recognized equivalent and transition to postsecondary education and training or leads to employment?
463.33 What are integrated English literacy and civics education services?
463.34 What are workforce preparation activities?
463.35 What is integrated education and training?
463.36 What are the required components of an integrated education and training program funded under title II?
463.37 How does a program providing integrated education and training under title II meet the requirement that the three required components be ''integrated''?
463.38 How does a program providing integrated education and training under title II meet the requirement that an integrated education and training program be ''for the purpose of educational and career advancement''?

Subpart E—[Reserved]

Subpart F—Programs for Corrections Education and the Education of Other Institutionalized Individuals?

463.60 What are programs for Corrections Education and the Education of other Institutionalized Individuals?
463.61 How does the eligible agency award funds to eligible providers under the program for Corrections Education and Education of other Institutionalized Individuals?
463.62 What is the priority for programs that receive funding through programs for Corrections Education and Education of other Institutionalized Individuals?
463.63 How may funds under programs for Corrections Education and Education of other Institutionalized Individuals be used to support transition to re-entry initiatives and other post-release services with the goal of reducing recidivism?

Subpart G—What Is the Integrated English Literacy and Civics Education Program?

463.70 What is the Integrated English Literacy and Civics Education program?
463.71 How does the Secretary make an award under the Integrated English Literacy and Civics Education program?
463.72 How does the eligible agency award funds to eligible providers for the Integrated English Literacy and Civics Education program?
463.73 What are the requirements for eligible providers that receive funding through the Integrated English Literacy and Civics Education program?
463.74 How does an eligible provider that receives funds through the Integrated English Literacy and Civics Education program meet the requirement to use funds for Integrated English Literacy and Civics Education in combination with integrated education and training activities?
463.75 Who is eligible to receive education services through the Integrated English Literacy and Civics Education program?

Subpart H–K—[Reserved]

Authority: 29 U.S.C. 102 and 103, unless otherwise noted.

Subpart A—Adult Education General Provisions

§ 463.1 What is the purpose of the Adult Education and Family Literacy Act?

The purpose of the Adult Education and Family Literacy Act (AEFLA) is to create a partnership among the Federal Government, States, and localities to provide, on a voluntary basis, adult education and literacy activities, in order to—

(a) Assist adults to become literate and obtain the knowledge and skills necessary for employment and economic self-sufficiency;

(b) Assist adults who are parents or family members to obtain the education and skills that—

(1) Are necessary to becoming full partners in the educational development of their children; and

(2) Lead to sustainable improvements in the economic opportunities for their family;

(c) Assist adults in attaining a secondary school diploma or its recognized equivalent and in the transition to postsecondary education and training, through career pathways; and

(d) Assist immigrants and other individuals who are English language learners in—

(1) Improving their—

(i) Reading, writing, speaking, and comprehension skills in English; and

(ii) Mathematics skills; and

(2) Acquiring an understanding of the American system of Government, individual freedom, and the responsibilities of citizenship.

(Authority: 29 U.S.C. 3271)

§ 463.2 What regulations apply to the Adult Education and Family Literacy Act programs?

The following regulations apply to the Adult Education and Family Literacy Act programs:

(a) The following Education Department General Administrative Regulations (EDGAR):

(1) 34 CFR part 75 (Direct Grant Programs), except that 34 CFR 75.720(b), regarding the frequency of certain reports, does not apply.

(2) 34 CFR part 76 (State-Administered Programs), except that 34 CFR 76.101 (The general State application) does not apply.

(3) 34 CFR part 77 (Definitions that Apply to Department Regulations).

(4) 34 CFR part 79 (Intergovernmental Review of Department of Education Programs and Activities).

(5) 34 CFR part 81 (General Education Provisions Act—Enforcement).

(6) 34 CFR part 82 (New Restrictions on Lobbying).

(7) 34 CFR part 86 (Drug and Alcohol Prevention).

(8) 2 CFR part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards), as adopted at 2 CFR part 3474.

(b) The regulations in 34 CFR part 462.

(c) The regulations in 34 CFR part 463.

§ 463.3 What definitions apply to the Adult Education and Family Literacy Act programs?

Definitions in the Workforce Innovation and Opportunity Act. The following terms are defined in Sections 3, 134, 203, and 225 of the Workforce Innovation and Opportunity Act (29 U.S.C. 3102, 3174, 3272, and 3305):

Adult Education
Adult Education and Literacy Activities
Basic Skills Deficient
Career Pathway
Core Program
Core Program Provision
Correctional Institution
Criminal Offender
Customized Training
Eligible Agency
Eligible Individual
Eligible Provider
English Language Acquisition Program
English Language Learner
Essential Components of Reading
Family Literacy Activities
Governor
Individual with a Barrier to Employment
Individual with a Disability
Institution of Higher Education
Integrated Education and Training
Integrated English Literacy and Civics Education
Literacy
Local Educational Agency
On-the-Job Training
Outlying Area
Postsecondary Educational Institution
State
Training Services
Workplace Adult Education and Literacy Activities
Workforce Preparation Activities

Definitions in EDGAR. The following terms are defined in 34 CFR 77.1:

Applicant
Application
Award
Budget
Budget Period
Contract
Department
ED
EDGAR
Fiscal Year
Grant
Grantee
Nonprofit
Private
Project
Project Period
Public
Secretary
Subgrant
Subgrantee

Other Definitions. The following definitions also apply:

Act means the Workforce Innovation and Opportunity Act, Public Law 113–128.

Concurrent enrollment or *co-enrollment* refers to enrollment by an eligible individual in two or more of the six core programs administered under the Act.

Digital literacy means the skills associated with using technology to enable users to find, evaluate, organize, create, and communicate information.

Peer tutoring means an instructional model that utilizes one institutionalized individual to assist in providing or enhancing learning opportunities for other institutionalized individuals. A peer tutoring program must be structured and overseen by educators who assist with training and supervising tutors, setting educational goals, establishing an individualized plan of instruction, and monitoring progress.

Re-entry and *post-release services* means services provided to a formerly incarcerated individual upon or shortly after release from a correctional institution that are designed to promote successful adjustment to the community and prevent recidivism. Examples include education, employment services, substance abuse treatment, housing support, mental and physical health care, and family reunification services.

Title means title II of the Workforce Innovation and Opportunity Act, the Adult Education and Family Literacy Act, Public Law 113–128.

Subpart B—[Reserved]

Subpart C—How Does a State Make an Award to Eligible Providers?

§ 463.20 What is the process that the eligible agency must follow in awarding grants or contracts to eligible providers?

(a) From grant funds made available under section 222(a)(1) of the Act, each eligible agency must award competitive multiyear grants or contracts to eligible providers within the State or outlying area to enable the eligible providers to develop, implement, and improve adult education and literacy activities within the State or outlying area.

(b) The eligible agency must require that each eligible provider receiving a grant or contract use the funding to establish or operate programs that provide adult education and literacy activities, including programs that provide such activities concurrently.

(c) In conducting the competitive grant process, the eligible agency must ensure that—

(1) All eligible providers have direct and equitable access to apply and compete for grants or contracts;

(2) The same grant or contract announcement and application processes are used for all eligible providers in the State or outlying area; and

(3) In awarding grants or contracts to eligible providers for adult education

and literacy activities, funds shall not be used for the purpose of supporting or providing programs, services, or activities for individuals who are not eligible individuals as defined in the Act, except that such agency may use such funds for such purpose if such programs, services, or activities are related to family literacy activities. Prior to providing family literacy activities for individuals who are not eligible individuals, an eligible provider shall attempt to coordinate with programs and services that do not receive funding under this title.

(d) In awarding grants or contracts for adult education and literacy activities to eligible providers, the eligible agency must consider the following:

(1) The degree to which the eligible provider would be responsive to—

(i) Regional needs as identified in the local workforce development plan; and

(ii) Serving individuals in the community who were identified in such plan as most in need of adult education and literacy activities, including individuals who—

(A) Have low levels of literacy skills; or

(B) Are English language learners;

(2) The ability of the eligible provider to serve eligible individuals with disabilities, including eligible individuals with learning disabilities;

(3) The past effectiveness of the eligible provider in improving the literacy of eligible individuals, especially those individuals who have low levels of literacy, and the degree to which those improvements contribute to the eligible agency meeting its State-adjusted levels of performance for the primary indicators of performance described in § 677.155;

(4) The extent to which the eligible provider demonstrates alignment between proposed activities and services and the strategy and goals of the local plan under section 108 of the Act, as well as the activities and services of the one-stop partners;

(5) Whether the eligible provider's program—

(i) Is of sufficient intensity and quality, and based on the most rigorous research available so that participants achieve substantial learning gains; and

(ii) Uses instructional practices that include the essential components of reading instruction;

(6) Whether the eligible provider's activities, including whether reading, writing, speaking, mathematics, and English language acquisition instruction delivered by the eligible provider, are based on the best practices derived from the most rigorous research available, including scientifically valid research and effective educational practice;

(7) Whether the eligible provider's activities effectively use technology, services and delivery systems, including distance education, in a manner sufficient to increase the amount and quality of learning, and how such technology, services, and systems lead to improved performance;

(8) Whether the eligible provider's activities provide learning in context, including through integrated education and training, so that an individual acquires the skills needed to transition to and complete postsecondary education and training programs, obtain and advance in employment leading to economic self-sufficiency, and to exercise the rights and responsibilities of citizenship;

(9) Whether the eligible provider's activities are delivered by instructors, counselors, and administrators who meet any minimum qualifications established by the State, where applicable, and who have access to high-quality professional development, including through electronic means;

(10) Whether the eligible provider coordinates with other available education, training, and social service resources in the community, such as by establishing strong links with elementary schools and secondary schools, postsecondary educational institutions, institutions of higher education, Local WDBs, one-stop centers, job training programs, and social service agencies, business, industry, labor organizations, community-based organizations, nonprofit organizations, and intermediaries, in the development of career pathways;

(11) Whether the eligible provider's activities offer the flexible schedules and coordination with Federal, State, and local support services (such as child care, transportation, mental health services, and career planning) that are necessary to enable individuals, including individuals with disabilities or other special needs, to attend and complete programs;

(12) Whether the eligible provider maintains a high-quality information management system that has the capacity to report measurable participant outcomes (consistent with section § 666.100) and to monitor program performance; and

(13) Whether the local area in which the eligible provider is located has a demonstrated need for additional English language acquisition programs and civics education programs.

(Authority: 29 U.S.C. 3321)

§ 463.21 What processes must be in place to determine the extent to which a local application for grants or contracts to provide adult education and literacy services is aligned with a local plan under section 108 of WIOA?

(a) An eligible agency must establish, within its grant or contract competition, a process that provides for the submission of all applications for funds under AEFLA to the appropriate Local Boards.

(b) The process must include—

(1) Submission of the applications to the appropriate Local Board for its review for consistency with the local plan within the appropriate timeframe; and

(2) An opportunity for the local board to make recommendations to the eligible agency to promote alignment with the local plan.

(c) The eligible agency must consider the results of the review by the Local Board in determining the extent to which the application addresses the required considerations in § 463.20.

(Authority: 29 U.S.C. 3122(d)(11), 3321(e), 3322)

§ 463.22 What must be included in the eligible provider's application for a grant or contract?

(a) Each eligible provider seeking a grant or contract must submit an application to the eligible agency containing the information and assurances listed below, as well as any additional information required by the eligible agency, including:

(1) A description of how funds awarded under this title will be spent consistent with the requirements of title II of AEFLA;

(2) A description of any cooperative arrangements the eligible provider has with other agencies, institutions, or organizations for the delivery of adult education and literacy activities;

(3) A description of how the eligible provider will provide services in alignment with the local workforce development plan, including how such provider will promote concurrent enrollment in programs and activities under title I, as appropriate;

(4) A description of how the eligible provider will meet the State-adjusted levels of performance for the primary indicators of performance identified in the State's Unified or Combined State Plan, including how such provider will collect data to report on such performance indicators;

(5) A description of how the eligible provider will fulfill, as appropriate, required one-stop partner responsibilities to—

(i) Provide access through the one-stop delivery system to adult education and literacy activities;

(ii) Use a portion of the funds made available under the Act to maintain the one-stop delivery system, including payment of the infrastructure costs for the one-stop centers, in accordance with the methods agreed upon by the Local Board and described in the memorandum of understanding or the determination of the Governor regarding State one-stop infrastructure funding;

(iii) Enter into a local memorandum of understanding with the Local Board, relating to the operations of the one-stop system;

(iv) Participate in the operation of the one-stop system consistent with the terms of the memorandum of understanding, and the requirements of the Act; and

(v) Provide representation to the State board;

(6) A description of how the eligible provider will provide services in a manner that meets the needs of eligible individuals;

(7) Information that addresses the 13 considerations listed in § 463.20; and

(8) Documentation of the activities required by § 463.21(b).

(b) [Reserved]

(Authority: 29 U.S.C. 3322)

§ 463.23 Who is eligible to apply for a grant or contract for adult education and literacy activities?

An organization that has demonstrated effectiveness in providing adult education and literacy activities is eligible to apply for a grant or contract. These organizations may include, but are not limited to:

(a) A local educational agency;

(b) A community-based organization or faith-based organization;

(c) A volunteer literacy organization;

(d) An institution of higher education;

(e) A public or private nonprofit agency;

(f) A library;

(g) A public housing authority;

(h) A nonprofit institution that is not described in any of paragraphs (a) through (g) of this section and has the ability to provide adult education and literacy activities to eligible individuals;

(i) A consortium or coalition of the agencies, organizations, institutions, libraries, or authorities described in any of paragraphs (a) through (h) of this section; and

(j) A partnership between an employer and an entity described in any of paragraphs (a) through (i) of this section.

(Authority: 29 U.S.C. 3272(5))

§ 463.24 How must an eligible provider establish that it has demonstrated effectiveness?

(a) For the purposes of this section, an eligible provider must demonstrate past effectiveness by providing performance data on its record of improving the skills of eligible individuals, particularly eligible individuals who have low levels of literacy, in the content domains of reading, writing, mathematics, English language acquisition, and other subject areas relevant to the services contained in the State's application for funds. An eligible provider must also provide information regarding its outcomes for participants related to employment, attainment of secondary school diploma or its recognized equivalent, and transition to postsecondary education and training.

(b) There are two ways in which an eligible provider may meet the requirements in paragraph (a) of this section:

(1) An eligible provider that has been funded under title II of the Act must provide performance data required under section 116 to demonstrate past effectiveness.

(2) An eligible provider that has not been previously funded under title II of the Act must provide performance data to demonstrate its past effectiveness in serving basic skills deficient eligible individuals, including evidence of its success in achieving outcomes listed in paragraph (a) of this section.

(Authority: 29 U.S.C. 3272(5))

§ 463.25 What are the requirements related to local administrative cost limits?

Not more than five percent of a local grant to an eligible provider can be expended to administer a grant or contract under title II. In cases where five percent is too restrictive to allow for administrative activities, the eligible agency may increase the amount that can be spent on local administration. In such cases, the eligible provider must negotiate with the eligible agency to determine an adequate level of funds to be used for non-instructional purposes.

(Authority: 29 U.S.C. 3323)

§ 463.26 What activities are considered local administrative costs?

An eligible provider receiving a grant or contract under this part may consider costs incurred in connection with the following activities to be administrative costs:

(a) Planning;

(b) Administration, including carrying out performance accountability requirements;

(c) Professional development;

(d) Providing adult education and literacy services in alignment with local workforce plans, including promoting co-enrollment in programs and activities under title I, as appropriate; and

(e) Carrying out the one-stop partner responsibilities described in § 678.420, including contributing to the infrastructure costs of the one-stop delivery system.

(Authority: 29 U.S.C. 3323, 3322, 3151)

Subpart D—What Are Adult Education and Literacy Activities?

§ 463.30 What are adult education and literacy programs, activities, and services?

The term ''adult education and literacy activities'' means programs, activities, and services that include:

(a) Adult education,

(b) Literacy,

(c) Workplace adult education and literacy activities,

(d) Family literacy activities,

(e) English language acquisition activities,

(f) Integrated English literacy and civics education,

(g) Workforce preparation activities, or

(h) Integrated education and training.

(Authority: 29 U.S.C. 3272(2))

§ 463.31 What is an English language acquisition program?

The term ''English language acquisition program'' means a program of instruction—

(a) That is designed to help eligible individuals who are English language learners achieve competence in reading, writing, speaking, and comprehension of the English language; and

(b) That leads to—

(1) Attainment of a secondary school diploma or its recognized equivalent; and

(2) Transition to postsecondary education and training; or

(3) Employment.

(Authority: 29 U.S.C. 3272(6))

§ 463.32 How does a program that is intended to be an English language acquisition program meet the requirement that the program leads to attainment of a secondary school diploma or its recognized equivalent and transition to postsecondary education and training or leads to employment?

To meet the requirement in § 463.31(b) a program of instruction must:

(a) Have implemented State adult education content standards that are aligned with State-adopted challenging academic content standards, as adopted under the Elementary and Secondary

Education Act of 1965, as amended (ESEA) as described in the State's Unified or Combined State Plan and as evidenced by the use of a State or local curriculum, lesson plans, or instructional materials that are aligned with the State adult education content standards; or

(b) Offer educational and career counseling services that assist an eligible individual to transition to postsecondary education or employment; or

(c) Be part of a career pathway.

(Authority: 29 U.S.C. 3112(b)(2)(D)(ii), 3272)

§ 463.33 What are integrated English literacy and civics education services?

(a) Integrated English literacy and civics education services are education services provided to English language learners who are adults, including professionals with degrees or credentials in their native countries, that enable such adults to achieve competency in the English language and acquire the basic and more advanced skills needed to function effectively as parents, workers, and citizens in the United States.

(b) Integrated English literacy and civics education services must include instruction in literacy and English language acquisition and instruction on the rights and responsibilities of citizenship and civic participation and may include workforce training.

(Authority: 29 U.S.C. 3272(12))

§ 463.34 What are workforce preparation activities?

Workforce preparation activities include activities, programs, or services designed to help an individual acquire a combination of basic academic skills, critical thinking skills, digital literacy skills, and self-management skills, including competencies in:

(a) Utilizing resources;

(b) Using information;

(c) Working with others;

(d) Understanding systems;

(e) Skills necessary for successful transition into and completion of postsecondary education or training, or employment; and

(f) Other employability skills that increase an individual's preparation for the workforce.

(Authority: 29 U.S.C. 3272(17); P.L. 111–340)

§ 463.35 What is integrated education and training?

The term ''integrated education and training'' refers to a service approach that provides adult education and literacy activities concurrently and contextually with workforce preparation activities and workforce training for a specific occupation or occupational cluster for the purpose of educational and career advancement.

(Authority: 29 U.S.C. 3272(11))

§ 463.36 What are the required components of an integrated education and training program funded under title II?

An integrated education and training program must include three components:

(a) Adult education and literacy activities as described in § 463.30.

(b) Workforce preparation activities as described in § 463.34.

(c) Workforce training for a specific occupation or occupational cluster which can be any one of the training services defined in section 134(c)(3)(D) of the Act.

(Authority: 29 U.S.C. 3272, 3174)

§ 463.37 How does a program providing integrated education and training under title II meet the requirement that the three required components be ''integrated''?

In order to meet the requirement that the adult education and literacy activities, workforce preparation activities, and workforce training be integrated, services must be provided concurrently and contextually such that—

(a) Within the overall scope of a particular integrated education and training program, the adult education and literacy activities, workforce preparation activities, and workforce training:

(1) Are each of sufficient intensity and quality, and based on the most rigorous research available, particularly with respect to improving reading, writing, mathematics, and English proficiency of eligible individuals;

(2) Occur simultaneously; and

(3) Use occupationally relevant instructional materials.

(b) The integrated education and training program has a single set of learning objectives that identifies specific adult education content, workforce preparation activities, and workforce training competencies, and the program activities are organized to function cooperatively.

(Authority: 29 U.S.C. 3272)

§ 463.38 How does a program providing integrated education and training under title II meet the requirement that the integrated education and training program be ''for the purpose of educational and career advancement''?

A provider meets the requirement that the integrated education and training program provided is for the purpose of educational and career advancement if:

(a) The adult education component of the program is aligned with the State's content standards for adult education as described in the State's Unified or Combined State Plan; and

(b) The integrated education and training program is part of a career pathway.

(Authority: 29 U.S.C. 3272, 3112)

Subpart E—[Reserved]

Subpart F—What are Programs for Corrections Education and the Education of Other Institutionalized Individuals?

§ 463.60 What are programs for Corrections Education and the Education of other Institutionalized Individuals?

(a) Authorized under section 225 of the Act, programs for corrections education and the education of other institutionalized individuals require each eligible agency to carry out corrections education and education for other institutionalized individuals using funds provided under section 222 of the Act.

(b) The funds described in paragraph (a) of this section must be used for the cost of educational programs for criminal offenders in correctional institutions and other institutionalized individuals, including academic programs for—

(1) Adult education and literacy activities;

(2) Special education, as determined by the eligible agency;

(3) Secondary school credit;

(4) Integrated education and training;

(5) Career pathways;

(6) Concurrent enrollment;

(7) Peer tutoring; and

(8) Transition to re-entry initiatives and other post-release-services with the goal of reducing recidivism.

(Authority: 29 U.S.C. 3302, 3305)

§ 463.61 How does the eligible agency award funds to eligible providers under the program for Corrections Education and Education of other Institutionalized Individuals?

(a) States may award up to 20 percent of the 82.5 percent of the funds made available by the Secretary for local grants and contracts under section 231 of the Act for programs for corrections education and the education of other institutionalized individuals.

(b) The State must make awards to eligible providers in accordance with subpart C.

(Authority: 29 U.S.C. 3302, 3321)

§ 463.62 What is the priority for programs that receive funding through programs for Corrections Education and Education of other Institutionalized Individuals?

Each eligible agency using funds provided under Programs for Corrections Education and Education of Other Institutionalized Individuals to carry out a program for criminal offenders within a correctional institution must give priority to programs serving individuals who are likely to leave the correctional institution within five years of participation in the program.

(Authority: 29 U.S.C. 3305)

§ 463.63 How may funds under programs for Corrections Education and Education of other Institutionalized Individuals be used to support transition to re-entry initiatives and other post-release services with the goal of reducing recidivism?

Funds under Programs for Corrections Education and the Education of Other Institutionalized Individuals may be used to support educational programs for transition to re-entry initiatives and other post-release services with the goal of reducing recidivism. Such use of funds may include educational counseling or case work to support incarcerated individuals' transition to re-entry and other post-release services. Examples include assisting incarcerated individuals to develop plans for post-release education program participation, assisting students in identifying and applying for participation in post-release programs, and performing direct outreach to community-based program providers on behalf of re-entering students. Such funds may not be used for costs for participation in post-release programs or services.

(Authority: 29 U.S.C. 3305)

Subpart G—What Is the Integrated English Literacy and Civics Education Program?

§ 463.70 What is the Integrated English Literacy and Civics Education program?

(a) The Integrated English Literacy and Civics Education program refers to the use of funds provided under section 243 of the Act for education services for English language learners who are adults, including professionals with degrees and credentials in their native countries.

(b) The Integrated English Literacy and Civics Education program delivers educational services as described in § 463.33.

(c) Such educational services must be delivered in combination with integrated education and training activities as described in § 463.36.

(Authority: 29 U.S.C. 3272, 3333)

§ 463.71 How does the Secretary make an award under the Integrated English Literacy and Civics Education program?

(a) The Secretary awards grants under the Integrated English Literacy and Civics Education program to States that have an approved Unified State Plan in accordance with § 463.90 through § 463.145, or an approved Combined State Plan in accordance with § 463.90 through § 463.145.

(b) The Secretary allocates funds to States following the formula described in section 243(b) of the Act.

(1) Sixty-five percent is allocated on the basis of a State's need for integrated English literacy and civics education, as determined by calculating each State's share of a 10-year average of the data of the Office of Immigration Statistics of the Department of Homeland Security for immigrants admitted for legal permanent residence for the 10 most recent years; and

(2) Thirty-five percent is allocated on the basis of whether the State experienced growth, as measured by the average of the three most recent years for which the data of the Office of Immigration Statistics of the Department of Homeland Security for immigrants admitted for legal permanent residence are available.

(3) No State receives an allotment less than $60,000.

(Authority: 29 U.S.C. 3333)

§ 463.72 How does the eligible agency award funds to eligible providers for the Integrated English Literacy and Civics Education program?

States must award funds for the Integrated English Literacy and Civics Education program to eligible providers in accordance with subpart C.

(Authority: 29 U.S.C. 3321)

§ 463.73 What are the requirements for eligible providers that receive funding through the Integrated English Literacy and Civics Education program?

Eligible providers receiving funds through the Integrated English Literacy and Civics Education program must provide services that—

(a) Include instruction in literacy and English language acquisition and instruction on the rights and responsibilities of citizenship and civic participation; and

(b) Are designed to:

(1) Prepare adults who are English language learners for, and place such adults in, unsubsidized employment in in-demand industries and occupations that lead to economic self-sufficiency; and

(2) Integrate with the local workforce development system and its functions to carry out the activities of the program.

(Authority: 29 U.S.C. 3272, 3333)

§ 463.74 How does an eligible provider that receives funds through the Integrated English Literacy and Civics Education program meet the requirement to use funds for Integrated English Literacy and Civics Education in combination with integrated education and training activities?

An eligible provider that receives funds through the Integrated English Literacy and Civics Education program may meet the requirement to use funds for integrated English literacy and civics education in combination with integrated education and training activities by:

(a) Co-enrolling participants in integrated education and training as described in subpart D of this part that is provided within the local or regional workforce development area from sources other than section 243 of the Act; or

(b) Using funds provided under section 243 of the Act to support integrated education and training activities as described in subpart D of this part.

(Authority: 29 U.S.C. 3333, 3121, 3122, 3123)

§ 463.75 Who is eligible to receive education services through the Integrated English Literacy and Civics Education program?

Individuals who otherwise meet the definition of ''eligible individual'' and are English language learners, including professionals with degrees and credentials obtained in their native countries, may receive Integrated English Literacy and Civics Education services.

(Authority: 29 U.S.C. 3272)

34 CFR Parts 367, 369, 370, et al.
Workforce Innovation and Opportunity Act, Miscellaneous Program Changes; Final Rule

DEPARTMENT OF EDUCATION

34 CFR Parts 367, 369, 370, 371, 373, 376, 377, 379, 381, 385, 386, 387, 388, 389, 390, and 396

[Docket No. 2015–ED–OSERS–0002]

RIN 1820–AB71

Workforce Innovation and Opportunity Act, Miscellaneous Program Changes

AGENCY: Office of Special Education and Rehabilitative Services, Department of Education.

ACTION: Final Regulations.

SUMMARY: The Secretary amends the regulations governing a number of programs administered by the Rehabilitation Services Administration (RSA) to implement changes to the Rehabilitation Act of 1973 (Act) made by the Workforce Innovation and Opportunity Act, signed on July 22, 2014.

The Secretary also implements changes to the Act made by the Workforce Investment Act of 1998, signed on August 7, 1998, that have not previously been implemented in regulations, and otherwise updates, clarifies, and improves RSA's current regulations.

DATES: This final rule is effective September 19, 2016, except the removal of part 388, amendatory instruction 13, is effective on October 1, 2016.

FOR FURTHER INFORMATION CONTACT: Ed Anthony, U.S. Department of Education, 400 Maryland Avenue SW., Room 5086 PCP, Washington, DC 20202–2800. *Telephone:* (202) 245–7488, or by email: *Edward.Anthony@ed.gov*.

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service (FRS), toll free at 1–800–877–8339.

SUPPLEMENTARY INFORMATION:

Background

The Secretary amends the regulations governing a number of programs administered by the Rehabilitation Services Administration (RSA) to implement changes to the Rehabilitation Act of 1973 (Act) made by the Workforce Innovation and Opportunity Act (WIOA), signed on July 22, 2014 (Pub. L. 113–128). These programs and their corresponding regulations are:

- The Independent Living Services for Older Individuals Who Are Blind (OIB) program, 34 CFR part 367;
- The Client Assistance Program (CAP), 34 CFR part 370;
- The American Indian Vocational Rehabilitation Services (AIVRS) program, 34 CFR part 371 (formerly known as ''Vocational Rehabilitation Service Projects for American Indians with Disabilities'');
- The Rehabilitation National Activities program, 34 CFR part 373 (formerly known as ''Special Demonstration Projects'');
- The Protection and Advocacy of Individual Rights (PAIR) program, 34 CFR part 381;
- The Rehabilitation Training program, 34 CFR part 385;
- The Rehabilitation Long-Term Training program, 34 CFR part 386;
- The Innovative Rehabilitation Training program, 34 CFR part 387 (formerly known as the ''Experimental and Innovative Training'');
- The Training of Interpreters for Individuals Who are Deaf or Hard of Hearing and Individuals who are Deaf-Blind program, 34 CFR part 396 (formerly known as the ''Training of Interpreters for Individuals Who are Deaf and Individuals who are Deaf-Blind program'').

WIOA also repealed the statutory authority for four programs, and the Secretary, therefore, removes their corresponding regulations. These programs and regulations are:

- Vocational Rehabilitation Service Projects for Migratory Agricultural Workers and Seasonal Farmworkers with Disabilities (Migrant Workers) program, portions of 34 CFR part 369;
- Projects for Initiating Special Recreation Programs for Individuals with Disabilities (Recreational programs), portions of 34 CFR part 369;
- Projects with Industry, 34 CFR part 379 and portions of part 369; and
- The State Vocational Rehabilitation Unit In-Service Training program, 34 CFR part 388.

In addition, the Secretary implements changes to the Act made by the Workforce Investment Act of 1998 (WIA), signed into law August 7, 1998 (Pub. L. 105–220). These changes were not previously implemented in the OIB, CAP, AIVRS, and PAIR program regulations, and the Secretary now makes these changes in the applicable regulations.

Separate and apart from amendments to the Act made by WIOA and WIA, the Secretary updates and clarifies the regulations governing the various rehabilitation training programs—34 CFR parts 373, 385, 386, 387, and 396—and 34 CFR part 390, which governs the Rehabilitation Short-Term Training program. These regulations have not been updated in some time, and updating them now is intended to improve how these programs function.

Finally, as part of this update, the Secretary removes regulations that are superseded or obsolete and consolidates regulations, where appropriate. In addition to removing portions of 34 CFR part 369 pertaining to specific programs whose statutory authority was repealed under WIOA (*i.e.,* Migrant Workers program, the Recreational Programs, and the Projects With Industry program), the Secretary is removing the remaining portions of the Part 369 regulations. The Secretary is also removing parts 376, 377, and 389.

Public Comment

On April 16, 2015, the Secretary published a notice of proposed rulemaking (NPRM) for these programs in the **Federal Register** (80 FR 20988). In response to our invitation in the NPRM, more than 100 parties submitted comments on the proposed regulations. Because the amendments described in these final regulations are so many and varied, we first discuss those programs whose regulations we amend and do not remove. We discuss these programs in the order in which their parts appear in the Code of Federal Regulations (CFR). For each part, we provide a summary of the changes we proposed, a summary of the differences between the proposed regulations and these final regulations, and a detailed discussion of the public comment we received on the proposed regulations. We then discuss those programs whose regulations we remove. Generally, we do not address technical and other minor changes.

Independent Living Services for Older Individuals who are Blind (OIB), 34 CFR Part 367

Summary of Changes

In the preamble of the NPRM, we discussed on pages 20989 through 20991 the major changes proposed to part 367 implementing the amendments to the OIB program made by WIOA. These included a requirement that not less than 1.8 percent and not more than 2 percent of the funds for this program be reserved to provide training and technical assistance to designated State agencies (DSA) or other providers of independent living services for older individuals who are blind.

In addition, we proposed to incorporate into part 367 the text of relevant provisions of parts 364 and 365 regarding general independent living and State independent living services that were previously incorporated only by reference.

There are five differences between the NPRM and these final regulations. As a result of our further review, we add the

entities eligible to apply for awards under the training and technical assistance funding in § 367.21; we revise § 367.24 to give the Secretary the discretion to conduct the application process and make the subsequent award in accordance with 34 CFR part 75, but not require it; we clarify in §§ 367.65 and 367.66 requirements for the use of program income; we address in a new § 367.67 the financial participation by consumers served by the OIB program; and we revise § 367.69 by requiring that designated State agencies and other service providers enter into written agreements when sharing personal information with entities and organizations for the purpose of evaluations, audits, research, and other program purposes. We also make other, minor technical changes.

Public Comment

In response to our invitation in the NPRM, eight parties submitted comments on the proposed regulations amending the OIB program. One commenter agreed with all of the proposed regulations as written. Another expressed specific support for incorporating into part 367 the independent living (IL) services from section 7(17) of the Act, including the requisite supports and services that facilitate the transition of individuals from nursing homes and other institutions to home- and community-based residences and services to assist older individuals who are blind and who are at risk of entering institutions to remain in their communities. We address those commenters that requested clarifications or proposed additions to the regulations. Because we made a number of structural and numbering revisions to part 367, we provide an analysis of public comment by subpart and, within each subpart, by subject or section. We do not address areas about which we did not receive public comments, *i.e.* Subpart D—How Does the Secretary Award Discretionary Grants? and Subpart E—How Does the Secretary Award Formula Grants?

Subpart A—General

Comment: An organization representing State agencies for the blind and that supports the concept of ''employment first'' recommended that part 367 refer all consumers presumed eligible for the OIB program based upon age to the State VR services program to be assessed for employment potential prior to being served under the OIB program. The commenter stated that this would relieve the ''underfunded'' OIB program of the costs of eligibility and assessment and allow for these costs to be met by the VR program.

Discussion: We appreciate the commenter's support for ''employment first,'' which regards employment as the preferred option for individuals of working age. However, we understand that many older individuals with vision loss may not believe that employment is an option for them. The purpose of the OIB program is to provide IL services to individuals age 55 or older whose significant visual impairment makes competitive employment extremely difficult but for whom IL goals are feasible. Individuals served by the OIB program who subsequently express an interest in employment during or after receiving OIB services may be referred at any time to the VR program; however, there is no statutory authority to require that all potential OIB consumers be referred to the VR program before receiving OIB services.

We acknowledge the commenter's concerns about relieving the OIB program of the costs of eligibility and assessments; however, to require that all individuals presumed eligible for the OIB program be referred first to the VR program for assessment of employment potential is not appropriate, as it shifts those costs to the VR program for individuals for whom competitive employment may not be likely.

What activities may the Secretary fund? (§ 367.3(b))

Comments: Some commenters asked for clarification about whether it is mandatory to provide all independent living (IL) services that may be funded under this part. Commenters were concerned about their capacity to provide all IL services, particularly those defined in proposed § 367.5(b)(10). The commenters noted that some of the services are duplicative of those provided by Centers for Independent Living (CILs), while others may not usually apply to the OIB program (*e.g.* shelter, supported living, physical rehabilitation, therapeutic treatment, and prostheses).

Additionally, commenters stated that vision rehabilitation specialists would require extensive training to gain the qualifications needed to provide all services and that providing the full array of services would affect the quality of vision services provided to clients by an already overstretched staff.

Discussion: We acknowledge the concerns expressed by some commenters about whether providing all IL services identified in § 367.3(b)—particularly the catchall in § 367.3(b)(8), ''Other IL services as defined in § 367.5''—is required. While § 367.3(a) specifies that the DSA may use funds under part 367 for activities described in § 367.1 and § 367.5(b), it does not require the DSA to provide the full array of services and activities that the Secretary may fund. In fact, many of these IL services and activities may also be provided under title VII, chapter 1 of the Act, and older individuals who are blind may be referred to these programs, which include CILs, for services that may not be specific to the vision-related services traditionally provided by the OIB program. However, the broad scope of IL services that an OIB program may provide allows the program to determine what array of services and activities it will provide and to individualize services according to need.

Changes: None.

Transfer of Title VII, Chapter 1 IL Programs

Comment: One commenter requested further clarification about how the Department intends to work with the Department of Health and Human Services (HHS) throughout the IL program transition process to assure that older individuals who are blind continue to receive the necessary services that provide the greatest opportunity for complete and full independence.

Discussion: The Department has worked collaboratively with HHS to ensure the efficient and effective transfer of the Title VII, Chapter 1 programs from the Department of Education to HHS. The OIB program, which continues to be administered by the Department, was transferred within RSA to staff in the Technical Assistance Unit who have the knowledge and expertise necessary to administer the OIB program.

Change: None.

Subpart B—Training and Technical Assistance

Comment: One commenter strongly recommended that a portion of the technical assistance and training funds be required to be used to train service providers on techniques and best practices for serving older individuals who are deaf-blind, including those who are blind or visually impaired and hard of hearing. This specialized training would increase understanding of the needs of deaf-blind individuals, assist service providers who routinely work with individuals who are blind to recognize those who also have hearing loss, and provide techniques designed to maximize independence.

Discussion: We appreciate the commenter's recommendation.

Individuals who are deaf-blind, including those who are blind or visually impaired and hard of hearing, encompass a growing population within those who may be served under the OIB program. As such, we anticipate that training and technical assistance for DSAs and other service providers will address the needs of this dual sensory loss group, as well as of other individuals who are blind or visually impaired and have multiple disabilities.

Change: None.

Eligible Entities for Grants, Contracts, or Cooperative Agreements (§ 367.21(a))

Comment: None.

Discussion: In proposed § 367.21(a), we did not describe the entities eligible to compete for funds reserved under § 367.20 to carry out training and technical assistance through grants, contracts, or cooperative agreements. This was an oversight.

Change: We added eligible entities to final § 367.21(a): State and public or non-profit agencies and organizations and institutions of higher education.

How does the Secretary evaluate an application? (§ 367.24)

Comments: None.

Discussion: When WIOA added a training and technical assistance authority to the OIB program it gave the Secretary the ability to make awards by grant, cooperative agreement or contract. Since the Department generally makes these awards by grants using the procedures in part 75, which uses the peer review process identified in the statute, we added a subsection in the NPRM that provided that the Secretary would use the procedures in part 75, even when awarding a contract. However, upon further reflection, we have determined that there may be circumstances when the Department has an amount of funds that is too small to compete but could be used to support a contract consistent with the training and technical assistance authority, in the form of a task order or modification under an existing Department contract for example, in which case, the Department would not want to use the grant processes in part 75. Therefore, we have determined that it is more appropriate to change the language in this subsection to give the Secretary the authority to use part 75 if awarding a contract, where the Secretary determines it is appropriate but not require its use.

Changes: We have revised final § 367.24(b) to give the Secretary the discretion to conduct the application process and make the subsequent award in accordance with 34 CFR part 75, but not require it.

Subpart C—What are the application requirements under this part?

Removal of State Plan for Independent Living OIB Requirements

Comments: Two commenters, an organization representing agencies for the blind and an individual, acknowledged that WIOA eliminated the requirement for including a reference to the OIB program in the State Plan for Independent Living (SPIL) and expressed concern that this would disenfranchise and remove the ''voice'' of older individuals with vision loss. These commenters recommended that an OIB section be added to the Vocational Rehabilitation (VR) portion of the Unified or Combined State Plans submitted by States, with the requirement that plans require coordination with VR, CILs, aging, and other entities that would further the independence of older persons with visual impairments.

Discussion: We appreciate the commenters' concerns surrounding the potential elimination of the ''voice'' of older individuals who are blind or visually impaired that resulted from the transfer of the IL programs to HHS. However, the previous SPIL requirements for IL coordination with the OIB program and for including any new methods or approaches for providing OIB services were minimal.

In addition, nothing prohibits older individuals who are blind or visually impaired from participating in the development of the SPIL. In fact, for the periodic review and revision of the SPIL, section 704(a)(3)(C)(ii)(II) of the Act requires collaboration and working relationships with, among others, entities carrying out programs that provide independent living services and that serve older individuals. Furthermore, some State OIB programs have developed advisory committees to provide input into determining the needs of the older blind population and developing the services required to meet those needs.

While we appreciate the recommendation to add an OIB section to the VR services portion of the Unified or Combined State Plan, section 101(a) of the Act dictates its required components, which do not include the OIB program. We encourage OIB consumers to make their views known to the DSA and other service providers, and we encourage State OIB programs to develop strategies to coordinate and link OIB programs with other disability and aging-related activities and programs within each State to maximize collaboration and availability of services.

Change: None.

Subpart F—What conditions must be met after an award?

Use of Program Income (§ 367.65(a)(2) and (b)(2))

Comment: None.

Discussion: After further review, we have revised § 367.65 to clarify that payments received by the State agency, subrecipients, or contractors for IL services provided under the OIB program to individual consumers will be treated as program income. We have also revised final § 367.65(b)(2) to require OIB grantees to use program income only to supplement the OIB grant. Grantees will not be permitted to deduct program income from the grant.

Upon closer examination of the grant formula set forth in the statute, we have concluded that the use of the deduction method would, in effect, result in a reduction of an OIB program grantee's allotment. Absent specific statutory authority, these reductions would be inconsistent with the statute and general appropriations law principles. In reviewing the grantees' financial reports, we have found that very few, if any, OIB programs elect to use the deduction method. Instead, most, if not all, grantees elect to use the addition method, which is still permissible and, in fact, will be the only permissible use of program income under the OIB final regulations. We do not believe this change will negatively affect any grantee.

Changes: We have added § 367.65(a)(2), stating that payments received by the State agency, subrecipients, or contractors from insurers, consumers, or others for IL services provided under the OIB program to defray part or all of the costs of services provided to individual consumers will be treated as program income. We have revised final § 367.65(b)(2) to permit grantees to use program income only to supplement their OIB grant and have removed all references to the deduction method.

The Requirements That Apply to the Obligation of Federal Funds and Program Income (§ 367.66)

Comment: None.

There has been a long-standing, government-wide requirement under the common rule implementing former OMB Circular A–102 and the former OMB guidance in Circular A–110, as codified by the Department of Education at former 34 CFR 80.21(f)(2) and

74.22(g), respectively, that non-Federal grantees must expend program income prior to drawing down Federal grant funds. The Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards (Uniform Guidance), codified at 2 CFR part 200, were adopted by the Department at 2 CFR 3474 on December 19, 2014 (79 FR 76091), and apply to all new and continuing awards made after December 26, 2014.

The new 2 CFR 200.305(a) specifies the payment procedures that States must use to draw down Federal funds; however, these procedures appear, on the surface, to apply only to funds included in a Treasury-State Agreement (TSA), and not all Federal program funds made available to States are subject to TSAs. For this reason, 2 CFR 200.305(a) has created an ambiguity about how States should draw Federal funds under non-TSA programs.

Moreover, TSAs do not cover program income earned by State grantees, and 2 CFR 200.305(a) does not address whether States should expend available program income funds before requesting additional Federal cash, which had been the long-standing government-wide requirement in OMB Circular A–102 and codified for Department grantees at 34 CFR 80.21(f)(2). This silence creates concern because, for all other non-Federal entities, 2 CFR 200.305(b)(5) requires them to expend available program income funds before requesting payments of Federal funds.

While the silence in 2 CFR 200.305(a) creates an unintended ambiguity, we do not believe that it should be construed to change the prior rule and remove the requirement that States must expend program income funds before requesting additional Federal cash. No such policy change was discussed in the preambles to either the final guidance in 2 CFR part 200, which was published on December 26, 2013 (78 FR 78589), or in the Interim Final Guidance published on December 19, 2014 (79 FR 75867).

Further, § 361.63(c)(2) permits the transfer of VR Social Security reimbursement program income to carry out programs under title VII, Chapter 2 of the Act (Independent Living Services for Older Individuals Who Are Blind). For this reason, we believe it is essential that we resolve this unintended ambiguity for the OIB program.

We proposed in the NPRM to incorporate the requirement to expend program income before requesting payment of funds by referencing 2 CFR 200.305(a). Given the ambiguity in that section, however, the proposed rule did not clearly state the requirement. We resolve the ambiguity by revising § 367.66(c) to explicitly require States to expend available program income funds before requesting additional cash payments, as was the long-standing requirement under former 34 CFR 80.21(f)(2).

We believe this change is essential to protect the Federal interest by using program income to increase the funds devoted to this program, to which VR Social Security reimbursement program income may also be transferred, keeping to a minimum the interest costs to the Federal government of making grant funds available to the States. This change should not negatively affect States because it merely maintains the status quo that existed under 34 CFR 80.21(f)(2).

Changes: We have revised final § 367.66(c) to make clear that all designated agencies must disburse program income prior to drawing down Federal funds or, as stated in 2 CFR 200.305(b)(5), ''requesting additional cash payments.'' Finally, we have made other technical and conforming edits.

Financial Participation

Comment: One commenter pointed out that the proposed regulations did not address how a grantee should consider a consumer's ability to pay.

Discussion: We agree that the proposed regulations did not address the subject of financial participation by consumers of the OIB program. Since there is neither a Federal requirement for, nor prohibition of, consumers of the OIB program to participate in the cost of IL services, we believe it is beneficial to address the commenter's suggestion by including regulatory language to provide guidance to States that might want to consider this as an option.

Change: We added new § 367.67—*May an individual's ability to pay be considered in determining his or her participation in the costs of OIB services?* A State is neither required to charge, nor is it prohibited from charging, consumers for the cost of IL services provided under the OIB program. Also, a State is neither required to, nor prohibited from, considering the ability of individual consumers to pay for the cost of OIB services in determining how much a particular consumer must contribute to the costs of a particular service. However, specific requirements apply if the State does choose to charge consumers or allow providers of services to charge consumers for services provided under the OIB program. Specific requirements also apply if the State considers, or allows providers of services to consider, the ability of individual consumers to pay for the cost of OIB services. These requirements are outlined in the new § 367.67. Because this is a new section added to the regulations, the sections after it are renumbered accordingly.

CAP (§ 367.68)

Comment: One commenter, noting the inclusion of the notice of the availability of CAP in this subpart, remarked that the OIB regulations should, but do not, address appeals procedures.

Discussion: The Act does not include an appeals procedure for the OIB program; therefore, there is no statutory authority to include any regulations beyond those relating to the availability of CAP to the OIB program.

Change: None.

What are the special requirements pertaining to the protection, use, and release of personal information? (§ 367.69)

Comments: None.

Discussion: We anticipate that other Federal and State agencies, and researchers will have an increased interest in using the data required to be collected by programs established under the Act, including the OIB program. Therefore, after further departmental review, we have strengthened the protection of the confidentiality of personal information collected by the OIB program by requiring in final § 367.69 that designated State agencies and service providers enter into written agreements with any entity seeking access to this information for the purpose of audits, evaluations, research, or for other program purposes. This change is consistent with revisions to final 34 CFR 361.38 governing the protection of confidentiality of personal information collected by the VR program.

Changes: We have revised final § 367.69(a), (d), and (e)(1) by requiring that designated State agencies and service providers enter into written agreements with other organizations and entities receiving personal OIB program information during the conduct of audits, evaluations, research, and for other program purposes.

Client Assistance Program (CAP), 34 CFR Part 370

Summary of Changes

In the preamble of the NPRM, we discussed on pages 20991 through 20994 the major changes proposed to part 370 that would implement the amendments to the CAP made by WIOA and WIA. To implement those changes made by WIA, the Secretary proposed amending the regulations governing the redesignation of a designated CAP

agency to require the governor to redesignate the designated CAP agency if it is internal to the designated State agency (DSA) for the Vocational Rehabilitation program and that DSA undergoes a significant reorganization that meets certain statutory criteria.

The Secretary also proposed making three substantive changes to incorporate statutory changes made to section 112 by WIOA. First, we proposed adding the protection and advocacy system serving the American Indian Consortium as an entity eligible to receive a CAP grant. Second, we proposed requiring the Secretary to reserve funds from the CAP appropriation, once it reaches a specified level, to award a grant for the provision of training and technical assistance to designated CAP agencies. Finally, we proposed clarifying that authorized activities under the CAP include assisting client and client-applicants who are receiving services under sections 113 and 511 of the Act.

In addition to substantive changes required by statutory amendments, the Secretary proposed making other changes to update part 370 so that it, among other things, conforms with RSA practice (*i.e.,* with regard to submission of application and assurances), reflects current CAP grantee practice (*i.e.,* with regard to contracts with centers for independent living), and conforms to the new Uniform Guidance at 2 CFR part 200.

There are no differences between the NPRM and these final regulations, except that, as a result of our further review, we clarify in final § 370.47 requirements related to the use of program income and make other minor technical changes.

Public Comment: In response to our invitation in the NPRM, 41 parties submitted comments on the proposed regulations amending the CAP (part 370). In general, these comments supported the proposed regulations. We provide an analysis of public comments by subject and section only for those regulations about which we received opposing comments or requests for clarification. In addition, we provide an explanation of the clarification in § 370.47 regarding requirements related to the use of program income.

Clients and Client-Applicants (§ 370.1)

Comments: A few commenters supported the revision to § 370.1 clarifying that CAP services are available to assist individuals seeking or receiving services under sections 113 and 511 of the Act. Yet, a few other commenters believe the same proposed regulations were confusing in that the terms ''clients'' and ''client-applicants'' would not include those individuals who are potentially eligible to receive pre-employment transition services. These commenters recommended that we incorporate the definitions of ''student with a disability'' and ''youth with a disability'' within this part to clarify that these individuals are clients and client-applicants. These commenters also recommended that we amend this section to prohibit the provision of CAP services to youth with disabilities seeking subminimum wage employment in sheltered settings.

Discussion: We appreciate the commenters' support for this regulation. We disagree that there is a need to clarify in the regulation that students and youth with a disability, including those students with disabilities seeking or receiving pre-employment transition services, are clients and client-applicants for the purposes of this part. As defined in § 370.6, ''client or client-applicant'' means an individual receiving or seeking services under the Act, respectively. Moreover, section 112(a) makes clear that CAPs may serve clients and client-applicants who are receiving services under section 113—*e.g.,* students with disabilities. In fact, students and youth with disabilities may be eligible to receive a wide range of services under the Act, such as transition services, training, transportation, supported employment, and independent living. Therefore, students and youth with disabilities who are receiving services under the Act are clients and client-applicants for purposes of part 370 and are, therefore, eligible to receive CAP services.

We also appreciate the commenter's concerns about the payment of subminimum wages to youth with disabilities. However, we disagree that we should prohibit the provision of CAP services to youth with disabilities seeking subminimum wage employment. Section 112(a) of the Act, as amended by WIOA, specifically establishes CAPs to assist clients and client-applicants with all benefits and services available under the Act, including those required by section 511. Given this mandate, there is no authority under the Act for the Secretary to prohibit the provision of CAP services to youth with disabilities seeking subminimum wage employment, regardless of the setting. We believe that the final regulation is consistent with the statute.

Change: None.

Requirements for Redesignation (§ 370.10)

Comments: One commenter supported the proposed changes in this section. However, another commenter suggested that redesignation should ultimately be based on criteria, such as the efficiency and effectiveness of the grantee as assessed by RSA through its monitoring activities, in addition to the determination of ''good cause'' by the governor.

Discussion: We appreciate the comment supporting this regulation, as well as the recommendation from the commenter regarding criteria on which to base the redesignation of a CAP grantee. However, other than a determination of good cause by the governor, the Act does not provide the Secretary with authority to specify criteria that would require the redesignation of a designated CAP agency. We believe that the final regulation is consistent with the statute.

Change: None.

Access to Records and Monitoring

Comments: Several commenters were concerned that the proposed regulations did not provide CAPs with the authority to access records and conduct monitoring to help carry out the mandate to assist individuals seeking or receiving services under sections 113 and 511 of the Act. These commenters recommended that CAPs be given the same authority to access records as do other component programs, including the PAIR program, of the protection and advocacy system established under the Developmental Disabilities Assistance and Bill of Rights Act of 2000, believing this general authority would enable CAP grantees to access records and documentation developed under both sections 113 and 511 of the Act.

Discussion: We disagree with the commenters' recommendation. Although many CAPs are housed within a State's protection and advocacy system, section 112 of the Act neither establishes the CAP as a mandatory component of the protection and advocacy system nor requires that the CAP have the same general authorities as those established in part C of the Developmental Disabilities Assistance and Bill of Rights Act of 2000.

Rather, section 112(a) of the Act establishes CAPs to: (1) Advise and inform clients and client-applicants of all services and benefits available to them under the Act; (2) upon the request of these clients and client-applicants, assist and advocate for these individuals in their relationships with projects, programs, and services provided under the Act; and (3) inform individuals with disabilities of the services and benefits available to them under the Act and under Title I of the Americans with Disabilities Act.

In assisting and advocating for clients and client-applicants upon their request, section 112(a) of the Act authorizes the CAP to pursue legal, administrative, or other appropriate remedies to ensure the protection of their rights under the Act and to facilitate access to, and services funded under, the Act through individual and systemic advocacy, as defined at § 370.6(b). This advocacy, whether individual or systemic, must be at the request of the client or client-applicant and must be solely for the purpose of protecting the rights of clients and client-applicants under the Act or to facilitate their access to services under the Act. In this situation alone, the CAPs could access relevant records so long as they follow the requirements of the holder of those records, which typically would require the informed written consent of the client or client-applicant. There is no authority under section 112 for the CAP to engage in advocacy for the sole purpose of gaining general access to records or conducting monitoring.

For these reasons, section 112 of the Act does not provide a basis on which to amend these regulations, as recommended by commenters, to include the same general authorities as those established in part C of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 for mandatory components of the protection and advocacy system, which the CAP is not.

Change: None.

Program Income (§ 370.47)

Comments: None.

Discussion: In further reviewing the interplay between § 370.47 and 2 CFR 200.305, the Department has determined additional clarification is necessary in final § 370.47, particularly with regard to the use of available program income.

There has been a long-standing government-wide requirement under the common rule implementing former OMB Circular A–102 and the former OMB guidance in Circular A–110, as codified by the Department at former 34 CFR 80.21(f)(2) and 74.22(g), respectively, that non-Federal grantees must expend program income prior to drawing down Federal grant funds. The Uniform Guidance, codified at 2 CFR part 200, was adopted by the Department at 2 CFR part 3474 on December 19, 2014 (79 FR 76091) and applies to all new and continuing awards made after December 26, 2014.

The new 2 CFR 200.305 specifies the payment procedures that non-Federal entities must use to draw down Federal funds; however, 2 CFR 200.305(a), which applies to State agencies, does not address whether designated agencies that are State agencies should expend available program income funds before drawing down Federal funds, as had been the long-standing government-wide requirement under OMB Circulars A–102 and A–110.

This silence creates concern because 2 CFR 200.305(b)(5), which appears to apply to non-Federal entities other than States, requires that those entities expend available program income funds before requesting payments of Federal funds. While the silence in 2 CFR 200.305(a) creates an unintended ambiguity, we do not believe that this ambiguity should be construed to change the prior rule and remove the requirement that State agencies must expend program income funds before requesting additional Federal cash. No such policy change was discussed in the preambles to either the OMB final guidance in 2 CFR part 200, which was published on December 26, 2013 (78 FR 78589), or in the Interim Final Guidance published on December 19, 2014 (79 FR 75867).

Therefore, we believe it is essential that we resolve this unintended ambiguity here. To that end, we have amended § 370.47 in these final regulations to make clear that all designated CAP agencies, regardless of their organizational structure, must expend program income before drawing down Federal funds. In so doing, we have revised final § 370.47(b)(2)(ii) to explicitly require CAP grantees to expend available program income funds before requesting additional cash payments, as was the long-standing requirement under former 34 CFR 74.22(g) and 80.21(f)(2).

We believe the change is essential to protect the Federal interest by using program income to increase the funds devoted to the CAP program and keeping to a minimum the interest costs to the Federal government of making grant funds available to the designated agencies. This change should not negatively affect designated CAP agencies that are State agencies because it merely maintains the status quo that existed under 34 CFR 80.21(f)(2).

We also have revised final § 370.47(b)(2) by requiring CAP grantees to use program income only to supplement the CAP grant. Upon closer examination of the grant formula set forth in the statute, we have concluded that the use of the deduction method would, in effect, result in a reduction of a CAP's grant allotment. Absent specific statutory authority, such reductions would be inconsistent with the statute and general appropriations law principles. In reviewing the grantees' financial reports, we have found that very few, if any, designated CAP agencies elect to use the deduction method. Instead, most, if not all, grantees elect to use the addition method, which is still permissible and, in fact, will be the only permissible use of program income under these CAP final regulations. We do not believe this change will negatively affect any grantee.

Changes: We have revised final § 370.47(b)(2) to permit grantees to use program income only to supplement their CAP grant and to remove all references to the deduction method. We have also added a new § 370.47(b)(2)(ii) to make clear that all designated CAP agencies must disburse program income prior to drawing down Federal funds or, as stated in 2 CFR 200.305(b)(5), ''requesting additional cash payments.'' Finally, we have made other technical and conforming edits.

