</table>

¹The organization of this table generally follows from the organization of the State of Nevada’s original 1972 SIP, which was divided into 12 sections. Nonattainment and maintenance plans, among other types of plans, are listed under Section 5 (Control Strategy). Lead SIPs and Small Business Stationary Source Technical and Environmental Compliance Assistance SIPs are listed after Section 12 followed by nonregulatory or quasi-regulatory statutory provisions approved into the SIP. Regulatory statutory provisions are listed in 40 CFR §2.1470(c).

to adopt and implement a SIP-approved Prevention of Significant Deterioration (PSD) permit program. We are approving SIP revisions that would incorporate a PSD rule for the VCAPCD into the SIP to establish a PSD permit program for pre-construction review of certain new and modified major stationary sources in attainment and unclassifiable areas within the District.

SUMMARY: The Environmental Protection Agency (EPA) is taking final action to approve revisions to the Ventura County Air Pollution Control District (VCAPCD or District) portion of the California State Implementation Plan (SIP). The State of California (State) is required under the Clean Air Act (CAA or Act) www.regulations.gov, or please contact the person identified in the FOR FURTHER INFORMATION CONTACT section for additional availability information.

FOR FURTHER INFORMATION CONTACT: Ya-Ting (Sheila) Tsai, EPA Region IX, (415) 972–3328. Tsai.Ya-Ting@epa.gov.

SUPPLEMENTARY INFORMATION: Throughout this document, “we,” “us” and “our” refer to the EPA.

IV. Incorporation by Reference
V. Statutory and Executive Order Reviews

I. Proposed Action
Table 1 lists the two VCAPCD rules addressed by our proposed action and this final action. On September 23, 2016, the EPA proposed to approve VCAPCD Rule 26.13 into the California SIP and to remove VCAPCD Rule 26.10 from the California SIP. (See 81 FR 65595.)

TABLE 1

<table>
<thead>
<tr>
<th>Rule No.</th>

</table>

We proposed these actions because we determined that they complied with the relevant CAA requirements. Our proposed action contains more information on the rules and our evaluation.
II. Public Comments and EPA Responses

The EPA’s proposed action provided a 30-day public comment period. During this period, we received no comments.

III. EPA’s Final Action

No comments were submitted on the EPA’s proposed action. Therefore, as authorized by section 110(k)(3) of the Act, the EPA is approving VCAPCD Rule 26.13 into the California SIP and removing VCAPCD Rule 26.10 from the California SIP, consistent with our proposed action.

This SIP revision will be codified in 40 CFR 52.220 by incorporating by reference Rule 26.13 as listed in Table 1 and deleting without replacement Rule 26.10 as listed in Table 1. We are also revising 40 CFR 52.270 to reflect that upon the effective date of this final rule, the VCAPCD will have a SIP-approved PSD program and will no longer be subject to the Federal Implementation Plan (FIP) at 40 CFR 52.21 for the PSD program. This SIP revision provides a federally approved and enforceable mechanism for the VCAPCD to issue pre-construction PSD permits for certain new and modified major stationary sources subject to PSD review within the District.

As discussed in our proposal, the VCAPCD requested approval to exercise its authority to administer the PSD program with respect to those sources located in the District that have existing PSD permits issued by the EPA, including authority to conduct general administration of these existing permits, authority to process and issue any and all subsequent PSD permit actions relating to such permits (e.g., modifications, amendments, or revisions of any nature), and authority to enforce such permits. Pursuant to the criteria in section 110(a)(2)(E)(i) of the CAA, we have determined that the VCAPCD has the authority, personnel, and funding to implement the PSD program within the District for existing EPA-issued PSD permits and therefore are transferring authority for such permits to the VCAPCD concurrent with the effective date of our approval of the VCAPCD’s PSD program into the SIP. Our revisions to 40 CFR 52.270 will reflect this transfer of authority for existing PSD permits. The EPA intends to provide a copy of each such permit to the VCAPCD.

IV. Incorporation by Reference

In this rule, the EPA is finalizing regulatory text that includes incorporation by reference. In accordance with requirements of 1 CFR 51.5, the EPA is finalizing the incorporation by reference of the VCAPCD rules described in the amendments to 40 CFR part 52 set forth below. The EPA has made, and will continue to make, these documents available through www.regulations.gov and at the EPA Region IX Office (please contact the person identified in the FOR FURTHER INFORMATION CONTACT section of this preamble for more information).

