RAILROAD RETIREMENT BOARD

Agency Forms Submitted for OMB Review, Request for Comments

Summary: In accordance with the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35), the Railroad Retirement Board (RRB) is forwarding an Information Collection Request (ICR) to the Office of Information and Regulatory Affairs (OIRA), Office of Management and Budget (OMB). Our ICR describes the information we seek to collect from the public. Review and approval by OIRA ensures that we impose appropriate paperwork burdens.

The RRB invites comments on the proposed collections of information to determine (1) the practical utility of the collections; (2) the accuracy of the estimated burden of the collections; (3) ways to enhance the quality, utility, and clarity of the information that is the subject of collection; and (4) ways to minimize the burden of collections on respondents, including the use of automated collection techniques or other forms of information technology. Comments to the RRB or OIRA must contain the OMB control number of the ICR. For proper consideration of your comments, it is best if the RRB and OIRA receive them within 30 days of the publication date.

1. Title and purpose of information collection: RUIA Investigations and Continuing Entitlement; OMB 3220–0025.

Under Section 1(k) of the Railroad Unemployment Insurance Act (RUIA), unemployment and sickness benefits are not payable for any day remuneration is payable or accrues to the claimant. Also Section 4(a–1) of the RUIA provides that unemployment or sickness benefits are not payable for any day the claimant receives the same benefits under any law other than the RUIA. Under Railroad Retirement Board Board (RRB) regulation 20 CFR 322.4(a), a claimant’s certification or statement on an RRB-provided claim form, that he or she did not work on any day claimed and did not receive income such as vacation pay or pay for time lost, shall constitute sufficient evidence unless there is conflicting evidence. Further, under 20 CFR 322.4(b), when there is a question raised as to whether or not remuneration is payable or has accrued to a claimant with respect to a claimed day(s), an investigation shall be made with a view to obtaining information sufficient for a finding. The RRB utilizes the following three forms to obtain information from railroad employers, nonrailroad employers, and claimants, that is needed to determine whether a claimed day(s) of unemployment or sickness were improperly or fraudulently claimed: Form ID–51, Request for Employment Information; Form ID–5R (SUP), Report of Employees Paid RUIA Benefits for Every Day in Month Reported as Month of Creditable Service; and Form UI–48, Statement Regarding Benefits Claimed for Days Worked. Completion is voluntary. One response is requested of each respondent.

To qualify for unemployment or sickness benefits payable under Section 2 of the Railroad Unemployment Insurance Act (RUIA), a railroad employee must have certain qualifying earnings in the applicable base year. In addition, to qualify for extended or accelerated benefits under Section 2 of the RUIA, a railroad employee who has exhausted his or her rights to normal benefits must have 20 years of railroad service (under certain conditions, military service may be
Accelerated benefits are unemployment or sickness benefits that are payable to a railroad employee before the regular July 1 beginning date of a benefit year if an employee has 10 or more years of service and is not qualified for benefits in the current benefit year.

During the RUIA claims review process, the RRB may determine that unemployment or sickness benefits cannot be awarded because RRB records show insufficient qualifying service and/or compensation. When this occurs, the RRB allows the claimant the opportunity to provide additional information if they believe that the RRB service and compensation records are incorrect.

Depending on the circumstances, the RRB provides the following forms to obtain information needed to determine if a claimant has sufficient service or compensation to qualify for unemployment or sickness benefits.

Form UI–9, Statement of Employment and Wages: Form UI–44, Claim for Credit for Military Service; Form ID–4U, Advising of Service/Earnings Requirements for Unemployment Benefits; and Form ID–4X, Advising of Service/Earnings Requirements for Sickness Benefits. Completion of these forms is required to obtain or retain a benefit. One response is required of each respondent.

Previous Requests for Comments: The RRB has already published the initial 60-day notice (82 FR 9249 on February 3, 2017) required by 44 U.S.C. 3506(c)(2). That request elicited no comments.

Title: RUIA Investigations and Continuing Entitlement.

OMB Control Number: 3220–0025.

2. Title and Purpose of information collection: Self-Employment/Corporate Officer Work and Earnings Monitoring; OMB 3220–0202.

