Preliminary Determination of No Reviewable Entries

We received timely filed submissions from Daewoo International Corp., GS Global Corp., Hyundai Glovis Co., Ltd., Hyundai Mipo Dockyard Co., Ltd., Samsung C&T Corporation, Samsung Heavy Industries, and SK Networks Co., Ltd., reporting to the Department that each had no exports, sales, or entries of subject merchandise to the United States during the POR. Based on record evidence, we preliminarily determine that these companies had no reviewable entries during the POR. For additional information on our preliminary determination of no reviewable entries, see the Preliminary Decision Memorandum.

Methodology

The Department is conducting this review in accordance with section 751 of the Tariff Act of 1930, as amended (the Act). Constructed export price is calculated in accordance with section 772 of the Act. Normal value is calculated in accordance with section 773 of the Act.

For a full description of the methodology underlying our conclusions, see the Preliminary Decision Memorandum. The Preliminary Decision Memorandum is a public document and is made available to the public via Enforcement and Compliance’s Antidumping and Countervailing Duty Centralized Electronic Service System (ACCESS). ACCESS is available to registered users at http://access.trade.gov and to all parties in the Department’s Central Records Unit, located at room B8024 of the main Department of Commerce building. In addition, a complete version of the Preliminary Decision Memorandum can be found at http://enforcement.trade.gov/frn/index.html.

Rebuttal briefs, limited to issues raised in the case briefs, may be filed not later than five days after the date for filing case briefs. Parties who submit case briefs or rebuttal briefs in this proceeding are encouraged to submit with each argument: (1) A statement of the issue, (2) a brief summary of the argument, and (3) a table of authorities. Pursuant to 19 CFR 351.310(c), interested parties who wish to request a hearing, must submit a written request to the Assistant Secretary for Enforcement and Compliance, filed electronically via ACCESS. An electronically filed document must be received successfully in its entirety by the Department’s electronic records system, ACCESS, by 5:00 p.m. Eastern Time within 30 days after the date of publication of this notice. Assessment Rates

If a respondent’s weighted-average dumping margin is above de minimis in the final results of this review, we will calculate an importer-specific assessment rate on the basis of the ratio of the total amount of antidumping duties calculated for the importer’s examined sales and the total entered value of the sales in accordance with 19 CFR 351.212(b)(1). If the respondent’s weighted-average dumping margin is zero or de minimis in the final results of reviews, we will instruct U.S. Customs and Border Protection (CBP) not to assess duties on any of its entries in accordance with the Final Modification for Reviews.

For entries of subject merchandise during the POR produced by Dongkuk Steel Mill Co., Ltd. or Hyundai Steel Company for which they did not know their merchandise was destined for the United States, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction.

For the companies which were not selected for individual examination, BDP International, Bookuk Steel Co., Ltd., Samsung C&T Engineering & Construction Group, Samsung C&T Trading and Investment Group, and Sung Jin Steel Co., Ltd., we will instruct CBP to apply the rates listed above to all entries of subject merchandise produced and/or exported by these firms.

We intend to issue liquidation instructions to CBP 15 days after publication of the final results of this review.
