It also helps the public understand the Department's information collection requirements and provide the requested data in the desired format. ED is soliciting comments on the proposed information collection request (ICR) that is described below. The Department of Education is especially interested in public comment addressing the following issues: (1) Is this collection necessary to the proper functions of the Department; (2) will this information be processed and used in a timely manner; (3) is the estimate of burden accurate; (4) how might the Department enhance the quality, utility, and clarity of the information to be collected; and (5) how might the Department minimize the burden of this collection on the respondents, including through the use of information technology. Please note that written comments received in response to this notice will be considered public records.

Title of Collection: Measures and Methods for the National Reporting System for Adult Education.

OMB Control Number: 1830-0027.

Type of Review: An extension of an existing information collection.

Respondents/Affected Public: State, Local, and Tribal Governments.

Total Estimated Number of Annual Responses: 57.

Total Estimated Number of Annual Burden Hours: 5,700.

Abstract: Title II of the Workforce Innovation and Opportunity Act of 2014 (WIOA—P.L. 113-128), entitled the Adult Education and Family Literacy Act (AEFLA), was enacted on July 22, 2014. AEFLA creates a partnership among the Federal government, States, and localities to provide, on a voluntary

basis, adult education and literacy services. Section 116 of WIOA requires States and Local Areas that operate the six core programs of the workforce development system to comply with common performance accountability requirements for those programs. In addition to the WIOA Joint Performance ICR, ED's Office of Career, Technical, and Adult Education (OCTAE) has modified its previously-approved ICR, used by States for performance reporting under the Workforce Investment Act of 1998 (WIA) through the National Reporting System for Adult Education (NRS ICR), to conform to the new requirements under WIOA. The NRS ICR obtains aggregate data annually from States using a set of data tables developed by ED (OMB Control No. 1830-0027).

Through this proposal, the Department is submitting a revised NRS ICR to include additional data collection elements consistent with the WIOA performance accountability requirements for the AEFLA program. These new requirements will become effective July 1, 2017. Thus, for purposes of the AEFLA program, States will be required to complete and submit annually to OCTAE the WIOA Annual Statewide Performance Report Template (in the Joint Performance ICR) and the aggregate data tables in the revised NRS ICR under OMB Control No. 1830-0027.

This revised NRS ICR contains 17 tables, two of which are required only for States that offer distance education; one optional table; two financial reports; one narrative report; and one data quality checklist. These tables and report forms are included in the document titled "Adult Education and Family Literacy Act (AEFLA) Reporting Tables." States include in the tables all participants in programs (1) that meet the purposes of AEFLA, and (2) for which expenditures are reported on the Federal Financial Report. In June 2016, OMB approved the data collection required by AEFLA (OMB 1830-0027) by approving non-substantive changes that conformed to the performance accountability requirements in WIOA section 116. OCTAE is requesting an extension of this approval, with proposed minor changes in order to obtain a more accurate reporting of participants served in the various AEFLA activities, services, and programs that support the purposes of AEFLA. These minor enhancements will increase the efficiency of the data collection process and ensure the quality of the data that States report.

Now, as of the filing of the March 1 application, the Pre-Filing Process for this project has ended. From this time forward, this proceeding will be conducted in Docket No. CP17-66-000 and CP17-67-000 as noted in the caption of this Notice.