American Indian Vocational Rehabilitation Services Program (AIVRS), 34 CFR Part 371

Tribal Consultation

Consistent with Executive Order 13175, ''Consultation and Coordination With Indian Tribal Governments,'' in addition to seeking input from Indian tribal governments through the public comment process, the Department conducted tribal consultations to obtain input on the proposed changes in the AIVRS program. We hosted a webinar on June 9, 2015, and invited written comments from tribal officials, tribal governments, tribal organizations, and affected tribal members. We provided an overview of the AIVRS NPRM and the proposed changes to the regulations governing the program as a result of WIOA and WIA, and we asked for tribal input regarding those proposed changes.

When announcing the tribal consultation, the Department acknowledged that it was somewhat unusual to ask for tribal input after an NPRM was published, but WIOA's requirement to publish an NPRM within six months for all the programs contained in the Rehabilitation Act, including regulations with the Department of Labor implementing the requirements for a joint state plan for the State Vocational Rehabilitation program, precluded the Department from engaging in a tribal consultation process before it needed to publish the NPRM. The consultation process also had to proceed quickly so that the Department could receive the comments before the public comment period for the NPRM ended in order for those

comments to be considered. Despite these constraints, the Indian community responded thoughtfully during the consultation process and provided 42 comments, many of them unique. Those comments were considered and are addressed along with the other public comments here.

Summary of Changes

In the preamble of the NPRM, we discussed on pages 20994 through 20998 the major changes proposed to part 371 implementing the amendments to the AIVRS program made by WIOA. These included (1) the expansion of the definition of ''Indian'' to include natives and descendants of natives under the Alaska Native Claims Settlement Act, (2) the amendment of the definition of ''Indian tribe'' to include a ''tribal organization,'' and (3) amendments to subpart B to require the reservation of not less than 1.8 percent and not more than 2 percent of the funds for the AIVRS program for the provision of training and technical assistance to the governing bodies of Indian tribes and consortia of those governing bodies eligible for a grant under this program.

The amendments to part 371 also implement changes made by WIA in 1998 that have not previously been incorporated, such as the expansion of services to American Indians with disabilities living ''near'' a reservation, as well as ''on'' a reservation, and the change of the project period from up to three to up to five years. Additionally, we incorporate relevant sections of part 369, which the Department proposed in the NPRM to repeal, and relevant sections of part 361, particularly definitions found in each of those parts.

There are a few differences between the NPRM and these final regulations. Section 371.2(a)(2) now explicitly requires approval of the tribal government before a tribal organization may apply for an AIVRS grant and provide services to tribal members. We made a minor change in § 371.2(a)(3) to make the language consistent with § 371.2(a)(1). We modified the definition of ''supported employment'' in § 371.6 to reflect changes we made to the definition in 34 CFR 361.5(c)(53) so that the term is used identically in both the State VR program and the AIVRS program. We revised § 371.14 to give the Secretary the discretion to conduct the application process and make the subsequent award in accordance with 34 CFR part 75, but not require it. As a means of implementing the statutory requirement that the Secretary give priority consideration to applications for the continuation of programs that have been funded under section 121, we added paragraph (b) to § 371.32 to authorize the Secretary to provide a competitive preference to applicants who previously received an AIVRS grant. Finally, after further departmental review, we revised § 371.44 by requiring that Tribal Vocational Rehabilitation units enter into written agreements with organizations and entities when sharing personal information for the purposes of evaluations, audits, research and other program purposes.

Public Comment: In response to our invitation in the NPRM, 65 parties submitted comments on the proposed regulations amending the AIVRS program (part 371). We received comments in support of most of the proposed regulations, and we received comments questioning or opposing some. We thank the commenters for their support. We discuss only those comments that questioned or opposed particular regulations, and we organize our discussion by subject.

Funding for the AIVRS Program

Comments: Under Section 100(c)(1)–(2) of the Act, the AIVRS program is funded annually through a set-aside of not less than 1 percent and not more than 1.5 percent of the funds appropriated for the State Vocational Rehabilitation (VR) program. A number of commenters requested that the Department increase the funds available for AIVRS projects by setting aside the maximum allowable level of 1.5 percent. Most of these commenters argued that an increase in the set-aside was needed to offset the effect of the new training and technical assistance requirement on the funding available to operate AIVRS projects and asked the Department to take this into consideration in determining the annual set-aside.

Discussion: The level of funding set aside for the AIVRS program under Section 100(c)(1)–(2) of the Act is outside of the scope of the proposed rules. However, the Department is aware that the new reservation of funds for training and technical assistance, coupled with the sequester of mandatory funds under the Budget Control Act of 2011 (Pub. L. 112–25), has in recent years reduced the funds available to operate AIVRS projects and provide services to American Indians with disabilities. The Department will take these and other factors into account when determining the annual level of the AIVRS set-aside.

Changes: None.

Comments: One commenter objected generally to the amount provided for the AIVRS program, stating that the government funds minority groups inequitably and gives too much to American Indians ''just for being Indian.''

Discussion: The commenter's statement is outside the scope of this rulemaking. The Department is implementing a program funded by Congress based on a recognized need for vocational rehabilitation services for American Indians with disabilities.

Changes: None.

60-Month Project Period—§ 371.4

Comments: Some commenters proposed that, instead of limiting funding for AIVRS projects to five years, AIVRS projects ought to be funded permanently. These commenters stated that to compete for funds every five years, not knowing if the project will be re-funded, makes it difficult to ensure continuity of services and operate an efficient and effective program. Many of these commenters recommended that AIVRS projects, once funded, continue to be funded based on decisions from monitoring and technical assistance rather than competing for new awards every five years, much like the Centers for Independent Living program under Title VII of the Act, and some also recommended that each project receive an annual cost-of-living increase.

Discussion: Section 121(b)(3) provides that grants can be effective for up to 60 months. Because the AIVRS program is a discretionary grant program, there is no statutory authority for the Commissioner to provide permanent funding. Section 121 does not provide authority similar to that for the Centers for Independent Living program under Part C of Title VII of the Act, which permits continued funding without competition. The Department can only continue to provide funds to a grant beyond 60 months if, given exceptional circumstances, the Secretary publishes a rule that waives the requirements of 34 CFR 75.250 and 75.261(c)(2), which limit project periods to 60 months and restrict project period extensions that involve the obligation of additional Federal funds.

As for annual cost-of-living increases, there are no provisions in the statute that permit the Commissioner to provide automatic cost-of-living increases to all grantees. A grantee may request a cost-of-living increase when filing its annual performance report and budget, and the request must provide a justification for the increase. The Commissioner will review and approve or disapprove requests for a cost-of-living increase case-by-case.

Changes: None.

Consolidation of AIVRS With Other Employment and Training Programs

Comments: Two commenters requested that tribes that consolidate their employment and training programs under Public Law 102–477 (25 U.S.C. 3401, *et seq.*) be able to add the AIVRS program to the programs they are able to consolidate under that statute.

Discussion: This request is outside the scope of this rulemaking. In any event, the Department would be unable to grant it because the AIVRS program is not eligible for consolidation under Public Law 102–477 (25 U.S.C. 3401, *et seq.* The Indian Employment, Training and Related Services Demonstration Act of 1992 (Pub. L. 102–477) is a statute under which the Secretary of the Interior, in cooperation with the appropriate Secretary of Labor, Health and Human Services, or Education, upon the receipt of a plan submitted by an Indian tribal government, may authorize it to coordinate and integrate its federally funded employment, training, and related services programs into a single, coordinated, comprehensive program, which reduces administrative costs. Section 5 of that Act (25 U.S.C. 3404), however, makes clear that the only programs that may be integrated in a plan submitted by a tribe are those under which an Indian tribe is eligible for receipt of funds under a statutory or administrative formula. Because the AIVRS program is a discretionary grant program, not a formula grant program, it is not eligible for consolidation under Public Law 102–477.

Changes: None.

Training and Technical Assistance Funding (§§ 371.10–371.14)

Comments: A number of commenters recognized the value of training and technical assistance and expressed support for these activities. However, most of these commenters did not believe that these activities should be provided at the expense of services for tribal VR consumers. While some commenters stated that tribal consumers would be better served by continuing to fund direct services rather than training for tribal vocational rehabilitation programs, others expressed the need for more balance in the funding of these activities.

Discussion: New provisions in section 121(c) of the Act, implemented in subpart B of the AIVRS regulations, require the Commissioner to reserve not less than 1.8 percent and not more than 2 percent of the funds set aside for the AIVRS program for training and technical assistance to the governing bodies of Indian tribes, and consortia of those governing bodies, eligible for a grant under this program. While the Act provides the Department with the authority to determine the amount of the reservation within the statutory parameters, taking into consideration the needs of the AIVRS program, it must reserve at least 1.8 percent of the funds set aside for the AIVRS program. The Department believes that the rules in §§ 371.11 through 371.14 implementing section 121(c), as well as the rigorous requirements for training and technical assistance grantees contained in the regulatory priorities applicants must meet, will help to ensure that the training and technical assistance provided is designed to help improve the operation of AIVRS projects and the quality of services provided to their consumers.

Changes: None.

Comment: Two commenters recommended that the Department consider and explore alternate funding sources for training and technical assistance for the AIVRS program. One of these commenters suggested that these activities should be funded as a set-aside under the training and technical assistance component of the Act.

Discussion: While we appreciate the commenters' suggestions, the Department is required to reserve funds for this purpose from the AIVRS set-aside, consistent with section 121(c) of the Act.

Change: None.

Culturally Appropriate Services (§ 371.1)

Comments: A number of commenters expressed support for AIVRS providing culturally appropriate vocational rehabilitation services to American Indians with disabilities and for recognizing subsistence as a permissible employment outcome. Some commenters, however, criticized our illustration of culturally appropriate services in the NPRM preamble—''(*i.e.* services traditionally used by Indian tribes)''—as incomplete and requested that we include examples of culturally appropriate services that match the broad diversity of Indian country.

Discussion: We thank these commenters for their support. Given, however, the large number of American Indian tribes, including Alaskan Native villages and regional corporations, and their widely varying cultural practices, any list of further examples of culturally appropriate practices would also be incomplete and may exclude cultural practices that are unique to some tribes.

Changes: None.

Eligibility

Providing Services ''On or Near'' the Reservation (§ 371.3)

Comments: In response to the proposed language that AIVRS projects provide services to American Indians with disabilities who live on ''or near'' the reservation, some commenters requested guidance on how to define ''near.'' Other commenters stated that as a matter of tribal sovereignty, it should be left to the tribes, not the Federal government, to define ''near'' and to define their service areas, which they do in other contexts such as working with the U.S. Census Bureau or in other Federal programs.

Discussion: We agree with the commenters that it should be the tribes who define ''near'' the reservation. The change allowing AIVRS projects to serve American Indians with disabilities who live ''near'' a reservation, as well as ''on'' a reservation, was made by the Workforce Investment Act (WIA), Public Law 105–120, in August 1998. We proposed adding ''or near'' to § 371.3 because, although we had implemented the statutory change in 1998, the regulations had not yet been updated to reflect the change. Consistent with our current practice under the statutory requirements, applicants for AIVRS grants will, as part of their applications, continue to define the service areas in which, and the populations to whom, they will provide services. RSA staff is always available to assist grantees or potential grantees in determining appropriate service areas for AIVRS grants that meet the criteria of ''on or near'' the applicant's reservation.

Changes: None.

Tribal Organizations (§ 371.2, § 371.6—definitions)

Comment: Some commenters objected to proposed § 371.2(a)(1)(ii), which makes tribal organizations eligible applicants under AIVRS. These commenters pointed out that tribal organizations, like some ''urban'' Indian organizations, need not be tribal governmental entities or even affiliated with tribes. As such, tribal organizations may not be sufficiently responsible to tribal governments, they may temporarily create programs just to establish eligibility, and they may take funding away from established AIVRS programs and from consumers in need of VR services.

Many other commenters requested that, while tribal organizations may be eligible for AIVRS grants, we should require an application from any tribal organization to have the approval of the tribe or tribes it plans to serve. A few

commenters asked who or what office must issue this approval; a few others noted that securing the necessary approvals may be difficult because an AIVRS project may provide services to members of several different tribes. Finally, some commenters suggested that there be a single tribal entity within the tribal government to conduct all AIVRS activities.

Discussion: The amendments to WIOA added ''tribal organizations'' to the definition of ''Indian tribe'' in section 7(19)(B) of the Act. Because Indian tribes are eligible for grants under the AIVRS program, in § 371.2, the Department is implementing a statutory requirement: Tribal organizations are eligible for AIVRS grants. Specifically, Section 7(19)(B) includes in the definition of ''Indian tribe,'' ''a tribal organization (as defined in section 4(l) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450b(l)).'' Section 371.6 of the regulations adopts that definition. Under § 371.6, a tribal organization is:

1. The recognized governing body of any Indian tribe; or

2. Any legally established organization of Indians that is controlled, sanctioned, or chartered by the governing body of an Indian tribe; or

3. Any legally established organization of Indians that is democratically elected by the adult members of the Indian community to be served by the organization and that includes the maximum participation of Indians in all phases of its activities.

As such, if the organization is not the actual governing body of the tribe, it nevertheless has close ties to the governing body because the body has created it, authorized it, or is actually controlling it, or the organization has close ties to the tribal members because they have elected the membership of the tribal organization. Therefore, we do not believe that the concern expressed about ''urban'' tribal organizations that are unaffiliated with tribes competing with existing AIVRS projects, perhaps by creating pretextual vocational rehabilitation programs, is a likely outcome of this regulatory change. We also note that the tribal organization must also meet the other eligibility requirements under § 371.2(a), including that they be located on Federal or State reservations. If the tribal organization is not a tribal governing body, then the tribes that make up the tribal organization have to meet the reservation requirement, again creating a close connection with the tribes themselves.

Although we believe that the definition of ''tribal organization'' already requires a close connection with an Indian tribe, we agree with the commenters that applications from tribal organizations should have the approval of the tribal governments the organizations seek to serve. In part, the proposed regulations already required this.

If a tribal organization serves more than one tribe, § 371.2(a)(3) requires the organization to obtain the approval of each of the tribes it seeks to serve. This requirement already applies to a consortium and a tribal government seeking to serve more tribes than its own. However, the proposed regulations did not explicitly require a tribal organization that is not a tribal government and seeks to serve only one tribe, to obtain approval to apply for an AIVRS grant from that tribal government.

We are, therefore, adding this requirement as § 371.2(a)(2)(ii). This will ensure that it is the tribal governments that ultimately have the authority to determine the services provided to their members and the entity authorized to provide those services.

Approval must be a formal action taken by the tribal government. It will often come in the form of a resolution from the tribal council. However, as the forms of government among the tribes are so many and varied, we cannot make an exhaustive list of the entity that must issue the approval or specify what form the approval must take. It may be sufficient for the tribal council to authorize a tribal organization to apply for any health or social service grant on its behalf and provide those services to its members. The council may not have to pass resolutions for each grant application. However, these are matters dictated by tribal law, as is the decision regarding the entity that will provide tribal vocational rehabilitation services to its members.

As for the difficulty of securing approvals when multiple tribes are to be served, this change merely applies the existing approval requirement for consortia and inter-tribal agreements to tribal organizations, and our experience suggests that there is no great difficulty in securing the necessary approvals. The number of approvals may, in fact, be smaller than commenters suggested. The tribal organization needs approvals only from those tribes on (or near) whose reservations the tribal organization plans to provide services. The tribal organization is under no obligation to identify the tribal affiliation of all residents of those service areas who the AIVRS project may serve and who may have a different tribal affiliation, nor must it seek approval from those tribes.

Changes: We have amended § 371.2(a)(2) and added new § 371.2(a)(2)(ii) to require that, in order to receive a grant under this section, a tribal organization that is not a governing body of an Indian tribe must have the approval of the tribe to be served by the organization.

Who may make an application under the AIVRS Program? (§ 371.2)

Comments: None.

Discussion: Section 371.2(a) implements the statutory authorization that permits applications for the AIVRS program to be made by the governing bodies of Indian tribes or consortia of those governing bodies. Section 371.2(a)(1) implements the Education Department General Administrative Requirement at 34 CFR 75.128 that groups of applicants can only apply either by designating one member of the group—one of the governing bodies—to apply on behalf of the group or by establishing a separate eligible legal entity to apply for the group. In the proposed regulations, § 371.2(a)(3) discussed grants being made to ''the governing body of an Indian tribe, a consortium of those governing bodies, or a tribal organization.'' However, in order to be consistent with 34 CFR 75.128 and § 371.2(a)(1), § 371.2(a)(3) must recognize that grants cannot go to a consortium itself but must go to a tribal governing body or a tribal organization on behalf of the consortium.

Changes: We have revised final § 371.2(a)(3) to reflect that grants are made to ''the governing body of an Indian tribe, either on its own behalf or on behalf of a consortium, or to a tribal organization. . . .''

Who Is Eligible To Receive Services (§ 371.3)

Comment: A few commenters expressed concern about providing services to descendants of Alaska Natives. They asked about who determines their tribal membership and how those services would be funded.

Discussion: Section 371.3 implements the statutory authorization in section 121(a) of the Act that makes American Indians with disabilities who reside on or near reservations eligible for services under AIVRS. WIOA amended Section 7(19)(A) to include within the definition of ''American Indian'' a ''Native and a descendant of a Native as such terms are defined in subsections (b) and (r) of section 3 of the Alaska Native Claims

Settlement Act (ANCSA), 43 U.S.C. 1602.''

''Native'' is defined in subsection (b) of section 3 of ANCSA as a citizen of the United States who is a person of one-fourth degree or more Alaska Indian (including Tsimshian Indians not enrolled in the Metlakatla Indian Community) Eskimo, or Aleut blood, or combination thereof. The term includes any Native as so defined either or both of whose adoptive parents are not Natives. It also includes, in the absence of proof of a minimum blood quantum, any citizen of the United States who is regarded as an Alaska Native by the Native village or Native group of which he claims to be a member and whose father or mother is (or, if deceased, was) regarded as Native by any village or group. Alaska native villages and regional village corporations are included in the Rehabilitation Act's definition of ''Indian tribe,'' and Alaska Natives are their members.

''Descendant of a Native'' is defined in subsection (r) in section 3 of ANCSA as—

(1) A lineal descendant of a Native or of an individual who would have been a Native if such individual were alive on December 18, 1971, or

(2) An adoptee of a Native or of a descendant of a Native, whose adoption—

(A) Occurred prior to his or her majority,

and

(B) Is recognized at law or in equity.

We understand the essence of the commenters' concern to be that the Act makes descendants of natives eligible for services under AIVRS, but not all descendants of natives are members of their parents' native corporations or tribes, potentially resulting in AIVRS projects providing services to non-tribal members. However, the Act does not require tribes to make any determination about the membership status of those eligible; it merely prescribes the pool of individuals eligible for services funded by Federal money. While this change in the American Indians with disabilities eligible for services may increase the number of consumers seeking services, we do not believe it will be such a substantial increase that the affected AIVRS projects cannot absorb it.

Changes: None.

Definitions of ''Competitive Integrated Employment,'' ''Employment Outcome,'' and ''Subsistence'' (§ 371.6)

Comments: Some commenters expressed strong support for the definitions of ''competitive integrated employment,'' ''employment outcome,'' and ''subsistence'' in § 371.6. Several commenters recommended that the Secretary continue to recognize homemaker and unpaid family worker outcomes as appropriate vocational outcomes for purposes of the AIVRS program.

Alternatively, a few commenters suggested that we include homemaker and unpaid family worker outcomes within the definition of ''subsistence.'' One commenter recommended that we include a note in the definition of ''employment outcome'' that subsistence occupations are approved employment outcomes. Another commenter asked if we intend that the definition of ''subsistence'' apply only to individuals served through the AIVRS program or if it applies to all individuals served through the VR program, including those individuals who live in rural areas where few opportunities for competitive integrated employment exist. This commenter also asked if we propose any limits on hobby-type activities as self-employment outcomes.

One commenter requested that we clarify the meaning of ''culturally appropriate'' as used in the definition of ''subsistence'' and the preamble to the NPRM covering the VR program regulations by providing examples.

Finally, one commenter recommended that we standardize the definition of ''competitive integrated employment'' in § 371.6 with the definition of that term in 34 CFR 361.5(c)(9) for the State Vocational Rehabilitation (VR) Services program, noting that the two definitions vary in some technical respects.

In light of the interrelationship between the terms ''competitive integrated employment,'' ''employment outcome,'' and ''subsistence,'' we address the comments on these definitions together.

Discussion: We appreciate the support expressed by the commenters. We believe that consistency in interpretation and implementation of the regulations governing the AIVRS and VR programs is essential given the large number of American Indians and Alaskan Natives with disabilities who are eligible for services from both programs, some of whom may be served by the programs sequentially or even simultaneously.

This is imperative for the definition of ''employment outcome,'' which is the basis for services provided by both programs. As explained in more detail in the final regulations governing the VR program published elsewhere in this issue of the **Federal Register**, we have eliminated uncompensated outcomes, including homemaker and unpaid family worker outcomes, from the scope of the definition of ''employment outcome'' in 34 CFR 361.5(c)(15). Although section 7(5) of the Act, as amended by WIOA, permits the Secretary to include within this definition other appropriate vocational outcomes, the Secretary must exercise this discretion in a manner consistent with the Act.

Because of the extensive emphasis on competitive integrated employment throughout the Act, as amended by WIOA, it is no longer consistent with the Act to include uncompensated outcomes within the scope of the definition of ''employment outcome.'' Because we believe it is necessary to implement the term consistently under both the VR and AIVRS programs, we cannot include homemaker and unpaid family worker outcomes within the scope of the definition of ''employment outcome'' solely for the purposes of the AIVRS program as the commenters requested. For these reasons also, we disagree with the recommendation to include homemaker and unpaid family worker outcomes within the definition of ''subsistence'' in § 371.6, which is defined as a form of self-employment and, thus, considered an allowable employment outcome under both the AIVRS and VR programs.

We define ''subsistence'' in § 371.6 for purposes of the AIVRS program to mean a form of self-employment in which individuals use culturally relevant or traditional methods to produce goods or services for household consumption or non-commercial barter and trade that constitute an important basis for the individual's livelihood. The definition of ''employment outcome'' in 34 CFR 361.5(c)(15) encompasses all forms of competitive integrated employment and specifically mentions self-employment. Because we consider subsistence occupations to be a form of self-employment, these occupations are already within the scope of the definition of ''employment outcome,'' and it is not necessary to revise the definition to refer specifically to subsistence as recommended by the commenters.

To ensure consistency in the interpretation of ''competitive integrated employment'' under both the VR and the AIVRS programs, we stated in the preamble to the NPRM for the VR program that we understand subsistence employment as a form of self-employment common to cultures of many American Indian tribes (see NPRM, State Vocational Rehabilitation Services Program, Supported Employment Services Program, and

Limitations on the Use of Subminimum Wage, 80 FR 21059, April 16, 2015). We do not intend that statement, or the inclusion of the definition of ''subsistence'' only in § 371.6, to limit services designed to assist individuals to achieve subsistence occupations to those served through the AIVRS program.

In addition, while we believe that subsistence occupations are most culturally relevant to American Indian and Alaskan Native tribes, we recognize that individuals may engage in traditional occupations in other native cultures. Thus, DSUs may find it appropriate to assist individuals from cultures other than American Indian and Alaskan Native tribes, such as individuals living in the Territories, to achieve self-employment in subsistence occupations. However, because the definition of ''subsistence'' in § 371.6 requires that the subsistence occupation be culturally relevant to the individual, we decline to extend the applicability of subsistence occupations to other individuals solely on the basis of their location in rural areas, even though there may be few opportunities for competitive integrated employment in those areas. Examples of subsistence occupations that are culturally relevant to American Indian or Alaskan Native tribes can include the exchange of fish caught, or grain raised, by the individual with the disability for other goods produced by other members of the tribe that are needed by the individual to live and maintain his or her home. Given, however, the large number of American Indian tribes, including Alaskan Native villages and regional corporations, and their widely varying cultural practices, any list of further examples of culturally relevant practices would also be incomplete and may exclude cultural practices that are unique to some tribes.

Since the definition of ''subsistence'' in § 371.6 requires that the activity be important to the individual's livelihood, AIVRS grantees cannot provide services to enable individuals to engage in mere hobbies, as hobbies do not meet the criteria for self-employment as an employment outcome.

Finally, to avoid any misperception that the definitions of ''competitive integrated employment'' in 34 CFR 361.5(c)(9) pertaining to the VR program and that in § 371.6 applicable to the AIVRS program differ based on the lack of technical consistency, we have made the definitions identical.

Changes: We have made the definition of ''competitive integrated employment'' in final § 371.6 consistent with the definition of that term in 34 CFR 361.5(c)(9) by making technical changes.

Definition of ''Supported Employment'' (§ 371.6)

Comment: One commenter noted that the definition of ''supported employment'' in the Act no longer includes ''transitional employment for individuals with mental illness'' and recommended that we remove reference to this type of employment from the definition of ''supported employment.''

Discussion: Many other organizations and individuals submitted comments, in addition to the one comment discussed here submitted in connection with the AIVRS regulations, on the definition of ''supported employment'' in the proposed State VR regulation, 34 CFR 361.5(c)(53). We discuss all of these comments in detail in the final rule amending 34 CFR 363, published elsewhere in this issue of the **Federal Register**. As a result of those comments, we have removed the reference to ''transitional employment'' from the definition of ''supported employment'' in § 361.5(c)(53) and have made other conforming changes to the definition of ''supported employment'' in § 371.6 so that it is consistent with the definition in § 361.5(c)(53).

Changes: We have revised the definition of ''supported employment'' in final § 371.6 so that it is substantively identical to the definition of that term in § 361.5(c)(53). The only difference between the two definitions is that where § 361.5(c)(53) refers to a ''Designated State Unit,'' the service provider under the State VR program, the definition in § 371.6 refers to the ''Tribal Vocational Rehabilitation Unit,'' the appropriate term for the service provider under AIVRS.

Pre-Employment Transition Services and Coordination With AIVRS Projects (34 CFR 361.48(a), 34 CFR 361.24(d), and 34 CFR 361.65)

Comment: Some commenters recommended that State VR agencies be required to include in their formal interagency agreements with AIVRS projects and to address in agreements with Tribal Education Agencies in the State how the State VR agency plans to provide equitable pre-employment transition services to American Indian students and American Indian youth with disabilities and how services to American Indian students with disabilities will be incorporated into the budgeting and spending plans for the State's 15% set aside for transition of students with disabilities.

Discussion: We note at the outset that only American Indian students with disabilities, rather than American Indian youth with disabilities, are eligible for pre-employment transitions services, as explained in more detail in the discussion of comments on 34 CFR 361.48(a) in the final rule amending part 361 published elsewhere in this issue of the **Federal Register**. While we understand the commenters' concerns regarding the need to ensure that coordination among the DSU, AIVRS program, and educational agencies is taking place and that transition services, including pre-employment transition services, are provided to American Indian students with disabilities, the Department believes that the final regulations in part 361 accomplish this. The final regulation at 34 CFR 361.24 addresses the need for coordination among these entities and for providing transition services to American Indians living on or near a reservation. Section 361.24(d)(1) requires the VR services portion of the Unified or Combined State Plan to include a formal cooperative agreement with AIVRS programs. Section 361.24(d)(2) sets out requirements for that cooperative agreement, and those include strategies for providing transition planning under § 361.24(d)(2)(iii). Furthermore, the Federal funds reserved in accordance with 34 CFR 361.65, and any funds made available from State, local, or private funding sources, are to be used to provide pre-employment transition services to all students with disabilities, including American Indian students with disabilities, in need of such services. We also discuss comments on these sections in more detail in the final rule amending 34 CFR part 361 published elsewhere in this issue of the **Federal Register**.

Changes: None.

Definition of ''Transition Services'' (34 CFR 361.5(c)(55) and 371.6)

Comments: None.

Discussion: We have made changes to the definition of ''transition services'' in final § 371.6 to make it consistent with the definition of that term in final 34 CFR 361.5(c)(55) for purposes of the AIVRS program. Specifically, we revised the definition to clarify that it applies to students and youth with disabilities and includes outreach to parents, or, if appropriate, representatives of the student or youth.

Changes: We have revised the final § 371.6 so that the definition of ''transition services'' is consistent with the definition of the term in final 34 CFR 361.5(c)(55).

Evaluation of an Application for a Training and Technical Assistance Award (§ 371.14(b))

Comment: A number of commenters recommended that, for a training and technical assistance award, the Secretary make mandatory a 10-point competitive preference priority for applications that include as project personnel in a substantive role individuals who have been employed by a tribal VR unit as a project director or VR counselor.

Discussion: While we believe that this competitive preference priority in final § 371.14(b) should be available to the Secretary to implement the training and technical assistance requirement of section 121(c)(2) of the Act, we disagree with the commenters that the priority should be mandatory and that it should always be worth 10 points. When appropriate to an AIVRS training and technical assistance competition, we will publish this competitive preference priority, and its point value, in the notice inviting applications for the competition.

Changes: None.

How does the Secretary evaluate an application? (§ 371.14(c))

Comments: None.

Discussion: When WIOA added a training and technical assistance authority to the AIVRS program, it gave the Secretary the ability to make awards by grant, cooperative agreement or contract. Since the Department generally makes these awards by grants using the procedures in part 75, which uses the peer review process identified in the statute, we added a subsection to the NPRM that provided that the Secretary would use the procedures in part 75, even when awarding a contract. However, upon further reflection, we have determined that there may be circumstances when the Department has an amount of funds that is too small to compete but could be used to support a contract consistent with the training and technical assistance authority, in the form of a task order or modification under an existing Department contract for example, in which case, the Department would not want to use the grant processes in part 75. Therefore, we have determined that it is more appropriate to change the language in this subsection to give the Secretary the authority to use part 75 if awarding a contract, where the Secretary determines it is appropriate but not require its use.

Changes: We have revised final § 371.14(c) to give the Secretary the discretion to conduct the application process and make the subsequent award in accordance with 34 CFR part 75, but not require it.

What other factors does the Secretary consider in reviewing an application? (§ 371.32)

Comment: A number of commenters recommended that, in addition to the competitive preference priority for the training and technical assistance award in § 371.14(b), the Secretary also make mandatory a 10-point competitive preference priority for applications for the AIVRS program that include as project personnel in a substantive role individuals who have been employed by a tribal VR unit as a project director or VR counselor.

Discussion: We do not believe that this competitive preference is appropriate for the AIVRS program, whereas it is appropriate for the training and technical assistance program. While the quality of the project personnel is part of the selection criteria for both projects, the training and technical assistance applicants generally have a primary background in providing training, not necessarily VR services or VR services to American Indians. The competitive preference for training and technical assistance is a way to encourage applicants to consider personnel who have a background in the appropriate training and familiarity with the community that will be receiving the technical assistance. By contrast, the AIVRS projects require personnel with experience in tribal VR services.

We do think, however, that this regulatory section should include a provision implementing the statutory requirement to give priority consideration to applications for the continuation of programs that have been funded under section 121. Although the Department has implemented this statutory requirement through its notices inviting applications, we believe it is appropriate to have a corresponding regulatory provision for the statutory requirement.

Changes: We have added final § 371.32(b), which provides that the Secretary may award a competitive preference to applications for the continuation of programs that have previously been funded under this program.

Stipends

Comment: One commenter stated that tribal vocational rehabilitation programs should be able to pay a stipend for on-the-job training and work experiences as is done under the State VR program.

Discussion: On-the-job training (OJT) and other work experiences (*e.g.* internships) are allowable vocational rehabilitation services for individuals under the State VR program (34 CFR 361.48(b)(6)) and the definition section of the AIVRS program regulations (final § 371.6(b)). A VR agency or AIVRS project may provide paid work experiences, such as OJT and internships, as a VR service so long as the agency determines that it is necessary for the individual to achieve an employment outcome. In all instances, the VR agency purchases goods or a service that benefit the consumer. Since the work experience is considered the goods or service, the VR agency ''purchases'' it from the employer and reimbursement is provided to employers for these paid work experiences. This is typically done through a contract between the vocational rehabilitation program and an employer under which funds may be included that would assist the employer in providing compensation to the trainee.

Changes: None.

What are the special requirements pertaining to the protection, use, and release of personal information? (§ 371.44)

Comments: None.

Discussion: We anticipate that other Federal and State agencies, and researchers will have an increased interest in using the data required to be collected by programs established under the Act, including the AIVRS program. Therefore, after further departmental review, we have strengthened the protection of the confidentiality of personal information collected by the AIVRS program by requiring in final § 371.44 that Tribal Vocational Rehabilitation units enter into written agreements with any entity seeking access to this information for the purpose of audits, evaluations, research, or for other program purposes. This change is consistent with revisions to final 34 CFR 361.38 governing the protection of confidentiality of personal information collected by the VR program.

Changes: We have revised final § 371.44(a), (d), and (e)(1) by requiring that Tribal Vocational Rehabilitation units enter into written agreements with other organizations and entities receiving personal AIVRS program information during the conduct of audits, evaluations, research, and for other program purposes.

Rehabilitation National Activities Program, 34 CFR Part 373

Summary of Changes

In the preamble of the NPRM, we discussed on pages 20998 through 20999 the major changes proposed to part 373 implementing the amendments to the Rehabilitation National Activities Program made by WIOA. These include: (1) A new name for the program—the Rehabilitation National Activities Program—that better describes the broad nature of the types of activities that may be funded under this authority; (2) as appropriate, the addition of a definition of ''vocational rehabilitation services'' and the replacement of the term ''rehabilitation services'' with ''vocational rehabilitation services;'' (3) the addition of two new statutory priorities pertaining to transition from education to employment and competitive integrated employment; and (4) the addition of four priorities to address the technical assistance and training needs of State vocational rehabilitation agencies and their personnel.

In addition to minor editorial and technical revisions, there is one difference between the NPRM and these final regulations. In final § 373.4, we added a paragraph (3) to the definition of ''early intervention'' that lists individuals receiving disability benefits from an employer's disability insurance policy.

Public Comment: In response to our invitation in the NPRM, four parties submitted comments on the proposed regulations amending the Rehabilitation National Activities Program (part 373). We set out our analysis by section.

§ 373.4 Definitions, Early Intervention

Comment: One commenter noted that people with emerging disabilities or disabilities that have increased in severity are among those most at risk for loss of employment. For these people, entering onto an employer's disability insurance plan is often the first step to public disability benefits. The commenter therefore recommended that we add this population to the list of example populations in the definition of ''early intervention'' in proposed § 373.4 that may receive early intervention services.

Discussion: We agree with the commenter. As the populations listed in the definition are illustrative and not exclusive, we believe it is appropriate to call attention to this at-risk population.

Change: We add a new paragraph (3) to the definition of ''early intervention'' that lists individuals receiving disability benefits from an employer's disability insurance policy.

§ 373.4 Definitions, ''Individual With a Disability''

Comment: One commenter suggested updating the definition of ''Individual with a Disability'' to follow 2008 statutory changes in the Americans With Disabilities Act.

Discussion: This definition is based upon the definition in section 7 of the Act and thus cannot be changed to conform to a definition in another statute.

Changes: None.

Protection and Advocacy of Individual Rights Program (PAIR), 34 CFR Part 381

Summary of Changes

In the preamble of the NPRM, we discussed on pages 20999 through 21001 the major changes proposed to part 381 that would implement the amendments to the PAIR program made by WIOA and WIA. With regard to the statutory changes made to section 509 by WIA, we proposed adding the protection and advocacy system serving the American Indian Consortium as an entity eligible to receive a PAIR grant.

With regard to statutory changes made to section 509 by WIOA, we proposed: (1) Clarifying that PAIR grantees have the same general authorities, including to access records and program income, as the protection and advocacy system established under the Developmental Disabilities Assistance and Bill of Rights Act of 2000; and (2) clarifying that the Secretary may award funds for the provision of training and technical assistance for PAIR grantees through a grant, contract, or cooperative agreement.

There are no differences between the NPRM and these final regulations, except that, as a result of further Departmental review, we clarify in final § 381.33(e) requirements governing the use of program income.

Public Comment: In response to our invitation in the NPRM, three parties submitted comments on the proposed regulations amending the PAIR program (part 381). In general, these commenters support the proposed regulations. We provide an analysis of public comments by subject and section only for the regulation about which we received a request for clarification. In addition, we provide an explanation of the clarification in final § 381.33(e) about the use of program income.

Access to Records (§ 381.10)

Comments: A few commenters supported the proposed changes to this section that PAIR grantees have the same authority to access records as the protection and advocacy system established under the Developmental Disabilities Assistance and Bill of Rights Act of 2000. However, one commenter recommended further clarifying when PAIR grantees can exercise this access authority by including specific examples. The commenter noted that, while this access authority has been challenged in the States, PAIR grantees ultimately have been successful in exercising this authority.

Discussion: We appreciate the comments supporting this regulation. We disagree with the comment requesting that we further clarify the circumstances in which PAIR grantees can exercise their authority to access records by including examples in the regulation. As stated in the NPRM, the change is technical in nature as this long-standing authority existed prior to enactment of WIA or WIOA.

Therefore, we believe the proposed regulation was clear that PAIR grantees, as part of the protection and advocacy system, have the same authority to access records provided for under the Developmental Disabilities Assistance and Bill of Rights Act of 2000. For this reason, we believe these final regulations are consistent with the statute and no further change is warranted.

Change: None.

Program Income (§ 381.33(e))

Comments: None.

Discussion: In further reviewing the interplay between § 381.33(e) and 2 CFR 200.305, the Department has determined additional clarification is necessary in final § 381.33(e), particularly with regard to the use of available program income.

There has been a long-standing government-wide requirement under the common rule implementing former OMB Circular A–102, and the former OMB guidance in Circular A–110, as codified by the Department at former 34 CFR 80.21(f)(2) and 74.22(g), respectively, that non-Federal grantees must expend program income prior to drawing down Federal grant funds. The Uniform Guidance, codified at 2 CFR part 200, was adopted by the Department at 2 CFR part 3474 on December 19, 2014 (79 FR 76091) and applies to all new and continuing awards made after December 26, 2014.

The new 2 CFR 200.305 specifies the payment procedures that non-Federal entities must use to draw down Federal funds; however, 2 CFR 200.305(a), which applies to State agencies, does not address whether designated

agencies that are State agencies should expend available program income funds before drawing down Federal funds, as had been the long-standing government-wide requirement under OMB Circulars A–102 and A–110.

This silence creates concern because 2 CFR 200.305(b)(5), which appears to apply to non-Federal entities other than States, requires that those entities expend available program income funds before requesting payments of Federal funds. While the silence in 2 CFR 200.305(a) creates an unintended ambiguity, we do not believe that this ambiguity should be construed to change the prior rule and remove the requirement that State agencies must expend program income funds before requesting additional Federal cash. No such policy change was discussed in the preambles to either the OMB final guidance in 2 CFR part 200, which was published on December 26, 2013 (78 FR 78589), or in the Interim Final Guidance published on December 19, 2014 (79 FR 75867).

Therefore, we believe it is essential that we resolve this unintended ambiguity here. To that end, we have amended § 381.33(e) in these final regulations to make clear that all designated agencies, regardless of their organizational structure, must expend program income before drawing down Federal funds. In so doing, we have revised final § 381.33(e)(2)(ii) to explicitly require PAIR grantees to expend available program income funds before requesting additional cash payments, as was the long-standing requirement under former 34 CFR 74.22(g) and 80.21(f)(2).

We believe this change is essential to protect the Federal interest by using program income to increase the funds devoted to the PAIR program and keeping to a minimum the interest costs to the Federal government of making grant funds available to the designated agencies. This change should not negatively affect designated agencies that are State agencies because this change merely maintains the status quo that existed under 34 CFR 80.21(f)(2).

We also have revised final § 381.33(e)(2) by requiring PAIR grantees to use program income only to supplement the PAIR grant. Upon closer examination of the grant formula set forth in the statute, we have concluded that the use of the deduction method would, in effect, result in a reduction of a PAIR's grant allotment. Absent specific statutory authority, such reductions would be inconsistent with the statute and general appropriations law principles. In reviewing the grantees' financial reports, we have found that very few, if any, designated agencies elect to use the deduction method. Instead, most, if not all, grantees elect to use the addition method, which is still permissible and, in fact, will be the only permissible use of program income under the PAIR program final regulations. We do not believe this change will negatively affect any grantee.

Changes: We have revised final § 381.33(e)(2) to permit grantees to use program income only to supplement their PAIR grant and removed all references to the deduction method. We have also added a new § 381.33(e)(2)(ii) to make clear that all designated agencies must disburse program income prior to drawing down Federal funds or, as stated in 2 CFR 200.305(b)(5), before ''requesting additional cash payments.'' Finally, we have made other technical and conforming edits in final § 381.33.

Rehabilitation Training Program, 34 CFR Part 385

Summary of Changes

In the preamble of the NPRM, we discussed on pages 21001 through 21002 the major changes proposed to part 385 implementing the amendments to the Rehabilitation Training Program made by WIOA. These include: (1) Adding supported employment and economic and business development programs to the list of programs that may benefit individuals with disabilities; (2) emphasizing the importance of maintaining and upgrading the skills of personnel who provide supported employment services and customized employment services to individuals with the most significant disabilities, as well as personnel assisting individuals with disabilities whose employment outcome is self-employment, business ownership, or telecommuting; (3) adding a definition of ''vocational rehabilitation services'' and replacing the term ''rehabilitation services'' with ''vocational rehabilitation services'' as appropriate; and (4) adding definitions of ''supported employment'' and ''assistive technology'' consistent with definitions in title I of the Act.

Except for minor editorial and technical revisions, there are no differences between the NPRM and these final regulations.

Public Comment: In response to our invitation in the NPRM, four parties submitted comments on the proposed regulations amending the Rehabilitation Training Program (part 385). We provide our analysis by subject.

General

Comment: One commenter recommended a requirement that training program personnel consult with small business development centers. This commenter also recommended a requirement that training programs consult with workforce board business representatives about effective telecommuting and entrepreneurship practices in their area.

Discussion: We agree that training personnel should consult with other professionals knowledgeable about small business development, since self-employment is an excellent employment option for some individuals with disabilities. For the same reason, we agree that consultation about telecommuting and entrepreneurship is appropriate. Nothing in the proposed regulations would preclude training programs or their personnel from consulting as the commenter recommends, but requiring this consultation is potentially burdensome and unnecessary.

Changes: None.

§ 385.4 Definitions, ''Individual with a Disability''

Comment: One commenter suggested updating the definition of ''Individual with a Disability'' to align it with 2008 statutory changes in the Americans With Disabilities Act.

Discussion: This definition is based upon the definition in section 7 of the Act and thus cannot be changed to conform to a definition in another statute.

Changes: None.

Rehabilitation Long-Term Training Program, 34 CFR Part 386

Summary of Changes

In the preamble of the NPRM, we discussed on pages 21002 through 21006 the major changes proposed to part 386 implementing the amendments to the Rehabilitation Long-Term Training program made by WIOA, as well as those changes needed to update and improve the regulations. We proposed: (1) adding two areas to the training areas supported by this program (assisting and supporting individuals with disabilities pursuing self-employment, business ownership, and telecommuting; and supported employment services and customized employment services to individuals with the most significant disabilities); (2) reducing from 75 percent to 65 percent the required percentage of the total award that grantees must spend on financial assistance to scholars; (3) prohibiting scholars from concurrently

receiving financial assistance from multiple grants; and (4) requiring the grantee to document that the scholar will seek employment in the field of study in which the scholar was trained or where the field of study is directly relevant to the job functions being performed.

We also proposed a number of changes to the exit processes that will help scholars be more aware of the requirements of their service obligation, including: (1) setting out the consequences for a grantee that has failed to request or maintain the required documentation for a scholar who does not meet the service obligation; (2) allowing some scholars to start satisfying the service obligation before completion of the program of study but to prohibit other scholars who do not complete the program of study from performing the service obligation; and (3) disallowing internships, practicums, or any other work-related requirement necessary to complete the educational program as qualifying employment for the service obligation.

Finally, we proposed some changes regarding deferrals and exceptions. For an exception based on disability, the scholar must have a disability either that did not exist at the time the scholar entered the program or that has worsened since the scholar entered the program. The documentation of disability must be less than three months old. With regard to deferrals, the proposed changes included: (1) allowing for up to four years deferral for a member on active duty in the Armed Forces, an increase from the three years in prior regulations; and (2) restricting a deferral based on a scholar's pursuing higher education only to advanced education that is in the rehabilitation field.

There are four differences between the NPRM and these final regulations.

- We clarify in final § 386.20(b)(2)(iii) that the selection criterion applies only to those programs that require practica and field experiences as part of their curricula.
- To clarify allowable travel costs, we conform the language about student travel in final § 386.32(d) to the language of student travel in the definition of ''scholarship'' in final § 386.4.
- In final § 386.31(c), we clarify the prohibition on concurrent scholarships by setting out the grantee's obligation to make a good-faith effort to avoid awarding a scholarship to any scholar who is currently receiving another scholarship under this program.
- We further clarify the prohibition on concurrent scholarships by adding a new § 386.40(a)(4) stating that scholars are prohibited from receiving concurrent scholarships under this program.

Public Comment: In response to our invitation in the NPRM, four parties submitted comments on the proposed regulations amending the Rehabilitation Long-Term Training program (part 386). We organize our discussion by section number.

§ 386.20 Selection Criteria

Comment: One commenter stated that the selection criterion in proposed § 386.20(b)(2)(iii), evidence of focused practical and other field experiences, could not by its terms apply to short-term certificate programs that do not require practica or field experiences.

Discussion: We agree that the language in § 386.20(b)(2)(iii) is potentially unclear in this way.

Change: We have revised final § 386.20(b)(2)(iii) to state that evidence of focused practical and other field experiences is not required when those experiences are not part of the curricula of a short-term certificate program.

§ 386.31 Grant Funds

Comment: One commenter raised concerns about the provision in proposed § 386.31(c) that prohibits a scholar from receiving concurrent scholarships from multiple projects, noting that this could inadvertently bar students from certificate areas that could increase their employability. The prohibition could, for example, bar a scholar on summer break from a program leading to a master's degree from receiving a scholarship to participate in a certificate program.

Discussion: The prohibition in § 386.31(c) was intended to prevent the practice of funding scholars from multiple grants for the same academic term. This practice leads to complications in reporting and in accurately tracking whether the scholar is meeting the service obligation.

The provision at final 386.31(c) does not prohibit a scholar from receiving a scholarship for a summer certificate program while that scholar is in a master's degree supported by a scholarship under this program, so long as the scholar is not also enrolled in the master's degree program during the summer.

Changes: Because final § 386.31(c) describes grantee responsibilities, we have reworded the provision to better reflect the intent behind it—that the grantee must make good faith efforts to ensure that concurrent scholarships under this program are not awarded to a scholar. In addition, in order to ensure that scholars understand their responsibilities, we have added a provision under final § 386.40(a)(4) that sets out the scholar's responsibility not to accept concurrent scholarships under this program and clarified that this prohibition applies to scholarships for the same academic term.

§ 386.32 Allowable Costs

Comment: One commenter requested that limited travel to professional conferences be explicitly listed in § 386.32 as an allowable cost. The commenter pointed out that, in the past, grantees have been able to support scholars in this way.

Discussion: We agree that limited travel to professional conferences has been, and should continue to be, an allowable cost. Section 386.4 defines ''scholarship,'' in part, as an award of financial assistance to a scholar for training and includes student travel in conjunction with training assignments. Limited travel to professional conferences would generally be allowable under this description.

Change: We modified final § 386.32(d) to use this language and make clear that limited travel to professional conferences is an allowable cost.

§ 386.33 Requirements for Grantees

Comment: One commenter stated that the requirement in proposed § 386.33(c)(2), that a scholar's job functions be ''directly relevant'' to the field of study in which his or her training was received, is potentially ambiguous and difficult to apply. The commenter noted, for example, that many States do not have a job category of Rehabilitation Counselor for the Deaf. A person might graduate from a deafness training program but get a job as a generalist and still see deaf, hard of hearing, and general caseload customers. It is unclear if this job is ''directly relevant'' to the scholar's field of study.

Discussion: We agree with the commenter that decisions about the relationship between a scholar's training and eventual employment are complex and that decisions about whether the employment qualifies to repay the service obligation need to be made case-by-case. The proposed § 386.33 was our effort to address this issue. We believe this language provides the necessary flexibility for sometimes difficult case-by-case analyses. For example, an individual graduating from a program focused on rehabilitation of individuals who are deaf but who ultimately finds employment as a general VR counselor has job functions ''directly relevant'' to his or her field of study. The individual

is providing services for which he or she was specifically trained, and, as a practical matter, it is unrealistic in this case to expect all consumers served to be deaf.

Changes: None.

§ 386.43 Failure To Meet Terms and Conditions of the Scholarship Agreement

Comment: One commenter sought clarification about calculating the date in which repayment status begins under proposed § 386.43(e)(2). The commenter referred to a situation in which the grace period has ended but a scholar finds qualifying employment only several months later, asking specifically whether the scholar enters repayment immediately upon expiration or whether it is possible to be granted an extension in order to complete the service obligation.

Discussion: According to final § 386.43(e)(2), a scholar enters into repayment status when the failure to enter into employment makes it impossible for that scholar to complete the employment obligation within the number of years required in final § 386.40(a)(8). Given that a scholar who has not entered into qualifying employment at the time the grace period has ended cannot satisfy the requirements in final § 386.40(a)(8), the scholar referenced above by the commenter would immediately be placed in repayment status once the grace period has ended. The Secretary has no explicit authority to grant an extension of time to this scholar based solely upon the failure to complete the service obligation by the time the grace period has ended. Section 386.41(c), however, allows the Secretary to grant a deferral of the repayment requirement under limited circumstances and based upon credible evidence submitted on behalf of the scholar. There is nothing in this provision that would prohibit the Secretary from considering the granting of a deferral of the repayment requirement for scholars that need only a limited amount of extra time to satisfy the service obligation.

Changes: None.

Innovative Rehabilitation Training Program, 34 CFR Part 387

Summary of Changes

In the preamble of the NPRM, we discussed on pages 21006 through 21007 the major changes proposed to part 387 implementing the amendments to the Innovative Rehabilitation Training program made by WIOA. These include: (1) Adopting a new name for the program—Innovative Rehabilitation Training—that better describes the nature of activities to be funded under this authority; (2) clarifying that the Secretary may award grants to develop new and improved methods of training not only for the rehabilitation personnel of State vocational rehabilitation agencies, but also for rehabilitation personnel of other public or non-profit rehabilitation service agencies or organizations; and (3) addressing new statutory language in section 101(a)(7) of the Act related to rehabilitation personnel having a 21st century understanding of the evolving labor force and the needs of individuals with disabilities so they can more effectively provide vocational rehabilitation services to individuals with disabilities.

There are no differences between the NPRM and these final regulations.

Public Comment: In response to our invitation in the NPRM, no parties submitted comments on the proposed regulations amending the Innovative Rehabilitation Training program (part 387).

Rehabilitation Short-Term Training Program, 34 CFR Part 390

Summary of Changes

In the preamble of the NPRM, we discussed on page 21007 the major change proposed to part 390 needed to improve the Rehabilitation Short-Term Training program. In the NPRM, we proposed to add an additional selection criterion for grant competitions under this program—evidence of training needs as identified through training needs assessment.

There are no differences between the NPRM and these final regulations.

Public Comment: In response to our invitation in the NPRM, no parties submitted comments on the proposed regulation amending the Rehabilitation Short-Term Training program (part 390).

Training of Interpreters for Individuals Who are Deaf or Hard of Hearing and Individuals Who are Deaf-Blind, 34 CFR Part 396

Summary of Proposed Changes

In the preamble of the NPRM, we discussed on pages 21007 through 21009 the major changes proposed in part 396 implementing the amendments to the Training of Interpreters for Individuals Who Are Deaf or Hard of Hearing and Individuals Who Are Deaf-Blind program, as well as changes needed to improve the program. These included: (1) Adding individuals who are hard of hearing to the individuals served by this program; (2) amending the regulations to ensure that the program accurately reflects the training needs of qualified interpreters in order to effectively meet the communication needs of individuals who are deaf or hard of hearing and individuals who are deaf-blind; (3) amending the definition of a qualified professional in order to ensure that the highest level of competency is incorporated into the training of interpreters; (4) adding selection criteria for the program to encourage evidence-based and promising practices; and (5) adding priorities for increasing the skill level of interpreters in unserved or underserved geographic areas, existing programs that have demonstrated their ability to raise the skill level of interpreters to meet the highest standards approved by certifying associations, and specialized topical training.

There are a number of changes between the NRPM and these final regulations:

- In final § 396.1(a), we modified the description of the interpreter training program to more accurately describe what interpreters for the deaf, hard of hearing, and deaf-blind do.
- In final § 396.4(c), we modified the definitions of *individual who is hard of hearing* and *individual who is deaf* to remove phrases offensive to some.
- In § 396.4(c), we added a definition of *novice interpreter.*
- In final § 396.31(c), we clarified that the selection criterion applies to any curricula submitted by an applicant.
- In final § 396.33(b), and with a conforming change in final § 396.20(b), we added a priority for serving unserved or underserved deaf, hard of hearing, and deaf-blind populations that are not defined by geographic area.

Public Comment: In response to our invitation in the NPRM, four parties submitted comments on the proposed regulations amending the Training of Interpreters for Individuals Who Are Deaf or Hard of Hearing and Individuals Who Are Deaf-Blind program (part 396). We organize our discussion by section and subject.

§ 396.1 Description of the Program

Comment: One commenter stated that the description of the program in proposed § 396.1(a) was not accurate. The commenter stated that the description of interpretation and transliteration is too narrow, involving only spoken language and limiting training activities to interpreters who can hear spoken language. Deaf interpreters, the commenter stated, are precluded from training described in this way.

The commenter also stated that the term ''transliterate'' is not always the correct term when describing the

activity of conveying spoken language messages into tactile mode (or vice versa); rather, this is often interpretation.

Discussion: We agree with the commenter that our proposed description was inadequate.

Changes: We have changed the description of the program in final § 396.1(a) to be more inclusive and to use the terms ''transliterate'' and ''interpret'' more accurately.

§ 396.2 Eligibility

Comment: One commenter stated that the types of institutions that can apply for grant funds to train interpreters under this program should be limited to bachelor's degree granting institutions, because an individual must have a bachelor's degree in order to sit for the national performance examination for sign language interpreters.

Discussion: Entities eligible for grants under this program are set by the Act and reflected in § 396.2.

Changes: None.

§ 396.4 Definitions

Individual Who is Hard of Hearing

Comment: One commenter recommended replacing the term ''hearing impairment'' in the definition of ''individual who is hard of hearing'' because it is offensive to some. The commenter proposed using ''deaf, hard of hearing and DeafBlind individual'' instead, because this language more accurately reflects language used by the deaf, hard of hearing, and DeafBlind communities.

Discussion: We agree that we should try to avoid the use of language that some may find offensive.

Changes: We have removed ''hearing impairment'' from the definition of ''individual who is hard of hearing'' in final § 396.4(c). Rather than inserting the language the commenter proposed, however, we have streamlined the definition. We made similar changes in the definition of ''individual who is deaf'' in this section.

However, the definition of ''individual who is deaf-blind,'' which also contains the phrase ''hearing impairment,'' is, in our experience, one that is more widely accepted. Therefore, we have not made changes to this definition.

Novice Interpreter

Comment: One commenter noted that the NPRM contained no definition of ''novice interpreter,'' yet the term was defined in the August 3, 2005, notice of final priority (70 FR 44834). The commenter expressed uncertainty whether the absence of the term in the NPRM meant that we were removing the 2005 definition and recommended that we include an updated definition of ''novice interpreter'' in the final rule. The commenter suggested an updated definition.

Discussion: The omission of the definition of ''novice interpreter'' in the NPRM was an oversight. In this final rule, we have built upon the 2005 definition of ''novice interpreter,'' taking into consideration the comment we received on the NPRM. There, we proposed an amendment to the definition of ''qualified professional'' to be consistent with the final priority published in the **Federal Register** on September 1, 1999 (64 FR 48068), and to mean an individual who has (1) met existing certification or evaluation requirements equivalent to the highest standards approved by certifying associations; or (2) successfully demonstrated interpreting skills that reflect the highest standards approved by certifying associations through prior work experience.

