designed to help effectively manage the Clearing Agencies’ risk exposures, including their credit exposure to participants, arising from their payment, clearing, and settlement processes, consistent with Rule 17Ad–22(e)(3)(i).

Finally, the Commission believes that the proposal is consistent with Rule 17Ad–22(e)(18) under the Act, which requires, in part, that the Clearing Agencies “establish, implement, maintain and enforce written policies and procedures reasonably designed to . . . establish objective, risk-based, and publicly disclosed criteria for participation, which . . . require participants to have sufficient financial resources and robust operational capacity to meet obligations arising from participation in the clearing agency, and monitor compliance with such participation requirements on an ongoing basis.”\(^\text{22}\) As described above, the proposal would provide more description regarding the Clearing Agencies’ authority to review additional reporting from members regarding their financial or operational condition and the financial information of any Indirect Member. Because such authority could enable the Clearing Agencies to better determine whether the member has sufficient financial resources and monitor compliance with the Clearing Agencies’ financial requirements on an ongoing basis, the Commission believes this requirement is consistent with Rule 17Ad–22(e)(18).

III. Conclusion

On the basis of the foregoing, the Commission finds that the Proposed Rule Changes are consistent with the requirements of Section 17A of the Act, which requires, in part, that the Clearing Agencies “establish, implement, maintain and enforce written policies and procedures reasonably designed to . . . establish objective, risk-based, and publicly disclosed criteria for participation, which . . . require participants to have sufficient financial resources and robust operational capacity to meet obligations arising from participation in the clearing agency, and monitor compliance with such participation requirements on an ongoing basis.”\(^\text{22}\) As described above, the proposal would provide more description regarding the Clearing Agencies’ authority to review additional reporting from members regarding their financial or operational condition and the financial information of any Indirect Member. Because such authority could enable the Clearing Agencies to better determine whether the member has sufficient financial resources and monitor compliance with the Clearing Agencies’ financial requirements on an ongoing basis, the Commission believes this requirement is consistent with Rule 17Ad–22(e)(18).

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.\(^\text{25}\)
Eduardo A. Aleman, Assistant Secretary.

BILLING CODE 8011–01–P

SECURITIES AND EXCHANGE COMMISSION

May 19, 2017.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”)\(^\text{2}\) and Rule 19b–4 thereunder,\(^\text{3}\) notice is hereby given that, on May 8, 2017, NYSE Arca, Inc. (the “Exchange” or “NYSE Arca”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the self-regulatory organization. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to list and trade shares of the GraniteShares Gold Trust under NYSE Arca Equities Rule 8.201. The proposed change is available on the Exchange’s Web site at www.nyse.com, at the principal office of the Exchange, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose of, and basis for, the proposed rule change and discussed any comments it received on the proposed rule change. The text of those statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant parts of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and the Statutory Basis for, the Proposed Rule Change

1. Purpose

The Exchange proposes to list and trade shares (“Shares”) of the GraniteShares Gold Trust (“Trust”), under NYSE Arca Equities Rule 8.201. Under NYSE Arca Equities Rule 8.201, the Exchange may propose to list and/or trade pursuant to unlisted trading privileges (“UTP”) “Commodity-Based Trust Shares.”\(^\text{4}\) The Trust will not be registered as an investment company under the Investment Company Act of 1940, as amended,\(^\text{5}\) and is not required to register under such act. The Trust is not a commodity pool for purposes of the Commodity Exchange Act, as amended.\(^\text{7}\)

The Sponsor of the Trust is GraniteShares LLC, a Delaware limited liability company. The Bank of New York Mellon is the trustee of the Trust (the “Trustee”).\(^\text{8}\) and ICBC Standard Bank PLC is the custodian of the Trust (the “Custodian”).\(^\text{9}\)

The Custodian is responsible for allocating specific bars of gold to the Trust Allocated Account. As used herein, “Trust Allocated Account” means the loco London gold account established in the name of the Trustee and maintained for the benefit of the Trust by the Custodian on an allocated basis pursuant to a written custody agreement between the Trustee and the Custodian. The Custodian will provide the Trustee with regular reports detailing the gold transfers in and out of the Trust Unallocated Account with the Custodian and identifying the gold bars held in the Trust Allocated Account. 20 Securities Exchange Act Release No. 71378 (January 23, 2014), 79 FR 4786 (January 29, 2014) (SR–NYSEArca–2013–137).

