**Title:** Implementation Grants to Develop a Model Intervention for Youth/Young Adults with Child Welfare Involvement at Risk of Homelessness: Phase II

**OMB No.:** 0970–0445.

**Description:** The Administration for Children and Families (ACF) at the U.S. Department of Health and Human Services (HHS) intends to collect data for an evaluation of the initiative, Implementation Grants to Develop a Model Intervention for Youth/Young Adults with Child Welfare Involvement at Risk of Homelessness: Phase II. This builds on the previously approved “Planning Grants to Develop a Model Intervention for Youth/Young Adults with Child Welfare Involvement at Risk of Homelessness” (Phase I). Phase II is an initiative, funded by the Children’s Bureau (CB) within ACF, that will support implementation grants for interventions designed to intervene with youth who have experienced time in foster care and are most likely to have a challenging transition into adulthood, including homelessness and unstable housing experiences. CB awarded six implementation grants (Phase II) in September 2015. During the implementation phase, organizations will conduct a range of activities to fine-tune their comprehensive service model, determine whether their model is being implemented as intended, and develop plans to evaluate the model under a potential future funding opportunity (Phase III).

During Phase II, ACF will engage a contractor to conduct a cross-site process evaluation. Data collected for the process evaluation will be used to assess grantees’ organizational capacity to implement and evaluate the model interventions and to monitor each grantees’ progress toward achieving the goals of the implementation period. Data for the process evaluation will be collected through interviews during site visits.

**Respondents:** Grantee agency directors and staff; partner agency directors and staff. Partner agencies may vary by site, but are expected to include child welfare, mental health, and youth housing/homelessness agencies.