Section 2 of the Railroad Retirement Act (RRA) provides for the payment of disability annuities to qualified employees. Section 2 also provides that if the Railroad Retirement Board (RRB) receives a report of an annuitant working for a railroad or earning more than prescribed dollar amounts from either nonrailroad employment or self-employment, the annuity is no longer payable, or can be reduced, for the months worked. The regulations related to the nonpayment or reduction of the annuity by reason of work are prescribed in 20 CFR 216.21–216–23.

Certain types of work may actually indicate an annuitant’s recovery from disability. Regulations related to an annuitant’s recovery from disability for work are prescribed in 20 CFR 220.17–220–20.

In addition, the RRB conducts continuing disability reviews (also known as a CDR), to determine whether the annuitant continues to meet the disability requirements of the law. Payment of disability benefits and/or a beneficiary’s period of disability will end if medical evidence or other information shows that an annuitant is not disabled under the standards prescribed in Section 2 of the RRA. Continuing disability reviews are generally conducted if one or more of the following conditions are met: (1) The annuitant is scheduled for a routine periodic review, (2) the annuitant returns to work and successfully completes a trial work period, (3) substantial earnings are posted to the annuitant’s wage record, or (4) information is received from the annuitant or a reliable source that the annuitant has recovered or returned to work. Provisions relating to when and how often the RRB conducts disability reviews are prescribed in 20 CFR 220.186.

To enhance program integrity activities, the RRB utilizes Form G–252, Self-Employment/Corporate Officer Work and Earnings Monitoring. Form G–252 obtains information from a disability annuitant who either claims to be self-employed or a corporate officer, or who the RRB determines to be self-employed or a corporate officer after a continuing disability review. The continuing disability review may be prompted by a report of work, return to railroad service, an allegation of a medical improvement or a routine disability review call-up. The information gathered is used to determine entitlement and/or continued entitlement to, and the amount of, the disability annuity, as prescribed in 20 CFR 220.176. Completion is required to retain benefits. One response is required of each respondent.

Type of request: Extension without change of a currently approved collection.

Affected public: Private Sector; Businesses or other for profits.

Abstract: The information collection has two purposes. When RRB records indicate that railroad service and/or compensation is insufficient to qualify a claimant for unemployment or sickness benefits, the RRB obtains information needed to reconcile the compensation and/or service on record with that claimed by the employee. Other forms in the collection allow the RRB to determine whether unemployment or sickness benefits were improperly obtained.

Changes proposed: The RRB proposes no changes to the forms in this collection.

The burden estimate for the ICR is as follows:

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; BOX Options Exchange LLC; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change to Expand the Execution Range for a Customer Cross Order

April 11, 2017.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),1 and Rule 19b–4 thereunder,2 notice is hereby given that on March 29, 2017, BOX Options Exchange LLC (the “Exchange”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to expand the execution range for a Customer Cross Order. The text of the proposed rule change is available from the principal office of the Exchange, at the Commission’s Public Reference Room and also on the Exchange’s Internet Web site at http://boxexchange.com.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The self-regulatory organization has prepared summaries, set forth in Sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

Same as Item 3a in the 19b–4 Purpose section. [sic] Make sure all the footnotes copy correctly. [sic] The Exchange proposes to amend BOX Rule 7110(c)(5) [Customer Cross Order] to expand the execution range for a Customer Cross Order. This is a competitive filing that is based on the rules of another exchange.3

2. Statutory Basis

(a) Section 19(b)(1) of the Act.

(b) Rule 19b–4.

3. Discussion

(a) Market Efficiency

(b) Retail Customers

(c) Flexibility

3 See MIAX Rule 515(h)(1). The Exchange is not copying all aspects of MIAX Rule 515(h)(1). Specifically, BOX is not copying the references to a liquidity refresh pause or route timer because the Exchange does not offer these functionalities.

4 See Rule 7110(c)(5).

5 This Rule prevents an Options Participant executing agency orders to increase its economic gain from trading against the order without first giving other trading interest on BOX an opportunity to interact on BOX and to realize similar economic benefits as it would achieve by executing agency orders as principal. It will be a violation of this Rule for an Options Participant to circumvent this Rule by providing an opportunity for a Customer or other person (including affiliates) to execute against agency orders handled by the Options Participant immediately upon their entry into the Trading Host.