We proposed this change to ensure that the highest level of competency is incorporated into the training of interpreters in interpreter training programs funded by RSA. Since 2000, the Department has funded national and regional interpreter education centers that train qualified interpreters to meet the competencies equivalent to the highest standards approved by certifying associations. Thus, this standard has been in effect for 15 years, and we proposed to change the definition to reflect this reality.

The updated definition of ''novice interpreter'' complements the update to the definition of ''qualified professional,'' and we are making the update to the definition of ''novice interpreter'' for the same reasons. This definition of ''novice interpreter'' is also consistent with the update suggested in the comment we received.

Change: We have revised final § 396.4(c) to include an updated definition of ''novice interpreter.''

§ 396.31 Selection Criteria

Comment: One commenter pointed out that the selection criterion proposed in § 396.31(c) says only that the Secretary will evaluate a proposed ''curriculum'' for the training of interpreters based upon evidence-based or promising practices when many curricula, in fact, could be and have been proposed.

Discussion: We had no intention to suggest that only a single, universal curriculum existed or that applicants may propose only one curriculum in future competitions under this program.

Change: We have modified the selection criterion to apply to ''any curricula.''

§ 396.33 Priorities

Unserved and Underserved Populations

Comment: One commenter supported the priority in proposed § 396.33(b)(1) for increasing the skills of interpreters for the deaf, hard of hearing, or the deaf-blind in unserved or underserved geographic areas. The commenter expressed concern, however, that this section does not include a priority for these individuals in unserved and underserved populations, who may not be located in easily defined geographic areas. The commenter observed that there are growing segments of deaf, hard of hearing, and deaf-blind communities that will increasingly challenge the interpreting workforce, including but not limited to individuals considered ''Deaf+,'' individuals from minority and immigrant communities, individuals with cochlear implants, individuals pursuing high-level professional training and careers, and individuals who lose their hearing later in life and have limited communication skills.

Discussion: We agree with the commenter that we should have a priority for training interpreters to serve individuals who are deaf, hard of hearing, or deaf-blind in both unserved and underserved populations and in unserved and underserved geographic areas.

Changes: We have amended final § 396.33(b)(1) to add a priority for serving unserved or underserved deaf, hard of hearing, or deaf-blind populations that may not be limited to specific geographic areas. We have made a conforming change in final § 396.20(b).

Bachelors' Degree, Accredited, Existing Programs

Comment: One commenter urged RSA to include a priority for applications from postsecondary institutions that offer at least a bachelor's degree in interpreter education. The commenter also recommended an additional priority giving preference to programs that have achieved Commission on Collegiate Interpreter Education (CCIE) accreditation.

Discussion: We created the priority for postsecondary institutions that offer at least a bachelors' degree in the August 3, 2005, notice of final priorities for the Interpreter Training Program (70 FR 44834). It is not necessary to recreate the priority here because the 2005 priority

still exists and can be used in future competitions.

Further, § 396.33(b)(2) already encompasses the accreditation priority the commenter described. The phrase ''existing programs'' refers to any program, including those at postsecondary institutions that offer and have awarded at least a bachelor's degree in interpreter education. While we will not give preference to CCIE or other certifying organizations, the phrase ''highest standards approved by certifying associations'' already includes them.

Changes: None.

Comment: One commenter asked whether the term ''programs'' in proposed § 396.33(b)(2) means either a pre-service or an in-service program.

Discussion: The term ''programs'' in final § 396.33(b)(2) refers both to pre-service and in-service programs.

Changes: None.

Consumer Education

Comment: One commenter expressed concern about the lack of mention of consumer education in proposed § 396.33(b). The commenter indicated that this was a new area in the competitions for this program in 2005 and again in 2010, and the resulting deaf advocacy training has been important.

Discussion: As the commenter indicated, interpreter training centers funded under this program have addressed consumer education over the past 10 years. We believe that promising practices and resources developed for consumer education, specifically those developed under final § 396.33(b)(3)—specialized topical training based on the needs of individuals who are deaf or hard of hearing and individuals who are deaf-blind—have been particularly effective. We agree that deaf advocacy training has been an important focus area for the training of interpreters for individuals who are deaf, hard of hearing, and individuals who are deaf-blind, and we can continue the training without adding a priority here.

Changes: None.

§ 396.34—Cost Matching

Comment: One commenter suggested that the requirement in proposed § 396.34 that the grantee contribute to the cost of a project under this program in an amount satisfactory to the Secretary may conflict with 2 CFR 200.306. The commenter also indicated that having the Secretary determine the amount of the match at the time of the grant award may delay grant activity.

Discussion: The matching amount will be specified in the notice inviting applications for the program competition published in the **Federal Register** and will occur prior to the submittal of the grant application and prior to the grant award. This provision, therefore, does not conflict with 2 CFR 200.306.

Changes: None.

General Comments

Comment: One commenter indicated that replacing the term ''skilled interpreter'' with ''qualified interpreter'' does not accomplish much since neither term is particularly precise.

Discussion: We use ''qualified interpreter'' simply to conform part 396 to section 302(f) of the Act.

Changes: None.

Comment: One commenter suggested changing the number of centers that receive funding under this program. Currently, five regional centers and one national center receive funding. The commenter suggested one national center, with three regional centers that focus on three areas: educating those individuals who are preparing interpreters, ensuring a strong language foundation in both American Sign Language and English for sign language interpreters, and developing a national interpreter education curriculum.

Discussion: The proposed regulations do not address the structure of this program. When we run a competition to meet new and emerging needs of deaf consumers and the training of interpreters, we will publish a notice of proposed priority in the **Federal Register** and seek public comment about how to structure the program.

Changes: None.

Regulations To Be Removed

In the preamble of the NPRM, we discussed on page 21009 those regulations that we proposed to remove as required by WIOA, which deauthorized the Projects with Industry program (part 379), the State Vocational Rehabilitation Unit In-Service Training program (part 388), the Migrants and Seasonal Farmworkers program (§ 369.1(b)(3) and § 369.2(c)), and the Recreation Programs for Individuals with Disabilities program (§ 369.1(b)(5) and § 369.2(d)).

We also proposed to remove, as duplicative or superseded, the balance of part 369 pertaining to three other kinds of vocational rehabilitation (VR) service projects: VR service projects for American Indians with disabilities, special projects and demonstrations for providing VR services to individuals with disabilities, and special projects and demonstrations for providing transitional rehabilitation services to youth with disabilities.

We proposed to remove as outdated part 376 governing the Special Projects and Demonstrations for Providing Transitional Rehabilitation Services to Youth with Disabilities program and part 377 governing the Demonstration Projects to Increase Client Choice program.

We proposed to remove as duplicative and outdated part 389 governing the Rehabilitation Continuing Education programs.

Because the Department's administration of grants under the State Vocational Rehabilitation Unit In-Service Training program and the Migrants and Seasonal Farmworkers Program will be complete on September 30, 2016, we proposed to make the removal of part 369 and part 388 effective on September 30, 2016.

Comment: In response to our invitation in the NPRM, no parties submitted comments on the removal of any of these regulations.

Discussion: Upon further review, the Department has determined that the remaining grant for the Migrants and Seasonal Farmworkers program can incorporate the pertinent provisions of Part 369 into its terms and conditions. Therefore, there is no need to delay the effective date for which part 369 will be removed because the terms and conditions will still apply to the one remaining grant after part 369 is removed. We have also determined that it makes more sense to make the removal of the part 388 regulations coincide with the start of the new fiscal year, rather than the end of the old fiscal year. Therefore, we have moved the removal date for part 388 forward one day to October 1, 2016.

Changes: Part 369 will be removed when the final regulations take effect. Part 388 will be removed on October 1, 2016.

Regulatory Impact Analysis

Executive Order 12866

Under Executive Order 12866, the Secretary must determine whether this regulatory action is ''significant'' and, therefore, subject to the requirements of the Executive order and subject to review by the Office of Management and Budget (OMB). Section 3(f) of Executive Order 12866 defines a ''significant regulatory action'' as an action likely to result in a rule that may—

(1) Have an annual effect on the economy of $100 million or more, or adversely affect a sector of the economy, productivity, competition, jobs, the environment, public health or safety, or

State, local, or tribal governments or communities in a material way (also referred to as an ''economically significant'' rule);

(2) Create serious inconsistency or otherwise interfere with an action taken or planned by another agency;

(3) Materially alter the budgetary impacts of entitlement grants, user fees, or loan programs or the rights and obligations of recipients thereof; or

(4) Raise novel legal or policy issues arising out of legal mandates, the President's priorities, or the principles stated in the Executive order.

This regulatory action is not a significant regulatory action subject to review by OMB under section 3(f) of Executive Order 12866.

We have also reviewed these regulations under Executive Order 13563, which supplements and explicitly reaffirms the principles, structures, and definitions governing regulatory review established in Executive Order 12866. To the extent permitted by law, Executive Order 13563 requires that an agency—

(1) Propose or adopt regulations only upon a reasoned determination that their benefits justify their costs (recognizing that some benefits and costs are difficult to quantify);

(2) Tailor its regulations to impose the least burden on society, consistent with obtaining regulatory objectives and taking into account—among other things and to the extent practicable—the costs of cumulative regulations;

(3) In choosing among alternative regulatory approaches, select those approaches that maximize net benefits (including potential economic, environmental, public health and safety, and other advantages; distributive impacts; and equity);

(4) To the extent feasible, specify performance objectives, rather than the behavior or manner of compliance a regulated entity must adopt; and

(5) Identify and assess available alternatives to direct regulation, including economic incentives—such as user fees or marketable permits—to encourage the desired behavior, or provide information that enables the public to make choices.

Executive Order 13563 also requires an agency ''to use the best available techniques to quantify anticipated present and future benefits and costs as accurately as possible.'' The Office of Information and Regulatory Affairs of OMB has emphasized that these techniques may include ''identifying changing future compliance costs that might result from technological innovation or anticipated behavioral changes.''

We have also determined that this regulatory action would not unduly interfere with State, local, and tribal governments in the exercise of their governmental functions.

In accordance with both Executive orders, the Department has assessed the potential costs and benefits, both quantitative and qualitative, of this regulatory action. The potential costs associated with this regulatory action are those resulting from statutory requirements and those we have determined as necessary for administering the Department's programs and activities. In assessing the potential costs and benefits—both quantitative and qualitative—of these regulations, we have determined that the benefits would justify the costs.

Part 367—Independent Living Services for Older Individuals Who Are Blind

In general, unless expressly noted below, we do not estimate that changes to this part will result in any additional costs to grantees.

Subpart B—Training and Technical Assistance

New Subpart B of Part 367 implements the WIOA amendment requiring the Department to reserve from 1.8 to 2 percent of appropriated funds for training and technical assistance to grantees. While this reservation will result in a reduction in funding available to grantees, we believe that these training and technical assistance projects will increase the efficiency of the program and provide substantial benefits to both grantees and the older individuals who are blind that they serve.

To ensure that grantees receive the maximum amount of funds available for the provision of services to individuals, we will initially provide funding for training and technical assistance at the minimum allowable level of 1.8 percent. Prior to this regulation, grantees have been largely responsible for meeting the training needs of their program staff. This may have contributed to duplicative training and technical assistance efforts across grantees that could have easily been coordinated nationally. The coordination of these efforts by RSA will generate efficiencies across the entire program, thus providing more benefits to grantees than they would have realized if the funds had been directly provided to them.

Based on the FY 2016 authorized appropriation of $33,317,000 for the OIB program under WIOA, the estimated set-aside is $599,706, calculated from the minimum percentage established by the Act. Therefore, if grantees were to receive no benefit from the training and technical assistance supported by the Department, the 56 grantees would experience a collective loss in benefits of $599,706. However, since the Department will sponsor training and technical assistance services directly for this group in the amount of $599,706, we expect there to be no net loss of benefits. Additionally, as noted above, the efficiencies realized by this centralization of training and technical assistance efforts may actually result in a net increase in benefits for grantees.

Subpart C—What are the application requirements under this part?

Under this Subpart, we have removed the requirement for States to seek to incorporate into the State Plan for Independent Living (SPIL) any new methods and approaches relating to independent living services for older individuals who are blind. Incorporating this information into the SPIL required minimal time (approximately 15 minutes) every three years upon submission of the SPIL; therefore, any savings realized from this change will be negligible.

Subpart E—How does the Secretary award formula grants?

Under Subpart E, we have clarified that OIB grantees are to inform the Secretary 45 days prior to the end of the fiscal year whether funds will be available for reallotment. We do not believe that this requirement will generate additional costs to grantees, as the change only provides a timeline for an action that is already occurring and does not, therefore, generate any new burden on grantees.

Part 370—Client Assistance Program

WIOA requires that the set-aside for training and technical assistance for CAP take effect in any fiscal year in which the appropriation equals or exceeds $14,000,000. Section 112(e)(1)(F) of the Act, as amended by WIOA, requires the Secretary to reserve not less than 1.8 percent and not more than 2.2 percent of the CAP appropriation for this purpose. In FY 2016, the appropriation for CAP is $13,000,000, and so the set-aside for training and technical assistance would not take effect. An increase of 7.7 percent in the program's appropriation would be required before the set-aside would become effective. Thus, the set-aside will not have a substantial impact on the activities of grantees for some time. Assuming the Department sets aside a minimum of 1.8 percent to ensure that grantees receive the maximum amount of funds available for

the provision of services to individuals when the appropriation reaches $14,000,000, the Department would be required to reserve $252,000 to provide training and technical assistance support to grantees. Additionally, as noted above in the discussion of costs and benefits associated with Part 367, we believe that the consolidation of training and technical assistance activities at the national level will ultimately yield net benefits to grantees greater than if those activities were coordinated locally.

Part 371—American Indian Vocational Rehabilitation Services Program

New Subpart B of Part 371 implements the WIOA amendment requiring the Department to reserve from 1.8 to 2 percent of appropriated funds for training and technical assistance to grantees. While this reservation will result in a reduction in funding available to grantees, we believe that these training and technical assistance projects will increase the efficiency of the program and provide substantial benefits to both grantees and American Indians with disabilities.

Based on the FY 2016 amount set aside by the Department from the State VR program for the AIVRS program (approximately $43,000,000), the estimated reservation of funds for training and technical assistance is $774,000. As noted above, since these funds are being used to provide services and support to grantees, we do not anticipate any net loss of benefit. However, if efficiencies are realized due to centralized coordination of these activities, grantees may experience a net gain in benefits.

Part 373—Rehabilitation National Activities Program

We do not anticipate any changes to this section resulting in increased burden or costs for grantees.

Part 381– Protection and Advocacy for Individual Rights Program

As it had in prior regulations, § 381.20(a)(1) requires the Secretary, when the PAIR appropriation equals or exceeds $5,500,000, to set aside between 1.8 and 2.2 percent of these funds for training and technical assistance. The amendments made by WIOA simply clarify that the funding mechanism for the training and technical assistance may include a grant, contract, or cooperative agreement, all of which had been available to the Secretary previously. We amended § 381.20(a)(1) to clarify explicitly the availability of these funding mechanisms for training and technical assistance. Since the requirement to provide training and technical assistance was triggered in FY 1994, the Department has historically funded the training and technical assistance at the 1.8 percent level to ensure that grantees receive the maximum amount of funds available for the provision of services to individuals. Therefore, the revision to § 381.20(a)(1) in these final regulations will have no impact on PAIR grantees since the amendment was primarily technical in nature.

Part 385—Rehabilitation Training

We do not anticipate any changes to this section resulting in increased burden or costs for grantees.

Part 386—Rehabilitation Long-Term Training

Except as detailed below, we do not anticipate changes to this section to result in increased burden or costs for grantees.

§ 386.31 (Funding Requirement)

Section 386.31 requires that program grantees dedicate 65 percent to scholarships rather than 75 percent as required by prior regulations. This requirement will apply to both the federal award and the non-federal share. This change acknowledges the fact that grantees incur costs in administering these programs, particularly in terms of staff time needed to track scholar progress in completing their program of study and their service obligation. This decrease in the cost to grantees brought about by changes in § 386.31 balances some of the increased costs created by changes made in other sections of the regulations. In FY 2014, the Department made approximately $17,075,000 in new or continuation awards under the Rehabilitation Long-Term Training program. Assuming all grantees made the minimum match of 10 percent of the project cost, the reduction in the scholarship requirement will free up approximately $1,897,000 in project funding to be used for activities other than scholarship support. While this does not represent any additional funding for grantees, it does represent additional flexibility provided by the regulation.

§ 386.33 (Disbursing Scholarships)

Changes to this section require grantees to document that scholars will seek employment in the field of study in which the scholar was provided training or employment where it can be demonstrated that the field of study is directly relevant to the job functions being performed. Currently, grantees obtain sufficient documentation of other requirements that we do not believe this new requirement will represent a substantial burden on grantees. However, if we assume that obtaining this additional documentation will take, on average, 10 minutes per scholar, and using a wage rate of $17.69 (the mean hourly wage for office and administrative support staff at colleges, universities, and professional schools) and the 1,367 scholars receiving support in FY 2014, we estimate this provision will cost $4,030.37.

§ 386.34 (Assurances)

Changes to this section require grantees to annually obtain signed executed agreements with scholars containing the terms and conditions outlined in this section. It has been the Department's policy to encourage annual updating of scholar information; these regulations simply formalize this policy. As such, we estimate that these changes to the regulation will have little actual impact on grantees or scholars. However, if grantees were previously only collecting these agreements once per scholar rather than every year that support is received, there will be additional costs. Of all scholars reported in qualifying employment in FY 2014, 88.4 percent received support for more than one year. If we assumed that this change required an additional half hour of time each year beyond the first year of support to update their information with their program, and using an average wage rate of $17.69, we estimate an additional cost of $10,641 (given that we estimate that 1,203 of the 1,367 scholars receiving support in FY 2014 were multi-year scholars). We emphasize that this is an overestimate, as this change simply conforms the regulations to current practice.

§ 386.40 (Requirements for Scholars)

In § 386.40(a)(7), we clarify the type of employment a scholar must obtain to complete the service obligation in order to ensure that the funds used for scholarships will benefit individuals with disabilities served through the State vocational rehabilitation program and related agencies. This change largely reflects current policy and should not result in an increased burden on grantees or scholars. Changes to § 386.40(b) establishes a new policy addressing when scholars may begin qualifying employment while § 386.40(c) affirms the longstanding RSA practice that scholars who pursued coursework on a part-time basis should have their service obligations calculated on a full-time equivalent basis. As noted above, 88.4 percent of the scholars completing their service obligations in

FY 2014 received support for more than one year and would have been, therefore, eligible to benefit from the changes in § 386.40(b). However, because the changes in § 386.40(b) do not change the length of a scholar's service obligation and § 386.40(c) simply codifies existing RSA practice, we do not estimate that these provisions will result in any net costs or savings. Finally, changes in § 386.40(d) make scholars in repayment status responsible for any collection costs if they do not provide appropriate information to the grantee in a timely manner but provide that information after being placed in repayment status. In FY 2014, the Department referred 44 scholars for repayment totaling $486,471. Assuming that collection costs total 3 percent of the balance of the repayment, we estimate total collection costs of $14,594. However, we note that collection costs, if the debts are referred to third-party collection agencies, can range as high as 30 percent. Nonetheless, if 5 percent of this repayment amount involved scholars who were referred to repayment based upon failing to provide the information in paragraph (a)(10) of this section and these scholars became eligible for a refund of any debts paid based upon the scholars subsequently providing the correct information, this additional requirement could save the Department $729.70 (using the assumption of a 3 percent collection cost) by making these scholars responsible for the collection costs. If we assume a higher rate of collection costs, the savings would be higher.

§ 386.41 (Granting Deferrals and Exceptions) and § 386.42 (Applying for Deferrals and Exceptions)

Sections 386.41 and 386.42 contain stricter regulations around exceptions and deferrals, particularly for individuals with disabilities, in order to assure that individuals who benefit from scholarships funded by this program are more likely to complete their service obligation. While these changes may have impacts on the specific decisions made by scholars, they will not have a financial impact on the costs or benefits for grantees, and will likely increase the benefits to individuals with disabilities served by State VR agencies and related agencies by ensuring that training is aligned with practice and that a greater percentage of scholars complete their service obligations rather than just repaying the cost of their scholarships.

Part 387—Innovative Rehabilitation Training Program

We do not anticipate any changes to this section resulting in increased burden or costs for grantees.

Part 390—Rehabilitation Short-Term Training Program

Changes to § 390.30 adds a selection criterion that the Secretary will review each application for evidence of training needs as identified through training needs assessments. While conducting a training needs assessment prior to application may result in increased costs for applicants, because the regulation simply adds this as one selection criterion among several and allows applicants to use needs assessments conducted by other entities, we do not anticipate that applicants will realize any actual increased costs associated with this provision.

Part 396—Training of Interpreters for Individuals Who Are Deaf or Hard of Hearing and Individuals Who Are Deaf-Blind

Changes to § 396.34 require grantees to provide matching funds to support projects in an amount determined by the Secretary at the time of the grant award. While this matching requirement did not previously exist in the regulations, it was a statutory requirement and, while the Department did not require grantees to document the match, we do not believe that any prior grantees did not contribute any funds to the project, either in cash or in kind. As such, we do not believe this provision will result in any increased costs for grantees.

Paperwork Reduction Act of 1995

The Paperwork Reduction Act of 1995 does not require you to respond to a collection of information unless it displays a valid OMB control number. We display the valid OMB control numbers assigned to the collections of information in these final regulations at the end of the affected sections of the regulations.

Intergovernmental Review

These programs, except for the American Indian Vocational Rehabilitation Services Program, are subject to Executive Order 12372 and the regulations in 34 CFR part 79. One of the objectives of the Executive order is to foster an intergovernmental partnership and a strengthened federalism. The Executive order relies on processes developed by State and local governments for coordination and review of proposed Federal financial assistance.

This document provides early notification of our specific plans and actions for these programs.

Assessment of Educational Impact

In the NPRM we requested comments on whether the proposed regulations would require transmission of information that any other agency or authority of the United States gathers or makes available. We received no comments, and we do not believe that these final regulations would require transmission of this sort of information.

Federalism

Executive Order 13132 requires us to ensure meaningful and timely input by State and local elected officials in the development of regulatory policies that have federalism implications. ''Federalism implications'' means substantial direct effects on the States, on the relationship between the National Government and the States, or on the distribution of power and responsibilities among the various levels of government. In the NPRM, we stated that the proposed regulations may have federalism implications and encouraged State and local elected officials to review and provide comments on the proposed regulations. We received no comments on this subject.

Dated: June 30, 2016.

John B. King, Jr.,

Secretary of Education.

For the reasons discussed in the preamble, under the authority of section 503(f) of the Workforce Innovation and Opportunity Act (WIOA) (Pub. L. 113–128) and section 12(c) of the Rehabilitation Act of 1973, as amended by WIOA (29 U.S.C. 709(c)), the Secretary of Education amends chapter III of title 34 of the Code of Federal Regulations as follows:

■ 1. Part 367 is revised to read as follows:

PART 367—INDEPENDENT LIVING SERVICES FOR OLDER INDIVIDUALS WHO ARE BLIND

Subpart A—General

Sec.

367.1 What is the independent living services for older individuals who are blind program?
367.2 Who is eligible for an award?
367.3 What activities may the Secretary fund?
367.4 What regulations apply?
367.5 What definitions apply?

Subpart B—Training and Technical Assistance

367.20 What are the requirements for funding training and technical assistance under this chapter?
367.21 How does the Secretary use these funds to provide training and technical assistance?
367.22 How does the Secretary make an award?
367.23 How does the Secretary determine funding priorities?
367.24 How does the Secretary evaluate an application?

Subpart C—What are the application requirements under this Part?

367.30 How does a designated State agency (DSA) apply for an award?
367.31 What assurances must a DSA include in its application?

Subpart D—How does the Secretary award discretionary grants?

367.40 Under what circumstances does the Secretary award discretionary grants to States?
367.41 How does the Secretary evaluate an application for a discretionary grant?

Subpart E—How does the Secretary award formula grants?

367.50 Under what circumstances does the Secretary award formula grants to States?
367.51 How are allotments made?
367.52 How does the Secretary reallot funds under this program?

Subpart F—What conditions must be met after an award?

367.60 When may a DSA make subawards or contracts?
367.61 What matching requirements apply?
367.62 What requirements apply if the State's non-Federal share is in cash?
367.63 What requirements apply if the State's non-Federal share is in kind?
367.64 What is the prohibition against a State's condition of an award of a sub-award or contract based on cash or in-kind contributions?
367.65 What is program income and how may it be used?
367.66 What requirements apply to the obligation of Federal funds and program income?
367.67 May an individual's ability to pay be considered in determining his or her participation in the costs of OIB services?
367.68 What notice must be given about the Client Assistance Program (CAP)?
367.69 What are the special requirements pertaining to the protection, use, and release of personal information?
367.70 What access to records must be provided?
367.71 What records must be maintained?

Authority: Sections 751–753 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 796j–796l, unless otherwise noted.

Subpart A—General

§ 367.1 What is the Independent Living Services for Older Individuals Who Are Blind program?

This program supports projects that—

(a) Provide any of the independent living (IL) services to older individuals who are blind that are described in § 367.3(b);

(b) Conduct activities that will improve or expand services for these individuals; and

(c) Conduct activities to help improve public understanding of the challenges of these individuals.

(Authority: Section 752 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 796k(a) and (d))

§ 367.2 Who is eligible for an award?

Any designated State agency (DSA) is eligible for an award under this program if the DSA—

(a) Is authorized to provide rehabilitation services to individuals who are blind; and

(b) Submits to and obtains approval from the Secretary of an application that meets the requirements of section 752(h) of the Act and §§ 367.30–367.31.

(Authority: Section 752(a)(2) and 752(h) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 796k(a)(2) and (h))

§ 367.3 What activities may the Secretary fund?

(a) The DSA may use funds awarded under this part for the activities described in § 367.1 and paragraph (b) of this section.

(b) For purposes of § 367.1(a), IL services for older individuals who are blind include—

(1) Services to help correct blindness, such as—

(i) Outreach services;

(ii) Visual screening;

(iii) Surgical or therapeutic treatment to prevent, correct, or modify disabling eye conditions; and

(iv) Hospitalization related to these services;

(2) The provision of eyeglasses and other visual aids;

(3) The provision of services and equipment to assist an older individual who is blind to become more mobile and more self-sufficient;

(4) Mobility training, Braille instruction, and other services and equipment to help an older individual who is blind adjust to blindness;

(5) Guide services, reader services, and transportation;

(6) Any other appropriate service designed to assist an older individual who is blind in coping with daily living activities, including supportive services and rehabilitation teaching services;

(7) IL skills training, information and referral services, peer counseling, individual advocacy training, facilitating the transition from nursing homes and other institutions to home and community-based residences with the requisite supports and services, and providing assistance to older individuals who are blind who are at risk of entering institutions so that the individuals may remain in the community; and

(8) Other IL services, as defined in § 367.5.

(Authority: Section 752(d) and (e) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 796k (d) and (e))

§ 367.4 What regulations apply?

The following regulations apply to the Independent Living Services for Older Individuals Who Are Blind program:

(a) The Education Department General Administrative Regulations (EDGAR) as follows:

(1) 34 CFR part 75 (Direct Grant Programs), with respect to grants under subpart B and D.

(2) 34 CFR part 76 (State-Administered Programs), with respect to grants under subpart E.

(3) 34 CFR part 77 (Definitions That Apply to Department Regulations).

(4) 34 CFR part 79 (Intergovernmental Review of Department of Education Programs and Activities).

(5) 34 CFR part 81 (General Education Provisions Act—Enforcement).

(6) 34 CFR part 82 (New Restrictions on Lobbying).

(7) 2 CFR part 180 (OMB Guidelines to Agencies on Debarment and Suspension (Nonprocurement)), as adopted at 2 CFR part 3485.

(8) 2 CFR part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards), as adopted at 2 CFR part 3474.

(b) The regulations in this part 367.

(Authority: Sections 12(c) and 752 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 796k)

§ 367.5 What definitions apply?

(a) The definitions of terms used in this part that are included in the regulations identified in § 367.4 as applying to this program.

(b) In addition, the following definitions also apply to this part:

(1) *Act* means the Rehabilitation Act, as amended by WIOA.

(2) *Advocacy* means pleading an individual's cause or speaking or writing in support of an individual. To the extent permitted by State law or the rules of the agency before which an individual is appearing, a non-lawyer may engage in advocacy on behalf of another individual. Advocacy may—

(i) Involve representing an individual—

(A) Before private entities or organizations, government agencies (whether State, local, or Federal), or in a court of law (whether State or Federal); or

(B) In negotiations or mediation, in formal or informal administrative proceedings before government agencies (whether State, local, or Federal), or in legal proceedings in a court of law; and

(ii) Be on behalf of—

(A) A single individual, in which case it is individual advocacy;

(B) A group or class of individuals, in which case it is systems (or systemic) advocacy; or

(C) Oneself, in which case it is self advocacy.

(3) *Attendant care* means a personal assistance service provided to an individual with significant disabilities in performing a variety of tasks required to meet essential personal needs in areas such as bathing, communicating, cooking, dressing, eating, homemaking, toileting, and transportation.

(4) *Contract* means a legal instrument by which RSA in subpart B or the DSA receiving a grant under this part purchases property or services needed to carry out the program under this Part. The term as used in this part does not include a legal instrument, even if RSA or the DSA considers it a contract, when the substance of the transaction meets the definition of a Federal award or subaward.

(Authority: 20 U.S.C. 1221e–3)

(5) *Designated State Agency* means the agency described in section 101(a)(2)(A)(i) of the Rehabilitation Act as the sole State agency authorized to provide rehabilitation services to individuals who are blind and administer the OIB grant.

(6) *Independent living services for older individuals who are blind* means those services listed in § 367.3(b).

(7) *Legally authorized advocate or representative* means an individual who is authorized under State law to act or advocate on behalf of another individual. Under certain circumstances, State law permits only an attorney, legal guardian, or individual with a power of attorney to act or advocate on behalf of another individual. In other circumstances, State law may permit other individuals to act or advocate on behalf of another individual.

(8) *Minority group* means Alaska Natives, American Indians, Asians, Blacks (African Americans), Hispanics (Latinos), Native Hawaiians, and Pacific Islanders.

(9) *Older individual who is blind* means an individual age fifty-five or older whose severe visual impairment makes competitive employment extremely difficult to obtain but for whom IL goals are feasible.

(10) *Other IL services* include:

(i) Counseling services, including psychological, psychotherapeutic, and related services;

(ii) Services related to securing housing or shelter, including services

related to community group living, that are supportive of the purposes of the Act, and adaptive housing services, including appropriate accommodations to and modifications of any space used to serve, or to be occupied by, older individuals who are blind;

(iii) Rehabilitation technology;

(iv) Services and training for older individuals who are blind who also have cognitive and sensory disabilities, including life skills training and interpreter services;

(v) Personal assistance services, including attendant care and the training of personnel providing these services;

(vi) Surveys, directories, and other activities to identify appropriate housing, recreation opportunities, and accessible transportation, and other support services;

(vii) Consumer information programs on rehabilitation and IL services available under the Act, especially for minorities and other older individuals who are blind who have traditionally been unserved or underserved by programs under the Act;

(viii) Education and training necessary for living in a community and participating in community activities;

(ix) Supported living;

(x) Transportation, including referral and assistance for transportation;

(xi) Physical rehabilitation;

(xii) Therapeutic treatment;

(xiii) Provision of needed prostheses and other appliances and devices;

(xiv) Individual and group social and recreational services;

(xv) Services under other Federal, State, or local programs designed to provide resources, training, counseling, or other assistance of substantial benefit in enhancing the independence, productivity, and quality of life of older individuals who are blind;

(xvi) Appropriate preventive services to decrease the need of older individuals who are blind who are assisted under the Act for similar services in the future;

(xvii) Community awareness programs to enhance the understanding and integration into society of older individuals who are blind; and

(xviii) Any other services that may be necessary to improve the ability of an older individual who is blind to function, continue functioning, or move toward functioning independently in the family or community or to continue in employment and that are not inconsistent with any other provisions of the Act.

(11) *Peer relationships* mean relationships involving mutual support and assistance among individuals with significant disabilities who are actively pursuing IL goals.

(12) *Peer role models* means individuals with significant disabilities whose achievements can serve as a positive example for other older individuals who are blind.

(13) *Personal assistance services* means a range of IL services, provided by one or more persons, designed to assist an older individual who is blind to perform daily living activities on or off the job that the individual would typically perform if the individual was not blind. These IL services must be designed to increase the individual's control in life and ability to perform everyday activities on or off the job.

(14) *Service provider* means—

(i) The DSA that directly provides services authorized under § 367.3; or

(ii) Any other entity that receives a subaward or contract from the DSA to provide services authorized under § 367.3.

(15) *Significant disability* means a severe physical, mental, cognitive, or sensory impairment that substantially limits an individual's ability to function independently in the family or community or to obtain, maintain, or advance in employment.

(16) *State* means, except where otherwise specified in the Act, in addition to each of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the United States Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.

(17) *Subaward* means a grant or a cooperative agreement provided by the DSA to a subrecipient for the subrecipient to carry out part of the Federal award received by the DSA under this part. It does not include payments to a contractor or payments to an individual that is a beneficiary of a program funded under this part. A subaward may be provided through any form of legal agreement, including an agreement that the DSA considers a contract.

(Authority: 20 U.S.C. 1221e–3)

(18) *Subrecipient* means a non-Federal entity that receives a subaward from the DSA to carry out part of the program funded under this part; but does not include an individual that is a beneficiary of such program. A subrecipient may also be a recipient of other Federal awards directly from a Federal awarding agency.

(Authority: 20 U.S.C. 1221e–3)

(19) *Transportation* means travel and related expenses that are necessary to enable an older individual who is blind to benefit from another IL service and travel and related expenses for an attendant or aide if the services of that attendant or aide are necessary to enable an older individual who is blind to benefit from that IL service.

(20) *Unserved and underserved groups or populations,* with respect to groups or populations of older individuals who are blind in a State, include, but are not limited to, groups or populations of older individuals who are blind who—

(i) Have cognitive and sensory impairments;

(ii) Are members of racial and ethnic minority groups;

(iii) Live in rural areas; or

(iv) Have been identified by the DSA as unserved or underserved.

(Authority: Unless otherwise noted, Section 7 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 705)

Subpart B—Training and Technical Assistance

§ 367.20 What are the requirements for funding training and technical assistance under this chapter?

For any fiscal year, beginning with fiscal year 2015, the Secretary shall first reserve not less than 1.8 percent and not more than 2 percent of funds appropriated and made available to carry out this chapter to provide training and technical assistance to DSAs, or other providers of independent living services for older individuals who are blind, that are funded under this chapter for such fiscal year.

(Authority: Section 751A(a) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 796j–1(a))

§ 367.21 How does the Secretary use these funds to provide training and technical assistance?

(a) The Secretary uses these funds to provide training and technical assistance, either directly or through grants, contracts, or cooperative agreements with State and public or non-profit agencies and organizations and institutions of higher education that have the capacity to provide technical assistance and training in the provision of independent living services for older individuals who are blind.

(b) An entity receiving assistance in accordance with paragraph (a) of this section shall provide training and technical assistance to DSAs or other service providers to assist them in improving the operation and performance of programs and services for older individuals who are blind resulting in their enhanced independence and self-sufficiency.

(Authority: Section 751A(a) and (c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 796j–1(a) and (c))

§ 367.22 How does the Secretary make an award?

(a) To be eligible to receive a grant or enter into a contract or cooperative agreement under section 751A of the Act and this subpart, an applicant shall submit an application to the Secretary containing a proposal to provide training and technical assistance to DSAs or other service providers of IL services to older individuals who are blind and any additional information at the time and in the manner that the Secretary may require.

(b) The Secretary shall provide for peer review of applications by panels that include persons who are not Federal or State government employees and who have experience in the provision of services to older individuals who are blind.

(Authority: Section 751A(a) and (c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 796j–1(a) and (c))

§ 367.23 How does the Secretary determine funding priorities?

The Secretary shall conduct a survey of DSAs that receive grants under section 752 regarding training and technical assistance needs in order to inform funding priorities for such training and technical assistance.

(Authority: Section 751A(b) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 796j–1(b))

§ 367.24 How does the Secretary evaluate an application?

(a) The Secretary evaluates each application for a grant, cooperative agreement or contract under this subpart on the basis of the selection criteria chosen from the general selection criteria found in EDGAR regulations at 34 CFR 75.210.

(b) If using a contract to award funds under this subpart, the Secretary may conduct the application process and make the subsequent award in accordance with 34 CFR part 75.

(Authority: Section 751A of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 796j–1(b), 20 U.S.C. 1221e–3, and 3474)

Subpart C—What Are the Application Requirements Under This Part?

§ 367.30 How does a designated State agency (DSA) apply for an award?

To receive a grant under section 752(h) or a reallotment grant under section 752(i)(4) of the Act, a DSA must submit to and obtain approval from the Secretary of an application for assistance under this program at the time, in the form and manner, and containing the agreements, assurances, and information, that the Secretary determines to be necessary to carry out this program.

(Approved by the Office of Management and Budget under control number 1820–0660)

(Authority: Sections 752 (h) and (i)(4) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 796k(h) and (i))

§ 367.31 What assurances must a DSA include in its application?

An application for a grant under section 752(h) or a reallotment grant under section 752(i)(4) of the Act must contain an assurance that—

(a) Grant funds will be expended only for the purposes described in § 367.1;

(b) With respect to the costs of the program to be carried out by the State pursuant to this part, the State will make available, directly or through donations from public or private entities, non-Federal contributions toward these costs in an amount that is not less than $1 for each $9 of Federal funds provided in the grant;

(c) At the end of each fiscal year, the DSA will prepare and submit to the Secretary a report, with respect to each project or program the DSA operates or administers under this part, whether directly or through a grant or contract, that contains information that the Secretary determines necessary for the proper and efficient administration of this program, including—

(1) The number and demographics of older individuals who are blind, including older individuals who are blind from minority backgrounds, and are receiving services;

(2) The types of services provided and the number of older individuals who are blind and are receiving each type of service;

(3) The sources and amounts of funding for the operation of each project or program;

(4) The amounts and percentages of resources committed to each type of service provided;

(5) Data on actions taken to employ, and advance in employment, qualified—

(i) Individuals with significant disabilities; and

(ii) Older individuals with significant disabilities who are blind;

(6) A comparison, if appropriate, of prior year activities with the activities of the most recent year; and

(7) Any new methods and approaches relating to IL services for older individuals who are blind that are developed by projects funded under this part;

(d) The DSA will—

(1) Provide services that contribute to the maintenance of, or the increased independence of, older individuals who are blind; and

(2) Engage in—

(i) Capacity-building activities, including collaboration with other agencies and organizations;

(ii) Activities to promote community awareness, involvement, and assistance; and

(iii) Outreach efforts; and

(e) The applicant has been designated by the State as the sole State agency authorized to provide rehabilitation services to individuals who are blind.

(Approved by the Office of Management and Budget under control numbers 1820–0660 and 1820–0608)

(Authority: Section 752(h) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 796k(h))

Subpart D—How does the Secretary award discretionary grants?

§ 367.40 Under what circumstances does the Secretary award discretionary grants to States?

(a) In the case of a fiscal year for which the amount appropriated under section 753 of the Act is less than $13,000,000, the Secretary awards discretionary grants under this part on a competitive basis to States in accordance with section 752(b) of the Act and EDGAR regulations at 34 CFR part 75 (Direct Grant Programs).

(b) The Secretary awards noncompetitive continuation grants for a multi-year project to pay for the costs of activities for which a grant was awarded under this part—as long as the grantee satisfies the applicable requirements in this part, the terms of the grant, and 34 CFR 75.250 through 75.253 (Approval of Multi-year Projects).

(c) Subparts A, C, D, and F of this part govern the award of competitive grants under this part.

(Authority: Section 752(b) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 796k(b); 20 U.S.C. 1221e–3 and 3474)

§ 367.41 How does the Secretary evaluate an application for a discretionary grant?

(a) The Secretary evaluates an application for a discretionary grant based on the selection criteria chosen from the general selection criteria found in EDGAR regulations at 34 CFR 75.210.

(b) In addition to the selection criteria, the Secretary considers the geographic distribution of projects in making an award.

(Authority: Section 752(b) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 796k(b); 20 U.S.C. 1221e–3 and 3474)

Subpart E—How Does the Secretary Award Formula Grants?

§ 367.50 Under what circumstances does the Secretary award formula grants to States?

(a) In the case of a fiscal year for which the amount appropriated under section 753 of the Act is equal to or greater than $13,000,000, grants under this part are made to States from allotments under section 752(c)(2) of the Act.

(b) Subparts A, C, E, and F of this part govern the award of formula grants under this part.

(Authority: Section 752(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 796k(c))

§ 367.51 How are allotments made?

(a) For purposes of making grants under section 752(c) of the Act and this subpart, the Secretary makes an allotment to each State in an amount determined in accordance with section 752(i) of the Act.

(b) The Secretary makes a grant to a DSA in the amount of the allotment to the State under section 752(i) of the Act if the DSA submits to and obtains approval from the Secretary of an application for assistance under this program that meets the requirements of section 752(h) of the Act and §§ 367.30 and 367.31.

(Approved by the Office of Management and Budget under control number 1820–0660)

(Authority: Section 752(c)(2) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 796k(c)(2))

§ 367.52 How does the Secretary reallot funds under this program?

(a) From the amounts specified in paragraph (b) of this section, the Secretary may make reallotment grants to States, as determined by the Secretary, whose population of older individuals who are blind has a substantial need for the services specified in section 752(d) of the Act and § 367.3(b), relative to the populations in other States of older individuals who are blind.

(b) The amounts referred to in paragraph (a) of this section are any amounts that are not paid to States under section 752(c)(2) of the Act and § 367.51 as a result of—

(1) The failure of a DSA to prepare, submit, and receive approval of an application under section 752(h) of the Act and in accordance with §§ 367.30 and 367.31; or

(2) Information received by the Secretary from the DSA that the DSA does not intend to expend the full amount of the State's allotment under section 752(c) of the Act and this subpart.

(c) A reallotment grant to a State under paragraph (a) of this section is subject to the same conditions as grants made under section 752(a) of the Act and this part.

(d) Any funds made available to a State for any fiscal year pursuant to this section are regarded as an increase in the allotment of the State under § 367.51 for that fiscal year only.

(e) A State that does not intend to expend the full amount of its allotment must notify RSA at least 45 days prior to the end of the fiscal year that its grant, or a portion of it, is available for reallotment.

(Approved by the Office of Management and Budget under control number 1820–0660)

(Authority: Section 752(i)(4) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 796k(i)(4))

Subpart F—What Conditions Must Be Met After an Award?

§ 367.60 When may a DSA make subawards or contracts?

A DSA may operate or administer the program or projects under this part to carry out the purposes specified in § 367.1, either directly or through—

(a) Subawards to public or private nonprofit agencies or organizations; or

(b) Contracts with individuals, entities, or organizations that are not public or private nonprofit agencies or organizations.

(Authority: Sections 752(g) and (h) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 796k(g) and (h)(2)(A))

§ 367.61 What matching requirements apply?

Non-Federal contributions required by § 367.31(b) must meet the requirements in 2 CFR 200.306 (Cost sharing or matching).

(Authority: Section 752(f) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 796k(f))

§ 367.62 What requirements apply if the State's non-Federal share is in cash?

(a) Expenditures that meet the non-Federal share requirements of 2 CFR 200.306 may be used to meet the non-Federal share matching requirement. Expenditures used as non-Federal share must also meet the following requirements:

(1) The expenditures are made with funds made available by appropriation directly to the DSA or with funds made available by allotment or transfer from any other unit of State or local government;

(2) The expenditures are made with cash contributions from a donor that are deposited in the account of the DSA in accordance with State law for expenditure by, and at the sole discretion of, the DSA for activities authorized by § 367.3; or

(3) The expenditures are made with cash contributions from a donor that are earmarked for meeting the State's share for activities listed in § 367.3;

(b) Cash contributions are permissible under paragraph (a)(3) of this section only if the cash contributions are not used for expenditures that benefit or will benefit in any way the donor, an individual to whom the donor is related by blood or marriage or with whom the donor has a close personal relationship, or an individual, entity, or organization with whom the donor shares a financial interest.

(c) The receipt of a subaward or contract under section 752(g) of the Act from the DSA is not considered a benefit to the donor of a cash contribution for purposes of paragraph (b) of this section if the subaward or contract was awarded under the State's regular competitive procedures. The State may not exempt the awarding of the subaward or contract from its regular competitive procedures.

(d) For purposes of this section, a donor may be a private agency, a profit-making or nonprofit organization, or an individual.

(Authority: Section 752(f) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 796k(f))

§ 367.63 What requirements apply if the State's non-Federal share is in kind?

In-kind contributions may be—

(a) Used to meet the matching requirement under section 752(f) of the Act if the in-kind contributions meet the requirements and are allowable under 2 CFR 200.306; and

(b) Made to the program or project by the State or by a third party (*i.e.,* an individual, entity, or organization, whether local, public, private, for profit, or nonprofit), including a third party that is a subrecipient or contractor that is receiving or will receive assistance under section 752(g) of the Rehabilitation Act.

(Authority: Section 752(f) and (g) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 796k(f) and (g))

§ 367.64 What is the prohibition against a State's condition of an award of a subaward or contract based on cash or in-kind contributions?

(a) A State may not condition the making of a subaward or contract under section 752(g) of the Act on the requirement that the applicant for the subaward or contract make a cash or in-

kind contribution of any particular amount or value to the State.

(b) An individual, entity, or organization that is a subrecipient or contractor of the State, may not condition the award of a subcontract on the requirement that the applicant for the subcontract make a cash or in-kind contribution of any particular amount or value to the State or to the subrecipient or contractor of the State.

(Authority: Section 752(f) and (g) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 796k(f) and (g))

§ 367.65 What is program income and how may it be used?

(a) *Definition—Program income* means gross income earned by the grantee, subrecipient, or contractor that is directly generated by a supported activity or earned as a result of the grant, subaward, or contract.

(1) Program income received through the transfer of Social Security Administration program income from the State Vocational Rehabilitation Services program (Title I) in accordance with 34 CFR 361.63(c)(2) will be treated as program income received under this part.

(2) Payments received by the State agency, subrecipients, or contractors from insurers, consumers, or other for IL services provided under the Independent Living Services for Older Individuals Who Are Blind program to defray part or all of the costs of services provided to individual consumers will be treated as program income received under this part.

(b) *Use of program income.* (1) Program income, whenever earned, must be used for the provision of services authorized under § 367.3.

(2) Program income must be added to the Federal Award in accordance with 2 CFR 200.307(e)(2).

(3) Program income may not be used to meet the non-Federal share requirement under § 367.31(b).

(Authority: Section 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c))

§ 367.66 What requirements apply to the obligation of Federal funds and program income?

(a) Except as provided in paragraph (b) of this section, any Federal funds, including reallotted funds, that are appropriated for a fiscal year to carry out a program under this part that are not obligated or expended by the DSA prior to the beginning of the succeeding fiscal year, and any program income received during a fiscal year that is not obligated or expended by the DSA prior to the beginning of the succeeding fiscal year in which the program income was received, remain available for obligation and expenditure by the DSA during that succeeding fiscal year.

(b) Federal funds appropriated for a fiscal year under this part remain available for obligation in the succeeding fiscal year only to the extent that the DSA complied with its matching requirement by obligating, in accordance with 34 CFR 76.707, the non-Federal share in the fiscal year for which the funds were appropriated.

(c) Program income is considered earned in the fiscal year in which it is received. Program income earned during the fiscal year must be disbursed during the time in which new obligations may be incurred to carry out the work authorized under the award, and prior to requesting additional cash payments.

(Authority: Section 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c))

§ 367.67 May an individual's ability to pay be considered in determining his or her participation in the costs of OIB services?

(a) *Participation of individuals in cost of services.* (1) A State is neither required to charge nor prohibited from charging consumers for the cost of IL services provided under the Independent Living Services for Older Individuals Who Are Blind program;

(2) If a State charges consumers or allows other service providers to charge for the cost of IL services provided under the Independent Living Services for Older Individuals Who Are Blind program, a State is neither required to nor prohibited from considering the ability of individual consumers to pay for the cost of these services in determining how much a particular consumer must contribute to the costs of a particular service.

(b) *State policies on cost of services.* If a State chooses to charge or allow other service providers to charge consumers for the cost of IL services provided under the Independent Living Services for Older Individuals Who Are Blind program and if a State chooses to consider and allow other service providers to consider the ability of individual consumers to pay for the cost of IL services provided under the Independent Living Services for Older Individual Who Are Blind program, the State must maintain policies that—

(1) Specify the type of IL services for which costs may be charged and the type of IL services for which a financial need test may be applied;

(2) Explain the method for determining the amount charged for the IL services and how any financial need test will be applied;

(3) Ensure costs are charged uniformly so that all individuals are treated equally;

(4) Ensure that if costs are charged or financial need is considered, the consumer's required participation is not so high that it effectively denies the individual a necessary service;

(5) Require documentation of an individual's participation in the cost of any IL services provided, including the determination of an individual's financial need; and

(6) Provide that individuals who have been determined eligible for Social Security benefits under Titles II and XVI of the Social Security Act may not be charged any cost to receive IL services under this program.

(c) *Policies on consumer financial participation.* If a State permits other service providers to charge the costs of IL services provided under the Independent Living Services for Older Individuals Who Are Blind program, or chooses to allow other service providers to consider the ability of individual consumers to contribute to the cost of IL services provided through the Independent Living Services for Older Individuals Who Are Blind program, the State must require that such service providers comply with the State's written policies regarding consumer financial participation in the cost of IL services.

(Authority: Section 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c)).

§ 367.68 What notice must be given about the Client Assistance Program (CAP)?

The DSA and all other service providers under this part shall use formats that are accessible to notify individuals seeking or receiving services under this part about—

(a) The availability of CAP authorized by section 112 of the Act;

(b) The purposes of the services provided under the CAP; and

(c) How to contact the CAP.

(Authority: Section 20 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 717)

§ 367.69 What are the special requirements pertaining to the protection, use, and release of personal information?

(a) *General provisions.* The DSA and all other service providers under this part shall adopt and implement policies and procedures to safeguard the confidentiality of all personal information, including photographs and lists of names. These policies and procedures must assure that—

(1) Specific safeguards protect current and stored personal information, including a requirement that data only

be released when governed by a written agreement between the DSA and other service providers and the receiving entity under paragraphs (d) and (e)(1) of this section, which addresses the requirements in this section;

(2) All applicants for, or recipients of, services under this part and, as appropriate, those individuals' legally authorized representatives, service providers, cooperating agencies, and interested persons are informed of the confidentiality of personal information and the conditions for gaining access to and releasing this information;

(3) All applicants or their legally authorized representatives are informed about the service provider's need to collect personal information and the policies governing its use, including—

(i) Identification of the authority under which information is collected;

(ii) Explanation of the principal purposes for which the service provider intends to use or release the information;

(iii) Explanation of whether providing requested information to the service provider is mandatory or voluntary and the effects to the individual of not providing requested information;

(iv) Identification of those situations in which the service provider requires or does not require informed written consent of the individual or his or her legally authorized representative before information may be released; and

(v) Identification of other agencies to which information is routinely released;

(4) Persons who do not speak, listen, read, or write English proficiently or who rely on alternative modes of communication must be provided an explanation of service provider policies and procedures affecting personal information through methods that can be meaningfully understood by them;

(5) At least the same protections are provided to individuals served under this part as provided by State laws and regulations; and

(6) Access to records is governed by rules established by the service provider and any fees charged for copies of records are reasonable and cover only extraordinary costs of duplication or making extensive searches.

(b) *Service provider use.* All personal information in the possession of the service provider may be used only for the purposes directly connected with the provision of services under this part and the administration of the program under which services are provided under this part. Information containing identifiable personal information may not be shared with advisory or other bodies that do not have official responsibility for the provision of services under this part or the administration of the program under which services are provided under this part. In the provision of services under this part or the administration of the program under which services are provided under this part, the service provider may obtain personal information from other service providers and cooperating agencies under assurances that the information may not be further divulged, except as provided under paragraphs (c), (d), and (e) of this section.

(c) *Release to recipients of services under this part.* (1) Except as provided in paragraphs (c)(2) and (3) of this section, if requested in writing by a recipient of services under this part, the service provider shall release all information in that individual's record of services to the individual or the individual's legally authorized representative in a timely manner.

(2) Medical, psychological, or other information that the service provider determines may be harmful to the individual may not be released directly to the individual, but must be provided through a qualified medical or psychological professional or the individual's legally authorized representative.

(3) If personal information has been obtained from another agency or organization, it may be released only by, or under the conditions established by, the other agency or organization.

(d) *Release for audit, evaluation, and research.* Personal information may be released to an organization, agency, or individual engaged in audit, evaluation, or research activities only for purposes directly connected with the administration of a program under this part, or for purposes that would significantly improve the quality of life for individuals served under this part and only if, in accordance with a written agreement, the organization, agency, or individual assures that—

(1) The information will be used only for the purposes for which it is being provided;

(2) The information will be released only to persons officially connected with the audit, evaluation, or research;

(3) The information will not be released to the involved individual;

(4) The information will be managed in a manner to safeguard confidentiality; and

(5) The final product will not reveal any personally identifying information without the informed written consent of the involved individual or the individual's legally authorized representative.

(e) *Release to other programs or authorities.* (1) Upon receiving the informed written consent of the individual or, if appropriate, the individual's legally authorized representative, the service provider may release personal information to another agency or organization, in accordance with a written agreement, for the latter's program purposes only to the extent that the information may be released to the involved individual and only to the extent that the other agency or organization demonstrates that the information requested is necessary for the proper administration of its program.

(2) Medical or psychological information may be released pursuant to paragraph (e)(1) of this section if the other agency or organization assures the service provider that the information will be used only for the purpose for which it is being provided and will not be further released to the individual.

(3) The service provider shall release personal information if required by Federal laws or regulations.

(4) The service provider shall release personal information in response to investigations in connection with law enforcement, fraud, or abuse, unless expressly prohibited by Federal or State laws or regulations, and in response to judicial order.

(5) The service provider also may release personal information to protect the individual or others if the individual poses a threat to his or her safety or to the safety of others.

(Authority: Section 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c))

§ 367.70 What access to records must be provided?

For the purpose of conducting audits, examinations, and compliance reviews, the DSA and all other service providers shall provide access to the Secretary and the Comptroller General, or any of their duly authorized representatives, to—

(a) The records maintained under this part;

(b) Any other books, documents, papers, and records of the recipients that are pertinent to the financial assistance received under this part; and

(c) All individual case records or files or consumer service records of individuals served under this part, including names, addresses, photographs, and records of evaluation included in those individual case records or files or consumer service records.

(Authority: Section 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c))

§ 367.71 What records must be maintained?

The DSA and all other service providers shall maintain—

(a) Records that fully disclose and document—

(1) The amount and disposition by the recipient of that financial assistance;

(2) The total cost of the project or undertaking in connection with which the financial assistance is given or used;

(3) The amount of that portion of the cost of the project or undertaking supplied by other sources; and

(4) Compliance with the requirements of this part; and

(b) Other records that the Secretary determines to be appropriate to facilitate an effective audit.

(Authority: Section 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c))

PART 369 [REMOVED AND RESERVED]

■ 2. Part 369 is removed and reserved.

■ 3. Part 370 is revised to read as follows:

PART 370—CLIENT ASSISTANCE PROGRAM

Subpart A—General

Sec.

370.1 What is the Client Assistance Program (CAP)?
370.2 Who is eligible for an award?
370.3 Who is eligible for services and information under the CAP?
370.4 What kinds of activities may the Secretary fund?
370.5 What regulations apply?
370.6 What definitions apply?
370.7 What shall the designated agency do to make its services accessible?

Subpart B—What Requirements Apply to Redesignation?

370.10 When do the requirements for redesignation apply?
370.11 What requirements apply to a notice of proposed redesignation?
370.12 How does a designated agency preserve its right to appeal a redesignation?
370.13 What are the requirements for a decision to redesignate?
370.14 How does a designated agency appeal a written decision to redesignate?
370.15 What must the Governor of a State do upon receipt of a copy of a designated agency's written appeal to the Secretary?
370.16 How does the Secretary review an appeal of a redesignation?
370.17 When does a redesignation become effective?

Subpart C—What Are the Requirements for Requesting a Grant?

370.20 What must be included in a request for a grant?

Subpart D—How Does the Secretary Allocate and Reallocate Funds to a State?

370.30 How does the Secretary allocate funds?
370.31 How does the Secretary reallocate funds?

Subpart E—What Post-Award Conditions Must Be Met by a Designated Agency?

