

limitations on the withdrawal of capital from SDs as part of the SD capital requirements.

In implementing the provisions of Section 4s(f) of the CEA, the Proposal includes recordkeeping, reporting and notification requirements for SDs and MSPs relative to their respective capital requirements. The Proposal would also allow foreign SDs to comply with comparable capital requirements in the home jurisdiction under a program of substituted compliance.

In addition to proposing minimum capital and financial reporting requirements for SDs and MSPs, the Proposal would also amend existing capital requirements for FCMs to establish specific capital requirements for FCMs that engage in swaps or security-based swaps that are not cleared by a clearing organization. The Proposal also includes certain technical amendments to several regulations as part of the proposed capital and financial recordkeeping and reporting requirements.

II. Extension of Comment Period

The comment period for the Proposal is due to expire on March 16, 2017. By letters dated February 24, 2017 and March 2, 2017, respectively, the Securities Industry and Financial Markets Association (SIFMA) and The Futures Industry Association (FIA), membership organizations representing many firms that would be affected by the Proposal, requested a 60-day extension of the comment period. In support of their requests, SIFMA and FIA explained that firms have extensive work to do in order to calculate the effect on their activities of the different types of proposed capital requirements. SIFMA further explained that the initial comment period overlaps with firms' year-end accounting and reporting cycles as well as with the deadline for firms' compliance with the Commission's uncleared swaps margin rules, resulting in a significant drain on

their resources. SIFMA and FIA noted that given the complexity of the Proposal it will require significant time beyond the Commission's initial March 16 comment deadline to fully assess the potential impact of the Proposal on firms' operations.

In light of the foregoing, and in response to the SIFMA and FIA requests, by this **Federal Register** release the Commission is extending the comment period for the Proposal for 60 days, until May 15, 2017.

Issued in Washington, DC, on March 13, 2017, by the Commission.
