

determined that little or no radiological or programmatic safety significance resulted from these violations.

III.

On January 3, 2017, Shipping International, Inc. (SII), working under a power of attorney signed by Airgas USA, LLC, responded to the NOV, and included (1) the reason for the violation; (2) the corrective actions taken; and (3) the date when full compliance will be achieved (ADAMS Accession No. ML17006A026). The corrective actions included:

1. No exports under XMAT427, until written approval has been received from the Commission.

2. Submission of a new application requesting approval for the transfers of control and an amendment to reflect the new name of the licensee, from ASG to Airgas USA, LLC.

On January 26, 2017, the NRC responded to SII's January 3, 2017, response to the NOV and concluded that the completed and proposed actions met the requirements of 10 CFR 2.201 (ADAMS Accession No. ML17019A026).

IV.

By letter dated January 31, 2017, (ADAMS Accession Nos. ML17034A058 and ML17034A075), as supplemented by information provided via electronic communication, draft application, and the attachment dated January 4, 2017 (ADAMS Accession No. ML17059D006); electronic communication and the attachment dated December 12, 2016 (ADAMS Accession No. ML17059D011); electronic communication and the attachments dated November 30, 2016 (ADAMS Accession Nos. ML17111A620, ML17033A277, and ML17033A281); electronic communication, draft application, and the attachment dated September 6, 2016 (ADAMS Accession No. ML17059D013); electronic communication and the attachment dated August 26, 2016 (ADAMS Accession No. ML17059D012); and electronic communication and draft application dated July 29, 2016 (ADAMS Accession No. ML17081A278), SII requested approval of the indirect and direct transfers of control of XMAT427. In addition, SII requested approval of a conforming amendment to reflect the new name of the licensee, from ASG to Airgas USA, LLC. SII's request for the NRC's consent to the transfers of control was submitted pursuant to Section 184 of the AEA and 10 CFR 110.50(d).

The letter from SII requesting NRC approval of the transfers and an amendment to export license XMAT427 was made publicly available on the

NRC's public Web site on February 3, 2017. No requests for a hearing or comments were received.

As previously stated, pursuant to Section 184 of the AEA, no license granted under 10 CFR part 110 shall be transferred, assigned, or in any manner disposed of, directly or indirectly, through transfer of control of any license to any person unless the Commission, after securing full information, finds that the transfer is in accordance with the provisions of the AEA, and gives its consent in writing. Pursuant to 10 CFR 110.50(d), a specific license may be transferred, disposed of, or assigned to another person only with the approval of the Commission by license amendment. Pursuant to 10 CFR 110.51(a)(1), an application requesting amendment of a specific license shall be filed on NRC Form 7, "Application for NRC Export or Import License, Amendment, Renewal, or Consent Request(s)," in accordance with 10 CFR 110.31 and 110.32, and must specify the grounds for the requested amendment.

The Commission will approve an application for direct and indirect transfers of control of a license if the Commission determines that the proposed transferee is qualified to hold the license, and that the transfers are otherwise consistent with applicable provisions of law, regulations, and orders issued by the Commission pursuant thereto. SII, acting on behalf of Airgas USA, LLC, has represented that with respect to XMAT427, (1) there will be no change in personnel, facilities, equipment, or procedures; (2) all records will be kept in the same facilities; and (3) the transferee will abide by all constraints, conditions, and requirements of the licensed program and will abide by the regulations in 10 CFR 110.53. After review of the information in SII's request dated January 31, 2017, and relying on SII's statements and representations contained in its electronic communications and supplemental information, the NRC staff has determined that the proposed transferee is qualified to hold the license and that the direct and indirect transfers of control are consistent with the applicable provisions of the AEA, regulations, and orders issued by the Commission. The NRC staff has further determined that the request for the proposed conforming license amendment complies with the standards and requirements of the AEA, and the NRC's regulations set forth in 10 CFR part 110. The transfers of control of the license and issuance of the conforming license amendment will not be inimical to the common defense and

security, or to the health and safety of the public, and all applicable requirements have been satisfied.