370.40 What are allowable costs?
370.41 What conflict of interest provision applies to employees of a designated agency?
370.42 What access must the CAP be afforded to policymaking and administrative personnel?
370.43 What requirement applies to the use of mediation procedures?
370.44 What reporting requirement applies to each designated agency?
370.45 What limitation applies to the pursuit of legal remedies?
370.46 What consultation requirement applies to a Governor of a State?
370.47 What is program income and how may it be used?
370.48 When must grant funds and program income be obligated?
370.49 What are the special requirements pertaining to the protection, use, and release of personal information?

Authority: Section 112 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 732, unless otherwise noted.

Subpart A—General

§ 370.1 What is the Client Assistance Program (CAP)?

The purpose of this program is to establish and carry out CAPs that—

(a) Advise and inform clients and client-applicants of all services and benefits available to them through programs authorized under the Rehabilitation Act of 1973, as amended (Act), including activities carried out under sections 113 and 511;

(b) Assist and advocate for clients and client-applicants in their relationships with projects, programs, and community rehabilitation programs providing services under the Act; and

(c) Inform individuals with disabilities in the State, especially individuals with disabilities who have traditionally been unserved or underserved by vocational rehabilitation programs, of the services and benefits available to them under the Act and under title I of the Americans with Disabilities Act of 1990 (ADA) (42 U.S.C. 12111 *et seq.*).

(Authority: Section 112(a) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 732(a))

§ 370.2 Who is eligible for an award?

(a)(1) Any State, through its Governor, and the protection and advocacy system serving the American Indian Consortium are eligible for an award under this part if the State or eligible protection and advocacy system submits, and receives approval of, an application in accordance with § 370.20.

(2) For purposes of this part, the terms—

(i) ''American Indian Consortium'' has the meaning given the term in section 102 of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (DD Act) (42 U.S.C. 15002); and

(ii) ''Protection and advocacy system'' means a protection and advocacy system established under subtitle C of title I of the DD Act (42 U.S.C. 15041 *et seq.*).

(b) Notwithstanding the protection and advocacy system serving the American Indian Consortium, the Governor of each State shall designate a public or private agency to conduct the State's CAP under this part.

(c) Except as provided in paragraph (d) of this section, the Governor shall designate an agency that is independent of any agency that provides treatment, services, or rehabilitation to individuals under the Act.

(d) The Governor may, in the initial designation, designate an agency that provides treatment, services, or rehabilitation to individuals with disabilities under the Act if, at any time before February 22, 1984, there was an agency in the State that both—

(1) Was a grantee under section 112 of the Act by serving as a client assistance agency and directly carrying out a CAP; and

(2) Was, at the same time, a grantee under any other provision of the Act.

(e) An agency designated by the Governor of a State to conduct the State's CAP or the protection and advocacy system serving the American Indian Consortium under this part may not make a subaward to or enter into a contract with an agency that provides services under this Act either to carry out the CAP or to provide services under the CAP.

(f) A designated agency, including the protection and advocacy system serving the American Indian Consortium, that contracts to provide CAP services with another entity or individual remains responsible for—

(1) The conduct of a CAP that meets all of the requirements of this part;

(2) Ensuring that the entity or individual expends CAP funds in accordance with—

(i) The regulations in this part; and

(ii) The regulations at 2 CFR part 200 applicable to the designated agency identified in paragraph (b) or the protection and advocacy system serving the American Indian Consortium, as

described in paragraph (a) of this section; and

(3) The direct day-to-day supervision of the CAP services being carried out by the contractor. This day-to-day supervision must include the direct supervision of the individuals who are employed or used by the contractor to provide CAP services.

(Authority: Sections 12(c) and 112(a), (c)(1)(A), and (e)(1)(E) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 732(a), (c)(1)(A), and (e)(1)(E))

§ 370.3 Who is eligible for services and information under the CAP?

(a) Any client or client-applicant is eligible for the services described in § 370.4.

(b) Any individual with a disability is eligible to receive information on the services and benefits available to individuals with disabilities under the Act and title I of the ADA.

(Authority: Section 112(a) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 732(a))

§ 370.4 What kinds of activities may the Secretary fund?

(a) Funds made available under this part must be used for activities consistent with the purposes of this program, including—

(1) Advising and informing clients, client-applicants, and individuals with disabilities in the State, especially individuals with disabilities who have traditionally been unserved or underserved by vocational rehabilitation programs, of—

(i) All services and benefits available to them through programs authorized under the Act; and

(ii) Their rights in connection with those services and benefits;

(2) Informing individuals with disabilities in the State, especially individuals with disabilities who have traditionally been unserved or underserved by vocational rehabilitation programs, of the services and benefits available to them under title I of the ADA;

(3) Upon the request of the client or client-applicant, assisting and advocating on behalf of the client or client-applicant in his or her relationship with projects, programs, and community rehabilitation programs that provide services under the Act by engaging in individual or systemic advocacy and pursuing, or assisting and advocating on behalf of the client or client-applicant to pursue, legal, administrative, and other available remedies, if necessary—

(i) To ensure the protection of the rights of a client or client-applicant under the Act; and

(ii) To facilitate access by individuals with disabilities, including students and youth with disabilities who are making the transition from school programs, to services funded under the Act; and

(4) Providing information to the public concerning the CAP.

(b) In providing assistance and advocacy services under this part with respect to services under title I of the Act, a designated agency may provide assistance and advocacy services to a client or client-applicant to facilitate the individual's employment, including assistance and advocacy services with respect to the individual's claims under title I of the ADA, if those claims under title I of the ADA are directly related to services under title I of the Act that the individual is receiving or seeking.

(Authority: Sections 12(c) and 112(a) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 732(a))

§ 370.5 What regulations apply?

The following regulations apply to the expenditure of funds and the administration of the program under this part:

(a) The Education Department General Administrative Regulations (EDGAR) as follows:

(1) 34 CFR part 75 (Direct Grant Programs) for purposes of an award made under § 370.30(d)(1) when the CAP appropriation equals or exceeds $14,000,000.

(2) 34 CFR part 76 (State-Administered Programs) applies to the State and, if the designated agency is a State or local government agency, to the designated agency, except for—

(i) Section 76.103;

(ii) Sections 76.125 through 76.137;

(iii) Sections 76.300 through 76.401;

(iv) Section 76.708;

(v) Section 76.734; and

(vi) Section 76.740.

(3) 34 CFR part 77 (Definitions That Apply to Department Regulations).

(4) 34 CFR part 79 (Intergovernmental Review of Department of Education Programs and Activities).

(5) 34 CFR part 81 (General Education Provisions Act—Enforcement) applies to both the State and the designated agency, whether or not the designated agency is the actual recipient of the CAP grant. As the entity that eventually, if not directly, receives the CAP grant funds, the designated agency is considered a recipient for purposes of Part 81.

(6) 34 CFR part 82 (New Restrictions on Lobbying).

(b) Other regulations as follows:

(1) 2 CFR part 180 (OMB Guidelines to Agencies on Debarment and Suspension (Nonprocurement)), as adopted at 2 CFR part 3485.

(2) 2 CFR part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards), as adopted at 2 CFR part 3474.

(c) The regulations in this part 370.

Note to § 370.5: Any funds made available to a State under this program that are transferred by a State to a designated agency do not make a subaward as that term is defined in 2 CFR 200.330. The designated agency is not, therefore, in these circumstances a subrecipient, as that term is defined in 2 CFR 200.330.

(Authority: Sections 12(c) and 112 of the Rehabilitation Act, as amended; 29 U.S.C. 709(c) and 732)

§ 370.6 What definitions apply?

(a) Definitions in EDGAR at 34 CFR part 77.

(b) Definitions in 2 CFR part 200, subpart A.

(c) Other definitions. The following definitions also apply to this part:

Act means the Rehabilitation Act of 1973, as amended.

Advocacy means pleading an individual's cause or speaking or writing in support of an individual. Advocacy may be formal, as in the case of a lawyer representing an individual in a court of law or in formal administrative proceedings before government agencies (whether tribal, State, local, or Federal). Advocacy also may be informal, as in the case of a lawyer or non-lawyer representing an individual in negotiations, mediation, or informal administrative proceedings before government agencies (whether tribal, State, local, or Federal), or as in the case of a lawyer or non-lawyer representing an individual's cause before private entities or organizations, or government agencies (whether tribal, State, local, or Federal). Advocacy may be on behalf of—

(1) A single individual, in which case it is individual advocacy;

(2) More than one individual or a group of individuals, in which case it is systems (or systemic) advocacy, but systems or systemic advocacy, for the purposes of this part, does not include class actions, or

(3) Oneself, in which case it is self advocacy.

American Indian Consortium means that entity described in § 370.2(a).

Class action means a formal legal suit on behalf of a group or class of individuals filed in a Federal or State court that meets the requirements for a ''class action'' under Federal or State law. ''Systems (or systemic) advocacy'' that does not include filing a formal class action in a Federal or State court

is not considered a class action for purposes of this part.

Client or client-applicant means an individual receiving or seeking services under the Act, respectively.

Designated agency means the agency designated by the Governor under § 370.2 or the protection and advocacy system serving the American Indian Consortium that is conducting a CAP under this part.

Mediation means the act or process of using an independent third party to act as a mediator, intermediary, or conciliator to settle differences or disputes between persons or parties. The third party who acts as a mediator, intermediary, or conciliator may not be any entity or individual who is connected in any way with the eligible system or the agency, entity, or individual with whom the individual with a disability has a dispute. Mediation may involve the use of professional mediators or any other independent third party mutually agreed to by the parties to the dispute.

Protection and Advocacy System has the meaning set forth at § 370.2(a).

Services under the Act means vocational rehabilitation, independent living, supported employment, and other similar rehabilitation services provided under the Act. For purposes of the CAP, the term ''services under the Act'' does not include activities carried out under the protection and advocacy program authorized by section 509 of the Act (*i.e.,* the Protection and Advocacy of Individual Rights (PAIR) program, 34 CFR part 381).

State means, in addition to each of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, The United States Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands, except for purposes of the allotments under § 370.30, in which case ''State'' does not mean or include Guam, American Samoa, the United States Virgin Islands, and the Commonwealth of the Northern Mariana Islands.

(Authority: Sections 7(34), 12(c), and 112 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 705(34), 709(c), and 732)

§ 370.7 What shall the designated agency do to make its services accessible?

The designated agency shall provide, as appropriate, the CAP services described in § 370.4 in formats that are accessible to clients or client-applicants who seek or receive CAP services.

(Authority: Section 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c))

Subpart B—What Requirements Apply to Redesignation?

§ 370.10 When do the requirements for redesignation apply?

(a) The Governor shall redesignate the designated agency for carrying out the CAP to an agency that is independent of any agency that provides treatment, services, or rehabilitation to individuals under the Act if, after August 7, 1998—

(1) The designated State agency undergoes any change in the organizational structure of the agency that results in one or more new State agencies or departments, or results in the merger with one or more other State agencies or departments, and

(2) The designated State agency contains an office or unit conducting the CAP.

(3) For purposes of paragraph (a) of this section, the designated State agency has the meaning given to that term at 34 CFR 361.5(c)(12) and described at 34 CFR 361.13.

(b) The Governor may not redesignate the agency designated pursuant to section 112(c) of the Act and § 370.2(b) without good cause and without complying with the requirements of §§ 370.10 through 370.17.

(c) For purposes of §§ 370.10 through 370.17, a ''redesignation of'' or ''to redesignate'' a designated agency means any change in or transfer of the designation of an agency previously designated by the Governor to conduct the State's CAP to a new or different agency, unit, or organization, including—

(1) A decision by a designated agency to cancel its existing contract with another entity with which it has previously contracted to carry out and operate all or part of its responsibilities under the CAP (including providing advisory, assistance, or advocacy services to eligible clients and client-applicants); or

(2) A decision by a designated agency not to renew its existing contract with another entity with which it has previously contracted. Therefore, an agency that is carrying out a State's CAP under a contract with a designated agency is considered a designated agency for purposes of §§ 370.10 through 370.17.

(d) For purposes of paragraph (b) of this section, a designated agency that does not renew a contract for CAP services because it is following State procurement laws that require contracts to be awarded through a competitive bidding process is presumed to have good cause for not renewing an existing contract. However, this presumption may be rebutted.

(e) If State procurement laws require a designated agency to award a contract through a competitive bidding process, the designated agency must hold public hearings on the request for proposal before awarding the new contract.

(Authority: Sections 12(c) and 112(c)(1)(B) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 732(c)(1)(B))

§ 370.11 What requirements apply to a notice of proposed redesignation?

(a) Prior to any redesignation of the agency that conducts the CAP, the Governor shall give written notice of the proposed redesignation to the designated agency, the State Rehabilitation Council (SRC), and the State Independent Living Council (SILC) and publish a public notice of the Governor's intention to redesignate. Both the notice to the designated agency, the SRC, and the SILC and the public notice must include, at a minimum, the following:

(1) The Federal requirements for the CAP (section 112 of the Act).

(2) The goals and function of the CAP.

(3) The name of the current designated agency.

(4) A description of the current CAP and how it is administered.

(5) The reason or reasons for proposing the redesignation, including why the Governor believes good cause exists for the proposed redesignation.

(6) The effective date of the proposed redesignation.

(7) The name of the agency the Governor proposes to administer the CAP.

(8) A description of the system that the redesignated (*i.e.,* new) agency would administer.

(b) The notice to the designated agency must—

(1) Be given at least 30 days in advance of the Governor's written decision to redesignate; and

(2) Advise the designated agency that it has at least 30 days from receipt of the notice of proposed redesignation to respond to the Governor and that the response must be in writing.

(c) The notice of proposed redesignation must be published in a place and manner that provides the SRC, the SILC, individuals with disabilities or their representatives, and the public with at least 30 days to submit oral or written comments to the Governor.

(d) Following public notice, public hearings concerning the proposed redesignation must be conducted in an accessible format that provides individuals with disabilities or their representatives an opportunity for comment. The Governor shall maintain

a written public record of these hearings.

(e) The Governor shall fully consider any public comments before issuing a written decision to redesignate.

(Authority: Sections 12(c) and 112(c)(1)(B) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 732(c)(1)(B))

§ 370.12 How does a designated agency preserve its right to appeal a redesignation?

(a) To preserve its right to appeal a Governor's written decision to redesignate (see § 370.13), a designated agency must respond in writing to the Governor within 30 days after it receives the Governor's notice of proposed redesignation.

(b) The designated agency shall send its response to the Governor by registered or certified mail, return receipt requested, or other means that provides a record that the Governor received the designated agency's response.

(Approved by the Office of Management and Budget under control number 1820–0520)

(Authority: Sections 12(c) and 112(c)(1)(B) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 732(c)(1)(B))

§ 370.13 What are the requirements for a decision to redesignate?

(a) If, after complying with the requirements of § 370.11, the Governor decides to redesignate the designated agency, the Governor shall provide to the designated agency a written decision to redesignate that includes the rationale for the redesignation. The Governor shall send the written decision to redesignate to the designated agency by registered or certified mail, return receipt requested, or other means that provides a record that the designated agency received the Governor's written decision to redesignate.

(b) If the designated agency submitted to the Governor a timely response to the Governor's notice of proposed redesignation, the Governor shall inform the designated agency that it has at least 15 days from receipt of the Governor's written decision to redesignate to file a formal written appeal with the Secretary.

(Approved by the Office of Management and Budget under control number 1820–0520)

(Authority: Sections 12(c) and 112(c)(1)(B) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 732(c)(1)(B))

§ 370.14 How does a designated agency appeal a written decision to redesignate?

(a) A designated agency may appeal to the Secretary a Governor's written decision to redesignate only if the designated agency submitted to the Governor a timely written response to the Governor's notice of proposed redesignation in accordance with § 370.12.

(b) To appeal to the Secretary a Governor's written decision to redesignate, a designated agency shall file a formal written appeal with the Secretary within 15 days after the designated agency's receipt of the Governor's written decision to redesignate. The date of filing of the designated agency's written appeal with the Secretary will be determined in a manner consistent with the requirements of 34 CFR 81.12.

(c) If the designated agency files a written appeal with the Secretary, the designated agency shall send a separate copy of this appeal to the Governor by registered or certified mail, return receipt requested, or other means that provides a record that the Governor received a copy of the designated agency's appeal to the Secretary.

(d) The designated agency's written appeal to the Secretary must state why the Governor has not met the burden of showing that good cause for the redesignation exists or has not met the procedural requirements under §§ 370.11 and 370.13.

(e) The designated agency's written appeal must be accompanied by the designated agency's written response to the Governor's notice of proposed redesignation and may be accompanied by any other written submissions or documentation the designated agency wishes the Secretary to consider.

(f) As part of its submissions under this section, the designated agency may request an informal meeting with the Secretary at which representatives of both parties will have an opportunity to present their views on the issues raised in the appeal.

(Approved by the Office of Management and Budget under control number 1820–0520)

(Authority: Sections 12(c) and 112(c)(1)(B) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 732(c)(1)(B))

§ 370.15 What must the Governor of a State do upon receipt of a copy of a designated agency's written appeal to the Secretary?

(a) If the designated agency files a formal written appeal in accordance with § 370.14, the Governor shall, within 15 days of receipt of the designated agency's appeal, submit to the Secretary copies of the following:

(1) The written notice of proposed redesignation sent to the designated agency.

(2) The public notice of proposed redesignation.

(3) Transcripts of all public hearings held on the proposed redesignation.

(4) Written comments received by the Governor in response to the public notice of proposed redesignation.

(5) The Governor's written decision to redesignate, including the rationale for the decision.

(6) Any other written documentation or submissions the Governor wishes the Secretary to consider.

(7) Any other information requested by the Secretary.

(b) As part of the submissions under this section, the Governor may request an informal meeting with the Secretary at which representatives of both parties will have an opportunity to present their views on the issues raised in the appeal.

(Approved by the Office of Management and Budget under control number 1820–0520)

(Authority: Sections 12(c) and 112(c)(1)(B) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 732(c)(1)(B))

§ 370.16 How does the Secretary review an appeal of a redesignation?

(a) If either party requests a meeting under § 370.14(f) or § 370.15(b), the meeting is to be held within 30 days of the submissions by the Governor under § 370.15, unless both parties agree to waive this requirement. The Secretary promptly notifies the parties of the date and place of the meeting.

(b) Within 30 days of the informal meeting permitted under paragraph (a) of this section or, if neither party has requested an informal meeting, within 60 days of the submissions required from the Governor under § 370.15, the Secretary issues to the parties a final written decision on whether the redesignation was for good cause.

(c) The Secretary reviews a Governor's decision based on the record submitted under §§ 370.14 and 370.15 and any other relevant submissions of other interested parties. The Secretary may affirm or, if the Secretary finds that the redesignation is not for good cause, remand for further findings or reverse a Governor's redesignation.

(d) The Secretary sends copies of the decision to the parties by registered or certified mail, return receipt requested, or other means that provide a record of receipt by both parties.

(Approved by the Office of Management and Budget under control number 1820–0520)

(Authority: Sections 12(c) and 112(c)(1)(B) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 732(c)(1)(B))

§ 370.17 When does a redesignation become effective?

A redesignation does not take effect for at least 15 days following the

designated agency's receipt of the Governor's written decision to redesignate or, if the designated agency appeals, for at least 5 days after the Secretary has affirmed the Governor's written decision to redesignate.

(Authority: Sections 12(c) and 112(c)(1)(B) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 732(c)(1)(B))

Subpart C—What are the Requirements for Requesting a Grant?

§ 370.20 What must be included in a request for a grant?

(a) Each State and the protection and advocacy system serving the American Indian Consortium seeking assistance under this part shall submit to the Secretary, in writing, at the time and in the manner determined by the Secretary to be appropriate, an application that includes, at a minimum—

(1) The name of the designated agency; and

(2) An assurance that the designated agency meets the independence requirement of section 112(c)(1)(A) of the Act and § 370.2(c), or that the State is exempted from that requirement under section 112(c)(1)(A) of the Act and § 370.2(d).

(b)(1) Each State and the protection and advocacy system serving the American Indian Consortium also shall submit to the Secretary an assurance that the designated agency has the authority to pursue legal, administrative, and other appropriate remedies to ensure the protection of the rights of clients or client-applicants within the State or American Indian Consortium.

(2) The authority to pursue remedies described in paragraph (b)(1) of this section must include the authority to pursue those remedies against the State vocational rehabilitation agency and other appropriate State agencies. The designated agency meets this requirement if it has the authority to pursue those remedies either on its own behalf or by obtaining necessary services, such as legal representation, from outside sources.

(c) Each State and the protection and advocacy system serving the American Indian Consortium also shall submit to the Secretary assurances that—

(1) All entities conducting, administering, operating, or carrying out programs within the State that provide services under the Act to individuals with disabilities in the State will advise all clients and client-applicants of the existence of the CAP, the services provided under the program, and how to contact the designated agency;

(2) The designated agency will meet each of the requirements in this part; and

(3) The designated agency will provide the Secretary with the annual report required by section 112(g)(4) of the Act and § 370.44.

(d) To allow a designated agency to receive direct payment of funds under this part, a State or the protection and advocacy system serving the American Indian Consortium must provide to the Secretary, as part of its application for assistance, an assurance that direct payment to the designated agency is not prohibited by or inconsistent with State or tribal law, regulation, or policy.

(Approved by the Office of Management and Budget under control number 1820–0520)

(Authority: Sections 12(c) and 112(b) and (f) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 732(b) and (f))

Subpart D—How Does the Secretary Allocate and Reallocate Funds to a State?

§ 370.30 How does the Secretary allocate funds?

(a) After reserving funds required under paragraphs (c) and (d) of this section, the Secretary shall allot the remainder of the sums appropriated for each fiscal year under this section among the States on the basis of relative population of each State, except that no such entity shall receive less than $50,000.

(b) The Secretary allocates $30,000 each, unless the provisions of section 112(e)(1)(D) of the Act are applicable, to American Samoa, Guam, the Virgin Islands, and the Commonwealth of Northern Mariana Islands.

(c) The Secretary shall reserve funds, from the amount appropriated to carry out this part, to make a grant to the protection and advocacy system serving the American Indian Consortium to provide services in accordance with this part. The amount of the grant to the protection and advocacy system serving the American Indian Consortium shall be the same amount as is provided to a territory under paragraph (b) of this section.

(d)(1) For any fiscal year for which the amount appropriated equals or exceeds $14,000,000, the Secretary may reserve not less than 1.8 percent and not more than 2.2 percent of such amount to provide a grant for training and technical assistance for the programs established under this part.

(2) All training and technical assistance shall be coordinated with activities provided under 34 CFR 381.22.

(3) The Secretary shall make a grant pursuant to paragraph (d)(1) of this section to an entity that has experience in or knowledge related to the provision of services authorized under this part.

(4) An entity receiving a grant under paragraph (d)(1) of this section shall provide training and technical assistance to the designated agencies or entities carrying out the CAP to assist them in improving the provision of services authorized under this part and the administration of the program.

(e)(1) Unless prohibited or otherwise provided by State or tribal law, regulation, or policy, the Secretary pays to the designated agency, from the State allotment under paragraph (a), (b), or (c) of this section, the amount specified in the State's or the eligible protection and advocacy system's approved request. Because the designated agency, including the protection and advocacy system serving the American Indian Consortium, is the eventual, if not the direct, recipient of the CAP funds, 34 CFR part 81 and 2 CFR part 200 apply to the designated agency, whether or not the designated agency is the actual recipient of the CAP grant.

(2) Notwithstanding the grant made to the protection and advocacy system serving the American Indian Consortium under paragraph (c) of this section, the State remains the grantee for purposes of 34 CFR part 76 and 2 CFR part 200 because it is the State that submits an application for and receives the CAP grant. In addition, both the State and the designated agency are considered recipients for purposes of 34 CFR part 81.

(Authority: Sections 12(c) and 112(b) and (e) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 732(b) and (e))

§ 370.31 How does the Secretary reallocate funds?

(a) The Secretary reallocates funds in accordance with section 112(e)(2) of the Act.

(b) A designated agency shall inform the Secretary at least 45 days before the end of the fiscal year for which CAP funds were received whether the designated agency is making available for reallotment any of those CAP funds that it will be unable to obligate in that fiscal year or the succeeding fiscal year.

(Approved by the Office of Management and Budget under control number 1820–0520)

(Authority: Sections 12(c), 19, and 112(e)(2) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c), 716, and 732(e)(2))

Subpart E—What Post-Award Conditions Must Be Met by a Designated Agency?

§ 370.40 What are allowable costs?

(a) The designated agency, including the eligible protection and advocacy system serving the American Indian Consortium, shall apply the regulations at 2 CFR part 200.

(b) Consistent with the program activities listed in § 370.4, the cost of travel in connection with the provision to a client or client-applicant of assistance under this program is allowable, in accordance with 2 CFR part 200. The cost of travel includes the cost of travel for an attendant if the attendant must accompany the client or client-applicant.

(c)(1) The State and the designated agency are accountable, both jointly and severally, to the Secretary for the proper use of funds made available under this part. However, the Secretary may choose to recover funds under the procedures in 34 CFR part 81 from either the State or the designated agency, or both, depending on the circumstances of each case.

(2) For purposes of the grant made under this part to the protection and advocacy system serving the American Indian Consortium, such entity will be solely accountable to the Secretary for the proper use of funds made available under this part. If the Secretary determines it necessary, the Secretary may recover funds from the protection and advocacy system serving the American Indian Consortium pursuant to the procedures in 34 CFR part 81.

(Authority: Sections 12(c) and 112(c)(3) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 732(c)(3))

§ 370.41 What conflict of interest provision applies to employees of a designated agency?

(a) Except as permitted by paragraph (b) of this section, an employee of a designated agency, or of an entity or individual under contract with a designated agency, who carries out any CAP duties or responsibilities, while so employed, may not—

(1) Serve concurrently as a staff member of, consultant to, or in any other capacity within, any other rehabilitation project, program, or community rehabilitation program receiving assistance under the Act in the State; or

(2) Provide any services under the Act, other than CAP and PAIR services.

(b) An employee of a designated agency under contract with a designated agency, may—

(1) Receive a traineeship under section 302 of the Act;

(2) Provide services under the PAIR program;

(3) Represent the CAP on any board or council (such as the SRC) if CAP representation on the board or council is specifically permitted or mandated by the Act; and

(4) Consult with policymaking and administrative personnel in State and local rehabilitation programs, projects, and community rehabilitation programs, if consultation with the designated agency is specifically permitted or mandated by the Act.

(Authority: Sections 12(c) and 112(g)(1) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 732(g)(1))

§ 370.42 What access must the CAP be afforded to policymaking and administrative personnel?

The CAP must be afforded reasonable access to policymaking and administrative personnel in State and local rehabilitation programs, projects, and community rehabilitation programs. One way in which the CAP may be provided that access would be to include the director of the designated agency among the individuals to be consulted on matters of general policy development and implementation, as required by section 101(a)(16) of the Act.

(Authority: Sections 12(c), 101(a)(16), and 112(g)(2) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c), 721(a)(16), and 732(g)(2))

§ 370.43 What requirement applies to the use of mediation procedures?

(a) Each designated agency shall implement procedures designed to ensure that, to the maximum extent possible, good faith negotiations and mediation procedures are used before resorting to formal administrative or legal remedies. In designing these procedures, the designated agency may take into account its level of resources.

(b) For purposes of this section, mediation may involve the use of professional mediators, other independent third parties mutually agreed to by the parties to the dispute, or an employee of the designated agency who—

(1) Is not assigned to advocate for or otherwise represent or is not involved with advocating for or otherwise representing the client or client-applicant who is a party to the mediation; and

(2) Has not previously advocated for or otherwise represented or been involved with advocating for or otherwise representing that same client or client-applicant.

(Authority: Section 112(g)(3) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 732(g)(3))

§ 370.44 What reporting requirement applies to each designated agency?

In addition to the program and fiscal reporting requirements in 34 CFR 76.720 and 2 CFR 200.327 that are applicable to this program, each designated agency shall submit to the Secretary, no later than 90 days after the end of each fiscal year, an annual report on the operation of its CAP during the previous year, including a summary of the work done and the uniform statistical tabulation of all cases handled by the program. The annual report must contain information on—

(a) The number of requests received by the designated agency for information on services and benefits under the Act and title I of the ADA;

(b) The number of referrals to other agencies made by the designated agency and the reason or reasons for those referrals;

(c) The number of requests for advocacy services received by the designated agency from clients or client-applicants;

(d) The number of requests for advocacy services from clients or client-applicants that the designated agency was unable to serve;

(e) The reasons that the designated agency was unable to serve all of the requests for advocacy services from clients or client-applicants; and

(f) Any other information that the Secretary may require.

(Approved by the Office of Management and Budget under control number 1820–0520)

(Authority: Sections 12(c) and 112(g)(4) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 732(g)(4))

§ 370.45 What limitation applies to the pursuit of legal remedies?

A designated agency may not bring any class action in carrying out its responsibilities under this part.

(Authority: Section 112(d) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 732(d))

§ 370.46 What consultation requirement applies to a Governor of a State?

In designating a client assistance agency under § 370.2, redesignating a client assistance agency under § 370.10, and carrying out the other provisions of this part, the Governor shall consult with the director of the State vocational rehabilitation agency (or, in States with both a general agency and an agency for the blind, the directors of both agencies), the head of the developmental disability protection and

advocacy agency, and representatives of professional and consumer organizations serving individuals with disabilities in the State.

(Authority: Section 112(c)(2) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 732(c)(2))

§ 370.47 What is program income and how may it be used?

(a) *Definition.* (1) Consistent with 2 CFR 200.80 and for purposes of this part, *program income* means gross income earned by the designated agency that is directly generated by an activity supported under this part.

(2) Funds received through the transfer of Social Security Administration payments from the designated State unit, as defined in 34 CFR 361.5(c)(13), in accordance with 34 CFR 361.63(c)(2) will be treated as program income received under this part.

(b) *Use of program income.* (1) Program income, whenever earned or received, must be used for the provision of services authorized under § 370.4.

(2)(i) The designated agency must use program income to supplement Federal funds that support program activities that are subject to this part. See, for example 2 CFR 200.307(e)(2).

(ii) Notwithstanding 2 CFR 200.305(a) and consistent with 2 CFR 200.305(b)(5), and to the extent that program income funds are available, a designated agency, regardless of whether it is a State agency, must disburse those funds (including repayments to a revolving fund), rebates, refunds, contract settlements, audit recoveries, and interest earned on such funds before requesting additional funds from the Department.

(Authority: Sections 12(c) and 108 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 728; and 20 U.S.C. 3474);

§ 370.48 When must grant funds and program income be obligated?

Any Federal funds, including reallotted funds, that are appropriated for a fiscal year to carry out the activities under this part that are not obligated or expended by the designated agency prior to the beginning of the succeeding fiscal year, and any program income received during a fiscal year that is not obligated or expended by the designated agency prior to the beginning of the succeeding fiscal year in which the program income was received, remain available for obligation and expenditure by the designated agency during that succeeding fiscal year in accordance with section 19 of the Act.

(Authority: Sections 12(c) and 19 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 716)

§ 370.49 What are the special requirements pertaining to the protection, use, and release of personal information?

(a) All personal information about individuals served by any designated agency under this part, including lists of names, addresses, photographs, and records of evaluation, must be held strictly confidential.

(b) The designated agency's use of information and records concerning individuals must be limited only to purposes directly connected with the CAP, including program evaluation activities. Except as provided in paragraphs (c) and (e) of this section, this information may not be disclosed, directly or indirectly, other than in the administration of the CAP, unless the consent of the individual to whom the information applies, or his or her parent, legal guardian, or other legally authorized representative or advocate (including the individual's advocate from the designated agency), has been obtained in writing. A designated agency may not produce any report, evaluation, or study that reveals any personally identifying information without the written consent of the individual or his or her representative.

(c) Except as limited in paragraphs (d) and (e) of this section, the Secretary or other Federal or State officials responsible for enforcing legal requirements are to have complete access to all—

(1) Records of the designated agency that receives funds under this program; and

(2) All individual case records of clients served under this part without the consent of the client.

(d) For purposes of conducting any periodic audit, preparing or producing any report, or conducting any evaluation of the performance of the CAP established or assisted under this part, the Secretary does not require the designated agency to disclose the identity of, or any other personally identifiable information related to, any individual requesting assistance under the CAP.

(e) Notwithstanding paragraph (d) of this section and consistent with paragraph (f) of this section, a designated agency shall disclose to the Secretary, if the Secretary so requests, the identity of, or any other personally identifiable information (*i.e.,* name, address, telephone number, social security number, or any other official code or number by which an individual may be readily identified) related to, any individual requesting assistance under the CAP if—

(1) An audit, evaluation, monitoring review, State plan assurance review, or other investigation produces reliable evidence that there is probable cause to believe that the designated agency has violated its legislative mandate or misused Federal funds; or

(2) The Secretary determines that this information may reasonably lead to further evidence that is directly related to alleged misconduct of the designated agency.

(f) In addition to the protection afforded by paragraph (d) of this section, the right of a person or designated agency not to produce documents or disclose information to the Secretary is governed by the common law of privileges, as interpreted by the courts of the United States.

(Authority: Sections 12(c) and 112(g)(4) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 732(g)(4))

■ 4. Part 371 is revised to read as follows:

PART 371—AMERICAN INDIAN VOCATIONAL REHABILITATION SERVICES

Subpart A—General

Sec.

371.1 What is the American Indian Vocational Rehabilitation Services program?
371.2 Who is eligible for assistance under this program?
371.3 What types of projects are authorized under this program?
371.4 What is the length of the project period under this program?
371.5 What regulations apply to this program?
371.6 What definitions apply to this program?

Subpart B—Training and Technical Assistance

371.10 What are the requirements for funding training and technical assistance under this subpart?
371.11 How does the Secretary use these funds to provide training and technical assistance?
371.12 How does the Secretary make an award?
371.13 How does the Secretary determine funding priorities?
371.14 How does the Secretary evaluate an application?

Subpart C—How Does One Apply for a Grant?

371.20 What are the application procedures for this program?
371.21 What are the special application requirements related to the projects funded under this part?

Subpart D—How Does the Secretary Make a Grant?

371.31 How are grants awarded?

371.32 What other factors does the Secretary consider in reviewing an application?

Subpart E—What Conditions Apply to a Grantee Under this Program?

371.40 What are the matching requirements?
371.41 What are allowable costs?
371.42 How are services to be administered under this program?
371.43 What other special conditions apply to this program?
371.44 What are the special requirements pertaining to the protection, use, and release of personal information?
371.45 What notice must be given about the Client Assistance Program (CAP)?

Authority: Sections 12(c) and 121 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 741, unless otherwise noted.

Subpart A—General

§ 371.1 What is the American Indian Vocational Rehabilitation Services program?

This program is designed to provide vocational rehabilitation services, including culturally appropriate services, to American Indians with disabilities who reside on or near Federal or State reservations, consistent with such eligible individual's strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice, so that such individual may prepare for, and engage in, high-quality employment that will increase opportunities for economic self-sufficiency.

(Authority: Section 121(a) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 741(a))

§ 371.2 Who is eligible for assistance under this program?

(a) Applications may be made only by Indian tribes and consortia of those Indian tribes located on Federal and State reservations.

(1) The applicant for the grant must be

(i) The governing body of an Indian tribe, either on behalf the Indian tribe or on behalf of a consortium of Indian tribes; or

(ii) A tribal organization that is a separate legal organization from an Indian tribe.

(2) In order to receive a grant under this section, a tribal organization that is not a governing body of an Indian tribe must:

(i) Have as one of its functions the vocational rehabilitation of American Indians with disabilities; and

(ii) Have the approval of the tribe to be served by such organization.

(3) If a grant is made to the governing body of an Indian tribe, either on its own behalf or on behalf of a consortium, or to a tribal organization to perform services benefiting more than one Indian tribe, the approval of each such Indian tribe shall be a prerequisite to the making of such a grant.

(b) Applications for awards under Subpart B may be made by State, local or tribal governments, non-profit organizations, or institutions of higher education.

(Authority: Sections 12(c) and 121(a) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 741(a))

§ 371.3 What types of projects are authorized under this program?

The American Indian Vocational Rehabilitation Services program provides financial assistance for the establishment and operation of tribal vocational rehabilitation services programs for American Indians with disabilities who reside on or near Federal or State reservations.

(Authority: Sections 12(c) and 121(a) of the Rehabilitation Act of 1973, as amended Act, 29 U.S.C. 709(c) and 741(a))

§ 371.4 What is the length of the project period under this program?

The Secretary approves a project period of up to sixty months.

(Authority: Sections 12(c) and 121(b)(3) of the Rehabilitation Act of 1973, as amended, 29 U.S.C. 709(c) and 121(b)(3))

§ 371.5 What regulations apply to this program?

The following regulations apply to this program—

(a) The regulations in this part 371.

(b) 2 CFR part 180 (OMB Guidelines to Agencies on Debarment and Suspension (Nonprocurement)), as adopted at 2 CFR part 3485;

(c) 2 CFR part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards) as adopted at 2 CFR part 3474.

(d) 34 CFR part 75 Direct Grant Programs

(e) 34 CFR part 77 Definitions that Apply to Department Regulations

(f) 34 CFR part 81 General Education Provisions Act—Enforcement

(g) 34 CFR part 82 New Restrictions on Lobbying

(h) 34 CFR part 84 Governmentwide Requirements for Drug-Free Workplace

(Authority: Section 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c))

§ 371.6 What definitions apply to this program?

(a) The definitions of terms included in the applicable regulations listed in § 371.5;

(b) The following definitions also apply to this program—

Act means the Rehabilitation Act of 1973, as amended.

Assessment for determining eligibility and vocational rehabilitation needs means as appropriate in each case—

(i)(A) A review of existing data—

(*1*) To determine if an individual is eligible for vocational rehabilitation services; and

(*2*) To assign priority for an order of selection described in an approved plan or the approved grant application; and

(B) To the extent necessary, the provision of appropriate assessment activities to obtain necessary additional data to make the eligibility determination and assignment;

(ii) To the extent additional data are necessary to make a determination of the employment outcomes, and the nature and scope of vocational rehabilitation services, to be included in the individualized plan for employment of an eligible individual, a comprehensive assessment to determine the unique strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice, including the need for supported employment, of the eligible individual, this comprehensive assessment—

(A) Is limited to information that is necessary to identify the rehabilitation needs of the individual and to develop the individualized plan for employment of the eligible individual;

(B) Uses as a primary source of information, to the maximum extent possible and appropriate and in accordance with confidentiality requirements—

(*1*) Existing information obtained for the purposes of determining the eligibility of the individual and assigning priority for an order of selection described in an approved plan or the approved grant application for the individual; and

(*2*) Information that can be provided by the individual and, if appropriate, by the family of the individual;

(C) May include, to the degree needed to make such a determination, an assessment of the personality, interests, interpersonal skills, intelligence and related functional capacities, educational achievements, work experience, vocational aptitudes, personal and social adjustments, and employment opportunities of the individual, and the medical, psychiatric, psychological, and other pertinent vocational, educational, cultural, social, recreational, and environmental factors, that affect the

employment and rehabilitation needs of the individual;

(D) May include, to the degree needed, an appraisal of the patterns of work behavior of the individual and services needed for the individual to acquire occupational skills, and to develop work attitudes, work habits, work tolerance, and social and behavior patterns necessary for successful job performance, including the use of work in real job situations to assess and develop the capacities of the individual to perform adequately in a work environment; and

(E) To the maximum extent possible, relies on information obtained from experiences in integrated employment settings in the community, and other integrated community settings;

(iii) Referral, for the provision of rehabilitation technology services to the individual, to assess and develop the capacities of the individual to perform in a work environment; and

(iv) An exploration of the individual's abilities, capabilities, and capacity to perform in work situations, which must be assessed periodically during trial work experiences, including experiences in which the individual is provided appropriate supports and training.

(Authority: Sections 7(2) and 12(c) of the Rehabilitation Act of 1973, as amended, 29 U.S.C. 705(2) and 709(c))

Community rehabilitation program means a program that provides directly, or facilitates the provision of, one or more of the following vocational rehabilitation services to individuals with disabilities to enable those individuals to maximize their opportunities for employment, including career advancement—

(i) Medical, psychiatric, psychological, social, and vocational services that are provided under one management;

(ii) Testing, fitting, or training in the use of prosthetic and orthotic devices;

(iii) Recreational therapy;

(iv) Physical and occupational therapy;

(v) Speech, language, and hearing therapy;

(vi) Psychiatric, psychological, and social services, including positive behavior management;

(vii) Assessment for determining eligibility and vocational rehabilitation needs;

(viii) Rehabilitation technology;

(ix) Job development, placement, and retention services;

(x) Evaluation or control of specific disabilities;

(xi) Orientation and mobility services for individuals who are blind;

(xii) Extended employment;

(xiii) Psychosocial rehabilitation services;

(xiv) Supported employment services and extended services;

(xv) Customized employment;

(xvi) Services to family members if necessary to enable the applicant or eligible individual to achieve an employment outcome;

(xvii) Personal assistance services; or

(xviii) Services similar to the services described in paragraphs (i) through (xvii) of this definition.

(Authority: Sections 7(4) and 12(c) of the Rehabilitation Act of 1973, as amended, 29 U.S.C. 705(4) and 709(c))

Comparable services and benefits means—

(i) Services and benefits, including accommodations and auxiliary aids and services, that are—

(A) Provided or paid for, in whole or in part, by other Federal, State, or local public agencies, by health insurance, or by employee benefits;

(B) Available to the individual at the time needed to ensure the progress of the individual toward achieving the employment outcome in the individual's individualized plan for employment; and

(C) Commensurate to the services that the individual would otherwise receive from the Tribal Vocational Rehabilitation unit.

(ii) For the purposes of this definition, comparable benefits do not include awards and scholarships based on merit.

(Authority: Sections 12(c) and 101(a)(8)(A) of the Rehabilitation Act of 1973, as amended, 29 U.S.C. 709(c) and 721(a)(8)(A))

Competitive integrated employment means work that—

(i) Is performed on a full-time or part-time basis (including self-employment) and for which an individual is compensated at a rate that—

(A) Is not less than the higher of the rate specified in section 6(a)(1) of the Fair Labor Standards Act of 1938 (29 U.S.C. 206(a)(1)) or the rate required under the applicable State or local minimum wage law;

(B) Is not less than the customary rate paid by the employer for the same or similar work performed by other employees who are not individuals with disabilities and who are similarly situated in similar occupations by the same employer and who have similar training, experience, and skills; and

(C) In the case of an individual who is self-employed, yields an income that is comparable to the income received by other individuals who are not individuals with disabilities and who are self-employed in similar occupations or on similar tasks and who have similar training, experience, and skills; and

(D) Is eligible for the level of benefits provided to other employees; and

(ii) Is at a location—

(A) Typically found in the community; and

(B) Where the employee with a disability interacts for the purpose of performing the duties of the position with other employees within the particular work unit and the entire work site, and, as appropriate to the work performed, other persons (*e.g.,* customers and vendors), who are not individuals with disabilities (not including supervisory personnel or individuals who are providing services to such employee) to the same extent that employees who are not individuals with disabilities and who are in comparable positions interact with these persons; and

(C) Presents, as appropriate, opportunities for advancement that are similar to those for other employees who are not individuals with disabilities and who have similar positions.

(Authority: Sections 7(5) and 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 705(5) and 709(c))

Consortium means two or more eligible governing bodies of Indian tribes that apply for an award under this program by either:

(i) Designating one governing body to apply for the grant; or

(ii) Establishing and designating a tribal organization to apply for a grant.

(Authority: Sections 12(c) and 121 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 741(a))

Customized employment means competitive integrated employment, for an individual with a significant disability, that is based on an individualized determination of the unique strengths, needs, and interests of the individual with a significant disability, is designed to meet the specific abilities of the individual with a significant disability and the business needs of the employer, and is carried out through flexible strategies, such as—

(i) Job exploration by the individual;

(ii) Working with an employer to facilitate placement, including—

(A) Customizing a job description based on current employer needs or on previously unidentified and unmet employer needs; and

(B) Developing a set of job duties, a work schedule and job arrangement, and specifics of supervision (including performance evaluation and review), and determining a job location;

(iii) Using a professional representative chosen by the individual, or if elected self-representation, to work with an employer to facilitate placement; and

(iv) Providing services and supports at the job location.

(Authority: Sections 7(7) and 12(c) of the Rehabilitation Act of 1973, as amended, 29 U.S.C. 705(7) and 709(c))

Eligible individual means an applicant for vocational rehabilitation services who meets the eligibility requirements of Section 102(a)(1) of the Act.

(Authority: Sections 7(20)(A), 12(c), and 102(a)(1) of the Rehabilitation Act of 1973, as amended, 29 U.S.C. 705(20)(A), 709(c), and 722)

Employment outcome means, with respect to an individual, entering, advancing in or retaining full-time or, if appropriate, part-time competitive integrated employment (including customized employment, self-employment, telecommuting or business ownership), or supported employment, that is consistent with an individual's unique strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice.

(Authority: Sections 7(11) and 12(c) of the Rehabilitation Act of 1973, as amended, 29 U.S.C. 705(11), and 709(c))

Family member for purposes of receiving vocational rehabilitation services means an individual—

(i) Who either—

(A) Is a relative or guardian of an applicant or eligible individual; or

(B) Lives in the same household as an applicant or eligible individual;

(ii) Who has a substantial interest in the well-being of that individual; and

(iii) Whose receipt of vocational rehabilitation services is necessary to enable the applicant or eligible individual to achieve an employment outcome.

(Authority: Sections 12(c) and 103(a)(19) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 723(a)(19))

Governing bodies of Indian tribes means those duly elected or appointed representatives of an Indian tribe or of an Alaskan native village. These representatives must have the authority to enter into contracts, agreements, and grants on behalf of their constituency.

(Authority: Sections 12(c) and 121(a) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 741(a))

Indian; American Indian; Indian American; Indian tribe means—-

(i) *Indian, American Indian,* and *Indian American* mean an individual who is a member of an Indian tribe and includes a Native and a descendant of a Native, as such terms are defined in subsections (b) and (r) of section 3 of the Alaska Native Claims Settlement Act (43 U.S.C. 1602).

(ii) *Indian tribe* means any Federal or State Indian tribe, band, rancheria, pueblo, colony, or community, including any Alaskan native village or regional village corporation (as defined in or established pursuant to the Alaska Native Claims Settlement Act) and a tribal organization (as defined in section 4(l) of the Indian Self-Determination and Education Assistance Act (25 U.S.C. 450(b)(l)) and this section.

(Authority: Section 7(19) of the Rehabilitation Act of 1973, as amended, 29 U.S.C. 705(19))

Individual with a disability means—

In general any individual—

(i) Who has a physical or mental impairment;

(ii) Whose impairment constitutes or results in a substantial impediment to employment; and

(iii) Who can benefit in terms of an employment outcome from the provision of vocational rehabilitation services.

(Authority: Section 7(20)(A) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 705(20)(A))

Individual with a significant disability means—

In general an individual with a disability—

(i) Who has a severe physical or mental impairment that seriously limits one or more functional capacities (such as mobility, communication, self-care, self-direction, interpersonal skills, work tolerance, or work skills) in terms of an employment outcome;

(ii) Whose vocational rehabilitation can be expected to require multiple vocational rehabilitation services over an extended period of time; and

(iii) Who has one or more physical or mental disabilities resulting from amputation, arthritis, autism, blindness, burn injury, cancer, cerebral palsy, cystic fibrosis, deafness, head injury, heart disease, hemiplegia, hemophilia, respiratory or pulmonary dysfunction, intellectual disability, mental illness, multiple sclerosis, muscular dystrophy, musculo-skeletal disorders, neurological disorders (including stroke and epilepsy), spinal cord conditions (including paraplegia and quadriplegia), sickle cell anemia, specific learning disability, end-stage renal disease, or another disability or combination of disabilities determined on the basis of an assessment for determining eligibility and vocational rehabilitation needs to cause comparable substantial functional limitation.

(Authority: Section 7(21) of the Rehabilitation Act of 1973, as amended, 29 U.S.C. 705(21))

Maintenance means monetary support provided to an individual for expenses, such as food, shelter, and clothing, that are in excess of the normal expenses of the individual and that are necessitated by the individual's participation in an assessment for determining eligibility and vocational rehabilitation needs or the individual's receipt of vocational rehabilitation services under an individualized plan for employment.

(Authority: Sections 12(c) and 103(a)(7) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 723(a)(7))

Examples: The following are examples of expenses that would meet the definition of maintenance. The examples are illustrative, do not address all possible circumstances, and are not intended to substitute for individual counselor judgment.

Example 1: The cost of a uniform or other suitable clothing that is required for an individual's job placement or job-seeking activities.

Example 2: The cost of short-term shelter that is required in order for an individual to participate in assessment activities or vocational training at a site that is not within commuting distance of an individual's home.

Example 3: The initial one-time costs, such as a security deposit or charges for the initiation of utilities, that are required in order for an individual to relocate for a job placement.

Physical and mental restoration services means—

(i) Corrective surgery or therapeutic treatment that is likely, within a reasonable period of time, to correct or modify substantially a stable or slowly progressive physical or mental impairment that constitutes a substantial impediment to employment;

(ii) Diagnosis of and treatment for mental or emotional disorders by qualified personnel in accordance with State licensure laws;

(iii) Dentistry;

(iv) Nursing services;

(v) Necessary hospitalization (either inpatient or outpatient care) in connection with surgery or treatment and clinic services;

(vi) Drugs and supplies;

(vii) Prosthetic and orthotic devices;

(viii) Eyeglasses and visual services, including visual training, and the examination and services necessary for the prescription and provision of eyeglasses, contact lenses, microscopic lenses, telescopic lenses, and other special visual aids prescribed by

personnel that are qualified in accordance with State licensure laws;

(ix) Podiatry;

(x) Physical therapy;

(xi) Occupational therapy;

(xii) Speech or hearing therapy;

(xiii) Mental health services;

(xiv) Treatment of either acute or chronic medical complications and emergencies that are associated with or arise out of the provision of physical and mental restoration services, or that are inherent in the condition under treatment;

(xv) Special services for the treatment of individuals with end-stage renal disease, including transplantation, dialysis, artificial kidneys, and supplies; and

(xvi) Other medical or medically related rehabilitation services.

(xvii) Services reflecting the cultural background of the American Indian being served, including treatment provided by native healing practitioners in accordance with 34 CFR 371.41(a)(2).

(Authority: Sections 12(c), 103(a)(6), and 121(b)(1)(B) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c), 723(a)(6), and 741(b)(1)(B))

Physical or mental impairment means—

(i) Any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: Neurological, musculo-skeletal, special sense organs, respiratory (including speech organs), cardiovascular, reproductive, digestive, genitourinary, hemic and lymphatic, skin, and endocrine; or

(ii) Any mental or psychological disorder such as intellectual or developmental disability, organic brain syndrome, emotional or mental illness, and specific learning disabilities.

(Authority: Sections 7(20)(A) and 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 705(20)(A) and 709(c))

Post-employment services means one or more of the services that are provided subsequent to the achievement of an employment outcome and that are necessary for an individual to maintain, regain, or advance in employment, consistent with the individual's unique strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice.

(Authority: Sections 12(c) and 103(a)(18) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c)) and 723(a)(18))

Note to definition of post-employment services. Post-employment services are intended to ensure that the employment outcome remains consistent with the individual's unique strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice. These services are available to meet rehabilitation needs that do not require a complex and comprehensive provision of services and, thus, should be limited in scope and duration. If more comprehensive services are required, then a new rehabilitation effort should be considered. Post-employment services are to be provided under an amended individualized plan for employment; thus, a re-determination of eligibility is not required. The provision of post-employment services is subject to the same requirements in this part as the provision of any other vocational rehabilitation service. Post-employment services are available to assist an individual to maintain employment, *e.g.,* the individual's employment is jeopardized because of conflicts with supervisors or co-workers, and the individual needs mental health services and counseling to maintain the employment; or the individual requires assistive technology to maintain the employment; to regain employment, *e.g.,* the individual's job is eliminated through reorganization and new placement services are needed; and to advance in employment, *e.g.,* the employment is no longer consistent with the individual's unique strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice.

Representatives of the Tribal Vocational Rehabilitation program means, consistent with 34 CFR 371.21(b), those individuals specifically responsible for determining eligibility, the nature and scope of vocational rehabilitation services, and the provision of those services.

(Authority: Sections 12(c) and 121(b)(1)(D) of the Rehabilitation Act of 1973, as amended, 29 U.S.C. 709(c) and 741(b)(1)(D))

Reservation means a Federal or State Indian reservation, public domain Indian allotment, former Indian reservation in Oklahoma, land held by incorporated Native groups, regional corporations and village corporations under the provisions of the Alaska Native Claims Settlement Act; or a defined area of land recognized by a State or the Federal Government where there is a concentration of tribal members and on which the tribal government is providing structured activities and services.

(Authority: Sections 12(c) and 121(e) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 741(e))

Subsistence means a form of self-employment in which individuals produce, using culturally relevant and traditional methods, goods or services that are predominantly consumed by their own household or used for noncommercial customary trade or barter and that constitute an important basis for the worker's livelihood.

(Authority: Section 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c))

Substantial impediment to employment means that a physical or mental impairment (in light of attendant medical, psychological, vocational, educational, communication, and other related factors) hinders an individual from preparing for, entering into, engaging in, advancing in or retaining employment consistent with the individual's abilities and capabilities.

(Authority: Sections 7(20)(A) and 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 705(20)(A) and 709(c))

Supported employment—(i) *Supported employment* means competitive integrated employment, including customized employment, or employment in an integrated work setting in which an individual with a most significant disability, including a youth with a most significant disability, is working on a short-term basis toward competitive integrated employment that is individualized, consistent with the unique strengths, abilities, interests, and informed choice of the individual, including with ongoing support services for individuals with the most significant disabilities—

(A) For whom competitive integrated employment has not historically occurred, or for whom competitive integrated employment has been interrupted or intermittent as a result of a significant disability; and

(B) Who, because of the nature and severity of their disability, need intensive supported employment services and extended services after the transition from support provided by the Tribal Vocational Rehabilitation Unit, in order to perform this work.

(ii) For purposes of this part, an individual with the most significant disabilities, whose supported employment in an integrated setting does not satisfy the criteria of competitive integrated employment is considered to be working on a short-term basis toward competitive integrated employment so long as the individual can reasonably anticipate achieving competitive integrated employment:

(A) Within six months of achieving a supported employment outcome; or

(B) Within a period not to exceed 12 months from the achievement of the supported employment outcome, if a longer period is necessary based on the needs of the individual, and the individual has demonstrated progress toward competitive earnings based on information contained in the service record.

(Authority: Sections 7(38) and 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 705(38) and 709(c))

Supported employment services means ongoing support services, including customized employment, and other appropriate services needed to support and maintain an individual with a most significant disability, including a youth with a most significant disability, in supported employment that are:

(i) Organized and made available, singly or in combination, in such a way as to assist an eligible individual to achieve competitive integrated employment;

(ii) Based on a determination of the needs of an eligible individual, as specified in an individualized plan for employment;

(iii) Provided by the Tribal Vocational Rehabilitation Unit for a period of time not to exceed 24 months, unless under special circumstances the eligible individual and the rehabilitation counselor or coordinator jointly agree to extend the time to achieve the employment outcome identified in the individualized plan for employment; and

(iv) Following transition, as post-employment services that are unavailable from an extended services provider and that are necessary to maintain or regain the job placement or advance in employment.

(Authority: Sections 7(39) and 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 705(39) and 709(c))

Transition services means a coordinated set of activities for a student or youth with a disability—

(i) Designed within an outcome-oriented process that promotes movement from school to post-school activities, including postsecondary education, vocational training, competitive integrated employment, supported employment, continuing and adult education, adult services, independent living, or community participation;

(ii) Based upon the individual student's or youth's needs, taking into account the student's or youth's preferences and interests;

(iii) That includes instruction, community experiences, the development of employment and other post-school adult living objectives, and, if appropriate, acquisition of daily living skills and functional vocational evaluation;

(iv) That promotes or facilitates the achievement of the employment outcome identified in the student's or youth's individualized plan for employment; and

(v) That includes outreach to and engagement of the parents, or, as appropriate, the representative of such a student or youth with a disability.

(Authority: Sections 12(c), 103(a)(15), and (b)(7) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c), 723(a)(15), and (b)(7))

Transportation means travel and related expenses that are necessary to enable an applicant or eligible individual to participate in a vocational rehabilitation service, including expenses for training in the use of public transportation vehicles and systems.

