347. Title V is the Confidential Information Protection and Statistical Efficiency Act of 2002 (CIPSEA). Section 512 (Limitations on Use and Disclosure of Data and Information) of CIPSEA provides that data or information acquired by an agency under a pledge of confidentiality and for exclusively statistical purposes shall be used by officers, employees, or agents of the agency exclusively for statistical purposes. Data or information acquired by an agency under a pledge of confidentiality for exclusively statistical purposes shall not be disclosed by an agency in identifiable form for any use other than an exclusively statistical purpose, except with the informed consent of the respondent.

Responses will be kept confidential and will not be disclosed in identifiable form to anyone, other than employees or agents of BEA or agents of NIH, without prior written permission of the person filing the report. By law, each employee or agent is subject to a jail term of up to 5 years, a fine of up to \$250,000, or both, for disclosing to the public any identifiable information that is reported about a business or institution.

In addition, section 515 of the Treasury and General Government Appropriations Act, 2001 (Pub. L. 106– 554, Appendix C, § 515) applies to this survey. The collection and use of this information complies with all applicable information quality guidelines of the Office of Management and Budget, DOC, and BEA.

# **III. Method of Collection**

A survey with a cover letter that includes a brief description of, and rationale for, the survey will be sent by email to potential respondents by the first week of August in 2017, 2018 and 2019. A report of the respondent's expenditures of the NIH award amounts, including NIH awards received as a subrecipient from another institution, following the proposed format for expenditure categories included with the survey form, will be requested to be completed and submitted online no later than December 8, which, in most years, will be approximately 120 days after mailing. Survey respondents will be selected on the basis of award levels, which determine the weight of the respondents in the biomedical research and development price index. Potential respondents will include (1) the top 100 organizations in total awards, which account for about 77 percent of total awards; (2) 40 additional organizations that are not primarily in the "Research and Development (R&D) contracts" category; and (3) 10 additional

organizations that are primarily in the "R&D contracts" category.
