FEDERAL COMMUNICATIONS COMMISSION

[DA 17–181]

Disability Advisory Committee; Announcement of Members and Date of First Meeting

AGENCY: Federal Communications Commission.

ACTION: Notice.

SUMMARY: This document announces the meeting date, time and agenda of the first meeting of the second term of its Disability Advisory Committee (“DAC” or “Committee”). The meeting is open to the public. During this meeting, members of the Committee will discuss: The roles and responsibilities of the Committee and its members; issues that the Committee will address; recommended subcommittees, subcommittee membership and meeting schedule, and the tasks for which each subcommittee will be responsible; and any other topics related to the DAC’s work that may arise.

DATES: The Committee’s next meeting will take place on Tuesday, March 21, 2017, 9:00 a.m. to 1:30 p.m. (EST), at the headquarters of the Federal Communications Commission (FCC).

FOR FURTHER INFORMATION CONTACT: Elaine Gardner, Consumer and Governmental Affairs Bureau, (202) 418–0581 (voice) email: Elaine.Gardner@fcc.gov.

SUPPLEMENTARY INFORMATION: On December 2, 2014, in document DA 14–1737, published at 79 FR 73309, December 10, 2014, the FCC announced the establishment and process for appointment of members of the DAC, an advisory committee, to provide advice and recommendations to the FCC on a wide array of disability matters. The DAC’s first term expired on December 29, 2016. On September 6, 2016, the FCC’s Consumer and Governmental Affairs Bureau in document DA 16–1011, published at 81 FR 66020, September 26, 2016, announced the anticipated renewal of the DAC and solicited applications for membership for the DAC’s second term, which runs from December 30, 2016, through December 29, 2018. On January 5, 2017, in document DA 17–19, announcement of the members selected for the renewed second term of the DAC was made. As authorized by Federal Advisory Committee Act, the Committee has established subcommittees, and the Commission has invited additional individuals and organizations who are not members of the full Committee to participate on these subcommittees. For the second term of the DAC, subcommittees are established to focus on emergency communications, relay/equipment distribution, technology transitions, and video programming.

The March 21, 2017 meeting will be led by the new DAC co-chairs: Lise Hamlin, Director of Public Policy of the Hearing Loss Association of America, and Sam Joehl, Principal Technical Consultant of the SSB BART Group. In addition, initial subcommittee meetings may be held following the meeting of the full DAC.

A reserved amount of time will be available on the agenda for comments and inquiries from the public. The public may come to or ask questions of presenters via the email address livequestions@fcc.gov, and may view the meeting through webcast with open captioning at www.fcc.gov/live. These comments or questions may be addressed during the public comment period.

During its first meeting, members of the Committee will clarify the Committee’s roles and responsibilities and begin to define, clarify, and prioritize issues that the Committee and its subcommittees will address.

The meeting site is fully accessible to people using wheelchairs or other mobility aids. Sign language interpreters, open captioning, and assistive listening devices will be provided on site. Other reasonable accommodations for people with disabilities are available upon request. If making a request for an accommodation, please include a description of the accommodation you will need and tell us how to contact you if we need more information. Make your request as early as possible by sending an email to fcc504@fcc.gov or calling the Consumer and Governmental Affairs Bureau at 202–418–0530 (voice), 202–418–0432 (TTY). Last minute requests will be accepted, but may be impossible to fill. The meeting will be webcast with open captioning, at: www.fcc.gov/live.

To request materials in accessible formats for people with disabilities (Braille, large print, electronic files, audio format), send an email to fcc504@fcc.gov or call the Consumer and Governmental Affairs Bureau at 202–418–0530 (voice), 202–418–0432 (TTY).

Health Risks to Workers Associated With Occupational Exposures to Peracetic Acid; Request for Information

AGENCY: National Institute for Occupational Safety and Health (NIOSH) of the Centers for Disease Control and Prevention (CDC), Department of Health and Human Services (HHS).

ACTION: Request for information.

SUMMARY: The National Institute for Occupational Safety and Health of the Centers for Disease Control and Prevention intends to evaluate the scientific and technical data on occupational exposures to peracetic acid (CAS #79–21–0, also known as peroxycetic acid and PAA). NIOSH is requesting information on the following: (1) Workplace exposure data for peracetic acid, (2) possible health effects observed in workers exposed to peracetic acid, (3) workplaces and products in which peracetic acid may be found, (4) description of work tasks and scenarios with a potential for exposure to peracetic acid, (5) reports and findings from in vitro and in vivo toxicity studies with peracetic acid, (6) data applicable to the quantitative risk assessment of health effects associated with acute, subchronic and chronic workplace exposures to peracetic acid, (7) sampling and analytical methods for peracetic acid, and (8) control measures, including engineering controls, work practices, and personal protective equipment (PPE), that are being used in workplaces where there is potential for exposure to peracetic acid.

DATES: Electronic or written comments must be received by June 5, 2017.

ADDRESSES: You may submit comments, identified by CDC–2017–0015 and docket number NIOSH–295, by any of the following methods:

• Federal eRulemaking Portal: http://www.regulations.gov. Follow the instructions for submitting comments.

• Mail: National Institute for Occupational Safety and Health, NIOSH Docket Office, 1090 Tusculum Avenue, MS C–34, Cincinnati, Ohio 45226–1996.

INSTRUCTIONS: All information received in response to this notice must include agency name and docket number [CDC–2017–0015; NIOSH–295]. All relevant comments received will be posted without change to www.regulations.gov, including any personal information provided. For access to the docket to read background documents or comments received, go to www.regulations.gov.

SUPPLEMENTARY INFORMATION: Peracetic acid is a peroxide-based molecule used extensively as an antimicrobial agent in many commercial applications. It is routinely used as a sterilant during the cleaning of endoscopes and other medical devices, as a disinfectant in food processing, as a bleaching agent, and in the synthesis of other chemicals [NAS 2010; Pechacek et al. 2015]. The chemical and physical properties of peracetic acid make the molecule highly reactive, unstable, and volatile. Peracetic acid has a pungent, vinegar-like odor [NAS 2010]. Peracetic acid is formed from a sulfuric acid-catalyzed chemical reaction between acetic acid and hydrogen peroxide (H₂O₂). Peracetic acid solutions typically consist of a mixture of peracetic acid,
