the John Day—Snake RAC is requested prior to the start of each meeting.

The May 18 meeting will consist of a field trip to the Greater sage-grouse habitat to the east of Baker City to discuss the presence of the species as well as public uses on the same land. The tour will begin at 8 a.m. PDT and end at 5 p.m. PDT. The May 19 meeting will begin at 8 a.m. PDT and end at 3 p.m. PDT. The agenda will be released online at https://www.blm.gov/site-page/get-involved-resource-advisory-council-near-you-oregon-washington-john-day-rac by May 1, 2017. Agenda items for the meeting include:

Discussion and impressions from the field trip; the Baker County Local Improvement Team’s work on Greater sage-grouse habitat improvement; Snake River management; the Walden Lake OHV trail proposal; a report from the Deschutes River fee sub-committee; and a discussion on public education opportunities. Any other matters that may reasonably come before the John Day—Snake RAC may also be addressed.

The agenda includes a 30-minute public comment period that will begin at 11:30 on May 19. Each speaker may address the John Day—Snake RAC for a maximum of 5 minutes. Meeting times and the duration of the scheduled public comment period may be extended or altered when the authorized representative considers it necessary to accommodate necessary business and all who seek to be heard regarding matters before the John Day—Snake RAC.

Before including your address, phone number, email address, or other personal identifying information in your comments, please be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

Donald Gonzalez,
Vale District Manager.
[FR Doc. 2017–07484 Filed 4–12–17; 8:45 am]
accrue to the public at large. Regulations at §§ 291.106(b) and 291.108 require a nonrefundable processing fee of $7,500 that a shipper must pay when filing a complaint to BSEE.

On November 2, 2015, the President signed into law the Federal Civil Penalties Inflation Adjustment Act Improvements Act of 2015 (Sec. 701 of Pub. L. 114–74) (FCPIA of 2015). The OCSLA directs the Secretary of the Interior to adjust the OCSLA maximum civil penalty amount at least once every three years to reflect any increase in the Consumer Price Index (CPI) to account for inflation (43 U.S.C. 1350(b)(1)). The FCPIA of 2015 requires Federal agencies to adjust the level of civil monetary penalties with an initial “catch-up” adjustment, if warranted, through rulemaking and then to make subsequent annual adjustments for inflation. The purpose of these adjustments is to maintain the deterrent effect of civil penalties and to further the policy goals of the underlying statutes. Regulations at §§ 291.110 and 291.113 address civil penalties for failure to provide BSEE additional requested information, and/or to comply with a BSEE order to provide open access or nondiscriminatory access.

This authority and responsibility are among those delegated to BSEE. The regulations at 30 CFR 291 concern open and nondiscriminatory access to pipelines, and are the subject of this collection. This request also covers any related Notices to Lessees and Operators (NTLs) that BSEE issues to clarify, supplement, or provide additional guidance on some aspects of our regulations.

Responses are voluntary but are required to obtain or retain a benefit. No questions of a sensitive nature are asked. The BSEE protects information considered confidential commercial or proprietary according to the Freedom of Information Act (5 U.S.C. 552) and DOI’s implementing regulations (43 CFR 2); 30 CFR 291.111, How does BSEE treat the confidential information I provide. The BSEE uses the submitted information to initiate a more detailed review into the specific circumstances associated with a complainant’s allegation of denial of access or discriminatory access to pipelines on the OCS. The complaint information will be provided to the alleged offending party. Alternative dispute resolution may be used either before or after a complaint has been filed to informally resolve the dispute. The BSEE may request additional information upon completion of the initial review.

Frequency: On occasion.

Description of Respondents: Potential respondents include companies that ship or transport oil and gas production across the OCS; as well as, Federal OCS oil, gas, or sulfur lessees and/or operators and holders of pipeline rights-of-way.

Estimated Reporting and Recordkeeping Hour Burden: The estimated annual hour burden for this information collection is a total of 51 hours. The following chart details the individual components and estimated hour burdens. In calculating the burdens, we assumed that respondents perform certain requirements in the normal course of their activities. We consider these to be usual and customary and took that into account in estimating the burden.

$7,500 Non-Hour Cost Burden

Estimated Reporting and Recordkeeping Non-Hour Cost Burden: We have identified one non-hour cost burden of $7,500. The BSEE requires that shippers pay a nonrefundable fee of $7,500 for a complaint submitted to BSEE (30 CFR 291.106). The fee is required to recover the Federal Government’s processing costs.

Public Disclosure Statement: The PRA (44 U.S.C. 3501, et seq.) provides that an agency may not conduct or sponsor a collection of information unless it displays a currently valid OMB control number. Until OMB approves a collection of information, you are not obligated to respond.

Comments: Section 3506(c)(2)(A) of the PRA (44 U.S.C. 3501, et seq.,) requires each agency “...to provide notice...and otherwise consult with members of the public and affected agencies concerning each proposed collection of information...” Agencies must specifically solicit comments to: (a) Evaluate whether the collection is necessary or useful; (b) evaluate the accuracy of the burden of the proposed collection of information; (c) enhance
the quality, usefulness, and clarity of the information to be collected; and (d) minimize the burden on the respondents, including the use of technology.