27 With respect to the application of Rule 10A–3 (17 CFR 240.10A–3) under the Act, the Trust relies on the exemption contained in Rule 10A–3(c)(7).

28 The description of the operation of the Trust, the Shares and the gold market contained herein are based, in part, on the Registration Statement. See note 4, supra.
Good Delivery Bar must also bear the stamp of one of the refiners identified on the London Good Delivery List. Following the enactment of the Financial Markets Act 2012, the Prudential Regulation Authority of the Bank of England is responsible for regulating most of the financial firms that are active in the bullion market, and the Financial Conduct Authority is responsible for consumer and competition issues. Trading in spot, forwards and wholesale deposits in the bullion market is subject to the Non-Investment Products (“NIPS”) Code adopted by market participants.24

Creation and Redemption of Shares

The Trust will create and redeem Shares on a continuous basis in one or more blocks of 10,000 Shares (a block of 10,000 Shares is called a “Basket”). As described below, the Trust will issue Shares in Baskets to certain authorized participants ("Authorized Participants") on an ongoing basis. Baskets of Shares will only be issued or redeemed in exchange for an amount of gold determined by the Trustee on each day that the Exchange is open for regular trading. No Shares will be issued unless the Custodian has allocated to the Trust's account the corresponding amount of gold. Initially, a Basket will require delivery of 1,000 fine ounces of gold. The amount of gold necessary for the creation of a Basket, or to be received upon redemption of a Basket, will decrease over the life of the Trust, due to the payment or accrual of fees and other expenses or liabilities payable by the Trust.

Baskets may be created or redeemed only by Authorized Participants. Orders must be placed by 3:59 p.m. Eastern Time ("E.T."). The day on which a Trust receives a valid purchase or redemption order is the order date.

Each Authorized Participant must be a registered broker-dealer, a participant in Depository Trust Corporation ("DTC"), have entered into an agreement with the Trustee (the "Authorized Participant Agreement") and be in a position to transfer gold to, and take delivery of gold from, the Custodian through one or more gold accounts. The Authorized Participant Agreement provides the procedures for the creation and redemption of Baskets and for the delivery of gold in connection with such creations or redemptions.

According to the Registration Statement, Authorized Participants, acting on authority of the registered holder of Shares, may surrender Baskets of Shares in exchange for the corresponding Basket Amount announced by the Trustee. Upon surrender of such Shares and payment of the Trustee’s applicable fee and of any expenses, taxes or charges (such as stamp taxes or stock transfer taxes or fees), the Trustee will deliver to the order of the redeeming Authorized Participant the amount of gold corresponding to the redeemed Baskets. Shares can only be surrendered for redemption in Baskets of 10,000 Shares each.

Before surrendering Baskets of Shares for redemption, an Authorized Participant must deliver to the Trustee a written request indicating the number of Baskets it intends to redeem and the location where it would like to take delivery of the gold represented by such Baskets. The date the Trustee receives that order determines the Basket Amount to be received in exchange. However, orders received by the Trustee after 3:59 p.m. Eastern Time ("E.T.") will be rejected.

The redemption distribution from the Trust will consist of a credit to the redeeming Authorized Participant's unallocated account representing the amount of the gold held by the Trust evidenced by the Shares being redeemed as of the date of the redemption order.

Net Asset Value

The NAV of the Trust will be calculated by subtracting the Trust’s expenses and liabilities on any day from the value of the gold owned by the Trust on that day; the NAV per Share will be obtained by dividing the NAV of the Trust on a given day by the number of Shares outstanding on that day. On each day on which the Exchange is open for regular trading, the Trustee will determine the NAV as promptly as practicable after 4:00 p.m. E.T. The Trustee will value the Trust’s gold on the basis of LBMA Gold Price PM. If there is no LBMA Gold Price PM on any day, the Trustee is authorized to use the most recently announced LBMA Gold Price or another publicly available price as instructed by the Sponsor based on the Sponsor’s determination that it fairly represents the value of the gold held by the Trust.

