

U.S. import data published by the United States International Trade Commission Tariff and Trade DataWeb indicate that only one country, Canada, exported softwood lumber to the United States during that time period in amounts sufficient to account for at least one percent of U.S. imports of softwood lumber products. We intend to rely on similar previous six-month periods to identify the countries subject to future reports on softwood lumber subsidies. For example, we will rely on U.S. imports of softwood lumber and softwood lumber products during the period January 1, 2017 through June 30, 2017, to select the countries subject to the next report.

Under U.S. trade law, a subsidy exists where an authority: (i) Provides a financial contribution; (ii) provides any form of income or price support within the meaning of Article XVI of the GATT 1994; or (iii) makes a payment to a funding mechanism to provide a financial contribution to a person, or entrusts or directs a private entity to make a financial contribution, if providing the contribution would normally be vested in the government and the practice does not differ in substance from practices normally followed by governments, and a benefit is thereby conferred.²

Parties should include in their comments: (1) The country which provided the subsidy; (2) the name of the subsidy program; (3) a brief description (at least 3–4 sentences) of the subsidy program; and (4) the government body or authority that provided the subsidy.

Polyethylene Terephthalate Film, Sheet, and Strip From the People's Republic of China: Rescission of Antidumping Duty Administrative Review; 2015–2016

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce is rescinding the administrative review of the antidumping duty order on polyethylene terephthalate film, sheet, and strip from the People's Republic of China for the period November 1, 2015, through October 31, 2016.

DATES: Effective May 4, 2017.

FOR FURTHER INFORMATION CONTACT: Eli Lovely, Office IV, Enforcement & Compliance, International Trade Administration, Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–1593.

SUPPLEMENTARY INFORMATION:

Background

On January 13, 2017, based on a timely request for review by Mitsubishi Polyester Film, Inc. and SKC, Inc. (collectively, the petitioners), the Department of Commerce (Commerce) published in the **Federal Register** a notice of initiation of an administrative review of the antidumping duty order on polyethylene terephthalate film, sheet, and strip (PET film) from the People's Republic of China (PRC) with respect to four companies for the period of review (POR) November 1, 2015,

through October 31, 2016.¹ On February 16, 2017, pursuant to 19 CFR 351.213(d)(1), the petitioners timely withdrew their request for an administrative review for all of the companies for which Commerce initiated a review.²

Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), Commerce will rescind an administrative review, in whole or in part, if the party that requested the review withdraws its request within 90 days of the publication of the notice of initiation of the requested review. In this case, the petitioners timely withdrew their review request by the 90-day deadline, and no other party requested an administrative review of the antidumping duty order. Therefore, in response to the timely withdrawal of the request for review, and in accordance with 19 CFR 351.213(d)(1), we are rescinding the administrative review of the antidumping duty order on PET film from the PRC for the period November 1, 2015, through October 31, 2016, in its entirety.

Assessment

Commerce will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. Because this administrative review is being rescinded in its entirety, the entries to which this administrative review pertain shall be assessed antidumping duties that are equal to the cash deposits of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Commerce intends to issue appropriate assessment instructions to CBP within 15 days after the publication of this notice.

Notification to Importers

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Commerce's presumption that reimbursement of the antidumping duties occurred and the subsequent

assessment of doubled antidumping duties.

Administrative Protective Orders

This notice also serves as a final reminder to parties subject to administrative protective order (APO) of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials, or conversion to judicial protective order, is hereby requested. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

Notification to Interested Parties

This notice is issued and published in accordance with sections 751(a)(1) and 777(i)(1) of the Tariff Act of 1930, as amended, and 19 CFR 351.213(d)(4).

Dated: April 28, 2017.

SUPPLEMENTARY INFORMATION:

Title: *Associated Form;* and *OMB Number:* Lock Performance Monitoring System (LPMS) Waterway Traffic Report; ENG FORM 3102C and 3102D; OMB Control Number 0710-0008.

Needs and Uses: The U.S. Army Corps of Engineers utilizes the data collected to monitor and analyze the use and operation of federally owned or operated locks. General data of vessel identification, tonnage, and commodities are supplied by the master of vessels and all locks owned and operated by the U.S. Army Corps of Engineers. The information is used for sizing and scheduling replacements, the timing of rehabilitation or maintenance actions, and the setting of operation procedures and closures for locks and canals.

Affected Public: Business or other for profit.

Annual Burden Hours: 26,312.
Number of Respondents: 6,529.
Responses per Respondent: 93.
Annual Responses: 607,197.
Average Burden per Response: 2.6 minutes.

Frequency: On occasion.

Respondents are vessel operators who provide the vessel identification, tonnage and community information as stipulated on ENG Form 3012C, Waterway Traffic Report—Vessel Log or ENG form 3102D, Waterway Traffic Report—Detail Vessel Log. The information is applied to navigation system management to identify and prioritize lock maintenance, rehabilitation, or replacement. It is also used to measure waterway performance and the level of service of the national waterway systems.

Dated: April 28, 2017.
