DEPARTMENT OF HOMELAND SECURITY

U.S. Customs and Border Protection

Accreditation and Approval of Inspectorate America Corporation, as a Commercial Gauger and Laboratory

ACTION: Notice of accreditation and approval of Inspectorate America Corporation as a commercial gauger and laboratory.

SUMMARY: Notice is hereby given, pursuant to CBP regulations, that Inspectorate America Corporation has been approved to gauge petroleum and certain petroleum products and accredited to test petroleum and certain petroleum products for customs purposes for the next three years as of June 16, 2016.

DATES: The accreditation and approval of Inspectorate America Corporation as commercial gauger and laboratory became effective on June 16, 2016. The next triennial inspection date will be scheduled for June 2019.

SUPPLEMENTARY INFORMATION: Notice is hereby given pursuant to 19 CFR 151.12 and 19 CFR 151.13, that Inspectorate America Corporation, 33 Rigby Road, South Portland, ME 04106 has been approved to gauge petroleum and certain petroleum products and accredited to test petroleum and certain petroleum products for customs purposes, in accordance with the provisions of 19 CFR 151.12 and 19 CFR 151.13. Inspectorate America Corporation is approved for the following gauging procedures for petroleum and certain petroleum products from the American Petroleum Institute (API):

Anyone wishing to employ this entity to conduct laboratory analyses and gauger services should request and receive written assurances from the entity that it is accredited or approved by the U.S. Customs and Border Protection to conduct the specific test or gauger service requested. Alternatively, inquiries regarding the specific test or gauger service this entity is accredited or approved to perform may be directed to the U.S. Customs and Border Protection by calling (202) 344–1060. The inquiry may also be sent to CBPGaugersLabs@cbp.dhs.gov. Please reference the Web site listed below for a complete listing of CBP approved gaugers and accredited laboratories. http://www.cbp.gov/about/labs-scientific/commercial-gaugers-and-laboratories.

Ira S. Reese, Executive Director, Laboratories and Scientific Services Directorate.

DEPARTMENT OF THE INTERIOR

Fish and Wildlife Service

Endangered and Threatened Wildlife and Plants; Availability of Proposed Low-Effect Habitat Conservation Plans, Lake and Volusia County, FL

AGENCY: Fish and Wildlife Service, Interior.

ACTION: Notice of availability; request for comment/information.

SUMMARY: We, the Fish and Wildlife Service (Service), have received three applications for incidental take permits (ITPs) under the Endangered Species Act of 1973, as amended (Act), in Lake County, Florida. We request public comment on the permit applications and accompanying proposed habitat conservation plans (HCPs), as well as on our preliminary determination that the plans qualify as low-effect under the National Environmental Policy Act (NEPA). To make this determination, we used our environmental action statement and low-effect screening form, which are also available for review.

DATES: To ensure consideration, please send your written comments by March 31, 2017.

ADDRESSES: If you wish to review the applications and HCPs, you may request documents by email, U.S. mail, or phone (see below). These documents are also available for public inspection by appointment during normal business hours at the office below. Send your comments or requests by any one of the following methods.

Email: northflorida@fws.gov. Use “Attn: Permit number TE14817C–0” for Mattamy Orlando, LLC (Postal Colony Property); “Attn: Permit number TE14818C–0” for Mattamy Orlando, LLC (Hartle Road Extension Property); and “Attn: Permit number TE14819C–0” for Duke Energy Florida, LLC.

Fax: Field Supervisor, (904) 731–3191. Attn: Permit number [Insert permit number].

U.S. mail: Field Supervisor, Jacksonville Ecological Services Field Office, Attn: Permit number [Insert permit number], U.S. Fish and Wildlife Service, 7915 Baymeadows Way, Suite 200, Jacksonville, FL 32256.

In-person drop-off: You may drop off information during regular business hours at the above office address.

FOR FURTHER INFORMATION CONTACT: Erin M. Gawera, telephone: (904) 731–3121; email: erin_gawera@fws.gov.

SUPPLEMENTARY INFORMATION: We, the Fish and Wildlife Service (Service), have received three applications for incidental take permits (ITPs) under the Endangered Species Act of 1973, as amended (Act), Mattamy Orlando, LLC (Postal Colony Property) requests a 5-year ITP; Mattamy Orlando, LLC (Hartle Road Extension Property) requests a 5-year ITP; and Duke Energy Florida requests a 5-year ITP.

We request public comment on the permit applications and accompanying proposed habitat conservation plans (HCPs), as well as on our preliminary determination that the plans qualify as low-effect under the Code of Federal Regulations (CFR) at 50 CFR 17.22. To make this determination, we used our environmental action statement and low-effect screening form, which are also available for review.

Background

Section 9 of the Act (16 U.S.C. 1531 et seq.) and our implementing Federal regulations in the Code of Federal Regulations (CFR) at 50 CFR 17 prohibit the “take” of fish or wildlife species listed as endangered or threatened. Take of listed fish or wildlife is defined under the Act as “harass, harm, pursue, hunt, shoot, wound, kill, trap, capture, or collect, or to attempt to engage in any such conduct” (16 U.S.C. 1532).

However, under limited circumstances, we issue permits to authorize incidental take—i.e., take that is incidental to, and not the purpose of, the carrying out of an otherwise lawful activity.

Regulations governing incidental take permits for threatened and endangered species are at 50 CFR 17.32 and 17.22, respectively. The Act’s take prohibitions do not apply to federally listed plants on private lands unless such take would violate State law. In addition to meeting other criteria, an incidental take permit’s proposed actions must not jeopardize the existence of federally listed fish, wildlife, or plants.

Applicants’ Proposals

Mattamy Orlando, LLC (Postal Colony Property)

Mattamy Orlando, LLC is requesting take of approximately 25 ac of occupied sand skink foraging and sheltering habitat incidental to construction of a water pipe trench, and they seek a 5-year permit. The .77-ac project is located north of John’s Lake Road and east of Hancock Road, along Lost Lake Road within Sections 34, Township 22 South, and Range 26 East, Lake County, Florida. The project includes installation of a water pipe trench, and the impacts are considered temporary.

The applicant proposes to mitigate for the take of the sand skink by the purchase of 0.02 mitigation credits within the Hatchineha Conservation Bank or another Service-approved sand skink bank.

Mattamy Orlando, LLC (Hartle Road Extension Property)

Mattamy Orlando, LLC is requesting take of approximately 2.0 ac of occupied sand skink foraging and sheltering habitat incidental to construction of a road extension, and they seek a 5-year permit. The 3.7-ac project is located on parcel numbers 09–22–26–110004200000 within Sections 26 and 27, Township 22 South, Range 26 East, Lake County, Florida. The project includes construction of a road extension and the associated infrastructure, and landscaping. The applicant proposes to mitigate for the take of the sand skink by the purchase of 4.0 mitigation credits within the Hatchineha Conservation Bank or another Service-approved sand skink bank.

Duke Energy Florida, LLC (Highbanks Substation)

Duke Energy Florida, LLC is requesting take of approximately .48 acres (ac) of occupied scrub-jay foraging...
