

a voluntary standard organization revises a standard upon which a consumer product safety standard issued under the Danny Keysar Child Product Safety Notification Act was based, the revision becomes the CPSC standard within 180 days of notification to the Commission, unless the Commission determines that the revision does not improve the safety of the product, or the Commission sets a later date in the **Federal Register**. The Commission has not set a different effective date. Thus, in accordance with this provision, this rule takes effect 180 days after we received notification from ASTM of revisions to these standards. As discussed in the preceding section, this is a direct final rule. Unless we receive a significant adverse comment within 30 days, the rule will become effective on June 6, 2017.

List of Subjects in 16 CFR Part 1217

Consumer protection, Imports, Incorporation by reference, Infants and children, Law enforcement, Safety, Toys.

For the reasons stated above, the Commission amends 16 CFR chapter II as follows:

PART 1217—SAFETY STANDARD FOR TODDLER BEDS

■ 1. The authority citation for part 1217 continues to read as follows:

Authority: Sec. 104, Pub. L. 110–314, 122 Stat. 3016 (August 14, 2008); Sec. 3, Pub. L. 112–28, 125 Stat. 273 (August 12, 2011).

■ 2. Revise § 1217.2 to read as follows:

§ 1217.2 Requirements for toddler beds.

Each toddler bed shall comply with all applicable provisions of ASTM F1821–16, Standard Consumer Safety Specification for Toddler Beds, approved October 1, 2016. The Director of the Federal Register approves the incorporation by reference listed in this section in accordance with 5 U.S.C. 552(a) and 1 CFR part 51. You may obtain a copy of this ASTM standard from ASTM International, 100 Barr Harbor Drive, PO Box C700, West Conshohocken, PA 19428–2959 USA; phone: 610–832–9585; <http://www.astm.org/>. You may inspect a copy at the Office of the Secretary, U.S. Consumer Product Safety Commission, Room 820, 4330 East West Highway, Bethesda, MD 20814, telephone 301–504–7923, or at the National Archives and Records Administration (NARA). For information on the availability of this material at NARA, call 202–741–6030, or go to: http://www.archives.gov/federal_register/code_of_federal_regulations/ibr_locations.html.

Dated: February 15, 2017.

Todd A. Stevenson,

Secretary, U.S. Consumer Product Safety Commission.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[Docket No. USCG–2017–0098]

Drawbridge Operation Regulation; Willamette River, Portland, OR

AGENCY: Coast Guard, DHS.

ACTION: Notice of deviation from regulation.

SUMMARY: The Coast Guard has issued a temporary deviation from the operating schedule that governs the lower deck of the Steel Bridge across the Willamette River, mile 12.1, at Portland, OR. The deviation is necessary to support the Shamrock Run event. This deviation allows the lower span of the Steel Bridge to remain in the closed-to-navigation position to allow for the safe passage of participants in the Shamrock Run event across the bridge.

DATES: This deviation is effective from 10:15 a.m. to 11:15 a.m. on March 19, 2017.

ADDRESSES: The docket for this deviation, USCG–2017–0098, is available at <http://www.regulations.gov>. Type the docket number in the “SEARCH” box and click “SEARCH.” Click on Open Docket Folder on the line associated with this deviation.

FOR FURTHER INFORMATION CONTACT: If you have questions on this temporary deviation, call or email Mr. Steven Fischer, Bridge Administrator, Thirteenth Coast Guard District; telephone 206–220–7282, email d13-pf-d13bridges@uscg.mil.

SUPPLEMENTARY INFORMATION: Union Pacific Railroad Company (UPRR) has requested a temporary deviation from the operating schedule for the Steel Bridge across the Willamette River, at mile 12.1, at Portland, OR. The deviation is necessary to accommodate participants in the Shamrock Run event. The Steel Bridge is a double-deck lift bridge with a lower lift deck and an upper lift deck which operate independent of each other. To facilitate this event, the lower deck will remain in closed-to-navigation position. When the lower is in the closed-to-navigation position, the bridge provides 26 feet of

vertical clearance above Columbia River Datum 0.0. The deviation period is from 10:15 a.m. to 11:15 a.m. on March 19, 2017. The normal operating schedule for the Steel Bridge is in accordance with 33 CFR 117.897(c)(3)(ii).

Waterway usage on this part of the Willamette River includes vessels ranging from commercial tug and barge to small pleasure craft. Vessels able to pass through the bridge in the closed-to-navigation position may do so at any time. The bridge will be able to open for emergencies, and there is no immediate alternate route for vessels to pass. The Coast Guard has conducted a public outreach for this closure of the lower deck on the Steel Bridge to known mariners that transit on the river. The Coast Guard has not received any objections to this temporary deviation from the operating schedule. The Coast Guard will also inform the users of the waterways through our Local and Broadcast Notices to Mariners of the change in operating schedule for the bridge so that vessel operators can arrange their transits to minimize any impact caused by the temporary deviation.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: February 13, 2017.

Steven M. Fischer,

Bridge Administrator, Thirteenth Coast Guard District.
