from the count and EPA has not included their 14 dedicated pumpout facilities in the analysis below. Using the starting number of 678 from the 2005 Starcrest survey, this leaves an approximate 600 vessels that would be in need of other pumpout facilities. Using the starting number of 709 from the 2013 Starcrest survey would leave 631 vessels in need of pumpout facilities.

With the two stationary commercial pumpouts, at least 52 Sound-wide commercial pumper trucks, and the two Sound-wide mobile commercial pumpout barges described above, this amounts to at least 56 pumpouts available for commercial vessels which results in an approximate ratio of 11:1, using either the 600 or 631 vessel estimates cited above. In addition to this ratio, EPA has considered the fact that these mobile pumpouts provide service throughout Puget Sound, provide sufficient capacity for commercial vessels, and generally do not experience dock access issues. Moreover, these pumpout services can be scheduled by appointment to accommodate vessel needs and itineraries, and are sufficiently diversified such that they do not experience seasonal fluctuations. Given the widespread availability and flexibility of these services and the overall ratio of 11:1, EPA determines that adequate pumpout facilities for the safe and sanitary removal and treatment of sewage for commercial vessels are reasonably available for the waters of Puget Sound.

EPA further notes that the estimated ratio may be conservative, given that a number of the mobile pumpout boats and pumper trucks described above may also provide commercial pumpout services.

Table of Facilities
A list of pumpout facilities, phone numbers, locations, hours of operation, water depth, and fees is provided at this link to the Washington Department of Ecology Web site: http://www.ecy.wa.gov/programs/wq/nonpoint/CleanBoating/VesselPumpoutTables.pdf. Based on the information above, the EPA hereby makes a final affirmative determination that adequate facilities for the safe and sanitary removal and treatment of sewage from all vessels are reasonably available for the waters of Puget Sound.

Michelle L. Pirzadeh,
Acting Regional Administrator, Region 10.

DEPARTMENT OF HEALTH AND HUMAN SERVICES

Centers for Medicare & Medicaid Services

Agency Information Collection Activities: Submission for OMB Review; Comment Request

AGENCY: Centers for Medicare & Medicaid Services, HHS.

ACTION: Notice.

SUMMARY: The Centers for Medicare & Medicaid Services (CMS) is announcing an opportunity for the public to comment on CMS’ intention to collect information from the public. Under the Paperwork Reduction Act of 1995 (PRA), federal agencies are required to publish notice in the Federal Register concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, and to allow a second opportunity for public comment on the notice. Interested persons are invited to send comments regarding the burden estimate or any other aspect of this collection of information, including the necessity and utility of the proposed information collection for the proper performance of the agency’s functions, the accuracy of the estimated burden, ways to enhance the quality, utility, and clarity of the information to be collected and the use of automated collection techniques or other forms of information technology to minimize the information collection burden.

DATES: Comments on the collection(s) of information must be received by the OMB desk officer by March 23, 2017.

ADDRESSES: When commenting on the proposed information collections, please reference the document identifier or OMB control number. To be assured consideration, comments and recommendations must be received by the OMB desk officer via one of the following transmissions: OMB, Office of Information and Regulatory Affairs, Attention: CMS Desk Officer, Fax Number: (202) 395–5806 or, Email: OIRA_submission@omb.eop.gov.

To obtain copies of a supporting statement and any related forms for the proposed collection(s) summarized in this notice, you may make your request using one of following:

2. Email your request, including your address, phone number, OMB number, and CMS document identifier, to Paperwork@cms.hhs.gov.

3. Call the Reports Clearance Office at (410) 786–1326.

FOR FURTHER INFORMATION CONTACT: Reports Clearance Office at (410) 786–1326.

SUPPLEMENTARY INFORMATION: Under the Paperwork Reduction Act of 1995 (PRA) (44 U.S.C. 3501–3520), federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. The term “collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency requests or requirements that members of the public submit reports, keep records, or provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires federal agencies to publish a 30-day notice in the Federal Register concerning each proposed collection of information, including each proposed extension or reinstatement of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, CMS is publishing this notice that summarizes the following proposed collection(s) of information for public comment:

1. Type of Information Collection Request: Extension of a previously approved collection; Title of Information Collection: Medicaid Emergency Psychiatric Demonstration (MEPD) Evaluation; Use: Since the inception of Medicaid, inpatient care provided to adults ages 21 to 64 in institutions for mental disease (IMDs) has been excluded from federal matching funds. The Emergency Medical Treatment and Active Labor Act (EMTALA), however, requires IMDs that participate in Medicare to provide treatment for psychiatric emergency medical conditions (EMCs), even for Medicaid patients for whose services cannot be reimbursed. Section 2707 of the Affordable Care Act (ACA) directs the Secretary of Health and Human Services to conduct and evaluate a demonstration project to determine the impact of providing payment under Medicaid for inpatient services provided by private IMDs to individuals with emergency psychiatric conditions between the ages of 21 and 64. We will use the data to evaluate the Medicaid Emergency Psychiatric Demonstration (MEPD) in accordance with the ACA mandates. This evaluation in turn will be used by Congress to determine whether to continue or expand the demonstration. If the decision is made to expand the demonstration, the data collected will help to inform both CMS and its stakeholders about possible effects of contextual factors and important procedural issues to consider in the expansion, as well as the likelihood of various outcomes. Form Number: CMS–10487 (OMB control number: 0938–NEW); Frequency: Annually; Affecte Public: Individuals and households; State, Local and Tribal governments; Business and other for-profits and Not-for-profits; Number of Respondents: 93; Total Annual Responses: 1,944; Total Annual Hours: 2,046. (For policy questions regarding this collection contact Vetisha McClain at 410–786–4923.)

2. Type of Information Collection Request: Extension of a previously approved collection; Title of Information Collection: Quality Improvement Organization (QIO) Assumption of Responsibilities and Supporting Regulations; Use: The Peer Review Improvement Act of 1982 amended Title XI of the Social Security Act to create the Utilization and Quality Control Peer Review Organization (PRO) program which replaces the Professional Standards Review Organization (PSRO) program and streamlines peer review activities. The term PRO has been renamed Quality Improvement.
