BILLING CODE 6560-50-P

## GULF COAST ECOSYSTEM RESTORATION COUNCIL

[Docket No.: 103172017-1111-10]

### Proposed Amendment to Initial Funded Priorities List

**AGENCY:** Gulf Coast Ecosystem  
Restoration Council.

**ACTION:** Proposed amendment to Initial  
Funded Priorities List.

**SUMMARY:** The Gulf Coast Ecosystem  
Restoration Council (Council) seeks  
public and Tribal comment on a  
proposal to amend its Initial Funded  
Priorities List (FPL) to approve  
implementation funding and associated  
actions for the Palm River Restoration  
Project Phase II, East McKay Bay project  
(Palm River), Florida. The Council is  
proposing to approve \$768,680 in  
implementation funding for Palm River.  
The Council is also proposing to  
reallocate \$87,750 from planning to  
implementation. The total amount  
available for implementation of Palm  
River would be \$856,430. These funds  
would be used for construction of three  
stormwater ponds, exotic vegetation  
removal, native planting, monitoring,  
management of exotic species, and  
maintenance of the culverts/stormwater  
ponds along the Palm River at the  
mouth of McKay Bay.

In the Initial FPL, components of the  
Palm River project were split among two  
sponsors: The Environmental Protection  
Agency (EPA) and Florida. The EPA  
portion of the Palm River project was  
included with a larger set of restoration  
measures within the FPL activity  
entitled Tampa Bay National Estuary  
Program. To enhance administrative  
efficiency, the Council is proposing to  
unify the two components of the Palm  
River project under one sponsor,  
Florida. The implementation funding  
proposed above includes monies  
originally budgeted for implementation  
of the EPA component (\$271,430).

To comply with the National  
Environmental Policy Act (NEPA) and  
other applicable laws, the Council is  
proposing to adopt an existing  
Environmental Assessment (EA) and  
ensure compliance with the terms and  
conditions of an associated Clean Water  
Act (CWA) Section 404 permit that has  
been issued for the project. In so doing,  
the Council would expedite project  
implementation, reduce planning costs  
and potentially increase the ecological  
benefits of this project.

**DATES:** Comments on this proposed  
amendment are due April 17, 2017.

**ADDRESSES:** Comments on this proposed  
amendment may be submitted as  
follows:

*By Email:* Submit comments by email  
to [frcomments@restorethegulf.gov](mailto:frcomments@restorethegulf.gov).  
Email submission of comments ensures  
timely receipt and enables the Council  
to make them available to the public. In  
general, the Council will make such  
comments available for public  
inspection and copying on its Web site,  
[www.restorethegulf.gov](http://www.restorethegulf.gov), without charge,  
including any business or personal  
information provided, such as names,  
addresses, email addresses and  
telephone numbers. All comments  
received, including attachments and  
other supporting materials, will be part  
of the public record and subject to  
public disclosure. You should only  
submit information that you wish to  
make publicly available.

*By Mail:* Send comments to Gulf Coast  
Ecosystem Restoration Council, 500  
Poydras Street, Suite 1117, New  
Orleans, LA 70130.

**FOR FURTHER INFORMATION CONTACT:**  
Please send questions by email to  
[frcomments@restorethegulf.gov](mailto:frcomments@restorethegulf.gov) or  
contact John Ettinger at (504) 444-3522.

#### SUPPLEMENTARY INFORMATION:

##### I. Background

The *Deepwater Horizon* oil spill led to  
passage of the Resources and  
Ecosystems Sustainability, Tourist  
Opportunities, and Revived Economies  
of the Gulf Coast States Act of 2012  
(RESTORE Act) (33 U.S.C. 1321(t) and  
*note*), which dedicates 80 percent of all  
Clean Water Act administrative and  
civil penalties related to the oil spill to  
the Gulf Coast Restoration Trust Fund  
(Trust Fund). The RESTORE Act also  
created the Council, an independent  
Federal entity comprised of the five Gulf  
Coast states and six Federal agencies.  
Among other responsibilities, the  
Council administers a portion of the  
Trust Fund known as the Council-  
Selected Restoration Component in  
order to “undertake projects and  
programs, using the best available  
science, that would restore and protect  
the natural resources, ecosystems,  
fisheries, marine and wildlife habitats,  
beaches, coastal wetlands, and economy  
of the Gulf Coast.” Additional  
information on the Council can be  
found here: [https://  
www.restorethegulf.gov](https://www.restorethegulf.gov).

On December 9, 2015, the Council  
approved the FPL, which includes  
projects and programs approved for  
funding under the Council-Selected  
Restoration Component, along with  
other activities the Council identified as  
priorities for potential future funding.  
Activities approved for funding in the  
FPL are included in “Category 1;” the  
priorities for potential future funding

are in “Category 2.” In the FPL the Council approved approximately \$156.6 million in Category 1 restoration and planning activities, and prioritized twelve Category 2 activities for possible funding in the future, subject to environmental compliance and further Council and public review. The Council included planning activities for Palm River in Category 1 and implementation activities for Palm River in Category 2.