V.

Accordingly, pursuant to Section 184 of the AEA and 10 CFR 110.50(d), *it is hereby ordered* that SII's application regarding the transfers of control of the license, as described herein, be approved.

It is further ordered that the conforming license amendment regarding the license transfer shall be issued.

This Order is effective upon issuance.

For further details with respect to this Order, see the application dated January 31, 2017 (which can be found using ADAMS Accession Numbers ML17034A058 and ML17034A075) and SII's supplemental communications dated January 4, 2017, December 12, 2016, November 30, 2016, September 6, 2016, August 26, 2016, and July 29, 2016. These documents are available for public inspection at the Commission Public Document Room (PDR), located at One White Flint North, Room O1-F21, 11555 Rockville Pike (first floor), Rockville, MD 20852, and available online in the ADAMS Public Documents collection at <http://www.nrc.gov/reading-rm/adams.html>. Persons who do not have access to ADAMS or who encounter problems in accessing the documents located in ADAMS should contact the NRC PDR Reference staff by telephone at 1-800-397-4209, or 301-415-4737 or by email to pdr@nrc.gov.

Dated at Rockville, Maryland, this 26th day of April 2017.

For the Nuclear Regulatory Commission.

Nader L. Mamish,

Director, Office of International Programs.

NUCLEAR REGULATORY COMMISSION

[NRC-2017-0115]

Fiscal Year 2016 Report to Congress on Abnormal Occurrences

AGENCY: Nuclear Regulatory Commission.

ACTION: NUREG; issuance.

SUMMARY: The U.S. Nuclear Regulatory Commission (NRC) is issuing NUREG-0090, Volume 39, "Report to Congress on Abnormal Occurrences: Fiscal Year 2016." The report describes those events that the NRC or an Agreement State identified as abnormal occurrences (AOs) during fiscal year (FY) 2016,

based on the criteria defined in the report. The report describes eight events at Agreement State-licensed facilities and three events at an NRC-licensed facilities.

DATES: NUREG-0090, Volume 39, is available May 17, 2017.

ADDRESSES: Please refer to Docket ID NRC-2017-0115 when contacting the NRC about the availability of information regarding this document. You may obtain publicly-available information related to this document using any of the following methods:

- *Federal Rulemaking Web site:* Go to <http://www.regulations.gov> and search for Docket ID NRC-2017-0115. Address questions about NRC dockets to Carol Gallagher; telephone: 301-415-3463; email: Carol.Gallagher@nrc.gov. For technical questions, contact the individual listed in the **FOR FURTHER INFORMATION CONTACT** section of this document.

- *NRC's Agencywide Documents Access and Management System (ADAMS):* You may obtain publicly-available documents online in the ADAMS Public Documents collection at <http://www.nrc.gov/reading-rm/adams.html>. To begin the search, select "ADAMS Public Documents" and then select "Begin Web-based ADAMS Search." For problems with ADAMS, please contact the NRC's Public Document Room (PDR) reference staff at 1-800-397-4209, 301-415-4737, or by email to pdr.resource@nrc.gov. The ADAMS accession number for each document referenced (if it is available in ADAMS) is provided the first time that it is mentioned in this document.

- *NRC's PDR:* You may examine and purchase copies of public documents at the NRC's PDR, Room O1-F21, One White Flint North, 11555 Rockville Pike, Rockville, Maryland 20852.

FOR FURTHER INFORMATION CONTACT: Vered Shaffer, Office of Nuclear Regulatory Research, U.S. Nuclear Regulatory Commission, Washington, DC 20555-0001, telephone: 1-630-829-9862, email: Vered.Shaffer@nrc.gov.

SUPPLEMENTARY INFORMATION:

I. Discussion

Section 208 of the Energy Reorganization Act of 1974, as amended (Public Law 93-438), defines an "abnormal occurrence" as an unscheduled incident or event that the NRC determines to be significant from the standpoint of public health or safety. The AO report (ADAMS Accession No. ML17125A084) describes those events that the NRC identified as AOs during FY 2016, based on the criteria defined in Appendix A of the report.