The NAV per Share will be calculated by taking the current price of the Trust’s total assets, subtracting any liabilities, and dividing by the total number of Shares outstanding. The offering of the Trust’s Shares is a “best efforts” offering, which means that the Authorized Participants are not required to purchase a specific number or dollar amount of Shares. Authorized Participants will not receive from the Sponsor, the Trust or any affiliates any fee or other compensation in connection with the offering of the Shares.

Secondary Market Trading

While the Trust seeks to reflect generally the performance of the price of gold less the Trust’s expenses and liabilities, Shares may trade at, above or below their NAV. The NAV of Shares will fluctuate with changes in the market value of the Trust’s assets. The trading prices of Shares will fluctuate in accordance with changes in their NAV as well as market supply and demand. The amount of the discount or premium in the trading price relative to the NAV may be influenced by non-concurrent trading hours between the major gold markets and the Exchange. While the Shares trade on the Exchange until 4:00 p.m. E.T., liquidity in the market for gold may be reduced after the close of the major world gold markets, including London, Zurich and COMEX. As a result, during this time, trading spreads, and the resulting premium or discount, on Shares may widen.

Availability of Information Regarding Gold

Currently, there is a considerable amount of information about gold and gold markets available on public Web sites and through professional and subscription services. Investors may obtain gold pricing information on a 24-hour basis based on the spot price for an ounce of Gold from various financial information service providers, such as Reuters and Bloomberg.

Reuters and Bloomberg, for example, provide at no charge on their Web sites real-time delayed information regarding the spot price of Gold and last sale prices of Gold futures, as well as information about news and developments in the gold market. Reuters and Bloomberg also provide a professional service to subscribers for a fee that provides information on Gold prices directly from market participants. Complete real-time data for Gold futures and options prices traded on the COMEX are available by subscription from Reuters and Bloomberg. There are a variety of

other public Web sites providing information on gold, ranging from those specializing in precious metals to sites maintained by major newspapers. In addition, the LBMA Gold Price is publicly available at no charge at www.lbma.org.uk.

Availability of Information

The intraday indicative value (‘‘IV’’) per Share for the Shares will be disseminated by one or more major market data vendors. The IV will be calculated based on the amount of gold held by the Trust and a price of gold derived from updated bids and offers indicative of the spot price of gold.25 The Web site for the Trust (www.graniteshares.com) will contain the following information, on a per Share basis, for the Trust: (a) The midpoint of the bid-ask price26 at the close of trading (‘‘Bid/Ask Price’’), and a calculation of the premium or discount of such price against such NAV; and (b) data in chart format displaying the frequency distribution of discounts and premiums of the Bid/Ask Price against the NAV, within appropriate ranges, for each of the four previous calendar quarters. The Web site for the Trust will also provide the Trust’s prospectus. Finally, the Trust’s Web site will provide the last sale price of the Shares as traded in the U.S. market. In addition, information regarding market price and trading volume of the Shares will be continually available on a real-time basis throughout the day on brokers’ computer screens and other electronic services. Information regarding the previous day’s closing price and trading volume information for the Shares will be published daily in the financial section of newspapers.

Criteria for Initial and Continued Listing

The Trust will be subject to the criteria in NYSE Arca Equities Rule 8.201(e) for initial and continued listing of the Shares. A minimum of two Baskets or 20,000 Shares will be required to be outstanding at the start of trading, which is equivalent to 2,000 fine ounces of gold or about $2.4m as of April 2017. The Exchange believes that the anticipated minimum number of Shares outstanding at the start of trading is sufficient to provide adequate market liquidity.

Trading Rules

The Exchange deems the Shares to be equity securities, thus rendering trading in the Trust subject to the Exchange’s existing rules governing the trading of equity securities. Trading in the Shares on the Exchange will occur in accordance with NYSE Arca Equities Rule 7.34(a). The Exchange has appropriate rules to facilitate transactions in the Shares during all trading sessions. As provided in NYSE Arca Equities Rule 7.6, Commentary .03, the minimum price variation (‘‘MPV’’) for quoting and entry of orders in equity securities traded on the NYSE Arca Marketplace is $0.01, with the exception of securities that are priced less than $1.00 for which the MPV for order entry is $0.0001.

