SUPPLEMENTARY INFORMATION: This ICR seeks to extend PRA authority for the Application for Waiver of Surface Sanitary Facilities Requirements (Pertaining to Coal Mines) information collection requirements codified in regulations 30 CFR 71.403, 71.404, 75.1712-4, and 75.1712-5. MSHA regulations require a covered coal mine operator to provide bathing facilities, clothing change rooms, and sanitary flush toilet facilities in a location that is convenient for use of the miners. See CFR 71.400 through 71.402 and 75.1712-1 through 75.1712-3. The regulations allow an operator that is unable to meet any or all of the requirements to apply for a waiver. See 30 CFR 71.403, 71.404, 75.1712-4, and 75.1712-5. The coal mine operator files the application with the MSHA District Manager for the district in which the mine is located. The application must contain the name and address of the mine operator, name and location of the mine, and a detailed statement of the grounds on which the waiver is requested. At the same time the application is sent to the MSHA District Manager, the operator must forward a copy to the appropriate Regional Program Director, National Institute for Occupational Safety and Health, and a post copy showing the addresses of the appropriate District Manager and Regional Program Director for at least

See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1219-0024.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on May 31, 2017. The DOL seeks to extend PRA authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the **Federal Register** on November 28, 2016 (81 FR 85643).
