AGENCY: Export-Import Bank of the U.S.

ACTION: Submission for OMB review and comments request.

SUMMARY: The proposed clearance is designed to allow Ex-Im Bank to survey for the purpose of gaining insights into customers' experiences with the agency and to evaluate product and

performance effectiveness. Customers' responses will help to identify potential areas of service improvement and rate overall program experiences.

DATES: Comments should be received on or before July 31, 2017, to be assured of consideration.

ADDRESSES: Comments may be submitted electronically on <http://www.regulations.gov> or by mail to Mardel West, Export-Import Bank of the United States, 811 Vermont Ave. NW., Washington, DC 20571.

SUPPLEMENTARY INFORMATION:

Title: EIB 11–01, Generic Clearance for the Collection of Feedback on Electronic Interfaces with Customers.
OMB Number: 3048–0036.
Type of Review: Renew.

Need and Use: Improving agency programs requires ongoing assessment of service delivery, by which we mean systematic review of the operation of a program compared to a set of explicit or implicit standards, as a means of contributing to the continuous improvement of the program. The Agency will collect, analyze, and interpret information gathered through this generic clearance to identify strengths and weaknesses of current services and make improvements in service delivery based on feedback. The solicitation of feedback will target areas such as: Timeliness, appropriateness, accuracy of information, courtesy, efficiency of service delivery, and resolution of issues with service delivery.

Responses will be assessed to plan and inform efforts to improve or maintain the quality of service offered to the public. If this information is not collected, vital feedback from customers and stakeholders on the Agency's services will be unavailable.

The Agency will only submit a collection for approval under this generic clearance if it meets the following conditions:

- Information gathered will be used only internally for general service improvement and program management purposes and is not intended for release outside of the agency (if released, procedures outlined in Item 16 will be followed);
- Information gathered will not be used for the purpose of substantially informing influential policy decisions;¹
- Information gathered will yield qualitative information; the collections

¹ As defined in OMB and agency Information Quality Guidelines, "influential" means that "an agency can reasonably determine that dissemination of the information will have or does have a clear and substantial impact on important public policies or important private sector decisions."

will not be designed or expected to yield statistically reliable results or used as though the results are generalizable to the population of study;

- Response to the collections is voluntary;
- The collections present low-burden for respondents (based on considerations of total burden hours, total number of respondents, or burden-hours per respondent) and are low-cost for both the respondents and the Federal Government;
- The collections are non-controversial and do not raise issues of concern to other Federal agencies;
- Any collection is targeted to the solicitation of opinions from respondents who have experience with the corresponding program or may have experience with the program in the near future; and
- With the exception of information needed to provide remuneration for participants of focus groups and cognitive laboratory studies, personally identifiable information (PII) is collected only to the extent necessary and is not retained.

If these conditions are not met, the Agency will submit an information collection request to OMB for approval through the normal PRA process.

To obtain approval for a collection that meets the conditions of this generic clearance, a standardized form will be submitted to OMB along with supporting documentation (e.g., a copy of the comment card). The submission will have automatic approval, unless OMB identifies issues within 5 business days.

The types of collections that this generic clearance covers include, but are not limited to:

- Customer comment cards/complaint forms
- Small discussion groups
- Focus Groups of customers, potential customers, delivery partners, or other stakeholders
- Cognitive laboratory studies, such as those used to refine questions or assess usability of a Web site;
- Qualitative customer satisfaction surveys (e.g., post-transaction surveys; opt-out web surveys)
- In-person observation testing (e.g., Web site or software usability tests)

The Agency has established a manager/managing entity to serve for this generic clearance and will conduct an independent review of each information collection to ensure compliance with the terms of this clearance prior to submitting each collection to OMB.

Affected Public: Individuals or households; business or other for profit.

Estimated Number of Respondents: 241.

Estimated Average Burden Hours per Response: 23.5 hours.

General Description of the Collection: The Interagency Bank Merger Act Application form is used by the Federal Deposit Insurance Corporation, the Board of Governors of the Federal Reserve System, and the Comptroller of the Currency for applications under section 18(c) of the Federal Deposit Insurance Act (FDIA), as amended (12 U.S.C. 1828(c)). The application is used for a merger, consolidation, or other combining transaction between nonaffiliated parties as well as to effect a corporate reorganization between affiliated parties (affiliate transaction). There is a different level of burden for each of the two types of merger transactions, nonaffiliated and affiliated. An affiliate transaction refers to a merger, consolidation, other combination, or transfer of any deposit liabilities, between depository institutions that are controlled by the same holding company. It includes a business combination between a depository institution and an affiliated interim institution. Applicants proposing affiliate transactions are not required to complete questions 12 through 14 of this form. If depository institutions are not controlled by the same holding company, the merger transaction is considered nonaffiliated, and the applicant must complete the entire form. There is no change in the method or substance of the collection. The estimated annual burden remains the same.
