## POSTAL SERVICE

### Privacy Act of 1974; System of Records

**AGENCY:** Postal Service™.

**ACTION:** Notice of modification to existing systems of records.

**SUMMARY:** The United States Postal Service® (Postal Service) is proposing to modify certain Customer Privacy Act Systems of Records to support the administration of United States customs, export control, and export statistics laws with regards to mailpieces exported from the United States.

**DATES:** These revisions will become effective without further notice on June 23, 2017 unless comments received on or before that date result in a contrary determination.

**ADDRESSES:** Comments may be mailed or delivered to the Privacy and Records Office, United States Postal Service, 475 L'Enfant Plaza SW., Room 1P830, Washington, DC 20260-1101. Copies of all written comments will be available at this address for public inspection and photocopying between 8 a.m. and 4 p.m., Monday through Friday.

**FOR FURTHER INFORMATION CONTACT:** Janine Castorina, Chief Privacy and Records Management Officer, Privacy and Records Office, 202-268-3069 or *privacy@usps.gov*.

**SUPPLEMENTARY INFORMATION:** This notice is in accordance with the Privacy Act requirement that agencies publish their systems of records in the **Federal Register** when there is a revision, change, or addition, or when the agency establishes a new system of records. The Postal Service™ has determined that two Customer Privacy Act Systems of Records (SORs) should be revised to modify categories of records in the system, purposes, and routine uses of records in the system.

The Postal Service is proposing minor modifications to SORs 810.200 and 900.000. Certain of the SORs' stated categories of records in the system, purposes, and routine uses, as currently written, suggest that certain information is collected and shared only for enforcement of U.S. customs, export control, and export statistics laws, and not necessarily for other activities that relate to the administration of those laws. Compliance, licensing, and other agency personnel besides law enforcement personnel may legitimately access information from these SORs in order to make informed decisions that help the Postal Service provide effective customer service and maintain mail security. Therefore, the SORs are being revised to more clearly indicate the appropriate range of these legitimate disclosures. In addition, routine uses for disclosure to customs authorities and foreign postal operators are being revised to clarify the purposes for such disclosures. SOR 810.200 is also being revised to clarify the applicability of

various routine uses and more closely align purposes between the two SORs.

Finally, administrative updates pertaining to the system manager for SORs 810.200 and 900.000 have been made.

Pursuant to 5 U.S.C. 552a(e)(11), interested persons are invited to submit written data, views, or arguments on this proposal. A report of the proposed modifications has been sent to Congress and to the Office of Management and Budget for their evaluations. The Postal Service does not expect this amended system of records to have any adverse effect on individual privacy rights.

Accordingly, for the reasons stated, the Postal Service proposes changes in the existing system of records as follows:
