Title: Importation of Tomatoes With Stems From the Republic of Korea.

OMB Control Number: 0579–0371.

Type of Request: Revision to and extension of approval of an information collection.

Abstract: Under the Plant Protection Act (7 U.S.C. 7701 et seq.), the Secretary of Agriculture is authorized to prohibit or restrict the importation, entry, or interstate movement of plants, plant products, and other articles to prevent the introduction of plant pests into the United States or their dissemination within the United States. As authorized by the PPA, the Animal and Plant Health Inspection Service regulates the importation of certain fruits and vegetables in accordance with the regulations contained in “Subpart—Fruits and Vegetables” (7 CFR 319.56 through 319.56–76).

Under the regulations, tomatoes with stems from the Republic of Korea may be imported into the United States under certain conditions, as listed in 7 CFR 319.56–52, to prevent the introduction of plant pests into the United States. These regulations require information collection activities including inspection, registered pest-exclusionary structures, recordkeeping, and a phytosanitary certificate with an additional declaration stating that the tomatoes were produced in accordance with the regulations.

We are asking the Office of Management and Budget (OMB) to approve our use of these information collection activities, as described, for an additional 3 years.

The purpose of this notice is to solicit comments from the public (as well as affected agencies) concerning our information collection. These comments will help us:

1. Evaluate whether the collection of information is necessary for the proper performance of the functions of the Agency, including whether the information will have practical utility;
2. Evaluate the accuracy of our estimate of the burden of the collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, through use, as appropriate, of automated, electronic, mechanical, and other collection technologies; e.g., permitting electronic submission of responses.

Estimate of burden: The public reporting burden for this collection of information is estimated to average 0.589 hours per response.

Respondents: Growers, importers, and exporters of tomatoes with stems from the Republic of Korea; and the national plant protection organization of the Republic of Korea.

Estimated annual number of respondents: 3.

Estimated annual number of responses per respondent: 31.7.

Estimated annual number of responses: 95.

Estimated total annual burden on respondents: 56 hours. (Due to averaging, the total annual burden hours may not equal the product of the annual number of responses multiplied by the reporting burden per response.)

All responses to this notice will be summarized and included in the request for OMB approval. All comments will also become a matter of public record.

Done in Washington, DC, this 4th day of May 2017.

Michael C. Gregoire,
Acting Administrator, Animal and Plant Health Inspection Service.

The Department will arrange the presentation times for the speakers. Persons selected to be heard are requested to bring 20 copies of their oral presentation and of all exhibits to the hearing site on the day of the hearing. All such material must be of a size consistent with ease of handling, transportation, and filing. While large exhibits may be used during a hearing, copies of such exhibits in reduced size must be provided to the panel. Written submissions by persons not selected to make presentations will be made part of the public record of the proceeding. Any person, whether presenting or not, may submit a written statement through June 29, 2017—seven days after the hearing date. Confidential business information may not be submitted at a public hearing. In the event confidential business information is submitted, it will be handled according to the same procedures applicable to such information provided in the course of an investigation. Conduct of the Hearing

The Department reserves the right to select the persons to be heard at the hearing, to schedule their respective presentations, and to establish the procedures governing the conduct of the hearing. A Department official will be designated to preside at the hearing. The presiding officer shall determine all procedural matters during the hearing. Representatives from the Department, and other U.S. Government agencies as appropriate, will make up the hearing panel. Background

In December 2016 and January 2017, the Department received multiple timely requests to conduct an administrative review of the antidumping duty order on welded line pipe from Turkey. Based upon these requests, on February 13, 2017, in accordance with section 751(a) of the Tariff Act of 1930, as amended (the Act), the Department published a notice of initiation of an administrative review with respect to nineteen companies for the period March 20, 2015, through December 31, 2015.1

On March 2, 2017, Maverick Tube Corporation (Maverick), Stupp Corporation, a division of Stupp Bros., Inc. (Stupp Corp.) and American Cast Iron Pipe Company (ACIPCO) timely withdrew their requests for a review of all the companies with the exception of two companies, Borusan Istikbal Ticaret and Borusan Mannesmann Boru Sanayi ve Ticaret A.S.2

Partial Rescission of Review

Pursuant to 19 CFR 351.213(d)(1), the Secretary will rescind an administrative review, in whole or in part, if a party who requested the review withdraws the request within 90 days of the date of publication of notice of initiation of the requested review. All the aforementioned withdrawal requests were timely submitted, and no other interested party requested an administrative review of these particular companies. Therefore, in accordance with 19 CFR 351.213(d)(1), we are rescinding this review of the countervailing duty order on welded line pipe from Turkey, in part, with respect to the seventeen companies named in the appendix.
