

qualitative and quantitative data to track performance outcomes and efficiency measures of the centers for independent living (CILs) programs with respect to the annual and long-term performance targets established in compliance with GPRA. The CIL PPR is also used by ACL to design CIL training and technical assistance programs authorized by section 721 of the Act.

New Requirements

The Workforce Innovation and Opportunity Act (WIOA), enacted on July 22, 2014, added a new core service to the list of “independent living core services” that ACL funded Centers for Independent Living (CILs) are required to provide. Prior to WIOA, CILs were required to provide four core independent living services: (1) Information and referral services; (2) independent living skills training; (3) peer counseling, including cross-disability peer counseling; (4) and

individual and systems advocacy. WIOA added a fifth core service for “transition services.” This new core service has three components. It requires CILs to:

- Facilitate the transition of individuals with significant disabilities from nursing homes and other institutions to home- and community-based residences, with the requisite supports and services;
- Provide assistance to individuals with significant disabilities who are at risk of entering institutions so that the individuals remain in the community; and
- Facilitate the transition of youth with significant disabilities, who were eligible for individualized education programs (IEPs) under Section 614(d) of the Individuals with Disabilities Education Act, and who have completed their secondary education or otherwise left school to post-secondary life.

The new core services promote full access to community living, which is in

keeping with the Americans with Disabilities Act, the Supreme Court ruling in *Olmstead v. L.C.*, and subsequent legislation and regulations. These critical services also align with the core of ACL’s mission.

Modifications to the performance measures were developed this year in response to these changes, which will require additional data to be submitted so ACL can report on activities related to the new requirement. The proposed reporting form may be found on the ACL Web site at: <https://acl.gov/Programs/AoD/ILA/Index.aspx#cil>.

The estimated hour burden per respondent for the CIL PPR (IL Part C) in 2017 will change from the 35 hours estimated in FY 2014 to 36.5 hours, an additional hour and a half due to the addition of the fifth core service area. The number of hours is multiplied by 356 CILs, resulting in a total estimated hour aggregate burden of 12,994 hours.

Number of centers	Frequency of responses per year	Hours per response	Total burden hours
356	1	493	12,994

Administration for Community Living

Agency Information Collection Activities; Proposed Collection; Comment Request; Data Collection Materials for the Evaluation of the Administration for Community Living’s American Indian, Alaska Natives and Native Hawaiian Programs (OAA Title VI)

AGENCY: Administration for Community Living, HHS.

ACTION: Notice.

SUMMARY: The Administration for Community Living (ACL) is announcing an opportunity for the public to comment on the proposed collection of information the agency proposes to collect related to an evaluation of the American Indian, Alaska Natives and Native Hawaiian Programs. Under the Paperwork Reduction Act of 1995 (the PRA), Federal agencies are required to

publish notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, and to allow 60 days for public comment in response to the notice. This notice solicits comments on the information collection requirements relating to the evaluation of the Title VI of the Older Americans Act.

DATES: Submit written or electronic comments on the collection of information by April 24, 2017.

ADDRESSES: Submit electronic comments on the collection of information to: Kristen.Hudgins@acl.hhs.gov. Submit written comments on the collection of information to: U.S. Department of Health and Human Services: Administration for Community Living, Washington, DC 20201, Attention: Kristen Hudgins.

FOR FURTHER INFORMATION CONTACT: Kristen Hudgins, 202-795-7732.

SUPPLEMENTARY INFORMATION: Under the PRA (44 U.S.C. 3501–3520), Federal agencies must obtain approval from the Office of Management and Budget (OMB) for each collection of information they conduct or sponsor. “Collection of information” is defined in 44 U.S.C. 3502(3) and 5 CFR 1320.3(c) and includes agency request or requirements that members of the public submit reports, keep records, or

provide information to a third party. Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3506(c)(2)(A)) requires Federal agencies to provide a 60- day notice in the **Federal Register** concerning each proposed collection of information, including each proposed extension of an existing collection of information, before submitting the collection to OMB for approval. To comply with this requirement, ACL is publishing a notice of the proposed collection of information set forth in this document. With respect to the following collection of information, ACL invites comments on: (1) Whether the proposed collection of information is necessary for the proper performance of ACL’s functions, including whether the information will have practical utility; (2) the accuracy of ACL’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used; (3) ways to enhance the quality, utility, and clarity of the information to be collected; and (4) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques when appropriate, and other forms of information technology. The Data Collection Materials for the Evaluation of the Administration for Community Living’s American Indian, Alaska

Natives and Native Hawaiian Programs (OAA Title VI) is a new data collection (ICR-New) that will include focus groups for Elders and caregiver program participants, interviews with Title VI staff, and a survey for caregiver program

participants. The Evaluation of the Administration for Community Living's American Indian, Alaska Natives and Native Hawaiian Programs will allow ACL/AoA to document the value of the Title VI programs for individuals,

families, communities and Tribes/Tribal Organizations. ACL estimates the burden of this collection of information as follows:

	Number of respondents	Number of responses per respondent	Average burden hours (in minutes) per response	Total burden hours
Elder and Caregiver Focus Groups	600 (at 2 focus groups of 10 people on average per 30 grantees).	1	120	1,200
Program Staff Interviews	30	1	60	30
Caregiver Survey	1,110 (at an average of 37 respondents per 30 grantees).	1	25	462.5
Total	1,692.5

The proposed data collection tools may be found on the ACL Web site at: https://aoa.acl.gov/Program_Results/Program_survey.aspx.

Dated: February 14, 2017.
