

crossing would provide safe, consistent access to the land, reduce maintenance costs and protect the stream from unnecessary contamination. The Forest Service will work with the Latah County Highway District to acquire the legal access rights needed for the proposed realignment.

Restore Cougar Meadow area to improve range functions by removing or re-contouring portions of an existing railroad berm in Cougar Meadows. Reconnecting the floodplain and Cougar Creek channel where they are currently separated would improve the meadow's ability to hold water into the summer. Construction of two additional stockponds is proposed to reduce animal pressure from stream channels and help draw cattle away from the riparian meadows.

Possible Alternatives

Alternatives will be developed based on comments received during scoping period. At this time the agency is anticipating a minimum of two alternatives: 1. No-action and 2. Proposed Action

Responsible Official

Forest Supervisor, Nez Perce-Clearwater National Forests.

Nature of Decision To Be Made

The Responsible Official will determine whether to adopt the proposed action or another alternative, in whole or in part, and what mitigation measurements and management requirements will be implemented.

Scoping Process

This notice of intent initiates the scoping process, which guides the development of the environmental impact statement.

It is important that reviewers provide their comments at such times and in such manner that they are useful to the agency's preparation of the environmental impact statement. Therefore, comments should be provided prior to the close of the comment period and should clearly articulate the reviewer's concerns and contentions.

Comments received in response to this solicitation, including names and addresses of those who comment, will be part of the public record for this proposed action. Comments submitted anonymously will be accepted and considered; however, anonymous comments will not provide the Agency with the ability to provide the respondent with subsequent environmental documents.

Dated: April 13, 2017.

Glenn P. Casamassa,

Associate Deputy Chief, National Forest System.