Further, NYSE Arca Equities Rule 8.201 sets forth certain restrictions on ETP Holders acting as registered Market Makers in the Shares to facilitate surveillance. Under NYSE Arca Equities Rule 8.201(g), an ETP Holder acting as a registered Market Maker in the Shares is required to provide the Exchange with information relating to its trading in the underlying gold, related futures or options on futures, or any other related derivatives. Commentary .04 of NYSE Arca Equities Rule 6.3 requires an ETP Holder acting as a registered Market Maker, and its affiliates, in the Shares to establish, maintain and enforce written policies and procedures reasonably designed to prevent the misuse of any material nonpublic information with respect to such products, any components of the related products, any physical asset or commodity underlying the product, applicable currencies, underlying indexes, related futures or options on futures, and any related derivative instruments (including the Shares).

As a general matter, the Exchange has regulatory jurisdiction over its ETP Holders and their associated persons, which include any person or entity controlling an ETP Holder. A subsidiary or affiliate of an ETP Holder that does business only in commodities or futures contracts would not be subject to Exchange jurisdiction, but the Exchange could obtain information regarding the activities of such subsidiary or affiliate through surveillance sharing agreements with regulatory organizations of which such subsidiary or affiliate is a member.

With respect to trading halts, the Exchange may consider all relevant factors in exercising its discretion to halt or suspend trading in the Shares. Trading on the Exchange in the Shares may be halted because of market conditions or for reasons that, in the view of the Exchange, make trading in the Shares inadvisable. These may include: (1) The extent to which conditions in the underlying gold market have caused disruptions and/or lack of trading, or (2) whether other unusual conditions or circumstances detrimental to the maintenance of a fair and orderly market are present. In addition, trading in Shares will be subject to trading halts caused by extraordinary market volatility pursuant to the Exchange’s ‘‘circuit breaker’’ rule.27 The Exchange will halt trading in the Shares if the NAV of the Trust is not calculated or disseminated daily. The Exchange may halt trading during the day in which an interruption occurs to the dissemination of the IV, as described above. If the interruption to the dissemination of the IV persists past the trading day in which it occurs, the Exchange will halt trading no later than the beginning of the trading day following the interruption.

Surveillance

The Exchange represents that trading in the Shares will be subject to the existing trading surveillances administered by the Exchange, as well as cross-market surveillances administered by the Financial Industry Regulatory Authority (‘‘FINRA’’) on behalf of the Exchange, which are designed to detect violations of Exchange rules and applicable federal securities laws.28 The Exchange represents that these procedures are adequate to properly monitor Exchange trading of the Shares in all trading sessions and to deter and detect violations of Exchange rules and federal securities laws applicable to trading on the Exchange.

The surveillances referred to above generally focus on detecting securities trading outside their normal patterns, which could be indicative of manipulative or other violative activity. When such situations are detected, surveillance analysis follows and investigations are opened, where appropriate, to review the behavior of all relevant parties for all relevant trading violations.

The Exchange or FINRA, on behalf of the Exchange, or both, will communicate as needed regarding trading in the Shares with other markets and other entities that are members of the ISG, and the Exchange or FINRA, on behalf of the Exchange, or both, may

25 The IV on a per Share basis disseminated during the Core Trading Session should not be viewed as a real-time update of the NAV, which is calculated once a day.

26 The bid-ask price of the Shares will be determined using the highest bid and lowest offer on the Consolidated Tape as of the time of calculation of the closing day NAV.

27 See NYSE Arca Equities Rule 7.12.

28 FINRA conducts cross-market surveillances on behalf of the Exchange pursuant to a regulatory services agreement. The Exchange is responsible for FINRA’s performance under this regulatory services agreement.
obtain trading information regarding trading in the Shares from such markets and other entities. In addition, the Exchange may obtain information regarding trading in the Shares from markets and other entities that are members of ISG or with which the Exchange has in place a comprehensive surveillance sharing agreement.29

Also, pursuant to NYSE Arca Equities Rule 8.201(g), the Exchange is able to obtain information regarding trading in the Shares and the underlying gold, gold futures contracts, options on gold futures, or any other gold derivative, through ETP Holders acting as registered Market Makers, in connection with such ETP Holders’ proprietary or customer trades through ETP Holders which they effect on any relevant market.