V. Statutory and Executive Order Reviews

Under the Clean Air Act, the Administrator is required to approve a SIP submission that complies with the provisions of the Act and applicable federal regulations. 42 U.S.C. 7410(k); 40 CFR 52.02(a). Thus, in reviewing SIP submissions, the EPA’s role is to approve state choices, provided that they meet the criteria of the Clean Air Act. Accordingly, this action merely approves state law as meeting federal requirements and does not impose additional requirements beyond those imposed by state law. For that reason, this action:

• Is not a significant regulatory action subject to review by the Office of Management and Budget under Executive Orders 12866 (58 FR 51735, October 4, 1993) and 13563 (76 FR 3821, January 21, 2011);
• Does not impose an information collection burden under the provisions of the Paperwork Reduction Act (44 U.S.C. 3501 et seq.);
• Is certified as not having a significant economic impact on a substantial number of small entities under the Regulatory Flexibility Act (5 U.S.C. 601 et seq.);
• Does not contain any unfunded mandate or significantly or uniquely affect small governments, as described in the Unfunded Mandates Reform Act of 1995 (Pub. L. 104–4);
• Does not have Federalism implications as specified in Executive Order 13132 (64 FR 43255, August 10, 1999);
• Is not an economically significant regulatory action based on health or safety risks subject to Executive Order 13045 (62 FR 19885, April 23, 1997);
• Is not a significant regulatory action subject to Executive Order 13211 (66 FR 28355, May 22, 2001);
• Is not subject to requirements of Section 12(d) of the National Technology Transfer and Advancement Act of 1995 (15 U.S.C. 272 note) because application of those requirements would be inconsistent with the Clean Air Act; and
• Does not provide the EPA with the discretionary authority to address, as appropriate, disproportionate human health or environmental effects, using practicable and legally permissible methods, under Executive Order 12898 (59 FR 7629, February 16, 1994).

In addition, the SIP is not approved to apply on any Indian reservation land or in any other area where the EPA or an Indian tribe has demonstrated that a tribe has jurisdiction. In those areas of Indian country, the rule does not have tribal implications and will not impose substantial direct costs on tribal governments or preempt tribal law as specified by Executive Order 13175 (65 FR 67249, November 9, 2000).

The Congressional Review Act, 5 U.S.C. 801 et seq., as added by the Small Business Regulatory Enforcement Fairness Act of 1996, generally provides that before a rule may take effect, the agency promulgating the rule must submit a report to the Congress and to the Comptroller General of the United States. The EPA will submit a report containing this action and other required information to the U.S. Senate, the U.S. House of Representatives, and the Comptroller General of the United States prior to publication of the rule in the Federal Register. A major rule cannot take effect until 60 days after it is published in the Federal Register. This action is not a “major rule” as defined by 5 U.S.C. 804(2).

Under section 307(b)(1) of the Clean Air Act, petitions for judicial review of this action must be filed in the United States Court of Appeals for the appropriate circuit by May 9, 2017. Filing a petition for reconsideration by the Administrator of this final rule does not affect the finality of this action for the purposes of judicial review nor does it extend the time within which a petition for judicial review may be filed, and shall not postpone the effectiveness of such rule or action. This action may not be challenged later in proceedings to enforce its requirements (see section 307(b)(2)).

List of Subjects in 40 CFR Part 52

Environmental protection, Air pollution control, Carbon monoxide, Greenhouse gases, Incorporation by reference, Intergovernmental relations, Lead, Nitrogen dioxide, Ozone, Particulate matter, Reporting and recordkeeping requirements, Sulfur oxides, Volatile organic compounds.
ENVIRONMENTAL PROTECTION AGENCY

40 CFR Part 180

Oxytetracycline; Pesticide Tolerances for Emergency Exemptions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Final rule.

SUMMARY: This regulation establishes a time-limited tolerance for residues of oxytetracycline in or on citrus, group 10–10. This action is in response to EPA’s granting of an emergency exemption under the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) to allow use of the pesticide in citrus production. This regulation establishes a maximum permissible level for residues of oxytetracycline in or on commodities in this crop group. The time-limited tolerance expires on December 31, 2019.

DATES: This regulation is effective March 10, 2017. Objections and requests for hearings must be received on or before May 9, 2017, and must be filed in accordance with the instructions provided in 40 CFR part 178 (see also Unit I.C. of the SUPPLEMENTARY INFORMATION).

