National Institute on Drug Abuse; Notice of Closed Meetings

Pursuant to section 10(d) of the Federal Advisory Committee Act, as amended (5 U.S.C. App.), notice is hereby given of the following meetings.

The meetings will be closed to the public in accordance with the provisions set forth in sections 552b(c)(4) and 552b(c)(6), Title 5 U.S.C., as amended. The grant applications and discussions could disclose confidential trade secrets or commercial property such as patentable material, and personal information concerning individuals associated with the grant applications, the disclosure of which would constitute a clearly unwarranted invasion of personal privacy.

Name of Committee: National Institute on Drug Abuse Special Emphasis Panel; Nicotinic Immune Modulation in the Presence of HIV–1 Infection (R01).

Date: March 24, 2017.
Time: 8:00 a.m. to 12:00 p.m.

Name of Committee: National Institute on Drug Abuse, National Institutes of Health, DHHS, 6001 Executive Boulevard, Room 4238, MSC 9550, Bethesda, MD 20892, 301–827–5820, hiromi.ono@nih.gov.

Name of Committee: National Institute on Drug Abuse Special Emphasis Panel; Hepatitis C Virus (HCV) Advanced Molecular Detection in Support of Systems for Prevention, Treatment and Control of HIV, HCV and Related Comorbidities in Rural Communities Affected by Opioid Injection Drug Epidemics in the Unite.

Date: March 24, 2017.
Time: 12:30 p.m. to 5:00 p.m.

Name of Committee: National Institute on Drug Abuse Special Emphasis Panel; HCV and Related Comorbidities in Rural Communities Affected by Opioid Injection Drug Epidemics in the United States: Building Systems for Prevention, Treatment and Control (UG3/UH3).

Date: March 24, 2017.
Time: 8:00 a.m. to 12:00 p.m.

Name of Committee: National Institute on Drug Abuse, National Institutes of Health, DHHS, 6001 Executive Boulevard, Room 4238, MSC 9550, Bethesda, MD 20892, 301–827–5820, shangyi.tsai@nih.gov.

Name of Committee: National Institute on Drug Abuse Special Emphasis Panel; HIV, HCV and Related Comorbidities in Rural Communities Affected by Opioid Injection Drug Epidemics in the United States: Loan Repayment.

Date: March 26, 2017.
Time: 10:00 a.m. to 5:00 p.m.

Name of Committee: National Institute on Drug Abuse, National Institutes of Health, DHHS, 6001 Executive Boulevard, Room 4228, MSC 9550, Bethesda, MD 20892, 301–827–5842, shangyi.tsai@nih.gov.

Name of Committee: National Institute on Drug Abuse, National Institutes of Health, DHHS, 6001 Executive Boulevard, Room 4228, MSC 9550, Bethesda, MD 20892, 301–827–5820, hiromi.ono@nih.gov.

Supplementary Information: The Advisory Council on Historic Preservation (ACHP) is an independent federal agency that promotes the preservation, enhancement, and sustainable use of our nation’s diverse historic resources, and advises the President and the Congress on national historic preservation policy. The goal of the National Historic Preservation Act (NHPA), which established the ACHP in 1966, is to have federal agencies act as responsible stewards of our nation’s resources when their actions affect historic properties. The ACHP is the only entity with the legal responsibility to encourage federal agencies to factor historic preservation into their decision making. For more information on the ACHP, please visit our Web site at www.achp.gov. The agenda for the upcoming quarterly meeting of the ACHP is the following:

I. Chairman’s Welcome
II. Swearing-In Ceremony
III. Transitions
A. The New Administration
B. ACHP Transition to Full-Time Chairman
1. Operating Procedures Amendments
2. Further Organizational Issues
IV. Section 106 Issues
A. Infrastructure Projects and Tribal Consultation Issues
B. Administration Infrastructure Initiative
C. Program Alternatives Under Development

U.S. Customs and Border Protection

Notice of Issuance of Final Determination Concerning the WorkFit-TL Sit-Stand Desktop Workstation

ACTION: Notice of final determination.

SUMMARY: This document provides notice that U.S. Customs and Border Protection (“CBP”) has issued a final determination concerning the country of origin of the WorkFit-TL Sit-Stand Desktop Workstation. The final determination was issued pursuant to subpart B of Part 177, CBP Regulations; WorkFit-TL Sit-Stand Desktop Workstation which may be offered to the U.S. Government under an undesignated government procurement contract. This final determination, Headquarters Ruling Letter (“HQ”) H280512, was issued under procedures set forth at 19 CFR part 177, subpart B, which implements Title III of the Trade Agreements Act of 1979, as amended (19 U.S.C. 2511–18). In the final determination, CBP concluded that, under the totality of the circumstances, the country of origin of the WorkFit-TL Sit-Stand Desktop Workstation is the United States for purposes of U.S. Government procurement.

FACTS:

The merchandise at issue is the WorkFit-TL Sit-Stand Desktop Workstation. You state that the WorkFit-TL is an ergonomic, height adjustable desk intended to help promote a healthy work environment by giving the user the ability to easily adjust between a standing or sitting position. The WorkFit-TL can be adjusted by releasing the hand-brake levers on either side of the unit to position the surface higher or lower to accommodate sitting or standing position. The WorkFit-TL is assembled in the United States from U.S. and Chinese components. Ergotron received a country of origin marking ruling for the WorkFit-TL Sit-Stand Desktop Workstation from the National Commodity Specialist Division (New York Ruling Letter (“NY”) N276731, dated July 15, 2016). You state that WorkFit-TL features a larger keyboard tray and wider work surface than the WorkFit-T, but the products and the assembly processes are otherwise identical.

You have submitted photographs, an assembly drawing, a process flow map, and two bills of materials for the WorkFit-TL. The first bill of materials is for materials utilized for all processing performed in the United States. The second bill of materials is for all processing performed in China. You state that of the total cost of production, 57 percent is attributable to materials of U.S. origin and U.S. labor costs (including overhead).

You state that the WorkFit-TL is comprised of three main components: A Chinese origin lift assembly, a U.S. origin laminated particle board work surface and keyboard tray. The lift assembly consists of base metal and provides user assisted lift functionality by means of spring force to allow adjustment of the product between sitting and standing positions. The lift assembly from China is assembled with components fabricated in Ergotron’s facility in the United States including the work surface, keyboard tray, right and left keyboard support brackets, and metal support bar. The design and development of the WorkFit-TL occurs in the United States. The production that occurs in the United States includes the following:

The right and left keyboard support brackets and metal support bar

- Laser cutting sheet metal components
- Press braking to bend sheet metal components to create the right and left brackets and the metal support bar
- Stud insertion into the sheet metal components
- Painting the sheet metal components
- Assembling the sheet metal components to the imported lift mechanism.

The work surface and keyboard tray

- Sawing raw Medium-Density Fiberboard (“MDF”) to the size of the work surface and keyboard tray
- Routing of profiles on the MDF sheets
- Sanding of MDF to prepare for the vinyl laminate
- Applying glue to the MDF
- Pressing the vinyl laminate onto the MDF