In addition, the Exchange also has a general policy prohibiting the distribution of material, non-public information by its employees. All statements and representations made in this filing regarding (a) the description of the portfolio, (b) limitation on portfolio holdings or reference assets, or (c) the applicability of Exchange listing rules specified in this rule filing shall constitute continued listing requirements for listing the Shares of the Trust on the Exchange.

The issuer has represented to the Exchange that it will advise the Exchange of any failure by the Trust to comply with the continued listing requirements, and, pursuant to its obligations under Section 19(g)(1) of the Act, the Exchange will monitor for compliance with the continued listing requirements. If the Trust is not in compliance with the applicable listing requirements, the Exchange will commence delisting procedures under NYSE Arca Equities Rule 5.5(m).

Information Bulletin

Prior to the commencement of trading, the Exchange will inform its ETP Holders in an Information Bulletin of the special characteristics and risks associated with trading the Shares. Specifically, the Information Bulletin will discuss the following: (1) The procedures for purchases and redemptions of Shares in Baskets (including noting that Shares are not individually redeemable); (2) NYSE Arca Equities Rule 9.2(a), which imposes a duty of due diligence on its ETP Holders to learn the essential facts relating to every customer prior to trading the Shares; (3) how information regarding the IIV is disseminated; (4) the requirement that ETP Holders deliver a prospectus to investors purchasing newly issued Shares prior to or concurrently with the confirmation of a transaction; (5) the possibility that trading spreads and the resulting premium or discount on the Shares may widen as a result of reduced liquidity of gold trading during the Core and Late Trading Sessions after the close of the major world gold markets; and (6) trading information. For example, the Information Bulletin will advise ETP Holders, prior to the commencement of trading, of the prospectus delivery requirements applicable to the Trust. The Exchange notes that investors purchasing Shares directly from the Trust (by delivery of the Creation Basket Deposit) will receive a prospectus. ETP Holders purchasing Shares from the Trust for resale to investors will deliver a prospectus to such investors.

In addition, the Information Bulletin will reference that the Trust is subject to various fees and expenses as will be described in the Registration Statement. The Information Bulletin will also reference the fact that there is no regulated source of last sale information regarding physical gold, that the Commission has no jurisdiction over the trading of gold as a physical commodity, and that the CFTC has regulatory jurisdiction over the trading of gold futures contracts and options on gold futures contracts.

The Information Bulletin will also discuss any relief, if granted, by the Commission to the staff from any rules under the Act.

2. Statutory Basis

The basis under the Act for this proposed rule change is the requirement under Section 6(b)(5) 30 that an exchange have rules that are designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to remove impediments to, and perfect the mechanism of a free and open market and, in general, to protect investors and the public interest.

The Exchange believes that the proposed rule change is designed to prevent fraudulent and manipulative acts and practices in that the Shares will be listed and traded on the Exchange pursuant to the initial and continued listing criteria in NYSE Arca Equities Rule 8.201. The Exchange has in place surveillance procedures that are adequate to properly monitor trading in the Shares in all trading sessions and to deter and detect violations of Exchange rules and applicable federal securities laws. The Exchange may obtain information via ISG from other exchanges that are members of ISG or with which the Exchange has entered into a comprehensive surveillance sharing agreement.

The proposed rule change is designed to promote just and equitable principles of trade and to protect investors and the public interest in that there is a considerable amount of gold price and gold market information available on public Web sites and through professional and subscription services. Investors may obtain on a 24-hour basis gold pricing information based on the spot price for an ounce of gold from various financial information service providers. Investors may obtain gold pricing information based on the spot price for an ounce of gold from various financial information service providers. Current spot prices also are generally available with bid/ask spreads from gold bullion dealers. In addition, the Trust’s Web site will provide pricing information for gold spot prices and the Shares. Market prices for the Shares will be available from a variety of sources including brokerage firms, information Web sites and other information service providers. The NAV of the Trust will be published by the Sponsor on each day that the NYSE Arca is open for regular trading and will be posted on the Trust’s Web site. The IIV relating to the Shares will be widely disseminated by one or more major market data vendors at least every 15 seconds during the Core Trading Session. In addition, the LBMA Gold Price is publicly available at no charge at www.lbma.org.uk. The Trust’s Web site will also provide the Trust’s prospectus, as well as the two most recent reports to stockholders. In addition, information regarding market price and trading volume of the Shares will be continually available on a real-time basis throughout the day on brokers’ computer screens and other electronic services. Information regarding the previous day’s closing price and trading volume information for the Shares will be published daily in the financial section of newspapers.

