

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34-80759; File No. SR-C2-2017-019]

Self-Regulatory Organizations; C2 Options Exchange, Incorporated; Notice of Filing and Immediate Effectiveness of a Proposed Rule Change Relating To Market-Maker Reports of Executed Orders

May 24, 2017.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (the “Act”),¹ and Rule 19b-4 thereunder,² notice is hereby given that on May 15, 2017, C2 Options Exchange, Incorporated (the “Exchange” or “C2”) filed with the Securities and Exchange Commission (the “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by the Exchange. The Commission is publishing this notice to solicit comments on the proposed rule change from interested persons.

I. Self-Regulatory Organization’s Statement of the Terms of Substance of the Proposed Rule Change

The Exchange proposes to amend outdated rule language contained in Rule 8.7(b) related to Market-Maker reports of orders. The text of the proposed rule change is available on the Exchange’s Web site (<http://www.cboe.com/AboutCBOE/CBOELegalRegulatoryHome.aspx>), at the Exchange’s Office of the Secretary, and at the Commission’s Public Reference Room.

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the Exchange included statements concerning the purpose of and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item IV below. The Exchange has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

1. Purpose

C2 Rule 8.7(b) currently provides that:

“Each Market-Maker shall, in the prescribed form, report to the Exchange every order entered by the Market-Maker for the purchase or sale of (i) a security underlying options traded on the Exchange, or (ii) a security convertible into or exchangeable for such underlying security, as well as opening and closing positions in all such securities held in each account reported pursuant to paragraph (a) of this Rule. The report pertaining to orders must include the terms of each order, identification of the brokerage firms through which the orders were entered, the times of entry or cancellation, the times report of execution were received and, if all or part of the order was executed, the quantity and execution price.”

The Exchange is amending Rule 8.7(b) so that it is substantially similar to that of the International Securities Exchange, LLC [sic] (“ISE”); ISE Gemini, LLC [sic] (“ISE Gemini”); BATS Options Market (“BZX”); BOX Options Exchange, LLC (“BOX”); NASDAQ Options Market (“NOM”); and NASDAQ OMX BX, Inc. (“BX”).³

As a result of the rule change, Market-Makers will no longer be required to submit daily reports of orders entered and/or opening and closing positions in underlying securities. Instead, the proposed rule will provide that orders, entered by Market-Makers for the purchase of (i) a security underlying options on the Exchange, or (ii) a security convertible into or exchangeable for such underlying security, as well as opening and closing positions in all such securities shall be provided to the Exchange by Market-Makers upon request in a form prescribed by the Exchange. The obligation to provide order and position reports will only be required on an as needed basis.

The Exchange believes current Rule 8.7(b) is outdated and operationally obsolete. The Exchange does not currently use the daily order and position reports from Market-Makers. The daily order and position reports from Market-Makers are no longer needed to conduct any routine regulatory surveillances or examinations or fulfill any other of the Exchange’s regulatory obligations. Any regulatory surveillance or examination that previously used the daily order and position reports can be operated without the information due to the development of effective workarounds. As such, the

rule, as currently written, presents an undue burden on Market-Makers.

2. Statutory Basis

The Exchange believes the proposed rule change is consistent with the Securities Exchange Act of 1934 (the “Act”) and the rules and regulations thereunder applicable to the Exchange and, in particular, the requirements of Section 6(b) of the Act.⁴ Specifically, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁵ requirements that the rules of an exchange be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, to foster cooperation and coordination with persons engaged in regulating, clearing, settling, processing information with respect to, and facilitating transactions in securities, to remove impediments to and perfect the mechanism of a free and open market and a national market system, and, in general, to protect investors and the public interest. Additionally, the Exchange believes the proposed rule change is consistent with the Section 6(b)(5)⁶ requirement that the rules of an exchange not be designed to permit unfair discrimination between customers, issuers, brokers, or dealers.

In particular, the Exchange believes the proposed rule change removes impediments and perfects the mechanism of a free and open market by amending obsolete rule requirements related to daily order and position reports provided to the Exchange by Market-Makers. The daily order and position reports are no longer needed in the normal course of the Exchange fulfilling its regulatory responsibilities. In the event order or position information related to Market-Maker activity in securities underlying options traded on the exchange is needed, the proposed rule provides that Market-Makers must provide those reports to the Exchange upon request. In addition, the proposed rule change is substantially similar to rules of other options exchanges.⁷

B. Self-Regulatory Organization’s Statement on Burden on Competition

The Exchange does not believe that the proposed rule change will impose any burden on competition not necessary or appropriate in furtherance of the purposes of the Act. The proposed rule raises neither intermarket nor intermarket competition issues, as it

relates to the submission of reports to the Exchange for regulatory purposes. The proposed rule amends obsolete rule language. The daily order and position reports from Market-Makers are no longer needed to conduct any routine regulatory surveillances or examinations or fulfill any other of the Exchange's regulatory obligations. The proposed rule change removes this undue burden on Market-Makers and replaces it with a requirement substantially similar to that of other options exchanges.⁸ The proposed requirement will apply to equally to all Market-Makers on the Exchange.

C. Self-Regulatory Organization's Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others

The Exchange neither solicited nor received comments on the proposed rule change.

III. Date of Effectiveness of the Proposed Rule Change and Timing for Commission Action

Because the foregoing proposed rule change does not: (i) significantly affect the protection of investors or the public interest; (ii) impose any significant burden on competition; and (iii) become operative for 30 days from the date on which it was filed, or such shorter time as the Commission may designate, it has become effective pursuant to Section 19(b)(3)(A) of the Act⁹ and Rule 19b-4(f)(6)¹⁰ thereunder. At any time within 60 days of the filing of the proposed rule change, the Commission summarily may temporarily suspend such rule change if it appears to the Commission that such action is necessary or appropriate in the public interest, for the protection of investors, or otherwise in furtherance of the purposes of the Act.
