

to meet its investment objective, will be distributed periodically to shareholders instead of such proceeds being used to purchase additional SPX call options.

The proposed rule change is designed to perfect the mechanism of a free and open market, and, in general, to promote just and equitable principles of trade and to protect investors and the public interest. The Adviser represents that, by not using proceeds of sales to add to exposure to SPX options in the Index, the proposed change to the Index methodology would provide a simplified strategy that emphasizes enhanced income to investors rather than enhanced total return. Except for the change noted above, all other representations in the Prior Releases remain unchanged.

#### *B. Self-Regulatory Organization's Statement on Burden on Competition*

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes the proposed rule change will enhance competition among issues of exchange-traded funds that invest in both U.S. exchange listed stocks and U.S. exchange-traded options to the benefit of investors and the marketplace.

#### *C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others*

No written comments were solicited or received with respect to the proposed rule change.

### **III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action**

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A)(iii) of the Act<sup>6</sup> and subparagraph (f)(6) of Rule 19b-4 thereunder.<sup>7</sup>

A proposed rule change filed under Rule 19b-4(f)(6) normally does not become operative before 30 days from the date of the filing. However, pursuant to Rule 19b-4(f)(6)(iii),<sup>8</sup> the Commission may designate a shorter time if such

action is consistent with the protection of investors and the public interest. The Exchange has asked the Commission to waive the 30-day operative delay. The Commission believes that waiving the 30-day operative delay is consistent with the protection of investors and the public interest. The proposed rule change does not raise any regulatory issues. Additionally, waiver of the operative delay will allow the Adviser to pursue the Fund's investment objective in a consistent manner should the Exchange wish to commence trading in the Shares without delay. For these reasons, the Commission hereby waives the 30-day operative delay and designates the proposed rule change to be operative upon filing with the Commission.<sup>9</sup>

At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is: (i) Necessary or appropriate in the public interest; (ii) for the protection of investors; or (iii) otherwise in furtherance of the purposes of the Act. If the Commission takes such action, the Commission shall institute proceedings to determine whether the proposed rule should be approved or disapproved.
