

Availability and Summary of Documents for Incorporation by Reference

This document amends FAA Order 7400.11A, Airspace Designations and Reporting Points, dated August 3, 2016, and effective September 15, 2016. FAA Order 7400.11A is publicly available as listed in the **ADDRESSES** section of this document. FAA Order 7400.11A lists Class A, B, C, D, and E airspace areas, air traffic service routes, and reporting points.

The Rule

This amendment to Title 14, Code of Federal Regulations (14 CFR) part 71 modifies Class E airspace extending upward from 700 feet above the surface at McNary Field, Salem, OR, by adding segments extending from the 6.7-mile radius to 13.50 miles northwest of the airport, and extending from the 8.2-mile radius to 16.5 miles southeast of the airport. After a review, the FAA discovered additional airspace was necessary to accommodate the LOC Y RWY 31, and the LOC/DME BC RWY 13 instrument approach procedures for the safety and management of IFR operations at the airport.

Regulatory Notices and Analyses

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore: (1) Is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that only affects air traffic procedures and air navigation, it is certified that this rule, when promulgated, does not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

Environmental Review

The FAA has determined that this action qualifies for categorical exclusion under the National Environmental Policy Act in accordance with FAA Order 1050.1F, "Environmental Impacts: Policies and Procedures," paragraph 5–6.5a. This airspace action is not expected to cause any potentially significant environmental impacts, and no extraordinary circumstances exist

that warrant preparation of an environmental assessment.

BILLING CODE 4910–13–P

DEPARTMENT OF JUSTICE

Office of the Attorney General

28 CFR Part 0

[Docket No. CRM 116; AG Order No. 3847–2017]

Delegation of Authority Concerning Mutual Legal Assistance

AGENCY: Department of Justice.

ACTION: Final rule.

SUMMARY: The Attorney General has delegated to the Assistant Attorney General for the Criminal Division, with certain restrictions, the authority to perform the functions of the "Central Authority" or "Competent Authority" under treaties and executive agreements between the United States and other countries on mutual assistance in criminal matters that designate the Attorney General or the Department of Justice as such authority. The Assistant Attorney General for the Criminal Division is authorized to re-delegate this authority to the Deputy Assistant Attorneys General and to the Director and Deputy Directors of the Office of International Affairs (OIA). This final rule will expand the scope of persons to whom this authority may be re-delegated to include OIA's Associate Directors.

DATES: Effective February 14, 2017.

FOR FURTHER INFORMATION CONTACT:

Vaughn Ary, Director, Office of International Affairs, Criminal Division, U.S. Department of Justice, Washington, DC 20005; Telephone (202) 616–1503.

SUPPLEMENTARY INFORMATION: The Office of International Affairs (OIA) serves as the United States Central Authority with respect to all requests for information and evidence received from and made to foreign authorities under Mutual Legal Assistance Treaties and multilateral conventions regarding assistance in criminal matters. OIA's inventory of pending mutual legal assistance (MLA) requests has grown substantially in recent years. OIA received over 6,000 new requests in FY16, the most since OIA's inception in 1979. With only three senior leaders (the Director and two Deputy Directors) authorized to sign outgoing MLA requests, it can be difficult for OIA to process these MLA requests expeditiously. To address this issue, the Department of Justice is modifying its delegation of authority in 28 CFR 0.64–1 to add the Associate Directors who supervise OIA's regional teams and designated units as persons who may sign MLA requests. Associate Directors represent the most

experienced attorneys within the organization and are responsible for providing legal and policy guidance to the Assistant Attorney General and Deputy Assistant Attorney General, approving the arrest of international fugitives, providing oversight of extradition litigation in U.S. and foreign courts, and participating in the negotiation of bilateral and multilateral law enforcement treaties. Authorizing these senior supervisory attorneys to sign outgoing MLA requests is commensurate with their existing duties and provides OIA with the capability to more efficiently process these requests, avoid unnecessary delays, and effectively satisfy MLA requests.

Administrative Procedure Act—5 U.S.C. 553

This rule is a rule of agency organization and relates to a matter relating to agency management and is therefore exempt from the requirements of prior notice and comment and a 30-day delay in the effective date. *See* 5 U.S.C. 553(a)(2), 553(b)(3)(A).

Regulatory Flexibility Act

The Attorney General, in accordance with the Regulatory Flexibility Act (5 U.S.C. 605(b)), has reviewed this regulation and by approving it certifies that this regulation will not have a significant economic impact on a substantial number of small entities because it pertains to personnel and administrative matters affecting the Department. Further, a Regulatory Flexibility Analysis is not required to be prepared for this final rule because the Department was not required to publish a general notice of proposed rulemaking for this matter. 5 U.S.C. 604(a).

Executive Order 12866—Regulatory Planning and Review

This action has been drafted and reviewed in accordance with Executive Order 12866, Regulatory Planning and Review, section 1(b), Principles of Regulation. Accordingly, this action has not been reviewed by the Office of Management and Budget.

Executive Order 13132—Federalism

This rule will not have substantial direct effects on the States, on the relationship between the national government and the States, or on distribution of power and responsibilities among the various levels of government. Therefore, in

accordance with Executive Order 13132, it is determined that this rule does not have sufficient federalism implications to warrant the preparation of a Federalism Assessment.

Executive Order 12988—Civil Justice Reform

This rule was drafted in accordance with the applicable standards set forth in sections 3(a) and 3(b)(2) of Executive Order 12988.

Unfunded Mandates Reform Act of 1995

This rule will not result in the expenditure by State, local and tribal governments, in the aggregate, or by the private sector of \$100,000,000 or more in any one year, and it will not significantly or uniquely affect small governments. Therefore, no actions were deemed necessary under the provisions of the Unfunded Mandates Reform Act of 1995.

Congressional Review Act

This action pertains to agency management, personnel, and organizations and does not substantially affect the rights or obligations of non-agency parties and, accordingly, is not a “rule” as that term is used by the Congressional Review Act, 5 U.S.C. 804(3)(B). Therefore, the reporting requirement of 5 U.S.C. 801 does not apply.
