Authority: 44 U.S.C. 3507(a)(1)(D).

SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Loans to Plan Participants and Beneficiaries Who Are Parties In Interest With Respect to The Plan Regulation information collection. More specifically, the ICR is for the information collections contained in the regulation related to plan participants and beneficiaries who are parties in interest with respect to the plan, 29 CFR 2550.408b–1. The Employee Retirement Income Security Act (ERISA) prohibits a plan fiduciary from causing the plan to engage in a transaction, if the fiduciary knows or should know the transaction constitutes a direct or indirect loan or extension of credit between the plan and a party in interest. ERISA section 408(b)(1) exempts from this prohibition a loan from a plan to a party in interest who is also a plan participant or beneficiary, provided satisfaction of certain requirements. DOL regulations implementing the statutory provision provide additional guidance. Specifically, regulations 29 CFR 2550.408b–1(d) prescribes eight specific provisions that must be included in the plan documents, including: (1) An explicit authorization for the plan fiduciary responsible for investing plan assets to establish such a loan program, (2) the identity of the person or position authorized to administer the program, (3) a procedure for applying for loans, (4) the basis on which loans will be approved or denied, (5) limitations, if any, on the types and amounts of loans offered, (6) the procedure for determining a reasonable interest rate, (7) types of collateral that may secure a participant loan, and (8) the events constituting default and the steps that will be taken to preserve plan assets in the event of such default. ERISA section 408(a) authorizes this information collection. See 29 U.S.C. 1108(a).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this

information collection under Control Number 1210–0076.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on February 28, 2017. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on October 28, 2016 (81 FR 75157).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within thirty (30) days of publication of this notice in the **Federal Register**.