(Authority: Sections 12(c) and 103(a)(8) of the Rehabilitation Act of 1973, as amended, 29 U.S.C. 709(c) and 723(a)(8))

Tribal organization means the recognized governing body of any Indian tribe or any legally established organization of Indians which is controlled, sanctioned, or chartered by such governing body or which is democratically elected by the adult members of the Indian community to be served by such organization and which includes the maximum participation of Indians in all phases of its activities.

(Authority: Sections 7(19) and 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 705(19) and 709(c); Section 4 of the Indian Self-Determination and Education Assistance Act, 25 U.S.C. 450(b))

Tribal Vocational Rehabilitation program means the unit designated by the governing bodies of an Indian Tribe, or consortia of governing bodies, to implement and administer the grant under this program in accordance with the purpose of the grant and all applicable programmatic and fiscal requirements.

(Authority: Sections 12(c) and 121(b)(1) of the Rehabilitation Act of 1973, as amended, 29 U.S.C. 709(c) and 741(b)(1))

Vocational Rehabilitation Services for Individuals means any services described in an individualized plan for employment necessary to assist an individual with a disability in preparing for, securing, retaining, advancing in or regaining an employment outcome that is consistent with the unique strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice of the individual, including, but not limited to—

(i) An assessment for determining eligibility, priority for services, and vocational rehabilitation needs by qualified personnel, including, if appropriate, an assessment by personnel skilled in rehabilitation technology.

(ii) Vocational rehabilitation counseling and guidance, including information and support services to assist an individual in exercising informed choice.

(iii) Referral and other services necessary to assist applicants and eligible individuals to secure needed services from other agencies and to advise those individuals about client assistance programs established under 34 CFR part 370.

(iv) Physical and mental restoration services, to the extent that financial support is not readily available from a source other than the Tribal Vocational Rehabilitation unit (such as through health insurance or a comparable service or benefit).

(v) Vocational and other training services, including personal and vocational adjustment training, advanced training (particularly advanced training in a field of science, technology, engineering, or mathematics (including computer science), medicine, law or business); books, tools, and other training materials, except that no training or training services in an institution of higher education (universities, colleges, community or junior colleges, vocational schools, technical institutes, or hospital schools of nursing or any other postsecondary education institution) may be paid for with funds under this part unless maximum efforts have been made by the Tribal Vocational Rehabilitation unit and the individual to secure grant assistance in whole or in part from other sources to pay for that training.

(vi) Maintenance.

(vii) Transportation in connection with the provision of any vocational rehabilitation service.

(viii) Vocational rehabilitation services to family members of an applicant or eligible individual if necessary to enable the applicant or eligible individual to achieve an employment outcome.

(ix) Interpreter services, including sign language and oral interpreter services, for individuals who are deaf or hard of hearing and tactile interpreting services for individuals who are deaf-blind provided by qualified personnel.

(x) Reader services, rehabilitation teaching services, and orientation and mobility services for individuals who are blind.

(xi) Job-related services, including job search and placement assistance, job retention services, follow-up services, and follow-along services.

(xii) Supported employment services.

(xiii) Personal assistance services.

(xiv) Post-employment services.

(xv) Occupational licenses, tools, equipment, initial stocks, and supplies.

(xvi) Rehabilitation technology, including vehicular modification, telecommunications, sensory, and other technological aids and devices.

(xvii) Transition services for students and youth with disabilities that facilitate the transition from school to postsecondary life, such as achievement of an employment outcome in competitive integrated employment.

(xviii) Technical assistance and other consultation services to conduct market analyses, develop business plans, and otherwise provide resources to eligible individuals who are pursuing self-employment or telecommuting or establishing a small business operation as an employment outcome.

(xix) Customized employment.

(x) Other goods and services determined necessary for the individual with a disability to achieve an employment outcome.

Vocational Rehabilitation Services for Groups of Individuals provided for the benefit of groups of individuals with disabilities—

(i) May be provided by the Tribal Vocational Rehabilitation Unit and may include the following:

(A) In the case of any small business enterprise operated by individuals with significant disabilities under the supervision of the Tribal Vocational Rehabilitation unit, management services and supervision provided by the Tribal Vocational Rehabilitation unit, along with the acquisition by the Tribal Vocational Rehabilitation unit of vending facilities or other equipment and initial stocks and supplies in accordance with the following requirements:

(*1*) Management services and supervision includes inspection, quality control, consultation, accounting, regulating, in-service training, and related services provided on a systematic basis to support and improve small business enterprises operated by individuals with significant disabilities. Management services and supervision may be provided throughout the operation of the small business enterprise.

(*2*) Initial stocks and supplies include those items necessary to the establishment of a new business enterprise during the initial establishment period, which may not exceed 6 months.

(*3*) Costs of establishing a small business enterprise may include operational costs during the initial establishment period, which may not exceed six months.

(*4*) If the Tribal Vocational Rehabilitation unit provides for these services, it must ensure that only individuals with significant disabilities will be selected to participate in this supervised program.

(*5*) If the Tribal Vocational Rehabilitation unit provides for these services and chooses to set aside funds from the proceeds of the operation of the small business enterprises, the Tribal Vocational Rehabilitation unit must maintain a description of the methods used in setting aside funds and the purposes for which funds are set aside. Funds may be used only for small business enterprises purposes, and benefits that are provided to operators from set-aside funds must be provided on an equitable basis.

(B) The establishment, development, or improvement of a community rehabilitation program that is used to provide vocational rehabilitation services that promote integration into the community and prepare individuals with disabilities for competitive integrated employment, including supported employment and customized employment, and under special circumstances, the construction of a community rehabilitation facility. Examples of ''special circumstances'' include the destruction by natural disaster of the only available center serving an area or a Tribal Vocational Rehabilitation unit determination that construction is necessary in a rural area because no other public agencies or private nonprofit organizations are currently able to provide vocational rehabilitation services to individuals.

(C) Telecommunications systems (that have the potential for substantially improving vocational rehabilitation service delivery methods and developing appropriate programming to meet the particular needs of individuals with disabilities including telephone, television, video description services, satellite, tactile-vibratory devices, and similar systems, as appropriate.

(D) Special services to provide nonvisual access to information for individuals who are blind, including the use of telecommunications, Braille, sound recordings, or other appropriate media; captioned television, films, or video cassettes for individuals who are deaf or hard of hearing; tactile materials for individuals who are deaf-blind; and other special services that provide information through tactile, vibratory, auditory, and visual media.

(E) Technical assistance to businesses that are seeking to employ individuals with disabilities.

(F) Consultation and technical assistance services to assist State educational agencies and local educational agencies, and, where appropriate, Tribal Educational agencies, in planning for the transition of students with disabilities from school to postsecondary life, including employment.

(G) Transition services to youth with disabilities and students with disabilities, for which a vocational rehabilitation counselor works in concert with educational agencies, providers of job training programs, providers of services under the Medicaid program under title XIX of the Social Security Act (42 U.S.C. 1396 *et seq.*), entities designated by the Tribal Vocational Rehabilitation unit to provide services for individuals with developmental disabilities, centers for independent living (as defined in section 702 of the Act), housing and transportation authorities, workforce development systems, and businesses and employers. These specific transition services are to benefit a group of students with disabilities or youth with disabilities and are not individualized services directly related to a goal in an individualized plan for employment (IPE). Services may include, but are not limited to group tours of universities and vocational training programs, employer or business site visits to learn about career opportunities, career fairs coordinated with workforce development and employers to facilitate mock interviews and resume writing, and other general services applicable to groups of students with disabilities and youth with disabilities.

(H) The establishment, development, or improvement of assistive technology demonstration, loan, reutilization, or financing programs in coordination with activities authorized under the Assistive Technology Act of 1998 (29 U.S.C. 3001 *et seq.*) to promote access to assistive technology for individuals with disabilities and employers.

(I) Support (including, as appropriate, tuition) for advanced training in a field of science, technology, engineering, or mathematics (including computer science), medicine, law, or business, provided after an individual eligible to receive services under this title, demonstrates:

(*1*) Such eligibility;

(*2*) Previous completion of a bachelor's degree program at an institution of higher education or scheduled completion of such degree program prior to matriculating in the program for which the individual proposes to use the support; and

(*3*) Acceptance by a program at an institution of higher education in the United States that confers a master's degree in a field of science, technology, engineering, or mathematics (including computer science), a juris doctor degree,

a master of business administration degree, or a doctor of medicine degree, except that—

(*i*) No training provided at an institution of higher education shall be paid for with funds under this program unless maximum efforts have been made by the Tribal Vocational Rehabilitation unit and the individual to secure grant assistance, in whole or in part, from other sources to pay for such training; and

(*ii*) Nothing in this paragraph prevents any Tribal Vocational Rehabilitation unit from providing similar support to individuals with disabilities pursuant to their approved IPEs who are eligible to receive support under this program and who are not served under this paragraph.

(ii) If the Tribal Vocational Rehabilitation Unit provides for vocational rehabilitation services for groups of individuals it must —

(A) Develop and maintain written policies covering the nature and scope of each of the vocational rehabilitation services it provides and the criteria under which each service is provided; and

(B) Maintain information to ensure the proper and efficient administration of those services in the form and detail and at the time required by the Secretary, including the types of services provided, the costs of those services, and to the extent feasible, estimates of the numbers of individuals benefiting from those services.

(Authority: Sections 12(c) and 103(a) and (b) of the Rehabilitation Act of 1973, as amended, 29 U.S.C. 709(c) and 723(a) and (b))

Subpart B—Training and Technical Assistance

§ 371.10 What are the requirements for funding training and technical assistance under this subpart?

The Secretary shall first reserve not less than 1.8 percent and not more than 2 percent of funds appropriated and made available to carry out this program to provide training and technical assistance to the governing bodies of Indian tribes and consortia of those governing bodies awarded a grant under this program.

(Authority: Sections 12(c) and Section 121(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 741(c))

§ 371.11 How does the Secretary use these funds to provide training and technical assistance?

(a) The Secretary uses these funds to make grants to, or enter into contracts or other cooperative agreements with, entities that have staff with experience in the operation of vocational rehabilitation services programs under this part.

(b) An entity receiving assistance in accordance with paragraph (a) of this section shall provide training and technical assistance with respect to developing, conducting, administering, and evaluating tribal vocational rehabilitation programs funded under this part.

(Authority: Sections 12(c) and Section 121(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 741(c))

§ 371.12 How does the Secretary make an award?

(a) To be eligible to receive a grant or enter into a contract or cooperative agreement under section 121(c) of the Act and this subpart, an applicant shall submit an application to the Secretary at such time, in such manner, and containing a proposal to provide such training and technical assistance, and any additional information as the Secretary may require.

(b) The Secretary shall provide for peer review of applications by panels that include persons who are not Federal or State government employees and who have experience in the operation of vocational rehabilitation services programs under this part.

(Authority: Sections 12(c) and Section 121(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 741(c))

§ 371.13 How does the Secretary determine funding priorities?

The Secretary shall conduct a survey of the governing bodies of Indian tribes funded under this part regarding training and technical assistance needs in order to determine funding priorities for such training and technical assistance.

(Authority: Sections 12(c) and Section 121(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 741(c))

§ 371.14 How does the Secretary evaluate an application?

(a) The Secretary evaluates each application for a grant, cooperative agreement or contract under this subpart on the basis of the selection criteria chosen from the general selection criteria found in EDGAR regulations at 34 CFR 75.210.

(b) The Secretary may award a competitive preference consistent with 34 CFR 75.102(c)(2) to applications that include as project personnel in a substantive role, individuals that have been employed as a project director or VR counselor by a Tribal Vocational Rehabilitation unit funded under this part.

(c) If using a contract to award funds under this subpart, the Secretary may conduct the application process and make the subsequent award in accordance with 34 CFR part 75.

(Authority: Sections 12(c) and Section 121(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 741(c))

Subpart C—How Does One Apply for a Grant?

§ 371.20 What are the application procedures for this program?

(a) In the development of an application, the applicant is required to consult with the designated State unit (DSU) for the state vocational rehabilitation program in the State or States in which vocational rehabilitation services are to be provided.

(b) The procedures for the review and comment by the DSU or the DSUs of the State or States in which vocational rehabilitation services are to be provided on applications submitted from within the State that the DSU or DSUs serve are in 34 CFR 75.155–75.159.

(Authority: Sections 12(c) and 121(b)(1)(C) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 741(b)(1)(C))

§ 371.21 What are the special application requirements related to the projects funded under this part?

Each applicant under this program must provide evidence that—

(a) Effort will be made to provide a broad scope of vocational rehabilitation services in a manner and at a level of quality at least comparable to those services provided by the designated State unit.

(Authority: Sections 12(c) and 121(b)(1)(B) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 741(b)(1)(B))

(b) All decisions affecting eligibility for vocational rehabilitation services, the nature and scope of available vocational rehabilitation services and the provision of such services will be made by a representative of the tribal vocational rehabilitation program funded through this grant and such decisions will not be delegated to another agency or individual.

(Authority: Sections 12(c) and 121(b)(1)(D) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 741(b)(1)(D))

(c) Priority in the delivery of vocational rehabilitation services will be given to those American Indians with disabilities who are the most significantly disabled.

(Authority: Sections 12(c) and 101(a)(5) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 721(a)(5))

(d) An order of selection of individuals with disabilities to be served under the program will be specified if services cannot be provided to all eligible American Indians with disabilities who apply.

(Authority: Sections 12(c) and 101(a)(5) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709 (c) and 721(a)(5))

(e) All vocational rehabilitation services will be provided according to an individualized plan for employment which has been developed jointly by the representative of the tribal vocational rehabilitation program and each American Indian with disabilities being served.

(Authority: Sections 12(c) and 101(a)(9) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 721 (a)(9))

(f) American Indians with disabilities living on or near Federal or State reservations where tribal vocational rehabilitation service programs are being carried out under this part will have an opportunity to participate in matters of general policy development and implementation affecting vocational rehabilitation service delivery by the tribal vocational rehabilitation program.

(Authority: Sections 12(c) and 101(a)(16) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 721(a)(16))

(g) Cooperative working arrangements will be developed with the DSU, or DSUs, as appropriate, which are providing vocational rehabilitation services to other individuals with disabilities who reside in the State or States being served.

(Authority: Sections 12(c) and 101(a)(11)(F) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 721(a)(11)(F))

(h) Any comparable services and benefits available to American Indians with disabilities under any other program, which might meet in whole or in part the cost of any vocational rehabilitation service, will be fully considered in the provision of vocational rehabilitation services.

(Authority: Sections 12(c) and 101(a)(8) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 721(a)(8))

(i) Any American Indian with disabilities who is an applicant or recipient of services, and who is dissatisfied with a determination made by a representative of the tribal vocational rehabilitation program and files a request for a review, will be afforded a review under procedures developed by the grantee comparable to those under the provisions of section 102(c)(1)–(5) and (7) of the Act.

(Authority: Sections 12(c) and 102(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 722(c)(1)–(5) and (7))

(j) The tribal vocational rehabilitation program funded under this part must assure that any facility used in connection with the delivery of vocational rehabilitation services meets facility and program accessibility requirements consistent with the requirements, as applicable, of the Architectural Barriers Act of 1968, the Americans with Disabilities Act of 1990, section 504 of the Act, and the regulations implementing these laws.

(Authority: Sections 12(c) and 101(a)(6)(C) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 721(a)(6)(C))

(k) The tribal vocational rehabilitation program funded under this part must ensure that providers of vocational rehabilitation services are able to communicate in the native language of, or by using an appropriate mode of communication with, applicants and eligible individuals who have limited English proficiency, unless it is clearly not feasible to do so.

(Authority: Sections 12(c) and 101(a)(6)(A) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 721(a)(6)(A))

Subpart D—How Does the Secretary Make a Grant?

§ 371.31 How are grants awarded?

To the extent that funds have been appropriated under this program, the Secretary approves all applications which meet acceptable standards of program quality. If any application is not approved because of deficiencies in proposed program standards, the Secretary provides technical assistance to the applicant Indian tribe with respect to any areas of the proposal which were judged to be deficient.

(Authority: Sections 12(c) and 121(b)(1)(A) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 741(b)(1)(A))

§ 371.32 What other factors does the Secretary consider in reviewing an application?

(a) In addition to the selection criteria used in accordance with the procedures in 34 CFR part 75, the Secretary, in making an award under this program, considers the past performance of the applicant in carrying out similar activities under previously awarded grants, as indicated by such factors as compliance with grant conditions, soundness of programmatic and financial management practices and attainment of established project objectives.

(b) The Secretary may award a competitive preference consistent with 34 CFR 75.102(c)(2) to applications for the continuation of programs which have been funded under this program.

(Authority: Sections 12(c), 121(b)(1)(A), and 121(b)(4) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c), 741(b)(1)(A)), and 741(b)(4).

Subpart E—What Conditions Apply to a Grantee Under this Program?

§ 371.40 What are the matching requirements?

(a) *Federal share* Except as provided in paragraph (c) of this section, the Federal share may not be more than 90 percent of the total cost of the project.

(b) *Non-Federal share* The non-Federal share of the cost of the project may be in cash or in kind, fairly valued pursuant to match requirements in 2 CFR 200.306.

(c) *Waiver of non-Federal share* In order to carry out the purposes of the program, the Secretary may waive the non-Federal share requirement, in part or in whole, only if the applicant demonstrates that it does not have sufficient resources to contribute the non-Federal share of the cost of the project.

(Authority: Sections 12(c) and 121(a) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 741(a))

§ 371.41 What are allowable costs?

(a) In addition to those allowable cost established in 2 CFR 200.400—200.475, the following items are allowable costs under this program—

(1) Expenditures for the provision of vocational rehabilitation services and for the administration, including staff development, of a program of vocational rehabilitation services.

(2) Expenditures for services reflecting the cultural background of the American Indians being served, including treatment provided by native healing practitioners who are recognized as such by the tribal vocational rehabilitation program when the services are necessary to assist an individual with disabilities to achieve his or her vocational rehabilitation objective.

(b) Expenditures may not be made under this program to cover the costs of providing vocational rehabilitation services to individuals with disabilities not residing on or near Federal or State reservations.

(Authority: Sections 12(c) and 121(a) and (b)(1) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 741(a) and (b)(1))

§ 371.42 How are services to be administered under this program?

(a) *Directly or by contract.* A grantee under this part may provide the vocational rehabilitation services directly or it may contract or otherwise enter into an agreement with a DSU, a community rehabilitation program, or another agency to assist in the implementation of the tribal vocational rehabilitation program.

(b) *Inter-tribal agreement.* A grantee under this part may enter into an inter-tribal arrangement with governing bodies of other Indian tribes for carrying out a project that serves more than one Indian tribe.

(c) *Comparable services.* To the maximum extent feasible, services provided by a grantee under this part must be comparable to vocational rehabilitation services provided under the State vocational rehabilitation program to other individuals with disabilities residing in the State.

(Authority: Sections 12(c) and 121(b)(1)(B) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 741(b)(1)(B))

§ 371.43 What other special conditions apply to this program?

(a) Any American Indian with disabilities who is eligible for services under this program but who wishes to be provided services by the DSU must be referred to the DSU for such services.

(Authority: Sec. 12(c) and 121(b)(3) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 741(b)(3))

(b) Preference in employment in connection with the provision of vocational rehabilitation services under this section must be given to American Indians, with a special priority being given to American Indians with disabilities.

(Authority: Sections 12(c) and 121(b)(2) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 741(b)(2))

(c) The provisions of sections 5, 6, 7, and 102(a) of the Indian Self-Determination and Education Assistance Act also apply under this program (25 U.S.C. 450c, 450d, 450e, and 450f(a)). These provisions relate to grant reporting and audit requirements, maintenance of records, access to records, availability of required reports and information to Indian people served or represented, repayment of unexpended Federal funds, criminal activities involving grants, penalties, wage and labor standards, preference requirements for American Indians in the conduct and administration of the grant, and requirements affecting requests of tribal organizations to enter into contracts. For purposes of applying these requirements to this program, the Secretary carries out those responsibilities assigned to the Secretary of Interior.

(Authority: Sec. 12(c) and 121(b)(2) of the Rehabilitation Act of 1973, as amended; 29 U.S.C 709(c) and 741(b)(2))

(d) The Tribal Vocational Rehabilitation unit must develop and maintain written policies regarding the provision of vocational rehabilitation services that ensure that the provision of services is based on the vocational rehabilitation needs of each individual as identified in that individual's IPE and is consistent with the individual's informed choice. The written policies may not establish any arbitrary limits on the nature and scope of vocational rehabilitation services to be provided to the individual to achieve an employment outcome. The policies must be developed in accordance with the following provisions:

(1) *Off-reservation services.* (i) The Tribal Vocational Rehabilitation unit may establish a preference for on- or near-reservation services, provided that the preference does not effectively deny an individual a necessary service. If the individual chooses an equivalent off-reservation service at a higher cost than an available on- or near-reservation service, the Tribal Vocational Rehabilitation unit is not responsible for those costs in excess of the cost of the on- or near-reservation service, if either service would meet the individual's rehabilitation needs.

(ii) The Tribal Vocational Rehabilitation unit may not establish policies that effectively prohibit the provision of off-reservation services.

(2) *Payment for services* (i) The Tribal Vocational Rehabilitation unit must establish and maintain written policies to govern the rates of payment for all purchased vocational rehabilitation services.

(ii) The Tribal Vocational Rehabilitation unit may establish a fee schedule designed to ensure the program pays a reasonable cost for each service, as long as the fee schedule—

(A) Is not so low as effectively to deny an individual a necessary service; and

(B) permits exceptions so that individual needs can be addressed.

(C) The Tribal Vocational Rehabilitation unit may not place absolute dollar limits on the amount it will pay for specific service categories or on the total services provided to an individual.

(3) *Duration of services* (i) The Tribal Vocational Rehabilitation unit may establish reasonable time periods for the provision of services provided that the time periods—

(A) Are not so short as effectively to deny an individual a necessary service; and

(B) Permit exceptions so that individual needs can be addressed.

(ii) The Tribal Vocational Rehabilitation unit may not place time limits on the provision of specific services or on the provision of services to an individual. The duration of each service needed by an individual must be determined on the basis of that individual's needs and reflected in that individual's individualized plan for employment.

(4) *Authorization of services.* The Tribal Vocational Rehabilitation unit must establish policies related to the timely authorization of services.

(Authority: Sections 12(c) and 121(b) of the Rehabilitation Act of 1973, as amended, 29 U.S.C. 709(c) and 741(b))

(e) *Informed choice.* Each individual who is an applicant for or eligible to receive vocational rehabilitation services must be afforded the opportunity to exercise informed choice throughout the vocational rehabilitation process carried out under programs funded under this part. The Tribal Vocational Rehabilitation unit must develop and maintain written policies and procedures that require it—

(1) To inform each applicant and eligible individual, through appropriate modes of communication, about the availability of, and opportunities to exercise, informed choice, including the availability of support services for individuals with cognitive or other disabilities who require assistance in exercising informed choice, throughout the vocational rehabilitation process;

(2) To assist applicants and eligible individuals in exercising informed choice in decisions related to the provision of assessment services;

(3) To develop and implement flexible procurement policies and methods that facilitate the provision of vocational rehabilitation services, and that afford eligible individuals meaningful choices among the methods used to procure vocational rehabilitation services;

(4) To provide or assist eligible individuals in acquiring information that enables them to exercise informed choice in the development of their IPEs and selection of—

(i) The employment outcome;

(ii) The specific vocational rehabilitation services needed to achieve the employment outcome;

(iii) The entity that will provide the services;

(iv) The employment setting and the settings in which the services will be provided; and

(v) The methods available for procuring the services; and

(5) To ensure that the availability and scope of informed choice is consistent with the obligations of the Tribal Vocational Rehabilitation unit.

(6) Information and assistance in the selection of vocational rehabilitation services and service providers: In assisting an applicant and eligible individual in exercising informed choice during the assessment for determining eligibility and vocational rehabilitation needs and during development of the IPE, the Tribal Vocational Rehabilitation unit must provide the individual or the individual's representative, or assist the individual or the individual's representative in acquiring, information necessary to make an informed choice about the specific vocational rehabilitation services, including the providers of those services, that are needed to achieve the individual's employment outcome. This information must include, at a minimum, information relating to the—

(i) Cost, accessibility, and duration of potential services;

(ii) Consumer satisfaction with those services to the extent that information relating to consumer satisfaction is available;

(iii) Qualifications of potential service providers;

(iv) Types of services offered by the potential providers;

(v) Degree to which services are provided in integrated settings; and

(vi) Outcomes achieved by individuals working with service providers, to the extent that such information is available.

(7) Methods or sources of information: In providing or assisting the individual or the individual's representative in acquiring the information required under paragraph (c) of this section, the Tribal Vocational Rehabilitation unit may use, but is not limited to, the following methods or sources of information:

(i) Lists of services and service providers.

(ii) Periodic consumer satisfaction surveys and reports.

(iii) Referrals to other consumers, consumer groups, or disability advisory councils qualified to discuss the services or service providers.

(iv) Relevant accreditation, certification, or other information relating to the qualifications of service providers.

(v) Opportunities for individuals to visit or experience various work and service provider settings.

(Approved by the Office of Management and Budget under control number 1820–0500)

(Authority: Sections 12(c), 102(b)(2)(B), and 102(d) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c), 722(b)(2)(B), and 722(d))

§ 371.44 What are the special requirements pertaining to the protection, use, and release of personal information?

(a) *General provisions.* (1) The Tribal Vocational Rehabilitation unit must adopt and implement written policies and procedures to safeguard the confidentiality of all personal information, including photographs and lists of names. These policies and procedures must ensure that—

(i) Specific safeguards are established to protect current and stored personal information, including a requirement that data only be released when governed by a written agreement between the Tribal Vocational Rehabilitation unit and receiving entity under paragraphs (d) and (e)(1) of this section, which addresses the requirements in this section;

(ii) All applicants and eligible individuals and, as appropriate, those individuals' representatives, service providers, cooperating agencies, and interested persons are informed through appropriate modes of communication of the confidentiality of personal information and the conditions for accessing and releasing this information;

(iii) All applicants or their representatives are informed about the Tribal Vocational Rehabilitation unit's need to collect personal information and the policies governing its use, including—

(A) Identification of the authority under which information is collected;

(B) Explanation of the principal purposes for which the Tribal Vocational Rehabilitation unit intends to use or release the information;

(C) Explanation of whether providing requested information to the Tribal Vocational Rehabilitation unit is mandatory or voluntary and the effects of not providing requested information;

(D) Identification of those situations in which the Tribal Vocational Rehabilitation unit requires or does not require informed written consent of the individual before information may be released; and

(E) Identification of other agencies to which information is routinely released;

(iv) An explanation of the Tribal Vocational Rehabilitation unit's policies and procedures affecting personal information will be provided to each individual in that individual's native language or through the appropriate mode of communication; and

(v) These policies and procedures provide no fewer protections for individuals than State laws and regulations.

(2) The Tribal Vocational Rehabilitation unit may establish reasonable fees to cover extraordinary costs of duplicating records or making extensive searches and must establish policies and procedures governing access to records.

(b) *Tribal Vocational Rehabilitation Program Use.* All personal information in the possession of the Tribal Vocational Rehabilitation unit must be used only for the purposes directly connected with the administration of the Tribal Vocational Rehabilitation program. Information containing identifiable personal information may not be shared with advisory or other bodies or other tribal agencies that do not have official responsibility for administration of the program. In the administration of the program, the Tribal Vocational Rehabilitation unit may obtain personal information from service providers and cooperating agencies under assurances that the information may not be further divulged, except as provided under paragraphs (c), (d), and (e) of this section.

(c) *Release to applicants and eligible individuals.* (1) Except as provided in paragraphs (c)(2) and (3) of this section, if requested in writing by an applicant or eligible individual, the Tribal Vocational Rehabilitation unit must make all requested information in that individual's record of services accessible to and must release the information to the individual or the individual's representative in a timely manner.

(2) Medical, psychological, or other information that the Tribal Vocational Rehabilitation unit determines may be harmful to the individual may not be released directly to the individual, but must be provided to the individual through a third party chosen by the individual, which may include, among others, an advocate, a family member, or a qualified medical or mental health professional, unless a representative has been appointed by a court to represent the individual, in which case the information must be released to the court-appointed representative.

(3) If personal information has been obtained from another agency or organization, it may be released only by, or under the conditions established by, the other agency or organization.

(4) An applicant or eligible individual who believes that information in the individual's record of services is inaccurate or misleading may request

that the Tribal Vocational Rehabilitation unit amend the information. If the information is not amended, the request for an amendment must be documented in the record of services.

(d) *Release for audit, evaluation, and research.* Personal information may be released to an organization, agency, or individual engaged in audit, evaluation, or research only for purposes directly connected with the administration of the tribal vocational rehabilitation program or for purposes that would significantly improve the quality of life for applicants and eligible individuals and only if, in accordance with a written agreement, the organization, agency, or individual assures that—

(1) The information will be used only for the purposes for which it is being provided;

(2) The information will be released only to persons officially connected with the audit, evaluation, or research;

(3) The information will not be released to the involved individual;

(4) The information will be managed in a manner to safeguard confidentiality; and

(5) The final product will not reveal any personal identifying information without the informed written consent of the involved individual or the individual's representative.

(e) *Release to other programs or authorities.* (1) Upon receiving the informed written consent of the individual or, if appropriate, the individual's representative, the Tribal Vocational Rehabilitation unit may release personal information to another agency or organization, in accordance with a written agreement, for its program purposes only to the extent that the information may be released to the involved individual or the individual's representative and only to the extent that the other agency or organization demonstrates that the information requested is necessary for its program.

(2) Medical or psychological information that the Tribal Vocational Rehabilitation unit determines may be harmful to the individual may be released if the other agency or organization assures the Tribal Vocational Rehabilitation unit that the information will be used only for the purpose for which it is being provided and will not be further released to the individual.

(3) The Tribal Vocational Rehabilitation unit must release personal information if required by Federal law or regulations.

(4) The Tribal Vocational Rehabilitation unit must release personal information in response to investigations in connection with law enforcement, fraud, or abuse, unless expressly prohibited by Federal or State laws or regulations, and in response to an order issued by a judge, magistrate, or other authorized judicial officer.

(5) The Tribal Vocational Rehabilitation unit also may release personal information in order to protect the individual or others if the individual poses a threat to his or her safety or to the safety of others.

(Authority: Sections 12(c) and 121(b)(1) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 741(b)(1))

§ 371.45 What notice must be given about the Client Assistance Program (CAP)?

The Tribal Vocational Rehabilitation unit shall use formats that are accessible to notify individuals seeking or receiving services under this part, or as appropriate, the parents, family members, guardians, advocates, or authorized representatives of those individuals, about—

(a) The availability of CAP authorized by section 112 of the Act;

(b) The purposes of the services provided under the CAP; and

(c) How to contact the CAP.

(Authority: Section 20 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 717)

■ 5. Part 373 is revised to read as follows:

PART 373—REHABILITATION NATIONAL ACTIVITIES PROGRAM

Subpart A—General

Sec.

373.1 What is the purpose of the Rehabilitation National Activities program?
373.2 Who is eligible for assistance?
373.3 What regulations apply?
373.4 What definitions apply?
373.5 Who is eligible to receive services and to benefit from activities conducted by eligible entities?
373.6 What types of projects may be funded?
373.7 What are the priorities and other factors and requirements for competitions?

Subpart B—How Does the Secretary Make a Grant?

373.10 What selection criteria does the Secretary use?
373.11 What other factors does the Secretary consider when making a grant?

Subpart C—What Conditions Must Be Met By a Grantee?

373.20 What are the matching requirements?
373.21 What are the reporting requirements under this part?
373.22 What are the limitations on indirect costs?
373.23 What additional requirements must be met?
373.24 What are the special requirements pertaining to the protection, use, and release of personal information?

Authority: Section 303(b) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 773(b), unless otherwise noted.

Subpart A—General

§ 373.1 What is the purpose of the Rehabilitation National Activities program?

The purpose of this program is to provide competitive grants, including cooperative agreements, to, or enter into contracts with, eligible entities to expand and improve the provision of vocational rehabilitation and other services authorized under the Rehabilitation Act of 1973, as amended (Act), or to further the purposes and policies in sections 2(b) and (c) of the Act by supporting activities that increase the provision, extent, availability, scope, and quality of rehabilitation services under the Act, including related research and evaluation activities.

(Authority: Sections 2(b) and (c), 7(40), 12(c), and 303(b) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 701(b) and (c), 705(40), 709(c), and 773(b))

§ 373.2 Who is eligible for assistance?

(a) The following types of organizations are eligible for assistance under this program:

(1) State vocational rehabilitation agencies.

(2) Community rehabilitation programs.

(3) Indian tribes or tribal organizations.

(4) Other public or nonprofit agencies or organizations, including institutions of higher education.

(5) For-profit organizations, if the Secretary considers them to be appropriate.

(6) Consortia that meet the requirements of 34 CFR 75.128 and 75.129.

(7) Other organizations identified by the Secretary and published in the **Federal Register**.

(b) In competitions held under this program, the Secretary may limit competitions to one or more types of these organizations.

(Authority: Sections 12(c) and 303(b)(2) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 773(b)(2))

§ 373.3 What regulations apply?

The following regulations apply to this program:

(a) The Education Department General Administrative Regulations (EDGAR) as follows:

(1) 34 CFR part 75 (Direct Grant Programs).

(2) 34 CFR part 77 (Definitions that Apply to Department Regulations).
(3) 34 CFR part 79 (Intergovernmental Review of Department of Education Programs and Activities).
(4) 34 CFR part 81 (General Education Provisions Act—Enforcement).
(5) 35 CFR part 82 (New Restrictions on Lobbying).
(6) 34 CFR part 84 (Governmentwide Requirements for Drug-Free Workplace (Financial Assistance).
(7) 34 CFR part 86 (Drug and Alcohol Abuse Prevention).
(8) 34 CFR part 97 (Protection of Human Subjects).
(9) 34 CFR part 98 (Student Rights in Research, Experimental Programs, and Testing.
(10) 34 CFR part 99 (Family Educational Rights and Privacy).
(b) The regulations in this part 373.
(c) The regulations in 48 CFR part 31 (Contracts Cost Principles and Procedures).
(d)(1) 2 CFR part 180 (Nonprocurement Debarment and Suspension), as adopted at 2 CFR part 3485; and
(2) 2 CFR part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards) as adopted at 2 CFR part 3474.

(Authority: Sections 12(c) and 303(b) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c)) and 773(b)

§ 373.4 What definitions apply?

The following definitions apply to this part:

Act means the Rehabilitation Act of 1973, as amended.

(Authority: 29 U.S.C. 701 *et seq.*)

Competitive integrated employment is defined in 34 CFR 361.5(c)(9).

(Authority: Section 7(5) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 705(5))

Early intervention means a service delivery or model demonstration program for adults with disabilities designed to begin the rehabilitation services as soon as possible after the onset or identification of actually or potentially disabling conditions. The populations served may include, but are not limited to, the following:
(1) Individuals with chronic and progressive diseases that may become more disabling, such as multiple sclerosis, progressive visual disabilities, or HIV.
(2) Individuals in the acute stages of injury or illness, including, but not limited to, diabetes, traumatic brain injury, stroke, burns, or amputation.
(3) Individuals receiving an employer's short-term or long-term disability insurance benefits.

(Authority: Sections 12(c) and 303(b) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 773(b))

Employment outcome is defined in 34 CFR 361.5.

(Authority: Section 7(11) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 705(11))

Individual with a disability is defined as follows:
(1) For an individual who will receive rehabilitation services under this part, an individual with a disability means an individual—
(i) Who has a physical or mental impairment which, for that individual, constitutes or results in a substantial impediment to employment; and
(ii) Who can benefit in terms of an employment outcome from vocational rehabilitation services.
(2) For all other purposes of this part, an individual with a disability means an individual—
(i) Who has a physical or mental impairment that substantially limits one or more major life activities;
(ii) Who has a record of such an impairment; or
(iii) Who is regarded as having such an impairment.
(3) For purposes of paragraph (2) of this definition, projects that carry out services or activities pertaining to Title V of the Act must also meet the requirements for ''an individual with a disability'' in section 7(20)(c) through (e) of the Act, as applicable.

(Authority: Section 7(20) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 705(20))

Individual with a significant disability means an individual—
(1) Who has a severe physical or mental impairment that seriously limits one or more functional capacities (such as mobility, communication, self-care, self-direction, interpersonal skills, work tolerance, or work skills) in terms of an employment outcome;
(2) Whose vocational rehabilitation can be expected to require multiple vocational rehabilitation services over an extended period of time; and
(3) Who has one or more physical or mental disabilities resulting from amputation, arthritis, autism, blindness, burn injury, cancer, cerebral palsy, cystic fibrosis, deafness, head injury, heart disease, hemiplegia, hemophilia, intellectual disability, respiratory or pulmonary dysfunction, mental illness, multiple sclerosis, muscular dystrophy, musculo-skeletal disorders, neurological disorders (including stroke and epilepsy), paraplegia, quadriplegia and other spinal cord conditions, sickle-cell anemia, specific learning disabilities, end-stage renal disease, or another disability or combination of disabilities determined on the basis of an assessment for determining eligibility and vocational rehabilitation needs to cause comparable substantial functional limitation.

(Authority: Section 7(21)(A) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 705(21)(A))

Informed choice means the provision of activities whereby individuals with disabilities served by projects under this part have the opportunity to be active, full partners in the rehabilitation process, making meaningful and informed choices as follows:
(1) During assessments of eligibility and vocational rehabilitation needs.
(2) In the selection of employment outcomes, services needed to achieve the outcomes, entities providing these services, and the methods used to secure these services.

(Authority: Sections 2(c) and 12(c) of the Act 29 U.S.C. 701(c) and 709(c))

Rehabilitation services means services, including vocational, medical, social, and psychological rehabilitation services and other services under the Rehabilitation Act, provided to individuals with disabilities in performing functions necessary in preparing for, securing, retaining, or regaining an employment or independent living outcome.

(Authority: Section 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c))

Substantial impediment to employment means that a physical or mental impairment (in light of attendant medical, psychological, vocational, educational, and other related factors) hinders an individual from preparing for, entering into, engaging in, or retaining employment consistent with the individual's abilities and capabilities.

(Authority: Section 7(20)(A) and 12(c) of the Act 29; U.S.C. 705(20)(A) and 709(c))

Supported employment is defined in 34 CFR 361.5(c)(53).

(Authority: Section 7(38) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 705(38))

Vocational Rehabilitation Services means services provided to an individual with a disability in preparing for, securing, retaining, or regaining an employment outcome that is consistent with the strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice of the individual. Vocational Rehabilitation

Services for an individual with a disability may include—

(1) An assessment for determining eligibility and vocational rehabilitation needs by qualified personnel, including, if appropriate, an assessment by personnel skilled in rehabilitation technology;

(2) Counseling and guidance, including information and support services to assist an individual in exercising informed choice;

(3) Referral and other services to secure needed services from other agencies;

(4) Job-related services, including job search and placement assistance, job retention services, follow-up services, and follow-along services;

(5) Vocational and other training services, including the provision of personal and vocational adjustment services, books, tools, and other training materials;

(6) Diagnosis and treatment of physical and mental impairments;

(7) Maintenance for additional costs incurred while the individual is receiving services;

(8) Transportation;

(9) On-the-job or other related personal assistance services;

(10) Interpreter and reader services;

(11) Rehabilitation teaching services, and orientation and mobility services;

(12) Occupational licenses, tools, equipment, and initial stocks and supplies;

(13) Technical assistance and other consultation services to conduct market analysis, develop business plans, and otherwise provide resources to eligible individuals who are pursuing self-employment or telecommuting or establishing a small business operation as an employment outcome;

(14) Rehabilitation technology, including telecommunications, sensory, and other technological aids and devices;

(15) Transition services for individuals with disabilities that facilitate the achievement of employment outcomes;

(16) Supported employment services;

(17) Services to the family of an individual with a disability necessary to assist the individual to achieve an employment outcome;

(18) Post-employment services necessary to assist an individual with a disability to retain, regain, or advance in employment; and

(19) Expansion of employment opportunities for individuals with disabilities, which includes, but is not limited to—

(i) Self-employment, business ownership, and entreprenuership;

(ii) Non-traditional jobs, professional employment, and work settings;

(iii) Collaborating with employers, Economic Development Councils, and others in creating new jobs and career advancement options in local job markets through the use of job restructuring and other methods; and

(iv) Other services as identified by the Secretary and published in the **Federal Register**.

(Authority: Section *7*(40) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 705(40))

Youth or Young adults with disabilities means individuals with disabilities who are between the ages of 14 and 24 inclusive when entering the program.

(Authority: Section 7(42) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 705(42)

(Authority: Sections 7(40), 12(c), and 103(a) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 705(40), 709(c) and 723(a))

§ 373.5 Who is eligible to receive services and to benefit from activities conducted by eligible entities?

(a)(1) For projects that provide rehabilitation services or activities to expand and improve the provision of rehabilitation services and other services authorized under Titles I, III, and VI of the Act, individuals are eligible who meet the definition in paragraph (a) of an ''individual with a disability'' as stated in § 373.4.

(2) For projects that provide independent living services or activities, individuals are eligible who meet the definition in paragraph (b) of an ''individual with a disability'' as stated in § 373.4.

(3) For projects that provide other services or activities that further the purposes of the Act, individuals are eligible who meet the definition in paragraph (b) of an ''individual with a disability'' as stated in § 373.4.

(b) By publishing a notice in the **Federal Register**, the Secretary may identify individuals determined to be eligible under one or more of the provisions in paragraph (a) of this section.

(Authority: Sections 12(c), 103(a), and 303(b) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c), 723(a), and 773(b))

§ 373.6 What types of projects may be funded?

The Secretary may fund the following types of projects under this program:

(a) Special projects of service delivery.

(b) Model demonstration.

(c) Technical assistance.

(d) Systems change.

(e) Special studies, research, or evaluations.

(f) Dissemination and utilization.

(Authority: Sections 12(c) and 303(b)(4) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 773(b)(4))

§ 373.7 What are the priorities and other factors and requirements for competitions?

(a) In announcing competitions for grants and contracts, the Secretary gives priority consideration to—

(1) Initiatives focused on improving transition from education, including postsecondary education, to employment, particularly in competitive integrated employment, for youth who are individuals with significant disabilities.

(2) Supported employment, including community-based supported employment programs to meet the needs of individuals with the most significant disabilities or to provide technical assistance to States and community organizations to improve and expand the provision of supported employment services.

(3) Increasing competitive integrated employment for individuals with significant disabilities.

(b) In announcing competitions for grants and contracts, the Secretary may also identify one or more of the following as priorities—

(1) Expansion of employment opportunities for individuals with disabilities, as authorized in paragraph(s) of the definition of ''vocational rehabilitation services'' as stated in § 373.4.

(2) System change projects to promote meaningful access of individuals with disabilities to employment-related services under subtitle B of title I of the Workforce Innovation and Opportunity Act and under other Federal laws.

(3) Innovative methods of promoting achievement of high-quality employment outcomes.

(4) The demonstration of the effectiveness of early intervention activities in improving employment outcomes.

(5) Projects to find alternative methods of providing affordable transportation services to individuals with disabilities.

(6) Technical assistance to designated State units and their personnel in working with employers to identify competitive integrated employment opportunities and career exploration opportunities in order to facilitate the provision of vocational rehabilitation services and transition services for youth with disabilities and students with disabilities.

(7) Consultation, training and technical assistance to businesses that have hired or are interested in hiring individuals with disabilities.

(8) Technical assistance and training to designated State units and their personnel on establishment and maintenance of education and experience requirements, to ensure that the personnel have a 21st century understanding of the evolving labor force and the needs of individuals with disabilities.

(9) Technical assistance to State vocational rehabilitation agencies or State vocational rehabilitation units to improve management practices that will improve the provision of vocational rehabilitation services and increase competitive employment outcomes for individuals with disabilities.

(10) Other projects that will expand and improve the provision, extent, availability, scope, and quality of rehabilitation and other services under the Act or that further the purpose and policy of the Act as stated in sections 2(b) and (c) of the Act.

(c) In announcing competitions of grants and contract the Secretary may limit the priorities listed in paragraphs (a) and (b) of this section to address one or more of the following factors:

(1) Age ranges.

(2) Types of disabilities.

(3) Types of services.

(4) Models of service delivery.

(5) Stages of the vocational rehabilitation process;

(6) Unserved and underserved populations.

(7) Unserved and underserved geographical areas.

(8) Individuals with significant disabilities.

(9) Low-incidence disability populations.

(10) Individuals residing in federally designated Empowerment Zones and Enterprise Communities.

(d) The Secretary may require that an applicant certify that the project does not include building upon or expanding activities that have previously been conducted or funded, for that applicant or in that service area.

(e) The Secretary may require that the project widely disseminate the methods of vocational rehabilitation service delivery or model proven to be effective, so that they may be adapted, replicated, or purchased under fee-for-service arrangements by State vocational rehabilitation agencies and other disability organizations in the project's targeted service area or other locations.

(Authority: Sections 12(c), 101(a)(7)(B)(ii) and (11)(E), 103(b)(5), 108a, and 303(b)(5) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c), 721(a)(7)(B)(ii) and (11)(E), 723(b)(5), 728a, and 773(b)(5))

Subpart B—How Does the Secretary Make a Grant?

§ 373.10 What selection criteria does the Secretary use?

The Secretary publishes in the **Federal Register** or includes in the application package the selection criteria for each competition under this program. To evaluate the applications for new grants under this program, the Secretary may use the following:

(a) Selection criteria established under 34 CFR 75.209.

(b) Selection criteria in 34 CFR 75.210.

(c) Any combination of selection criteria from paragraphs (a) and (b) of this section.

(Authority: Sections 12(c) and 103(a) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 723(a))

§ 373.11 What other factors does the Secretary consider when making a grant?

(a) The Secretary funds only those applications submitted in response to competitions announced in the **Federal Register**.

(b) The Secretary may consider the past performance of the applicant in carrying out activities under previously awarded grants.

(c) The Secretary awards bonus points if identified and published in the **Federal Register** for specific competitions.

(Authority: Sections 12(c) and 103(a) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 723(a))

Subpart C—What Conditions Must Be Met By a Grantee?

§ 373.20 What are the matching requirements?

The Secretary may make grants to pay all or part of the cost of activities covered under this program. If the Secretary determines that the grantee is required to pay part of the costs, the amount of grantee participation is specified in the application notice, and the Secretary will not require grantee participation to be more than 10 percent of the total cost of the project.

(Authority: Sections 12(c) and 303(b)(1) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 773(b)(1))

§ 373.21 What are the reporting requirements under this part?

(a) In addition to the program and fiscal reporting requirements in 34 CFR 75.720 and 2 CFR 200.327 that are applicable to projects funded under this program, the Secretary may require that recipients of grants under this part submit information determined by the Secretary to be necessary to measure project outcomes and performance, including any data needed to comply with the Government Performance and Results Act.

(b) Specific reporting requirements for competitions will be identified by the Secretary and published in the **Federal Register**.

(Authority: Sections 12(c), 303(b)(2)(B), and 306 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c), 773(b)(2)(B), and 776)

§ 373.22 What are the limitations on indirect costs?

(a) Indirect cost reimbursement for grants under this program is limited to the recipient's actual indirect costs, as determined by its negotiated indirect cost rate agreement, or 10 percent of the total direct cost base, whichever amount is less.

(b) Indirect costs in excess of the 10 percent limit may be used to satisfy matching or cost-sharing requirements.

(c) The 10 percent limit does not apply to federally recognized Indian tribal governments and their tribal representatives.

(Authority: Section 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c))

§ 373.23 What additional requirements must be met?

(a) Each grantee must do the following:

(1) Ensure equal access and treatment for eligible project participants who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disabilities.

(2) Encourage applications for employment from persons who are members of groups that have traditionally been underrepresented based on race, color, national origin, gender, age, or disabilities.

(3) Advise individuals with disabilities who are applicants for or recipients of the services, or the applicants' representatives or the individuals' representatives, of the availability and purposes of the Client Assistance Program, including information on means of seeking assistance under that program.

(4) Provide, through a careful appraisal and study, an assessment and evaluation of the project that indicates the significance or worth of processes, methodologies, and practices implemented by the project.

(b) A grantee may not make a subgrant under this part. However, a grantee may

contract for supplies, equipment, and other services, in accordance with 2 CFR part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards) as adopted at 2 CFR part 3474.

(Authority: Sections 12(c) and 303(b)(2)(B) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 773(b)(2)(B))

§ 373.24 What are the special requirements pertaining to the protection, use, and release of personal information?

(a) All personal information about individuals served by any project under this part, including lists of names, addresses, photographs, and records of evaluation, must be confidential.

(b) The use of information and records concerning individuals must be limited only to purposes directly connected with the project, including project reporting and evaluation activities. This information may not be disclosed, directly or indirectly, other than in the administration of the project unless the consent of the agency providing the information and the individual to whom the information applies, or his or her representative, has been obtained in writing. The Secretary or other Federal officials responsible for enforcing legal requirements have access to this information without written consent being obtained. The final products of the project may not reveal any personal identifying information without written consent of the individual or his or her representative.

(Authority: Sections 12(c) and 303(b)(2)(B) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c), and 773(b)(2)(B))

PART 376 [REMOVED AND RESERVED]

■ 6. Part 376 is removed and reserved.

PART 377 [REMOVED AND RESERVED]

■ 7. Part 377 is removed and reserved.

PART 379 [REMOVED AND RESERVED]

■ 8. Part 379 is removed and reserved.
■ 9. Part 381 is revised to read as follows:

PART 381—PROTECTION AND ADVOCACY OF INDIVIDUAL RIGHTS

Subpart A—General

Sec.
381.1 What is the Protection and Advocacy of Individual Rights program?
381.2 Who is eligible for an award?
381.3 What activities may the Secretary fund?
381.4 What regulations apply?
381.5 What definitions apply?

Subpart B—How Does One Apply for an Award?

381.10 What are the application requirements?

Subpart C—How Does the Secretary Make an Award?

381.20 How does the Secretary evaluate an application?
381.22 How does the Secretary allocate funds under this program?

Subpart D—What Conditions Must Be Met After an Award?

381.30 How are services to be administered?
381.31 What are the requirements pertaining to the protection, use, and release of personal information?
381.32 What are the reporting requirements under this part?
381.33 What are the requirements related to the use of funds provided under this part?

Authority: Section 509 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 794e, unless otherwise noted.

Subpart A—General

§ 381.1 What is the Protection and Advocacy of Individual Rights program?

This program is designed to support a system in each State to protect the legal and human rights of eligible individuals with disabilities.

(Authority: Section 509(a) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 794e(a))

§ 381.2 Who is eligible for an award?

(a)(1) A protection and advocacy system that is established under part C of title I of the Developmental Disabilities Assistance and Bill of Rights Act of 2000 (DD Act), 42 U.S.C. 15041 *et seq.,* and that meets the requirements of § 381.10 is eligible to apply for a grant award under this part.

(2)(i) For any fiscal year in which the appropriation to carry out the activities of this part equals or exceeds $10,500,000, the eligible system serving the American Indian Consortium is eligible to apply for a grant award under this part.

(ii) For purposes of this part, an eligible system is defined at § 381.5(c).

(iii) For purposes of this part, the American Indian Consortium means a consortium established as described in section 102 of the DD Act (42 U.S.C. 15002).

(b) In any fiscal year in which the amount appropriated to carry out this part is less than $5,500,000, a protection and advocacy system from any State or from Guam, American Samoa, the United States Virgin Islands, or the Commonwealth of the Northern Mariana Islands, may apply for a grant under the Protection and Advocacy of Individual Rights (PAIR) program to plan for, develop outreach strategies for, and carry out a protection and advocacy program authorized under this part.

(c) In any fiscal year in which the amount appropriated to carry out this part is equal to or greater than $5,500,000, an eligible system from any State and from any of the jurisdictions named in paragraph (b) of this section may apply to receive the amount allotted pursuant to section 509(c)-(e) of the Act.

(Authority: Section 509(b), (c), and (m) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 794e(b), (c), and (m))

§ 381.3 What activities may the Secretary fund?

(a) Funds made available under this part must be used for the following activities:

(1) Establishing a system to protect, and advocate for, the rights of individuals with disabilities.

(2) Pursuing legal, administrative, and other appropriate remedies or approaches to ensure the protection of, and advocacy for, the rights of eligible individuals with disabilities within the State or the American Indian Consortium.

(3) Providing information on and making referrals to programs and services addressing the needs of individuals with disabilities in the State or American Indian Consortium, including individuals with disabilities who are exiting from school programs.

(4) Coordinating the protection and advocacy program provided through an eligible system with the advocacy programs under—

(i) Section 112 of the Act (the Client Assistance Program (CAP));

(ii) The Older Americans Act of 1965 (the State long-term care ombudsman program) (42 U.S.C. 3001 *et seq.*);

(iii) Part C of the DD Act; and

(iv) The Protection and Advocacy for Individuals with Mental Illness Act of 2000 (PAIMI) (42 U.S.C. 10801–10807).

(5) Developing a statement of objectives and priorities on an annual basis and a plan for achieving these objectives and priorities.

(6) Providing to the public, including individuals with disabilities and, as appropriate, their representatives, an opportunity to comment on the objectives and priorities described in § 381.10(a)(6).

(7) Establishing a grievance procedure for clients or prospective clients of the eligible system to ensure that individuals with disabilities are afforded equal access to the services of the eligible system.

(b) Funds made available under this part also may be used to carry out any other activities consistent with the purpose of this part and the activities listed in paragraph (a) of this section.

(Authority: Sections 12(c) and 509(f) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 794e(f)).

§ 381.4 What regulations apply?

The following regulations apply to the PAIR program:

(a) The Education Department General Administrative Regulations (EDGAR) as follows:

(1) 34 CFR part 75 (Direct Grant Programs) for purposes of an award made under §§ 381.20 or 381.22(a)(1).

(2) 34 CFR part 76 (State-Administered Programs), if the appropriation for the PAIR program is equal to or greater than $5,500,000 and the eligible system is a State or local government agency, except for—

(i) Section 76.103;

(ii) Sections 76.125 through 76.137;

(iii) Sections 76.300 through 76.401;

(iv) Section 76.704;

(v) Section 76.734; and

(vi) Section 76.740.

(3) 34 CFR part 77 (Definitions that Apply to Department Regulations).

(4) 34 CFR part 79 (Intergovernmental Review of Department of Education Programs and Activities).

(5) 34 CFR part 81 (General Education Provisions Act—Enforcement).

(6) 34 CFR part 82 (New Restrictions on Lobbying).

(b) 2 CFR part 180 (OMB Guidelines to Agencies on Debarment and Suspension (Nonprocurement)), as adopted at 2 CFR part 3485.

(c) 2 CFR part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards), as adopted at 2 CFR part 3474.

(d) The regulations in this part 381.

(Authority: Sections 12(c) and 509 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 794e)

§ 381.5 What definitions apply?

(a) Definitions in EDGAR at 34 CFR part 77.

(b) Definitions in 2 CFR part 200 subpart A.

(c) *Other definitions.* The following definitions also apply to this part:

Act means the Rehabilitation Act of 1973, as amended.

Advocacy means pleading an individual's cause or speaking or writing in support of an individual. Advocacy may be formal, as in the case of a lawyer representing an individual in a court of law or in formal administrative proceedings before government agencies (whether tribal, State, local, or Federal). Advocacy also may be informal, as in the case of a lawyer or non-lawyer representing an individual in negotiations, mediation, or informal administrative proceedings before government agencies (whether tribal, State, local, or Federal), or as in the case of a lawyer or non-lawyer representing an individual's cause before private entities or organizations, or government agencies (whether tribal, State, local, or Federal). Advocacy may be on behalf of—

(i) A single individual, in which case it is individual advocacy;

(ii) More than one individual or a group or class of individuals, in which case it is systems (or systemic) advocacy; or

(iii) Oneself, in which case it is self advocacy.

Eligible individual with a disability means an individual who—

(i) Needs protection and advocacy services that are beyond the scope of services authorized to be provided by the CAP under section 112 of the Act; and

(ii) Is ineligible for—

(A) Protection and advocacy programs under part C of the DD Act; and

(B) Protection and advocacy programs under the PAIMI.

Eligible system means a protection and advocacy system that is established under part C of the DD Act and that meets the requirements of § 381.10.

Mediation means the act or process of using an independent third party to act as a mediator, intermediary, or conciliator to settle differences or disputes between persons or parties. The third party who acts as a mediator, intermediary, or conciliator must not be any entity or individual who is connected in any way with the eligible system or the agency, entity, or individual with whom the individual with a disability has a dispute. Mediation may involve the use of professional mediators or any other independent third party mutually agreed to by the parties to the dispute.