ADDRESSES: The docket for this action, identified by docket identification (ID) number EPA–HQ–OPP–2016–0539, is available at http://www.regulations.gov or at the Office of Pesticide Programs Regulatory Public Docket (OPP Docket) in the Environmental Protection Agency Docket Center (EPA/DC), West William Jefferson Clinton Bldg., Rm. 3334, 1301 Constitution Ave. NW., Washington, DC 20460–0001. The Public Reading Room is open from 8:30 a.m. to 4:30 p.m., Monday through Friday, excluding legal holidays. The telephone number for the Public Reading Room is (202) 566–1744, and the telephone number for the OPP Docket is (703) 305–5805. Please review the visitor instructions and additional information about the docket available at http://www.epa.gov/dockets.

FOR FURTHER INFORMATION CONTACT: Michael L. Goodis, Registration Division (7505P), Office of Pesticide Programs, Environmental Protection Agency, 1200 Pennsylvania Ave. NW., Washington, DC 20460–0001; main telephone number: (703) 305–7000; email address: RDFRNotices@epa.gov.

SUPPLEMENTARY INFORMATION:

I. General Information

A. Does this action apply to me?

You may be potentially affected by this action if you are an agricultural producer, food manufacturer, or pesticide manufacturer. The following list of North American Industrial Classification System (NAICS) codes is not intended to be exhaustive, but rather provides a guide to help readers determine whether this document applies to them. Potentially affected entities may include:

• Crop production (NAICS code 111).
• Animal production (NAICS code 112).
• Food manufacturing (NAICS code 311).
• Pesticide manufacturing (NAICS code 32532).

B. How can I get electronic access to other related information?

You may access a frequently updated electronic version of 40 CFR part 180 through the Government Printing Office’s e-CFR site at http://www.ecfr.gov/cgi-bin/text-
idx?&c=ecfr&tpl=/ecfrbrowse/Title40/
www.ecfr.gov/cgi-bin/text-
02.tpl.

C. How can I file an objection or hearing request?

Under section 408(g) of the Federal Food, Drug, and Cosmetic Act (FFDCA), 21 U.S.C. 346a, any person may file an objection to any aspect of this regulation and may also request a hearing on those objections. You must file your objection or request a hearing on this regulation in accordance with the instructions provided in 40 CFR part 178. To ensure receipt of your request, you must identify docket ID number EPA–HQ–OPP–2016–0539 in the subject line on the first page of your submission. All objections and requests for a hearing must be in writing, and must be received by the Hearing Clerk on or before May 9, 2017. Addresses for mail and hand delivery of objections and hearing requests are provided in 40 CFR 178.25(b).

In addition to filing an objection or hearing request with the Hearing Clerk as described in 40 CFR part 178, please submit a copy of the filing (excluding any Confidential Business Information (CBI)) for inclusion in the public docket. Information not marked confidential pursuant to 40 CFR part 2 may be disclosed publicly without prior notice. Submit the non-CBI copy of your objection or hearing request, identified by docket ID number EPA–HQ–OPP–2016–0539, by one of the following methods:

1. The authority citation for Part 52 continues to read as follows:

Authority: 42 U.S.C. 7401 et seq.

Subpart F—California

2. Section 52.220 is amended by adding paragraphs (c)(255)(i)(G)(2) and (c)(474)(i)(D) to read as follows:

§ 52.220 Identification of plan—in part.

* * * * *

(c) * * * *(255) * * * *(i) * * * *(G) * * * *(2) Previously approved on December 7, 2000, in paragraph (c)(255)(i)(G)(1) of this section and now deleted without replacement Rule 26.10.

* * * * *

(474) * * * *(j) * * * *(D) Ventura County Air Pollution Control District.

* * * * *

3. Section 52.270 is amended by adding paragraph (b)(17) to read as follows:

§ 52.270 Significant deterioration of air quality.

* * * * *

(b) * * * * *(17) The PSD program for the Ventura County Air Pollution Control District (VCAPCD), as incorporated by reference in § 52.220(c)(474)(i)(D)(i), is approved under part C, subpart 1, of the Clean Air Act. For PSD permits previously issued by EPA pursuant to § 52.21 to sources located in the VCAPCD, this approval includes the authority for the VCAPCD to conduct general administration of these existing permits, authority to process and issue any allowed all subsequent permit actions relating to such permits, and authority to enforce such permits.
