

The Commission strongly encourages electronic filings of comments, protests, and interventions via the Internet in lieu of paper. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site (www.ferc.gov) under the "e-Filing" link. Persons unable to file electronically should submit an original and 5 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

Dated: February 2, 2017.

Kimberly D. Bose,
Secretary.

BILLING CODE 6717-01-P

FEDERAL COMMUNICATIONS COMMISSION

[OMB 3060-0056]

Information Collection Being Reviewed by the Federal Communications Commission

AGENCY: Federal Communications Commission.

ACTION: Notice and request for comments.

SUMMARY: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995, the Federal Communications Commission (FCC or the Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collection. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees. The FCC may not conduct or sponsor a collection of information unless it displays a currently valid control number. No person shall be subject to any penalty for failing to comply with a collection of information subject to the PRA that does not display a valid Office of Management and Budget (OMB) control number.

DATES: Written PRA comments should be submitted on or before April 10, 2017. If you anticipate that you will be submitting comments, but find it difficult to do so within the period of time allowed by this notice, you should advise the contact listed below as soon as possible.

ADDRESSES: Direct all PRA comments to Nicole Ongele, FCC, via email PRA@fcc.gov and to Nicole.Ongele@fcc.gov.

FOR FURTHER INFORMATION CONTACT: For additional information about the information collection, contact Nicole Ongele at (202) 418-2991.

SUPPLEMENTARY INFORMATION: As part of its continuing effort to reduce paperwork burdens, and as required by the Paperwork Reduction Act (PRA) of 1995 (44 U.S.C. 3501-3520), the Federal Communications Commission (FCC or Commission) invites the general public and other Federal agencies to take this opportunity to comment on the following information collections. Comments are requested concerning: Whether the proposed collection of information is necessary for the proper performance of the functions of the Commission, including whether the information shall have practical utility; the accuracy of the Commission's burden estimate; ways to enhance the quality, utility, and clarity of the information collected; ways to minimize the burden of the collection of information on the respondents, including the use of automated collection techniques or other forms of information technology; and ways to further reduce the information collection burden on small business concerns with fewer than 25 employees.

SUPPLEMENTARY INFORMATION:

OMB Control Number: 3060-0056.

Title: Part 68, Connection of Terminal Equipment to the Telephone Network.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents and Responses: 58,310 respondents; 64,177 responses.

Estimated Time per Response: 0.25 hours-40 hours.

Frequency of Response: On occasion reporting requirement, third party disclosure requirement, and recordkeeping requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 151-154, 201-205 and 303(r).

Total Annual Burden: 22,559 hours.

Total Annual Cost: \$1,130,000.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: Part 68 rules do not require respondents to provide proprietary, trade secret or other confidential information to the Commission. If the FCC requests that respondents submit information which respondents believe is confidential, respondents may request confidential treatment of such information pursuant to Section 0.459 of the FCC's rules, 47 CFR 0.459.

Needs and Uses: The purpose of 47 CFR part 68 is to protect the telephone network from certain types of harm and prevent interference to subscribers. To (1) demonstrate that terminal equipment complies with criteria for protecting the network and (2) ensure that consumers, providers of telecommunications, the Commission and others are able to trace products to the party responsible for ensuring compliance with these criteria; it is essential to require manufacturers or other responsible parties to provide the information required by Part 68. In addition, incumbent local exchange carriers must provide the information in Part 68 to warn their subscribers of impending disconnection of service when subscriber terminal equipment is causing telephone network harm, and to inform subscribers of a change in network facilities that requires modification or alteration of subscribers' terminal equipment.

Federal Communications Commission.

Marlene H. Dortch,

Secretary, Office of the Secretary.

OMB Control Number: 3060-XXXX.
Title: Section 90.20 (xiv), Public Safety Pool.

Form Number: N/A.

Type of Review: New collection.

Respondents: Business or other for-profit entities, and state, local, or tribal government.

Number of Respondents and Responses: 1,526 respondents; 1,526 responses.

Estimated Time per Response: 1 hour.

Frequency of Response: One-time; on occasion reporting requirement and third party disclosure requirement.

Obligation to Respond: Required to obtain or retain benefits. Statutory authority for these collections are contained in Sections 1, 2, 4(i), 4(j), 301, 303, 316, and 337 of the Communications Act of 1934, as amended, 47 U.S.C. 151, 152, 154(i), 154(j), 301, 303, 316, and 337.

Total Annual Burden: 1,526 hours.

Total Annual Cost: None.

Privacy Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: There is no need for confidentiality with this collection of information.

Needs and Uses: On August, 23, 2016, the Federal Communications Commission released a Report and Order, FCC 16-113, PS Docket No. 15-199, that modified Part 90 of the Rules Private Land Mobile Radio Services. The amended rule revises the Part 90 eligibility rules to permit railroad police officers to access the interoperability. Specifically, the Commission modified Section 90.20(xiv) to provide that:

(xiv)(A) Railroad police officers are a class of users eligible to operate on the nationwide interoperability and mutual aid channels listed in 90.20(i) provided their employer holds a Private Land Mobile Radio (PLMR) license of any radio category, including Industrial/Business (I/B). Eligible users include full and part time railroad police officers, Amtrak employees who qualify as railroad police officers under this subsection, Alaska Railroad employees who qualify as railroad police officers under this subsection, freight railroad employees who qualify as railroad police officers under this subsection, and passenger transit lines police officers who qualify as railroad police officers under this subsection. Railroads and railroad police departments may obtain licenses for the nationwide interoperability and mutual aid channels on behalf of railroad police officers in their employ. Employers of railroad police officers must obtain concurrence from the relevant state interoperability coordinator or regional planning committee before applying for a license to the Federal Communications Commission or operating on the interoperability and mutual aid channels.

(1) Railroad police officer means a peace officer who is commissioned in his or her state of legal residence or state of primary

employment and employed, full or part time, by a railroad to enforce state laws for the protection of railroad property, personnel, passengers, and/or cargo.

(2) Commissioned means that a state official has certified or otherwise designated a railroad employee as qualified under the licensing requirements of that state to act as a railroad police officer in that state.

(3) Property means rights-of-way, easements, appurtenant property, equipment, cargo, facilities, and buildings and other structures owned, leased, operated, maintained, or transported by a railroad.

(4) Railroad means each class of freight railroad (*i.e.*, Class I, II, III); Amtrak, Alaska Railroad, commuter railroads and passenger transit lines.

(5) The word state, as used herein, encompasses states, territories and the District of Columbia.

(B) Eligibility for licensing on the 700 MHz narrowband interoperability channels is restricted to entities that have as their sole or principal purpose the provision of public safety services.

To effectively implement the provisions of the new Rule, no other modifications to existing FCC rules are required. The changes are intended to simplify the licensing process for railroad police officers and ensure interoperable communications. The modified rules provide a benefit to public safety licensees by ensuring that only railroad police officers with appropriate governmental authorization can operate on the interoperability and mutual aid channels during emergencies. This will provide the additional benefit of promoting interoperability with railroad police officers by eliminating eligibility as a gating factor when licensing spectrum. The *Report and Order* reduces the burden on railroad police by allowing them to meet eligibility standard by requiring employers of railroad police officers to obtain concurrence from the relevant state interoperability coordinator or regional planning committee before applying for a license to the Federal Communications Commission or operating on the interoperability and mutual aid channels. Compliance with this requirement is already a requisite for public safety eligibility to use the interoperability and mutual aid channels, consequently any new burden imposed by this requirement would be minimal.

OMB Control Number: 3060-0823.

Title: Part 64, Pay Telephone Reclassification.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit.

Number of Respondents and Responses: 400 respondents; 16,820 responses.

Estimated Time per Response: 2.66 hours (average).

Frequency of Response: On occasion, quarterly and monthly reporting requirements and third party disclosure requirements.

Obligation To Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 151, 154, 201–205, 218, 226 and 276.

Total Annual Burden: 44,700 hours.

Total Annual Cost: \$740,000.

Privacy Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: Confidentiality concerns are not relevant to these types of disclosures. The Commission is not requesting carriers or providers to submit confidential information to the Commission. If the Commission requests that carriers or providers submit information which they believe is confidential, the carriers or providers may request confidential treatment of their information under 47 CFR 0.459 of the Commission's rules.

Needs and Uses: The Commission established a plan to ensure that payphone service providers (PSPs) were compensated for certain non-coin calls originated from their payphones. As part of this plan, the Commission required that by October 7, 1997, local exchange carriers were to provide payphone-specific coding digits to PSPs, and that PSPs were to provide those digits from their payphones to interexchange carriers. The provision of payphone-specific coding digits was a prerequisite to payphone per-call compensation payments by IXCs to PSPs for subscriber 800 and access code calls. The Commission's Wireline Competition Bureau subsequently provided a waiver until March 9, 1998, for those payphones for which the necessary coding digits were not provided to identify calls. The Bureau also on that date clarified the requirements established in the Payphone Orders for the provision of payphone-specific coding digits and for tariffs that LECs must file pursuant to the Payphone Orders.

OMB Control Number: 3060–0971.

Title: Section 52.15, Request for "For Cause" Audits and State Commission's Access to Numbering Resource Application Information.

Form Number: N/A.

Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit and state, local or tribal government.

Number of Respondents and Responses: 2,105 respondents; 63,005 responses.

Estimated Time per Response: 0.166 hours to 3 hours.

Frequency of Response: On occasion reporting requirement and third party disclosure requirement.

Obligation To Respond: Required to obtain or retain benefits. Statutory authority for this information collection is contained in 47 U.S.C. 153, 154, 201–205, 207–209, 218, 225–227, 251–252, 271 and 332.

Total Annual Burden: 10,473 hours.

Total Annual Cost: No cost.

Privacy Act Impact Assessment: No impact(s).

Nature and Extent of Confidentiality: Carrier numbering resource applications and audits of carrier compliance will be treated as confidential and will be exempt from public disclosure under 5 U.S.C. 552(b)(4).

Needs and Uses: There are two Paperwork Reduction Act related obligations under this OMB Control Number:

1. The North American Numbering Plan Administrator (NANPA), the Pooling Administrator, or a state commission may draft a request to the auditor stating the reason for the request, such as misleading or inaccurate data, and attach supporting documentation; and

2. Requests for copies of carriers' applications for numbering resources may be made directly to carriers. The information collected will be used by the FCC, state commissions, the NANPA and the Pooling Administrator to verify the validity and accuracy of such data and to assist state commissions in carrying out their numbering responsibilities, such as area code relief.

Federal Communications Commission.