State means, in addition to each of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the United States Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands, except for purposes of sections 509(c)(3)(B) and (c)(4) of the Act, in which case State does not mean or include Guam, American Samoa, the United States Virgin Islands, and the Commonwealth of the Northern Mariana Islands.

(Authority: Sections 7(34), 12(c), and 509 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 705(34), 709(c) and 794e)

Subpart B—How Does One Apply for an Award?

§ 381.10 What are the application requirements?

(a) Regardless of the amount of funds appropriated for the PAIR program in a fiscal year, an eligible system shall submit to the Secretary an application for assistance under this part at the time and in the form and manner determined by the Secretary that contains all information that the Secretary determines necessary, including assurances that the eligible system will—

(1) Have in effect a system to protect, and advocate for, the rights of eligible individuals with disabilities;

(2) Have the same general authorities, including the authority to access records and program income, as in part C of title I of the DD Act;

(3) Have the authority to pursue legal, administrative, and other appropriate remedies or approaches to ensure the protection of, and advocacy for, the rights of eligible individuals with disabilities within the State and the American Indian Consortium;

(4) Provide information on and make referrals to programs and services addressing the needs of individuals with disabilities in the State and the American Indian Consortium, including individuals with disabilities who are exiting from school programs;

(5) Develop a statement of objectives and priorities on an annual basis and a plan for achieving these objectives and priorities;

(6) Provide to the public, including individuals with disabilities and, as appropriate, their representatives, an opportunity to comment on the objectives and priorities established by, and activities of, the eligible system including—

(i) The objectives and priorities for the activities of the eligible system for each year and the rationale for the establishment of those objectives and priorities; and

(ii) The coordination of the PAIR program provided through eligible systems with the advocacy programs under—

(A) Section 112 of the Act (CAP);

(B) The Older Americans Act of 1965 (the State long-term care ombudsman program);

(C) Part C of the DD Act; and

(D) The PAIMI;

(7) Establish a grievance procedure for clients or prospective clients of the

eligible system to ensure that individuals with disabilities are afforded equal access to the services of the eligible system;

(8) Use funds made available under this part to supplement and not supplant the non-Federal funds that would otherwise be made available for the purpose for which Federal funds are provided; and

(9) Implement procedures designed to ensure that, to the maximum extent possible, mediation (and other alternative dispute resolution) procedures, which include good faith negotiation, are used before resorting to formal administrative or legal remedies.

(b) To receive direct payment of funds under this part, an eligible system must provide to the Secretary, as part of its application for assistance, an assurance that direct payment is not prohibited by or inconsistent with tribal or State law, regulation, or policy.

(Approved by the Office of Management and Budget under control number 1820–0018)

(Authority: Sections 12(c) and 509(f) and (g)(1) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 794e(f) and (g)(1))

Subpart C—How Does the Secretary Make an Award?

§ 381.20 How does the Secretary evaluate an application?

In any fiscal year in which the amount appropriated for the PAIR program is less than $5,500,000, the Secretary evaluates applications under the procedures in 34 CFR part 75.

(Authority: Sections 12(c) and 509(b) and (f) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 794e(b) and (f))

§ 381.22 How does the Secretary allocate funds under this program?

(a) In any fiscal year in which the amount appropriated for this program is equal to or greater than $5,500,000—

(1) The Secretary sets aside not less than 1.8 percent but not more than 2.2 percent of the amount appropriated to provide a grant, contract, or cooperative agreement for training and technical assistance to eligible systems carrying out activities under this part.

(2) After the reservation required by paragraph (a)(1) of this section, the Secretary makes allotments from the remainder of the amount appropriated in accordance with section 509(c)(2)–(d) of the Act.

(b) Notwithstanding any other provision of law, in any fiscal year in which the amount appropriated for this program is equal to or greater than $5,500,000, the Secretary pays directly to an eligible system that submits an application that meets the requirements of § 381.10 the amount of the allotment to the State pursuant to section 509 of the Act, unless the State provides otherwise.

(c) For any fiscal year in which the amount appropriated to carry out this program equals or exceeds $10,500,000, the Secretary shall reserve a portion, and use the portion to make a grant for the eligible system serving the American Indian Consortium. The Secretary shall make the grant in an amount of not less than $50,000 for the fiscal year.

(d) Reallotment:

(1) For any fiscal year in which the amount appropriated to carry out this program equals or exceeds $5,500,000 and if the Secretary determines that any amount of an allotment to an eligible system within a State will not be expended by such system in carrying out the provisions of this part, the Secretary shall make such amount available to one or more of the eligible systems that the Secretary determines will be able to use additional amounts during such year for carrying out this part.

(2) Any reallotment amount made available to an eligible system for any fiscal year shall, for the purposes of this section, be regarded as an increase in the eligible system's allotment under this part for that fiscal year.

(Authority: Sections 12(c) and 509(c)–(e) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 794e(c)–(e))

Subpart D—What Conditions Must Be Met After an Award?

§ 381.30 How are services to be administered?

(a) Each eligible system shall carry out the protection and advocacy program authorized under this part.

(b) An eligible system may not award a grant or make a subaward to another entity to carry out, in whole or in part, the protection and advocacy program authorized under this part.

(c) An eligible system may contract with another agency, entity, or individual to carry out the PAIR program in whole or in part, but only if the agency, entity, or individual with whom the eligible system has contracted—

(1) Does not provide services under the Act or does not provide treatment, services, or habilitation to persons with disabilities; and

(2) Is independent of, and not connected financially or through a board of directors to, an entity or individual that provides services under the Act or that provides treatment, services, or habilitation to persons with disabilities.

(d) For purposes of paragraph (c) of this section, ''services under the Act'' and ''treatment, services, or habilitation'' does not include client assistance services under CAP, protection and advocacy services authorized under the protection and advocacy programs under part C of the DD Act and the PAIMI, or any other protection and advocacy services.

(Authority: Section 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c))

§ 381.31 What are the requirements pertaining to the protection, use, and release of personal information?

(a) All personal information about individuals served by any eligible system under this part, including lists of names, addresses, photographs, and records of evaluation, must be held confidential.

(b) The eligible system's use of information and records concerning individuals must be limited only to purposes directly connected with the protection and advocacy program, including program evaluation activities. Except as provided in paragraph (c) of this section, an eligible system may not disclose personal information about an individual, directly or indirectly, other than in the administration of the protection and advocacy program, unless the consent of the individual to whom the information applies, or his or her guardian, parent, or other authorized representative or advocate (including the individual's advocate from the eligible system), has been obtained in writing. An eligible system may not produce any report, evaluation, or study that reveals any personally identifying information without the written consent of the individual or his or her representative.

(c) Except as limited in paragraph (d) of this section, the Secretary or other Federal or State officials responsible for enforcing legal requirements must be given complete access to all—

(1) Records of the eligible system receiving funds under this program; and

(2) All individual case records of clients served under this part without the consent of the client.

(d)(1) The privilege of a person or eligible system not to produce documents or provide information pursuant to paragraph (c) of this section is governed by the principles of common law as interpreted by the courts of the United States, except that, for purposes of any periodic audit, report, or evaluation of the performance of the eligible system established or

assisted under this part, the Secretary does not require the eligible system to disclose the identity of, or any other personally identifiable information related to, any individual requesting assistance under the PAIR program.

(2) However, notwithstanding paragraph (d)(1) of this section, if an audit, monitoring review, State plan assurance review, evaluation, or other investigation has already produced independent and reliable evidence that there is probable cause to believe that the eligible system has violated its legislative mandate or misused Federal funds, the eligible system shall disclose, if the Secretary so requests, the identity of, or any other personally identifiable information (*i.e.,* name, address, telephone number, social security number, or other official code or number by which an individual may be readily identified) related to, any individual requesting assistance under the PAIR program, in accordance with the principles of common law as interpreted by the courts of the United States.

(Authority: Sections 12(c) and 509(h) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 794e(h))

§ 381.32 What are the reporting requirements under this part?

Each eligible system shall provide to the Secretary, no later than 90 days after the end of each fiscal year, an annual report that includes information on the following:

(a) The types of services and activities undertaken by the eligible system and how these services and activities addressed the objectives and priorities developed pursuant to § 381.10(a)(6).

(b) The total number of individuals, by race, color, national origin, gender, age, and disabling condition, who requested services from the eligible system and the total number of individuals, by race, color, national origin, gender, age, and disabling condition, who were served by the eligible system.

(c) The types of disabilities represented by individuals served by the eligible system.

(d) The types of issues being addressed on behalf of individuals served by the eligible system.

(e) Any other information that the Secretary may require.

(Approved by the Office of Management and Budget under control number 1820–0018)

(Authority: Sections 12(c), 13, and 509(k) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c), 710, and 794e(k))

§ 381.33 What are the requirements related to the use of funds provided under this part?

(a) Funds made available under this part must be used to supplement and not supplant the non-Federal funds that would otherwise be made available for the purpose for which Federal funds are provided under this part.

(b) In any State in which an eligible system is located within a State agency, that State or State agency may not use more than five percent of any allotment for the costs of administration of the eligible system supported under this part. For purposes of this paragraph, ''costs of administration'' include, but are not limited to, administrative salaries (including salaries for clerical and support staff), supplies, depreciation, the cost of operating and maintaining facilities, equipment, and grounds (*e.g.,* rental of office space or equipment, telephone, postage, maintenance agreements), and other similar types of costs that may be incurred by the State or State agency to administer the eligible system.

(c) Funds paid to an eligible system within a State for a fiscal year, including reallotment funds, to carry out this program that are not expended or obligated prior to the end of that fiscal year remain available to the eligible system within a State for obligation during the succeeding fiscal year in accordance with sections 19 and 509(g) of the Act.

(d) For determining when an eligible system makes an obligation for various kinds of property or services, 34 CFR 75.707 and 76.707, as appropriate, apply to this program. If the appropriation for the PAIR program is less than $5,500,000, § 75.707 applies. If the appropriation for the PAIR program is equal to or greater than $5,500,000, § 76.707 applies. An eligible system is considered a State for purposes of § 76.707.

(e) Program income:

(1) Consistent with 2 CFR 200.80 and for purposes of this part, *program income* means gross income earned by the designated agency that is directly generated by an activity supported under this part.

(2)(i) The designated agency must use program income to supplement Federal funds that support program activities that are subject to this part. See, for example 2 CFR 200.307(e)(2).

(ii) Notwithstanding 2 CFR 200.305(a) and consistent with 2 CFR 200.305(b)(5), and to the extent that program income funds are available, all designated agencies, regardless of whether they are a State agency, must disburse those funds (including repayments to a revolving fund), rebates, refunds, contract settlements, audit recoveries, and interest earned on such funds before requesting additional funds from the Department.

(3) Any program income received during a fiscal year that is not obligated or expended prior to the beginning of the succeeding fiscal year in which the program income was received, remain available for obligation and expenditure by the grantee during that succeeding fiscal year.

(Authority: Sections 12(c), 19, and 509(f)(7), (g), and (i) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c), 716, and 794e(f)(7), (g), and (i); and 20 U.S.C. 3474)

■ 10. Part 385 is revised to read as follows:

PART 385—REHABILITATION TRAINING

Subpart A—General

Sec.
385.1 What is the Rehabilitation Training program?
385.2 Who is eligible for assistance under these programs?
385.3 What regulations apply to these programs?
385.4 What definitions apply to these programs?

Subpart B [Reserved]

Subpart C—How Does One Apply for a Grant?

385.20 What are the application procedures for these programs?

Subpart D—How Does the Secretary Make a Grant?

385.30 [Reserved]
385.31 How does the Secretary evaluate an application?
385.33 What other factors does the Secretary consider in reviewing an application?

Subpart E—What Conditions Must Be Met by a Grantee?

385.40 What are the requirements pertaining to the membership of a project advisory committee?
385.41 What are the requirements affecting the collection of data from designated State agencies?
385.42 What are the requirements affecting the dissemination of training materials?
385.43 What requirements apply to the training of rehabilitation counselors and other rehabilitation personnel?
385.44 What requirement applies to the training of individuals with disabilities?
385.45 What additional application requirements apply to the training of individuals for rehabilitation careers?
385.46 What limitations apply to the rate of pay for experts or consultants appointed or serving under contract under the Rehabilitation Training program?

Authority: Sections 12(c), 301, and 302 of the Rehabilitation Act of 1973, as amended;

29 U.S.C. 709(c), 771 and 772, unless otherwise noted.

Subpart A—General

§ 385.1 What is the Rehabilitation Training program?

(a) *Purpose.* The Rehabilitation Training program is designed to—

(1) Ensure that skilled personnel are available to provide rehabilitation services to individuals with disabilities through vocational, medical, social, and psychological rehabilitation programs (including supported employment programs), through economic and business development programs, through independent living services programs, and through client assistance programs;

(2) Maintain and upgrade basic skills and knowledge of personnel employed, including personnel specifically trained to deliver rehabilitation services, including supported employment services and customized employment services, to individuals with the most significant disabilities, and personnel specifically trained to deliver services to individuals with disabilities whose employment outcome is self-employment, business ownership, or telecommuting, to provide state-of-the-art service delivery and rehabilitation technology services; and

(3) Provide training and information to individuals with disabilities, the parents, families, guardians, advocates, and authorized representatives of the individuals, and other appropriate parties to develop the skills necessary for individuals with disabilities to access the rehabilitation system and to become active decision makers in the vocational rehabilitation process.

(b) The Secretary awards grants and contracts on a competitive basis to pay part of the costs of projects for training, traineeships or scholarships, and related activities, including the provision of technical assistance, to assist in increasing the numbers of qualified personnel trained in providing vocational rehabilitation services and other services provided under the Act, to individuals with disabilities. Financial assistance is provided through multiple training programs, including:

(1) Rehabilitation Long-Term Training (34 CFR part 386).

(2) Innovative Rehabilitation Training (34 CFR part 387).

(3) Rehabilitation Short-Term Training (34 CFR part 390).

(4) Training of Interpreters for Individuals Who Are Deaf and Hard of Hearing and Individuals Who Are Deaf-Blind (34 CFR part 396).

(Authority: Sections 12(c), 301 and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c), 771 and 772)

§ 385.2 Who is eligible for assistance under these programs?

States and public or private nonprofit agencies and organizations, including Indian tribes and institutions of higher education, are eligible for assistance under the Rehabilitation Training program.

(Authority: Sections 7(19), 301, and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 705(19), 771 and 772)

§ 385.3 What regulations apply to these programs?

The following regulations apply to the Rehabilitation Training program:

(a) The Education Department General Administrative Regulations (EDGAR) as follows:

(1) 34 CFR part 75 (Direct Grant Programs).

(2) 34 CFR part 77 (Definitions That Apply to Department Regulations).

(3) 34 CFR part 79 (Intergovernmental Review of Department of Education Programs and Activities).

(4) 34 CFR part 81 (General Education Provisions Act—Enforcement).

(5) 34 CFR part 82 (New Restrictions on Lobbying).

(6) 34 CFR part 84 (Governmentwide Requirements for Drug-Free Workplace (Financial Assistance).

(7) 34 CFR part 86 (Drug-Free Schools and Campuses).

(8) 34 CFR part 97 (Protection of Human Subjects).

(9) 34 CFR part 98 (Student Rights in Research, Experimental Programs, and Testing.

(10) 34 CFR part 99 (Family Educational Rights and Privacy).

(b) The regulations in this part 385.

(c) [Reserved]

(d)(1) 2 CFR part 180 (OMB Guidelines to Agencies on Debarment and Suspension (Nonprocurement)), as adopted at 2 CFR part 3485; and

(2) 2 CFR part 200 (Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards) as adopted at 2 CFR part 3474.

(Authority: Sections 12(c) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 711(c) and 772)

§ 385.4 What definitions apply to these programs?

(a) The following definitions in 34 CFR part 77 apply to the programs under the Rehabilitation Training Program—

Applicant
Application
Award
Budget Period
Department
EDGAR
Grantee
Nonprofit
Private
Project
Project Period
Public
Secretary

(Authority: Section 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c))

(b) The following definitions also apply to programs under the Rehabilitation Training program:

Act means the Rehabilitation Act of 1973, as amended (29 U.S.C. 701 *et seq.*).

Assistive technology means technology designed to be utilized in an assistive technology device or assistive technology service.

Assistive technology device means any item, piece of equipment, or product system, whether acquired commercially off the shelf, modified, or customized, that is used to increase, maintain, or improve functional capabilities of individuals with disabilities.

Assistive technology service means any service that directly assists an individual with a disability in the selection, acquisition, or use of an assistive technology device. The term includes—

(i) The evaluation of the needs of an individual with a disability, including a functional evaluation of the individual in the individual's customary environment;

(ii) Purchasing, leasing, or otherwise providing for the acquisition of assistive technology devices by individuals with disabilities;

(iii) Selecting, designing, fitting, customizing, adapting, applying, maintaining, repairing, or replacing of assistive technology devices;

(iv) Coordinating and using other therapies, interventions, or services with assistive technology devices, such as those associated with existing education and rehabilitation plans and programs;

(v) Training or technical assistance for an individual with disabilities, or, if appropriate, the family of an individual with disabilities;

(vi) Training or technical assistance for professionals (including individuals providing education and rehabilitation services), employers, or other individuals who provide services to, employ, or are otherwise substantially involved in the major life functions of individuals with disabilities; and

(vii) A service consisting of expanding the availability of access to technology, including electronic and information technology, to individuals with disabilities.

Community rehabilitation program means a program that provides directly or facilitates the provision of vocational rehabilitation services to individuals with disabilities, and that provides, singly or in combination, for an individual with a disability to enable the individual to maximize opportunities for employment, including career advancement—

(i) Medical, psychiatric, psychological, social, and vocational services that are provided under one management;

(ii) Testing, fitting, or training in the use of prosthetic and orthotic devices;

(iii) Recreational therapy;

(iv) Physical and occupational therapy;

(v) Speech, language, and hearing therapy;

(vi) Psychiatric, psychological, and social services, including positive behavior management;

(vii) Assessment for determining eligibility and vocational rehabilitation needs;

(viii) Rehabilitation technology;

(ix) Job development, placement, and retention services;

(x) Evaluation or control of specific disabilities;

(xi) Orientation and mobility services for individuals who are blind;

(xii) Extended employment;

(xiii) Psychosocial rehabilitation services;

(xiv) Supported employment services and extended services;

(xv) Services to family members when necessary to the vocational rehabilitation of the individual;

(xvi) Personal assistance services; or

(xvii) Services similar to the services described in paragraphs (i) through (xvi) of this definition.

Designated State agency means an agency designated under section 7(8) and 101(a)(2)(A) of the Act.

Designated State unit means

(i) Any State agency unit required under section 7(8) and 101(a)(2)(B) of the Act, or

(ii) In cases in which no State agency unit is required, the State agency described in section 101(a)(2)(B)(ii) of the Act.

Independent living core services means—

(i) Information and referral services;

(ii) Independent living skills training;

(iii) Peer counseling, including cross-disability peer counseling; and

(iv) Individual and systems advocacy.

Independent living services includes—

(i) Independent living core services; and

(ii)(A) Counseling services, including psychological, psychotherapeutic, and related services;

(B) Services related to securing housing or shelter, including services related to community group living, and supportive of the purposes of this Act and of the titles of this Act, and adaptive housing services (including appropriate accommodations to and modifications of any space used to serve, or occupied by, individuals with disabilities);

(C) Rehabilitation technology;

(D) Mobility training;

(E) Services and training for individuals with cognitive and sensory disabilities, including life skills training, and interpreter and reader services;

(F) Personal assistance services, including attendant care and the training of personnel providing these services;

(G) Surveys, directories, and other activities to identify appropriate housing, recreation opportunities, and accessible transportation, and other support services;

(H) Consumer information programs on rehabilitation and independent living services available under this Act, especially for minorities and other individuals with disabilities who have traditionally been unserved or underserved by programs under this Act;

(I) Education and training necessary for living in the community and participating in community activities;

(J) Supported living;

(K) Transportation, including referral and assistance for transportation;

(L) Physical rehabilitation;

(M) Therapeutic treatment;

(N) Provision of needed prostheses and other appliances and devices;

(O) Individual and group social and recreational services;

(P) Training to develop skills specifically designed for youths who are individuals with disabilities to promote self-awareness and esteem, develop advocacy and self-empowerment skills, and explore career options;

(Q) Services for children;

(R) Services under other Federal, State, or local programs designed to provide resources, training, counseling, or other assistance of substantial benefit in enhancing the independence, productivity, and quality of life of individuals with disabilities;

(S) Appropriate preventive services to decrease the need of individuals assisted under this Act for similar services in the future;

(T) Community awareness programs to enhance the understanding and integration of individuals with disabilities; and

(U) Such other services as may be necessary and not inconsistent with the provisions of this Act.

Individual with a disability means any individual who—

(i) Has a physical or mental impairment, which for that individual constitutes or results in a substantial impediment to employment;

(ii) Can benefit in terms of an employment outcome from vocational rehabilitation services provided pursuant to title I, III, or VI of the Rehabilitation Act of 1973, as amended; and

(iii) Has a disability as defined in section 7(20)(B) of the Act.

Individual with a significant disability means an individual with a disability—

(i) Who has a severe physical or mental impairment that seriously limits one or more functional capacities (such as mobility, communication, self-care, self-direction, interpersonal skills, work tolerance, or work skills) in terms of an employment outcome;

(ii) Whose vocational rehabilitation can be expected to require multiple vocational rehabilitation services over an extended period of time; and

(iii) Who has one or more physical or mental disabilities resulting from amputation, arthritis, autism, blindness, burn injury, cancer, cerebral palsy, cystic fibrosis, deafness, head injury, heart disease, hemiplegia, hemophilia, intellectual disability, respiratory or pulmonary dysfunction, mental illness, multiple sclerosis, muscular dystrophy, musculo-skeletal disorders, neurological disorders (including stroke and epilepsy), paraplegia, quadriplegia and other spinal cord conditions, sickle-cell anemia, specific learning disabilities, end-stage renal disease, or another disability or combination of disabilities determined on the basis of an assessment for determining eligibility and vocational rehabilitation needs.

Institution of higher education has the meaning given the term in section 101(a) of the Higher Education Act (20 U.S.C. 1001(a)).

Personal assistance services means a range of services provided by one or more persons designed to assist an individual with a disability to perform daily living activities on or off the job that the individual would typically perform if the individual did not have a disability. The services shall be designed to increase the individual's

control in life and ability to perform everyday activities on or off the job.

Qualified personnel. (i) For designated State agencies or designated State units, means personnel who have met standards that are consistent with existing national or State approved or recognized certification, licensing, registration, or other comparable requirements that apply to the area in which such personnel are providing vocational rehabilitation services.

(ii) For other than designated State agencies or designated State units, means personnel who have met existing State certification or licensure requirements, or, in the absence of State requirements, have met professionally accepted requirements established by national certification boards.

Rehabilitation services means services, including vocational, medical, social, and psychological rehabilitation services and other services under the Rehabilitation Act, provided to individuals with disabilities in performing functions necessary in preparing for, securing, retaining, or regaining an employment or independent living outcome.

Rehabilitation technology means the systematic application of technologies, engineering methodologies, or scientific principles to meet the needs of and address the barriers confronted by individuals with disabilities in areas that include education, rehabilitation, employment, transportation, independent living, and recreation. The term includes rehabilitation engineering, assistive technology devices, and assistive technology services.

State includes, in addition to each of the several States of the United States, the District of Columbia, the Commonwealth of Puerto Rico, the United States Virgin Islands, Guam, American Samoa, and the Commonwealth of the Northern Mariana Islands.

Stipend means financial assistance on behalf of individuals in support of their training, as opposed to salary payment for services provided within the project.

Supported employment means competitive integrated employment, including customized employment, or employment in an integrated work setting in which individuals are working on a short-term basis toward competitive integrated employment, that is individualized and customized consistent with the strengths, abilities, interests, and informed choice of the individuals involved, for individuals with the most severe disabilities—

(i)(A) For whom competitive integrated employment has not traditionally occurred; or

(B) For whom competitive employment has been interrupted or intermittent as a result of a severe disability; and

(ii) Who, because of the nature and severity of their disability, need intensive supported employment services from the designated State unit and extended services after transition in order to perform the work involved.

Supported employment services means ongoing support services, including customized employment, and other appropriate services needed to support and maintain an individual with most severe disability in supported employment, that are—

(i) Provided singly or in combination and are organized and made available in such a way as to assist an eligible individual in entering or maintaining integrated, competitive employment;

(ii) Based on a determination of the needs of an eligible individual, as specified in an individualized written rehabilitation program; and

(iii) Provided by the designated State unit for a period of time not more than 24 months, unless under special circumstances the eligible individual and the rehabilitation counselor or coordinator jointly agree to extend the time in order to achieve the rehabilitation objectives identified in the individualized plan for employment.

Vocational rehabilitation services means services provided to an individual with a disability in preparing for, securing, retaining, or regaining an employment outcome that is consistent with the strengths, resources, priorities, concerns, abilities, capabilities, interests, and informed choice of the individual, and services provided for the benefit of groups of individuals with disabilities. Vocational Rehabilitation Services for an individual with a disability may include—

(i) An assessment for determining eligibility and vocational rehabilitation needs by qualified personnel, including, if appropriate, an assessment by personnel skilled in rehabilitation technology;

(ii) Counseling and guidance, including information and support services to assist an individual in exercising informed choice;

(iii) Referral and other services to secure needed services from other agencies;

(iv) Job-related services, including job search and placement assistance, job retention services, follow-up services, and follow-along services;

(v) Vocational and other training services, including the provision of personal and vocational adjustment services, books, tools, and other training materials;

(vi) Diagnosis and treatment of physical and mental impairments;

(vii) Maintenance for additional costs incurred while the individual is receiving services;

(viii) Transportation;

(ix) On-the-job or other related personal assistance services;

(x) Interpreter and reader services;

(xi) Rehabilitation teaching services, and orientation and mobility services;

(xii) Occupational licenses, tools, equipment, and initial stocks and supplies;

(xiii) Technical assistance and other consultation services to conduct market analysis, develop business plans, and otherwise provide resources to eligible individuals who are pursuing self-employment or telecommuting or establishing a small business operation as an employment outcome;

(xiv) Rehabilitation technology, including telecommunications, sensory, and other technological aids and devices;

(xv) Transition services for individuals with disabilities that facilitate the achievement of employment outcomes;

(xvi) Supported employment services;

(xvii) Services to the family of an individual with a disability necessary to assist the individual to achieve an employment outcome;

(xviii) Post-employment services necessary to assist an individual with a disability to retain, regain, or advance in employment; and

(xix) Expansion of employment opportunities for individuals with disabilities, which includes, but is not limited to—

(A) Self-employment, business ownership, and entrepreneurship;

(B) Non-traditional jobs, professional employment, and work settings;

(C) Collaborating with employers, Economic Development Councils, and others in creating new jobs and career advancement options in local job markets through the use of job restructuring and other methods; and

(D) Other services as identified by the Secretary and published in the **Federal Register**.

(Authority: Sections 7(40), 12(c), and 101(a)(7) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 705(40), 709(c), and 721(a)(7))

Subpart B [Reserved]

Subpart C—How Does One Apply for a Grant?

§ 385.20 What are the application procedures for these programs?

The Secretary gives the designated State agency an opportunity to review and comment on applications submitted from within the State that it serves. The procedures to be followed by the applicant and the State are in 34 CFR 75.155 through 75.159.

(Authority: Sections 12(c) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772)

Subpart D—How Does the Secretary Make a Grant?

§ 385.30 [Reserved]

§ 385.31 How does the Secretary evaluate an application?

(a) The Secretary evaluates applications under the procedures in 34 CFR part 75.

(b) The Secretary evaluates each application using selection criteria identified in parts 386, 387, and 390, as appropriate.

(c) In addition to the selection criteria described in paragraph (b) of this section, the Secretary evaluates each application using—

(1) Selection criteria in 34 CFR 75.210;

(2) Selection criteria established under 34 CFR 75.209; or

(3) A combination of selection criteria established under 34 CFR 75.209 and selection criteria in 34 CFR 75.210.

(Authority: Sections 12(c) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772)

§ 385.33 What other factors does the Secretary consider in reviewing an application?

In addition to the selection criteria listed in § 75.210 and parts 386, 387, and 390, the Secretary, in making awards under this program, considers such factors as—

(a) The geographical distribution of projects in each Rehabilitation Training Program category throughout the country; and

(b) The past performance of the applicant in carrying out similar training activities under previously awarded grants, as indicated by such factors as compliance with grant conditions, soundness of programmatic and financial management practices and attainment of established project objectives.

(Authority: Sections 12(c) and 302(b) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772(b))

Subpart E—What Conditions Must Be Met by a Grantee?

§ 385.40 What are the requirements pertaining to the membership of a project advisory committee?

If a project establishes an advisory committee, its membership must include individuals with disabilities or parents, family members, guardians, advocates, or other authorized representatives of the individuals; members of minority groups; trainees; and providers of vocational rehabilitation and independent living rehabilitation services.

(Authority: Section 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c))

§ 385.41 What are the requirements affecting the collection of data from designated State agencies?

If the collection of data is necessary from individuals with disabilities being served by two or more designated State agencies or from employees of two or more of these agencies, the project director must submit requests for the data to appropriate representatives of the affected agencies, as determined by the Secretary. This requirement also applies to employed project staff and individuals enrolled in courses of study supported under these programs.

(Authority: Section 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c))

§ 385.42 What are the requirements affecting the dissemination of training materials?

A set of any training materials developed under the Rehabilitation Training Program must be submitted to any information clearinghouse designated by the Secretary.

(Authority: Section 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c))

§ 385.43 What requirements apply to the training of rehabilitation counselors and other rehabilitation personnel?

Any grantee who provides training of rehabilitation counselors or other rehabilitation personnel must train those counselors and personnel on the services provided under this Act, and, in particular, services provided in accordance with amendments made to the Rehabilitation Act by the Workforce Innovation and Opportunity Act of 2014. The grantee must also furnish training to these counselors and personnel regarding applications of rehabilitation technology in vocational rehabilitation services, the applicability of section 504 of this Act, title I of the Americans with Disabilities Act of 1990, and the provisions of titles II and XVI of the Social Security Act that are related to work incentives for individuals with disabilities.

(Authority: Sections 12(c), 101(a), and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c), 721(a) and 772)

§ 385.44 What requirement applies to the training of individuals with disabilities?

Any grantee or contractor who provides training shall give due regard to the training of individuals with disabilities as part of its effort to increase the number of qualified personnel available to provide rehabilitation services.

(Authority: Section 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c)

§ 385.45 What additional application requirements apply to the training of individuals for rehabilitation careers?

(a) All applicants for a grant or contract to provide training shall demonstrate how the training they plan to provide will prepare rehabilitation professionals to address the needs of individuals with disabilities from minority backgrounds.

(b) All applicants for a grant shall include a detailed description of strategies that will be utilized to recruit and train persons so as to reflect the diverse populations of the United States, as part of the effort to increase the number of individuals with disabilities, individuals who are members of minority groups, who are available to provide rehabilitation services.

(Approved by the Office of Management and Budget under control number 1820–0018)

(Authority: Sections 21(a) and (b) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 718(a) and (b) and 772)

§ 385.46 What limitations apply to the rate of pay for experts or consultants appointed or serving under contract under the Rehabilitation Training program?

An expert or consultant appointed or serving under contract pursuant to this section shall be compensated at a rate subject to approval of the Commissioner which shall not exceed the daily equivalent of the rate of pay for level 4 of the Senior Executive Service Schedule under section 5382 of title 5, United States Code. Such an expert or consultant may be allowed travel and transportation expenses in accordance with section 5703 of title 5, United States Code.

(Authority: Section 302(b)(3) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 772(b)(3))

■ 11. Part 386 is revised to read as follows:

PART 386—REHABILITATION TRAINING: REHABILITATION LONG-TERM TRAINING

Subpart A—General

Sec.
386.1 What is the Rehabilitation Long-Term Training program?
386.2 Who is eligible for an award?
386.3 What regulations apply?
386.4 What definitions apply?

Subpart B [Reserved]

Subpart C—How Does the Secretary Make an Award?

386.20 What additional selection criteria are used under this program?
386.21 What are the application procedures for these programs?

Subpart D—What Conditions Must Be Met After an Award?

386.30 What are the matching requirements?
386.31 What are the requirements for directing grant funds?
386.32 What are allowable costs?
386.33 What are the requirements for grantees in disbursing scholarships?
386.34 What assurances must be provided by a grantee that intends to provide scholarships?
386.35 What information must be provided by a grantee that is an institution of higher education to assist designated State agencies?
386.36 What is a grantee's liability for failing to provide accurate and complete scholar information to the Department?

Subpart E—What Conditions Must Be Met by a Scholar?

386.40 What are the requirements for scholars?
386.41 Under what circumstances does the Secretary grant a deferral or exception to performance or repayment under a scholarship agreement?
386.42 What must a scholar do to obtain an exception or a deferral to performance or repayment under a scholarship agreement?
386.43 What are the consequences of a scholar's failure to meet the terms and conditions of a scholarship agreement?

Authority: Sections 12(c) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772, unless otherwise noted.

Subpart A—General

§ 386.1 What is the Rehabilitation Long-Term Training program?

(a) The Rehabilitation Long-Term Training program provides financial assistance for—

(1) Projects that provide basic or advanced training leading to an academic degree in one of those fields of study identified in paragraph (b) of this section;

(2) Projects that provide a specified series of courses or program of study leading to award of a certificate in one of those fields of study identified in paragraph (b) of this section; and

(3) Projects that provide support for medical residents enrolled in residency training programs in the specialty of physical medicine and rehabilitation.

(b) The Rehabilitation Long-Term Training program is designed to provide academic training that leads to an academic degree or academic certificate in areas of personnel shortages identified by the Secretary and published in a notice in the **Federal Register**. These areas may include—

(1) Assisting and supporting individuals with disabilities pursuing self-employment, business ownership, and telecommuting;

(2) Vocational rehabilitation counseling;

(3) Rehabilitation technology, including training on its use, applications, and benefits;

(4) Rehabilitation medicine;

(5) Rehabilitation nursing;

(6) Rehabilitation social work;

(7) Rehabilitation psychiatry;

(8) Rehabilitation psychology;

(9) Rehabilitation dentistry;

(10) Physical therapy;

(11) Occupational therapy;

(12) Speech pathology and audiology;

(13) Physical education;

(14) Therapeutic recreation;

(15) Community rehabilitation program personnel;

(16) Prosthetics and orthotics;

(17) Rehabilitation of individuals who are blind or visually impaired, including rehabilitation teaching and orientation and mobility;

(18) Rehabilitation of individuals who are deaf or hard of hearing;

(19) Rehabilitation of individuals who are mentally ill;

(20) Undergraduate education in the rehabilitation services;

(21) Independent living;

(22) Client assistance;

(23) Administration of community rehabilitation programs;

(24) Rehabilitation administration;

(25) Vocational evaluation and work adjustment;

(26) Services to individuals with specific disabilities or specific impediments to rehabilitation, including individuals who are members of populations that are unserved or underserved by programs under this Act;

(27) Job development and job placement services to individuals with disabilities;

(28) Supported employment services and customized employment services for individuals with the most significant disabilities;

(29) Specialized services for individuals with significant disabilities;

(30) Other fields contributing to the rehabilitation of individuals with disabilities.

(Authority: Sections 12 and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709 and 772)

§ 386.2 Who is eligible for an award?

Those agencies and organizations eligible for assistance under this program are described in 34 CFR 385.2.

(Authority: Section 302(a) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 772(a))

§ 386.3 What regulations apply?

The following regulations apply to the Rehabilitation Training: Rehabilitation Long-Term Training program:

(a) The regulations in this part 386.

(b) The regulations in 34 CFR part 385.

(Authority: Section 302(a) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 772(a))

§ 386.4 What definitions apply?

The following definitions apply to this program:

(a) Definitions in 34 CFR 385.4.

(b) *Other definitions.* The following definitions also apply to this part:

Academic year means a full-time course of study—

(i) Taken for a period totaling at least nine months; or

(ii) Taken for the equivalent of at least two semesters, two trimesters, or three quarters.

Certificate means a recognized educational credential awarded by a grantee under this part that attests to the completion of a specified series of courses or program of study.

Professional corporation or professional practice means—

(i) A professional service corporation or practice formed by one or more individuals duly authorized to render the same professional service, for the purpose of rendering that service; and

(ii) The corporation or practice and its members are subject to the same supervision by appropriate State regulatory agencies as individual practitioners.

Related agency means—

(i) An American Indian rehabilitation program; or

(ii) Any of the following agencies that provide services to individuals with disabilities under an agreement or other arrangement with a designated State

agency in the area of specialty for which training is provided:

(A) A Federal, State, or local agency.

(B) A nonprofit organization.

(C) A professional corporation or professional practice group.

Scholar means an individual who is enrolled in a certificate or degree granting course of study in one of the areas listed in § 386.1(b) and who receives scholarship assistance under this part.

Scholarship means an award of financial assistance to a scholar for training and includes all disbursements or credits for student stipends, tuition and fees, books and supplies, and student travel in conjunction with training assignments.

State vocational rehabilitation agency means the designated State agency as defined in 34 CFR 361.5(c)(13).

(Authority: Section 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c))

Subpart B [Reserved]

Subpart C—How Does the Secretary Make an Award?

§ 386.20 What additional selection criteria are used under this program?

In addition to the criteria in 34 CFR 385.31(c), the Secretary uses the following additional selection criteria to evaluate an application:

(a) *Relevance to State-Federal vocational rehabilitation service program.* (1) The Secretary reviews each application for information that shows that the proposed project appropriately relates to the mission of the State-Federal vocational rehabilitation service program.

(2) The Secretary looks for information that shows that the project can be expected either—

(i) To increase the supply of trained personnel available to State and other public or nonprofit agencies involved in the rehabilitation of individuals with disabilities through degree or certificate granting programs; or

(ii) To improve the skills and quality of professional personnel in the rehabilitation field in which the training is to be provided through the granting of a degree or certificate.

(b) *Nature and scope of curriculum.* (1) The Secretary reviews each application for information that demonstrates the adequacy of the proposed curriculum.

(2) The Secretary looks for information that shows—

(i) The scope and nature of the coursework reflect content that can be expected to enable the achievement of the established project objectives;

(ii) The curriculum and teaching methods provide for an integration of theory and practice relevant to the educational objectives of the program;

(iii) For programs whose curricula require them, there is evidence of educationally focused practical and other field experiences in settings that ensure student involvement in the provision of vocational rehabilitation, supported employment, customized employment, pre-employment transition services, transition services, or independent living rehabilitation services to individuals with disabilities, especially individuals with significant disabilities;

(iv) The coursework includes student exposure to vocational rehabilitation, supported employment, customized employment, employer engagement, and independent living rehabilitation processes, concepts, programs, and services; and

(v) If applicable, there is evidence of current professional accreditation by the designated accrediting agency in the professional field in which grant support is being requested.

(Authority: Section 12(c) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772)

§ 386.21 What are the application procedures for these programs?

(a) *Application.* No grant shall be awarded or contract entered into under the Rehabilitation Long-Term Training program unless the applicant has submitted to the Secretary an application at such time, in such form, in accordance with such procedures identified by the Secretary and, and including such information as the Secretary may require, including—

(1) A description of how the designated State unit or units will participate in the project to be funded under the grant or contract, including, as appropriate, participation on advisory committees, as practicum sites, in curriculum development, and in other ways so as to build closer relationships between the applicant and the designated State unit and to encourage students to pursue careers in public vocational rehabilitation programs;

(2) The identification of potential employers that provide employment that meets the requirements in § 386.33(c); and

(3) An assurance that data on the employment of graduates or trainees who participate in the project is accurate.

(b) The Secretary gives the designated State agency an opportunity to review and comment on applications submitted from within the State that it serves. The procedures to be followed by the applicant and the State are in 34 CFR 75.155–75.159.

(Authority: Sections 12(c) and 302(b)(2) and (d) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772(b)(2) and (d))

Subpart D—What Conditions Must Be Met After an Award?

§ 386.30 What are the matching requirements?

The grantee is required to contribute at least ten percent of the total cost of a project under this program. However, if the grantee can demonstrate that it has insufficient resources to contribute the entire match but that it can fulfill all other requirements for receiving an award, the Secretary may waive part of the non-Federal share of the cost of the project after negotiations with Department staff.

(Authority: Section 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c))

§ 386.31 What are the requirements for directing grant funds?

(a) A grantee must use at least 65 percent of the total cost of a project under this program for scholarships as defined in § 386.4.

(b) The Secretary may waive the requirement in (a) and award grants that use less than 65 percent of the total cost of the project for scholarships based upon the unique nature of the project, such as the establishment of a new training program or long-term training in an emerging field that does not award degrees or certificates.

(c) Before providing a scholarship to a scholar, a grantee must make good faith efforts to determine that the scholar is not concurrently receiving more than one scholarship under this program for the same academic term.

(Authority: Sections 12(c) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772)

§ 386.32 What are allowable costs?

In addition to those allowable costs established in the Education Department General Administrative Regulations in 34 CFR 75.530 through 75.562, the following items are allowable under long-term training projects:

(a) Student stipends.

(b) Tuition and fees.

(c) Books and supplies.

(d) Student travel in conjunction with training assignments.

(Authority: Sections 12(c) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772)

§ 386.33 What are the requirements for grantees in disbursing scholarships?

Before disbursement of scholarship assistance to an individual, a grantee—

(a)(1) Must obtain documentation that the individual is—

(i) A U.S. citizen or national; or

(ii) A permanent resident of the Commonwealth of Puerto Rico, the United States Virgin Islands, Guam, American Samoa, or the Commonwealth of the Northern Mariana Islands;

(2) Must confirm from documentation issued to the individual by the U.S. Department of Homeland Security that he or she—

(i) Is a lawful permanent resident of the United States; or

(ii) Is in the United States for other than a temporary purpose with the intention of becoming a citizen or permanent resident; and

(b) Must confirm that the applicant has expressed interest in a career in clinical practice, administration, supervision, teaching, or research in the vocational rehabilitation, supported employment, or independent living rehabilitation of individuals with disabilities, especially individuals with significant disabilities;

(c) Must obtain documentation, as described in § 386.40(a)(7), that the individual expects to seek and maintain employment in a designated State agency or in a related agency as defined in § 386.4 where

(1) The employment is in the field of study in which the training was received or

(2) Where the job functions are directly relevant to the field of study in which the training was received.

(d) Must ensure that the scholarship, when added to the amount of financial aid the scholar receives for the same academic year under title IV of the Higher Education Act, does not exceed the scholar's cost of attendance;

(e) Must limit scholarship assistance to no more than four academic years, unless the grantee provides an extension consistent with the institution's accommodations under section 504 of the Act; and

(f) Must obtain a Certification of Eligibility for Federal Assistance from each scholar as prescribed in 34 CFR 75.60, 75.61, and 75.62.

(Approved by the Office of Management and Budget under control number 1820–0018)

(Authority: Sections 12(c) and 302(b) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772(b))

§ 386.34 What assurances must be provided by a grantee that intends to provide scholarships?

A grantee under this part that intends to grant scholarships for any academic year must provide the following assurances before an award is made:

(a) *Requirement for agreement.* No individual will be provided a scholarship without entering into a written agreement containing the terms and conditions required by this section. An individual will sign and date the agreement prior to the initial disbursement of scholarship funds to the individual for payment of the individual's expenses. An agreement must be executed between the grantee and scholar for each subsequent year that scholarship funds are disbursed and must contain the terms and conditions required by this section.

(b) *Disclosure to applicants.* The terms and conditions of the agreement between the grantee and a scholar will be fully disclosed in the application for scholarship.

(c) *Form and terms of agreement.* Prior to granting each year of a scholarship, the grantee will require each scholar to enter into a signed written agreement in which the scholar agrees to the terms and conditions set forth in § 386.40. This agreement must be in the form and contain any additional terms and conditions that the Secretary may require.

(d) *Executed agreement.* The grantee will provide an original signed executed payback agreement upon request to the Secretary.

(e) *Standards for satisfactory progress.* The grantee will establish, publish, and apply reasonable standards for measuring whether a scholar is maintaining satisfactory progress in the scholar's course of study. The Secretary considers an institution's standards to be reasonable if the standards—

(1) Conform with the standards of satisfactory progress of the nationally recognized accrediting agency that accredits the institution's program of study, if the institution's program of study is accredited by such an agency, and if the agency has those standards;

(2) For a scholar enrolled in an eligible program who is to receive assistance under the Rehabilitation Act, are the same as or stricter than the institution's standards for a student enrolled in the same academic program who is not receiving assistance under the Rehabilitation Act; and

(3) Include the following elements:

(i) Grades, work projects completed, or comparable factors that are measurable against a norm.

(ii) A maximum timeframe in which the scholar must complete the scholar's educational objective, degree, or certificate.

(iii) Consistent application of standards to all scholars within categories of students; *e.g.*, full-time, part-time, undergraduates, graduate students, and students attending programs established by the institution.

(iv) Specific policies defining the effect of course incompletes, withdrawals, repetitions, and noncredit remedial courses on satisfactory progress.

(v) Specific procedures for appeal of a determination that a scholar is not making satisfactory progress and for reinstatement of aid.

(f) *Exit certification.* (1) At the time of exit from the program, the grantee will provide the following information to the scholar:

(i) The name of the institution and the number of the Federal grant that provided the scholarship.

(ii) the total amount of scholarship assistance received subject to § 386.40(a)(7).

(iii) The scholar's field of study and the obligation of the scholar to perform the service obligation with employment that meets the requirements in § 386.40(a)(7)(i).

(iv) The number of years the scholar needs to work to satisfy the work requirements in § 386.40(a)(7)(ii).

(v) The time period during which the scholar must satisfy the work requirements in § 386.40(a)(8).

(vi) As applicable, all other obligations of the scholar in § 386.40.

(2) Upon receipt of this information from the grantee, the scholar must provide written and signed certification to the grantee that the information is correct.

(g) *Tracking system.* The grantee has established policies and procedures to determine compliance of the scholar with the terms of the signed payback agreement. In order to determine whether a scholar has met the terms and conditions set forth in § 386.40, the tracking system must include for each employment position maintained by the scholar—

(1) Documentation of the employer's name, address, dates of the scholar's employment, name of supervisor, position title, a description of the duties the scholar performed, and whether the employment is full- or part-time;

(2) Documentation of how the employment meets the requirements in § 386.40(a)(7); and

(3) In the event a grantee is experiencing difficulty locating a scholar, documentation that the grantee has checked with existing tracking systems operated by alumni organizations.

(h) *Reports.* The grantee will make annual reports to the Secretary, unless more frequent reporting is required by

the Secretary, that are necessary to carry out the Secretary's functions under this part.

(i) *Repayment status.* The grantee will immediately report to the Secretary whenever a scholar has entered repayment status under § 386.43(e) and provide all necessary documentation in support thereof.

(j) *Records.* The grantee will maintain accurate and complete records as outlined in paragraphs (g) and (h) of this section for a period of time not less than one year beyond the date that all scholars provided financial assistance under the grant—

(1) Have completed their service obligation or

(2) Have entered into repayment status pursuant to § 386.43(e).

(Approved by the Office of Management and Budget under control number 1820–0018)

(Authority: Sections 12(c) and 302(b) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772(b))

§ 386.35 What information must be provided by a grantee that is an institution of higher education to assist designated State agencies?

A grantee that is an institution of higher education provided assistance under this part must cooperate with the following requests for information from a designated State agency:

(a) Information required by section 101(a)(7) of the Act which may include, but is not limited to—

(1) The number of students enrolled by the grantee in rehabilitation training programs; and

(2) The number of rehabilitation professionals trained by the grantee who graduated with certification or licensure, or with credentials to qualify for certification or licensure, during the past year.

(b) Information on the availability of rehabilitation courses leading to certification or licensure, or the credentials to qualify for certification or licensure, to assist State agencies in the planning of a program of staff development for all classes of positions that are involved in the administration and operation of the State vocational rehabilitation program.

(Approved by the Office of Management and Budget under control number 1820–0018)

(Authority: Sections 12(c) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772)

§ 386.36 What is a grantee's liability for failing to provide accurate and complete scholar information to the Department?

The Department may recover, in whole or in part, from the grantee the debt amount and any collection costs described in §§ 386.40(d) and 386.43, if the Department:

(a) Is unable to collect, or improperly collected, some or all of these amounts or costs from a scholar and

(b) Determines that the grantee failed to provide to the Department accurate and complete documentation described in § 386.34.

(Authority: Sections 12(c) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772)

Subpart E—What Conditions Must Be Met by a Scholar?

§ 386.40 What are the requirements for scholars?

(a) A scholar must—

(1) Be enrolled in a course of study leading to a certificate or degree in one of the fields designated in § 386.1(b);

(2) Receive the training at the educational institution or agency designated in the scholarship;

(3) Not accept payment of educational allowances from any other entity if that allowance conflicts with the scholar's obligation under section 302 of the Act and this part;

(4) Not receive concurrent scholarships for the same academic term from more than one project under this program;

(5) Enter into a signed written agreement with the grantee, prior to the receipt of scholarship funds, as required in § 386.34(c);

(6) Maintain satisfactory progress toward the certificate or degree as determined by the grantee;

(7) Upon exiting the training program under paragraph (a)(1) of this section, subsequently maintain employment on a full- or part-time basis subject to the provisions in paragraph (b) of this section—

(i)(A) In a State vocational rehabilitation agency or related agency as defined in § 386.4; and

(B)(*1*) In the field of study for which training was received, or

(*2*) Where the field of study is directly relevant to the job functions performed; and

(ii) For a period of at least the full-time equivalent of two years for every academic year for which assistance under this section was received subject to the provisions in paragraph (c) of this section for part-time coursework;

(8) Complete the service obligation within a period, beginning after the recipient exits the training program for which the scholarship was awarded, of not more than the sum of the number of years in the period described in paragraph (a)(7)(ii) of this section and two additional years;

(9) Repay all or part of any scholarship received, plus interest, if the individual does not fulfill the requirements of this section, except as provided for in § 386.41 for exceptions and deferrals; and

(10) Provide the grantee all requested information necessary for the grantee to meet the exit certification requirements in § 386.34(f) and, as necessary, thereafter for any changes necessary for the grantee to monitor the scholar's service obligation under this section.

(b)(1) The period of qualifying employment that meets the requirements of paragraph (a)(7) of this section may begin—

(i) For courses of study of at least one year, only subsequent to the completion of one academic year of the training for which the scholarship assistance was received.

(ii) For courses of study of less than one year, only upon completion of the training for which the scholarship assistance was received.

(2) The work completed as part of an internship, practicum, or any other work-related requirement necessary to complete the educational program is not considered qualifying employment.

(c) If the scholar is pursuing coursework on a part-time basis, the service obligation for these part-time courses is based on the equivalent total of actual academic years of training received.

(d) If a scholar fails to provide the information in paragraph (a)(10) of this section or otherwise maintain contact with the grantee pursuant to the terms of the signed payback agreement and enters into repayment status pursuant to § 386.43, the scholar will be held responsible for any costs assessed in the collection process under that section even if that information is subsequently provided.

(Authority: Sections 12(c) and 302(b) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772(b))

§ 386.41 Under what circumstances does the Secretary grant a deferral or exception to performance or repayment under a scholarship agreement?

Based upon sufficient evidence to substantiate the grounds as detailed in § 386.42, a repayment exception to or deferral of the requirements of § 386.40(a)(7) may be granted, in whole or in part, by the Secretary as follows:

(a) Repayment is not required if the scholar—

(1) Is unable to continue the course of study or perform the work obligation because of a permanent disability that meets one of the following conditions:

(i) The disability had not been diagnosed at the time the scholar signed the agreement in § 386.34(c); or

(ii) The disability did not prevent the scholar from performing the requirements of the course of study or the work obligation at the time the scholar signed the agreement in § 386.34(c) but subsequently worsened; or

(2) Has died.

(b) Repayment of a scholarship may be deferred during the time the scholar is—

(1) Engaging in a full-time course of study in the field of rehabilitation at an institution of higher education;

(2) Serving on active duty as a member of the armed services of the United States for a period not in excess of four years;

(3) Serving as a volunteer under the Peace Corps Act;

(4) Serving as a full-time volunteer under title I of the Domestic Volunteer Service Act of 1973;

(5) Experiencing a temporary disability that affects the scholar's ability to continue the course of study or perform the work obligation, for a period not to exceed three years; or

(c) Under limited circumstances as determined by the Secretary and based upon credible evidence submitted on behalf of the scholar, the Secretary may grant an exception to, or deferral of, the requirement to repay a scholarship in instances not specified in this section. These instances could include, but are not limited to, the care of a disabled spouse, partner, or child or the need to accompany a spouse or partner on active duty in the Armed Forces.

(Authority: Sections 12(c) and 302(b) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772(b))

§ 386.42 What must a scholar do to obtain an exception or a deferral to performance or repayment under a scholarship agreement?

To obtain an exception or a deferral to performance or repayment under a scholarship agreement under § 386.41, a scholar must provide the following:

(a) *Written application.* A written application must be made to the Secretary to request a deferral or an exception to performance or repayment of a scholarship.

(b) *Documentation.* Sufficient documentation must be provided to substantiate the grounds for all deferrals or exceptions, including the following, as appropriate.

(1) Documentation necessary to substantiate an exception under § 386.41(a)(1) or a deferral under § 386.41(b)(5) must include a letter from a qualified physician or other medical professional, on official stationery, attesting how the disability affects the scholar in completing the course of study or performing the work obligation. The documentation must be less than three months old and include the scholar's diagnosis and prognosis and ability to complete the course of study or work with accommodations.

(2) Documentation to substantiate an exception under § 386.41(a)(2) must include a death certificate or other evidence conclusive under State law.

(3) Documentation necessary to substantiate a deferral or exception under 386.41(c) based upon the disability of a spouse, partner, or child must meet the criteria, as relevant, in paragraph (b)(1) of this section.

(Approved by the Office of Management and Budget under control number 1820–0018)

(Authority: Sections 12(c) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772)

§ 386.43 What are the consequences of a scholar's failure to meet the terms and conditions of a scholarship agreement?

In the event of a failure to meet the terms and conditions of a scholarship agreement or to obtain a deferral or an exception as provided in § 386.41, the scholar must repay all or part of the scholarship as follows:

(a) *Amount.* The amount of the scholarship to be repaid is proportional to the employment obligation not completed.

(b) *Interest rate.* The Secretary charges the scholar interest on the unpaid balance owed in accordance with 31 U.S.C. 3717.

(c) *Interest accrual.* (1) Interest on the unpaid balance accrues from the date the scholar is determined to have entered repayment status under paragraph (e) of this section.

(2) Any accrued interest is capitalized at the time the scholar's repayment schedule is established.

(3) No interest is charged for the period of time during which repayment has been deferred under § 386.41.

(d) *Collection costs.* Under the authority of 31 U.S.C. 3717, the Secretary may impose reasonable collection costs.

(e) *Repayment status.* A scholar enters repayment status on the first day of the first calendar month after the earliest of the following dates, as applicable:

(1) The date the scholar informs the Secretary he or she does not plan to fulfill the employment obligation under the agreement.

(2) Any date when the scholar's failure to begin or maintain employment makes it impossible for that individual to complete the employment obligation within the number of years required in § 386.40(a)(8).

(f) *Amounts and frequency of payment.* The scholar shall make payments to the Secretary that cover principal, interest, and collection costs according to a schedule established by the Secretary.

(Authority: Sections 12(c) and 302(b) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772(b))

■ 12. Part 387 is revised to read as follows:

PART 387—INNOVATIVE REHABILITATION TRAINING

Subpart A—General

Sec.

387.1 What is the Innovative Rehabilitation Training program?
387.2 Who is eligible for assistance under this program?
387.3 What regulations apply to this program?
387.4 What definitions apply to this program?
387.5 What types of projects are authorized under this program?

Subpart B—[Reserved]

Subpart C—[Reserved]

Subpart D—How Does the Secretary Make a Grant?

387.30 What additional selection criteria are used under this program?

Subpart E—What Conditions Must Be Met by a Grantee?

387.40 What are the matching requirements?
387.41 What are allowable costs?

Authority: Sections 12(c) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c), and 772, unless otherwise noted.

Subpart A—General

§ 387.1 What is the Innovative Rehabilitation Training program?

