

I. Abstract

This request is for a new information collection.

The National Ocean Service, Office of Response and Restoration, Marine Debris Program is sponsoring this data collection. The Marine Debris Program was created under the 2006 "Marine Debris Research, Prevention, and Reduction Act" (33 U.S.C. 1951 *et seq.*) which was reauthorized in 2012 as the "Marine Debris Act Amendments of 2012" (H.R. 1171) as part of the Coast Guard Maritime Transportation Act (H.R. 2838). Among other activities, the bill requires NOAA ". . . to address the adverse impacts of marine debris on the United States economy . . ." To that aim, the proposed data collection will support the goals of a larger study whose purpose is to develop a regional economic model to estimate the value to local economies of increased spending on recreation and tourism from the reduction or elimination of marine debris on beaches in seven coastal communities of the continental U.S. The data collection will consist of on-site sampling to generate a pool of respondents who will be sent a mail survey that asks questions related to beach attributes, local beach familiarity, number of beach trips taken, and ratings of marine debris encountered while on these trips. Onsite sampling will involve intercepting people at several beaches in each study area and asking them to participate in a mail survey. For those willing to take the mail survey, a brief onsite interview will ask the respondent's name and mailing address, as well as several demographic questions such as age and education. Those who do not agree to participate in the mail survey will only be asked the demographic questions, whether they participated in a single or multi-day trip, and zip code. A mail-survey mode will be used for the follow-up questionnaire. The mail survey instrument will combine a selection of questions from a previously OMB-approved survey instrument used in Orange County, California with new contingent behavior questions developed specifically for this study to determine the impact of the presence of marine debris on respondents' recreation choices. This data collection will determine the impact of marine debris on survey respondents' recreation choices at these seven coastal communities and represents the first component to be undertaken as part of the larger study.

II. Method of Collection

People will be approached at several beaches in each study area and asked to participate in a mail survey.

III. Data

OMB Control Number: 0648-xxxx.

Form Number(s): None.

Type of Review: Regular (request for a new information collection).

Affected Public: Individuals or households.

Estimated Number of Respondents: 1600.

Estimated Time per Response: 2 minutes for site intercept, 10 minutes for mail survey.

Estimated Total Annual Burden Hours: 729 hours.

Estimated Total Annual Cost to Public: \$0 in recordkeeping/reporting costs.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency's estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

Dated: February 16, 2017.

Sarah Brabson,

NOAA PRA Clearance Officer.

BILLING CODE 3510-JE-P

DEPARTMENT OF COMMERCE**National Oceanic and Atmospheric Administration**

RIN 0648-XF234

Mid-Atlantic Fishery Management Council (MAFMC); Public Meeting

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; public meeting.

SUMMARY: The Tilefish Monitoring Committee of the Mid-Atlantic Fishery Management Council (Council) will hold a meeting.

DATES: The meeting will be held on Tuesday, March 21, beginning at 10 a.m. and conclude by noon. For agenda details, see **SUPPLEMENTARY INFORMATION**.

ADDRESSES: The meeting will be held via webinar with a telephone-only connection option: <http://mafmc.adobeconnect.com/tile-mc-2017/>.
Council address: Mid-Atlantic Fishery Management Council, 800 N. State Street, Suite 201, Dover, DE 19901; telephone: (302) 674-2331 or on their Web site at www.mafmc.org.

FOR FURTHER INFORMATION CONTACT: Christopher M. Moore, Ph.D., Executive Director, Mid-Atlantic Fishery Management Council; telephone: (302) 526-5255.

SUPPLEMENTARY INFORMATION: The purpose of the meeting is for the Tilefish Monitoring Committee to recommend management measures designed to achieve recommended catch limits for the blue line and golden tilefish fisheries.

Special Accommodations

These meetings are physically accessible to people with disabilities. Requests for sign language interpretation or other auxiliary aid should be directed to M. Jan Saunders, (302) 526-5251, at least 5 days prior to the meeting date.

Dated: February 16, 2017.

Tracey L. Thompson,

Acting Deputy Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

CONSUMER PRODUCT SAFETY COMMISSION

[Docket No. CPSC-2014-0033]

Notice of Availability: Estimated Phthalate Exposure and Risk to Women of Reproductive Age as Assessed Using 2013/2014 NHANES Biomonitoring Data

AGENCY: U.S. Consumer Product Safety Commission.

ACTION: Notice of availability.

SUMMARY: The Consumer Product Safety Commission (Commission, or CPSC) is announcing the availability of a document titled, "Estimated Phthalate Exposure and Risk to Women of Reproductive Age as Assessed Using 2013/2014 NHANES Biomonitoring Data."

DATES: Submit comments by March 24, 2017.

