SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–80683; File No. SR–BatsBZX–2017–34]

Self-Regulatory Organizations; Bats BZX Exchange, Inc.; Notice of Filing of a Proposed Rule Change To Introduce Bats Market Close, a Closing Match Process for Non-BZX Listed Securities Under New Exchange Rule 11.28

May 16, 2017.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),⁴ and Rule 19b–4 thereunder,⁵ notice is hereby given that on May 5, 2017, Bats BZX Exchange, Inc. (the “Exchange” or “BZX”) filed with the Securities and Exchange Commission (“Commission”) the proposed rule change as described in Items I, II and III below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange filed a proposal to introduce Bats Market Close, a closing match process for non-BZX Listed Securities under new Exchange Rule 11.28.⁶ The Exchange proposes to introduce Bats Market Close in response to interest from market participants who seek an alternative to participation on the primary listing market’s closing auction while still receiving an execution at the official closing price.

Over recent years, the total volume executed in the primary listing markets’ closing auctions has increased over 70% from 200 million shares per day in 2012 to almost 350 million shares per day in 2016.⁷ Over that same period of time, continuous trading volume has increased 13% from 6.11 billion shares per day in 2012 to 6.93 billion shares per day in 2016.⁸ Closing auctions on the primary listing markets amounted to almost 5% of the total executed volume in 2016.⁹ The official closing price for any listed security is generally determined by the closing auction for that security held at the primary listing market. Market participants seeking to transact at the official closing price must, therefore, participate in the listing market’s closing auction to receive the official closing price, as evidenced by recent marketing materials based on the New York Stock Exchange Inc. (“NYSE”) stating that their closing auction receives 100% of the market share in all Tape A securities (NYSE listed). The NYSE and the Nasdaq Stock Market LLC (“Nasdaq”) have taken

⁴ The term “Market-On-Close” or “MOC” means a BZX market order that is designated for execution only in the Closing Auction. See Exchange Rule 11.23(a)(15). The Exchange proposes to amend the description of Market-On-Close orders to include orders designated to execute in the proposed Bats Market Close.

⁵ Based on BZX’s internal data.
