In particular, the written request for confidential treatment that accompanies the comment must include the factual and legal basis for the request, and must identify the specific portions of the comment to be withheld from the public record. See FTC Rule 4.9(c). Your comment will be kept confidential only if the General Counsel grants your request in accordance with the law and the public interest. Once your comment has been posted on the public FTC Web site—as legally required by FTC Rule 4.9(b)—we cannot redact or remove your comment from the FTC Web site, unless you submit a confidentiality request that meets the requirements for such treatment under FTC Rule 4.9(c), and the General Counsel grants that request.

Visit the FTC Web site to read this Notice. The FTC Act and other laws that the Commission administers permit the collection of public comments to consider and use in this proceeding as appropriate. The Commission will consider all timely and responsive public comments that it receives on or before June 23, 2017. For information on the Commission’s privacy policy, including routine uses permitted by the Privacy Act, see https://www.ftc.gov/site-information/privacy-policy.

David C. Shonka,
Acting General Counsel.

Estimated Total Annual Burden Hours: 23,384

In compliance with the requirements of Section 506(c)(2)(A) of the Paperwork Reduction Act of 1995, the Administration for Children and Families is soliciting public comment on the specific aspects of the information collection described above. Copies of the proposed collection of information can be obtained and comments may be forwarded by writing to the Administration for Children and Families, Office of Planning, Research and Evaluation, 370 L’Enfant Promenade SW., Washington, DC 20447, Attn: AFC Reports Clearance Officer.
FOR FURTHER INFORMATION CONTACT: Mary Darnell, (202) 795–7337; Mary.Darnell@acl.hhs.gov.

SUPPLEMENTARY INFORMATION: The National Institute on Disability, Independent Living, and Rehabilitation Research (NIDILRR) Administration for Community Living (ACL) of the Department of Health and Human Services (HHS) requests clearance for a 3-year period of the revised Annual Performance Report (APR) and Final Report forms to be completed by all NIDILRR grantees. The Web-based system used for Reporting Year 2016 reporting incorporated a number of features to meet NIDILRR’s information needs while minimizing burden. To further reduce burden, the proposed form is designed so that, instead of describing their accomplishments, grantees simply select their most important accomplishments from among the outputs they report. Data from grant applications, such as contact and budget information, are preloaded for efficiency. To facilitate grantees and NIDILRR staff review of information submitted, the system includes system-generated tables that summarize information entered in specific sections. The Web-based system also carries forward information from one section of the form to the next; for example, information on outcome-oriented goals is carried forward for convenient linkage with projects/activities and publications.

NIDILRR and HHS will use the information gathered annually from these data collection efforts to provide Congress with the information mandated in GPRA, provide OMB information required for assessment of performance on GPRA indicators, and support its evaluation activities. Data collected from the 10 grant programs will provide a national description of the research activities of approximately 275 NIDILRR grantees per year in fiscal years 2017–2019. OMB approval is requested for 3 years. The average annual burden associated with these activities over a three-year period is summarized below. While the number of grantees will vary from year to year, all grantees will be required to submit an annual performance report and a final report at the completion of the project. Based on our experience with reporting burden, we estimate that it will take an average of 52 hours to complete the reporting form in a grantee’s first year of award. In subsequent years, the estimated response burden is approximately 22 hours. The estimated response burden includes time to review the instructions, gather existing data, and complete and review the form. The number of respondents is based on the average number of grants administered by NIDILRR over time.

This notice collects comments on the information collection requirements relating to the revision of a currently approved collection (ICR Rev) covering ten NIDILRR programs (current approval number 1820–0675).

The forms included in this package are revised versions of those used by grantees in the following 10 programs to submit their Annual and Final Performance Reports for Reporting Year 2016 under OMB collection number 1820–0675:

- Rehabilitation Research Training Centers (RRTCs)
- Rehabilitation Engineering Research Centers (RERCs)
- Field Initiated Research Projects (FIPs)
- Advanced Rehabilitation Research Training Projects (ARRPs)
- Model Systems (including spinal cord injury, traumatic brain injury, and burn centers)
- Disability and Rehabilitation Research Projects (DRRPs)
- Knowledge Translation (KT) Projects
- ADA National Network Centers (ADAs)
- Small Business Innovation Research Projects (SBIR) grantees (Phase 2 only)
- Research Fellowships Program (RFP)

The APR includes common information and information specific to individual programs. The final report is a subset of items from the annual report and provides a summary of progress and outcomes for the full project period.

Comments in Response to the 60-day Federal Register Notice

A 60-day Federal Register Notice was published in the Federal Register on January 24, 2017, Vol. 82, Number 14; pp. 8191–8192. No comments were received in response to the 60-day Federal Register notice.

Burden Estimates

OMB approval is requested for 3 years. Burden estimates are based on historical patterns in data collection reported by the NIDILRR data collection contractor. The average annual burden associated with these activities over a three-year period is summarized below. The proposed NIDILRR Annual Performance Report (APR) and final report forms can be found on the ACL Web site at: https://www.acl.gov/about-acl/policy-and-regulations.