ADDRESSES: You may submit comments, identified by Docket No. CPSC-2014-0033, by any of the following methods:

Electronic Submissions: Submit electronic comments to the Federal eRulemaking Portal at: www.regulations.gov. Follow the instructions for submitting comments. The Commission does not accept comments submitted by electronic mail (email), except through www.regulations.gov. The Commission encourages you to submit electronic comments by using the Federal eRulemaking Portal, as described above.

Written Submissions: Submit written submissions by mail/hand delivery/courier to: Office of the Secretary, Consumer Product Safety Commission, Room 820, 4330 East West Highway, Bethesda, MD 20814; telephone (301) 504-7923.

Instructions: All submissions received must include the agency name and docket number for this notice. All comments received may be posted without change, including any personal identifiers, contact information, or other personal information provided, to: www.regulations.gov. Do not submit confidential business information, trade secret information, or other sensitive or protected information that you do not

want to be available to the public. If furnished at all, such information should be submitted in writing.

Docket: For access to the docket to read background documents or comments received, go to: www.regulations.gov, and insert the docket number CPSC-2014-0033, into the "Search" box, and follow the prompts.

FOR FURTHER INFORMATION CONTACT: Kent R. Carlson, Ph.D., Toxicologist, Division of Toxicology & Risk Assessment, Directorate for Health Sciences, U.S. Consumer Product Safety Commission, 5 Research Place, Rockville, MD 20850-3213; email: kcarlson@cpsc.gov.

SUPPLEMENTARY INFORMATION: Section 108 of the Consumer Product Safety Improvement Act of 2008 (CPSIA) required the Commission to appoint a Chronic Hazard Advisory Panel (CHAP) to study the effects on children's health of phthalates and phthalate alternatives in children's toys and child care articles. Public Law 110-314, Section 108(b)(2)(A). The CHAP report is available at: <http://www.cpsc.gov/PageFiles/169902/CHAP-REPORT-With-Appendices.pdf>.

The CPSIA also required that the CHAP issue a report to the Commission and that the Commission conduct rulemaking based on the CHAP report. *Id.* Section 108(b)(2)(C); 108(b)(3). On December 30, 2014, the Commission issued a notice of proposed rulemaking (NPR) that would prohibit children's toys and child care articles containing specified phthalates. 79 FR 78324 (December 30, 2014).

The CHAP assessed human exposure to phthalates, in part, through human biomonitoring analysis. Among the data sources the CHAP considered were data from the National Human Health and Nutrition Survey (NHANES). See 79 FR at 78327. Specifically, the CHAP used biomonitoring data from the 2005/2006 NHANES data set.

In June 2015, CPSC staff released a document, "Estimated Phthalate Exposure and Risk to Pregnant Women and Women of Reproductive Age as Assessed Using Four NHANES Biomonitoring Data Sets (2005/2006, 2007/2008, 2009/2010, 2011/2012)."¹ The June 2015 analysis reviewed the 2005/2006 NHANES data set to replicate the CHAP's methodology and reviewed the subsequent NHANES data sets from 2007/2008, 2009/2010, 2011/2012). On June 23, 2015, the Commission published a notice of availability (NOA)

¹The 2015 staff report is available at <http://www.cpsc.gov/Global/Regulations-Laws-and-Standards/CPSIA/CHAP/NHANES-Biomonitoring-analysis-for-Commission.pdf>.

in the **Federal Register** requesting public comment on the June 2015 staff analysis document. 80 FR 35938 (June 23, 2015).

Since the June 2015 staff analysis, the Centers for Disease Control released the NHANES 2013/14 data set. In response to the release of the NHANES 2013/14 data set, CPSC staff has prepared a document reflecting the staff's analysis of the NHANES 2013/2014 data set: "Estimated Phthalate Exposure and Risk to Women of Reproductive Age as Assessed Using 2013/2014 NHANES Biomonitoring Data." The document is available on the Commission's Web site at: <https://www.cpsc.gov/s3fs-public/Estimated%20Phthalate%20Exposure%20and%20Risk%20to%20Women%20of%20Reproductive%20Age%20as%20Assessed%20Using%202013%202014%20NHANES%20Biomonitoring%20Data.pdf> and from the Commission's Office of the Secretary at the location listed in the **ADDRESSES** section of this notice.

The Commission invites comment on the document, "Estimated Phthalate Exposure and Risk to Women of Reproductive Age as Assessed Using 2013/2014 NHANES Biomonitoring Data." Comments should be submitted by March 24, 2017. Information on how to submit comments can be found in the **ADDRESSES** section of this notice.

Dated: February 16, 2017.

Todd A. Stevenson,
Secretary, Consumer Product Safety Commission.