The report describes eight events at Agreement State-licensed facilities and three events at an NRC-licensed facilities. One Agreement State licensee event involved radiation exposure to an embryo/fetus, and one involved radiography operations. One event reported by an NRC licensee occurred at a fuel cycle facility. The remaining two reported NRC-licensee events and the six reported Agreement State licensee events occurred at medical facilities and are "medical events" as defined in part 35 of title 10 of the *Code of Federal Regulations*.

Agreement States are the 37 States that currently have entered into formal agreements with the NRC pursuant to Section 274 of the Atomic Energy Act of 1954, as amended (AEA) (Pub. L. 83-703), to regulate certain quantities of AEA-licensed material at facilities located within their borders.

The Federal Reports Elimination and Sunset Act of 1995 (Pub. L. 104-68) requires that the NRC report AOs to Congress annually. The full report, NUREG-0090, Volume 39, "Report to Congress on Abnormal Occurrences: Fiscal Year 2016," is also available electronically on the NRC's Web site at <http://www.nrc.gov/reading-rm/doc-collections/nuregs/staff/>.

Dated at Rockville, Maryland, this 11th day of May, 2017.

For the Nuclear Regulatory Commission.

Annette L. Vietti-Cook,

Secretary of the Commission.

BILLING CODE 7590-01-P

OFFICE OF PERSONNEL MANAGEMENT

Submission for Review: Federal Employees Health Benefits (FEHB) Open Season Express Interactive Voice Response (IVR) System and Open Season Web Site

AGENCY: Office of Personnel Management.

ACTION: 60-Day notice and request for comments.

SUMMARY: The Retirement Services, Office of Personnel Management (OPM) offers the general public and other federal agencies the opportunity to comment on an extension without change of a currently approved information collection (ICR), Federal Employees Health Benefits (FEHB) Open Season Express Interactive Voice Response (IVR) System and the Open Season Web site, Open Season Online.

DATES: Comments are encouraged and will be accepted until July 17, 2017.

ADDRESSES: Interested persons are invited to submit written comments on the proposed information collection to Retirement Services, U.S. Office of Personnel Management, 1900 E Street NW., Washington, DC 20415, Attention: Alberta Butler, Room 2347-E, or sent via electronic mail to Alberta.Butler@opm.gov.

FOR FURTHER INFORMATION CONTACT: A copy of this ICR with applicable supporting documentation, may be obtained by contacting the Retirement Services Publications Team, Office of Personnel Management, 1900 E Street NW., Room 3316-L, Washington, DC 20415, Attention: Cyrus S. Benson, or sent via electronic mail to Cyrus.Benson@opm.gov or faxed to (202) 606-0910.

SUPPLEMENTARY INFORMATION: As required by the Paperwork Reduction Act of 1995 (Pub. L. 104-13, 44 U.S.C. chapter 35) as amended by the Clinger-Cohen Act (Pub. L. 104-106), OPM is soliciting comments for this collection (OMB No. 3206-0201). The Office of Management and Budget is particularly interested in comments that:

1. Evaluate whether the proposed collection of information is necessary for the proper performance of functions of the agency, including whether the information will have practical utility;
2. Evaluate the accuracy of the agency's estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used;
3. Enhance the quality, utility, and clarity of the information to be collected; and
4. Minimize the burden of the collection of information on those who are to respond, including through the use of appropriate automated, electronic, mechanical, or other technological collection techniques or other forms of information technology, e.g., permitting electronic submissions of responses.

Federal Employees Health Benefits (FEHB) Open Season Express Interactive Voice Response (IVR) System, and the Open Season Web site, Open Season Online, are used by retirees and survivors. They collect information for changing FEHB enrollments, collecting dependent and other insurance information for self and family enrollments, requesting plan brochures, requesting a change of address, requesting cancellation or suspension of FEHB benefits, asking to make payment to the Office of Personnel Management when the FEHB payment is greater than the monthly annuity amount, or for requesting FEHB plan accreditation and