To comply with the public consultation process, on September 22, 2016, BSEE published a Federal Register notice (81 FR 65403) announcing that we would submit this ICR to OMB for approval. The notice provided the required 60-day comment period. In addition, § 291.1 provides the OMB Control Number for the information collection requirements imposed by the 30 CFR part 291 regulations. The regulation also informs the public that they may comment at any time on the collections of information and provides the address to which they should send comments. We received one comment in response to the Federal Register notice; however, it was not germane to this collection.

Public Availability of Comments:
Before including your address, phone number, email address, or other personal identifying information in your comment, you should be aware that your entire comment—including your personal identifying information—in your comment, you should be aware that your entire comment—including your personal identifying information—may be made publicly available at any time. While you can ask us in your comment to withhold your personal identifying information from public review, we cannot guarantee that we will be able to do so.

BSEE Information Collection Clearance Officer: Nicole Mason, 703–787–1607.

Authority: The authorities for this action are the Outer Continental Shelf (OCS) Lands Act (43 U.S.C. 1334), and the Paperwork Reduction Act of 1995 (44 U.S.C. 3501, et seq.).

Eric Miller,
Acting Deputy Chief, Office of Offshore Regulatory Programs.

Information Collection Activities: Platforms and Structures; Submitted for Office of Management and Budget Review; Comment Request

ACTION: 30-Day notice.

SUMMARY: To comply with the Paperwork Reduction Act of 1995 (PRA), the Bureau of Safety and Environmental Enforcement (BSEE) is notifying the public that we have submitted to the Office of Management and Budget (OMB) an information collection request (ICR) to renew approval of the paperwork requirements in the regulations under subpart I, Platforms and Structures. This notice also provides the public a second opportunity to comment on the revised paperwork burden of these regulatory requirements.

DATES: You must submit comments by May 15, 2017.

ADDRESSES: Submit comments by either fax (202) 395–5806 or email (OIRA Submission@omb.eop.gov) directly to the Office of Information and Regulatory Affairs, OMB, Attention: Desk Officer for the Department of the Interior (1014–0011). Please provide a copy of your comments to BSEE by any of the means below.

- Electronically: Go to http://www.regulations.gov. In the Search box, enter BSEE–2016–0014 then click search. Follow the instructions to submit public comments and view all related materials. We will post all comments.
- Email kye.mason@bsee.gov; fax (703) 787–1546, or mail or hand-carry comments to the Department of the Interior; Bureau of Safety and Environmental Enforcement; Regulations and Standards Branch; ATTN: Nicole Mason; 45600 Woodland Road, Sterling, VA 20166. Please reference ICR 1014–0011 in your comment and include your name and return address.

FOR FURTHER INFORMATION CONTACT:
Nicole Mason, Regulations and Standards Branch, (703) 787–1607, to request additional information about this ICR. To see a copy of the entire ICR submitted to OMB, go to http://www.reginfo.gov (select Information Collection Review, Currently Under Review).

SUPPLEMENTARY INFORMATION:
Title: 30 CFR 250, subpart I, Platforms and Structures.

OMB Control Number: 1014–0011.

Abstract: The Outer Continental Shelf (OCS) Lands Act (OCSLA) at 43 U.S.C. 1334 authorizes the Secretary of the Interior to prescribe rules and regulations necessary for the administration of the leasing provisions of that Act related to mineral resources on the OCS. These rules and regulations will apply to all operations conducted under a lease, right-of-way, or a right-of-use and easement. Operations on the OCS must preserve, protect, and develop oil and natural gas resources in a manner that is consistent with the need to make such resources available to meet the Nation’s energy needs as rapidly as possible; to balance orderly energy resource development with protection of human, marine, and coastal environments; to ensure the public a fair and equitable return on the resources of the OCS; and to preserve and maintain free enterprise competition.

In addition to the general rulemaking authority of the OCSLA at 43 U.S.C. 1334, section 301(a) of the Federal Oil and Gas Royalty Management Act (FOGRMA), 30 U.S.C. 1751(a), grants authority to the Secretary to prescribe such rules and regulations as are reasonably necessary to carry out FOGRMA’s provisions. While the majority of FOGRMA is directed to royalty collection and enforcement, some provisions apply to offshore operations. For example, section 108 of FOGRMA, 30 U.S.C. 1718, grants the Secretary broad authority to inspect lease sites for the purpose of determining whether there is compliance with the mineral leasing laws. Section 109(c)(2) and (d)(1), 30 U.S.C. 1719(c)(2) and (d)(1), impose substantial civil penalties for failure to permit lawful inspections and for knowing or willful preparation or submission of false, inaccurate, or misleading reports, records, or other information. Because the Secretary has delegated some of the authority under FOGRMA to the Bureau of Safety and Environmental Enforcement (BSEE), 30 U.S.C. 1751 is included as additional authority for these requirements.

The Independent Offices Appropriations Act (31 U.S.C. 9701), the Omnibus Appropriations Bill (Pub. L. 104–133, 110 Stat. 1321, April 26, 1996), and OMB Circular A–23, authorize Federal agencies to recover the full cost of services that confer special benefits. Under the Department of the Interior’s implementing policy, BSEE is required to charge fees for services that provide special benefits or privileges to an identifiable non-Federal recipient above and beyond those which accrue to the public at large. Various applications and reports for Platform Verification Program, fixed structure, Caisson/Well Protector, and modification repairs are subject to cost recovery, and BSEE regulations specify service fees for these requests (§ 250.125).

On November 2, 2015, the President signed into law the Federal Civil Penalties Inflation Adjustment Act