This program is designed—

(a) To develop new types of training programs for rehabilitation personnel and to demonstrate the effectiveness of these new types of training programs for rehabilitation personnel in providing rehabilitation services to individuals with disabilities;

(b) To develop new and improved methods of training rehabilitation personnel so that there may be a more effective delivery of rehabilitation services to individuals with disabilities by designated State rehabilitation agencies and designated State rehabilitation units or other public or non-profit rehabilitation service agencies or organizations; and

(c) To develop new innovative training programs for vocational rehabilitation professionals and paraprofessionals to have a 21st century understanding of the evolving labor force and the needs of individuals with disabilities so they can more effectively provide vocational rehabilitation services to individuals with disabilities.

(Authority: Sections 12(c), 121(a)(7), and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c), 721(a)(7), and 772)

§ 387.2 Who is eligible for assistance under this program?

Those agencies and organizations eligible for assistance under this program are described in 34 CFR 385.2.

(Authority: Section 12(c) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772)

§ 387.3 What regulations apply to this program?

(a) 34 CFR part 385 (Rehabilitation Training); and

(b) The regulations in this part 387.

(Authority: Sections 12(c) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772)

§ 387.4 What definitions apply to this program?

The definitions in 34 CFR part 385 apply to this program.

(Authority: Sections 12(c) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772))

§ 387.5 What types of projects are authorized under this program?

The Innovative Rehabilitation Training Program supports time-limited pilot projects through which new types of rehabilitation workers may be trained or through which innovative methods of training rehabilitation personnel may be demonstrated.

(Authority: Sections 12(c) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772))

Subpart B—[Reserved]

Subpart C—[Reserved]

Subpart D—How Does the Secretary Make a Grant?

§ 387.30 What additional selection criteria are used under this program?

In addition to the criteria in 34 CFR 385.31(c), the Secretary uses the following additional selection criteria to evaluate an application:

(a) *Relevance to State-Federal rehabilitation service program.* (1) The Secretary reviews each application for information that shows that the proposed project appropriately relates to the mission of the State-Federal rehabilitation service program.

(2) The Secretary looks for information that shows that the project can be expected either—

(i) To increase the supply of trained personnel available to public and private agencies involved in the rehabilitation of individuals with disabilities; or

(ii) To maintain and improve the skills and quality of rehabilitation personnel.

(b) *Nature and scope of curriculum.* (1) The Secretary reviews each application for information that demonstrates the adequacy and scope of the proposed curriculum.

(2) The Secretary looks for information that shows that—

(i) The scope and nature of the training content can be expected to enable the achievement of the established project objectives of the training project;

(ii) The curriculum and teaching methods provide for an integration of theory and practice relevant to the educational objectives of the program;

(iii) There is evidence of educationally focused practicum or other field experiences in settings that assure student involvement in the provision of vocational rehabilitation or independent living rehabilitation services to individuals with disabilities, especially individuals with significant disabilities; and

(iv) The didactic coursework includes student exposure to vocational rehabilitation processes, concepts, programs, and services.

(Authority: Sections 12(c) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772)

Subpart E—What Conditions Must Be Met by a Grantee?

§ 387.40 What are the matching requirements?

A grantee must contribute to the cost of a project under this program in an amount satisfactory to the Secretary. The part of the costs to be borne by the grantee is determined by the Secretary at the time of the grant award.

(Authority: Sections 12(c) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772)

§ 387.41 What are allowable costs?

In addition to those allowable costs established under 34 CFR 75.530–75.562, the following items are allowable under Innovative Rehabilitation training projects—

(a) Student stipends;

(b) Tuition and fees; and

(c) Student travel in conjunction with training assignments.

(Authority: Sections 12(c) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772)

PART 388—[REMOVED AND RESERVED]

■ 13. Effective October 1, 2016, part 388 is removed and reserved.

PART 389—[REMOVED AND RESERVED]

■ 14. Part 389 is removed and reserved.

■ 15. Part 390 is revised to read as follows:

PART 390—REHABILITATION SHORT-TERM TRAINING

Subpart A—General

Sec.

390.1 What is the Rehabilitation Short-Term Training program?
390.2 Who is eligible for assistance under this program?
390.3 What regulations apply to this program?
390.4 What definitions apply to this program?

Subpart B—What Kinds of Projects Does the Department of Education Assist Under This Program?

390.10 What types of projects are authorized under this program?

Subpart C—[Reserved]

Subpart D—How Does the Secretary Make a Grant?

390.30 What additional selection criterion is used under this program?

Subpart E—What Conditions Must Be Met by a Grantee?

390.40 What are the matching requirements?
390.41 What are allowable costs?

Authority: Sections 12(a) and (c) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(a) and (c) and 772, unless otherwise noted.

Subpart A—General

§ 390.1 What is the Rehabilitation Short-Term Training program?

This program is designed for the support of special seminars, institutes, workshops, and other short-term courses in technical matters relating to the vocational, medical, social, and psychological rehabilitation programs, independent living services programs, and client assistance programs.

(Authority: Sections 12(a)(2) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(a)(2) and 772)

§ 390.2 Who is eligible for assistance under this program?

Those agencies and organizations eligible for assistance under this program are described in 34 CFR 385.2.

(Authority: Section 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 772)

§ 390.3 What regulations apply to this program?

(a) 34 CFR part 385 (Rehabilitation Training); and

(b) The regulations in this part 390.

(Authority: Section 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 772)

§ 390.4 What definitions apply to this program?

The definitions in 34 CFR part 385 apply to this program.

(Authority: Section 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c)

Subpart B—What Kinds of Projects Does the Department of Education Assist Under This Program?

§ 390.10 What types of projects are authorized under this program?

(a) Projects under this program are designed to provide short-term training and technical instruction in areas of special significance to the vocational, medical, social, and psychological rehabilitation programs, supported employment programs, independent living services programs, and client assistance programs.

(b) Short-term training projects may be of regional or national scope.

(c) Conferences and meetings in which training is not the primary focus may not be supported under this program.

(Authority: Section 12(a)(2) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(a)(2) and 772)

Subpart C—[Reserved]

Subpart D—How Does the Secretary Make a Grant?

§ 390.30 What additional selection criterion is used under this program?

In addition to the criteria in 34 CFR 385.31(c), the Secretary uses the following additional selection criterion to evaluate an application:

(a) *Relevance to State-Federal rehabilitation service program.* (1) The Secretary reviews each application for information that shows that the proposed project appropriately relates to the mission of the State-Federal rehabilitation service programs.

(2) The Secretary looks for information that shows that the proposed project can be expected to improve the skills and competence of—

(i) Personnel engaged in the administration or delivery of rehabilitation services; and

(ii) Others with an interest in the delivery of rehabilitation services.

(b) *Evidence of training needs.* The Secretary reviews each application for evidence of training needs as identified through training needs assessment conducted by the applicant or by designated State agencies or designated State units or any other public and private nonprofit rehabilitation service agencies or organizations that provide rehabilitation services and other services authorized under the Act, whose personnel will receive the training.

(Authority: Section 12(c) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c))

Subpart E—What Conditions Must Be Met by a Grantee?

§ 390.40 What are the matching requirements?

A grantee must contribute to the cost of a project under this program in an amount satisfactory to the Secretary. The part of the costs to be borne by the grantee is determined by the Secretary at the time of the award.

(Authority: Section 12(c) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772)

§ 390.41 What are allowable costs?

(a) In addition to those allowable costs established in 34 CFR 75.530–75.562, the following items are allowable under short-term training projects:

(1) Trainee per diem costs;

(2) Trainee travel in connection with a training course;

(3) Trainee registration fees; and

(4) Special accommodations for trainees with handicaps.

(b) The preparation of training materials may not be supported under a short-term training grant unless the materials are essential for the conduct of the seminar, institute, workshop or other short course for which the grant support has been provided.

(Authority: Section 12(c) and 302 of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772)

■ 16. Part 396 is revised to read as follows:

PART 396—TRAINING OF INTERPRETERS FOR INDIVIDUALS WHO ARE DEAF OR HARD OF HEARING AND INDIVIDUALS WHO ARE DEAF–BLIND

Subpart D—How Does the Secretary Make an Award?

396.30 How does the Secretary evaluate an application?
396.31 What additional selection criteria are used under this program?
396.32 What additional factors does the Secretary consider in making awards?
396.33 What priorities does the Secretary apply in making awards?
396.34 What are the matching requirements?

Authority: Sections 12(c) and 302(a) and (f) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772(a) and (f), unless otherwise noted.

Subpart A—General

§ 396.1 What is the Training of Interpreters for Individuals Who Are Deaf or Hard of Hearing and Individuals Who Are Deaf-Blind program?

The Training of Interpreters for Individuals Who Are Deaf or Hard of Hearing and Individuals Who Are Deaf-Blind program is designed to establish interpreter training programs or to provide financial assistance for ongoing interpreter programs to train a sufficient number of qualified interpreters throughout the country in order to meet the communication needs of individuals who are deaf or hard of hearing and individuals who are deaf-blind by—

(a) Training interpreters to effectively interpret and transliterate between spoken language and sign language and to transliterate between spoken language and oral or tactile modes of communication;

(b) Ensuring the maintenance of the interpreting skills of qualified interpreters; and

(c) Providing opportunities for interpreters to raise their skill level competence in order to meet the highest

standards approved by certifying associations.

(Authority: Sections 12(c) and 302(a) and (f) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772(a) and (f))

§ 396.2 Who is eligible for an award?

Public and private nonprofit agencies and organizations, including institutions of higher education, are eligible for assistance under this program.

(Authority: Section 302(f) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 772(f))

§ 396.3 What regulations apply?

The following regulations apply to the Training of Interpreters for Individuals Who Are Deaf or Hard of Hearing and Individuals Who Are Deaf-Blind program:

(a) 34 CFR part 385 (Rehabilitation Training), sections—

(1) 385.3(a) and (d);

(2) 385.40 through 385.46; and

(b) The regulations under this part 396.

(Authority: Sections 12(c) and 302(f) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772(f))

§ 396.4 What definitions apply?

(a) *Definitions in EDGAR.* The following terms defined in 34 CFR 77.1 apply to this part:

Applicant
Application
Award
Equipment
Grant
Nonprofit
Private
Project
Public
Secretary
Supplies

(b) *Definitions in the rehabilitation training regulations.* The following terms defined in 34 CFR 385.4(b) apply to this part:

Individual With a Disability
Institution of Higher Education

(c) *Other definitions.* The following definitions also apply to this part:

Existing program that has demonstrated its capacity for providing interpreter training services means an established program with—

(i) A record of training qualified interpreters who are serving the deaf, hard of hearing, and deaf-blind communities; and

(ii) An established curriculum that uses evidence-based practices in the training of interpreters and promising practices when evidence-based practices are not available.

Individual who is deaf means an individual who, in order to communicate, depends primarily upon visual modes, such as sign language, speech reading, and gestures, or reading and writing.

Individual who is deaf-blind means an individual—

(i)(A) Who has a central visual acuity of 20/200 or less in the better eye with corrective lenses, or a field defect such that the peripheral diameter of visual field subtends an angular distance no greater than 20 degrees, or a progressive visual loss having a prognosis leading to one or both of these conditions;

(B) Who has a chronic hearing impairment so severe that most speech cannot be understood with optimum amplification, or a progressive hearing loss having a prognosis leading to this condition; and

(C) For whom the combination of impairments described in paragraphs (i)(A) and (B) of this definition causes extreme difficulty in attaining independence in daily life activities, achieving psychosocial adjustment, or obtaining a vocation;

(ii) Who, despite the inability to be measured accurately for hearing and vision loss due to cognitive or behavioral constraints, or both, can be determined through functional and performance assessment to have severe hearing and visual disabilities that cause extreme difficulty in attaining independence in daily life activities, achieving psychosocial adjustment, or obtaining vocational objectives; or

(iii) Who meets any other requirements that the Secretary may prescribe.

Individual who is hard of hearing means an individual who, in order to communicate, needs to supplement auditory information by depending primarily upon visual modes, such as sign language, speech reading, and gestures, or reading and writing.

Interpreter for individuals who are deaf or hard of hearing means a qualified professional who uses sign language skills, cued speech, or oral interpreting skills, as appropriate to the needs of individuals who are deaf or hard of hearing, to facilitate communication between individuals who are deaf or hard of hearing and other individuals.

Interpreter for individuals who are deaf-blind means a qualified professional who uses tactile or other manual language or fingerspelling modes, as appropriate to the needs of individuals who are deaf-blind, to facilitate communication between individuals who are deaf-blind and other individuals.

Novice Interpreter means an interpreter who has graduated from an interpreter education program or enters the field through an alternate pathway, is at the start of his or her professional career with some level of proficiency in American Sign Language, and is working toward becoming a qualified professional.

Qualified professional means an individual who has—

(i) Met existing certification or evaluation requirements equivalent to the highest standards approved by certifying associations; and

(ii) Successfully demonstrated interpreting skills that reflect the highest standards approved by certifying associations through prior work experience.

Related agency means—

(i) An American Indian rehabilitation program; or

(ii) Any of the following agencies that provide services to individuals with disabilities under an agreement or other arrangement with a designated State agency in the area of specialty for which training is provided:

(A) A Federal, State, or local agency.

(B) A nonprofit organization.

(C) A professional corporation or professional practice group.

(Authority: Sections 12(c) and 302(f) of the Rehabilitation Act of 1973, as amended and Section 206 of Pub. L. 98–221; 29 U.S.C. 709(c) and 772(f) and 29 U.S.C 1905)

§ 396.5 What activities may the Secretary fund?

The Secretary may award grants to public or private nonprofit agencies or organizations, including institutions of higher educations, to provide assistance for establishment of interpreter training programs or for projects that provide training in interpreting skills for persons preparing to serve, and persons who are already serving, as interpreters for individuals who are deaf or hard of hearing, and as interpreters for individuals who are deaf-blind in public and private agencies, schools, and other service-providing institutions.

(Authority: Section 302(f) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 772(f))

Subpart B—[Reserved]

Subpart C—How Does One Apply for an Award?

§ 396.20 What must be included in an application?

Each applicant shall include in the application—

(a) A description of the manner in which the proposed interpreter training program will be developed and operated during the five-year period following the award of the grant;

(b) A description of the communication needs for training interpreters for the population(s) or in the geographical area(s) to be served by the project;

(c) A description of the applicant's capacity or potential for providing training of interpreters for individuals who are deaf or hard of hearing and interpreters for individuals who are deaf-blind that is evidence-based, and based on promising practices when evidence-based practices are not available;

(d) An assurance that any interpreter trained or retrained under this program shall meet those standards of competency for a qualified professional, that the Secretary may establish;

(e) An assurance that the project shall cooperate or coordinate its activities, as appropriate, with the activities of other projects funded under this program;

(f) The descriptions required in 34 CFR 385.45 with regard to the training of individuals with disabilities, including those from minority groups, for rehabilitation careers; and

(g) Such other information as the Secretary may require.

(Approved by the Office of Management and Budget under control number 1820–0018)

(Authority: Sections 12(c), 21(c), and 302(f) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c), 718(c), and 772(f))

Subpart D—How Does the Secretary Make an Award?

§ 396.30 How does the Secretary evaluate an application?

(a) The Secretary evaluates applications under the procedures in 34 CFR part 75.

(b) The Secretary evaluates each application using selection criteria in § 396.31.

(c) In addition to the selection criteria described in paragraph (b) of this section, the Secretary evaluates each application using—

(1) Selection criteria in 34 CFR 75.210;

(2) Selection criteria established under 34 CFR 75.209; or

(3) A combination of selection criteria established under 34 CFR 75.209 and selection criteria in 34 CFR 75.210.

(Authority: Section 302(f) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 772(f))

§ 396.31 What additional selection criteria are used under this program?

In addition to the criteria in 34 CFR 396.30(c), the Secretary uses the following additional selection criterion to evaluate an application. The Secretary reviews each application to determine the extent to which—

(a) The proposed interpreter training project was developed in consultation with State Vocational Rehabilitation agencies and their related agencies and consumers;

(b) The training is appropriate to the needs of both individuals who are deaf or hard of hearing and individuals who are deaf-blind and to the needs of public and private agencies that provide services to either individuals who are deaf or hard of hearing or individuals who are deaf-blind in the geographical area to be served by the training project;

(c) Any curricula for the training of interpreters includes evidence-based practices and promising practices when evidence-based practices are not available;

(d) There is a working relationship between the interpreter training project and State Vocational Rehabilitation agencies and their related agencies, and consumers; and

(e) There are opportunities for individuals who are deaf or hard of hearing and individuals who are deaf-blind to provide input regarding the design and management of the training project.

(Authority: Sections 12(c) and 302(f) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772(f))

§ 396.32 What additional factors does the Secretary consider in making awards?

In addition to the selection criteria listed in § 396.31 and 34 CFR 75.210, the Secretary, in making awards under this part, considers the geographical distribution of projects throughout the country, as appropriate, in order to best carry out the purposes of this program. To accomplish this, the Secretary may in any fiscal year make awards of regional or national scope.

(Authority: Sections 12(c) and 302(f) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772(f))

§ 396.33 What priorities does the Secretary apply in making awards?

(a) The Secretary, in making awards under this part, gives priority to public or private nonprofit agencies or organizations, including institutions of higher education, with existing programs that have demonstrated their capacity for providing interpreter training.

(b) In announcing competitions for grants and contracts, the Secretary may give priority consideration to—

(1) Increasing the skill level of interpreters for individuals who are deaf or hard of hearing and individuals who are deaf-blind in unserved or underserved populations or in unserved or underserved geographic areas;

(2) Existing programs that have demonstrated their capacity for providing interpreter training services that raise the skill level of interpreters in order to meet the highest standards approved by certifying associations; and

(3) Specialized topical training based on the communication needs of individuals who are deaf or hard of hearing and individuals who are deaf-blind.

(Authority: Sections 12(c) and 302(f)(1)(C) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772(f)(1)(C))

§ 396.34 What are the matching requirements?

A grantee must contribute to the cost of a project under this program in an amount satisfactory to the Secretary. The part of the costs to be borne by the grantee is determined by the Secretary at the time of the grant award.

(Authority: Section 12(c) and 302(f) of the Rehabilitation Act of 1973, as amended; 29 U.S.C. 709(c) and 772(f))

RIN 1820–AB70

State Vocational Rehabilitation Services Program; State Supported Employment Services Program; Limitations on Use of Subminimum Wage

AGENCY: Office of Special Education and Rehabilitative Services, Department of Education.

ACTION: Final regulations.

SUMMARY: The Secretary amends the regulations governing the State Vocational Rehabilitation Services program and the State Supported Employment Services program to implement changes to the Rehabilitation Act of 1973, as amended by the Workforce Innovation and Opportunity Act (WIOA) signed into law on July 22, 2014. The Secretary also updates, clarifies, and improves the prior regulations.

Finally, the Secretary issues new regulations regarding limitations on the use of subminimum wages that are added by WIOA and under the purview of the Department.

DATES: These regulations are effective on September 19, 2016, except for amendatory instructions 2, 3, and 4 amending 34 CFR 361.10, 361.23, and 361.40, which are effective October 18, 2016.

FOR FURTHER INFORMATION CONTACT: Ed Anthony, U.S. Department of Education, 400 Maryland Avenue SW., Room 5086, Potomac Center Plaza (PCP), Washington, DC 20202–2800. Telephone: (202) 245–7488 or by email: *Edward.Anthony@ed.gov*.

If you use a telecommunications device for the deaf (TDD) or a text telephone (TTY), call the Federal Relay Service (FRS), toll free, at 1–800–877–8339.

SUPPLEMENTARY INFORMATION:

Executive Summary

Purpose of This Regulatory Action: Individuals with disabilities represent a vital and integral part of our society, and we are committed to ensuring that individuals with disabilities have opportunities to compete for and enjoy high quality employment in the 21st century global economy. Some individuals with disabilities face particular barriers to employment in integrated settings that pays competitive wages, provides opportunities for advancement, and leads to economic self-sufficiency. Ensuring workers with disabilities have the supports and the opportunities to acquire the skills that they need to pursue in-demand jobs and careers is critical to growing our economy, assuring that everyone who works hard is rewarded, and building a strong middle class. To help achieve this priority for individuals with disabilities, the Rehabilitation Act of 1973 (Act), as amended by the Workforce Innovation and Opportunity Act (WIOA) (P.L. 113–128), signed into law on July 22, 2014, seeks to empower individuals with disabilities to maximize employment, economic self-sufficiency, independence, and inclusion in and integration into society.

To implement the changes to the Act made by WIOA, the Secretary amends the regulations governing the State Vocational Rehabilitation Services program (VR program) (34 CFR part 361) and State Supported Employment Services program (Supported Employment program) (34 CFR part 363), administered by the Rehabilitation Services Administration (RSA), within the Office of Special Education and Rehabilitative Services. In addition, the Secretary updates and clarifies prior regulations to improve the operation of the program. Finally, the Secretary promulgates regulations in new 34 CFR part 397 that implement the limitations on the payment of subminimum wages to individuals with disabilities in section 511 of the Act that fall under the purview of the Secretary.

Summary of the Major Provisions of This Regulatory Action: We summarize here those regulatory changes needed to implement the amendments to the Act made by WIOA for each part in the order it appears in the Code of Federal Regulations (CFR).

State Vocational Rehabilitation Services Program

WIOA makes significant changes to title I of the Act that affect the VR program. First, WIOA strengthens the alignment of the VR program with other core components of the workforce development system by imposing requirements governing unified strategic planning, common performance accountability measures, and the one-stop delivery system. This alignment brings together entities responsible for administering separate workforce and employment, educational, and other human resource programs to collaborate in the creation of a seamless customer-focused service delivery network that integrates service delivery across programs, enhances access to the programs' services, and improves long-term employment outcomes for individuals receiving assistance. In so doing, WIOA places heightened emphasis on coordination and collaboration at the Federal, State, and local levels to ensure a streamlined and coordinated service delivery system for job-seekers, including those with disabilities, and employers. Therefore, the Departments of Education and Labor are issuing joint final regulations to implement jointly administered activities under title I of WIOA (*e.g.,* those related to Unified or Combined State Plans, performance accountability, and the one-stop delivery system), applicable to the workforce development system's core programs (Adult, Dislocated Worker, and Youth programs; Adult Education and Family Literacy Act programs; Wagner-Peyser Employment Services program; and the VR program). The joint final regulations, along with the *Analysis of Comments and Changes* to those regulations, are set forth in a separate regulatory action published elsewhere in this issue of the **Federal Register**.

To implement WIOA's corresponding major changes to title I of the Act, we:

- Amend § 361.10 to require that all assurances and descriptive information previously submitted through the stand-alone VR State Plan and supported employment supplement be submitted through the VR services portion of the Unified or Combined State Plan under section 102 or section 103, respectively, of WIOA.
- Clarify in § 361.29 that States report to the Secretary updates to the statewide needs assessment and goals and priorities, estimates of the numbers of individuals with disabilities served through the VR program and the costs of serving them, and reports of progress on goals and priorities at such time and in such manner determined by the Secretary to align the reporting of this information with the submission of the Unified or Combined State Plans and their modifications.
- Clarify in § 361.20 when designated State agencies must conduct public hearings to obtain comment on substantive changes to policies and procedures governing the VR program.
- Remove § 361.80 through § 361.89 and replace with § 361.40 to cross-reference the joint regulations for the common performance accountability measures for the core programs of the workforce development system.
- Provide a cross-reference in § 361.23, regarding the roles and responsibilities of the VR program in the one-stop delivery system to the joint regulations implementing requirements for the one-stop delivery system.

Second, the Act, as amended by WIOA, emphasizes the achievement of competitive integrated employment. The foundation of the VR program is the principle that individuals with disabilities, including those with the most significant disabilities, are capable of achieving high quality, competitive integrated employment when provided the necessary services and supports. To increase the employment of individuals with disabilities in the competitive integrated labor market, the workforce system must provide individuals with disabilities opportunities to participate in job-driven training and to pursue high quality employment outcomes. The amendments to the Act—from the stated purpose of the Act, to the expansion of services designed to maximize the potential of individuals with disabilities, including those with the most significant disabilities, to achieve competitive integrated employment, and, finally, to the inclusion of limitations on the payment of subminimum wages to individuals with disabilities—reinforce the congressional intent that individuals with disabilities, with appropriate supports and services, are able to achieve the same kinds of competitive integrated employment as non-disabled individuals. Consequently, we make extensive changes to part 361, including:

• The inclusion of a new definition of ''competitive integrated employment'' in § 361.5(c)(9) that combines, clarifies, and enhances the two separate definitions of ''competitive employment'' and ''integrated setting'' for the purpose of employment under the VR program in prior § 361.5(b)(11) and (b)(33)(ii).

• The incorporation of the principle that individuals with disabilities, including those with the most significant disabilities, are capable of achieving high quality competitive integrated employment, when provided the necessary services and support, throughout part 361, from the statement of program purpose in § 361.1 to the requirement in § 361.46(a) that the individualized plan for employment include a specific employment goal consistent with the general goal of competitive integrated employment.

• The revision of the definition of ''employment outcome'' in § 361.5(c)(15) that specifically identifies customized employment as an employment outcome under the VR program, and requires that all employment outcomes achieved through the VR program be in competitive integrated employment or supported employment, thereby eliminating uncompensated outcomes, such as homemakers and unpaid family workers, from the scope of the definition for purposes of the VR program.

To assist designated State units (DSUs) to implement the change in the definition of ''employment outcome'' and to ensure that individuals with disabilities did not experience a disruption in services, the Department proposed in the Notice of Proposed Rulemaking (NPRM) published on April 16, 2015 (80 FR 21059), a transition period of six months following the effective date of the final regulations, during which period DSUs would complete the provision of vocational rehabilitation services to, and close the service records of, individuals pursuing uncompensated outcomes, such as homemakers and unpaid family workers, in accordance with individualized plans for employment that were approved prior to the effective date of these final regulations. In consideration of the comments received, the Secretary has extended the transition period in these final regulations. DSUs may continue to provide services to individuals with uncompensated employment goals on their individualized plans for employment, approved prior to the effective date of these final regulations, until June 30, 2017, unless a longer period of time is required based on the needs of the individual with the disability as determined by the vocational rehabilitation counselor and the individual with a disability, as documented in the individual's service record.

We also amend numerous other provisions throughout part 361 to address the expansion of available services, requirements related to the development of the individualized plan for employment, and order of selection for services, all of which are intended to maximize the potential for individuals with disabilities to prepare for, obtain, retain, and advance in the same high quality jobs and high-demand careers as persons without disabilities.

Third, WIOA emphasizes the provision of services to students and youth with disabilities to ensure that they have meaningful opportunities to receive the services, including training and other supports, they need to achieve employment outcomes in competitive integrated employment. The Act, as amended by WIOA, expands not only the population of students with disabilities who may receive vocational rehabilitation services but also the breadth of services that the VR agencies may provide to youth and students with disabilities who are transitioning from school to postsecondary education and employment. We implement the emphasis on serving students and youth with disabilities contained in the amendments to the Act made by WIOA in many regulatory changes to part 361 by:

• Including in § 361.5(c)(51) and (c)(58), respectively, new definitions of ''student with a disability'' and ''youth with a disability.'' After further analysis of the comments received, the Department has determined that the definition of ''student with a disability'' applies to all students enrolled in educational programs, including postsecondary education programs, so long as they satisfy the age requirements set forth in final § 361.5(c)(51). The definition is also inclusive of secondary students who are homeschooled, as well as students in other non-traditional secondary educational programs. We have incorporated this broader interpretation of the definition in final § 361.5(c)(51), which we believe will increase the potential for DSUs to maximize the use of funds reserved for the provision of pre-employment transition services by increasing the number of students who may receive these services.

• Implementing in § 361.48(a) the requirements of new sections 110(d) and 113 of the Act requiring States to reserve at least 15 percent of their Federal allotment to provide and arrange for, in coordination with local educational agencies, the provision of pre-employment transition services to students with disabilities. We have maintained our interpretation of ''potentially eligible,'' for purposes of pre-employment transition services, as meaning all students with disabilities, regardless of whether they have applied for or been determined eligible for the VR program. The Department believes this is the broadest legally supportable interpretation and is consistent with the congressional intent.

• Amending § 361.29(a) to require that the comprehensive statewide needs assessment include an assessment of the needs of students and youth with disabilities for vocational rehabilitation services, including the needs of students with disabilities for pre-employment transition services.

• Clarifying in § 361.49 the technical assistance DSUs may provide to educational agencies and permitting the provision of transition services for the benefit of groups of students and youth with disabilities.

• Clarifying in § 361.22(c) that nothing in this part is to be construed as reducing the responsibility of the local educational agencies or any other

agencies under the Individuals with Disabilities Education Act (IDEA) to provide or pay for transition services that are also considered to be special education or related services under the IDEA necessary for the provision of a free appropriate public education to students with disabilities.

In addition to the preceding changes implementing the three major goals of the Act, as amended by WIOA, we have made changes to the regulations governing the comprehensive system of personnel development and the fiscal administration of the VR program. In order for DSUs to recruit qualified personnel to provide services to individuals with disabilities, including students and youth with disabilities, and carry out their responsibilities under the Act, we have made changes by:

- Amending § 361.18 governing the comprehensive system of personnel development by establishing minimum educational and experience requirements and eliminating the requirement to retrain staff not meeting the DSU's personnel standard for qualified staff.
- Revising proposed § 361.18(c)(2)(ii) in these final regulations to provide a more complete list of the skills and knowledge needed to meet the needs of employers and individuals with disabilities in the 21st century evolving labor market.

Finally, we make changes to part 361 to improve the fiscal administration of the VR program by:

- Clarifying in § 361.5(b) the applicability to the VR program of the definitions contained in 2 CFR part 200, Uniform Administrative Requirements, Cost Principles, and Audit Requirements and making numerous other conforming changes to align this part with 2 CFR part 200 to ensure consistency.
- Adding a new paragraph (a)(3) to § 361.65 requiring the State to reserve not less than 15 percent of its allotment for the provision of pre-employment transition services.
- Amending § 361.65(b)(2) to clarify that reallotment occurs in the fiscal year the funds were appropriated and the funds may be obligated or expended during the period of performance, provided that matching requirements are met.
- Adding a new paragraph (b)(3) to § 361.65 establishing the Secretary's authority to determine the criteria to be used to reallot funds when the amount requested exceeds the amount of funds available for reallotment.

Since publication of the NPRM, as a result of further Departmental review, we clarify in § 361.63 the requirements for the use of program income.

State Supported Employment Services Program

Under the State Supported Employment Services program (Supported Employment program) authorized under title VI of the Act (29 U.S.C. 795g *et seq.*), the Secretary provides grants to assist States in developing and implementing collaborative programs with appropriate entities to provide supported employment services for individuals with the most significant disabilities, including youth with the most significant disabilities, to enable them to achieve supported employment outcomes in competitive integrated employment. Grants made under the Supported Employment program supplement grants issued to States under the VR program (34 CFR part 361).

WIOA makes several significant changes to title VI of the Act, which governs the Supported Employment program. All of the amendments to title VI are consistent with those made throughout the Act, namely to maximize the potential of individuals with disabilities, especially those with the most significant disabilities, to achieve competitive integrated employment and to expand services for youth with the most significant disabilities. We implement the changes made to the Supported Employment program by WIOA in these final regulations by:

- Requiring in § 363.1 that supported employment be in competitive integrated employment or, if not, in an integrated setting in which the individual is working toward competitive integrated employment on a short-term basis. As a result of comments received, we revised the proposed short-term basis period to allow for an extension of the six-month period for up to a total of 12 months based on the needs of the individual, and the individual has demonstrated progress toward competitive earnings based on information contained in the service record.
- Extending in § 363.50(b)(1) the time from 18 months to 24 months for the provision of supported employment services.
- Requiring in § 363.22 a reservation of 50 percent of a State's allotment under this part for the provision of supported employment services, including extended services, to youth with the most significant disabilities.
- Requiring in § 363.23 not less than a 10 percent match for the amount of funds reserved to serve youth with the most significant disabilities.
- Reducing in § 363.51 the amount of funds that may be spent on administrative costs.

In response to comments received, we revised §§ 363.53, 363.54, and 363.55 to clarify the requirements for the transition of individuals with the most significant disabilities from supported employment services to extended services, the achievement of a supported employment outcome, and the closure of service records. We have redesignated proposed § 363.55 as final § 363.56.

Limitations on the Use of Subminimum Wage

Section 511 of the Act, as added by WIOA, imposes requirements on employers who hold special wage certificates under the Fair Labor Standards Act (FLSA) that must be satisfied before the employers may hire youth with disabilities at subminimum wages or continue to employ individuals with disabilities of any age at the subminimum wage level. Section 511 also establishes the roles and responsibilities of the DSUs for the VR program and State and local educational agencies in assisting individuals with disabilities, including youth with disabilities, to maximize opportunities to achieve competitive integrated employment through services provided by VR and local educational agencies.

The addition of section 511 to the Act is consistent with all other amendments to the Act made by WIOA. Throughout the Act, Congress emphasizes that individuals with disabilities, including those with the most significant disabilities, can achieve competitive integrated employment if provided the necessary supports and services. The limitations imposed by section 511 reinforce this belief by requiring individuals with disabilities, including youth with disabilities, to satisfy certain service-related requirements in order to start or maintain, as applicable, subminimum wage employment. To implement the requirements of section 511 that fall under the purview of the Department, we are issuing new regulations in part 397, including:

- Section 397.1, describing the purpose of this part and § 397.2 setting forth the Department's jurisdiction.
- Section 397.10, requiring the DSU, in consultation with the State educational agency, to develop a process that ensures students and youth with disabilities receive documentation demonstrating completion of the various activities required by section 511 of the Act, such as, to name a few, the receipt of transition services under the IDEA

and pre-employment transition services under section 113 of the Act, as appropriate.

- Sections 397.20 and 397.30, establishing the activities that must be completed by youth with disabilities prior to obtaining employment at subminimum wage and the documentation that the DSUs and local educational agencies, as appropriate, must provide to demonstrate completion of those activities, required by section 511(a)(2) of the Act. These include completing pre-employment transition services in final § 361.48(a) and the determination of eligibility or ineligibility for vocational rehabilitation services in final §§ 361.42 and 361.43.
- Section 397.40, establishing the documentation that DSUs must provide to individuals with disabilities of any age who are employed at a subminimum wage upon the completion of certain information and career counseling-related services, as required by section 511(c) of the Act.
- Section 397.31, prohibiting a local educational agency or a State educational agency from entering into a contract with an entity that employs individuals at subminimum wages for the purpose of operating a program under which a youth with a disability is engaged in work compensated at a subminimum wage.
- Section 397.50 authorizing a DSU to review individual documentation, required by this part, for all individuals with disabilities who are employed at the subminimum wage level, that is maintained by employers who hold special wage certificates under the FLSA.

In response to comments received, we made revisions to the final regulations to specify that intervals for providing career counseling and information and referral services to individuals of any age employed by section 14(c) entities will be calculated based upon the date the individual becomes known to the DSU starting July 22, 2016. Additionally, we included a time frame in the final regulations of 45 days but, in the case of extenuating circumstances, no later than 90 days, for the DSU to provide documentation of completed activities to individuals with disabilities. We also added provisions that establish minimal information that must be contained in the documentation required by part 397, as well as other administrative requirements related to the documentation process. Finally, we determined that section 14(c) entities have a potential financial interest in providing some of the services and activities required in the final regulations. Consequently, we inserted language prohibiting the use of these entities in providing these required services or activities, stating that a contractor may not be an entity holding a special wage certificate under section 14(c) of the FLSA and that a DSU's contractor, for the purpose of conducting the review of documentation authorized under the final regulations, may not be an entity holding a special wage certificate under section 14(c) of the FLSA.

We fully explain the regulations described in this *Executive Summary,* along with all other significant changes to parts 361, 363, and 397 following the publication of the NPRM, in the *Analysis of Comments and Changes* section of this preamble.

Costs and Benefits: The potential costs associated with this regulatory action are those resulting from statutory requirements and those we have determined as necessary for administering the Department's programs and activities. Further information related to costs and benefits may be found in the *Regulatory Impact Analysis* section later in this preamble.

Public Comment: In response to our invitation in the NPRM, more than 1,100 parties submitted comments on the proposed regulations amending the VR program (part 361), amending the Supported Employment program (part 363), and adding part 397 implementing the new provisions in section 511 of the Act, as amended by WIOA. We discuss substantive issues within each part, by section or subject. Generally, we do not address technical and other minor changes.

Analysis of Comments and Changes:

Part 361 State Vocational Rehabilitation Services Program

Following a description of the organizational changes to part 361 in these final regulations, we present the *Analysis of Comments and Changes* in three sections. In section A, we discuss provisions in part 361 that apply generally to the administration of the VR program and to the provision of vocational rehabilitation services to individuals with disabilities. In section B, we discuss provisions related to the transition of students and youth with disabilities from school to postsecondary education and employment. Finally, in section C, we discuss the fiscal administration of the VR program.

Due to extensive changes, we published the entire part 361 in the NPRM, which included conforming and technical changes. We did not propose substantive changes to all sections of this part. Thus, we did not intend to make all regulations within this part available for public comment. Consequently, we do not address the comments we received on the following sections: §§ 361.5(c)(18), 361.5(c)(24), 361.5(c)(27), 361.5(c)(28), 361.5(c)(29), 361.5(c)(30), 361.5(c)(34), 361.5(c)(40), 361.5(c)(43), 361.5(c)(57), 361.47, 361.52, 361.56, and 361.57. Finally, we generally do not discuss differences between the NPRM and these final regulations that are technical or conforming in nature.

Organizational Changes

Although the regulations maintain subparts A, B, and C of part 361, we make organizational changes to other subparts within this part. First, we incorporate new subparts D, E, and F, where we place the three subparts discussed in a separate, but related, regulatory action (the joint regulations issued by the Departments of Education and Labor implementing jointly administered requirements governing all six core programs of the workforce development system, including the VR program, contained in title I of WIOA) published elsewhere in this issue of the **Federal Register**. Please see that regulatory action for more information about how these subparts are incorporated into part 361. Second, we remove prior §§ 361.80 through 361.89, since the VR program-specific standards and indicators are no longer applicable. Finally, we eliminate Appendix A to prior part 361—Questions and Responses. The Department intends to issue guidance on various areas covered in the final regulations, including some that had been covered by prior Appendix A, in the near future.

A. Provisions of General Applicability

Section A includes the *Analysis of Comments and Changes* to the regulations in subparts A and B of part 361 that pertain to the administration of the VR program generally and to the provision of vocational rehabilitation services to individuals with disabilities of any age. The analysis is presented by topical headings relevant to sections of the regulations in the order they appear in part 361 as listed. We discuss some of these same regulations in section B of the *Analysis of Comments and Changes* as they relate specifically to the transition of students and youth with disabilities from school to post-school activities, including final §§ 361.24, 361.46, 361.48(b), and 361.49.

Purpose (§ 361.1)

Comments: A few commenters supported the replacement of the term ''gainful employment'' with the term ''competitive integrated employment'' and the inclusion of the term ''economic self-sufficiency'' in proposed § 361.1. In addition, many commenters sought clarification of the term ''economic self-sufficiency'' as used in this regulation and requested that we define it in § 361.5(c). Of these commenters, most suggested that the term ''economic self-sufficiency'' may deter individuals with disabilities who are receiving public benefits from applying for vocational rehabilitation services. Additionally, some commenters suggested that DSUs may use economic self-sufficiency to determine that individuals with disabilities who wish to maintain their public benefits are ineligible for vocational rehabilitation services. Some commenters indicated that individuals with intellectual or developmental disabilities may never achieve earnings, through competitive integrated employment, sufficient to cease receiving public benefits. Two commenters viewed ''economic self-sufficiency'' as a criterion within both the definitions of ''employment outcome'' and ''competitive integrated employment,'' and requested that we identify criteria that DSUs may use to determine when individuals achieve this level of employment and are rehabilitated enough to no longer need vocational rehabilitation services.

Discussion: We appreciate comments supporting inclusion of the terms ''competitive integrated employment'' and ''economic self-sufficiency'' in final § 361.1. We agree that inclusion of these terms in the regulation reflects the spirit of the Act in general, and is consistent with specific amendments to section 100(a) of the Act made by WIOA. While we understand commenters' requests for a definition of ''economic self-sufficiency,'' the Act, as amended by WIOA, does not define the term. We believe that the use of the term in final § 361.1(b) is consistent with its common understanding and refers to the situation in which an individual can support him- or herself financially with minimal or no reliance on public benefits or assistance from other persons. Therefore, we do not define the term ''economic self-sufficiency.'' In addition, use of the term ''economic self-sufficiency'' in section 100(a)(2)(B) of the Act, as amended by WIOA, and in final § 361.1(b) does not require the individual to achieve economic self-sufficiency—either as a prerequisite for receipt of services or as an outcome resulting from vocational rehabilitation services provided. Rather, the term as used in the Act, as amended by WIOA, and in these final regulations merely requires that the vocational rehabilitation services provided to an individual be consistent with the individual's strengths, resources, priorities, concerns, abilities, capabilities, interests, informed choice, and economic self-sufficiency. Vocational rehabilitation services ideally should assist an individual to achieve a competitive integrated employment outcome that will enable the individual to become economically self-sufficient, but there is no requirement in either the Act or these final regulations that an individual achieve economic self-sufficiency or a specific level of financial independence.

Section 102(a) of the Act, as amended by WIOA, does not include economic self-sufficiency among the eligibility criteria. Inclusion of the term in final § 361.1(b) does not alter the eligibility criteria for the program in final § 361.42(a)(1). We encourage DSUs to conduct outreach to individuals with disabilities and service providers to clarify any misperception that the use of this term implies that individuals with disabilities may no longer receive vocational rehabilitation services for the purpose of achieving an employment outcome in competitive integrated employment or supported employment if they wish to maintain their public benefits. We also encourage DSUs to provide vocational counseling and guidance and benefits planning services to these individuals to assist them in better understanding the impact of participation in the VR program and employment on their public benefits.

Economic self-sufficiency is not a component of the definitions of ''competitive integrated employment'' and ''employment outcome'' in sections 7(5) and 7(11), respectively, of the Act, as amended by WIOA. We disagree that the implementing regulations for the definitions of these terms in final §§ 361.5(c)(9) and 361.5(c)(15) should be revised to incorporate criteria related to the achievement of economic self-sufficiency as suggested by the commenter. We believe the wages and benefits criteria, especially as contained in the definition for ''competitive integrated employment'' in final § 361.5(c)(9), are consistent with those set forth in the statutory definition in section 7(5) of the Act.

Changes: None.

Authorized Activities (§ 361.3)

Comments: None.

Discussion: Upon further review of § 361.3, we have determined a change is needed to clarify that the use of VR program funds to pay for the infrastructure costs of the one-stop delivery system established by title I of WIOA is an authorized activity under the VR program. Section 121(h) of title I of WIOA requires one-stop partners, including the VR program, to pay a proportional share of the one-stop system's infrastructure costs. These costs satisfy the definition of ''administrative costs'' in final § 361.5(c)(2) because such expenditures constitute operating and maintenance costs, which are permissible administrative costs under the VR program. We have revised final § 361.3(b) to specify that one-stop infrastructure costs are considered administrative costs under the VR services portion of the Unified or Combined State Plan and, therefore, are authorized activities under the VR program. In making this change, we ensure consistency with final § 361.5(c)(2)(viii), as well as jointly administered requirements governing the one-stop delivery system contained in joint regulations published elsewhere in this issue of the **Federal Register**.

Changes: We have revised final § 361.3(b) to specify that the use of VR program funds to pay for one-stop system infrastructure costs is an authorized activity of the program as an administrative cost.

Applicable Regulations (§ 361.4)

Training on 2 CFR Part 200 Requirements

Comments: Two commenters requested the Department provide training on 2 CFR part 200 requirements, focusing on definitions and general applicability.

Discussion: The Department has conducted a number of Webinars and developed technical assistance materials to assist grantees in implementing 2 CFR part 200 requirements and will continue to do so as needed. The Department maintains a technical assistance Web page for grantees regarding the requirements set forth in 2 CFR part 200, which may be accessed at *www.ed.gov*. The Department will consider future Webinars, as appropriate.

Changes: None.

Third-Party In-Kind Contributions

Comments: None.

Discussion: As specified under final § 361.60(b)(2), third-party in-kind contributions may not be used to meet the non-Federal share for match

purposes under the VR program. This prohibition against the use of third-party in-kind contributions under the VR program has been in place since 1997. Upon further Departmental review regarding this long-standing prohibition, we have determined it necessary to revise final § 361.4(d). In so doing, the Secretary clarifies that 2 CFR 200.306(b), which allows third party in-kind contributions to be used as part of a non-Federal entity's cost sharing or matching when such contributions meet certain criteria, does not apply to the VR program. The Secretary believes this technical change will eliminate any confusion expressed by commenters in relation to final § 361.60(b)(2).

Changes: We have amended the applicable regulations in final § 361.4(d) to specify that 2 CFR 200.306(b), as it pertains to the acceptance of third-party in-kind contributions, is not applicable to the VR program.

Applicable Definitions (§ 361.5)

Administrative Cost (§ 361.5(c)(2))

Supervisory Personnel

Comments: One commenter recommended that we consider costs for local level supervisors who do not perform counseling duties, but who directly supervise counselors, to be direct service costs rather than administrative costs.

Discussion: We disagree with the recommendation to consider the costs for local level supervisors who do not perform counseling duties, but who directly supervise counselors, to be direct service costs, rather than ''administrative costs.'' Final § 361.5(c)(2)(xi) specifies that administrative salaries constitute ''administrative costs.'' Administrative salaries are those personnel costs paid to individuals who are not providing direct services to VR program applicants and consumers, and may include clerical and managerial salaries. Therefore, we consider costs for supervisors who do not provide direct services to be administrative costs in support of vocational rehabilitation services, rather than costs for the actual provision of such services.

Changes: None.

Travel Costs

Comments: Two commenters indicated that the instructions for completing the Annual Vocational Rehabilitation Program/Cost Report (RSA–2) in Policy Directive (PD) 14–02 requiring DSUs to report staff travel costs as ''administrative costs'' appear to conflict with proposed § 361.5(c)(2)(xii), which specifically excludes travel costs related to the provision of services from ''administrative costs.''

One commenter recommended we clarify that grantees may consider travel costs incurred in the provision of vocational rehabilitation services as a service-related cost, rather than an administrative cost. Specifically, the commenter requested that the final regulations clarify that travel costs incurred in the provision of pre-employment transition services may be paid from the funds reserved for that purpose. This commenter also suggested that the Department update reporting instructions accordingly.

Discussion: We appreciate the commenters' observation that the definition of ''administrative costs'' in proposed § 361.5(c)(2)(xii) appears to conflict with the instructions for completing the RSA–2 with regard to staff travel costs. The Department will review and update previously issued guidance as necessary to ensure consistency with these final regulations.

We agree that travel costs incurred directly as a result of providing vocational rehabilitation services constitute service-related costs, not ''administrative costs'' for purposes of the VR program. Therefore, DSUs may pay for travel costs incurred as a direct result of providing pre-employment transition services to students with disabilities, including travel to individualized education program meetings, from the funds reserved for the provision of those services. Travel costs incurred as a result of providing other vocational rehabilitation services to students with disabilities may not be paid from the funds reserved for the provision of pre-employment transition services because such travel would be beyond the scope of section 113 of the Act, as amended by WIOA, and final § 361.48(a). While travel costs incurred as a result of providing other vocational rehabilitation services to students with disabilities who have been determined eligible for vocational rehabilitation services may not be paid from the funds reserved for the provision of pre-employment transition services, they still would be service-related, not administrative, costs. Staff travel costs incurred for other purposes, such as attending regional meetings or trainings, satisfy the definition of ''administrative costs'' and must be reported as such on the RSA–2. DSUs must have an established system of internal controls sufficient to record and track administrative expenditures associated with authorized activities so they can be distinguished from authorized service-related costs. In this way, DSUs are able to satisfy accounting and reporting requirements set forth in final § 361.12 and Uniform Guidance on financial management in 2 CFR 200.302.

Changes: None.

Depreciation

Comments: One commenter requested that we clarify whether DSUs must classify depreciation for administrative facilities as administrative costs.

Discussion: Final § 361.5(c)(2) provides several examples of administrative costs; however, the examples provided are not exhaustive. DSUs must treat depreciation in accordance with the Uniform Guidance requirements, as set forth in 2 CFR 200.436, and report it accordingly. Therefore, DSUs must report depreciation for facilities used for the administration of the VR program as administrative costs.

Changes: None.

Infrastructure Costs for the Workforce Development System and Capital Expenditures

Comments: None.

Discussion: After further analysis of proposed § 361.5(c)(2), we made a technical change in final § 361.5(c)(2)(viii) to specify that costs to support the infrastructure of the one-stop delivery system established under title I of WIOA are ''administrative costs'' for purposes of the VR program. Section 121(h) of WIOA requires one-stop partners, including the VR program, to pay a proportional share of the one-stop system's infrastructure costs. We believe these costs satisfy the definition of ''administrative costs'' in final § 361.5(c)(2)(viii) because these expenditures constitute operational and maintenance costs. We have revised final § 361.5(c)(2)(viii) to specify operational and maintenance costs, for purposes of the definition of ''administrative costs'' under the VR program, include one-stop system infrastructure costs. This technical change ensures consistency with final § 361.3(b) and the jointly administered requirements governing the one-stop system, as set forth in the joint regulations published elsewhere in this issue of the **Federal Register**.

Additionally, we made a change to final § 361.5(c)(2)(viii) to conform to the Uniform Guidance in 2 CFR part 200. In accordance with 2 CFR 200.439(b)(3), capital expenditures for improvements to land, buildings, or equipment which materially increase their value or useful life are unallowable as a direct cost, except with the prior written approval of the Department. Therefore, we have revised final § 361.5(c)(2)(viii) to delete a clause that had excluded capital

expenditures from the definition of ''administrative costs'' for purposes of the VR program. Pursuant to this change, DSUs must treat capital expenditures as ''administrative costs'' for purposes of the VR program. This technical change enables grantees to report these costs more accurately as an administrative cost on the RSA–2 VR Program Cost Report.

Changes: We have revised final § 361.5(c)(2)(viii) to specify that the definition of ''administrative costs'' includes those costs associated with operating and maintaining the infrastructure of the one-stop system.

In addition, we have deleted the reference to ''not including capital expenditures as defined in 2 CFR 200.13'' from final § 361.5(c)(2)(viii).

Assessment for Determining Eligibility and Vocational Rehabilitation Needs (§ 361.5(c)(5))

Comments: A few commenters supported the definition of ''assessment for determining eligibility and vocational rehabilitation needs'' in proposed § 361.5(c)(5). Some commenters disagreed with the requirement in the definition that, if additional data are needed to determine the employment outcome and the vocational rehabilitation services to be included in the individualized plan for employment, the DSU can conduct a comprehensive assessment that, in part, relies to the maximum extent possible on information obtained from experiences in integrated employment and other settings in the community. Another commenter requested clarification as to whether the use of information obtained from prior experiences within integrated employment settings or other integrated community settings could include internships or other unpaid work experiences.

Discussion: We appreciate the support for proposed § 361.5(c)(5), as well as the concerns and requests for clarification. Section 7(2)(B)(v) of the Act, as amended by WIOA, and final § 361.5(c)(5)(ii)(E) allow a DSU, when conducting the comprehensive assessment to determine the vocational rehabilitation needs and employment outcome for inclusion in the individualized plan for employment, to rely, in part, on the applicant's participation in integrated employment settings to the maximum extent possible. However, neither the Act nor the final regulations require that the individual be paid during these experiences. Therefore, section 7(2) of the Act and final § 361.5(c)(5)(ii) do not prohibit DSUs from using unpaid internships or work experiences during the assessment process. We received other comments concerning a perceived conflict between this definition and proposed § 361.42(c)(2), which prohibits a DSU from considering an individual's work history when determining an applicant's eligibility for vocational rehabilitation services, and contracting with community rehabilitation programs that hold subminimum wage certificates issued by the Department of Labor under section 14(c) of the FLSA when conducting assessments. We address these comments in the *Analysis of Comments and Changes* of the *Assessment for Determining Eligibility and Priority for Services* section.

Changes: None.

Competitive Integrated Employment (§ 361.5(c)(9))

Competitive Integrated Employment

The overarching principle of the Act, as amended by WIOA, that individuals with disabilities are capable of achieving full integration into all aspects of life, including employment, is most evident in the definition of ''competitive integrated employment'' in section 7(5) of the Act and the interweaving of the term throughout the many provisions of the statute. Because of its central importance to the purpose of the VR program, we received extensive comments on the definition in proposed § 361.5(c)(9), expressing both strong support for, and opposition to, the proposed definition. The vast majority of public comment on the definition focused on the criteria that an employment location must satisfy if it is to be considered integrated. Some commenters expressed support for the definition in general, and the criteria for an integrated location specifically, for several reasons, including the definition's specificity that the commenters believe will ensure individuals with disabilities are working in integrated employment settings, and the impact the definition can have in curtailing the low expectations for individuals with disabilities who are relegated to segregated employment with little opportunity for advancement. However, many commenters opposed the definition, expressing concern that it would restrict or eliminate subminimum wage and sheltered employment for individuals with disabilities, or limit the ability of these individuals to choose among these options. We appreciate the support for the definition, and discuss the detailed comments in opposition to, and requests for clarification of, the proposed definition under the topical headings that follow.

Subminimum Wage and Sheltered Employment

Comments: Many commenters urged us to protect or not to eliminate the payment of subminimum wages to individuals with disabilities and sheltered employment. One of these commenters stated that not all individuals can be paid minimum wages, and that the employment must be profitable for both parties. Similarly, another commenter stated that if entities holding subminimum wage certificates were forced to pay less productive individuals with disabilities minimum wages, they would lose business to companies overseas. Likewise, some commenters stated that sheltered employment is needed to protect individuals with intellectual disabilities and other significant disabilities from abuse. A few commenters expressed their concern that the integrated location criteria of the definition devalue the employment of individuals with disabilities who cannot work in these settings.

Many commenters opposed the definition because it would limit an individual's choice of subminimum wage and sheltered employment options. Some of these commenters asked that we create an exception from the criteria for individuals who choose to work in a segregated or sheltered setting if all other criteria regarding competitive earnings and opportunities for advancement are satisfied.

Discussion: We acknowledge that many commenters on part 361 in general, and the definition of ''competitive integrated employment'' specifically, are concerned that these final regulations will eliminate or restrict the ability of individuals with disabilities, particularly those with the most significant disabilities, to be paid subminimum wages by entities holding certificates issued by the Department of Labor under section 14(c) of the FLSA, as well as sheltered employment. Although we recognize the concerns expressed by these commenters, we emphasize that the definition of ''competitive integrated employment'' and its use throughout final part 361 are intended to ensure that all individuals with disabilities served through the VR program are provided every opportunity to achieve employment with earnings comparable to those paid to individuals without disabilities in a setting that allows them to interact with individuals who do not have disabilities. Nonetheless, nothing in title I of the Act, as amended by WIOA, or the

regulations in final part 361 affects the FLSA in any manner. Later in this *Analysis of Comments and Changes,* we address limitations on the use of subminimum wage in section 511 of the Act and final 34 CFR part 397. In addition, the definition ''competitive integrated employment'' in final § 361.5(c)(9) does not prohibit or eliminate sheltered employment. As explained in final regulations published on January 21, 2001, we agree that extended employment programs have traditionally served as a safety net for individuals with significant disabilities who cannot perform work in an integrated setting in the community or who choose to work only among their disabled peers (66 FR 7250). The Secretary does not devalue the dignity or the worth of extended employment programs or the individuals who work in those settings. Rather, the definition of ''competitive integrated employment'' reflects the heightened emphasis throughout the Act, as amended by WIOA, that individuals with disabilities, including those with the most significant disabilities, can achieve employment in the community and economic self-sufficiency if provided appropriate services and supports. Because DSUs have been unable to assist individuals with disabilities to obtain sheltered employment through the VR program since October 2001, the vast majority of individuals have accessed sheltered employment through other sources or on their own initiative. Therefore, the Secretary believes the definition in final § 361.5(c)(9) will not affect the availability of sheltered employment for individuals who choose this form of employment, or for whom it is a legitimate and necessary option.

