

submitted ministerial error allegations or rebuttal comments.

Scope of the Order

The merchandise covered by the order is steel threaded rod.² Steel threaded rod is certain threaded rod, bar, or studs, of carbon quality steel, having a solid, circular cross section, of any diameter, in any straight length, that have been forged, turned, cold-drawn, cold-rolled, machine straightened, or otherwise cold-finished, and into which threaded grooves have been applied. Certain steel threaded rod subject to the order is currently classifiable in the Harmonized Tariff Schedule of the United States (“HTSUS”) at subheadings 7318.15.5051, 7318.15.5056, 7318.15.5090, and 7318.15.2095. Although the HTSUS subheading is provided for convenience and customs purposes, the written description of the merchandise is dispositive.³

Amended Final Results

Section 751(h) of the Tariff Act of 1930, as amended (“the Act”), defines “ministerial error” as including “errors in addition, subtraction, or other arithmetic function, clerical errors resulting from inaccurate copying, duplication, or the like, and any other type of unintentional error which the administering authority considers ministerial.” After analyzing New Oriental’s comments, we have determined, in accordance with section 751(h) of the Act and 19 CFR 351.224(e), that we made certain ministerial errors in the final results with respect to our calculation of surrogate financial ratios.⁴

For a detailed discussion of these ministerial errors, as well as the Department’s analysis of these errors, see Ministerial Errors Memo. In accordance with section 751(h) of the Act and 19 CFR 351.224(e), we are amending the *Final Results* of this administrative review of certain steel threaded rod from the PRC. The dumping margins for the period of review for these amended final results are as follows:

Iron Construction Castings From Brazil, Canada, and the People’s Republic of China: Continuation of Antidumping Duty Orders and Countervailing Duty Order

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the Department) and the International Trade Commission (the ITC) have determined that revocation of the antidumping duty (AD) orders on certain iron construction castings (iron castings) from Brazil, Canada, and the People’s Republic of China (PRC) would likely lead to continuation or recurrence of dumping and material injury to an industry in the United States. The Department and the ITC have also determined that revocation of the countervailing duty (CVD) order on heavy iron construction castings (heavy iron castings) from Brazil would likely lead to continuation or recurrence of net countervailable subsidies and material injury to an industry in the United States. Therefore, the Department is publishing a notice of continuation of the AD orders and the CVD order.

DATES: Effective January 6, 2017.

SUPPLEMENTARY INFORMATION:

Background

On October 1, 2015, the Department initiated¹ and the ITC instituted² five-year (sunset) reviews of the *AD Orders*³ on iron castings from Brazil, Canada, and the PRC, and the *CVD Order*⁴ on heavy iron castings from Brazil pursuant to section 751(c) of the Tariff Act of 1930, as amended (the Act). The Department conducted expedited sunset reviews of these orders. As a result of its reviews, the Department determined that revocation of the *AD Orders* on iron castings would likely lead to continuation or recurrence of dumping and that revocation of the *CVD Order* on heavy iron castings would likely lead to continuation or recurrence of net countervailable subsidies.⁵ Therefore, the Department notified the ITC of the magnitude of the margins and the net countervailable subsidy rate likely to prevail should the orders be revoked, pursuant to sections 751(c)(1) and 752(b) and (c) of the Act.⁶

On December 28, 2016, the ITC published its determination, pursuant to sections 751(c) and 752 of the Act, that revocation of the AD orders on iron castings from Brazil, Canada, and the PRC, and the CVD order on heavy iron castings from Brazil, would likely lead to continuation or recurrence of material

injury to an industry in the United States within a reasonably foreseeable time.⁷

Scopes of the AD Orders

Brazil

The merchandise covered by the order consists of certain iron construction castings from Brazil, limited to manhole covers, rings, and frames, catch basin grates and frames, cleanout covers and frames used for drainage or access purposes for public utility, water and sanitary systems, classifiable as heavy castings under Harmonized Tariff Schedule (HTS) item under 7325.10.0010; and to valve, service, and meter boxes which are placed below ground to encase water, gas, or other valves, or water and gas meters, classifiable as light castings under HTS item number 7325.10.0050. The HTS item numbers are provided for convenience and customs purposes only. The written product description remains dispositive.

