SUPPLEMENTARY INFORMATION: This ICR seeks PRA authority for the Unemployment Insurance Benefits Operations Self-Assessment Report of Responses information collection. The report of responses to the state self-assessment will support periodic reviews conducted by ETA Regional and National Office staff for purposes of oversight and monitoring as well as providing technical assistance. This will enable the ETA to assess the state’s activities and its administrative compliance with Federal law. The information gathered from the self-assessments will enable ETA Regional Office staff to work with the state to identify areas where performance improvements are needed. The results will be used to inform ETA technical assistance efforts nationally and with individual states. The results will also enable a more robust and effective collection and dissemination of state best practices. Social Security Act section 303(a)(6) authorizes this information collection. See 42 U.S.C. 503(a)(6).

This proposed information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid Control Number. See 5 CFR 1320.5(a) and 1320.6. For additional information, see the related notice published in the Federal Register on June 30, 2016 (81 FR 42729).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the ADDRESSES section within thirty (30) days of publication of this notice in the Federal Register.
