The Protection and Advocacy for Individuals with Mental Illness (PAIMI) Program supports the same level of systemic advocacy services to individuals with significant (severe) mental illness (adults) and significant mental illness (adults) as the Protection and Advocacy for Developmental Disabilities (PADD) Program administered by the Administration on Intellectual and Developmental Disabilities (AIDD) within the Administration on Community Living. AIDD is the lead federal P&A agency. The PAIMI Program supports the same governor-designated P&A systems established under the DD Act by providing legal-based individual and systemic advocacy services to individuals with significant (severe) mental illness (adults) and significant mental illness (adults).
(severe) emotional impairment (children/youth) who are at risk for abuse, neglect and other rights
violations while residing in a care or treatment facility.

In 2000, the PAIMI Act amendments created a 57th P&A system—the American Indian Consortium (the
Navajo and Hopi Tribes in the Four Corners region of the Southwest). The Act, at 42 U.S.C. 10804(d), states that a
P&A system may use its allotment to provide representation to individuals with mental illness, as defined by
section 42 U.S.C. 10802(4)(B)(ii) residing in the community, including their own home, only, if the total
allotment under this title for any fiscal year is $30 million or more, and in such cases an eligible P&A system must give
priority to representing PAIMI-eligible individuals, as defined by 42 U.S.C. 10802(4)(A) and (B)(i).

The Children’s Health Act of 2000 (CHA) also referenced the state P&A system authority to obtain information
on incidents of seclusion, restraint and related deaths [see, CHA, Part H at 42 U.S.C. 10802(4)(A) and (B)(i).

The Substance Abuse Mental Health Services Administration (SAMHSA) proposes no revisions to its annual
PAIMI Program Performance Report (PPR), including the advisory council section, at this time for the following
reasons: (1) The revisions revise the SAMHSA PPR, as appropriate, for consistency with the annual reporting
requirements under the PAIMI Act and Rules [42 CFR part 51]; (2) The revisions simplify the electronic data entry by
state PAIMI programs; (3) GPRA requirements for the PAIMI Program will be revised as appropriate to ensure that
SAMHSA obtains information that closely measures actual outcomes of programs that it funds and (4) SAMHSA
will reduce wherever feasible the current reporting burden by removing any information that does not facilitate
evaluation of the programmatic and fiscal effectiveness of a state P&A system (5) The new electronic version will
expedite SAMHSA’s ability to prepare the biennial report; (6) The new electronic version will improve
SAMHSA’s ability to generate reports, analyze trends and more expeditiously provide feedback to PAIMI programs.

The current report formats will be due on January 1, 2018.

The annual burden estimate is as follows:

| Program Performance Report | 57 | 1 | 20 | 1,140
