SUPPLEMENTARY INFORMATION: This ICR
seeks to extend PRA authority for the
Application for Waiver of Surface
Sanitary Facilities Requirements
(Pertaining to Coal Mines) information
collection requirements codified in
regulations 30 CFR 71.403, 71.404,
75.1712–4, and 75.1712–5. MSHA
regulations require a covered coal mine
operator to provide bathing facilities,
clothing change rooms, and sanitary
flush toilet facilities in a location that is
convenient for use of the miners. See
CFR 71.400 through 71.402 and
75.1712–1 through .1712–3. The
regulations allow an operator that is
unable to meet any or all of the
requirements to apply for a waiver. See
30 CFR 71.403, 71.404, 75.1712–4, and
75.1712–5. The coal mine operator files
the application with the MSHA District
Manager for the district in which the
mine is located. The application must
contain the name and address of the
mine operator, name and location of the
mine, and a detailed statement of the
grounds on which the waiver is
requested. At the same time the
application is sent to the MSHA District
Manager, the operator must forward a
copy to the appropriate Regional
Program Director, National Institute for
Occupational Safety and Health, and a
post copy showing the addresses of the
appropriate District Manager and
Regional Program Director for at least
thirty (30) days on the mine bulletin board. Federal Mine Safety and Health Act of 1977 sections 101(a) and 103(h) authorize this information collection. See 30 U.S.C. 801(a) and 813(h).

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information that does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under Control Number 1219–0024.

OMB authorization for an ICR cannot be for more than three (3) years without renewal, and the current approval for this collection is scheduled to expire on May 31, 2017. The DOL seeks to extend OMB authorization for this information collection for three (3) more years, without any change to existing requirements. The DOL notes that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional substantive information about this ICR, see the related notice published in the Federal Register on November 28, 2016 (81 FR 83643).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section within thirty (30) days of publication of this notice in the Federal Register. In order to help ensure appropriate consideration, comments should mention OMB Control Number 1219–0024. The OMB is particularly interested in comments that:
