Extension:

In response to an operational crisis in the securities industry between 1967 and 1970, the Commission adopted Rule 17a–11 (17 CFR 240.17a–11) under the Exchange Act on July 11, 1971. The Rule requires broker-dealers that are experiencing financial or operational difficulties to provide notice to the Commission, the broker-dealer’s designated examining authority ("DEA"), and the Commodity Futures Trading Commission ("CFTC") if the broker-dealer is registered with the CFTC as a futures commission merchant. Rule 17a–11 is an integral part of the Commission’s financial responsibility program which enables the Commission, a broker-dealer’s DEA, and the CFTC to increase surveillance of a broker-dealer experiencing difficulties and to obtain any additional information necessary to gauge the broker-dealer’s financial or operational condition.

Rule 17a–11 also requires over-the-counter ("OTC") derivatives dealers and broker-dealers that are permitted to compute net capital pursuant to Appendix E to Exchange Act Rule 15c3–1 to notify the Commission when their tentative net capital drops below certain levels.

To ensure the provision of these types of notices to the Commission, Rule 17a–11 requires every national securities exchange or national securities association notifying it that a member broker-dealer has failed to send the Commission a notice or transmit a report required under the Rule. The Commission expects that it will take approximately one hour to prepare and transmit each notice.

Rule 17a–11 also requires broker-dealers engaged in securities lending or repurchase activities to either: (1) File a notice with the Commission and their DEA whenever the total money payable against all securities loaned, subject to a reverse repurchase agreement or the contract value of all securities borrowed or subject to a repurchase agreement, exceeds 2,500% of tentative net capital; or, alternatively, (2) report monthly their securities lending and repurchase activities to their DEA in a form acceptable to their DEA.

The Commission estimates that, annually, six broker-dealers will submit the monthly stock loan/borrow report. The Commission estimates each firm will spend, on average, approximately one hour per month (or twelve hours per year) of employee resources to prepare and send the report or to prepare the information for the FOCUS report (as required by the firm’s DEA, if applicable). Therefore, the Commission estimates the total annual reporting burden arising from this section of the amendment will be approximately 72 hours.

Therefore, the total annual reporting burden associated with Rule 17a–11 is approximately 335 hours.

Compliance with the Rule is mandatory. The Commission will generally not publish or make available to any person notices or reports received pursuant to Rule 17a–11. The Commission believes that information obtained under Rule 17a–11 relates to a condition report prepared for the use of the Commission, other federal governmental authorities, and securities industry self-regulatory organizations responsible for the regulation or supervision of financial institutions.

The Commission expects to receive 20–50 notices from broker-dealers whose capital declines below certain specified levels or who are otherwise experiencing financial or operational problems and ten notices each year from national securities exchange or national securities association notifying it that a member broker-dealer has failed to send the Commission a notice or transmit a report required under the Rule. The Commission expects that it will take approximately one hour to prepare and transmit each notice.

Rule 17a–11 also requires broker-dealers engaged in securities lending or repurchase activities to either: (1) File a notice with the Commission and their DEA whenever the total money payable against all securities loaned, subject to a reverse repurchase agreement or the contract value of all securities borrowed or subject to a repurchase agreement, exceeds 2,500% of tentative net capital; or, alternatively, (2) report monthly their securities lending and repurchase activities to their DEA in a form acceptable to their DEA.
