Notice of Opportunity for Public Comment on a Land Use Change From Aeronautical to Non-Aeronautical Use for Revenue Generation of 5 Acres of Airport Land at Nantucket Memorial Airport, Nantucket, MA

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Request for public comments.

SUMMARY: Notice is being given that the FAA is considering a request from the Town of Nantucket in Nantucket, MA, to change the current land use from aeronautical use to non-aeronautical use of a 5 acre parcel of land. The parcel is located in the northwestern quadrant of the airport and is adjacent to other non-airport parcels used for industrial and/or commercial use properties. The parcel is currently identified as surplus or commercial use properties. The parcel will be used to generate non-aeronautical revenue through the lease of land for industrial/commercial use. All revenues through the leasing of the parcel will continue to be subject to the FAA’s revenue-use policy and dedicated to the maintenance and operation of Nantucket Memorial Airport.

DATES: Comments must be received on or before July 5, 2017.

ADDRESSES: You may send comments using any of the following methods:

• Federal eRulemaking Portal: Go to http://www.regulations.gov, and follow the instructions on providing comments.
• Fax: 202–493–2251.
• Hand Delivery: Deliver to mail address above between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

Interested persons may inspect the request and supporting documents by contacting the FAA at the address listed under FOR FURTHER INFORMATION CONTACT.

DEPARTMENT OF TRANSPORTATION
Federal Highway Administration

Environmental Impact Statement; Mobile and Baldwin Counties, Alabama

AGENCY: Federal Highway Administration (FHWA), DOT.

ACTION: Request for public comments.

SUMMARY: Notice is being given that the FHWA in cooperation with the Alabama Department of Transportation (ALDOT), will prepare a limited scope Supplemental Draft Environmental Impact Statement (SDEIS) for the I–10 Mobile River Bridge and Bayway Widening project in Mobile and Baldwin Counties, Alabama. The Draft Environmental Impact Statement (DEIS) was approved by FHWA on July 22, 2014. The purpose of the SDEIS is to evaluate new information regarding environmental impacts and changes in project conditions that have occurred since the July 2014 DEIS.

FOR FURTHER INFORMATION CONTACT: Mr. Mark D. Bartlett, Division Administrator, Federal Highway Administration, 9500 Wynlakes Place, Montgomery, Alabama 36117; Email: mark.bartlett@dot.gov; Telephone: (334) 274–6350.

SUPPLEMENTARY INFORMATION: The FHWA, in cooperation with the ALDOT, will prepare a limited scope SDEIS in accordance with 23 CFR 771.130(f) and 40 CFR 1502.9 for the proposed project which includes increasing the capacity of Interstate Route 10 (I–10) by constructing a new bridge across the Mobile River and increasing the capacity of I–10 across Mobile Bay from four to eight lanes. The DEIS for the project was approved on July 22, 2014 (FHWA–AL–EIS–14–01–D). The DEIS evaluated a wide range of alternatives, including the No Build Alternative and four Build Alternatives. Alternative B was identified as the Preferred Alternative. Public Hearings were held on September 23 and September 29, 2014, following approval of the DEIS.

The purpose of the SDEIS is to identify changes, new information, and activities that have occurred in the project since the July 2014 DEIS. Based on coordination between FHWA and ALDOT, the issues to be addressed in the SDEIS will include, but are not limited to: Refinements in Alternative B, storm surge analysis, tolling as a funding mechanism, Section 4(f) Evaluation, Section 106 consultation, bicycle/pedestrian facilities, threatened and endangered species, ecological resources, hazardous materials, cultural resources surveys, and agency coordination and public outreach activities. The SDEIS will review information from the original DEIS, incorporate new information into the SDEIS, and update the impacts and analyses where changes have occurred since the DEIS was approved. The DEIS is available at: www.mobileriverbridge.com.

The SDEIS will follow the same process and format as the original DEIS, except that scoping is not required. Following approval of the SDEIS, FHWA plans to issue a combined Final Environmental Impact Statement (FEIS)/Record of Decision (ROD).

Public involvement is a critical component of the National Environmental Policy Act (NEPA) project development process and will occur throughout the development of the environmental documents.

Environmental documents will be made available for review by resources agencies and the public. Notification of the availability of the SDEIS for public and agency review will be made in the Federal Register, the project’s Web site (www.mobileriverbridge.com), and through other methods to be jointly determined by FHWA and ALDOT. Those methods will identify where interested parties can go to review a copy of the SDEIS. The agency and public comment period on the SDEIS will end no sooner than 45 days after the Notice of Availability is published in the Federal Register.