The proposed rule change is designed to perfect the mechanism of a free and open market and, in general, to protect investors and the public interest in that it will facilitate the listing and trading of an additional type of exchange-traded product that will enhance competition among market participants, to the benefit of investors and the marketplace. As noted above, the Exchange has in place surveillance procedures relating to trading in the Shares and may obtain information via ISG from other

29 For a list of the current members of ISG, see www.isgportal.org.

exchanges that are members of ISG or which the Exchange has entered into a comprehensive surveillance sharing agreement. In addition, as noted above, investors will have ready access to information regarding gold pricing.

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act. The Exchange believes the proposed rule change will enhance competition by accommodating Exchange trading of an additional exchange-traded product relating to physical gold.

C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

No written comments were solicited or received with respect to the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Within 45 days of the date of publication of this notice in the Federal Register or within such longer period up to 90 days (i) as the Commission may designate if it finds such longer period to be appropriate and publishes its reasons for so finding or (ii) as to which the self-regulatory organization consents, the Commission will:

(A) By order approve or disapprove the proposed rule change, or

(B) institute proceedings to determine whether the proposed rule change should be disapproved.

IV. Solicitation of Comments

Interested persons are invited to submit written data, views, and arguments concerning the foregoing, including whether the proposed rule change is consistent with the Act. Comments may be submitted by any of the following methods:

Electronic Comments

- Use the Commission’s Internet comment form (http://www.sec.gov/rules/sro.shtml); or
- Send an email to rule-comments@sec.gov. Please include File Number SR–NYSEArca–2017–55 on the subject line.

Paper Comments

- Send paper comments in triplicate to Secretary, Securities and Exchange Commission, 100 F Street NE., Washington, DC 20549–1090.

All submissions should refer to File Number SR–NYSEArca–2017–55. This file number should be included on the subject line if email is used. To help the Commission process and review your comments more efficiently, please use only one method. The Commission will post all comments on the Commission’s Internet Web site (http://www.sec.gov/rules/sro.shtml). Copies of the submission, all subsequent amendments, all written statements with respect to the proposed rule change that are filed with the Commission, and all written communications relating to the proposed rule change between the Commission and any person, other than those that may be withheld from the public in accord with the provisions of 5 U.S.C. 552, will be available for Web site viewing and printing in the Commission’s Public Reference Room, 100 F Street NE., Washington, DC 20549, on official business days between the hours of 10:00 a.m. and 3:00 p.m. Copies of the filing also will be available for inspection and copying at the principal office of the Exchange. All comments received will be posted without change; the Commission does not edit personal identifying information from submissions. You should submit only information that you wish to make available publicly. All submissions should refer to File Number SR–NYSEArca–2017–55, and should be submitted on or before June 15, 2017.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority, Eduardo A. Aleman, Assistant Secretary.

SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; NYSE Arca, Inc.; Notice of Filing of Amendment No. 2 to a Proposed Rule Change Relating to the Listing and Trading of Shares of the Bitcoin Investment Trust Under NYSE Arca Equities Rule 8.201

May 19, 2017.

On January 25, 2017, NYSE Arca, Inc. ("NYSE Arca" or "Exchange") filed with the Securities and Exchange Commission ("Commission"), pursuant to section 19(b)(1) of the Securities Exchange Act of 1934 ("Act") and Rule 19b–4 thereunder, a proposed rule change to list and trade shares of the Bitcoin Investment Trust under NYSE Arca Equities Rule 8.201. The proposed rule change was published for comment in the Federal Register on February 9, 2017.3