The Council reserved approximately \$26.6 million for implementing priority activities in the future. These reserved funds may be used to support some, all or none of the activities included in Category 2 of the FPL and/or to support other activities not currently under consideration by the Council. As appropriate, the Council intends to review each activity in Category 2 in order to determine whether to: (1) Move the activity to Category 1 and approve it for funding, (2) remove it from Category 2 and any further consideration, or (3) continue to include it in Category 2. A Council decision to amend the FPL to move an activity from Category 2 into Category 1 must be approved by a Council vote after consideration of public and Tribal comments.

## II. Environmental Compliance

Prior to approving an activity for funding in FPL Category 1, the Council must comply with NEPA and other applicable Federal environmental laws. At the time of approval of the FPL, the Council had not addressed NEPA and other laws applicable to implementation of Palm River. The Council did, however, recognize the potential ecological value of Palm River, based on a review conducted during the FPL process. For this reason, the Council approved \$87,750 in planning funds for Palm River, a portion of which would be used to complete any needed environmental compliance activities. As noted above, the Council placed the implementation portion of Palm River into FPL Category 2, pending the outcome of this environmental compliance work and further Council review. The estimated cost of implementation of the Florida portion of Palm River is \$497,250. As discussed earlier, EPA sponsored another component of Palm River, which was also placed in FPL Category 2. The estimated implementation cost of the EPA component is \$271,430. As noted above, the Council is proposing to unify both components under one sponsor (Florida).

Since approval of the FPL, Florida, EPA, and Council staff have collaborated with the U.S. Army Corps

of Engineers (USACE) to identify an existing EA and associated environmental compliance documentation that could be used to support Council approval of implementation funding for Palm River. This EA was prepared by USACE in association with a CWA Section 404 nationwide permit (NWP 27) for aquatic habitat restoration, establishment and enhancement activities.

The Council has reviewed this EA and associated documents, including a July 31, 2014, USACE memorandum for the record documenting use of NWP 27 for Palm River and a February 22, 2017, U.S. Fish and Wildlife Service letter to the Council regarding compliance with the Endangered Species Act (ESA). In addition to ESA, the EA and associated documents address compliance with other Federal environmental laws, including the Magnuson-Stevens Fishery Conservation and Management Act, the National Historic Preservation Act, and others. Based on this review, the Council is proposing to adopt this EA to support the approval of implementation funds for Palm River, provided that the project is implemented in accordance with the terms and conditions of the CWA Section 404 permit. This EA and the associated documentation can be found here: <https://www.restorethegulf.gov/funded-priorities-list>. (See: *Palm River Restoration Project Phase II, East McKay Bay—Implementation.*)

### Palm River Project

If approved for implementation funding, the Palm River project would entail construction of three stormwater ponds, exotic vegetation removal, native planting, monitoring, and perpetual maintenance of exotic species and the culverts/stormwater ponds along the Palm River at the mouth of McKay Bay. Specifically, the Palm River project would improve water quality and enhance upland and wetland areas on 53 acres of Southwest Florida Water Management District land. It would remove exotic vegetation, create an herbaceous wetland, and build three stormwater management areas to provide water quality treatment for 436 acres of residential, commercial and industrial developed land.

Additional information on this Project, including metrics of success, response to science reviews and more is available in an activity-specific appendix to the FPL, which can be found at <https://www.restorethegulf.gov>. (Please see the table on page 25 of the FPL and click on: Palm River

Restoration Project Phase II, East McKay Bay, Implementation.)

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Agency for Healthcare Research and Quality

#### Agency Information Collection Activities: Proposed Collection; Comment Request

**AGENCY:** Agency for Healthcare Research and Quality, HHS.

**ACTION:** Notice.

**SUMMARY:** This notice announces the intention of the Agency for Healthcare Research and Quality (AHRQ) to request that the Office of Management and Budget (OMB) reapprove the information collection project: “*Consumer Assessment of Healthcare Providers and Systems (CAHPS) Health Plan Survey Comparative Database.*” In accordance with the Paperwork Reduction Act, 44 U.S.C. 3501–3521, AHRQ invites the public to comment on this proposed information collection.

This proposed information collection was previously published in the **Federal Register** on December 22, 2016 and allowed 60 days for public comment. Since AHRQ did not receive any substantive comments during this period, this notice allows for an additional 30 days for public comment.

**DATES:** Comments on this notice must be received by April 17, 2017.

**ADDRESSES:** Written comments should be submitted to: AHRQ’s OMB Desk Officer by fax at (202) 395–6974 (attention: AHRQ’s desk officer) or by email at [OIRA\\_submission@omb.eop.gov](mailto:OIRA_submission@omb.eop.gov) (attention: AHRQ’s desk officer).

**FOR FURTHER INFORMATION CONTACT:** Doris Lefkowitz, AHRQ Reports Clearance Officer, (301) 427–1477, or by email at [doris.lefkowitz@AHRQ.hhs.gov](mailto:doris.lefkowitz@AHRQ.hhs.gov).

#### SUPPLEMENTARY INFORMATION:

##### Proposed Project

*Consumer Assessment of Healthcare Providers and Systems (CAHPS) Health Plan Survey Comparative Database*

The Agency for Healthcare Research and Quality (AHRQ) requests that the Office of Management and Budget (OMB) reapprove, under the Paperwork
