merchandise at prices below normal value.

DATES: Effective June 1, 2017.

SUPPLEMENTARY INFORMATION:

Background
On February 3, 2017, the Department published the Preliminary Results in the Federal Register.1 From February 15 through February 24, 2017, and March 21 through March 23, 2017, we verified SIW’s cost and sales questionnaire responses.2 We invited interested parties to comment on the Preliminary Results (inclusive of verification findings). However, no interested party submitted comments or requested a hearing. For the final results, we made certain changes to our preliminary margin calculations based on verification findings.3 The Department conducted this administrative review in accordance with section 751(a) of the Tariff Act of 1930, as amended (Act).

Scope of the Order
The merchandise covered by the Order is PC strand from Thailand. The product is currently classified under subheadings 7312.10.3010 and 7312.10.3012 of the Harmonized Tariff System of the United States (HTSUS). Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of merchandise subject to the scope is dispositive.5

Changes Since the Preliminary Results
We made certain changes to the preliminary margin calculations based on verification findings. As no parties commented on the Preliminary Results, an Issues and Decision Memorandum has not been prepared. Instead, the changes to the margin calculation are detailed in the Final Results Calculation Memorandum.

Final Results of Review
As a result of this review, the Department determines that the following weighted-average dumping margin exists for entries of subject merchandise that were produced and/or exported by the following company during the POR:

Assessment Rates
The Department shall determine, and U.S. Customs and Border Protection (CBP) shall assess, antidumping duties on all appropriate entries of subject merchandise in accordance with the final results of this review, pursuant to section 751(a)(2)(C) of the Act and 19 CFR 351.212(b). Because we calculated a zero margin for SIW in the final results of this review, we intend to instruct CBP to liquidate the appropriate entries without regard to antidumping duties. We intend to issue instructions to CBP 15 days after the date of publication of the final results of this review.

Cash Deposit Requirements
The following deposit requirements will be effective upon publication of the notice of these final results for all shipments of PC strand from Thailand entered, or withdrawn from warehouse, for consumption on or after the publication date as provided by section 751(a)(2) of the Act: (1) The cash deposit rate for SIW will be zero; (2) for merchandise exported by manufacturers or exporters not covered in this review but covered in a completed prior segment of the proceeding, the cash deposit rate will continue to be the company-specific rate published for the most recently completed segment; (3) if the exporter is not a firm covered in this review, a prior review, or the original investigation but the manufacturer is, the cash deposit rate will be the rate established for the most recently completed segment for the manufacturer of the merchandise; (4) the cash deposit rate for all other manufacturers or exporters will continue to be 12.91 percent, the all-others rate established in the Order. These cash deposit requirements, when imposed, shall remain in effect until further notice.

Notification to Importers
This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this POR. Failure to comply with this requirement could result in the Department’s presumption that reimbursement of antidumping duties has occurred and the subsequent assessment of double antidumping duties.

Administrative Protective Order
In accordance with 19 CFR 351.305(a)(3), this notice also serves as a reminder to parties subject to administrative protective order (APO) notification of the return or destruction of proprietary information disclosed under the APO, which continues to govern business proprietary information in this segment of the proceeding. Timely written notification of the return or destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a violation subject to sanction.

Notification to Interested Parties
We intend to issue and publish these results in accordance with sections 751(a)(1) and 777(i)(1) of the Act and 19 CFR 351.213(h) and 351.221(b)(5).

The Department will instruct U.S. Customs and Border Protection (CBP) to assess antidumping duties on all appropriate entries. Antidumping duties shall be assessed at rates equal to the cash deposit of estimated antidumping duties required at the time of entry, or withdrawal from warehouse, for consumption, in accordance with 19 CFR 351.212(c)(1)(i). Continuation of Antidumping Duty Orders (India, the People’s Republic of China, Thailand, and the Socialist Republic of Vietnam) and Revocation of Antidumping Duty Order (Brazil)

AGENCY: Enforcement and Compliance, International Trade Administration, Department of Commerce.

In addition, as a result of the ITC’s determination that revocation of the AD duty order on shrimp from Brazil is not likely to lead to continuation or recurrence of material injury to an industry in the United States, the Department is revoking the AD order on shrimp from Brazil.