Canada

The merchandise covered by the order consists of certain iron construction castings from Canada, limited to manhole covers, rings, and frames, catch basin grates and frames, clean-out covers, and frames used for drainage or access purposes for public utility, water and sanitary systems, classifiable as heavy castings under HTS item number 7325.10.0010. The HTS item number is provided for convenience and customs purposes only. The written product description remains dispositive.

PRC

The products covered by the order are certain iron construction castings from the PRC, limited to manhole covers, rings and frames, catch basin grates and frames, cleanout covers and drains used for drainage or access purposes for public utilities, water and sanitary systems; and valve, service, and meter boxes which are placed below ground to encase water, gas, or other valves, or water or gas meters. These articles must be of cast iron, not alloyed, and not malleable. This merchandise is currently classifiable under the HTS item numbers 7325.10.0010 and 7325.10.0050. The HTS item numbers are provided for convenience and customs purposes. The written product description remains dispositive.

Scope of the CVD Order

Brazil

The products covered by this order are certain heavy iron construction castings, which are defined for purposes of this proceeding as manhole covers, rings and frames; catch basin grates and frames; and cleanout covers and frames. Such castings are used for drainage or access purposes for public utility, water and sanitary systems. These articles must be of cast iron, not alloyed, and not malleable. The merchandise is currently classified under HTS item number 7325.10.00. While the HTSUS subheading is provided for convenience and customs purposes, the written description of the scope of this order is dispositive.

Continuation of the Orders

As a result of the determinations by the Department and the ITC that revocation of the AD orders and the CVD order would likely lead to a continuation or recurrence of dumping and countervailable subsidies and material injury to an industry in the United States, pursuant to section 751(d)(2) of the Act and 19 CFR 351.218(a), the Department hereby orders the continuation of the AD orders on iron castings from Brazil, Canada, and the PRC, and the CVD order on heavy iron castings from Brazil. U.S. Customs and Border Protection will continue to collect cash deposits at the rates in effect at the time of entry for all imports of subject merchandise.

The effective date of the continuation of the AD orders and the CVD order will be the date of publication in the **Federal Register** of this notice of continuation. Pursuant to section 751(c)(2) of the Act, the Department intends to initiate the next five-year review of these orders not later than 30 days prior to the fifth anniversary of the effective date of this continuation notice.

These five-year sunset reviews and this notice are in accordance with sections 751(c) and 751(d)(2) of the Act and published pursuant to section 777(i)(1) of the Act and 19 CFR 351.218(f)(4).

Dated: December 29, 2016.

Certain Hot-Rolled Carbon Steel Flat Products From India: Final Results of Antidumping Duty Administrative Review; 2014-2015

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: On September 7, 2016, the Department of Commerce (the Department) published the preliminary results of the administrative review of the antidumping duty (AD) order on certain hot-rolled carbon steel flat products (hot-rolled steel) from India. We received no comments or requests for a hearing. Therefore, for the final results, we continue to find that Ispat Industries Ltd. (Ispat), JSW Steel Ltd. (JSW), JSW Ispat Steel Ltd. (JSW Ispat), and Tata Steel Ltd. (Tata) had no shipments of the subject merchandise, and, therefore, no reviewable transactions, during the period of review (POR).

DATES: Effective January 6, 2017.

FOR FURTHER INFORMATION CONTACT: George McMahon or Eric Greynolds, AD/CVD Operations Office III, Enforcement and Compliance, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-1167 and (202) 482-6071, respectively.

Background

On September 7, 2016, the Department published the *Preliminary Results*.¹ The POR is December 1, 2014, through November 30, 2015. We invited interested parties to comment on the *Preliminary Results*. We received no comments from any party. The Department conducted this administrative review in accordance with section 751(a)(2) of the Tariff Act of 1930, as amended (the Act).

Scope of the Order

For purposes of this order, the products covered are certain hot-rolled carbon steel flat products of a rectangular shape, of a width of 0.5 inch or greater, neither clad, plated, nor coated with metal and whether or not painted, varnished, or coated with