Public Hearing(s) will be held following the availability of the SDEIS and as necessary. The Public Hearing(s) will be held in accessible locations and at convenient times. The Public Hearing(s) will be conducted by ALDOT and announced a minimum of 30 days in advance of the hearings. Individuals will be provided the opportunity to offer official comments by publicly expressing their views to representatives of ALDOT at a public hearing, privately to a court reporter, or by submitting written comments. [FWA Docket no. FHWA—2017–0018]

Transportation Asset Management Plan Development Processes Certification and Recertification Guidance; Transportation Asset Management Plan Consistency Determination Guidance

AGENCY: Federal Highway Administration, DOT.

ACTION: Notice; request for comments.

SUMMARY: The FHWA is seeking comments on two draft documents: (1) Transportation Asset Management Plan Development Processes Certification and Recertification Guidance, and (2) Transportation Asset Management Plan Consistency Determination Guidance. These documents provide implementation guidance on provisions of the Moving Ahead for Progress in the 21st Century Act (MAP–21) and the Asset Management Final Rule, which requires a State department of transportation (State DOT) to develop and implement a risk-based asset management plan. Under these authorities, FHWA must (1) certify that transportation asset management plan (TAMP) development processes established by a State DOT meet applicable requirements, and (2) make an annual consistency determination, evaluating whether a State DOT has developed and implemented a State-approved TAMP that meets all applicable requirements. This notice announces the availability of these draft documents on the online docket at the docket number for this notice.

DATES: Comments must be received on or before July 5, 2017.

ADDRESSES: To ensure that you do not duplicate your docket submissions, please submit all comments by only one of the following means:

• Federal eRulemaking Portal: Go to http://www.regulations.gov and follow the online instructions for submitting comments.
• Hand Delivery: West Building Ground Floor, Room W12–140, 1200 New Jersey Ave. SE., between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays. The telephone number is (202) 366–9329.
• Instructions: You must include the agency name and docket number at the beginning of your comments. All comments received will be posted without change to http://www.regulations.gov, including any personal information provided.

FOR FURTHER INFORMATION CONTACT: For questions about this notice contact Mr. Stephen Gaj, FHWA Office of Infrastructure, (202) 366–1336, Federal Highway Administration, 1200 New Jersey Ave. SE., Washington, DC 20590, or via email at Stephen.Gaj@dot.gov. For legal questions, please contact Ms. Janet Myers, FHWA Office of the Chief Counsel, (202) 366–2019, Federal Highway Administration, 1200 New Jersey Ave. SE., Washington, DC 20590–0001, or via email at Janet.Myers@dot.gov. Business hours for FHWA are from 8:00 a.m. to 4:30 p.m., e.t., Monday through Friday, except Federal holidays.

SUPPLEMENTARY INFORMATION:

Electronic Access and Filing

Copies of the proposed Transportation Asset Management Plan Development Processes Certification and Recertification Guidance; and Consistency Determination Guidance are available online for download and public inspection online under the docket at the Federal eRulemaking portal at: http://www.regulations.gov. You may also submit or retrieve comments online through the Federal eRulemaking portal. The Web site is available 24 hours each day, 365 days each year. Electronic submission and retrieval help and guidelines are available under the help section of the Web site.

Background

Under the asset management provisions enacted in MAP–21, codified at 23 U.S.C. 119, State DOTs must develop and implement a risk-based TAMP. This TAMP must include all National Highway System (NHS) pavements and bridges, regardless of whether the State or some other entity owns the relevant NHS facility. The FHWA must take two actions with respect to State DOT asset management activities. The first is TAMP development process certification/recertification. Under 23 U.S.C. 119(e)(6), FHWA must certify at least every 4 years that the State DOT’s processes for developing its TAMP are consistent with applicable requirements. The FHWA must also recertify whenever the State amends its TAMP development processes, in accordance with 23 CFR 515.13(c). The second FHWA action, under 23 U.S.C. 119(e)(5), is an annual consistency determination, which evaluates whether the State DOT has developed and implemented a TAMP that is consistent with the requirements of 23 U.S.C. 119. The FHWA adopted the asset management rule, 23 CFR part 515, to implement these and other asset management requirements. The FHWA Division Offices (Divisions) are responsible for making these two decisions on behalf of FHWA.

To assist State DOTs and Divisions with these requirements, the FHWA Office of Asset Management, Pavements, and Construction is seeking comment on the two draft guidance documents announced by this notice. Please note that any comments should be limited to these guidance documents; FHWA is not soliciting further comment on the Asset Management Final Rule.

The Transportation Asset Management Plan Development

requirements. The SDEIS should identify, comments and suggestions are invited from interested parties. Comments or questions concerning this proposed action and the SDEIS should be directed to the FHWA representative at the address above.

(Federal Domestic Assistance Program Number 20.205, Highway Planning and Construction. The regulations implementing Executive Order 12372 regarding intergovernmental consultation on Federal programs and activities apply to this program.)

Mark D. Bartlett,
Division Administrator, Federal Highway Administration, Montgomery, Alabama.
