It also helps the public understand the Department’s information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Migrant Education Program Regulations and Certificate of Eligibility.

OMB Control Number: 1810-0662.

Type of Review: A revision of an existing information collection

Respondents/Affected Public:

Individuals or Households; State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 132,846.

Total Estimated Number of Annual Burden Hours: 245,867.

Abstract: This collection of information is necessary to collect information under the Title I, Part C Migrant Education Program (MEP). The MEP is authorized under sections 1301-1309 of Part C of Title I of the Elementary and Secondary Education Act (ESEA), as amended. Regulations for the MEP are found at 34 CFR 200.81-200.89. This information collection covers regulations with information collection requirements which pertain to information that State educational agencies (SEAs) must collect in order to properly administer the MEP: 34 CFR 200.83, 200.84, 200.88, and 200.89(b)-(d). Most provisions do not require SEAs to submit the information collected to the Department, with the exception of the provisions under 34 CFR 200.89(b).

The Department is requesting a revision to this currently approved information collection in order to address changes to MEP eligibility made by the Every Student Succeeds Act (ESSA), which reauthorizes and amends the authorizing statute, ESEA. The changes to MEP eligibility criteria must be reflected on the national Certificate of Eligibility (COE), which is an information collection required by 34 CFR 200.89(c). There was an overall reduction in SEA burden and responses. The reduction in burden and responses was achieved not as a result of deliberate Federal government action, but rather due to decreases in the number of eligible migratory children, the number of SEAs participating in the MEP, and the number of SEAs that the

Department expects will be required to implement retrospective re-interviewing. The burden per respondent for the COE as described in 34 CFR 200.89(c) remains the same because although some additional burden is incurred as a result of the added questions (needed to demonstrate compliance with the new statutory language in ESSA), there was an equivalent reduction in burden achieved by the removal of previously included questions (which were needed to demonstrate compliance with the statute, prior to its amendment by ESSA). The annualized burden of 34 CFR 200.83, 200.84, and 200.88 was changed due to those costs occurring at least once per ESEA authorization period of four years (previously six years).

Records Governing Off-the-Record Communications' Public Notice

This constitutes notice, in accordance with 18 CFR 385.2201(b), of the receipt of prohibited and exempt off-the-record communications.

Order No. 607 (64 FR 51222, September 22, 1999) requires Commission decisional employees, who make or receive a prohibited or exempt off-the-record communication relevant to the merits of a contested proceeding, to deliver to the Secretary of the Commission, a copy of the communication, if written, or a summary of the substance of any oral communication.

Prohibited communications are included in a public, non-decisional file associated with, but not a part of, the decisional record of the proceeding. Unless the Commission determines that the prohibited communication and any responses thereto should become a part of the decisional record, the prohibited off-the-record communication will not be considered by the Commission in reaching its decision. Parties to a proceeding may seek the opportunity to respond to any facts or contentions made in a prohibited off-the-record communication, and may request that the Commission place the prohibited communication and responses thereto in the decisional record. The Commission will grant such a request only when it determines that fairness so requires. Any person identified below as having made a prohibited off-the-record communication shall serve the document on all parties listed on the official service list for the applicable proceeding in accordance with Rule 2010, 18 CFR 385.2010.

Exempt off-the-record communications are included in the decisional record of the proceeding, unless the communication was with a cooperating agency as described by 40 CFR 1501.6, made under 18 CFR 385.2201(e) (1) (v).

The following is a list of off-the-record communications recently received by the Secretary of the Commission. The communications listed are grouped by docket numbers in ascending order.