Furthermore, while the Act, as amended by WIOA, places a premium on the ability of individuals with disabilities to exercise informed choice throughout the vocational rehabilitation process, we do not agree that the final regulations in part 361 generally and the definition specifically are inconsistent with that emphasis. In fact, an individual with a disability may pursue any form of employment he or she chooses. However, if the individual wishes to receive vocational rehabilitation services, he or she must intend to achieve an ''employment outcome,'' which is defined in final § 361.5(c)(15) for purposes of the VR program as employment in competitive integrated employment or supported employment. If the individual chooses to pursue work that does not satisfy the definition of ''employment outcome'' for purposes of the VR program, such as sheltered employment, the individual must seek services from another agency or provider. In such circumstances, these final regulations require the DSU to refer that individual to local extended employment providers or other Federal, State, or local programs (*e.g.,* community rehabilitation programs, State Use programs, and centers for independent living) that can meet the individual's needs. The referral requirements in final § 361.37 also ensure that individuals receive sufficient information concerning the scope of the VR program and opportunities for individuals with disabilities to pursue competitive integrated employment. This information enables individuals to make a fully informed choice regarding whether to pursue competitive integrated employment through the VR program or subminimum wage and extended employment through other sources.

The Secretary believes these final regulations ensure that the VR program promotes to the maximum extent possible opportunities for individuals with disabilities, particularly those with significant disabilities, to pursue competitive integrated employment options. Moreover, final § 361.52 requires each DSU to preserve individual choice in the manner in which the Act intends for individuals who choose to pursue employment outcomes within the scope of the VR program.

Finally, section 7(5) of the Act, as amended by WIOA, does not permit an exception to the definition's requirements for individuals who choose subminimum wage and or sheltered employment. In fact, such an exception would be inconsistent with the plain meaning of the criteria contained in the statutory definition in section 7(5) of the Act. Therefore, we lack the statutory authority to create such an exception in final § 361.5(c)(9).

Changes: None.

Public Benefits

Comments: One commenter requested that we clarify the effect of the definition of ''competitive integrated employment'' on the eligibility of individuals with disabilities for Social Security benefits. One commenter expressed concern that the criteria would cause individuals to lose needed benefits provided through Medicaid and other sources.

Discussion: We recognize that some individuals are reluctant to pursue employment through the VR program due to their perceptions of the negative impact employment may have on the public benefits, including Medicaid and other sources, on which they rely for financial and medical support. To enable individuals with disabilities to better understand the effects of employment on Social Security and other benefits and make well-informed decisions about the employment goals that best suit their needs, section 102(b)(2) of the Act, as amended by WIOA, and final § 361.45(c)(2) require DSUs to provide benefits planning information, including information about work incentives provided through the Social Security Administration (SSA), to these individuals during the process for developing the individualized plan for employment. For further information, see the *Development of the Individualized Plan for Employment* section later in this *Analysis of Comments and Changes.*

Changes: None.

Full- and Part-Time Employment

Comments: A few commenters requested that we define or clarify the terms ''full-time'' and ''part-time'' employment as they are used in the definition of ''competitive integrated employment.'' These commenters asked whether there is a minimum number of hours that an individual must work for the employment to satisfy the requirements of the definition, as well as the definition of an ''employment outcome.'' A few commenters expressed concern that on-call or temporary employment is not within the scope of the definition because it is not considered full- or part-time scheduled employment. They stated that many entry-level individuals are employed in on-call positions and that permitting this form of employment could enable individuals with intellectual disabilities to maintain employment.

Discussion: The reference to full- and part-time work in the definitions for the terms ''employment outcome'' and ''competitive integrated employment,'' for purposes of the VR program, is not new. The definition for ''employment outcome'' has remained consistent since the 1992 Amendments to the Act and the 1997 VR program regulations (62 FR 6334 (Feb. 11, 1997)). Although ''competitive integrated employment'' is a new term in the Act, as amended by WIOA, and these final regulations, the term and its definition are consistent with that for ''competitive employment'' in prior § 361.5(b)(11), which dates back to the 1997 VR program regulations. Because these definitions have existed for approximately 20 years without substantial change, we do not believe it necessary to define ''full-time'' or ''part-time'' in final part 361. ''Full-time'' and

''part-time'' have their common meanings and may vary across sectors of the economy. Generally, individuals are considered to be employed full-time if they work 40 hours per week. However, it is not uncommon for full-time employees to work fewer hours, such as 35 hours per week, depending on the terms of employment established by the employer. ''Part-time'' employment is employment for any number of hours less than that of full-time employment for the particular work performed. Nowhere in the statutory definitions of ''competitive integrated employment'' or ''employment outcome,'' or any other provision of the Act, as amended by WIOA, is a minimum number of hours that an individual must work for the employment to be considered full- or part-time specified, and we decline to do so in these final regulations, relying on the terms' common understanding. Finally, we clarify in this discussion that the definitions of ''competitive integrated employment'' and ''employment outcome,'' as set forth in the Act and these final regulations, do not require that the individual's employment be regularly scheduled, as suggested by the commenter. Thus, DSUs may assist individuals to obtain temporary or on-call employment so long as all the criteria of the definitions are satisfied.

Changes: None.

Minimum Wage Rates

Comments: Some commenters expressed strong support for the competitive earnings criteria in proposed § 361.5(c)(9)(i). We also received comments recommending changes to the criteria or requesting clarification. One commenter stated that the requirement that the individual's wages equal or exceed the higher of the Federal, or applicable State or local minimum wage rates adds unnecessary complexity to the vocational rehabilitation process. This commenter recommended that we apply a single standard of the Federal minimum wage rate to all employment outcomes achieved through the VR program, or that we apply the minimum wage rate in effect in the place of the individual's employment, and not the individual's place of residence.

Discussion: We appreciate the strong support for the competitive earnings criteria and respond here to the requests for clarification. We disagree with the request to avoid complexity by using only the Federal minimum wage as the measure of competitive earnings. Section 7(5)(A)(i)(I)(aa) of the Act, as amended by WIOA, requires that the individual's earnings equal or exceed the Federal, State, or applicable local minimum wage rate, whichever is higher, for the employment to satisfy the definition of ''competitive integrated employment.'' Final § 361.5(c)(9)(i)(A) mirrors the statutory definition in this respect. Given the specific statutory requirement, we lack the statutory authority to restrict this requirement in the final regulation. In addition, the definition focuses on the wages paid by the employer, who is subject to the minimum wage laws applicable to the place of employment. Consequently, we agree with the commenter that the determination of whether the individual's earnings satisfy the definition's criteria should be based on the minimum wage rate applicable to the individual's place of employment, and not his or her place of residence.

Changes: We have revised final § 361.5(c)(9)(i)(A) to clarify that the applicable State and local minimum wage laws are those that apply to the place of employment.

Customary Wages

Comments: One commenter recommended that we revise the definition to emphasize that the intent of the law and the regulations is to ensure that wages and benefits paid to individuals with disabilities are comparable to the prevailing wage and benefits of individuals without disabilities.

Discussion: Section 7(5)(A)(i)(I)(bb) of the Act, as amended by WIOA, and final § 361.5(c)(9)(i)(B) require that the individual with the disability be compensated at a rate comparable to the customary rate paid by the employer for the same or similar work performed by individuals without disabilities for the employment to be considered competitive integrated employment. The Secretary emphasizes that this provision in both the Act and the final regulations mirrors the definition of ''competitive employment'' in prior § 361.5(b)(11)(ii) (see 66 FR 4379 (Jan. 17, 2001)), which formed the basis for the definition in the Act. We also note that the commenter's recommendation would not limit the criterion to the wages paid by the employer, as do the statutory and final regulatory definition, but would appear to extend the criterion to the prevailing wages paid to individuals without disabilities in similar positions generally. For these reasons the recommendation is not consistent with the criterion in the statutory definition and, thus, we do not have the authority to expand the regulatory definition in final § 361.5(c)(9)(i)(B) as the commenter suggests.

Changes: None.

Comparable Training, Skills, and Experience

Comments: Two commenters requested that we clarify the meaning of ''comparable training, skills, and experience'' as used in the definition, and how this concept could be quantified.

Discussion: Section 7(5)(A)(i)(I)(bb) of the Act, as amended by WIOA, and final § 361.5(c)(9)(i)(B) require the DSU to take into account the training, experience, and level of skills possessed by employees without disabilities in similar positions when determining whether the earnings of the individual with a disability are comparable. We do not believe that it is possible to quantify this comparison. Instead, the determination is based on the vocational rehabilitation counselor's knowledge of the training, skills, and experience needed to perform the job generally and required by the employer specifically. In this way, the DSU can ensure that the individual with the disability is compensated in a manner comparable to that of employees without disabilities in all critical respects, and is not paid at a lower rate simply on the basis of his or her disability.

Changes: None.

Self-Employment

Comments: One commenter noted the proposed definition recognizes that individuals, with or without disabilities, in self-employment may not receive an income from the business equal to or exceeding applicable minimum wage rates, particularly in the early stages of operation. The commenter requested clarification regarding the reason the definition proscribes an individual with a disability in self-employment from what other successful entrepreneurs have the option to practice. Another commenter asked if individuals who achieve self-employment are included in the calculations of the performance accountability measures assessing employment in the second and fourth quarters after exit from the VR program, since their employment and wages are not captured in Unemployment Insurance wage systems.

Discussion: We want to clarify that section 7(5)(A)(i)(II) of the Act, as amended by WIOA, and final § 361.5(c)(9)(i)(C) do not prevent, as the commenter indicates, an individual with a disability who is self-employed from receiving earnings comparable to those achieved by individuals without disabilities in similar occupations. As explained in the preamble to the NPRM, the statutory and regulatory definitions

recognize that individuals with disabilities, as well as individuals without disabilities, may experience difficulty in generating sufficient income from their self-employment ventures, that will enable them to achieve earnings equal to or exceeding the applicable minimum wage rate, especially in the early stages of the business operations. Thus, final § 361.5(c)(9)(i)(C) provides that a self-employed individual with a disability in the start-up phase of a business venture who is making less than the applicable minimum wage can meet the definition of ''competitive integrated employment.''

Furthermore, individuals who receive services through the VR program to assist with the achievement of self-employment outcomes are considered ''participants'' as that term is defined under the joint final regulations implementing the jointly administered performance accountability system requirements of section 116 of title I of WIOA, published elsewhere in this issue of the **Federal Register**, and must be taken into account when calculating a DSU's performance on those measures. Since the employment status and earnings of self-employed individuals are not captured through the unemployment insurance wage system, a DSU may use supplemental wage information to obtain the data necessary for the calculation of its performance. For further information concerning the definition of ''participant'' for purposes of the performance accountability measures under section 116 of WIOA and the data needed to calculate these measures, particularly data related to supplemental information when quarterly wage records are not available, see the analysis of comments on the joint performance final regulations published elsewhere in this issue of the **Federal Register**.

Changes: None.

Documentation of Competitive Earnings

Comments: One commenter asked what documentation a DSU is required to use when verifying the criteria for competitive earnings, including that the wages are equal to, or exceed, the applicable wage rate for the locality; that the individual's wages and benefits are comparable to those earned by individuals without disabilities in similar positions and who possess the same level of training, skills, and experience; that the individual has the same opportunities for advancement as do persons without disabilities in similar positions; and the income level of an individual who has achieved self-employment.

Discussion: Final § 361.47(a)(9) requires the DSU to maintain a record of services for each individual served through the VR program that includes documentation verifying if the individual has achieved competitive integrated employment, including whether the individual has obtained employment with competitive earnings. Final § 361.47(b) does not prescribe the necessary documentation, but directs the DSU, in consultation with the State Rehabilitation Council, to determine the type of documentation needed to meet the requirements of § 361.47(a). However, examples of documentation that a DSU may use include, as appropriate for the type of employment, unemployment insurance wage records, tax returns, earnings statements from the employer, and self-reported information.

Changes: None.

Subsistence Occupations

Comments: Some commenters responded to the statement in the NPRM's preamble indicating that we interpret subsistence employment as a form of self-employment common to cultures of many American Indian tribes, or to the definition of ''subsistence'' under 34 CFR part 371 governing the American Indian Vocational Rehabilitation Services (AIVRS) program (see NPRM, Workforce Innovation and Opportunity Act, Miscellaneous Program Changes, 80 FR 20988, 20994–20998 (April 16, 2015)). Several commenters asked whether the interpretation of the self-employment criteria within the definition of ''competitive integrated employment'' in proposed § 361.5(c)(9) that includes subsistence activities is limited to individuals served through the AIVRS program under 34 CFR part 371 or to American Indians and Alaska Natives. Of these, one commenter noted that subsistence activities are not only culturally relevant for American Indians and Alaska Natives, but that they are also vital to many individuals who live in rural areas with limited competitive employment options. One commenter requested that we clarify the meaning of ''culturally appropriate'' as used in the definition of ''subsistence'' and the preamble to the NPRM by providing examples. Another commenter asked what limits would be placed on hobbies as self-employment outcomes if subsistence outcomes were available to all individuals served through the VR program. In addition, several commenters requested that we revise the definition of ''employment outcome'' for purposes of the VR program to include within its scope subsistence activities.

Discussion: In the NPRM covering amendments made by WIOA to the miscellaneous programs authorized by the Act, the Secretary proposed a definition of ''subsistence'' in 34 CFR 371.6 for purposes of the AIVRS program (80 FR 20988, 20995). Under that definition, ''subsistence'' means a form of self-employment in which individuals use culturally relevant or traditional methods to produce goods or services for household consumption or non-commercial barter and trade that constitute an important basis for the individual's livelihood. To ensure consistency in the interpretation of the definition of ''competitive integrated employment'' for the purposes of the VR program and the AIVRS program, and in light of the definition of ''subsistence'' in final 34 CFR 371.6, the Secretary stated in the preamble to the NPRM to the VR regulations that the Department interprets subsistence employment as a form of self-employment common to cultures of many American Indian tribes. The Secretary believes that consistency in interpretation and implementation of the regulations governing the VR and AIVRS programs is essential given the large number of American Indians and Alaska Natives with disabilities who are eligible for services from both programs, some of whom may be served by the programs sequentially or even simultaneously.

The Secretary does not intend the statement in the NPRM covering the proposed regulations in part 361, or the inclusion of the definition of ''subsistence'' only in 34 CFR 371.6, to limit the provision of services designed to assist individuals to achieve subsistence occupations to those served through the AIVRS program. DSUs may assist American Indians and Alaska Natives served through the VR program to achieve subsistence occupations as a form of self-employment under the limited circumstances set forth in the definition in 34 CFR 371.6, which the Department applies in the same manner to the VR program.

While the Secretary believes that, as the statement in the NPRM indicates, subsistence occupations are most culturally relevant to American Indian and Alaska Native tribes, the Secretary recognizes that they may also be culturally relevant to other small groups of individuals who may traditionally engage in these occupations, such as those in the outlying areas. Thus, DSUs may find it appropriate to assist individuals from cultures other than American Indian and Alaska Native tribes to achieve self-employment in

subsistence occupations that meet the definition of 34 CFR 371.6. However, because the definition of ''subsistence'' in 34 CFR 371.6 requires that the subsistence occupation be culturally relevant to the individual, the Secretary declines to extend the applicability of subsistence occupations to other individuals with disabilities served through the VR and AIVRS programs solely on the basis of their location in rural areas.

Examples of subsistence occupations that are culturally relevant to American Indians or Alaska Natives include the exchange of fish caught, or grain raised, by the individual with the disability for other goods produced by other members of the tribe that are needed by the individual to live and maintain his or her home. Given, however, the large number of American Indian tribes, including Alaska Native villages and regional corporations, and their widely varying cultural practices, any list of further examples of culturally relevant practices would also be incomplete and may exclude cultural practices that are unique to some tribes. Since the definition of ''subsistence'' in final 34 CFR 371.6 requires that the activity constitute an important basis of the individual's livelihood, DSUs cannot provide vocational rehabilitation services to individuals to enable them to engage in mere hobbies that do not serve this same purpose.

Finally, the definition of ''employment outcome'' in final § 361.5(c)(15) encompasses all forms of competitive integrated employment, including self-employment. Because we consider subsistence occupations to be a form of self-employment, these occupations are already within the scope of the definition of ''employment outcome'' and it is not necessary to revise the definition to include a specific reference to subsistence.

Changes: None.

Integrated Location—General

Comments: As stated in the introduction to this section, the majority of commenters who commented on the definition of ''competitive integrated employment'' focused on the integrated location component of the definition in proposed § 361.5(c)(9)(ii), which requires that the individual perform work in a location that meets two distinct criteria. The location must be a setting: (1) Typically found in the community; and (2) where the employee with a disability interacts for the purpose of performing the duties of the position with other employees within the particular work unit and the entire work site, and, as appropriate to the work performed, other persons (*e.g.,* customers and vendors), who are not individuals with disabilities (not including supervisory personnel or individuals who are providing services to the employee) to the same extent that employees who are not individuals with disabilities and who are in comparable positions interact with these persons.

Of the commenters who strongly supported the criteria, several requested that we make additional changes to this particular component of the definition by: (1) Adding language that the criteria should not be used to exclude individuals from the VR program due to concerns about their ability to meet the standard, and emphasizing that individuals with disabilities, including those with the most significant disabilities, are capable of achieving high quality competitive integrated employment when provided the necessary skills and supports; (2) specifically excluding from the scope of the definition employment in businesses owned by community rehabilitation providers, group or enclave settings, affirmative industries, social enterprises, or any other form of non-traditional work unit; and (3) changing the term ''competitive integrated employment'' to ''competitive integrated individualized employment'' to be clear that employment through the VR program is individualized.

Many of the commenters who opposed the integrated location criteria in proposed § 361.5(c)(9)(ii) requested that we replace them with those in the statutory definition because they believe that: (1) Some of the proposed criteria are not mandated by WIOA; (2) some of the proposed criteria are too strict and would result in the loss of employment opportunities that pay good wages and benefits; and (3) the statutory language would maintain work options and choice for consumers.

Some commenters inquired about the impact of the definition on the employment, by community rehabilitation programs, of individuals with disabilities, particularly those who are blind and visually impaired, in managerial and other positions. These commenters stated that employment in these positions was in an integrated location under prior guidance issued by the Department, specifically technical assistance circular 06–01 entitled ''Factors State Vocational Rehabilitation Agencies Should Consider When Determining Whether a Job Position Within a Community Rehabilitation Program is Deemed to be in an Integrated Setting for Purposes of the Vocational Rehabilitation Program'' and dated November 21, 2005. One commenter requested that we clarify whether the employment of individuals with disabilities in call centers operated by community rehabilitation providers occurs in an integrated location.

Another commenter requested that we clarify the impact of the criteria on employment in the business enterprise (vending) program for individuals who are blind under the Randolph-Sheppard Act, as well as State industries programs for the blind.

Discussion: We appreciate the strong support for § 361.5(c)(9)(ii). We also recognize those comments opposing, and requesting clarification of, the criteria. Before addressing the specific comments, the Secretary believes, as stated in the NPRM, that the definition of ''competitive integrated employment'' in section 7(5) of the Act, as amended by WIOA, for the most part incorporates the definition of ''integrated setting'' in prior § 361.5(b)(33)(ii). Therefore, the substance of the definitions of ''competitive integrated employment'' in final § 361.5(c)(9)(ii) and ''integrated setting'' in final § 361.5(c)(32)(ii), for purposes of the VR program, with respect to the integrated nature of the employment location is familiar to DSUs and does not diverge from prior regulations, long-standing Department policy, practice, and the heightened emphasis on competitive integrated employment throughout the Act, as amended by WIOA.

The Secretary believes that final § 361.5(c)(9)(ii) and the explanation in the following paragraphs provide sufficient guidance to enable DSUs to determine whether a particular work location satisfies the definition of ''competitive integrated employment.'' The Secretary does not believe it necessary to revise the definition by adding language emphasizing that individuals with disabilities, including those with the most significant disabilities, are capable of achieving high quality competitive integrated employment when provided the necessary services and supports. This principle is clearly expressed in final § 361.1 describing the purpose of the VR program, thereby forming the foundation for all provisions of final part 361, including the definition of ''competitive integrated employment.'' Therefore, there is no need to restate the principle in the definition.

We do not believe that it is possible to identify all types of non-integrated employment settings in the definition, as the specific exclusion of one type of non-integrated employment setting from the definition could result in a misperception that settings not mentioned are within the scope of the

definition. Instead, we explain in the following paragraphs the application of the integrated location criteria to these types of work settings. When the criteria are properly applied by DSUs, group and enclave employment settings operated by businesses formed for the purpose of employing individuals with disabilities will not satisfy the definition of ''competitive integrated employment.'' Therefore, the Secretary disagrees with the recommendation to add language to the definition expressly excluding from the scope of the definition employment in businesses owned by community rehabilitation providers, group and enclave settings, affirmative industries, social enterprises, and other forms of non-traditional work settings.

In addition, we disagree with the recommendation to change the term ''competitive integrated employment'' to ''competitive integrated individualized employment.'' Section 7(5) of the Act, as amended by WIOA, defines ''competitive integrated employment,'' and that definition forms the basis for the definition in final § 361.5(c)(9). Moreover, the many provisions of the Act and the final regulations in final part 361, including those governing the selection of an employment outcome, the vocational rehabilitation services provided, the exercise of informed choice, and the closure of an individual's service record, underscore the individualized nature of the VR program, thereby making it unnecessary to add the word ''individualized'' to the term ''competitive integrated employment'' in these final regulations.

Furthermore, the Secretary disagrees with the commenters' recommendation that we replace the regulatory criteria in proposed § 361.5(c)(9)(ii) with the statutory criteria, verbatim, in section 7(5)(B) of the Act, as amended by WIOA. As stated in the NPRM, the integrated setting criteria in proposed § 361.5(c)(9)(ii), although not verbatim, are nevertheless consistent with the statutory definition in section 7(5)(B) of the Act, as amended by WIOA, with respect to the integrated nature of the employment setting, and, in turn, are consistent with the definition of ''integrated setting'' in prior § 361.5(b)(33)(ii). Also in light of the consistency of section 7(5)(B) of the Act with the prior regulatory definition of ''integrated setting,'' as well as the Department's long-standing interpretation of that definition, the Secretary does not believe that the criteria in the statutory definition of ''competitive integrated employment'' would permit within its scope work options that would not have satisfied the criteria in prior § 361.5(b)(32)(ii). There is no indication in the Act, as amended by WIOA, or the limited legislative history, that Congress intended to narrow the scope of the integrated setting criterion of the definition of ''competitive integrated employment.'' Therefore, the Secretary believes the definition of ''competitive integrated employment'' in final § 361.5(c)(9)(ii), while not verbatim, is nonetheless consistent with the Act, prior regulations, and long-standing Department policy. This means employment that would have satisfied the definition of ''integrated settings'' in prior regulations and Department guidance would satisfy the definition of ''competitive integrated employment'' in these final regulations.

We emphasize that it is the DSU's responsibility to apply final § 361.5(c)(9)(ii) in a manner consistent with long-standing Departmental policy. The DSU must apply the criteria equally to any position, whether it involves the management or administration of, or the production and delivery of goods and services by, the organization, and without regard to the type of business operation, such as, but not limited to, a call center within a community rehabilitation program, the manufacture of office supplies by a State industries program for individuals who are blind, or a contract for landscaping services. The criteria contained in final §§ 361.5(c)(9)(ii) and 361.5(c)(32)(ii) provide important clarifications that are necessary to better enable a DSU to determine, on a case-by-case basis, whether a particular position in an organization's specific work unit is in an integrated location.

The Randolph-Sheppard Act provides opportunities for self-employment and entrepreneurship in the community to individuals who are blind. As a form of self-employment and business ownership, the outcomes of individuals in the vending facilities established under the Randolph-Sheppard Act are deemed to be in integrated settings and specifically within the definition of ''employment outcome'' in final § 361.5(c)(15).

Changes: None.

Typically Found in the Community

Comments: One commenter stated that work opportunities established by community rehabilitation programs specifically for the purpose of employing individuals with disabilities in the community constitute an integrated setting, and that these jobs enable people to become more self-sufficient and live a more rewarding life.

A few commenters asked whether the criteria would prohibit the employment of individuals with disabilities in work settings operated by community rehabilitation providers that exclusively serve other persons with disabilities (*e.g.,* group homes, inclusive child care centers, adult day programs, or peer support programs), because these locations are not typically found in the community or do not afford the level of interaction among individuals with and without disabilities required by the definition.

One commenter specifically addressed the criterion requiring the work location to be a setting typically found in the community, stating that the criterion does not exist in the statutory definition and it would limit opportunities for individuals with disabilities to participate in new and innovative employment models and businesses that are not yet typical. The commenter recommended that we remove this requirement.

Discussion: The Secretary has incorporated language contained in the prior regulatory definition of ''integrated setting'' requiring that the work location be in ''a setting typically found in the community,'' meaning that an integrated setting must be one that is typically found in the competitive labor market. This long-standing Departmental interpretation is consistent with the Act, as amended by WIOA, as well as with express congressional intent as set forth in prior legislative history. Specifically, integrated setting ''is intended to mean a work setting in a typical labor market site where people with disabilities engage in typical daily work patterns with co-workers who do not have disabilities; and where workers with disabilities are not congregated . . .'' (Senate Report 105–166, page 10, March 2, 1998). Nothing in the Act suggests that Congress intended a different interpretation of the integrated setting criterion in the amendments made by WIOA. Rather, Congress demonstrated a continuation of this interpretation by incorporating into the statute, almost verbatim, a criterion from prior § 361.5(b)(33)(ii) into the definition of ''competitive integrated employment'' in section 7(5)(B) of the Act. Therefore, the Secretary maintains the long-standing Departmental policy that settings established by community rehabilitation programs specifically for the purpose of employing individuals with disabilities (*e.g.,* sheltered workshops) do not constitute integrated settings because these settings are not typically found in the competitive labor market—the first of two criteria that must be satisfied if a DSU is to

determine that a work setting is an integrated location under final § 361.5(c)(9).

As we made clear in the discussion of *Integrated Location—General* previously and have stated in long-standing Departmental policy, DSUs must apply the integrated location criteria in a consistent manner and on a case-by-case basis to any work setting, including settings operated by community rehabilitation providers that exclusively serve other persons with disabilities (*e.g.,* group homes, inclusive child care centers, adult day programs, or peer support programs). Nonetheless, we note that the settings described in the comments, though formed for the unique purpose of serving individuals with disabilities, have not been established for the purpose of employing them. Thus, the settings in question in the comments would appear to satisfy the first criterion that the setting is typically found in the community. If this is the case, it would remain for the DSU to determine if the setting is one in which the employee with the disability interacts with employees without disabilities in the work unit and across the work site to the degree that employees without disabilities in similar positions interact with these same persons.

With respect to the comment specifically about proposed § 361.5(c)(9)(ii)(A), which requires that the location be a setting typically found in the community, the Secretary disagrees with the commenter's request to remove the criterion from the definition. The criterion does not exclude from competitive integrated employment any innovative or unique business models that otherwise satisfy the definition's criteria. Instead, the Secretary interprets the criterion to be more narrowly focused on the purpose for which the business is formed. As explained earlier, businesses established by community rehabilitation programs or any other entity for the primary purpose of employing individuals with disabilities do not satisfy this criterion, and, therefore, are not considered integrated settings, because these settings are not within the competitive labor market. The Department has long considered several factors to typically distinguish positions in these types of businesses from those that satisfy the criterion. The factors that generally would result in a business being considered ''not typically found in the community,'' include: (1) The funding of positions through Javits-Wagner-O'Day Act (JWOD) contracts; (2) allowances under the FLSA for compensatory subminimum wages; and (3) compliance with a mandated direct labor-hour ratio of persons with disabilities. It is the responsibility of the DSU to take these factors into account when determining if a position in a particular work location is an integrated setting.

Changes: None.

Level of Interaction Among Individuals With and Without Disabilities

Comments: Of those commenters who commented specifically on the level of interaction among individuals with and without disabilities, one commenter asked that we include language to require individuals with disabilities to interact with other employees and individuals without disabilities to the same extent that employees without disabilities paid directly by the employer interact with these persons. The commenter stated that the additional language would help to emphasize that individuals can exercise informed choice in the selection of service providers under the VR program.

One commenter suggested that we define ''integrated location'' as a ratio of individuals with disabilities and individuals without disabilities, stating that true integrated employment consists of a mix of workers with and without disabilities.

Another commenter recommended that we adopt the prior Departmental guidance in technical assistance circular 06–01 mentioned in the *Integrated Location—General* discussion. The commenter believed that the guidance required DSUs to give equal weight to the interaction of individuals with disabilities with other individuals without disabilities, including employees in the work unit and across the work site, and customers as well as vendors.

Discussion: In response to those comments addressing proposed § 361.5(c)(9)(ii)(B), the second criterion of integrated location, section 102(d) of the Act and final § 361.52 require that individuals be able to exercise informed choice in the selection of service providers. Therefore, it is not necessary to amend the definition to require that individuals with disabilities interact with employees and other persons without disabilities to the same extent that employees without disabilities paid directly by the employer interact with these persons. We do not believe that including the additional language in final § 361.5(c)(9)(ii)(B) would further protect the ability of individuals to choose among service providers.

The Secretary appreciates the commenter's recommendation that we revise this criterion and define an integrated setting as being comprised of a ratio (not specified by the commenter) of employees with disabilities in comparison to individuals without disabilities. Since ''integrated setting'' was first defined in VR program regulations, we have considered how best to capture the intent of Congress and long-standing Department policy in its criteria. In doing so, we considered whether to establish a numerical ratio and have rejected this as impractical and unworkable. Given the many and varied types of employment settings in today's economy, we cannot determine a single ratio that could be used to satisfactorily determine the level of interaction required to meet the intent underlying the definition. Rather than using a numerical standard, we believe that an ''integrated setting'' is best viewed in light of the quality of the interaction among employees with disabilities and persons without disabilities when compared to that of employees without disabilities in similar positions, and have not added a numerical ratio to final § 361.5(c)(9).

The Secretary disagrees with the commenter's interpretation of the prior guidance provided in technical assistance circular 06–01 and the assertion that factors such as the level of interaction of employees with disabilities with other employees in the work unit and across the work site, as well as with customers and vendors, should be weighted equally. As stated in the NPRM, the Secretary believes the focus of whether the setting is integrated should be on the interaction between employees with and without disabilities, and not solely on the interaction of employees with disabilities with people outside of the work unit. For example, the interaction of individuals with disabilities employed in a customer service center with other persons over the telephone, regardless of whether these persons have disabilities, would be insufficient by itself to satisfy the definition. Instead, the interaction of primary consideration should be that between the employee with the disability and his or her colleagues without disabilities in similar positions.

Changes: None.

Work Unit

Comments: Commenters supporting and opposing the integrated location criteria commented specifically on the use of ''work unit'' in final § 361.5(c)(9)(ii)(B). Some in support requested that we clarify the meaning of the term with respect to the numbers of individuals with disabilities as compared to those without disabilities

to ensure that the standard is consistently applied to work units of different sizes, and the effect of the term on the ability of individuals to choose to work alone. One commenter suggested that we clarify that the employment of individuals with disabilities in non-traditional work units who perform their duties of the position in isolation or separate from other employees in the work unit satisfies the definition of ''competitive integrated employment'' as long as all other criteria are met.

A few commenters asked whether ''work unit'' refers to all employees in a certain job category or program, or to groups of employees working together to accomplish tasks. These commenters stated that certain categories of employees (such as temporary office workers and certain kinds of contract workers) regularly interact with others within the work site (including other employees, customers, or vendors), but do not work side by side or in collaboration with others within the same job category. Similarly, a few commenters requested that we clarify the effect of the criteria on employment in scattered work sites.

Of those in opposition, some requested that we remove ''work unit'' from the definition because they were concerned that its use prohibits mobile work crews and enclaves unless very restrictive criteria are met, and that if Congress had intended to eliminate group work opportunities, it would have done so in the law. Other commenters requested clarification of the effect of the term on group employment under the JWOD Act commonly used in Ability One and long-term commercial contracts, stating that these settings provide well-paying jobs for persons with the most significant disabilities.

Discussion: In response to those comments that address the use of the term ''work unit,'' the Secretary disagrees with the recommendation to remove the term from the definition because it properly focuses the consideration of the interaction of the individual with the disability with employees without disabilities within the environment in which the work is performed. As used in the definition, ''work unit'' may refer to all employees in a particular job category or to a group of employees working together to accomplish tasks, depending on the employer's organizational structure. In addition, its use is consistent with prior guidance issued by the Department. The Secretary emphasizes that the Department has long maintained that the interaction required between employees with disabilities and employees without disabilities is not dependent on the number of individuals in the work unit and that the criterion must be applied consistently to work units of any size. The Department also has long-held that the interaction between employees with and without disabilities need not be face to face. Nor do we interpret the criterion as necessarily excluding employment settings in which individuals work alone, such as telecommuting, temporary employment, and work in mobile or scattered locations, from the scope of the definition of ''competitive integrated employment,'' so long as the employee with the disability interacts with employees of the employer in similar positions and interacts with other persons without disabilities to the same extent that employees without disabilities interact with others.

As stated earlier in this section, the Department has long considered the funding of positions through JWOD contracts to be a distinguishing characteristic when determining if a business is typically found in the community. Likewise, the use of the term ''work unit'' in the definition does not change its application with respect to the required interaction among employees with and without disabilities in the work setting. Entities that are set up specifically for the purpose of providing employment to individuals with disabilities will likely not satisfy the definition's criteria. The high percentage of individuals with disabilities employed with these entities most likely would result in little to no opportunities for interaction between individuals with disabilities and non-disabled individuals. These entities, therefore, likely would be considered sheltered or non-integrated employment sites. Nonetheless, DSUs must apply these criteria on a case-by-case basis when determining if an individual's employment is in an integrated location and satisfies the definition of ''competitive integrated employment.''

Changes: None.

Interaction During Performance of Job Duties

Comments: One commenter stated that to define ''integrated location'' as only ''the interaction between employees with disabilities and those without disabilities that is specific to the performance of the employee's job duties, and not the casual, conversational, and social interaction that takes place in the workplace'' is too narrow and may not reflect many workers' interaction patterns in typical work settings.

Discussion: Under the definition of ''competitive integrated employment'' and consistent with the general principles contained in the prior definition of ''integrated setting,'' the DSU is to consider the interaction between employees with disabilities and those without disabilities that is specific to the performance of the employee's job duties, and not the casual, conversational, and social interaction that takes place in the workplace. As a result, it would not be pertinent to its determination of an integrated setting for a DSU to consider interactions in the lunchrooms and other common areas of the work site in which employees with disabilities and those without disabilities are not engaged in performing work responsibilities.

The Secretary recognizes that the application of the integrated location criteria in the manner explained in the preceding paragraphs will restrict the types of employment options available to individuals with disabilities through the VR program. However, these restrictions have been in effect since the definition of ''employment outcome'' was last revised in 2001 and, therefore, do not reflect new Departmental policy. Specifically, through application of the criteria, individuals with disabilities hired by community rehabilitation programs to perform work under service contracts, either alone, in mobile work crews, or in other group settings (*e.g.,* landscaping or janitorial crews), whose interaction with persons without disabilities (other than their supervisors and service providers), while performing job responsibilities, is with persons working in or visiting the work locations (and not with employees of the community rehabilitation programs without disabilities in similar positions) would not be performing work in an integrated setting. The Secretary believes that, even if such group employment in a community rehabilitation program provides for competitively paid wages, this fact does not change the non-integrated nature of the employment and may result in a less desirable level of integration (*e.g.,* interaction with non-disabled co-workers) than individual employment, which supports the autonomy and self-sufficiency of individuals with disabilities.

In summary, the DSU must determine, on a case-by-case basis, that a work location is in an integrated setting, meaning it is typically found in the community, and it is one in which the employee with the disability interacts with employees and other persons, as appropriate to the position, who do not

have disabilities to the same extent that employees without disabilities interact with these persons. Finally, the DSU is to consider the interaction between the employee with the disabilities and these other persons that takes place for the purpose of performing his or her job duties, not mere casual and social interaction. We firmly believe that the integrated location criteria within final § 361.5(c)(9)(ii), when properly applied, ensure that participants in the VR program, including individuals with the most significant disabilities, are afforded a full opportunity to integrate in their communities and to achieve employment available to the general public.

Changes: None.

Opportunities for Advancement

Comments: One commenter asked whether employment in which individuals with disabilities truly do not have the opportunity to advance in their jobs satisfies the definition of ''competitive integrated employment,'' if the criteria regarding competitive earnings and integrated locations are met. This commenter gave the example of a small business.

Discussion: To ensure that the employment of persons with disabilities is equivalent in all respects to that of persons without disabilities, section 7(5)(C) of the Act, as amended by WIOA, and final § 361.5(c)(9)(iii) require that the employee with the disability have the same opportunities for advancement as employees without disabilities in similar positions, regardless of the size of the business. This new criterion is consistent with the prior definitions of ''competitive employment'' and ''integrated settings.'' If employees in positions similar to that of the employee with the disability have the opportunity to advance in their employment, the individual with the disability must be afforded the same opportunity for this criterion of the definition to be satisfied.

Changes: None.

Construction of a Facility for a Public or Nonprofit Community Rehabilitation Program (§ 361.5(c)(10))

Comment: One commenter requested that ''construction'' and ''ongoing maintenance'' be clearly defined in the regulations.

Discussion: The term ''construction of a facility for a public or nonprofit community rehabilitation program'' remains unchanged in section 7(6) of the Act, as amended by WIOA, and final § 361.5(c)(10).

We disagree with the recommendation that we define ''ongoing maintenance'' in part 361. Final § 361.5(c)(2)(viii) specifies such costs, when incurred for operating and maintaining DSU facilities, may be allowable administrative costs under the VR program. However, ongoing costs of any kind, including ongoing maintenance costs, are not allowable expenditures when establishing, developing, or improving a community rehabilitation program (see final § 361.5(c)(16)(iii)).

Changes: None.

Customized Employment (§ 361.5(c)(11))

Comments: Most commenters supported the new definition of ''customized employment'' in proposed § 361.5(c)(11). A few commenters requested that the definition include the ''discovery phase'' of the customized employment model. A few commenters suggested that the definition address when it is appropriate for the DSU to consider customized employment for individuals with disabilities. Further, these commenters stated that DSUs should use customized employment as the last option in assisting an individual with a disability to achieve competitive integrated employment. Another commenter questioned whether customized employment means ''job carving.'' Furthermore, one commenter requested that we clarify how individuals with disabilities, who are working in customized employment, could advance in their careers. One commenter questioned whether an employer would want to support an individual with a significant disability in customized employment. Another commenter stated that customized employment should not be an unfunded mandate. Finally, one commenter asked that we clarify the impact customized employment might have on the performance accountability measure for the core programs, including the VR program, in the workforce development system under section 116 of WIOA that measures the median wage of participants during the second quarter after they exit from these programs. This commenter suggested that earnings from customized employment would deflate this measure.

Discussion: We appreciate the comments supporting the new definition of ''customized employment'' in final § 361.5(c)(11). However, we disagree with commenters who recommended that the definition be modified to include additional requirements, such as the inclusion of the discovery phase of the model or when a DSU must consider customized employment for an individual. Section 7(7) of the Act, as amended by WIOA, which defines the term ''customized employment,'' does not include this information. Therefore, we believe final § 361.5(c)(11) is consistent with the statute and further regulatory change is not necessary.

We disagree with the commenter that DSUs should use customized employment as a last resort when assisting an individual with a disability to achieve an employment outcome. We believe that customized employment may be an option for some individuals with significant disabilities, while, for other individuals, it may not be a viable path to competitive integrated employment. We strongly encourage DSUs to tailor customized employment services, like all of the services in final § 361.48(b) provided to eligible individuals under an individualized plan for employment, to meet the unique strengths, needs, interests, and informed choice of the individual, so that he or she can achieve an employment outcome in competitive integrated employment. We understand that some may have referred to customized employment in the past as ''job carving;'' however, the Act, as amended by WIOA, does not use that term. Therefore, we have not incorporated the term ''job carving'' into these final regulations.

We believe it is possible for individuals with disabilities in customized employment to advance in their careers. Individuals who achieve competitive integrated employment through customized employment could advance in their career with their original employers or by seeking advancement with other employers. The definition of ''customized employment'' in section 7(7) of the Act, as amended by WIOA, and final § 361.5(c)(11) do not include any criteria requiring an individual with a significant disability to remain in customized employment; rather, these individuals may seek additional vocational rehabilitation services for the purpose of advancing in their careers through other forms of competitive integrated employment. Customized employment is an alternative that enables individuals with disabilities and employers the opportunity to negotiate job tasks and/or reassign basic job duties to improve overall production in the workplace. For employers, customized employment allows an employer to examine its specific workforce needs and fulfill those needs with a well-matched employee. We encourage DSUs to work with employers, particularly those employers that have not been open to employing individuals with significant

disabilities, to enable them to hire these individuals through customized employment when appropriate.

We disagree with the commenter that customized employment is an unfunded mandate. Customized employment services are included in the list of allowable vocational rehabilitation services in final § 361.48(b). DSUs may expend their resources, including program funds, on supporting individuals in customized employment when appropriate.

Customized employment, as we have discussed, must lead to competitive integrated employment. Section 116(b)(2)(A)(i)(III) of title I of WIOA establishes a primary performance accountability indicator for all core programs of the workforce development system, including the VR program, that measures the median earnings of all participants who have exited the program in the second quarter after exit. As such, earnings from customized employment will affect the VR program's performance, in the same manner that other earnings will do so. We cannot assume, as the commenter suggests, that individuals in customized employment will earn low wages.

Changes: None.

Employment Outcome (§ 361.5(c)(15))

Some commenters supported the definition of ''employment outcome'' in proposed § 361.5(c)(15) because it is consistent with the overall purpose of the Act, as amended by WIOA, to promote the achievement of competitive integrated employment and self-sufficiency by individuals with disabilities. As proposed, an ''employment outcome'' would mean full- or part-time employment in competitive integrated employment, or supported employment. As such, uncompensated employment outcomes (*e.g.,* homemakers and unpaid family workers) would be removed from the scope of the definition for purposes of the VR program. However, most commenters strongly opposed removing ''uncompensated employment outcomes,'' and recommended revisions or clarifications to the proposed definition.

Statutory Basis

Comments: Most of the commenters on the proposed definition of ''employment outcome'' in § 361.5(c)(15) stated that the proposed change is contrary to congressional intent and not mandated by the Act, as amended by WIOA. Many of these commenters requested that the Secretary use the discretion permitted under section 7(11)(C) of the Act to not limit the definition to compensated employment, thereby permitting uncompensated outcomes of homemaker and unpaid family worker to continue to count as an employment outcome under the VR program.

In addition, recognizing that WIOA amends section 102(b)(4) of the Act to require that the individualized plan for employment contain a specific employment goal consistent with competitive integrated employment, a few commenters presented two arguments to support the retention of uncompensated outcomes as an employment outcome. First, the commenters argued that the phrase ''consistent with the Act,'' as used in the statutory definition, does not require that all components of the term ''competitive integrated employment'' be satisfied. In the alternative, these commenters suggested that homemaker and unpaid family worker outcomes satisfy the criteria for competitive integrated employment because they are typically found in the community and the earnings of individuals with disabilities who obtain these outcomes are commensurate with those of non-disabled persons in similar positions.

Discussion: We appreciate the commenters' concerns and recognize that the definition of ''employment outcome'' in proposed and final § 361.5(c)(15) will end a long-standing Department policy. We gave considerable thought to all aspects of the issue and seriously considered the definition in light of the comments received.

We agree with commenters that the change eliminating uncompensated outcomes was not explicitly required on the basis of an amendment to the statutory definition in section 7(11) of the Act, which remained unchanged, in pertinent part, by WIOA. Nonetheless, we believe that the Act as amended by WIOA, when read in its entirety, provides a strong justification for the change.

We agree with the commenters that section 7(11)(C) of the Act permits the Secretary to use his discretion to include other vocational outcomes within the scope of the definition of ''employment outcome.'' This provision is purely discretionary, and there is no requirement that the Secretary exercise this discretion, either to incorporate new outcomes or to retain previously permitted outcomes. However, if the Secretary chooses to exercise this discretion, the Secretary must do so in a manner that is consistent with the Act.

As noted throughout the preambles to the NPRM and these final regulations, WIOA amended the Act by emphasizing the achievement of competitive integrated employment by individuals with disabilities, including individuals with the most significant disabilities. The Act, as amended by WIOA, refers extensively to competitive integrated employment, including in the statement of the purpose for the VR program, requirements for developing individualized plans for employment and providing services to students and youth with disabilities, and the limitations on the payment of subminimum wages in new section 511. In particular, section 102(b)(4) of the Act, as amended by WIOA, and final § 361.46(a) require that the specific employment goal identified in the individualized plan for employment be consistent with the general goal of competitive integrated employment.

The changes made by WIOA provide a marked contrast to the Act, as amended by the Workforce Investment Act of 1998 (WIA). Under WIA, the emphasis in the Act was on achieving integrated employment. Consequently, in 2001, the Secretary amended the definition of ''employment outcome'' and required that all employment outcomes in the VR program be in integrated settings, under prior § 361.5(b)(16). In so doing, the Secretary eliminated sheltered employment as an employment outcome. At that time, because we considered homemaker and unpaid family worker outcomes to occur in integrated settings, these outcomes continued to constitute an ''employment outcome,'' for purposes of the VR program.

By contrast, given the pervasive emphasis on achieving competitive integrated employment—not just integrated employment—throughout the Act, as amended by WIOA, the Secretary has determined that uncompensated employment outcomes, including homemaker and unpaid family worker outcomes, are no longer consistent with the Act. For this reason, the Secretary believes it is no longer an appropriate exercise of the Secretary's discretion under section 7(11)(C) of the Act to include uncompensated outcomes within employment outcomes in final § 361.5(c)(15).

We disagree with the commenters' argument that an ''employment outcome'' need not satisfy all criteria of the definition of ''competitive integrated employment,'' with one narrow exception. Section 7(11)(B) of the Act and final § 361.5(c)(15) include supported employment within the employment outcomes available to individuals with disabilities through the VR program. Under section 7(38) of the Act, as amended by WIOA, and final

§ 361.5(c)(53), supported employment requires that the individual be employed in competitive integrated employment or in an integrated setting in which the individual is working on a short-term basis toward competitive integrated employment. Thus, in limited circumstances, individuals in supported employment may not have achieved employment that satisfies all the criteria of ''competitive integrated employment'' initially since they will be earning non-competitive wages on a short-term basis. This very narrow exception is the only instance in which the statute permits that all criteria of ''competitive integrated employment'' need not be satisfied for an individual to achieve an employment outcome. However, even under this narrow exception, the expectation is that, after a short period of time, the individual will achieve competitive integrated employment in supported employment. It is understood, and the commenters do not argue otherwise, that uncompensated employment, such as homemaker and unpaid family worker outcomes, does not satisfy the definition of ''supported employment.'' There is no expectation that the individuals will ever be compensated in such employment.

We disagree with the first of the commenters' arguments that all criteria of ''competitive integrated employment'' need not be satisfied for employment to be considered competitive integrated employment. To interpret the Act's definition of ''employment outcome'' this way would ignore one of the three major components of the definition of ''competitive integrated employment''—competitive wages.

While we agree with the assertion that individuals with disabilities who achieve homemaker or unpaid family worker outcomes perform their work in settings typically found in the community and receive no wages, as would a non-disabled homemaker or unpaid family worker, these similarities are not sufficient to satisfy the definition of ''competitive integrated employment.'' ''Competitive integrated employment'' requires the payment of wages at or above the applicable Federal, State, or local minimum wage. Neither homemakers nor unpaid family workers earn a wage. Therefore, individuals achieving uncompensated outcomes, such as homemakers and unpaid family workers cannot have achieved an employment outcome in competitive integrated employment.

Changes: None.

Informed Choice

Comments: Many commenters asserted that the definition of ''employment outcome'' in proposed § 361.5(c)(15) is contrary to the principle of informed choice and that individuals with disabilities should have the right to choose homemaker and other uncompensated outcomes just as do persons without disabilities.

Discussion: While we agree that section 102(d) and many other provisions of the Act place a premium on the ability of individuals with disabilities to exercise informed choice throughout the vocational rehabilitation process, including the choice of an employment outcome, we do not agree that the definition of ''employment outcome'' in final § 361.5(c)(15) is inconsistent with the individual's ability to exercise informed choice. We have historically interpreted the statute as allowing individuals who are participating in the VR program to exercise informed choice among those outcomes that satisfy the definition of ''employment outcome.'' Under these final regulations, such outcomes must be in competitive integrated employment or supported employment.

If an individual makes an informed choice to pursue uncompensated employment (*e.g.,* homemaker or unpaid family worker outcomes) or any other outcome that does not meet the definition of ''employment outcome'' under final § 361.5(c)(15), he or she may still do so, but not with the assistance of the VR program. In final § 361.37, the DSU is required to refer that individual to other Federal, State, or local programs and providers that can meet the individual's needs for related services (*e.g.,* the State Independent Living Services (SILS) program, Independent Living Services for Older Individuals Who Are Blind program (OIB), Centers for Independent Living program (CIL), and programs for the aging). In addition, final § 361.37 requires that individuals receive sufficient information concerning the scope of the VR program and competitive integrated employment opportunities. This information enables individuals to make a fully informed choice regarding whether to pursue an employment outcome through the VR program or homemaker and other uncompensated outcomes through other sources.

We believe the definition of ''employment outcome'' in final § 361.5(c)(15) ensures that the VR program promotes maximum opportunities for individuals with disabilities, particularly those with significant disabilities, to pursue competitive integrated employment or supported employment options. Individuals with disabilities can achieve competitive integrated employment or supported employment if given appropriate services and supports and, therefore, should be informed that they are not limited to pursuing uncompensated outcomes no matter how significant their disabilities. Nevertheless, we recognize that some individuals will choose to pursue such outcomes. These final regulations require each DSU to preserve individual choice by referring any individual who decides to pursue uncompensated outcomes, or any other outcome that does not meet the definition of an ''employment outcome'' in final § 361.5(c)(15), to other appropriate resources for assistance.

Changes: None.

Legitimacy of Homemaker Outcomes

Comments: Some commenters stated that the definition of ''employment outcome'' in proposed § 361.5(c)(15) does not recognize the legitimacy of homemaker occupations and devalues the work performed by homemakers. Some commenters stated that homemaker outcomes provide economic value for the individual or family, though the individual does not receive direct wages. Others suggested that homemaker outcomes allow the individual to care for other family members who are disabled and who would otherwise be institutionalized.

Discussion: We agree with the commenters that homemakers perform work that has an economic value for themselves and others in the home. For example, by caring for themselves and the home, homemakers can enable other members of the household to work outside the home and earn an income. In addition, homemakers may care for persons with disabilities in the household, thus helping them to remain in their homes, rather than to reside in institutional settings. Therefore, we emphasize that nothing in these final regulations is intended to alter the fact that homemaker outcomes serve as a legitimate and valued option for people with disabilities. The Secretary does not devalue the dignity or the worth of the individuals who perform this work through this regulatory action. Rather, the definition of ''employment outcome'' in final § 361.5(c)(15), focuses the VR program on its statutory purpose, as set forth in section 100(a)(2)(B)—giving persons with disabilities, including those with significant or the most significant disabilities, the opportunity to work in competitive integrated employment and to achieve economic self-sufficiency.

Changes: None.

Availability of Services

Comments: Several commenters who opposed the definition of ''employment outcome'' in proposed § 361.5(c)(15) stated that the services provided to individuals pursuing homemaker outcomes through the VR program provide a bridge, gateway, or stepping stone to competitive integrated employment. Many of those commenters stated that services such as Braille training, assistive technology, mobility training, and other home management services are essential to the ability of individuals who are blind and visually impaired to prepare for employment. Many commenters expressed the concern that without homemaker services, many individuals, especially those who are blind and visually impaired, will be unable to function, and either be shut in their homes or forced to live in a care facility. Finally, some commenters stated that the loss of homemaker services could result in low self-esteem, the loss of independence, physical disease, and depression among individuals who are blind and visually impaired.

Discussion: We strongly agree that Braille training, assistive technology, and mobility training are critical to the independence of individuals who are blind and visually impaired, and help to build the foundation on which they can successfully pursue gainful employment. In addition, we recognize that these services can enable individuals who are blind and visually impaired to increase their confidence, as well as their physical and psychological well-being. Most importantly, these services always have been, and continue to be, available to individuals with disabilities under an individualized plan for employment pursuant to section 103(a) of the Act and final § 361.48(b), so long as the individuals are pursuing an employment outcome under final § 361.5(c)(15), specifically competitive integrated employment or supported employment. To the extent such individuals do not wish to do so, these same services are, and always have been, available under the independent living programs authorized by title VII of the Act.

We understand, from anecdotal evidence, that it has been the practice of some DSUs to provide individuals who are newly blind or experiencing significant vision loss with services designed to help them attain homemaker outcomes, with the expectation that the individuals will return to the VR program when they are ready to pursue additional training and the achievement of an employment outcome. However, DSUs must provide the vocational counseling and guidance to help individuals pursue an employment outcome consistent with competitive integrated employment, as required by section 102(b)(4) of the Act, as amended by WIOA, and final § 361.46(a)(1) at the outset or refer individuals to the independent living programs under final § 361.37 depending on their individual goals. DSUs are encouraged to deliver services such as Braille and mobility training throughout the vocational rehabilitation process, in combination with the other education, training, and equipment needed to achieve the identified employment goal. In this way, DSUs can more effectively engage individuals in the VR program and better assist them to achieve the ultimate goal of competitive integrated employment or supported employment.

Changes: None.

Disproportionate Impact

Comments: Many commenters stated that the change in the definition of ''employment outcome'' in proposed § 361.5(c)(15) will have a disproportionate impact on individuals served through the VR program who are blind and visually impaired. A few commenters requested that we create an exception for agencies that serve individuals who are blind if we maintain the definition as proposed.

Discussion: As stated in the preamble to the NPRM, we believe the definition of ''employment outcome'' in final § 361.5(c)(15) will have minimal impact on most DSUs in their administration of the VR program because, nationally, a steadily decreasing and relatively small number of individuals exit the program as homemakers or unpaid family workers. The data reported by DSUs demonstrate that the majority of DSUs have been placing increased importance and emphasis in their policies and procedures on competitive integrated employment and supported employment outcomes, thereby deemphasizing uncompensated outcomes. This shift in practice has been the product of the DSUs' responding to the changes to the Act since the enactment of WIA in 1998 and reflecting that changing emphasis in their administration of the VR program.

Nonetheless, we recognize that some DSUs, particularly those serving individuals who are blind and visually impaired, report a greater percentage of homemaker outcomes than others. For example, VR agencies serving individuals who are blind and visually impaired reported that 618 individuals obtained homemaker outcomes in FY 2014, representing 9.8 percent of all employment outcomes for these agencies. In comparison, all other VR agencies reported that 2,436 individuals obtained homemaker outcomes in FY 2014, representing 1.4 percent of all employment outcomes for these agencies. Consequently, we proposed in the NPRM a transition period of six months following the effective date of these final regulations to allow DSUs to complete the VR process for individuals already pursuing homemaker outcomes under individualized plans for employment. See the discussion on ''Transition Period'' later in this section regarding the comments received on the proposed transition period.

Neither section 7(11) nor any other provision of the Act, as amended by WIOA, permits the Secretary to make an exception when implementing the definition of ''employment outcome'' to allow DSUs serving individuals who are blind and visually impaired to continue assisting individuals to achieve uncompensated outcomes, such as homemaker outcomes, when that employment is not consistent with the Act. Therefore, there is no statutory authority to make the exception recommended by commenters.

Changes: None.

Resources for Service Provision

Comments: Several commenters stated that services such as training in Braille, orientation and mobility training, and the provision of assistive technology and training in its use are not available to individuals who are blind and visually impaired through any other resources, such as medical insurance and one-stop delivery centers. In particular, many commenters stated that the OIB program lacks sufficient resources to serve the individuals who would no longer be eligible to receive vocational rehabilitation services as a result of the change in the definition of ''employment outcome'' in proposed § 361.5(c)(15), because, to be eligible for the VR program, an individual must intend to achieve an employment outcome. A few commenters asked that we request additional funds for this program. One commenter suggested that we lower the age of eligibility for services from the OIB program to allow younger individuals to receive these services. Additionally, many commenters stated that other independent living programs and providers lack the funds and qualified staff needed to provide individuals who are blind and visually impaired with the complex skills of Braille literacy and orientation and mobility. Several commenters stated that the change in

the definition of ''employment outcome'' will result in loss of funding needed by community rehabilitation programs to provide these vital services.

One commenter asked if the Department would create a separate homemaker program not directly connected to the VR program. One commenter stated that many DSUs have entered into long-term contractual arrangements for providing services to individuals pursuing homemaker outcomes and requested that we exempt these arrangements from the application of the new rule. Another commenter requested that the Client Assistance Program (CAP) and other advocacy groups conduct outreach to the community of individuals who are blind and visually impaired who otherwise would have chosen homemaker outcomes.
